

Chapter 6 First step

Witches lust

Episode 6

#Riley

After that she left, I stood with mouth agape looking at her as she went.. She talked to me? She actually talked to me? Impossible... And her voice.. Oh my God.. I must be dreaming..

As it turns out, Khalid and Tina were behind me and they saw everything.

Khalid "Guy, wetin you do to the girl?"

Tina "I can't believe it... She actually talked to you..

Khalid "She even smiled... Riley.. You have it the jackpot..

Riley "Abeg shut up, not everyone is like you.

After that, we all went back to the class, to receive lectures, throughout that day, I felt a happy feeling that I've never felt before.. This bewitching beauty actually talked to me.. God why I'm I so happy about it.. It's just a normal thank you, that's all.

After lectures was over, I decided to go over to Rukky's place and apologize to her..

As I got there, I knocked at the door waiting for her to open, it took 5 mins before she came and open the door, and as she did, I was surprised to see how she looked.

She wore a loose T-shirt and from the looks of it, she wore nothing under that cause I could see her nipples pointing out on the shirt, and then she wore a sexy g string pant, her hair was unbraided and she looked at me as if I was a stranger.

Rukky "Yes?"

Riley "Look Rukky, I came to apologize to you, for what happened today.. I didn't mean to kick you out, I'm sorry..

Rukky "Ehn later, you'll be barking at me, I'm your girlfriend, you shouldn't be treating me like that In front of people, besides I have a reputation to maintain..

Riley "I'm sorry that won't happen again but next time.. Try to do this nice and quiet.. Okay?"

Rukky "Sure baby, besides come on in, I really need you to make me feel loved..

Rukky dragged me in closing the door, after that, she reached out and grabbed me, planting a sweet kiss on my lips, I grabbed her ass fondling it hard and good, we kept kissing, touching each other's body, I groped her breasts massaging it softly, Rukky let out a sweet moan as she felt my hands on her milk factory, I felt Rukky's hand unzip my trouser as her hands reached down for my dick, she grabbed my balls squeezing them softly, my dick reacted to her touch and it was hard and ready to go..

I picked up Rukky and took her to her bedroom, as we reached there, I dropped her on her mattress, and quickly removed my clothes, I climbed on her bed reaching out to her, we continued kissing and touching each other, Rukky stroked my dick with her two hands while I finger banged her cunt... She was really wet.. I leaned down and sucked on her breasts softly biting her nipples, Rukky shouted hard, grabbing on to me, she stretched her legs wide open, and slowly inserted my dick into her warm cunt.

I let out a moan, as I felt the warmness of her pussy on my dick, her cunt was loose but it gripped my dick tightly, I began to pound her, pushing my dick deep into her cunt.. Rukky raised her legs high balancing it on my shoulders as I gave her what she asked for, she moaned harder holding on to my ass, as my dick penetrated her.

I twisted my waist pushing my dick in a fast rhythm into her cunt, her pussy was squashing the life out of my dick and it was sweetening me.. I pleased her harder and faster pumping in and out of her pussy, her body jerked with every thrust of my dick, her breasts bounced wildly, roaming all over, I latched onto them with my mouth sucking on them, Rukky began to shout louder and harder, grabbing onto her pillows, she was sweating from her head to her stomach area, I continued banging her, stroking and thrusting my dick deep into her.

We kept banging for minutes in the missionary style, her room was filled with our moans and smacking sounds of sex, I kept hammering her cunt as hard as I could..

My dick was tingling me and I felt like I was about to cum, but before I could do that, Rukky switched position, I laid down while she mounted on top of me, riding me as hard as she could, she twerked her hips and waist grinding her pussy on my dick, God... She was good at this, she rode and bounced hard on my dick, Her breast flapped and bounced wildly as she rode me, I grabbed on them massaging them and then pinching her nipples, Rukky shouted hard and she continued riding me faster and faster until she finally came hard squirting all over, she shouted and her body shook as she did that, as for me after she came, I kept pounding my dick into her, my dick was tingling out of control and I was about to cum but before I could pull out, I had already released my cum inside her.. God it felt good!

I pulled out my dick from her pussy, and watched as my cum drip out of her pussy, Rukky laid down on my body gasping for breath.. I couldn't remember when I last came like this... This sex was awesome.. After that, my mind went back to Sorceress.. and remember what happened between us... Who knows, maybe we could become friends but you can never know..

After I had rested I wore my clothes and left Rukky's hostel room and went back home.. By the time I came out, it was already evening.. So I hastened back to the house but before I could reach home, I saw something in front of me and I couldn't see it's face but it was certainly human, but what happened next felt strange, the trees around the area began to look like monsters, the branches reached out grabbing me tight, I shouted hard in pain trying to break loose but it won't budge, the branches stretched me out like the way goats are stretched out of dry after being slaughtered, then the creature, came in front of me, it was a woman, her eyes were red and her nails were long and sharp, her tongue was that of snakes, she pricked her nails in my neck and blood came out of it, she licked it and shouted in delight then she looked back at me, licking her lips....

Witch "Oh Mephistoph, you've granted me a meal tonight, Satan you're to be praised. Boy, you taste wonderful, I hope you've had a good life cause I'm going to devour you clean, inside out (laughs).
