Late in the night in the outskirts of Ibadan... Silence dominates the cold harmattan night, gentle breeze blows, everything was quiet in perfect harmony that you could hear a pin fall

.. Then all of a sudden a loud scream breaks the silence, a sound of struggle could be heard as a man tries desperately to escape for his dear life but he was no match in speed as the thing or creature chasing after him...

Within seconds , he was caught up by his pursuer, he does all he can to fight back but he fails... He was no match in power with the thing he was struggling with...

The creature after pinning the man down begins to eat the man Alive taking a chunk out of him.. The man shouts in pain.. Begging to be rescue but it was late in the night and in the middle of nowhere.. Help was not going to come..

Man "(shouting in Yoruba) "Enikan ran mi lówó", Ahhhhh!! Iya mii o... Ahhhhhhhrrrr!!! O n je mi oo".... Olorun gba miiiii... Ahhhhhgggrrr!!!! (Someone save me... My mother... He's eating me... God save me)

Lucas "Oh Lucifer be praised... This man is delicious... Hmm, (eating the man's flesh)

Man "AHHHHHHHRRRR!!!!!!!!!!

Lucas devours the man with minutes, eating the man whole... After that he bleches so loud, his breath could knock down a small building... But despite that he wasn't satisfied.. His stomach growls loud into the night.. Lucas begins to jump from tree to tree looking for more people to devour..

He spots a big rat running back to its hole but before the poor creature could enter its dwelling, He catches it and throws it into his mouth.. He chomps on the flesh of the rat like chewing gum... After chewing it all, he spits out it's bones... But he still wasn't satisfied.. He grumbles under his breath and he holds his shrunken belly, his body is so skinny that his flesh stuck to his bones.. His face was deformed and his posture was bent.. He sniffs around the air to sense any living creature near by..

But in the process of doing so... He was struck down by a blast of fire... He shouts hard and loud into the cold night.. He jumps back to see who attacked him but he couldn't see anything, the next thing that followed was a gush of wind , The wind grabs Lucas and smashes him hard into the ground, The impact of his crash shook the area!

In that moment.. Rose appeared standing over him... Lucas surprised to see her begins to shout at her...

Lucas " You B\*tch.... You could have killed me!

Rose "(laughs) Yes I could have... It's been a while Lucas..

Lucas "Yes it has...

Rose " Whew... Look at you... You look ugly and deformed and you stink awfully.

Lucas " What do you expect? Being buried alive for 300 hundred years isn't easy.. How did you find me?

Rose " I have my ways... What I want to know is.. How did you escape and on what did you survive on..

Lucas " I don't know.. But as for what I survived on... May Satan curse that bastards that condemned me to this fate... Because of them I had to feed on worms and rats to survive.. Being trapped miles under the earth was tortured beyond anyone's imagination... No air to breath and the sands keep entering your body... I swear I'll have my revenge..

Rose " Don't be stupid Lucas.. You should know you can't fight the witch council.. You're no match for them.. They've sent witches hunt you down but this time.. Your punishment will be immense... You were to spend a thousand years under ground and you've spent three hundred now that you've escaped your punishment will be doubled..

Lucas "So what now? You're here to capture me!?

Rose " No silly.. Just came to visit you.. And Oh... I brought you a little home coming present.

Lucas "Which is?

Rose " My boyfriend and a friend of mine who's a pain in my ass always preaching to me about their Lord and all... God she never keeps quiet..

Lucas "I've spent 300 years under ground and you're befriending the humans... You've become soft and weak Rose....

Before he could finish, Rose strikes him hard with a lightning bolt, which hurls Lucas high above the high, Rose again brings him down with another lighting blast bigger than the first down... The impact of Lucas and the lightening crashing to the ground causes the surrounding to shake as if an earthquake was going to erupt..

Rose goes over to Lucas matching his throat with her legs..

Rose " Listen to me you filth... Its seems your time underground has made you forget who I am.. Even the devil himself is afraid by the mere mention of my name... You think I like the humans? No.. I hate them... I despise them.. Seeing them smile all the time makes me sick.. I love hurting the humans more than anyone.. So let me remind you.. Don't ever call me weak or soft else... I'll end you before the council gets hold of you again... Do you understand?

Lucas "(chokes) Yes.. I'm sorry..

Rose "Good boy .. Now here's your treat enjoy!

Rose snaps her fingers, teleporting two individuals, A guy and a lady.. They were tied and they looked messy, their clothes were torn and they was bruises all over their bodies..

Lucas "What happened to them? You expect me to eat this?

Rose "Beggars can't be choosers! Now eat or I take back my toys..

Felix "Please baby.. Don't kill me.. You know I love you... And you love me too.

Rose "(laughs wickedly) Love? Really? You were a good fuck but Love.. No way.. Start with him Lucas...

Lucas jumps on the guy opening his mouth wide like that of a snake and bites The guys head off clean.. The guy's decapitated body falls to the ground as blood gushes all over the ground... Lucas continues to eat and devour him with haste..

The girl seeing what had transpire next to her begins to pray loud, begging the Lord to deliver her from this horror.
