

ACT II

“ It is not in the stars
to hold our destinies
but in ourselves.”

HOLLOW stars shone down on her with a pale, ashen light. The sound of ocean waves tempting her back to the comfort of oblivion shores. Through a hazy pyretic dream, she glimpsed gleaming ivory stone and glittering azure waters. The familiar scent of spiceflower perfume greeted her with maudlin whispers.

She saw pale lilac eyes and golden sun-spun hair. Lips kissed by roses and a voice of warm honey. "Iksä iä bösa ñuhoso hen lenton", the woman said sympathetically.

She drew a raspy breath. "Yes, I am..."

Shock painted the woman's features. "Who taught you High Valyrian?"

"My husband ... Daemon Targaryen."

AUTHOR'S NOTE:

what a bunch of misfits wow. so i gave daemon 6 kids cause he legit had 6 kids in the books lol (if you include visenya). the first 3 kids are the eldest (within rhaenyra, laenor and laena's age group) then the last 3 are the younger ones (within aegon, halaena and aemond's age group).

ā

i don't know what's the actual timeline for hotd cause every website i find has different dates (facepalm). so my timeline is adjusted to the closest one i found and honestly the most correct.

btw you guys be interested if i made spinoff books for the kids like [rhaenyra x baelor] or [aemond x naerys] and maybe [jacaerys x brenna]?

ā

fun facts about the kids:

baelor and brenna being the eldest and youngest are hardcore starks, but are excellent dragonriders too. extremely protective and won't hesitate to kill. (brenna's dragon is named winter, can you imagine her going WINTER IS COMING everyday, this girl is unbelievable)

ā

vaegon and alyse are twins, the perfect targaryen children. literal perfection, they inherited all the good traits from their parents lol but they're murderous as hell. they also like to act, speak and dress in the manner of the free cities to remind everyone that they were born there. my favs tbh.

ā

aerion and naerys supposedly look more like daemon, ironically they're the only peacekeepers in the family. like viserys, they just want everyone to get along. poor babies. they're literally the only unproblematic ones.

btw thank you everyone for reading and supporting this story!! 🙏

love you guys ugh i'm sorry if i don't reply to everyone's comments! watterpad doesn't show me everything and my sleeping hours is messed up right now (it's almost 6am and i need to catch some sleep but i'm also hungry zz) xx

Translation:

"Iksä iä bösa ñuhoso hen lenton" you are a long way from home.
