

# Winner Takes All

## Chapter 6

Early in the morning, Lin Xue'er woke up from her sleep.

She was the only one left in the house.

She sat up wearily, looking despondent as she wrapped herself in the blanket, her head still a little swollen from last night's hangover.

Suddenly, out of the corner of her eye, she caught a glimpse of a note on the bed.

Picking it up and reading it, it instantly caused the humiliation in her heart to skyrocket once again.

"You ..... should have practiced yoga, right?"

Even though Chen Dong had already left, she could still feel the strong teasing through the writing.

Scratching her hair in annoyance, Lin Xue'er had the suffocating feeling of not knowing where to vent her fire.

But to her credit, since the other party had left such a note, then what happened yesterday should be considered forgiven.

At that very moment, Wang Hao's phone call came.

"Xue'er Xue'er, you should go online and look at my battle results, I was simply awesome last night, ten MVPs in a row!"

Wang Hao's excited voice on the phone drove Lin Xue'er crazy, your girlfriend was the MVP all night last night and you still only think about the game?

She directly exploded: "Wang Hao, how old are you, are you still so childish? When are you going to get me the wedding gift that I asked you to prepare? Do you still want to get engaged or not? Do you want to marry me or not?"

Wang Hao on the other end of the phone was a bit confused, and after a few seconds of silence, he hurriedly said, "Xue'er, don't be angry, our family is already working very hard to raise money, it's all because of that bastard Chen Dong who is useless, soon, I will be able to marry you soon."

Chen Dong?

Lin Xue'er's body trembled, that man last night was also called Chen Dong!

Instinctively, she opened her mouth and asked, "Who is Chen Dong? Is the Chen Dong you mentioned very rich?"

"There's no such thing as money!"

Wang Hao cursed up, "It's my loser brother-in-law, a phoenix man, my sister has been living in a rental house with him since she married him, it's good that he has money."

Lin Xue'er shook her head and smiled to herself, the Chen Dong in Wang Hao's mouth obviously couldn't be the holder of that Bauhinia bank card anymore.

"Xue'er, wait for now, my parents and my sister are already helping us raise the money, we'll soon have enough."

Wang Hao on the other end of the phone seemed to mention Chen Dong and his anger rose, "If it wasn't for that bastard brother-in-law of mine, oh no, it was the former brother-in-law who was useless, we both could have had a banquet by now."

"What's it to do with him?" Lin Xue'er was puzzled.

"He married my sister, he's my brother-in-law, shouldn't he give a hand when I, as a younger brother, get married? He is good, hanging on to his dying mother in the hospital and pouring money into it, not only did he not help me, he even divorced my sister, do you think he is an asshole?"

Lin Xue'er's red lips were noisy, and suddenly she had the feeling of having eaten a dead fly.

She impatiently said, "Let's leave it like this for now, I worked overtime all night last night, I'll take a nap first." Then she hung up the phone.

For the rest of the week, Chen Dong went back and forth between the rental house and the hospital, concentrating on taking care of his mother.

After having a liver transplant, his mother's recovery was steadily progressing, and according to the doctor's judgment, she would soon be able to go home to recuperate.

As for what happened to Lin Xue'er, he did not care.

What happened that night was just an improvisation. If he hadn't met Wang Hao by chance, and if Wang Hao hadn't sneered at him and bad-mouthed him, he wouldn't have taken the opportunity to lash out at Lin Xue'er.

Early this morning, Chen Dong had taken care of his mother overnight and was ready to go home to rest for a while, when he had just walked out of the hospital, he received a call from the company.

“Chen Dong, where the hell have you been?” As soon as he got through, a man’s shrill whistle rang out from the other end of the phone.

Chen Dong frowned slightly, on the other end of the phone was his top boss in the real estate company, Old Li.

When his mother had been seriously ill, he had begged Old Li for a week’s leave, but with one thing after another these days, he had forgotten about the leave.

“Sorry Old Li, my mother is in hospital.” Chen Dong said.

“Did she die? Is your mother dead? Come back to work if you’re not dead!”

Old Li almost growled, “Shit, you took the week off, I did everything, I fucking wiped your ass every day, you hurry up and come back dead and do all that work for me!”

Pop!

The phone hung up.

“Wipe your ass? Who wipes who’s ass anyway?”

Chen Dong snickered, some coldness in his eyes.

He was not a mediocre and incompetent person, he had top grades in all subjects when he was in school, and if he had not been forced by his mother and family, he would have been able to bail out and go abroad to further his studies for a broader world.

After graduating from university, he joined the real estate company, and in just three years, he entered the management of the company and became its deputy manager.

Had it not been for the fact that the general manager at his head was Lao Li, in three years he would have achieved much more than that.

And the reason why Old Li could easily hide his abilities was simple: Old Li was the brother-in-law of the company’s boss.

This nepotism alone is enough to keep Old Li, who is dim-witted and incompetent and knows only the subtle rules of picking up girls, as secure as a mountain in his position as general manager.

Over the years, which of the company’s big and small matters was not handled by him?

Whenever Old Li made a decision with his butt and got into trouble, which time was he not the one who settled it afterwards?

What's even funnier is that the company's president still believes in Lao Li's "ability", so much so that he has taken the blame for him over the years.

In the company, employees have secretly given him the nickname "The Backstabber".

If it wasn't for the lucrative salary of the vice president, who had to treat his mother and support Wang Nan Nan's family at the same time, he would have quit long ago.

Taking out the Bauhinia bank card in his pocket, Chen Dong's gaze flickered up and he smiled coldly, "A billion dollars in cash for a single card, although I hate this way of compensating you with money, I have to say that having money really gives you a lot of confidence and more options."

Dingtai Real Estate Company.

Chen Dong had just walked into the company in a hurry when he was dragged into the general manager's office by a scratchy Old Li.

"After closing the office door with a bang, Old Li sat down on a chair with a gloomy face, his feet on the desk, crossing his legs and lighting a cigar with a worried look.

Chen Dong frowned slightly, he didn't smoke and hated the smell of smoke.

"If I hadn't called, you probably would have died out there and not come back, right?" Old Li exhaled a puff of smoke and sneered, his left hand gently brushing over the top of his Mediterranean head.

"No, it's really because of my mother's business and I've been too busy." Chen Dong said.

Old Li was actually only in his forties, but he had only been so immersed in female sex that his body had been emptied and he had gone bald at a young age, hence the title of Old Li.

"Huh!"

Old Li laughed coldly and said with narrowed eyes, "Chen Dong, don't say that I, as an elder brother, don't give you a warning, your mother is a sick child, and I am well aware of your affairs in the past two years, instead of hanging on to the old man's life and suffering, it would be better to let her go, so that you can devote yourself to your work."

A flash of hostility flashed in Chen Dong's eyes, forcing back his anger, he asked, "You rushed me back, what's wrong?"

Pop!

Old Li slapped a document on the table and said indifferently, "My brother-in-law is coming to the company for an inspection this afternoon, this is the contract for the shantytown renovation project in the west of the city, paralyzing, you should have been there to talk about this, you took leave and I had to go on, you are still mainly to blame for this!"

"That slut on the other side can drink, she dumbed me down, tossed and turned all night and made me sign this high priced contract."

Chen Dong didn't read the contract either, the same thing had been done by Old Li more than once again.

A few cups of horse urine and a night of sex, not to mention a high priced contract, even if he signed a sky-high contract, he was not surprised.

Seeing that Chen Dong was not moving, Old Li put down his feet and sat up straight: "This matter, you know what to do, right?"

"Want me to take the blame again?" Chen Dong narrowed his eyes, and there was a coldness in his eyes.

Bang!

Old Li slapped his hand on the table and angrily rebuked, "What kind of bullshit is that? What do you mean by taking the blame? I am taking care of you and lifting you up, do you think anyone is qualified to do this? You've only graduated three years ago, if I hadn't taken care of you, with your abilities alone, would you be in the position you're in now?"

Chen Dong laughed in anger, I thank you for that!

If you hadn't taken care of me, I would have become a general manager.
