Soon you go dey talk nonsense.. Guy you don mad o... (guy you are mad) Riley "No, seriously I thought say na illusion but na real o, see wetin I find for the place. I showed him the necklace, he collected it and examined it for a while, I was hoping he would see the sense in what I was saying but before I knew it, he threw the necklace back at me. Lio "Guy go sleep, I think say your head no correct maybe if you sleep you, your head go format that nonsense and tomorrow you go think like better person. (guy go and sleep I think that your head is not correct, maybe if can sleep I think your head will be in good format) Riley "But the necklace... Lio "Guy!? No disturb me... That necklace na junk, if you go market, you go see something like this, maybe na one idiot come throw am way..... Ghost ke? Abeg sleep. Lionel pulled his blanket over him and went to sleep... Well at least he listened to what I had to say.... But I definitely know I saw something and this necklace isn't something someone threw away cause I go to the Iroko tree every day, so there's no way I couldn't have possibly seen this. After staring at the necklace for a while, I felt asleep. The next morning at Campus, I went straight to class to receive lectures, as I entered my friend Khalid snuck behind me and gave me a good wallop on my back... WAPOW!!! Khalid "Shege yaro..... Riley how far? Riley "Guy must you always do that? Khalid "Sorry but I always tell you, you have to be aware of your surroundings, you're lucky it wasn't a thief. How was your night? Riley "Strange... Khalid "How strange? I told him exactly the same thing I told my brother, after I had finished telling him that, he gave me a stare as if I was blabbering nonsense. Khalid "Wait... You mean to tell me you saw a woman and she disappeared? Riley "Yes.. Khalid "Mallam are you sure, you didn't fall on your head last night? Maybe you're still dreaming... Riley "Look, I'm serious... I know what I saw... Khalid "An illusion! Haba Mallam, if you had really seen her disappear, you would have ran away... But you stayed... Who do you think you are..... Superman? As we were talking my other friend came, Tina an Igbo girl who hates nonsense and is very serious, and she's not the person I can tell this to. Tina "Wassup guys? Khalid "Ehn Tina fine girl, how far? Tina "Khalid, better watch your mouth... Khalid "Sorry, ehm listen... Can you believe what this guy is saying? He saw a lady that disappeared last night. Tina "disappeared? I dont understand as in did she run? Khalid "No as in disappear into thin air. Tina "Riley... You're starting to lose your nuts... Khalid "Which nuts? The up or down one? Tina "You know what I mean... See Riley, I suggest you go and see a doctor, this witch and ghost stuff you're into is getting into your head that you're starting to see things. Khalid "Definitely and speaking of seeing things have you guys noticed that new girl that came to this campus? Tina "The transfer student that doesn't talk to anyone. Yes I've noticed her, she's quite strange if you ask me. Khalid "And a fine ass, if you ask me.. Tina " (poking Khalid) is that all you know? Jesus.... Khalid "And she's also a history student as well Tina "Don't even bother, she doesn't talk to anyone. Riley "Maybe she like to be left alone but how come I didn't know of this? Tina "What? Its been 3 days now and you don't know... Khalid "He's too deep in his supernatural nonsense to know what's going on. Riley "Khalid, you're mad... And its not nonsense. Tina "It is... As we were talking our Professor, Abiyola came into the class to give us lectures, as soon as he entered everyone went back to their seats. Its not like I didn't know about the new girl being transfered here in this institute its just I didn't give a damn about it, though what I find surprising was, how was it possible to transfer a student from a different institute to another, and to a final year class? How.. Well, the girl must be from a very rich family, if not that wouldn't have been possible, cause in Nigeria when you have money and power, anything is possible. After lectures, I went to the cafeteria to have something to eat, as I arrived there, my so called girlfriend Rukky Ferdinand rushed at me giving me a hug! Rukky Ferdinand is the type you call slay queens or mamas, she's too materialistic and proud of herself, she's beautiful but that's thanks to all these bleaching creams and expensive lotions, we started dating back when I won the Universal history contest, of course her love wasn't real, it was so because she wanted to be known as the girlfriend of a brainy. Despite all that, I do get the ass most often, and she's a good Fuck, she claims to love me and all but I know I'm not the only dude she sees. Rukky "Hi baby! Riley "Hey Rukky, how're you doing? Rukky "I'm fine... You haven't been on the zone, I tried calling you but you haven't been picking my calls. Riley "I know baby, I've been busy lately. Rukky "That's okay,.... I'm hungry baby I need something to eat. Riley "okay, what do you want? Rukky "Uhm... Shawarma, burger 🖨 chips 🖤 and a soda... Riley "You know this Cafeteria doesn't serve soda and burgers except maybe Shawarma. Rukky "Okay, that will do... I want 5 of those with a bottle of Pepsi.. Riley "Five? You're going to eat five? Rukky "Not me silly me and my girlfriend's over there. Riley "Baby I only have enough money for two and that's you and me! I can't afford them all. Rukky "Haba, Riley why do you always ruin things up? Riley "Well, I can't go hungry just to please your friends, its either I buy you one or don't buy any for you at all. I gave her the money for her own share and bought mine, I left her standing there and went to have a sit, as I was looking for a place to sit, many of the girls were signaling me to seat with them but I wasn't interested in girls at the moment, Luckily I found an empty sit and went there straight to it. As I was eating my snack, Everyone in the cafeteria began to murmur and look at a particular direction, as curious as the rest of the people I decided to check it out. The mysterious girl whom everyone was talking about came into the cafeteria, she didn't talk to anyone, she just came and ordered what she wanted to buy, Khalid was right about her, she was really a fine piece of ass, she had a light skin but not that light, more like a light chocolate skin, her hair was long and silky like those Indian or Arabian ladies, as for her structure, she was a perfect figure eight, except her dressing was quite odd like the way Goths or rock stars dress, she had a headphone natural her neck, and her nails were painted all in black, despite how moody her face was, she was a real beauty and she would have been more beautiful if she smiled, her stare was cold and motionless, she stood like she wasn't alive. As soon as she got her snack from the shop owner, she left just as she came, everyone began to whisper and talk about her. Rukky and her friends came to my table hoping to know if I knew the girl. Rukky "Riley, did you see that girl? Riley "What kind of question is that? Of course I did. Rukky "I heard she's in your department... Do you know anything about her? Riley "Nope... Why should I?

So after I returned from school I went to the library to see if I could find anything about this necklace I found, as I gathered all the ancient religious books, i found something about the sign on the necklace but I already knew what it was after that I found nothing, I kept reading and searching but nothing was still found.

Hours later, I went back home to relax as I entered my mom, began to ask questions.

After I was done eating, I left the Cafeteria... Hours went by and the lectures sessions were over, while some went to the hostel, I

some people were missing and there was no trace of it.

To be honest, I began to get worried a little cause this wasn't something new, for some months now people have gotten missing and not many of them have came back alive, some where found with their eyes white and foams in their mouth, while some where found shrunken completely as if they were HIV patients.

As soon as I was done eating, I went back to my room to sleep. As I was resting in my bed, My brother Lionel walked in fuming

After mom left I sat down and began to eat my meal, as I was eating, the news on the TV began, the newscaster reported that

Lio "That girl dares to hurt my manly pride?

. Riley "Which girl?

Riley "So you've approached her?
.

Lio "Yes, I was with my friends when I approached her, she just walked passed me like I wasn't even there... What an insult.

Lio "But she should just said she wasn't interested, but why the snub? I hope she remains alone forever... Women like her always remain lonely and unwanted.

Riley "Maybe that's what she wants. Good night joor, let me sleep.
.

Lionel removed his clothes and went to bed still murmuring to himself, I don't know what is so wrong with what the girl did, after all its not by force..

As I was about to go back to bed, our window opened forcefully and a gush of wind entered our room, it was odd but the cold season was approaching so...

I stood up and went to close it but as I was about to do that, I saw that same figure I saw last night, but this time it was facing me

but I couldn't see anything just black shadow, in an instant, it disappeared just like it did, yesterday... This was no illusion or
