## Chapter 19

"I didn't offend you, and I didn't do anything wrong. You poured a cup of coffee on me for no reason and ruined my clothes! Either you wash the clothes or you give them to me I'm sorry

With the word "apology", Zhao Tong's heart is very hard to bite, and a touch of anger rarely appears on his delicate face.

The sudden action frightened the little secretary on the path in the corridor.

Mia is more incredible stare round a pair of beautiful eyes, a little don't believe in ordinary days looking at the submissive Zhao Tong Xin actually have so much courage!

"You let go! Do you know what you are doing now? " Mia's voice was shrill because she was a little nervous.

"I'll let you go if you apologize!"

"You Zhao Tongxin Mia grits her teeth!

Ye Rui, who had just reported to the Secretary Department, was shocked by the noise of their confrontation. She turned her slender leg and walked straight towards this end, carrying a delicate bag in her hand.

"It's nothing to make a noise in the company early in the morning! You don't have to work anymore! "

Listen to is the voice of the Secretary General Ye Rui, originally the colleagues who watched the excitement suddenly disappeared.

Mia simply gritted her teeth and cried in a mournful voice.

"Secretary General ye, you've come to help me judge. A little rookie actually tells me what to do and asks me to apologize by pulling my clothes! What a reason

At this time, no one noticed that the man coming out of the VIP elevator from afar, with a steady and sonorous pace, approached slowly from afar.

Naturally, he also saw the bustling trouble place. His cold eyes came straight. He saw Zhao Tongxin who was besieged in the middle. The helpless little woman had no fear. Her red lips were open and closed, as if she was defending something with others.

He and she came to the company only a few minutes apart. How could they get into trouble so quickly?

With a straight and capable long leg, Jin Zhengting walked there without hesitation -

"Mia! It's you who do wrong! You pour coffee on me indiscriminately. How can the villain complain first?"

Zhao Tong turns to see Ye Rui, "secretary general, I don't like to make trouble, but I won't let others frame me up!"

"Framed? I still need to frame you! It is true that in a university where there are three kinds of students, only those who rely on men to be superior can be taught! "

"Pa!"

Raise your hand and give it a slap!

The crisp slap sound exploded in everyone's ears, and Jin Zhengting's steps were even more exciting.

Zhao Tong Xin's wrist fell, and she was also shocked, and Mia immediately felt a hot piece on her right cheek.

Without looking in the mirror, she could clearly see that her face must be swollen!

"You! Zhao Tong Xin! How dare you hit me

was laughed at by Zhao Tongxin in front of her eye shadow, and at this time Zhao Tongxin was severely slapped.

If she doesn't come back at this time, her name won't be Mia!

In a hurry, Mia raises her hand and fans Zhao Tongxin's face without hesitation -

as a bystander, Secretary General Ye Rui just picks an eyebrow to see what's going on. She just waits for Mia's slap to settle down, and then she just needs to scold her.

Kemiya's slap didn't fall from the beginning to the end, but was stopped by a powerful hand -

Ye Rui's eyes went up along the Navy Blue cuff until Suo Xun came to Jin Zhengting's cold face, and she was dumbfounded for a moment.

"Jin Mr. Jin Ye Rui never thought that such a farce would be hit by Jin Zhengting!

Mr. Jin?

Zhao Tong Xin is also slightly stunned, stunned.

The sharp pain from her wrist stimulated Mia's senses, leaving her no time to care too much. However, the sound of "president Jin" also made her pale and her pretty face twisted.

Jin Zhengting stood on Zhao Tongxin's side with a cold and hard body, and his tall posture covered the three women at the same time.

He held Mia's wrist in his right hand, so strong that Mia's face looked painful.

The whole 17th floor of Jin's mansion is boiling!

"..... Mr. Jin! I'm in pain, really! Can you let go of my hand Mia cried for mercy. It seems that her wrist is about to be twisted off!

Jin Zhengting's whole body exudes a chill, "if I remember correctly, the group staff regulations clearly said that female employees who beat, scold and fight during working hours will be expelled from the company!"

Jin Zhengting's hand suddenly loosened, Mia immediately lost her support, and her legs were so weak that she almost fell down.

But Jin Zhengting's last words made her pale.

"Mr. Jin, it's none of my business! It's Zhao Tong who makes trouble! She also slapped me on my face! I just want to give it back Who knows..." Mia is discontented. She can see the brilliance when she first arrived at the company. Her curly hair hangs down at the temples.

The more she said, the smaller her voice went down. She looked helplessly at Jin Zhengting's handsome face, "who knows you're coming..."
