Chapter 461: God's Greatest Plan (1)

Other than continuing her summer vacation of eating, sleeping, watching dramas, and playing games, Shi Yao had a small climax on August 1st.

It really was a small climax.

To Shi Yao, this small climax was even more exciting and exciting than a big bag of snacks that she had picked up while walking.

In truth, this little orgasm could have happened on July 31st, but it was a pity that on the afternoon of August 1st, Shi Yao was so bored that she decided to take a stroll on Weibo just to pass the time.

Then, she realized that her Weibo actually had a red number of 999 + notifications.

The first thought that came to Shi Yao's mind was that she had stolen the Weibo of a certain Big V in her dream.

After she opened her profile page and confirmed that the Weibo name [Yao loves ice cream] and her profile picture were all hers, she uneasily clicked on the notifications.

The majority of the messages She swiped through the screen for a while before realizing that the majority of the messages shared by everyone were.., "Why didn't my idol choose me?" "I missed out on 10 billion!" "Hubby, how dare you dote on another girl behind my back?"

Idol? Hubby?

Er... is he calling me?

Shi Yao blinked her eyes in excitement. When she opened the Weibo that everyone had shared, she realized that the idol and hubby that everyone was referring to was Legend.

In truth, everyone had intended to share Legend's Weibo as well. As for her... it was only because she was tagged by Legend that she was able to benefit from it.

Eh? That's not right... why did the male why did the male ?

Shi Yao hurriedly browsed through legend's reposts, "Search newn0vel.org on google" and she couldn't help but lower her head and kiss her phone screen excitedly.

Updates by

She had actually been chosen by legend as the lucky one among the 100,000 + reposts, and she even received a ticket to the SDL finals.

Not too long ago, she and Mister Numbers had been discussing whether or not she would win the lottery. Who would have thought that her dream would actually come true!

Shi Yao excitedly browsed through the contents of her Weibo several times before her face couldn't help but Redden slightly.

My God actually tagged me... There were so many girls retweeting my weibo, but he just had to choose me. This is clearly fate arranged by the heavens!

What's the saying? The heavens arranged the greatest!

So, I can't defy the heavens. I have to go to Shenzhen to see my God!

Did this count as the distance between her and her idol... getting closer by one step? Was there going to be a second step, a third step, a fourth step... all the way to step 99..

As she thought about this, Shi Yao began to giggle. Her face turned even redder, and her eyes lit up as if they were glowing.

..

On August 6th, the SDL competition officially kicked off.

Shi Yao's daily schedule of eating, sleeping, watching dramas, and playing games had changed to eating, sleeping, playing games, and watching the competition... it could also be said that she was watching her Prince Charming.

The SDL competition was based on the points system. The first ten matches were the preliminaries, and a total of 100 teams participated in them.

After the preliminaries, the top 60 teams would compete in the semi-finals and finals.

The points system was based on the rate of chicken consumption and the number of kills. Of course, if you were killed, the corresponding points would be deducted.

In this world, there was a kind of person whose existence was destined to shine and make people envious.

And Legend was such a person.

He was very strong, or in other words, he was as strong as ever.

Chapter 462: God's Greatest Plan (2)

From the first day of the match, his performance had been very stable. It was as if he had switched on a cheat. There wasn't a single flaw, and he hadn't made any mistakes.

In one match, his three teammates had all died ten minutes before the start of the game, leaving him alone.

Even the commentator felt that team AE's match was very risky. However, the final result wasn't very risky, but rather very flashy.

Not only did Legend single-handedly charge into the finals, he even single-handedly wiped out the entire EK team, which had four surviving members, at the very last moment.

This match was very exciting, exciting, and hot-blooded.

Legend, who had already been famous all over the country, was unquestionably on the Weibo trending list after the match ended that night. On top of that, he had also gained countless fans and followers.

Ever since Yao won the lottery, he had never posted on Weibo again. Due to the ongoing competition, his popularity had skyrocketed, and the number of comments under that Weibo post had exceeded 100,000 + . As a result, Shi Yao's Weibo had become very lively as well, even though there wasn't a single comment that was related to her...

Shi Yao, who rarely posted on Weibo, liked to spend some time on Weibo recently due to

As she watched more and more people calling her Legend's idol, husband, and boyfriend... she couldn't help but sigh in distress.

With so many people thinking about her idol, the pressure was immense... but it was a good thing that she and her idol were fated to be together!

Without any suspense, team AE managed to clinch a place in the finals with a score twice that of second place.

And even before the start of the finals, Shi Yao, who had already obtained the tickets to the finals, had already begun preparing for her trip to Shenzhen.

She had thought that there would be many things to prepare for a long trip, such as plane tickets, hotels, and meals..

But three days before the finals, Shi Yao received a call from the staff of AE Battle team, informing her that not only would the lucky one be able to obtain the tickets to the finals, they had also arranged for the plane tickets and accommodation, they were hoping that she could provide them with an email account and send them the exact itinerary and address.

Updates by

So it turned out that she had won a huge gift bag this time!

Shi Yao happily informed the staff of her QQ email account, and not too long later, she received an email.

She had a round-trip flight, a hotel address, and even a taxi to take her to the airport. Not only that, her flight had even been arranged in advance, and she had many things that she needed to prepare in advance, all of a sudden, she only needed to prepare herself.

However, there was one thing that she still had to mention.

During the month of August when Mister Numbers and Lin Jiage went missing, Shi Yao made a new friend.

This new friend was a male streamer who used the same platform as Legend when they were livestreaming.

She met this new friend around the 78th of August. On that day, while she was playing a game with expert juice, she accidentally matched up with a passerby.

The passerby's name was [desolate year] , and when Shi Yao saw his name, her first thought was that he was definitely an artistic young man.

However, it was only after the game started that Shi Yao realized that the artistic young man was a cock-eating boss who was full of slutty words.

Less than five minutes after the game started, [desolate year]'s words had already made Shi Yao laugh at least ten times.

For example, the moment the four of them landed on the ground, [desolate year] picked up a gun and recited, "Hit the women and children first. Let the women and children go first." After which, he rushed over to engage in a close-range gunfight.

Chapter 463: Little Junior's Cheating (1)

Another example is when [year of desolation] runs out of bullets and is chased by people with trolls, he will shout, "Little brother, little brother, don't hit me, I'm Pregnant!"

Another example is when [year of desolation] is fighting with people and Snakeskin. When he is shot by someone, he will say, "Please let me go, I'm the hope of our village."

Another example would be when [desolate year] accidentally bumped into a person while running a drug operation. [desolate year] would say, "I won't fight with you because I'm different from you. I'm here for a blind date. I'm Super Sweet."

Another example would be when [desolate year] killed a person. He would say, "Boss, your Shun Feng Express delivery has arrived. Please sign for it."

Throughout the entire game, [desolate year]'s mouth didn't stop moving. Shi Yao couldn't help but ask him, "Why are you talking to yourself all the time?"

[desolate year] hadn't replied to her yet, but [expert of the monkeys] picked up on her words and said that they might have found a live streamer.

[desolate year] picked up on an expert's words and said that he was a live streamer. On a certain platform, his name was [desolate year] , and they were all welcome to watch his live stream.

Shi Yao happened to have downloaded the live stream platform, so after her death, she went in to search for [desolate year] . As expected, she saw his live stream, and she even saw her name on his live stream page, which had turned gray after her death.

Not everyone could compare to Legend. [desolate year]'s popularity was nothing compared to Legend's, but compared to the overall statistics of the platform, it was still considered a big streamer.

Because [desolate year] had a voice chat with them, her voice was heard by his fans in his livestream room, and quite a few people were flooding the screen.

"Little Missy's voice is so beautiful."

"I beg you to continue playing with little Missy next year."

"I'm staying in Nian Nian's livestream room for little Missy's sake."

Little Missy... is she talking about me?

Updates by

Shi Yao secretly rejoiced for a moment before returning to the game.

Perhaps, [desolate year] was trying to cater to the fans, but after the game ended, they really asked Shi Yao if she wanted to join them in the next round?

[desolate year]'s skills were pretty good, and mister numbers wasn't around either. After some thought, Shi Yao agreed to it.

Just like that, Shi Yao, Juice, expert, and [desolate year] played the game for the entire night. Before Shi Yao went offline, they even added each other as friends.

[desolate year]'s livestream time was very fixed. From six in the evening to two in the morning every day, it happened to coincide with the time Shi Yao played the game at night. Thus, for the next ten days or so..., almost every night, as soon as Shi Yao went online, [year of desolation] would join her and juice expert's team.

As they played more often, they gradually became familiar with each other.

Thus, sometimes, everyone would chat a little.

Then, on the 20th, [year of desolation] would ask Shi Yao where she came from, and Shi Yao would reply to Beijing. [year of desolation] would say that it was a coincidence that he was also developing in Beijing. Then, [year of desolation] would ask Shi Yao what she did for a living? Shi Yao said that she was a student of G University, and desolate year said that the world was really small. His broadcasting company was very close to G University, so they could come out for a meal together when they had the time..

Shi Yao hadn't thought of meeting the netizens yet, so she didn't have any reaction to desolate year's question.

But what she didn't know was that even though she didn't have any reaction to desolate year's question, that night, after she and juice expert parted ways in the game.., the two of them immediately sent Lin Jiage a message: [boss, you're in a crisis!]

Chapter 464: Little Junior's Cheating (2)

The first person to send a text message was Lu Benlai. In order to save on his phone bill, he used Xia Shangzhou's phone.

After sending the text message successfully, Xia Shangzhou snatched his phone back and started typing, "Boss, you've been cheated!"

Lu benlai snatched his phone, "Boss, Little Junior has been playing games with an anchor every day recently."

Xia Shangzhou snatched the phone back, "Boss, if you don't show up soon, Little Junior is going to cheat on you!"

..

In the blink of an eye, it was already August 23rd. As it was a night match, Shi Yao had to take the afternoon flight that day.

When she arrived in Shenzhen, the taxi driver that team AE had arranged to pick her up was already waiting at the airport.

After Shi Yao collected her luggage, she left the airport. After contacting the taxi driver, she headed straight to the hotel.

The hotel is about five minutes' walk from the venue.

Shi Yao checked in one minute and ordered takeout the next.

After she was done eating and drinking, she recalled that the tickets she had gotten for the finals were in the first row of the VIP area, right in front of the competition stage. Legend might be able to see her as soon as he lifted his head, so Shi Yao decided to head out to watch the competition, take a shower, put on some light makeup.

By the time Shi Yao arrived at the competition venue, the line at the entrance was already very, very long. Fortunately, she had a ticket to the VIP area and was walking through the VIP passageway, so there weren't that many people. In just a few short minutes, i went into the infield and found my place.

Shi Yao really felt that she had been a god recently, and that she could do whatever she wanted.

On the massive stage, there were a total of 240 seats divided into 60 battle teams. AE battle team was right in front of her eyes, and that wasn't all. What was even more amazing was that Legend's name was facing the seat she was sitting on.

Updates by

Just as she had imagined in the hotel, Legend was able to see her the moment he raised his head.

Even though the match had yet to begin and all of the audience had already entered the stage, and the pro players had yet to enter the stage, Shi Yao couldn't help but feel her heartbeat quicken as she looked at Legend's name.

What should she do? Her fate with her Prince Charming was simply too wonderful..

Fortunately, she was smart enough to dress up before leaving the stadium.

The match started at 7 am, and around 6:40 am, the shoutcasters had already started their speculations about the match.

Around 50 am, the shoutcasters began to announce the names of the teams. When the teams entered the stadium, they introduced the members and coaches of the teams one by one.

AE Battle team was the last to enter the arena. Before the shoutcaster could announce the name of the battle team, the entire arena was already in an uproar.

As the members of AE Battle team entered the arena, the screams and cheers never stopped. Legend walked at the back, and by the time he appeared, the already lively atmosphere in the arena had already become even more frenzied.

Just like in every previous match, Legend was still wearing a black mask that covered half of his face.

He was very tall, and his head was slightly lowered when he walked. Even though Shi Yao couldn't see his face or expression clearly, she could still feel a sense of alienation and indifference emanating from his body.

This feeling was somehow familiar to Shi Yao.

Chapter 465: My Prince Charming, I've Let You Down. I've Accidentally Slandered You Again (1)

This feeling was somehow familiar to Shi Yao.

She tilted her head and pondered for a moment, but she still couldn't make heads or tails of it.

After Legend sat down, he took a look ahead.

Male God... is he looking at me?

Shi Yao's heart skipped a beat. Seeing that Legend was still looking at her, she couldn't help but lower her head in embarrassment.

After a while, she discreetly lifted her eyelids and stole a glance at Legend, only to discover that her male god was still looking in her direction..

Shi Yao's cheeks began to heat up.

What should I do? My Male God has been staring at me the entire time. I'm so nervous..

Shi Yao gulped down a mouthful of saliva. A moment later, she mustered up her courage and raised her head once more.

This time, her and Legend's gazes met.

Shi Yao suddenly felt extremely nervous. She was clearly thinking of lowering her head to avoid her idol's gaze, but in the midst of her helplessness, she blinked her eyes at Legend before grinning foolishly.

Legend's gaze lingered on her face for a few seconds before shifting away.

My idol is finally not looking at me anymore... She was a little disappointed, but at the same time, she heaved a sigh of relief..

Just as Shi Yao was about to raise her hand to calm her little heart, Legend raised his head once more and met her eyes once more.

Updates by

Shi Yao panicked, and just like before, she continued to blink her eyes, and the smile on her face grew even brighter.

Soon after, Legend retracted his gaze and didn't look at her again until the start of the match.

I'm so disappointed. Am I not beautiful enough or adorable enough? Why is my idol looking at me twice and not looking at me anymore?

Shi Yao stared unblinkingly at Legend, and when she saw that he wasn't even looking at her, she couldn't help but puffle her cheeks.

Following which, Legend, who was seated on the stage, raised his hand, and soon, a staff member rushed to his side. Following which, the coach of AE Battle team walked up to him with a cap, and Legend took the cap, without any hesitation, he placed the cap on his head. When he lowered his head to look at his phone, he happened to block Shi Yao's line of sight from him..

After which, Shi Yao could only stare at a black cap..

..

There were a total of three matches in the finals, and the points system was still the same as before.

Perhaps Legend hadn't adjusted his condition properly, but in the first five minutes of the first match, he made a few mistakes, and he was frequently beaten until he was on the verge of death.

Just as Shi Yao's heart was about to jump out of her chest, Legend managed to kill one of the members of HR and escape with his life.

Countless screams echoed throughout the stadium.

Shi Yao couldn't help but get excited as well.

Later on, Legend's condition became better and better. From the bottom of the first match, he gradually entered the top 50, Top 10, top 3... Then, after team AE successfully ate a chicken in the first match.., his points reached the top.

Shi Yao's eyes were glued to the match scenes on the big screen the entire time.

Every time she caught sight of Legend, she would always look at him with extreme concentration.

Legend's actions in picking up items were exceptionally fast. There was a door in the house, but he refused to leave and insisted on jumping out of the window.

Especially when he was sniping, the scene of him raising his gun slightly gave Shi Yao a particularly familiar feeling..

Frowning, she thought carefully for a moment before recalling mister numbers.

That was how Mister Numbers acted when he was sniping... it looked casual, but it was deadly.

Chapter 466: My Prince Charming, I've Let You Down. I've Accidentally Slandered You Again (2)

It was really strange. Her Prince Charming was so good, so good. Why would she think of that venomous and vengeful [111111].

Was she slandering her Prince Charming... besides, her Prince Charming had turned into a woman..

Er... Shi Yao couldn't help but shudder.

The scene was too beautiful, so she didn't dare to continue thinking about it.

After the end of the first round, there was a short period of time to adjust.

During these few minutes, the coaches and members of the various battle teams were discussing their tactics and weaknesses from the previous match in a serious and intense manner.

AE battle team was no exception. The coaches and members of the battle team were gathered together and discussing as well.

Legend was the only one sitting lazily on the esports chair. He rubbed his neck with one hand and put the other hand on the table. His fingertips knocked on the table casually.

The coaches and team members discussed intensely, but Legend did not say much from the beginning to the end. He only nodded slightly when someone touched him occasionally.

Although his face could not be seen clearly, the aura around him could be felt. He was lazy. There was not much emotion in what he said to the coaches and team members.

From his posture, it didn't seem like he was here to participate in a competition. Rather, it seemed like he was here to walk the runway..

Eh? Wait a minute, why does this sentence sound so familiar?

Biting her lips, Shi Yao tried her best to recall for a moment. Then, she recalled how Lin Jiage had reacted when she saw him casually standing at the starting line during the three-kilometer dash back in the sports meet, a similar thought crossed her mind. Lin Jiage didn't look like he was here to take part in the competition, but more like he was here to digest his food..

With this thought in mind, Shi Yao slowly came to a realization.

Updates by

It was no wonder she felt that the distant and indifferent aura emanating from her male god was a little familiar... that was a shadow of Lin Jiage..

So, her male God had gone from being like Mister Numbers to being like Lin Jiage?

And her darkness toward her male God had gone from beginner darkness to deep darkness?

Shi Yao couldn't help but start to wonder if she was truly in love with her male god..

But then again, her male god was an existence unmatched in the world. How could mister numbers and Lin Jiage possibly be on par with him?

Mister numbers must have watched her idol's match and secretly imitated his skills. As for Lin Jiage... his idleness was truly cool, but Lin Jiage was just pretending to be cool..

..

Thus, in the next two games, Shi Yao spent one moment thinking that Legend was Mister Numbers, the next moment thinking that Legend was Lin Jiage, and the next moment, saying that her idol had wronged her, and the next moment that she had accidentally slandered him.

Without a doubt, Team AE had won the final championship of this year's SDL.

Before the award ceremony, the organizers had also prepared some small interlude, which was to randomly select a lucky audience member to come onstage to confess their love to their idol.

Shi Yao felt that this kind of test of luck definitely had nothing to do with her. However, in the end, the seat number displayed on the big screen was: row 1, Area C, number 8.

Shi Yao glanced at the tickets in her hands in disbelief, and then at the winning seat number displayed on the big screen. After which, the host invited the lucky audience on stage for the third time.., she stood up as though she was in a dream, and with light steps, she walked onto the stage.

When she stood beside the host, the host greeted her first before asking her who she was supporting?

Chapter 467: I can't Help You, I Can Cheer For You (1)

This question, So Easy!

Shi Yao didn't need to use her brain to say the name "Legend".

"Our L God!"The emcee wasn't surprised at all by Shi Yao's words, then, she asked, "May I ask, as a fan of L God, what would you like to say to him on the stage?"

Yes, of course..

She had liked Legend for so many years, so how could she not have anything to say to him.

Even though Shi Yao had fantasized for countless days and nights that she would really have the chance to meet Legend one day and say something to him, and even though those words were very familiar to Shi Yao, at this moment.., facing the microphone that the host had handed over, she still felt a little nervous.

Shi Yao pondered for a few seconds before silently recalling what she wanted to say, after which, she spoke up, "Legend... regardless of whether you're successful now or in the future, you're still a ray of light in my heart

"I'm not your teammate, so I can't do anything for you, but I can cheer for you

"As long as it's your dream, it's My Dream. I want to be your little fan girl forever."

“In the end, PGI World League, I hope you can win the First World Champion of the game of Jedi Survival!”

The host: “Wow, what you said is really good. Fans of L God always give people unexpected surprises. However, in the face of fans’ confessions, I wonder if L God has any reaction?”

In the past competitions, it was not that there had never been such a segment.

But Legend had always been very mysterious. It was so mysterious that not only did the outside world not know his appearance, but even his voice had never been heard before.

So, after such a situation occurred, most of Legend’s teammates or coaches stood up to help him thank his fans.

Updates by

Over time, when the host encountered a similar situation, “Search newn0vel.Org on google” he would ask Legend what he had to say, not what he had to say.

This was because everyone knew that even if Legend asked, he wouldn’t say anything.

This time, it was no exception. Whether it was the fans, the staff, or the pro players on stage, everyone felt that Legend would be the same as before. All they could do was nod their heads slightly to express their gratitude, after that, the other gifts and words would be handed over to the coach.

In fact, even Shi Yao herself thought that this would be the case.

However, right after the host finished speaking, Legend raised the microphone in his hand under everyone’s watchful eyes. Under everyone’s incredulous gazes, the corners of his lips twitched as he replied, “Alright.”

The entire venue fell silent.

This silence lasted for about ten seconds.

The entire venue erupted in an instant.

Three and a half years, from the moment he appeared in the esports world until now, Legend, who had never spoken in public, had actually spoken.

Even though it was just a single word, and even though it was just a good word, the atmosphere in the room was still a little out of control.

Even Shi Yao couldn’t believe her ears. She stood on the stage in a daze, staring at the young man who was wearing a hat and a mask to conceal himself completely.

— finally, the PGI World Championship. I hope that you can become the first world champion of the game ‘survival of the Jedi’.

— Okay.

Legend, her idol, was responding to her words..

She said that she hoped he could win the first world champion, and he said yes.

I don't know if it was her imagination, but his tone and his reaction, it was like, it was like the champion of PGI, he wanted to win for her..

Chapter 468: I can't Help You, I Can Cheer For You (2)

It must be that the pace between her and her idol was too fast, and it pulled at her brain, causing her to have too many bizarre thoughts.

..

By the time the award ceremony was over, it was already past ten in the evening.

Back at the hotel, due to her idol talking to her, Shi Yao was so excited that she couldn't fall asleep. Thus, she logged into the game.

It wasn't a surprise at all. [juice] and [expert of the monkeys] were currently in the game.

Shi Yao waited for a moment, and seeing that the two of them were done, she applied to join the room.

It wasn't a surprise at all either. After Shi Yao entered the room, [desolate year] also applied to join the room.

A second after [desolate year] entered the room, Shi Yao heard his voice, "I'm sorry, but I might be stuck during the livestream at the hotel today."

Shi Yao couldn't help but ask, "Outside?"

[desolate year] : "Yes, in Shenzhen."

Shi Yao was a little surprised. "What a coincidence."

[desolate year] : "You're also in Shenzhen?"

Shi Yao: "That's right."

[desolate year] probed, "You're not here to watch the SDL Finals, are you?"

Updates by

Shi Yao: "That's right. Could it be that you're here as well?"

[desolate year] : "It's fate, Big Brother! Which Hotel are you staying in? Don't tell me you're staying at the Marriott near the competition venue?"

Shi Yao was even more amazed. "Eh? How did you know?"

[desolate year] : "I'm staying here as well, so I made a wild guess."

Shi Yao was speechless.

[desolate year] : "Since it's such a coincidence, do you want to have a midnight snack later?"

Midnight snack... Shi Yao swallowed a mouthful of saliva. Just a moment ago, she had been too excited by her Prince Charming, but now, she realized that she was really hungry.

[year of famine] : “We’re planning to eat crayfish. There’s a crayfish restaurant in Shenzhen, and the honey sauce is delicious. Do you want to join us? If we’re going, we’ll gather at the lobby on the first floor of our hotel around 12:30...”

Crayfish... Shi Yao couldn’t help but swallow another mouthful of saliva. She felt as if her stomach was already starting to grumble.

..

Returning to his hotel room, the first thing Lin Jiage did was to heat up the bathtub that was covered with a disposable shower bag. After which, he turned on his phone, which he had finally gotten back into his hands.

It had been a while since his phone had been turned on.

With the constant notifications, Lin Jiage casually placed his phone on the table beside the bathtub and went to wash his face.

After the water in the bathtub was more or less drained, he opened a bottle of red wine and lay down in the warm water. Listening to the soothing music of the hotel, he picked up his phone and began browsing through the unread messages that he had accumulated over the past few days.

First, he searched for Shi Yao’s name in the text message, and... There wasn’t a single unread message.

Then, he searched for [Yao loves ice cream]’s name in wechat, and... There wasn’t a single unread message.

Then, he went to Shi Yao’s [slutty and lascivious] wechat group and browsed through all of the 999 + messages from start to finish. HM... Shi Yao said a lot of things, but not a single one of them was related to him.

Lin jiage suddenly felt very disappointed.

He stared at his phone screen in a daze for a moment before looking at the other unread messages.

He had always felt that Xia Shangzhou’s messages weren’t important, so even though he was at the top of wechat, he still chose to be the last one to look at his messages.

“Boss, you’re in Danger!”

You’re the one in danger! Your entire family is in danger!

“Boss, you’ve been poached!”

Their family was very safe. They probably didn’t even touch the corner of the wall before they went to have tea with the police uncle.

“Boss, Little Junior has been playing games with a live streamer every day recently!”

[I recommend a book, my daughter’s, ‘raising a sweet wife: Hubby, see you in the future,’by Shan XI]

Chapter 469: Planting Red Apricots Into A Flowerpot (1)

“Boss, Little Junior has been playing games with a live streamer every day recently!”

Lin Jiage’s eyebrows knitted together, and a sense of crisis immediately crept up his entire body.

“Boss, if you don’t show up soon, Little Junior is going to have an affair!”

Lin Jiage abruptly sat up from the bathtub. Due to his overreaction, he knocked over the wine glass placed beside him, and red liquid spilled all over the floor.

He had no time to spare, so he raised his phone and dialed Xia Shangzhou’s number.

Xia Shangzhou was probably playing with his phone right now, so he picked up the call swiftly. “Boss, you...”

Faced with Xia Shangzhou’s passionate voice, Lin Jiage coldly interrupted him, “What do you mean by cheating on me?”

“Having an affair with another woman?” Xia Shangzhou asked doubtfully. Following which, a few tapping sounds could be heard from the keyboard, following which, Xia Shangzhou began reciting as if he was reading a book, “Having an affair with another woman means that a red apricot flower has pierced through the wall. It can be said that spring is in full bloom, and it can also mean that your wife is having an affair with another woman...”

Lin Jiage: “I scored 150 out of 149 in my Chinese College Entrance Examination. I was only deducted one point from my essay. Thank you.”

Xia Shangzhou: “Huh? ?”

He had probably turned on the speakerphone when Lu Benlai’s voice sounded from the other end of the line, “Boss, please don’t take it to heart. My Grandson’s surname is ‘retard’.”

Xia Shangzhou: “Get lost! My name is ‘retard’, and you’re a Retard!”

Lu Benlai: “You really are a retard when I call you ‘retard’. If your name is ‘retard’, my surname is definitely ‘Zhi’. Do you know what my real name is? ‘Zhi’!”

“...” Lin Jiage cleared his throat in time to interrupt the usual bickering between the two on the other end of the phone.

Lu Benlai braked in time, “Boss, are you asking about Little Junior’s affair?”

After Lu Benlai’s reminder., Xia Shangzhou came to a sudden realization, “Oh, you’re talking about that streamer. Boss, you don’t know that he comes over every day to play games with little junior. He has a lot of slutty words, but little junior seems to like him a lot. He often makes her laugh, and she even praises him for his cuteness...”

Lu Benlai: “That’s right, boss. I’m clearly the cutest, but little junior actually praises him for his cuteness. I’m unhappy, and I have to resist...”

If it weren't for soft bun, he really wouldn't have bothered with these two lunatics..

Lin Jiage asked in a calm voice, "What's the name of that streamer?"

Xia Shangzhou: "Bean sprouts TV. It's called desolate year."

Lin Jiage didn't say a word. He immediately opened bean sprouts TV and searched for desolate year. He had already logged off, but he could see that he had 360,000 fans.

Xia Shangzhou was still on the phone, he was chattering non-stop: "He has quite a lot of fans, and he has quite a few fangirls as well. A lot of people are constantly spamming the screen, saying that aunties love you every year... we're both young people, so how can there be so many aunties loving him? On the other hand, I don't even have a grandma, let alone an Auntie..."

Lu benlai: "The Heck? I didn't think that you would have such a strong taste. You actually like Grandma?"

Xia Shangzhou: "The Heck! I'm just trying to make a metaphor here. Do you understand?"

Lin Jiage raised his finger and rubbed the space between his eyebrows, which had been slightly irritated by the two of them, before asking, "When did they meet?"

Lu benlai: "Early August. We've known each other for half a month."

Xia Shangzhou: "Boss, this person is really here to pry into someone else's side. Let me tell you something even scarier. Just before you called, little junior was still chatting with him in the game!"

Chapter 470: Planting Red Apricots Into A Flowerpot (2)

Lu benlai: "Yes, boss, I can testify. Old Xia and I were discussing how to give you a call when you called!"

Xia Shangzhou: "Boss, the content of their conversation was that they were both in Shenzhen today and were discussing how to have supper later."

Lu benlai: "And the scariest thing was that they were staying in the same hotel."

Xia Shangzhou: "Boss, I can already see a green glow above your head. Don't you know that when they meet in a game like this, they even meet for supper and stay in the same hotel? Once they meet, uh, when they wake up the next day, the two of them will definitely be in the same bed..."

Lu benlai: "That's right. Boss, think about that fellow song chaoxi. Didn't he just meet his girlfriend for supper every day and meet her on the same bed..."

Lin Jiage couldn't take it anymore. With a cold expression, he hung up the phone.

Soft Bun... Cheating on me?

I dare!

Let's see if he doesn't... No... no... he doesn't dare to do anything to me either..

But he can't just let her cheat on him, right?

Lin Jiage thought for a moment before logging into the game.

[Yao loves ice cream] isn't online.

Didn't you say that you're playing a game? What's going on if you're not online right now?

Lin Jiage's heart skipped a beat, and a bad premonition surfaced in his mind. Without any hesitation, he sent a wechat message to [Yao loves ice cream] : [are you playing a game?]

Lin Jiage waited for a moment, but seeing that Shi Yao didn't reply, he couldn't help but send a question mark over.

After waiting for a moment longer, the screen on his phone fell silent, but there was still no response. Thus, Lin Jiage sent another question mark over.

Just as he was about to send a question mark a third time, a message finally appeared on the screen: [Wait a moment, I want to eat supper first.]

Eat Supper? !

Lin Jiage's hand trembled, and his phone fell into the bathtub with a plop.

Still waiting for a while, huh? I Can't wait for even a second. If I could, I wouldn't be a man!

Lin Jiage fished his phone out of the bathtub, and he hurriedly jumped out of the tub. He grabbed two tissues from the sink beside him, and as he wiped the water off his phone, he walked out of the bathroom.

It was only when he was about to reach the entrance of the hotel room that he realized that he wasn't wearing any clothes.

Lin Jiage suddenly turned around, and when he was about to head back into the hotel room, he lowered his head to take a look at his phone.

It was fortunate that his phone was waterproof, so there shouldn't be any problems..

He casually tossed his phone onto the bed, bent down, picked up two sets of clothes, and began putting them on.

Just as he was about to walk out of the room after putting on his clothes, he suddenly thought of something, and he suddenly stopped.

He knew nothing except that she ate midnight snacks..

Shenzhen was so big, and there were so many places to eat midnight snacks. Where could he find her?

Even if he really went through the midnight snacks one by one, it would probably be tomorrow morning by the time he finished?

Maybe the red apricot had already gone out of the wall..

No, no, he had to plant her red apricot in the flower pot as soon as possible. If she grew out of the wall, he would move the flower pot into the courtyard..

But right now, there was no way for him to plant her into the flower pot. In that case, he could only choose to slaughter the malicious people around the courtyard!

Right... Slaughter... The Key was how to slaughter them? And it had to be done efficiently..

Lin Jiage pondered for two seconds before taking out his phone and starting to look for helpers.
