

## Winner Takes All Chapter 691-700

### Chapter 691

After autumn, the day dawns later and later.

It was still dark when Chen Dong woke up early.

He kept his habits under strict control and did not dare to slacken off in the slightest.

Because of his disguised disability, it was also impossible to go out for devil training.

He could only train his upper limb strength at home in his wheelchair.

The water in this pool today is getting muddier and muddier.

This makes him feel a strong sense of oppression. An extra point of effort will also give him a better chance of winning when he meets a crisis in the future.

Victory is not something that can be achieved overnight.

It is always accumulated through little by little.

By the time Gu Qingying woke up, Chen Dong's training had also finished.

His naked upper body, skin taut, muscles grave, every inch of muscle is evenly defined, although not like Mr. Bodybuilding's exploding muscles, but this kind of real muscles through the system training, every inch is extremely explosive sense.

"Honey, you got up early in the morning to work out again?" Gu Qingying walked behind Chen Dong with sleepy eyes and hugged his neck from behind.

"You can't slack off at all."

Chen Dong smiled faintly and slowly moved his arms, looking down at his body and murmured, "This body of mine, the speed of growth is indeed too terrifying."

The murmuring sound was soft.

Yet it was dense with doubt.

He had been disguising his disability since the end of the incident across the ocean, and when he came back, one thing after another, his training did technically slacken for a while.

This, combined with only being able to train for upper body strength, had left him in a physical state that had slipped a notch, to be precise.

These few short days of training, however, were the part that had fallen short of the decline and was vaguely on the verge of a breakthrough.

“Is it bad?”

Gu Qingying asked suspiciously.

Chen Dong shook his head, “Good is good, but this intensity, even I doubt life.”

As the Chen family’s chief instructor, Kunlun’s systematic devil training was not just for him alone, but also taught the entire younger generation of the Chen family.

If it was because Kunlun’s devil training programme was special, it was also the entire younger generation of the Chen Family that benefited.

On the contrary, Chen Dong was certain that even the younger generation of the Chen Family, who had never slacked off as children, were definitely inferior to him in terms of physical fitness and fighting skills.

In that case, one could only blame everything on the body’s own talent.

What’s more, when he was stabbed while across the ocean and the toxicity flowed through his entire bloodstream, the fact that he had managed to recover intact was in itself an extremely unbelievable thing.

There are strong and weak poisons.

But the poison that kills is capable of causing death.

Qin Ye, who also had the same toxicity flowing throughout his body, was the one who needed countless people to donate blood and countless great doctors to come down personally to pull him back from the ghost gate, and even so, he still ended up in a vegetative state.

And at that time, Chen Dong himself, with Hong Hui requesting the help of the great doctors, the battle was far less than when he saved Qin Ye’s life.

The results for the two were vastly different!

There was a long silence.

Chen Dong did not wait for Gu Qingying’s words.

He could not help but glance back, only to find Gu Qingying wrapped around his neck, dazed and lost in thought, her eyebrows knitted together.

“What’s wrong?” Chen Dong asked in a soft voice.

“It’s jumping again.”

Gu Qingying pointed to her right eyelid in annoyance, “What the hell is going on here.”

Chen Dong frowned slightly and gently stroked Gu Qingying’s head, soothingly saying, “Don’t think too much, maybe you’re just too anxious, magnifying this little thing and then putting too much pressure on yourself, relax a little and you’ll be fine.”

“Hmm.”

Gu Qingying nodded, but her frown still didn’t stretch out.

Looking at Gu Qingying who had gone to wash up, Chen Dong was a little helpless.

Could it be that Xiao Ying had become so anxious and distressed because her due date was getting closer and closer?

A thought surfaced in Chen Dong’s mind.

The events that he had experienced in the past few days had been one wave after another, with people in the family having accidents one after another, and the pressure on those who were unharmed was enormous.

The immense pressure, coupled with the pregnancy, most likely caused Gu Qingying to be in the state she was in now.

“Work overtime today, finish all the arrangements for tomorrow, don’t go to the company tomorrow, stay at home with Xiaoying for a day, let her relax.”

Chen Dong made up his mind, and then went into the bathroom to wash up with Gu Qingying.

After having breakfast together, Long Lao and Chen Dong rushed to Dingtai Company.

Fan Lu, on the other hand, stayed at home with Gu Qingying.

According to the previous time allocation, Fan Lu should have gone to the hospital with Zhang Yulan after breakfast to deliver breakfast to Lin Lingdong and Lone Wolf.

However, at Chen Dong’s request, Fan Lu stayed at home to accompany the anxious Gu Qingying.

Zhang Yulan is now in a much better state and is able to go to the hospital alone to wait for Qin Ye.

In the garden.

Gu Qingying was sitting on a swing, swaying gently, basking in the sunlight, her gaze on her high belly, but her brows were locked in worry.

Somehow, from the moment her right eyelid jumped, she always felt that something was going to happen.

The constant throbbing of her right eyelid was a constant amplification of the worry in Gu Qingying's heart.

Fan Lu, who had finished watering the flowers, walked over to Gu Qingying and sat on the swing with her.

Seeing Gu Qingying's sad frown, Fan Lu asked, "Still worried about the jumping of your right eyelid?"

"Mm."

Gu Qingying nodded, but as if she knew what Fan Lu was going to say, she busily added, "It's not just the right eyelid jumping, but my entire being has been distracted for the past two days, it's just, it's that premonition that something is always going to happen."

"A woman's sixth sense."

Fan Lu calmly spat out the words.

"Yes, that's it." Gu Qingying nodded, "I don't know why I have this feeling, but it's been getting stronger and stronger these past two days."

Fan Lu looked at Gu Qingying profoundly, the smile on her face disappearing.

She was a killer, or a top killer on the Hidden Kill Organisation's Death Ranking.

A killer's intuition was extremely sensitive.

What's more, she was also a woman, so she could also empathise with Gu Qingying's state at this moment.

She took a deep breath.

Fan Lu gave Gu Qingying a hug and said soothingly, "Alright, with Sister Xiao Lu around, even if the sky falls, I will still protect you, alright?"

"Sister Xiao Lu ....."

Gu Qingying's delicate body trembled a little: "Thank you."

The same words had been said to everyone in her family, and she had even mentioned it to Chen Dong more than once.

But the answers she received were all in appeasement, and now that she had received a word of approval from Fan Lu, she could not help but make Gu Qingying's heart warm.

It was not that she blamed Chen Dong, after all, this feeling was a bit absurd even for Gu Qingying herself.

But when one is in a state of fear, a word of approval is like the warmth of the winter sun, far better than ten words of reassurance.

The whole day.

Gu Qingying and Fan Lu were inseparable.

Long Lao, who had returned home, also stayed comfortably at home, drinking tea and reading a book.

Everything seemed peaceful and quiet.

The sun was waning in the west.

Night was falling.

Gu Qingying looked at the time and saw that it was already seven o'clock in the evening.

She asked Elder Long in confusion, "Elder Long, is Chen Dong working late tonight?"

"Well, the young master should have forgotten to tell the young lady."

Elder Long put down the book in his hand, "He's working overtime tonight to do all of tomorrow's work schedule, and will be at home with Young Madam tomorrow."

"Really?" Gu Qingying was instantly delighted.

And at that moment, Fan Lu just happened to sweep past Elder Long, her gaze dipped to the books Elder Long was reading, and she instantly blushed.

“Elder Long, are you used to reading books with a small human book inside? Old and unashamed!”

“Cough cough .....

Long Lao coughed twice and made a blush.

And at that moment.

The property owner’s side called.

When Long Lao picked up, he frowned in confusion.

“Shoo away!” Long Lao replied dryly before hanging up the phone, and anger surfaced on his originally warm face.

The sudden scene caused Gu Qingying and Fan Lu to freeze at the same time.

“Elder Long, what’s wrong?” Gu Qingying enquired.

Elder Long waved his hand in annoyance and did not speak.

But the anger in his eyes had not diminished in the slightest.

How did that ungrateful b\*tch, who dared to dig up her wife’s grave and raise her ashes, have the face to come here to ask for an audience?

If the young master doesn’t kill her, do you really think that I can’t move my sword?

## **Chapter 692**

Although Elder Long was not a murderous man.

But as a former Hong Society elder, he later joined the Chen family and became Chen Daolin’s household slave.

Would there be less blood on his hands .....

He has always kept his former days in the Hong Society a secret, not even willing to mention Chen Dong.

That’s because when he gets older, his heart is calm and he is not willing to bring up the heady days of yesteryear again.

Otherwise, he was clearly a generation shorter than Ye Yuanqiu, so why would he still make Ye Yuanqiu scornful, and why did he manage to force Ye Yuanqiu and Ye Linglong, to leave the city early in the first place?

The Wang family's past towards Chen Dong, Long Lao did not bother to pursue.

But the matter of Wang Nan Nan's mother digging up Li Lan's grave and forcing Chen Dong to do so was always on Long Lao's mind.

In Elder Long's view, the heinous crime of humiliating the deceased, the death of one Wang Nan Nan's mother was simply not enough!

It was only because Chen Dong had not pursued the matter after Wang Nan Nan's mother's death that he had never brought up his attitude towards Wang Nan Nan.

If the young master did not mention it, how could those who were slaves dare to mention it?

According to Elder Long's guess, it should actually be that Chen Dong had also remembered a point of old affection.

But Wang Nan Nan had survived.

It does not mean that her faults can be forgiven.

Instead of hiding far away from this, she now came to the door to ask for an audience instead.

In Elder Long's view, this was simply not knowing whether to live or die!

Gu Qingying and Fan Lu both clearly sensed the anger radiating from Elder Long's body.

They looked at each other with some dismay.

Long Lao's mind had always been that of a man who did not change his expression when a mountain collapsed in front of him, and being as calm as water was the norm.

If it wasn't a big event, it would be difficult for his emotions to ripple too much.

But now, in front of the two of them, actually can not suppress the anger.

What had happened to .....?

Soon.

Long Lao's mobile phone rang again.

Seeing the phone number.

The already sulking Long Lao's brow furrowed even deeper.

As if an angry beast, he pressed the answer button.

"Old man told them to get lost!"

The sulking voice was firm and strong.

It caused Gu Qingying and Fan Lu to smack their lips.

While on the phone, the person from the property said with trepidation.

"Elder Long, they said that they are here to apologise."

"No need to apologize, if apologies were useful, Yan would have to lose his job!"

Snap!

Elder Long hung up the phone.

Three years of marriage, what apology could one take for what the Wang family had done to the young master?

Madam was seriously ill and hospitalised, Wang Nan Nan took the life-saving money and went to buy a house for Wang Hao to gather the bride price, ignoring Madam's life, what apology was to be made?

When Li Lan passed away and was buried in the ground, Wang Nan Nan's mother insulted the deceased and dug up the grave to raise the ashes, what apology should she make?

Does Wang Nan Nan have the qualifications to apologize?

Long Lao looked sullen to the extreme.

From his point of view, it was already the young master's grace that Wang Nan Nan was alive now, and now he was still coming to apologise, was he coming to offer his own head?

Otherwise, what apology could be offered?

Gu Qingying and Fan Lu's faces changed greatly.

Long Lao's reaction was clearly that something big had happened.

But the two of them wanted to say something, but when they looked at Elder Long's appearance at this moment, they did not know how to speak.

At that moment.

Gu Qingying's mobile phone rang.

She picked it up and saw that it was an unfamiliar number, but picked it up anyway.

"Sure enough, you're a person who remembers the old days and has never changed your number."

On the phone, a familiar voice instantly caused Gu Qingying's delicate body to tremble and her heart felt as if pins and needles were stabbing her.

It was Wang Nan Nan's voice!

The memories of former classmates came flooding back at this time.

It instantly made Gu Qingying's heart complicated to the extreme.

Chen Dong, Li Lan, and what the Wang family had done to Chen Dong's mother and son surfaced in her mind.

All the memories and the complicated thoughts, the body seemed to be a bubble, snapping away to nothing.

Gu Qingying looked indifferent and said, "We shouldn't be in contact, don't come and harass me."

Leaving aside what happened within the three years of marriage between Wang Nan Nan and Chen Dong, in fact, Gu Qingying had never hung this matter in her heart either.

But after Chen Dong and Wang Nan Nan's divorce, what the Wang family and Wang Nan Nan did made Gu Qingying feel sick.

Especially the matter of Li Lan's grave being dug up.

When Chen Dong was crying like a child in her arms, how could she not have felt like her heart was torn apart and wanted to cry?

Li Lan was Chen Dong's mother.

And her in-laws too!

Insulting the deceased, was this something that a human being could do?

But just as Gu Qingying was about to hang up the phone.

Over the phone, Wang Nan Nan's voice suddenly lifted up.

"Xiaoying, I'm here to apologise, I sincerely want to come to you and Chen Dong to apologise, please give me a chance!"

This shrill whistling plea, even though Gu Qingying did not turn on the speakerphone.

Even though Gu Qingying did not turn on the speakerphone, she was still clearly heard by Fan Lu and Elder Long who was not far away.

The old man's expression was instantly hostile, and his right hand, which had just gripped the teacup, lashed out violently.

With a "pop" sound, the teacup shattered into several pieces and the tea water flowed all over his hand.

Gu Qingying's movements also gave a start.

Over the phone, Wang Nan Nan continued to plead.

"Xiaoying, I know I've been so wrong, I know I've sinned terribly, and all this time I've disappeared, I've been reflecting, I've been feeling guilty and blaming myself, even though my mother died, but I know that it was all my mother's fault, and if I can't meet with you and Chen Dong and apologise to you, I can hardly have peace of mind in my life."

"Please see me once, please Xiaoying, for the sake of our four years at university, weren't we the best of girlfriends before, you never let me be sad, you've always been the best to me."

"I just want to see you once, to say sorry in front of you, please, please Little Shadow ....."

The sound of crying and pleading made one feel the strong sense of guilt through the phone.

Gu Qingying was caught in a hesitant hesitation.

Fan Lu's eyes flickered as she supported Gu Qingying, but her face was a little cold.

On the other hand, Long Lao said dryly, "Young Madam, this kind of person is no different from an animal, she has hurt us, so why should a word of apology give her inner peace? Old slave, I implore you, young madam, don't see it!"

The words were resolute and overbearing.

At this moment, even though the word "plead" was still in his words, Long Lao's aura was already the same as that of an oppressor.

Gu Qingying's eyes flashed and suddenly became resolute.

She was about to follow Elder Long's plea and say no.

Suddenly, on the phone, Wang Nan Nan cried out.

"Little Ying, back when we were in college, you said that if you had children in the future, you would definitely recognize me as your godmother, you can not see me, Chen Dong can not see me, and even the children do not have to make me their godmother, but can I not come to see them as a godmother?"

"Just one glance, after this meeting, I will leave this place forever, from now on I will not appear in your and Chen Dong's life again, and all of that, will be over."

Gu Qingying's delicate body trembled.

The two words were like heavy hammers, hitting her heart hard.

For four years at university, she and Wang Nan Nan had always been close and intimate, and back then, when she was ignorant and youthful, she had indeed made such promises.

Promises could be taken lightly, but these words were the ones that touched Gu Qingying's memory once again.

Her heart softened and she agreed: "Okay, you can come in."

At those words.

Long Lao was stunned for a moment, then sighed heavily with pain.

Rao Fan Lu also said helplessly after Gu Qingying hung up the phone, "Little Ying, you are too soft-hearted too."

## Winner Takes All Chapter 693-694

### Chapter 693

“Think of it as bringing everything that was before to a complete close now.”

Gu Qingying smiled bitterly.

She also wanted to be cruel-hearted, but Wang Nan Nan’s crying and the words that conked her heart made her still want to make a clean break.

She also didn’t want Wang Nan Nan to come and disturb her and Chen Dong’s life every once in a while.

Wang Nan Nan was a thorn in her side.

She minded, and Chen Dong minded even more.

Not minding the three years of marriage that Chen Dong and Wang Nan Nan had had, but everything that Wang Nan Nan had done to Chen Dong.

The time to meet one person pushed this person out of her and Chen Dong’s world forever.

It was still worth it in Gu Qingying’s eyes.

Otherwise, today, Wang Nan Nan was chased away.

In the future, it was possible that at some point in time, he would appear again.

The gate of Tianmen Mountain villa area.

Inside the Maserati CEO.

Gu Dragonfly sat in the driver’s seat, looking in astonishment at the crying, pearly Wang Nan Nan.

Blinking her azure eyes, she asked in confusion, “Nan Nan, aren’t you and Chen Dong friends? How come the tone just now .....

Just now, Wang Nan Nan’s words and actions did not sound as simple as friends.

Moreover, she clearly heard a woman’s voice on the other end of the phone.

“It’s okay, we can go in.”

Wang Nan Nan raised her hand to wipe the tears from the corner of her eyes and squeezed out a smile, “You can’t see Chen Dong directly, you have to think of a way to manoeuvre, you can see her wife first, and then you can see Chen Dong.”

“Oh?”

Gu Dragonfly was a little confused, but started the car anyway.

As the lights came on, the gate to the Tianmen Mountain villa area slowly opened.

This made Ancient Dragonfly’s eyes light up, it really did work!

She was busy driving the car towards the villa area.

The speed of the car was very slow.

In her mind, she recalled Wang Nan Nan’s crying and pleading just now.

She still inquired, “What kind of relationship are you and Chen Dong friends anyway?”

“Husband and wife!” Wang Nan Nan said.

Boom!

Gu Dragonfly was struck by lightning and was so frightened that she lost her face, “But, but that woman you just called is Chen Dong’s wife, ah.”

“That’s my old bestie from college.”

Wang Nan Nan gave a sob, took a deep breath and looked at Gu Dragonfly with a forced smile, “Do you get it now?”

Gu Dragonfly froze.

Husband and wife, bosom friend, husband and wife.

This relationship was complicated.

Yet it was well understood.

Didn’t Wang Nan Nan mean that the woman had crossed the line, robbed Chen Dong and married Wang Nan Nan’s best friend?

Damn it!

That bastard Chen Dong, who was already disabled, was still a negative person?

Thinking of this, Gu Dragonfly could not hold back her anger and felt her anger rise to the top of her throat.

In her heart, she even pulled Chen Dong's image to a negative number.

This kind of scum, what exactly did Grandma see in him?

Sensing Wang Nan Nan's sadness beside her, Gu Dragonfly comforted, "Calm down, what's past is past, really, I'll take revenge for you later?"

In her heart, the fact that Wang Nan Nan could bring her to see Chen Dong was already a big help, this was a friend.

And thinking about the scene inside the bar, Gu Dragonfly had an urge to hate it with a passion.

Chen Dong, that bastard, had abandoned his spouse to become a heartless man and ignored the fact that his spouse was reduced to escorting her to a bar and almost getting hitched.

Such a person should be taught a lesson!

"No need, what's past is past, you saved me, I'll help you see Chen Dong, this time it's mostly about you, I'm not important."

Wang Nan Nan forced a smile.

But such a smile made Ancient Dragonfly's heart twitch and her heart ache.

However, Wang Nan Nan had already said so, she still forced down the anger in her heart and concentrated on driving.

But when Gu Dragonfly turned her head to drive, she did not notice that Wang Nan Nan, who was originally smiling and looking pitiful, slowly lowered her head, the corners of her mouth curled up in a seeping sneer, and her right hand was quietly gripping her purse.

The Maserati CEO drove into the villa.

As soon as they got out of the car.

The two of them saw Fan Lu standing at the door.

Fan Lu frowned and said bluntly, "Why did you bring one with you?"

"It's a friend, accompanying me."

Wang Nan Nan's eyes were still a little red, and tears lingered in them.

“What, can’t you come?” Gu Dragonfly glared at Fan Lu with a strained neck.

In her opinion, Wang Nan Nan had suffered so much, and now she had to beg so humbly and lowly when she came to visit her door to see her, it was simply an injustice from heaven.

She would not be like Wang Nan Nan, nor would she ever let Wang Nan Nan grovel again.

The right people, why should they have to stoop to the level of people who are full of wrongdoings?

Yet.

Fan Lu said in a cold voice, “Indeed, you can’t come.”

“You .....

Gu Dragonfly was instantly furious and her pretty face flushed red.

It was Wang Nan Nan who secretly gave her a pull to stop her.

By the time the two looked up again, Fan Lu had already turned around and walked towards the villa, saying coldly as she did so.

“The young lady is open to see you, so if you have anything to say, finish it quickly and then leave immediately, the young lady has to rest with her pregnancy, and also you are not welcome in the Chen family.”

Cold, unfeeling.

The ancient dragonfly was outraged: “Is this family used to being arrogant and domineering, always turning their noses up at people like this?”

“Stop it.”

Wang Nan Nan said soothingly, “It looks like Chen Dong should not be in, let’s go in and talk more, when Chen Dong comes back, you will be able to see someone.”

“Suddenly I don’t want to see him anymore, I want to go home.”

Gu Dragonfly said in an exasperated voice, she wanted to see Chen Dong and spend some time with him purely because the last time she followed her grandmother over here was for Chen Dong.

And Grandma had been secretive to her about the purpose of the last time and the fine print.

So curiosity drove her to want to meet Chen Dong to find out what was going on with the man that grandma had come from so far in person.

But now .....

Disappointed!

Disappointed to the core!

“Having come, if we can meet, let’s meet.”

Wang Nan Nan said with a despondent look, “Besides, didn’t I just say on the phone that I wanted to apologize and say a few words to that bestie of mine.”

“Alright then.” Gu Longfang nodded helplessly.

As the two chatted, they walked into the villa.

Gu Qingying was sitting on the sofa.

Long Lao was sitting on the side, holding a teacup in his hand, while his other hand was closed on a book, staring coldly and sternly at Wang Nan Nan and Gu Dragonfly who walked in.

Fan Lu, on the other hand, also happened to come out from the kitchen with a tea tray.

“Have a seat.”

Fan Lu said coldly.

Gu Dragonfly’s brows were knitted together, her face full of displeasure.

Wang Nan Nan, on the other hand, had a normal expression, even with guilt, as she looked at Gu Qingying and slowly walked to the living room, pulling Gu Dragonfly down to the sofa.

“Little Shadow, it’s been a long time.”

Wang Nan Nan’s voice was low and full of guilt, her eyes even reddened as she looked at Gu Qingying and squeezed out a smile.

“Well, do you and I have anything to say?”

Gu Qingying was calm, she was not seeing Wang Nan Nan to catch up on old times, but to make a clean break, not to mention there was no more old times to catch up on.

If they did, it would be hatred!

Wang Nan Nan smiled.

Suddenly, she picked up her purse, opened it and reached inside.

This scene.

Instantly, Long Lao and Fan Lu's eyebrows knitted and they became alert.

Fan Lu even moved to the side of Gu Qingying without a trace.

"This family, is it sick?"

Gu Dragonfly noticed everything and snorted in his heart.

The next second.

Wang Nan Nan then took out a red trinket box from her purse, smiling as she placed it on the table and pushed it in front of Gu Qingying.

"This is a gift from me, the godmother, for the baby, a long-life lock, I hope the child will be safe, healthy and happy in the future."

Seeing the long-life golden lock, Gu Qingying's expression eased a little.

Who under heaven's mother does not care for her child?

On the other hand, Elder Long and Fan Lu looked at each other, somewhat bewildered.

Following closely, Wang Nan Nan looked at Fan Lu, "Sister Xiao Lu, can you get the spelling wine for me?"

"What?"

Fan Lu was stunned.

Wang Nan Nan smiled, "I want to have a drink with Xiaoying, but Xiaoying is pregnant and she is drinking tea instead of wine."

Saying that, she looked towards Gu Qingying.

“A cup of wine to the past, a cup of tea to the rest of his life, from now on, the rest of his life will only be you.”

## Chapter 694

The voice is low and the words are heartfelt.

The guilt and melancholy leapt out of his face.

Gu Qingying was stunned.

Elder Long and Fan Lu were also stunned.

They looked at each other, somewhat puzzled.

Could such a woman who did not know right from wrong, who did not know good from evil, really have such guilt and generosity?

On the side, Gu Dragonfly looked righteously indignant, her silver teeth clenched.

If it wasn't for Wang Nan Nan, she would have jumped up and pointed at the three people in front of her and cursed.

These days, when a mistress forces the original spouse to such a humble state, is there any king's law left?

Her impression of Chen Dong was also bad to the extreme at this point.

She didn't know why her grandmother had come for Chen Dong, but after this incident, she made up her mind that when she returned home, she would make sure that her grandmother would dispel the thoughts in her mind.

This kind of scum is simply bad!

In the living room, there was a long silence.

Looking at the humble and sorrowful Wang Nan Nan, Gu Dragonfly could not hold back any longer.

Her silver teeth clenched as she spoke, “What, is it that you want to force someone to death?”

Forced to death?!

Elder Long and Fan Lu looked at each other, their eyes flashing.

This ..... was a good idea!

Digging up graves and raising ashes, such a thing that humiliated the dead was definitely a damnable crime when put in any place.

If the young master did not want to do it, the two of them would be able to do it for him.

However.

Gu Qingying was the one who looked at Fan Lu: "Sister Xiao Lu, go get the bar."

"Little Shadow ....."

Fan Lu looked at Wang Nan Nan in surprise.

Without waiting for the words to finish, Gu Qingying smiled faintly and looked at Wang Nan Nan with a deep gaze, "I hope you will do what you say, one glass of wine, one tea later, you can leave my world and Chen Dong's completely, our future, I don't want it to be affected in any way because of you."

She was trying to put an end to this entangled affair once and for all.

That was why she had let Wang Nan Nan come.

If it wasn't completely ended, what if the rest of her life was still long down the road and Wang Nan Nan intervened in her and Chen Dong's life at any time?

The feelings, long gone!

But if it should be broken, it had to be broken completely and utterly!

"Good!"

Wang Nan Nan's eyes were red as she nodded her head with tears in her eyes.

At the side, Gu Dragonfly's whole body was about to explode.

Even though she was holding back, her pretty face was still scarlet with rage, and her azure eyes were staring at Gu Qingying indignantly.

Where is the king's law?

Where is the justice of God?

Where is justice?

My God, is this family so grandly bullying Wang Nan Nan, the original spouse, to such an extent?

Subconsciously, Ancient Dragonfly took Wang Nan Nan's arm, as a kind of comfort and support for Wang Nan Nan.

Even if she is simple and ignorant, but as a woman, Gu Dragonfly can still empathise with Wang Nan Nan's grief and pain at this time.

To Gu Qingying and Long Lao and Fan Lu in front of her, Gu Dragonfly was also disgusted and disgusted to the extreme.

Soon.

Fan Lu brought over a bottle of red wine and a red wine glass.

Opening the bottle, there was no sobriety.

Instead, she poured a glass directly for Wang Nan Nan, and the whole action seemed extremely impatient and "rude".

This made Ancient Dragonfly even more furious.

What a bully!

What a bully!

Wang Nan Nan did not react, and after accepting the red wine, she picked up the tea on the table and was about to hand it to Gu Qingying.

She suddenly said, "By the way, this is Miss Gu beside me, she has come especially because she has heard of Chen Dong's great reputation for a long time and wants to meet him."

At these words.

Gu Qingying, Elder Long and Fan Lu all looked at the sulking Gu Dragonfly.

Sensing the three people's gazes.

Gu Dragonfly shook her head indignantly, "There's nothing more to see, he's not at home anyway, so we'll leave when Nan Nan finishes talking."

"Ancient family?!"

Elder Long's heart and soul stared.

Chen Daolin's special phone call admonition suddenly came to mind.

In an instant.

Elder Long's face was gloomy to the extreme.

His eyes were like torches, looking directly at the ancient dragonfly, his entire aura swooshed and changed, as if he was plucking mountains from the flat earth, instantly majestic and vast.

It did not matter whether the girl in front of him was a member of the Gu family or not.

But as long as her surname was Gu, then there was a need to be careful!

Elder Long's sudden change caused everyone to be stunned.

Gu Dragonfly was being stared at by Elder Long, and there was even a vast tidal wave that pounded and crushed his face.

At the same time, his heart leapt with fear.

Gu Dragonfly asked with some trepidation, "Old Uncle, what do you want?"

"What is it that you are looking for my young master for?" Old Man Long scolded.

In a flash, the atmosphere in the living room abruptly seemed to freeze.

"I've come to talk to him, can't I?"

Gu Dragonfly held back her fear, met Elder Long's gaze and said with a cross colour, "But now that I've seen your family, I can't even be half interested in him anymore, disgusting people, don't worry old uncle, once Nan Nan and this woman have finished drinking this cup of tea and wine, I'll leave with Nan Nan immediately."

"Good!"

Long Lao's eyes were narrowed, and his coldness was biting.

With the word "Good", his body also appeared to be casual, but in fact, he intentionally leaned towards Gu Qingying.

He had to be careful.

Chen Dong had asked him and Fan Lu to stay at home for the past two days to protect Gu Qingying.

Now that the man surnamed Gu had come to his door, naturally he should be extremely careful!

Even, with Long Lao's experience and eyesight, he could not see the slightest hint of lying and disguise in Gu Dragonfly's words and behaviour.

"Xiao Ying, I'm sorry!"

Wang Nan Nan's voice rang out.

The gazes of several people finally fell on Wang Nan Nan once again.

Gu Qingying and Fan Lu had both been surprised by Elder Long's sudden change just now.

However, both of them knew exactly why Elder Long had such a big reaction.

One should know that when Elder Long told Chen Dong to go up to the rooftop that night to say what Chen Daolin had dictated, Gu Qingying had gone along with him.

So, she knew to watch out for the Gu family!

And the girl in front of her happened to be surnamed Gu.

Gu Qingying, who had always been tormented by the anxiety of her right eyelid jumping for the past two days, was naturally wary at this point.

She stopped delaying and tried to send the two people in front of her away as soon as possible.

Gu Qingying lifted her cup of tea: "I hope you'll do what you say, otherwise I won't think of old times in the future."

It was a warning and a threat.

Wang Nan Nan smiled sadly, tilted her head and drank the wine in her cup in one go.

And Gu Qingying also took a large swallow of tea.

Just as she swallowed the tea, the forlorn smile on Wang Nan Nan's face suddenly became brighter.

However.

Just at that moment.

Bang Teen!

Clatter .....

The glass of a window not far away exploded with a sound, scattering glass all over the place.

At the same time, a figure flew in like a broken pocket and smashed heavily on the ground.

A sudden scene.

Instantly, Gu Qingying and the others in the living room were stunned.

Almost simultaneously.

Explosive shouts rang out abruptly from outside.

“Kill those who are unrelated and take away the target!”

The voice that contained killing intent was like a sword.

The sound of dense footsteps rang out abruptly.

“Fan Lu, protect the young lady!”

Long Lao was the first to react and let out an explosive shout, but directly copied the wine bottle on the table and stood in the forefront.

Almost at the same time.

Fan Lu had already moved across to behind Gu Qingying.

The two of them, one in front of the other, protected Gu Qingying in the middle.

And at that moment.

Outside, in the dim light, there were more than a few people.

In the stillness and silence, the tide of people surged, with only the sound of dense footsteps.

It was overwhelmingly solemn and chilling!

## Chapter 695

Din Tai Corporation.

The neon lights outside the window are magnificent.

The traffic on the road is incessant.

The office area outside was already dim, but his office was the only one with bright lights.

In order to spend the whole day with Gu Qingying tomorrow, he could only work overtime to finish the things he had to do tomorrow, so as not to affect the company's operation tomorrow.

In the past, when he was away, it was mostly Long Lao or Qin Ye who helped with approvals.

Now that he was back, it was time for him to do it himself.

After reviewing the project book in front of him, Chen Dong leaned back in his wheelchair and pinched up the corners of his swollen eyes.

Almost all day, his eyes had not rested.

All the time, he was reviewing and revising various reports and project books.

Glancing back at the lights outside the window.

Chen Dong smiled faintly, after he was busy tonight, he would be able to spend some quality time with the little fool tomorrow.

He stretched his back.

Chen Dong was about to turn around and go back to work.

The sound of his mobile phone message rang.

He casually picked it up and was stunned.

The message was from an unknown number and the content was extremely simple.

It was so simple that there were only two words: "Return quickly!"

Mystery man?

After a moment of dumbfoundedness, Chen Dong jerked awake.

In an instant.

His heart was in his throat, and his body was filled with cold hairs.

The mystery man had always been guarding the Tianmen Mountain Villa.

It was really hard for Chen Dong to think of a second person, other than the mystery man, who could send these two words from a strange number in such a short period of time.

Moreover, the shorter the content, the bigger the matter!

Given the mystery man's nature, if the matter had not reached a critical crisis point, it was absolutely impossible for him to send such a short content.

The normal one would have been for him to just take a shot at it in secret!

“Little Shadow .....

The cold aura in Chen Dong's eyes was so big that he stood up from his wheelchair in a tentative manner.

Like an arrow off the string, he rushed directly towards the stairs.

At this moment, Chen Dong no longer cared to continue his disguise.

His wife was still at home!

His wife was still waiting for him at home!

Even if he was discovered by the spies that Old Madam Chen had planted around him, he still had to return home as fast as possible.

Damn it!

What the hell had happened at home?

Stopping inside the lift, Chen Dong looked a little flustered.

With his calm and resolute mind, he had already been able to walk through a big storm without changing his face.

But when he thought of Gu Qingying at home, his mind could no longer be at peace, and his heart had already set off huge waves.

Dingdong!

Finally, the lift reached the ground floor.

Chen Dong was as swift as a thunderbolt and rushed out of the building at breakneck speed.

But as soon as he stepped out of the building, his steps came to an abrupt halt.

In the open space outside the building, there were ten figures standing in total!

Each of them was holding a long, cold, glittering knife in their hands, and their killing intent was steaming.

Chen Dong's mind shook as he reacted with a jolt.

It was too quiet!

From the time he rushed out of the company, to the time he descended the stairs, and then to the outside of this building.

It was eerily quiet all the way, not even a single person was seen.

It was after hours and it was normal for people from the major companies in the building to leave after work.

But the building security department is patrolled by security guards around the clock.

This whole run out, there was no security guard in sight!

"Did you calculate long ago to beat my ambush?"

Chen Dong's expression was cold and stern, stern and cold.

As he spoke, he slowly clenched his fists, his muscles, like rocks, graved up.

"The information is wrong, behead them!"

A low voice suddenly exploded.

In an instant.

Ten assassins, dragging their long swords, the tips of which cut the ground, bringing up clusters of sparks, rushed directly towards Chen Dong to kill him.

"Kill!"

Chen Dong's eyes narrowed, and in an instant, his aura was majestic and his killing intent was overwhelming.

Gu Qingying was in danger at home.

At this moment, facing the killers who were already waiting downstairs, he did not think of any other way, he only wanted a quick battle!

With the fastest speed, he would end the battle and return to Tianmen Mountain Villa.

The change in Chen Dong's aura and the monstrous killing intent.

At once, the pupils of the ten assassins tightened.

Facing Chen Dong at this moment, the ten assassins actually felt a sense of panic and palpitations that made their hair tremble.

It was as if the person standing in front of the company building was not a man, but a ..... god of killing!

Bang!

In a flash of lightning.

Chen Dong's right foot brazenly stomped on the ground, like a cannonball out of the chamber, directly rushing towards the ten killers.

With his strong physique, every single move he made carried a fierce and domineering aura.

There was nothing fancy about it, let alone the dodging and moving of fighting techniques.

When he was close to one of them, Chen Dong faced the killer's sword, and without dodging, he directly threw a punch.

Bang!

With a muffled sound, the killer froze on the spot, and along with the muffled sound, there was also the sound of broken ribs.

A mouthful of blood came out of the killer's mouth, but it was blocked by the black cloth covering his face, and dripped down the cloth to the ground.

Buzz, buzz, buzz .....

Almost at the same time, the wind whistled around him.

Chen Dong looked cold and stern, his eyes narrowed with a cold glint, as if he was a beast of prey.

As several long knives slashed around him, his body lurched forward, while his left hand wrapped around the neck of the assassin he had struck and yanked hard, while his body bowed violently.

Pfft, pfft, pfft .....

Several long knives, at the same time, slashed at the killer's body.

This scene caused the pupils of several killers wielding knives to suddenly tighten to the extreme.

What speed!

In the instant when several people were dazed, Chen Dong turned around brazenly and blasted a fist directly onto the wrist of a killer holding a knife.

Ka!

The fierce and domineering fist blade instantly broke the killer's wrist.

Chen Dong obediently stepped forward and with his empty hand into a white blade, he directly snatched the long knife into his hand.

"Hour of the Hunt!"

A chilling voice emitted from Chen Dong's mouth.

It caused the remaining eight assassins to have their hearts and minds tremble at the same time.

At this moment, facing Chen Dong, the eight of them had an illusion at the same time.

It was as if they were not hunting Chen Dong together.

Rather, it was Chen Dong who was hunting them all!

Clang!

There was a flash of cold light.

A cluster of blood gushed out like a spring.

The sudden scene instantly caused the shocked assassins to snap awake.

The remaining seven assassins, in an instant, took on a closing position and directly surrounded and killed Chen Dong.

Clang clang clang .....

Faced with the seven killers wielding their swords, Chen Dong held his sword with both hands, his muscles bursting out with unparalleled explosive power at this moment, froze and waved his long sword into countless residual shadows, as if forming a wall, blocking all the slashes of the long sword.

Sparks erupted.

The scene was incomparably shocking.

Under the dim light.

The smell of blood stimulated one's nerves.

Even when disguising his disability, Chen Dong had never slackened his physical exercise.

Even in his wheelchair, his physique had regained and even vaguely risen after a brief decline and after demonic training.

The strength that could make all twelve Golden Guards of the Great Snow Dragon Riding Army smack their lips was not something that could be compared to the killers in front of him?

Killing intent surges.

Blood sprayed.

As the long swords waved, killers continued to fall.

At this moment, Chen Dong had no time to care too much.

He could expose the fact that he was not disabled.

He could also fight to the death.

He could even ignore everything and fight these killers in the street in a firefight.

Just to ..... get back to his wife as soon as possible.

The wife is in danger!

## Chapter 696

Tianmen Mountain Villa.

Murderous intent stirs.

In the silence, swords and blood fly.

Dozens of assassins swarmed in, but rarely did they make a single shout of killing.

It was as if they were dozens of machines, quietly carrying out their assassination orders.

The living room was a wreck.

The smell of blood was so thick that it almost made people gag.

There was still a corpse lying on the floor.

Long Lao and Fan Lu were drenched in blood, and the bloodstained swords they held in their hands had curled and chipped.

The two stood at an angle, holding Gu Qingying, Gu Dragonfly and Wang Nan Nan firmly behind them.

To be precise, they were shielding Gu Qingying behind them.

Faced with dozens of killers, even Elder Long and Fan Lu had no time to distract themselves from disciplining some people whose duties should not be disciplined.

Such a scene, spare the security guards on the property side, also silent and unmoving.

After all,..... they are security guards.

Not bodyguards with extraordinary skills.

The old man is old, some high-intensity killing, even if the display of a big kill the dominant posture, but at this time a short pause, but also still a big gasping for breath, the face is a little red.

While panting, Long Lao's bloodstained face was still as fierce as a beast, staring deadly at the thirty or so remaining killers around him.

"Damn, back then, these mongrels were just a watermelon in front of the old man."

Elder Long cursed fiercely and spat a mouthful of blood-stained spittle onto the ground.

And Fan Lu, who was at the side, looked cold and stern.

As a top assassin on the Death List, she could easily deal with such a scene.

But the ease of handling it was when she was fighting alone, whereas now she had to fight to protect Gu Qingying.

Most of the fatigue on her and Elder Long's bodies was formed when they were desperately clashing with the group of killers to protect Gu Qingying during the fierce fight earlier.

After a gentle shake of her wrists with the two long knives, Fan Lu said in a deep voice, "Elder Long, it's time to protect Little Ying and leave."

Long Lao's body shook as he looked askance at Fan Lu, "You look down on an old man like me?"

"It's time to admit when you're old, it's time to run!"

Fan Lu was rare and resolute and brutal, causing Elder Long's gaze to rise with steep ferocity.

The next second.

Fan Lu wielded two long knives, like a god of death, and directly pounced on the thirty or so killers.

The light of the swords was awe-inspiring.

Blood flew.

The moment the swords collided, large sparks would even erupt.

Such a scene is shocking.

The bloody cruelty of the movie was brought to life.

Long Lao did not move forward, nor did he retreat, but stood in place with his twin swords in hand.

This was the method he had just worked out when he and Fan Lu were killing the group of killers.

One person went forward to fight and kill, while the other had to stay behind and protect Gu Qingying.

Gu Qingying was the most important thing!

Even if it meant risking one's life, one had to guard it.

This arrangement also avoided the dangerous situation of Gu Qingying being surrounded by killers.

In the rush just now, all the killers were pointing their swords at Gu Qingying!

Fan Lu was in the middle of the group of killers, rampaging.

Long Lao, however, did not pay attention, but looked around with a deep gaze.

“Why hasn't the mysterious man ..... appeared yet?”

The mystery man was guarding in the shadows, and Elder Long had sensed some clues since the last time the mystery man had shown up to talk to Chen Dong.

And just now the first killer was thrown into the villa, confirming Elder Long's suspicions even more.

The first time they struck, it was the mystery man and the killers!

But as the siege began, he and Fan Lu had narrowly but narrowly protected Gu Qingying several times, and the mysterious man who had made the first move had instead disappeared.

It was also while Fan Lu was rushing to kill and Long Lao's mind was floating.

Under the table behind Elder Long.

Gu Qingying had long since been scared out of her wits, her face was white as she sat on the floor, shivering.

The scene in front of her had been seen before.

But that was in the movies.

Gu Qingying had never imagined that one day the film would come to life.

The blood, the killing, and the killers on the ground.

All seemed like heavy hammers, hitting Gu Qingying's every nerve hard.

“Husband, husband .....

In the midst of panic and terror, Gu Qingying kept muttering under her breath.

And beside her.

Gu Dragonfly and Wang Nan Nan were also looking terrified.

The two were also shocked by the scene in front of them, their faces pale and their bodies chilled with ice.

Only compared to Gu Qingying, the two were slightly better off.

At this moment, they were huddled under the table.

Both Gu Dragonfly and Wang Nan Nan did not dare to move.

Because of the short fight just now, if it wasn't for Elder Long and Fan Lu who wanted to protect Gu Qingying and incidentally protected them as well, otherwise they might have fallen in the fight just now.

The silence of the fight was silent.

Suddenly.

Gu Qingying, who was sitting on the ground, changed her expression and her delicate body shook violently.

“Ah!”

Gu Qing Ying suddenly covered her stomach in pain and wailed miserably, “Long, Long Lao .....

Boom!

Long Lao, who was in deep meditation, was struck by lightning.

His eyes swished red, his jealousy cracked, and he turned around brazenly.

“Young Madam .....

Gu Qingying's hands were clutching her stomach tightly at this moment, and a bruise even surfaced on her fair neck and face due to the severe pain.

Wailing and screaming, completely breaking the silence within the villa.

“It hurts, it hurts so much ..... my stomach hurts so much ..... Long Lao, my ..... baby... ..Ah!”

Gu Qingying wailed with all her strength, but at the end of her sentence, she screamed miserably once again.

A sudden scene.

Not only did it scare Long Lao.

Ancient Dragonfly, who was closest to Gu Qingying, was also horrified.

Wang Nan Nan, on the other hand, smiled fiercely, “He caused me to lose my mother, this time, I will let him taste, the pain of losing his wife and child .....

“Wang Nan Nan, you .....

Hearing these words, Gu Dragonfly’s pretty face changed greatly, and her azure eyes stared at Wang Nan Nan incredulously.

Snap!

Gu Qingying raised her hand and grabbed Wang Nan Nan’s arm: “Tea, you, what did you put in my tea .....

“Nothing, just abortifacient pills.”

Wang Nan Nan looked cold and stern, just now the panic and panic disappeared, replaced by a creepy calmness.

There was even ..... a slight smile at the corner of her mouth.

“Ah! I’ll split you!”

Long Lao’s roar exploded out of the villa.

In a flash of lightning, he waved his long sword and rushed towards Gu Qingying like a madman.

Bloodline!

That was the Chen family’s bloodline!

That was Young Master Chen Dong’s bloodline!

But now .....

A single thought surged through his mind.

Guilt and madness swept through his entire body.

Looking at Elder Long rushing towards him, Wang Nan Nan's face changed abruptly.

In a flash of lightning.

She fiercely got up and with her weak body, she stiffly sent the table top flying towards Elder Long.

At the same time, she fiercely grabbed the ancient dragonfly with both hands, directly using it as a shield and pushing it towards Elder Long.

Boom!

The table that flew into the air was split in half by Elder Long's slash.

As the table top separated and burst to the sides.

Revealed was Elder Long's face of unprecedented fury.

It was like a ferocious beast, like a mad demon.

The long knife in his hand did not even pause for a moment.

It slashed directly and brazenly at Wang Nan Nan.

Even if he saw the ancient dragonfly that was being used as a shield in his sight, he did not pause.

"Harming my young master's bloodline, the old man will split you alive!"

## **Winner Takes All Chapter 697-698**

### **Chapter 697**

"Ah!"

Gu Dragonfly let out a scream of fright.

With her skills, she would not have been caught by Wang Nan Nan.

But all this, it had changed so quickly.

So fast that she couldn't even react in time.

Looking at Long Lao who was close at hand, Ancient Dragonfly felt a strong threat of death!

However.

Clang!

In the nick of time, Long Lao's slashing blade exploded into a cloud of sparks, and the blade deflected to the side.

A sudden scene.

The raging Elder Dragon was shocked.

Almost simultaneously.

Wang Nan Nan forcefully pushed the ancient dragonfly into Elder Long's arms.

She then turned around brazenly and grabbed Gu Qingying who was on the ground with a face full of pain and trembling in pain.

"Gu Qingying, do you really think I still remember my old feelings? Today, you and your child must die!"

While gnashing his teeth, he dragged Gu Qingying brutally towards the direction of the gate.

"Let go, let go of me ..... my baby, my baby ....."

Gu Qingying's long hair was grabbed and pulled by Wang Nan Nan, and her scalp was in severe pain.

But she struggled a few times, felt the sharp pain coming from her abdomen, and immediately shielded her stomach with both hands in pain.

A woman is soft, but a mother is strong.

At this moment, Gu Qingying had no time to care about the severe pain in her head, let alone the brutal and violent Wang Nan Nan beside her.

There was only one thought left in her mind.

The baby!

Keep the baby!

“Young Lady!”

Long Lao’s jealousy was so great that he was about to push Ancient Dragonfly away and go after her.

But just at that moment.

“Elder Long beware!”

Fan Lu’s alarming cry exploded like thunder.

Elder Long’s body instantly shook as a strong sense of crisis of death arose.

The chill at his back was even colder.

In a flash of lightning, he turned around bravely.

The thirty or so assassins who had originally surrounded Fan Lu were all coming towards him in a flurry.

Under the light.

Each of the long knives reflected a piercing cold aura.

Bang!

Seeing the long knives coming at him.

Long Lao was so intent on saving Gu Qingying that he didn’t care about fighting at all, and directly pushed the ancient dragonfly towards the killers’ long knives.

With that, his feet slammed the ground and drew himself back, flying back, directly towards Wang Nan Nan and Gu Qingying in pursuit.

“Ah!”

Ancient Dragonfly, who had been pushed towards the countless long knives, fell into an abyss of fear.

The onset of death caused her to close her eyes almost instinctively.

Only, the expected excruciating pain did not descend.

When she opened her eyes, she found that the long knives that were about to slash down on her head had all been retracted.

The killers, on the other hand, seemed to have ignored her, scrambling past her and going straight after Elder Long.

Ancient Dragonfly: “???”

This scene was fleeting though.

But it was still clearly captured by Fan Lu.

Her pupils tightened and her expression abruptly deepened.

“Ah ..... child ..... Wang Nan Nan ..... please spare my child .....”

In the distance, Gu Qingying wailed in pain and begged for mercy, causing Fan Lu’s delicate body to tremble, instantly suppressing her mixed thoughts.

Too late to think more, she hurriedly wielded her knife and chased after her.

Once upon a time, she had a messy life.

She was a killer, but she was also a daughter who had been tortured by her incompetent father.

It was only because she met Chen Dong that she slowly smoothed out her life, taking her from survival and finally into what life was like.

Gu Qingying is Chen Dong’s wife.

Gu Qingying was carrying Chen Dong’s bloodline in her belly.

She would never allow the slightest slip of Gu Qingying or her child!

However, dozens of killers were present.

Whether it was Elder Long who was the first to chase out, or Fan Lu who followed closely behind, all of them were stopped by the killers.

Wang Nan Nan seemed to be a madman.

With one hand yanking Gu Qingying’s hair and one hand yanking Gu Qingying’s arm, she brutally and roughly dragged her outside, towards the direction of the car.

At this moment, all she wanted was revenge!

This was the poisonous oath she had made when she had first ploughed the grave pit for her mother with both hands that night.

Even if she died, she would take Gu Qingying and the child to hell with her!

Because it was Gu Qingying who had brought her down to this situation.

Because Gu Qingying was carrying Chen Dong's seed in her belly!

"I want you to die, I want you to die, I want Chen Dong to taste what it's like to lose his loved ones too ....."

"I have today, my family is broken, it's all Chen Dong's fault, it's all his fault for cheating me out of my divorce, which has brought me down to this point."

"Why do I have to endure the pain of this broken home when I'm right about everything, why does Chen Dong's sinfulness allow him to love and be happy with you, the bitch?"

.....

The first thing you need to do is to get rid of the problem.

The first thing she wanted to do was to resist. With her strength, if she was in a normal state, she wouldn't be dragged forward by Wang Nan Nan in such a rough manner as if she was a dead dog, without any resistance.

But she was pregnant.

After taking the medicine, the pain in her stomach was so severe that it swept through her body.

Not to mention the fact that she had her hands wrapped around her belly to protect the baby, and the only sanity she could maintain under the severe pain was to protect the baby in her belly to the death.

Panic, panic, despair and all sorts of emotions gripped her body.

Then there was the excruciating pain, which made her not even think of resisting at this point.

"Husband ..... husband ..... our child ....."

Gu Qingying's eyes were red, tears flowing down her face, and her mouth kept wailing and crying, desperate to the extreme.

"Young lady!"

"Xiao Ying!"

Inside the villa.

Long Lao and Fan Lu were blocked to death by the assassins, making it difficult to advance an inch, unable to even break out of the villa door.

As they watched Gu Qingying being taken away by Wang Nan Nan, the two men were already red with murder.

But all the killers pounced on the two men, fearing death.

Even if they were knocked down, there were killers who immediately came up after them and wrapped themselves around them.

“Why? Why is this happening?”

The ancient dragonfly had long since been stunned, her hands covering her head, her eyes dull with terror: “Why did you lie to me? I didn’t want to, I just wanted to see him, why did you use me?”

A series of questions, as if she was hysterical.

She had no experience of the world, she was simple and ignorant.

But she was not stupid, at this point she had already reacted to the fact that Wang Nan Nan, whom she regarded as a pitiful person, was using her from the beginning to the end, and then, in full view of everyone, concealed from everyone, drugged and killed a pregnant woman who was six months pregnant!

Is someone who can do such vicious things like snakes and scorpions really a pitiful person?

At this moment, Ancient Dragonfly collapsed.

It was as if the three outlooks were buildings that collapsed.

At the moment of confusion.

Gu Dragonfly suddenly felt darkness around her.

When she raised her eyes, she saw a masked man standing in front of her.

The masked man still had a dagger stuck in his chest and was pressing it down with one hand, forcing the blood to slow its flow.

It was also at the same time that she looked at the masked man.

The masked man suddenly reached out and grabbed Ancient Dragonfly's arm: "Damn girl, come with me!"

And this scene, in the midst of the chaos, was not noticed by either Elder Long or Fan Lu.

Both of their attention was all on Gu Qingying who was being dragged away by Wang Nan Nan!

Outside the villa.

Wang Nan Nan opened the car door and threw Gu Qingying roughly into the back row.

Then she quickly got into the driver's seat and started the car, muttering "I'll kill you, I'll kill you" as she drove the car out of the villa.

The entrance to the villa.

Fan Lu, who had been trapped by the killer, was terrified and enraged to the core.

"Fan Lu, kill all of you for me!"

With an explosive roar from Elder Long, the long knife in his hand slashed into the shoulder blade of one of the killers, setting it directly into it.

It was also while the two were frantically killing each other.

Wang Nan Nan had already driven his car towards the outside of the Tianmen Mountain villa area.

And not far from the Maserati.

A beam of headlights came on, a tail-drift, and an old Nissan went straight after it.

In the Maserati.

Gu Qingying was lying in the back, even though her consciousness was blurred, but her hands were still protecting her stomach in a deadly way.

Her face was white and her features were distorted with pain.

Fear, despair.

It made her murmur, as her consciousness finally faded, "Husband ..... child ....."

**Chapter 698**

The night is like ink.

The road is full of traffic.

A car, speeding along, weaving in and out of traffic at breakneck speed.

Chen Dong's hands are gripping the steering wheel, his face is stained with blood, making him look particularly hideous.

On the passenger's side, there was a long knife, but the blade was all curled and chipped.

The throttle of his right foot was already in place.

He had finished the fight as fast as he could and was heading for home at breakneck speed.

No matter what, no matter what.

There was a sharp pain in his heart every now and then, as if it was a needle and knife cut, and it hurt so much that Chen Dong even became short of breath.

He opened his mouth and kept breathing deeply, expecting to be able to force down the pain.

But the deep breaths made his neck thicken and his veins stand out.

And the heartache, still did not stop.

"Little Shadow ..... Little Shadow ....."

Amidst the severe pain, Chen Dong murmured as he took deep breaths.

His eyes stared dead ahead, and even though his heart seemed to crumple into a ball, he did not dare to press it with his hand.

Something was wrong at home.

Gu Qingying was in danger.

He had to rush back as fast as he could.

His wife ..... children ..... were everything to him!

Suddenly, the phone rang.

Chen Dong forced himself to endure the sharp pain in his heart and hurriedly picked up the phone.

The mysterious man's hoarse voice suddenly rang out.

"Gu Qingying has been drugged and kidnapped, Chengnan, come quickly!"

Boom!

The cold, emotionless voice was like a thunderbolt from a clear sky exploding in Chen Dong's ears.

In an instant.

Chen Dong's eyes were scarlet, as if he was a raging beast.

His entire body trembled as he gritted his teeth and let out a hoarse, beast-like low roar from his throat, "You, why are you so useless?"

The mysterious man had always been protecting in secret.

But last time, Gu Qingying had been kidnapped by Chen Tianyang, and it was Qin Ye who had saved her life for a life.

And this time, with the previous experience, surprisingly, the same thing still happened again.

What was the point of the so-called protection .....?

Snap!

The mysterious man did not explain and simply hung up the phone.

Chen Dong angrily threw the phone onto the passenger seat.

With that, he gripped the steering wheel with both hands and fiercely hit the direction, directly drifting off and driving on the road to the south of the city.

The sudden change of direction.

Catching the surrounding cars off guard, the three cars that were moving, crashed together with a bang.

Chen Dong, however, did not care.

He clutched the steering wheel with both hands, the bruises on the back of his hands protruding as if an earthworm.

At this moment.

Chen Dong's eyes were red and his killing intent was churning, as if an ocean of blood was churning in his red eyes.

And on his face and neck, even more veins stood out, as if a small snake was climbing around.

Terror!

Murderous!

Frenzied rage!

It was as if Chen Dong had become a different person, his entire aura giving off a sense of vast and violent madness.

The car he was driving seemed to be a beast, roaring and roaring as it sped along.

.....

Crunch!

The Maserati pulls up in a deserted area.

It was dark all around.

Even the stars and moon were covered by dark clouds.

Only the Maserati's headlights shone brightly.

The area is deserted, abandoned for who knows how long and overgrown with weeds.

Click!

Wang Nan Nan opened the door of the car, her face as cold as frost, but her eyes dripping with madness.

She ignored Gu Qingying, who had long since passed out.

Instead, she indifferently went around to the trunk and took out the collapsible sapper shovel that she had previously placed in the boot while Gu Dragonfly was not paying attention.

Snapping ..... snapping .....

The sapper shovel quickly chiselled down on the slightly hardened earth.

Gritting her teeth and sweating, Nanny Wang swung the sapper shovel quickly.

The dirt tumbled.

As the compacted soil on the surface was dug away, the loose soil beneath became exceptionally easy to dig.

Inside the Maserati.

Gu Qingying's face was pale and bloodless, even when she was unconscious and slumped in the back seat.

Her hands, too, are always clutching her stomach, protecting the baby inside.

Her eyebrows were tightly knitted, and in her coma, her pale face was still coloured with pain.

Suddenly.

Gu Qingying's delicate body jerked violently.

A strong, piercing, sharp pain from her abdomen abruptly woke her up from her coma.

Her eyelashes trembled lightly.

Gu Qingying slowly opened her eyes.

She stared vacantly at the darkness around her, able to identify a wasteland in the countryside, but that was all she could be sure of.

Fear, despair, panic and all sorts of emotions swept through her body instantly.

She struggled to sit up.

Because she heard a noise outside, she tried to figure out what was going on.

The excruciating pain in her abdomen tugged at every nerve in her torso.

It made it extremely difficult for her to move even a single inch.

While sitting up, she had to force herself to endure the sharp pain in her abdomen.

“I must keep the baby, this is the fruit of my life and Chen Dong’s, I, I have to escape  
.....”

This was the thought in Gu Qingying’s mind.

Ever since she was a child, she had never had such a determined moment.

It was even more determined than when she had resolutely returned to Chen Dong from across the ocean.

The child was her blood and bone.

It was also Chen Dong’s blood.

Only just as she lifted her head and was about to raise her upper body.

A strong, sharp pain swept through her body.

Gu Qingying’s silver teeth instantly bit down on her lips, forcing herself to endure the instinctive scream under the immense pain.

Because she knew clearly that the sound outside was coming from Wang Nan Nan.

If Wang Nan Nan found out that she had woken up, it would be the end of her.

Pfft!

Gu Qingying fell onto the seat.

Her delicate body trembled, and the sharp pain all over her body seemed to be like countless sharp knives cutting into her fiercely.

She was in a trance.

Her consciousness was all a bit blurred.

Suddenly.

She felt her right hand become moist and sticky.

An unpleasant smell of blood poured into her nostrils.

At this moment.

Gu Qingying’s mind exploded with a loud bang and went blank.

Her silver teeth clenched her lips, and in a flash, she bit her lips so hard that they were dripping with blood.

The thought of terror and despair instantly filled Gu Qing Ying's entire body.

It even made her instantly forget all the pain all over her body.

Her body trembled, and tears instantly spilled out of her eyes.

Almost instinctively.

She touched her right hand downwards, and the feeling of being wrapped in sticky wetness instantly intensified.

The tears were raging.

That horrible thought was magnifying infinitely.

Gu Qingying's silver teeth clenched into the flesh of her lips, letting the blood flow across her body without letting go of half of it.

Because the moment she let go, the scream would come out.

She slowly raised her right hand, even if it was like lifting a thousand pounds for her.

But she still lifted it with difficulty, effort, but with unparalleled determination.

The car was dark.

There was only a little light from the headlights of the car.

When the right hand came into view.

Even if it was dim, there was only afterglow.

Gu Qingying's eyes also instantly glared round to the extreme, and at this moment, her features instantly twisted in extreme pain and sorrow.

Blood!

Her right hand was clearly stained with blood!

It was flowing out from under her stomach.

The child .....

### Chapter 699

“Ah!”

At this moment, Gu Qingying could no longer contain herself and hissed and screamed.

Being a mother was just like being a mother.

She was able to hold back the instinctive roar of a person in pain because of her child.

But when it came to the child, the last shred of strength crumbled.

“The child ..... the child .....”

Bang!

Gu Qingying’s eyes were rounded, her expression panicked as she kicked open the car door and stumbled out of the car.

She could no longer care about much.

That horrible thought in her head was growing like a wild weed.

Keep the baby!

Protect the child at all costs!

This was the only obsession of a mother, in a life and death situation.

As soon as she got out of the car, Gu Qingying was trembling and stumbling towards the distance.

The sudden change of events.

Wang Nan Nan, who was digging a hole, was shocked and frozen.

By the time she came back to her senses, Gu Qingying had already stumbled and run out a dozen metres away.

“Heh! Stinky cousin, in the middle of nowhere, where else do you want to run to?”

Wang Nan Nan snorted a laugh, her face full of hideous terror.

At this moment, she was emitting a cold aura all over her body, as if she was an evil ghost that had emerged from hell, and with a sapper shovel in her hand, she chased after Gu Qingying without speed.

She was not at all worried about Gu Qingying escaping.

In the middle of nowhere, Gu Qingying was pregnant and had just swallowed the abortion pill, in such a state, escaping at this moment was just a death struggle.

However, since Gu Qingying wanted to escape, she did not want to immediately envelop Gu Qingying in despair.

Want to run? Then run!

If you can't run away anyway, you'll still end up being buried alive.

Looking at Gu Qingying, who was stumbling and staggering, the corners of Wang Nan Nan's mouth curled up into a playful sneer, her gaze grim to the extreme.

The more wretched and miserable Gu Qingying was at this moment, the more pleasure it brought to Wang Nan Nan.

It was a morbid sense of pleasure.

A scene of memories surfaced in her mind.

Everything that she had become was because of Chen Dong and Gu Qingying.

Why should the "bad guys" be able to enjoy their blessings?

Why should she, the victim, have to live in poverty and destitution?

"Gu Qingying, don't run away, you can't get away, you deserve what you get!"

The teasing smile on Wang Nan Nan's face was incomparably wide as she waved the sapper shovel in her hand and quickened her pace to chase after her.

To tease a dying man, she had to give him a little more urgency, that was the only way to stimulate him!

This way, she feels better inside!

"Baby ..... my baby ....."

Feeling Wang Nan Nan fast approaching behind her, Gu Qingying's pale face was filled with panic and despair.

She felt like the cold wind blowing out of hell behind her, enveloping her in a blanket, as if to swallow her up in one gulp.

But her tearful eyes were filled with determination and determination.

Even when the pain in her abdomen was excruciating, she did not stop.

Gritting her teeth, she fled in disarray.

She fell again and again, and rose again and again.

Gu Qingying's body was already stained with blood and mud, and she was in a terrible state.

But she still didn't stop.

She had to escape.

She could die, but she had to give the baby in her belly a chance to live!

"Chen Dong ..... where are you, I, I need you ....."

Gu Qingying cried and howled, helpless as she had never been before.

There was a blackness in front of her eyes.

Bang!

There was a hitch beneath her feet and she fell to the ground once again.

This time.

Gu Qingying struggled several times, but was unable to stand up. The severe pain had almost exhausted her strength, and her body was weakened to the extreme.

Even her consciousness blurred again, and the sky spun.

"Run, why don't you run?"

Behind her, the sound of Wang Nan Nan's playful sneer rang out.

Gu Qingying looked back, and in the darkness, Wang Nan Nan slowly waved her sapper shovel and was walking idly over.

"Wang Nan Nan, please spare ..... my child ....."

Gu Qingying collapsed to the ground, trembling, crying and begging.

“Spare your child?”

Wang Nan Nan snickered, “Who am I to spare your child? This is the seed of that bastard Chen Dong! It’s just as well to die!”

After a pause, Wang Nan Nan suddenly turned her words around.

“But ah, I really didn’t expect that you, Gu Qingying, could actually come to beg me like this, back in college I couldn’t match you in anything, in my eyes, you were the lucky one favored by God, with an extraordinary family, making me red with envy countless times, and just now, you looked high and mighty, now why are you suddenly humbling yourself in front of me? ”

The words were harsh and wantonly crazy.

Gu Qingying was in tears, and her body was in severe pain.

But she still didn’t give up. She grabbed the weeds on the ground with both hands, as if she were a dead dog, and slowly struggled to crawl forward.

Behind her, a bloodstained pavement was left behind, incomparably oozing.

Wang Nan Nan was in no hurry, the smile on her face growing wider and wider in triumph.

This was the image she wanted in front of her.

The more miserable Gu Qingying was, the more she would be able to raise her eyebrows when death finally came.

Looking at Gu Qingying like a dying dog, she crawled with difficulty.

Wang Nan Nan suddenly said, “But Gu Qingying, I really have one thing better than you, and that is, what about the fact that I am married to Chen Dong, while you are only married to him for the second time, in other words, you ate my leftovers, you took the waste I didn’t want and treated it like a treasure in your palm, tsk .....

The company’s main business is to provide a wide range of products and services to its customers.

When a person is most desperate and helpless, the only person they can think of to rely on is the person closest to them.

“Husband ..... help me, help me .....

The tide of weakness came.

The frequency of Gu Qingying's blackness before her eyes was also becoming more and more intense.

She could feel that all the strength in her body was rapidly draining away.

A moment ago, she was still able to crawl forward by grasping the weeds, but at this time, her hands could barely even hold on to the weeds.

However.

Hearing Gu Qingying's plea for help.

Wang Nan Nan, who was full of playful and cold smiles, exploded in anger at once.

Her expression was cold.

"Still thinking about that waste beast even to your death, I'm too lazy to play with you!"

As she spoke, she took big steps and walked in front of Gu Qingying.

Pop!

Her right foot directly stepped on Gu Qingying's right hand and ravaged it fiercely.

"Ah!"

With ten fingers connected, Gu Qingying instantly sobered up a few moments in pain and screamed miserably.

She instinctively used her left hand to push Wang Nan Nan's right foot, but Wang Nan Nan's right foot did not move at all, and the sole of her shoe kept rubbing against the back of her right hand.

Ouch!

Huge pain!

Gu Qingying's pale face was filled with pain, tears were raining down, and she was desperate and helpless to the extreme.

But the pain did not last long.

A strong weakness swept through her body and Gu Qingying could no longer hold on, her head tilted and she fainted.

In the darkness.

“Crunch ..... crunch .....”

The sole of Wang Nan Nan’s right foot rubbed against the back of Gu Qingying’s right hand.

She gritted her teeth and carried on for more than ten seconds before she stopped.

Sam coldly glanced at the large pit that had just been half dug in front of the Maserati.

Wang Nan Nan raised her hand, wiped the sweat from her forehead and stroked a few strands of green silk to while back.

Looking at the fainting Gu Qingying on the ground, a smile suddenly emerged on her cold face.

“Good bestie, good Qingying, I’ll send you on your way now.”

As she spoke, her right hand slowly lifted the sapper shovel high into the air, her eyes blazing with killing intent.

## **Chapter 700**

The silence of the darkness.

Only the afterglow of the Maserati headlights glowed in the distance.

Wang Nan Nan stands in the darkness, the sapper shovel in his hand raised high in the air.

At this moment, the killing intent was overwhelming.

Looking at the fainting Gu Qingying on the ground.

The smile on Wang Nan Nan’s face grew brighter and brighter.

As long as this sapper shovel fell, the hatred in her heart would be reduced by half.

The revenge of her family’s destruction could finally be repaid!

“Mum, you can rest in peace now, my daughter has finally helped you take revenge.”

Wang Nan Nan closed her eyes and said with relief.

Buzz!

In the darkness, a strong wind whistled.

The sapper shovel in her hand carried all her strength as she slashed down brazenly towards Gu Qingying's head.

At this moment, it was as if time had been slowed down.

Poof!

There was a muffled sound.

Blood splashed.

The sapper's shovel came to an abrupt halt less than ten centimetres from the top of Gu Qingying's head.

Wang Nan Nan's delicate body trembled as she opened her eyes with a look of disbelief and shock in her eyes.

She lowered her head and looked at her chest.

In the vague darkness, she could see an object being inserted on it.

A huge pain, gradually swept through her body.

How ..... could this happen?

Wang Nan Nan stared round, in a trance with the feeling of a dream.

But the pain in her chest grew stronger and stronger, pulling her quickly back to reality.

She raised her hand and grabbed something in front of her chest.

It was a biro!

"Can a pen ..... kill people too?"

Incredibly weak sounds slowly spilled out of her mouth.

As she spoke, blood flowed down from her mouth.

At this moment, Wang Nan Nan's eyes seemed to have regained a few moments of clarity.

Snapping ..... snapping .....

The sound of footsteps sounded, not too fast or too slow, as if they were leisurely steps.

Wang Nan Nan looked at the direction where the sound came from, where a figure was slowly walking.

Gradually, Wang Nan Nan's eyes rounded up, her face full of disbelief.

She had been extremely careful when she had kidnapped Gu Qingying and left, she was sure that no one would follow her.

That was why she had just teased Gu Qingying with impunity, not in a hurry.

But this person in front of her, where did he come from?

"Every flower and grass can be used as a killing weapon!"

A hoarse voice, as if it was emitted from countless gravel rubbing against the throat.

As the distance drew closer.

Wang Nan Nan also gradually saw the figure clearly.

The unhurried footsteps were a hint of stumbling.

While walking towards this side, his left hand was still covering his chest.

When the figure was standing in front of him.

Wang Nan Nan finally saw the face of the silhouette clearly.

It was a pale old face that was so cold that it did not change its expression in the slightest.

And at the corners of her mouth, blood was still dripping, no different from her current state.

It was just the majestic killing intent emanating from the man's body in front of her.

It instantly gave her the feeling of being locked by a man-thirsty beast, and her body was as cold as if she had fallen into an ice cave.

"Why? Why is this happening?"

Wang Nan Nan smiled sadly in shock, blood staining her teeth and flowing out as she shook her head, "It can't be like this, why is it like this, clearly no one can follow."

The mysterious man did not move, his cold eyes looked at Wang Nan Nan as if he was looking at a dead person.

In this world, there were not many people he could find out if he wanted to follow someone.

Not to mention that Wang Nan Nan was just an ordinary person.

“I want to kill her, I want to avenge my mother, I’m not willing to do that, I’m not willing to do that .....

Wang Nan Nan’s eyes were rounded, and her blood-stained face once again appeared hideous and crazy as she brazenly raised her sapper shovel.

However.

Bang!

There was a sharp pain in her right wrist, and the sapper shovel flew out of her hand.

And then, with a “bang”, Wang Nan Nan felt a hard blow to her shoulder blade, as if a heavy hammer was on her body.

Her body swayed violently and she fell to the ground on both knees.

The pain was so great that she threw her head back and let out a miserable scream of pain, her body was like sieve chaff.

With a mere palm strike, her shoulder blade was broken on the spot.

The mysterious man slowly lowered his right hand and said indifferently, “If you don’t want to be completely crippled before you die, then kneel down honestly.”

The voice was as cold and harsh as the cold wind blowing out of the Nine Mysteries.

A touch of fear appeared on Wang Nan Nan’s fierce and frantic face.

Her eyes swished red, and tears came out of her eyes.

All sorts of emotions of resentment, anger, and resentment rose to the surface.

“It was so close, so close that I could have let this bitch die, avenged my mother, and made Chen Dong taste the pain of losing his loved ones as well.”

Wang Nan Nan trembled, her voice hoarse as she wailed.

There was a gap between men and women, themselves, in terms of physical conditions.

What's more, the man in front of her gave her a horrible oppression that could not be resisted.

She knew that there was no hope for revenge!

With this man in front of her, she simply could not kill Gu Qingying.

Suddenly.

Wang Nan Nan raised her head, and her eyes stared deadly at the mysterious man as if he was an evil ghost with a thirst for people, and spat out a blood-curdling whine, "Kill me, give me a painful death if you want!"

The voice was resolute and sorrowful.

She knew that revenge was hopeless and that death would await her.

And at that moment, she could also feel the biros stuck in her chest, which was rapidly taking away her life.

The loss of blood, and the bouts of weakness and dizziness that came with it, were coming in waves.

Rather than wait for the blood to run out, or be tortured to death by Chen Dong's men.

A clean death was clearly better.

In fact, since she had decided to take revenge, she had already prepared to pay with her life.

The family was gone.

Father was gone.

Her mother was dead, right in front of her and Chen Dong, and that night was like a nightmare that always haunted her mind.

And her brother, too, was completely wasted.

When one is desperate to the extreme, one is fearless in the face of death.

And yet.

The mysterious man's words were what caused Wang Nan Nan's remaining sanity to instantly collapse.

He said coldly, "You are not worthy!"

Three simple words, but like a big thunderbolt exploding in Wang Nan Nan's ears.

In an instant, her expression was complicated, her features twisted.

She lowered her head, trembling all over, and tears fell like rain.

Not even worthy to beg for death .....!

Suddenly, two beams of blinding light shot from the distance.

The mysterious man turned his head, looked quietly at the car speeding in the distance, and said indifferently, "The man who killed you, here he comes."

He had been following Wang Nan Nan and had also informed Chen Dong in time.

That was why Chen Dong and him, arrived almost backwards and forwards.

The car sped along, grinding its way across the wasteland, coming towards this way in a brutal rush.

There was a creak!

With a sharp brake, the car drifted directly in place, lifting up the weeds and gravel and coming to a halt.

Bang!

Chen Dong opened the car door and rushed down with a horrified expression.

As soon as he saw the image in front of him.

Chen Dong's mind went blank, his body went numb, and he hissed, "Xiaoying!"

He jumped straight to Gu Qingying's side and picked her up in a panic.

"Little Ying, pull yourself together, I'm coming, it's okay, it must be okay."

Chen Dong held Gu Qingying in a deadly hug, the look on Gu Qingying's body was so terrifying that it made Chen Dong's body tingle.

At this moment, Chen Dong's eyes swished red and his nasal cavity was so sore that he instantly cried like a child.

His eyes saw the blood beneath Gu Qingying's body.

Breathing even paused for a moment.

The neck instantly thickened.

On his face and neck, the bruises made up for it, like earthworms.

"It's alright, it's going to be alright, Little Shadow, I'm here, I'm here."

Chen Dong fearfully tried to pick up Gu Qingying.

At this moment, even if his heart was tougher, he could hardly have the slightest bit of sanity.

His wife, his child, was everything to him!

However.

Just as Chen Dong was about to get up.

A questioning voice with a crying voice suddenly sounded out, "She ..... should die, right? You're crying like a dog, just like what happened to me after I divorced you, it's the same."
