Chapter 601: Sing A “Cool” For Herself (1)

Qin yiran clenched her fingers. She only wanted to leave this place immediately. She ignored Lu Benlai and went around him, wanting to leave.

Lu Benlai quickly blocked her way again. “Classmate Qin, you can’t be like this. You Dare to do it but you don’t dare to admit it? This is really too shameless...”

Shameless?

That’s right. After tonight, no, not after tonight. In a moment, everything that happened here will be spread to the ears of every single student in G University. When that time comes., she, Qin Yiran, would end up even worse than what happened on the forum last semester..

In any case, she was going to die anyway. So, why didn’t she drag someone down with her before she died?

That’s right! She had witnessed such a huge scene just now, and she was stunned for a moment. How could she have forgotten that she had never hit Shi Yao before? They had forced her to take a lie detector test, but she didn’t have to talk about the forum at all., she could tell the lie detector that she didn’t hit Shi Yao, but Shi Yao did..

Even if she was the one who slandered the forum, even if everyone knew that her reputation was ruined, Shi Yao wouldn’t be any better off... who wouldn’t know how to play the game of mutual destruction?

With this thought in mind, a hint of viciousness flashed across Qin Yiran’s eyes. The next moment, she nodded at Lu Benlai and said, “Alright, I thought we were going to have a lie detector test? Let Me Test it for you guys...”

With that, she turned around and walked up to the polygraph. Following Lin Jiage’s demonstration, she said to the polygraph, “I wasn’t the one who dragged Shi Yao into the Forest Tonight...”

But upon hearing those words, Shi Yao’s legs went limp, and she nearly fell to the ground.

She knew that Lin Jiage was a burden, so she understood that she would rather believe that there were ghosts in this world than to believe in Lin Jiage!

It was a pity that her superb acting skills were ruined by Lin Jiage just like that..

“... Shi Yao was the one who tricked me into coming here. I didn’t hit Shi Yao, I didn’t even lay a finger on her. From start to finish, it was Shi Yao. She hit me...”

It’s over, it’s over, it’s over... At this moment, all Shi Yao wanted to do was to sing “Cool Cool”for herself.

After saying everything she wanted to say in one breath, Qin yiran turned her gaze toward the polygraph without any hesitation.

Wasn’t Lin Jiage trying to protect Shi Yao by using the polygraph in such a grand manner?

He probably never thought that the divine assistance he thought of would actually harm Shi Yao, right?

She understood the meaning of 'one must admit defeat'... but it was worth it for her to drag Shi Yao down with her before she suffered a crushing defeat..

With this thought in mind, Qin Yiran suddenly felt a surge of pleasure rise from the bottom of her heart. Even the corners of her lips curled up into a smile.

However, before that smile could reach her eyes, the polygraph in front of her suddenly issued a sharp alarm.

Lu Benlai dug his ears and immediately said, "Student Qin, you're lying..."

"Impossible... impossible..." Qin Yiran stared at the polygraph in disbelief for a moment before pouncing toward the polygraph, "... I didn't hit Shi Yao..."

As soon as she finished her sentence, the polygraph once again issued a sharp alarm.

How could this be? Everything she said was clearly the truth..

"... I didn't hit Shi Yao, I didn't hit Shi Yao, I didn't hit Shi Yao..."

Qin Yiran repeated the lie detector over and over again, but no matter how many times she repeated it, the polygraph would always sound an alarm.

Chapter 602: Sing A "Cool" For Herself (2)

"There's something wrong with this polygraph. This polygraph is fake, fake..."

As Qin Yiran spoke, she turned to look at the Dean of the Academic Affairs Department. "Dean, this polygraph is fake, fake. Everything I said just now was the truth..."

Lu Benlai, who was standing at the side and calmly looking at Qin Yiran for a long time, saw that the time was right, it was only then that he spoke up once more, "Student Qin, isn't this a little too much? You Can't expose yourself like this, so you're pushing the blame onto the lie detector. The lie detector means that I won't take the blame for this..."

Qin Yiran glared at Lu Benlai furiously, "You're spouting nonsense! There's clearly something wrong with the lie detector! You're trying to frame me..."

As she spoke, Qin yiran raised her finger and pointed at Shi Yao, Lin Jiage, Lu Benlai, and finally, he tiantian, "You, you, you, and you... The four of you are ganging up on Me!"

He Tiantian widened her eyes in disbelief. "Senior Qin, what do you mean by this? I, I, I don't even know senior Lin and senior Lu, so how can we be ganging up on each other?"

"Look, junior has already said that we're not familiar with each other. Classmate Qin, you can't act so shamelessly at the last minute just to cover up your identity. How about this..." Lu Benlai said, as he looked at the dean and his classmates, he said, "... "Please reading on N?WNOV?L.O?G" whether the polygraph is real or fake, won't everyone here know after giving it a try? If any of you are willing to take the test, feel free to take the test here..."

“I’ll do it –“he tiantian was the first to step forward.

Because someone took the lead, the second, third, fourth... After ten people stepped forward to take the test, some told the truth and some lied, but the results of the polygraph test were all fine.

In the end, the one who stepped forward to take the polygraph was the head of the academic affairs bureau. He spoke three sentences in a row, and the results were all fine.

This time, before Lu Benlai could speak, the head of the Academic Affairs Bureau turned to Qin Yiran and asked, “Qin yiran, is there anything else you want to say?”

“Impossible, impossible...”Qin yiran shook her head continuously. She stared at the polygraph in confusion, and after muttering to herself for a long while, she suddenly pounced onto the polygraph, then, she said, “... I didn’t hit Shi Yao, I didn’t hit Shi Yao...”

The polygraph must have been tampered with just now. No matter what she said, the results of the polygraph were all fake. It was only normal now..

However, as soon as she finished her sentence, the polygraph let out a sharp screech once more.

What was going on? Could it be that as long as she spoke, the polygraph’s results would be fake?

With this thought in mind, Qin yiran, who had completely lost her mind.., she spoke once more, “I was the one who fabricated everything on the forum. I only saw Shi Yao enter that high-end residential area. As for the details, I have no idea at all...”

However, this time, even after a long while, the polygraph didn’t make a single sound.

The polygraph worked on her again?

Qin yiran completely broke down. She reached out her hand hysterically and started to smash the polygraph. “There is something wrong with this polygraph. I was framed. I was framed...”

The Dean of the academic affairs office was already impatient. Now that he saw Qin Yiran’s crazy behavior, he lost all patience. He did not even bother to stop her, he directly said to the students standing beside him, “Pull her away and let her calm down.”

Chapter 603: Really That Cool? (1)

After suffering such a huge loss, Qin Yiran had nowhere to go. It was as if she had gone mad, hitting whoever touched her. In the end, the head of the academic affairs office called for security and forcefully dragged her into his office, locking her in a dark room.

Before the head of the academic affairs office left, he didn’t forget to disperse the students that he tiantian had called over.

Since everyone had left, there was no reason for Shi Yao and the others to stay any longer.

It wasn’t too late yet, so Shi Yao hadn’t eaten yet. After everyone had left, she suggested having a late-night snack.

He Tiantian didn't have any objections, and he even took out his phone to give Jiang Yue and Leng Nuan a call.

Hearing that the other two girls in Shi Yao's dormitory were going as well, Lu Benlai couldn't be bothered with the fact that he hadn't finished the project that he had to submit the next day, so he immediately agreed.

Since Shi Yao was already there, there was no way Lin Jiage would have any more objections. Thus, after confirming the number of people, he asked Shi Yao what she wanted to eat, and he took out his phone to determine the location.

Due to the large number of people, there were two separate cabs. Everyone thought that it would be too troublesome, so in the end, they chose a barbecue shop near the school.

After the waiter left, Shi Yao immediately told him about her time in school, she had been wondering and wanting to say something, "What's up with that lie detector? Why does it bark when Qin Yiran speaks the truth..."

"About that..." Lu Benlai chuckled as he continued, "... boss's masterpiece... he wrote a small program with a remote navigation control on his phone. So, when you saw boss casually playing with his phone, you could tell that he was actually cheating..."

"Wow!" Shi Yao turned to look at Lin Jiage with widened eyes and widened mouth, "Is it really that cool?"

Lin Jiage's lips curled up in amusement at Shi Yao's reaction. Then, he pushed the cup, bowl, and chopsticks that he had just washed clean with tea to her, at the same time, he also took away the unopened cutlery in front of her.

"It's a good thing that you guys are allies. For a moment, I thought that you guys were enemies... however, I was still drenched in cold sweat back then. I was afraid that I would be called over to talk to the polygraph..." Shi Yao patted her little heart with lingering fear, with a hint of relief, she said, "... It's a good thing that Qin Yiran was so angry that she forgot about me. Otherwise, if she were to bite down on me and ask me to talk to her, she would really die..."

Hearing those words, Lin Jiage turned to look at Shi Yao. As he undid the cutlery that he had just taken away from her, he replied, "That won't happen."

For a moment, Shi Yao was unable to react in time. She blinked her eyes and replied, "Ah?".

Lu Benlai gave an extremely detailed explanation, "Boss means that no matter what you say, you won't be exposed. That Little Program of his also takes you into account, so even if you lie to the world, you won't even dare to call out the polygraph."

"I see..." understanding the situation, Shi Yao couldn't help but mutter, "Your method is simply too sinister, but I like it..."

Hearing Shi Yao's words, he tiantian raised his head to look at Shi Yao, "Yaoyao, you still have the cheek to talk about senior Lin and senior Lu? Tell me about yourself, what's going on tonight!"

Chapter 604: Really That Cool? (2)

Jiang Yue: "That's right. Why did you ask Tian Tian to call so many students over to the grove? Can't you just ask the head of the academic affairs office to go over by himself?"

Before Shi Yao could say anything, Leng Nuan, who was sitting opposite Lu Benlai, suddenly spoke up, her voice was cold as she said, "The head of the academic affairs office is there to punish Qin Yiran, and the students that Tian Tian called over are there to spread the news."

Lu Benlai didn't understand what the girls meant, but when he saw Leng Nuan speak, he nodded without hesitation and agreed, "Yes, Leng Nuan is right."

Leng Nuan raised her eyelids and looked at Lu Benlai expressionlessly.

Lu Benlai didn't care about her coldness at all. When he met her eyes, he immediately flashed her a brilliant smile.

Upon receiving Lu Benlai's smile, Leng Nuan immediately averted her gaze, lowered her eyelids, and returned to her phone.

Beside her, Jiang Yue shook her head and said, "I don't really understand what Nuan Nuan means."

Shi Yao had long gotten used to Jiang Yue's slow reaction, so she softened her tone, she explained in detail to Jiang Yue, "The reason why I sent a message to Tian Tian and had her bring the head of the academic affairs office and some of her classmates to the grove ten minutes after I met Qin Yiran was because those classmates saw what happened tonight, so they would definitely gossip about it. When the time comes, they would also post it on the forums. That way, Qin Yiran's posts on the forums would be destroyed without any attack..."

"Oh, OH, OH, I understand." Realization dawned on Jiang Yue.

He tiantian: "Then yaoyao, is the injury on your face really alright? That B * Stard, Qin Yiran, isn't she a little too much? She's so vicious!"

Jiang Yue: "That's right. When I see her outside the school, I'll beat her up!"

Hearing Jiang Yue's words, Shi Yao hurriedly waved her hands and said, "There's no need, there's no need. She didn't hit me at all."

Lin Jiage, who had been sitting by Shi Yao's side the entire time and listening to their conversation calmly, turned his head to look at Shi Yao in surprise.

Shi Yao didn't notice Lin Jiage's reaction, so when she saw the shocked expressions on Jiang Yue and he Tiantian's faces., she immediately smiled and said, "The injuries on my face and neck aren't injuries, they're allergies. These lumps look really scary to you, but that's because I applied some medicine on them myself. After i sleep for the night, I'll Be Fine Tomorrow..."

He tiantian: "So, Qin Yiran didn't hit you at all. So, the finger marks on her face were caused by you?"

The waiter brought over a barbeque.

Shi Yao, who was in a hurry to eat, didn't say a word. Instead, she simply nodded her head furiously.

He Tiantian: "No Wonder Qin Yiran broke down so badly. It turns out that she's a mute who can't even speak a word after suffering so much tonight!"

Leng Nuan: "That's because she brought it upon herself. This is the way to deal with people like her. Yaoyao is using her own way to deal with others!"

Lu Benlai said, "Yes, that's right. Qin brought this upon herself!"

Leng Nuan raised her head again and glanced at Lu Benlai.

Lu Benlai still had a smile on his face. He placed the freshly peeled prawns on Leng Nuan's plate.

Leng Nuan immediately lowered her head with an icy expression, but she did not return the prawns that Lu Benlai had placed on her plate.

He tiantian asked, "Then Yaoyao, what about the injury on your leg? Is it fake too?"

After swallowing the food in his mouth, Shi Yao shook her head and replied, "This isn't it. This is real. I accidentally cut myself when I heard you guys coming over, but the wound wasn't deep. I thought that since I was already injured, I might as well make the most of it. Thus, I squeezed the wound with all my might, and a pile of blood spurted out. Only then did that frightening painting appear..."

.

Chapter 605: Boss Is Unhappy (1)

Before Shi Yao could finish her words, Lin Jiage, who was sitting beside her, suddenly stood up.

His actions were a little too big, and it alarmed Shi Yao.

Instinctively, Shi Yao turned her head to look at the seat beside her. He was tall, and all she saw was a pure white robe before he walked away.

Lu Benlai was chewing on a mutton skewer. Perplexed, he turned his head around and asked, "Boss, where are you going?"

Lin Jiage didn't say a word, leaving behind only his departing figure.

"Er..." after the door closed, Lu Benlai turned his head around and said, "Little Junior, please continue. Boss might be..."

Lu Benlai was about to say that he needed to pee urgently, but before he could say anything, Leng Nuan, who was sitting in front of him, slowly swallowed the potato chips in her mouth. Raising her head, she said, "He's unhappy."

Shi Yao, who didn't notice the change in Lin Jiage's expression, widened her eyes in bewilderment and asked, "Unhappy?"

Lu Benlai, who didn't notice anything amiss either, didn't hesitate to speak up after hearing Leng Nuan's words, "Yes, Leng Nuan is right. Boss is probably unhappy!"

Shi Yao turned her head around and glanced at Lu Benlai with a strange expression, "Are you sure?"

She could still trust Leng Nuan's words, but why didn't she believe Lu Benlai's Words? She had a nagging feeling that... the suspicion of flattery was greater than his true thoughts..

Lu benlai: "Of course I'm sure. I've known boss for so long, and when he moved his lips, I knew that he was thirsty. When he kicked his feet, I knew that he was hungry. When he raised his chin, I knew that he was tired..."

Even though Shi Yao couldn't figure out how Lu Benlai's so-called kicking had anything to do with being hungry, she still pondered for a moment. After all, Lu Benlai and Lin Jiage had known each other for so long, so he probably knew him better than she did, thus, she turned to Leng Nuan and asked, "But why is he unhappy? We didn't provoke him..."

Leng Nuan could only sense that Lin Jiage was unhappy, but she couldn't figure out the exact reason either. Thus, in the face of Shi Yao's question, she shook her head and said, "I really don't understand."

He tiantian: "I couldn't tell that senior Lin was unhappy."

Jiang Yue: "Oh, Oh, OH. I finally understand. Yaoyao wasn't actually beaten up, but she pretended to be beaten up to Slander Qin yiran. Yaoyao, you're really good at this!"

Everyone at the table turned their heads to look at Jiang Yue:"..."

Seeing everyone staring at her, Jiang Yue couldn't help but chuckle in confusion, "What's wrong? Why are you all looking at me?"

Everyone shook their heads in unison, "Nothing much..."

But deep down, they were thinking: Lady, your reflexes are really long..

And then, the topic returned to 'Lin Jiage is unhappy'.

While everyone was discussing the matter, he tiantian took out a bowl of pig brain flower and placed it in front of Jiang Yue, "Yueyue, you should eat more of this..."

The whole table of people discussed for about five minutes, but they still couldn't come up with a conclusion, in the end, Lu benlai gave an answer, "Boss's temper has always been volatile. Just like the weather in Beijing in June, the blue sky, White Clouds, and clear skies in the afternoon suddenly caused a storm in the evening, so there's no need for you to think too much about it. When he comes back later, he might be fine. Come, come, come, eat while it's hot..."

Under Lu Benlai's persuasion, everyone began eating once more.

Shi Yao, who was the most gluttonous of them all, took out a bunch of her favorite honey-flavored chicken wings and took two bites before stopping.

.

Chapter 606: Boss Is Unhappy (2)

Lin jiage, is he really unhappy? Then why is he unhappy? And why isn't he back yet?

Shi Yao tilted her head and stared at Lin Jiage's empty seat for a moment before turning around and taking a bite of the chicken wing.

Usually, when she encountered food, she didn't have the heart to think about anything else. But this time, after chewing the chicken wing for a while, she stared at the table full of people chatting and laughing for a while. Then, she put down the chicken wing and took out her phone, she sent Lin Jiage a message: [where have you been?]

About half a minute later, her phone vibrated in her palm. Lin Jiage replied to her message: [come out to buy something.]

From the looks of it, Lin Jiage doesn't seem to be angry anymore..

Shi Yao's uneasy heart immediately calmed down: [Oh, come back quickly then. The barbecue will get cold soon, and it won't taste good anymore.]

Lin Jiage only replied with a single 'mm', and that was it.

After confirming that it was Leng Nuan and Lu Benlai who had misunderstood Lin Jiage's emotions, Shi Yao put down her phone and began eating the barbecue.

After sending Lin Jiage a message, about ten minutes later, he finally returned.

Hearing the sound of the door, everyone in the room immediately greeted him.

"Boss –"

"Senior Lin..."

"Lin Jiage, you're back!" With a stalk of corn in her mouth, Shi Yao tilted her head back and asked Lin Jiage with a smile.

From the very beginning, Lin Jiage didn't make a single sound. It was only when he saw Shi Yao's radiant smile that he lowered his head and glanced at her. After which, he hesitated for about three seconds before nodding at her, after which, he pulled out a chair and sat down.

With Lu Benlai around, even though Lin Jiage's expression was indifferent, it didn't affect the atmosphere in the private room.

"What did you buy?" Shi Yao walked up to Lin Jiage and whispered.

Lin Jiage didn't say a word.

Shi Yao didn't pay him any heed either. She picked up the steaming mutton skewers that she had just added and placed them on Lin Jiage's plate, "You haven't eaten anything yet. Hurry up and eat..."

Lin Jiage still didn't speak or move.

Shi Yao finally noticed something amiss, "Why aren't you eating?"

Lin Jiage turned his head to look at her when he heard her urging him, and he picked up the mutton skewers.

Shi Yao didn't say anything else, but she could sense that Lin Jiage was really unhappy... Leng Nuan and Lu Ruoxin didn't misunderstand his emotions.

Shi Yao really wanted to ask Lin Jiage why he was unhappy, but he and she weren't the only ones here. "Please reading on N?WNOV?L.O?G" The others were still in the midst of a heated discussion, and her sudden question would only ruin everyone's mood.

Thus, after some thought, Shi Yao chose to remain silent.

No one was drinking, just eating. It didn't take long for the crowd to disperse.

Lin Jiage and Shi Yao returned home, while the others returned to school. As it was nearly eleven o'clock, the doors to the dormitory were about to be locked, so Lu Benlai left with Leng Nuan, Jiang Yue, and he tiantian at 10:50.

Only Shi Yao and Lin Jiage were left in the room.

Lin Jiage had been silent the entire night, so the silence in the room was a little frightening.

The two of them sat in their respective seats for a while before Lin Jiage called the waiter over to pay the bill.

After paying the bill, Shi Yao thought that she was leaving, so she stood up and walked over to the clothes rack to grab her bag. However, before she could leave, Lin Jiage had already grabbed her wrist.

Chapter 607: He Had Been Cheated On, And His Entire Family Had Been Cheated On (1)

Shi Yao's body shuddered instinctively, and she turned to look at Lin Jiage, "What... What's Wrong?"

Lin Jiage was still as silent as ever, but the strength in his grip on her wrist didn't show any signs of relaxing.

He only glanced at her for a moment before standing up and kicking the chair behind him to the side. After which, he dragged Shi Yao to the chair he was sitting on earlier and sat her down on it.

"Lin Jiage, what are you going to do..." Shi Yao was completely confused by Lin Jiage's series of actions.

However, before she could finish her words, Lin Jiage had already propped himself up on one knee, half-kneeling in front of her, and grabbed her ankle.

In an instant, Shi Yao's voice disappeared without a trace.

For a moment, she was unable to react in time. She looked at her leg first, then at Lin Jiage. When she finally recovered from her shock, she was just about to ask him, "What's Wrong?" When before she could even finish her sentence..., she saw Lin Jiage taking out a box of medicine from his pocket.

Shi Yao recognized the medicine. It was the famous Yunnan White Medicine, and it had the effect of stopping bleeding, healing wounds, and reducing inflammation and swelling.

It was only when Lin Jiage unscrewed the cap of the bottle and carefully applied the medicine on Shi Yao's leg that Shi Yao realized that he had actually used both hands, without any hesitation, she immediately asked, "Your right hand hasn't been examined yet. How did you..."

Before she could finish her words, he raised his head and glanced at her, "It's fine."

He seemed to have noticed her displeasure, and fearing that she would continue to harass him over this matter, he paused for three seconds before adding, "It's fine as long as you don't use too much strength."

If Shi Yao wanted to object, she would be killed before she could even reach her throat.

The room fell silent once more. Shi Yao stared at Lin Jiage's hand that was applying the medicine for a moment, and the more she looked at it, the more familiar she felt. It was as if she had seen it somewhere before.

However, before she could figure out where this sense of familiarity came from, Lin Jiage had already applied medicine for her.

Shi Yao stared at the band-aid on her shallow wound for a moment, and then, as if recalling something, she raised her head and asked, "Back then, did you say that you went out to buy medicine?"

Lin Jiage didn't say a word, but he replied with a soft 'mm'. After which, he stood up, bent over, and dusted off the dust on his knees. He turned to Shi Yao and said, "Let's go."

Without saying a word, Shi Yao followed Lin Jiage out of the private room.

After leaving the barbeque shop, they arrived at the pedestrian street.

The street was filled with people during the day, but due to the dark sky, it was exceptionally quiet.

Shi Yao and Lin Jiage walked to the side of the road one after the other.

After walking for about a hundred meters, Shi Yao lifted her head and glanced at Lin Jiage's back.

Back then, he had gone out to buy some medicine... but before he left, she was proudly telling them about the wound on her leg... could it be that he was unhappy because of what she had said?

But why was he unhappy?

Shi Yao frowned slightly. After thinking for a moment, she vaguely understood what was going on.

In the depths of her heart, Shi Yao hesitated for a moment before she quickened her pace and caught up to Lin Jiage. Standing shoulder to shoulder with him, she broke the silence, "You... Are you angry? And you're still angry at me?"

Lin Jiage was taken aback for a moment, but he remained silent.

However, from his expression, Shi Yao could tell that she had guessed correctly. She continued, "You're angry because of the cut on my leg, and you tried your best to squeeze blood out of it, am I right?"

Chapter 608: He Had Been Cheated On, And His Entire Family Had Been Cheated On (2)

In fact, in the past, Shi Yao wouldn't dare to be so sure.

But now she, do not know where the self-confidence, is so sure.

After she finished speaking, without waiting for Lin Jiage to speak, he continued, "Actually, I swear this time, it was really an accident. I didn't think that I would get cut. Otherwise, I wouldn't have gotten hurt at all. I just think that Qin Yiran is too hateful. Since she got hurt, she should make the most of her wound. Otherwise, wouldn't I have gotten hurt for nothing? But don't worry, I won't be so careless in the future. If I encounter such a situation again, I'll try my best not to hurt you..."

"Yaoyao..." Lin Jiage suddenly spoke up, interrupting Shi Yao's incessant chatter.

Shi Yao shut her mouth.

Lin Jiage took two steps forward before continuing, "... Yaoyao, I'm not angry at you."

Not angry at me? Did I guess wrong?

Shi Yao thought that it shouldn't be.

"I'm angry at myself."

Angry at myself for causing you to get hurt right under my nose.

Angry at myself for not being able to protect you when I promised to be your number 110.

Angry at myself for provoking a rotten peach blossom and implicating you..

Hearing Lin Jiage's words, Shi Yao was taken aback.

He said that he wasn't angry at her, but at himself... did he mean that he was blaming himself?

But this matter wasn't his fault either..

Shi Yao opened her mouth, but after a long moment, she finally stammered, "I can't blame you for this..."

"This is all my own doing. I Can't blame you for this..."

Shi Yao was trying to ease Lin Jiage's mind, but she didn't know how she could persuade him otherwise. After a moment of hesitation, she finally decided to follow her heart and do as she pleased, just like that, without her realizing it.., she told him everything, "... I didn't know what happened at first, but Tian Tian called me and told me. I went to the forum to take a look, and I saw Qin yiran mentioning Nuannuan. You should know that Liang Mumu's friends were the ones who provoked us during the KTV incident. How could nuannuan possibly have wanted to become a phoenix and went to look for them... other than Nuannuan, there's also you..."

Hearing those last three words, Lin Jiage's footsteps paused for a moment.

Shi Yao didn't notice it, she continued on, "... I know that you went to the forum to clear your name for my own good, but they said that you were cuckolded and that love is a ray of light, so Green that you panicked... the person who said those words is probably the one who was cuckolded, his entire family!"

So, Soft Bun... didn't go to Qin Yiran in such a huff because she was slandered by Qin Yiran? Was it because of him? As for the girl that Lu Benlai liked... it must have happened by chance..

Hearing those words, the stifling feeling in Lin Jiage's heart vanished into thin air, replaced by an indescribable joy... Oh, no, it was ecstasy.

At the mention of the forum, Shi Yao still felt a little exasperated. "Don't you think that those onlookers are really too much? It's as if they don't mind watching the show, and they're just starting to make fun of You!"

"In fact, there are even people who say that they want you to show them your real estate license so that they can brag about it. They must be poisonous, right? It's none of their business how much money you have!"

Chapter 609: Marry Me (1)

"In their eyes, is it because they don't have that much money? What they can't do, other people can't do as well?"

"Also, is it okay to show people property certificates? There's private information on them. Do they know how to Respect People's Privacy?"

"Do you know that the person who asked you to post the property certificate is just like an author I saw on Weibo. Someone said that her age was not the age for publicity and insisted that she post her identity card to clarify things. Do you think that person is crazy? "If they want to control the heavens, the earth, and the other people, do they know that controlling themselves is the greatest success..

"In short, when I saw what they said, I was really angry. But there were so many people watching the show, I couldn't just settle the score one by one, right? So, I blamed all these grudges on Qin Yiran

"She was the one who started it, so naturally, she had to help clarify the matter... however, even though Qin Yiran was delighted, I'm still a little angry when I tell you about those people on the forum. I've never seen your real estate certificate before, so what right do they have to ask for it, right?"

"And money? I don't even know how much money you have, so what right do they have to know, right?"

Shi Yao muttered to herself for a very, very long time. Only after she finished her sentence did she realize that she had asked 'Am I right'several times, but she had received no response.

She subconsciously turned her head to the side to take a look, but before she could see Lin Jiage's expression clearly, he suddenly passed his phone screen to her and said, "This is my current cash deposit."

The screen on Lin Jiage's phone screen was a bank page.

The long string of numbers on the screen caused Shi Yao's mind to go blank. She counted the numbers on the screen several times before she finally realized that they were nine digits. If she included the numbers after the decimal point, it would be eleven digits..

There were too many numbers, so Shi Yao wasn't too sure what they meant. She counted them silently with her fingers, and only then did she realize that they were billions in cash... what an insane amount of money!

“Other than these, there’s also...” as Lin Jiage’s voice trailed off, his fingers tapped on the screen a few times, following which, another page appeared before Shi Yao, “... These are the funds I bought, and the approximate amount is here... also, these are stocks... the stock market isn’t doing too well recently, so I’m not making that much profit anymore...”

“I have three houses. One is a villa in the suburbs, and it will be renovated by the end of this year. The other one is where you’re currently staying, and the other one is an office building... As for the property certificates, they’re all in the safe at home, right in the study room. You’ve seen them before, and the password is 888888... There are gemstones, gold bars, and US dollars in there. I don’t remember how much they’re worth, so you can go back home and count them if you want to. The certificates are all in there...”

“Other than these, there’s the family’s assets. Thirty percent of the Lin Corporation is in the hands of the shareholders. My parents each hold ten percent. My aunt and the rest also have some. My sister should have a little more, but it might not be more than five percent. Grandfather has the most, thirty-five percent. As for me, zero, because grandfather said that he would only give me the shares in his hands if I married you. So I feel that rather than saying that the shares are for me, it’s better to say that they are for you. Anyway, forget it, I don’t need them...”

Chapter 610: Marry Me (2)

Wait, wait, wait... her brain isn’t working properly, and she can’t keep up with the pace..

Weren’t you mocking those people on the forum? How did it become Lin Jiage’s assets in the Blink of an eye?

Shi Yao quickly snapped out of her daze and interrupted Lin Jiage’s words, “Are we... going off topic?”

“Are we?” Lin Jiage asked, “Didn’t you say that you wanted to know how much money I have?”

Shi Yao was taken aback by Lin Jiage’s retort. She blinked her eyes at him, and then she realized that he was referring to what she had said earlier: “I don’t even know how much money you have, so how could they possibly know...”

“I... That was just a metaphor. I don’t really want to know...” after explaining everything, Shi Yao continued, “... but after I found out, I can’t look at you anymore...”

Confused, Lin Jiage replied with a “Hm?”.

With a straight face, Shi Yao said, “Do you know that you have so much money in your bank account? If I were to look at you right now, I would think that you’re nothing more than ice cream, fruit, chocolate, milk, western food, Chinese food, pasta... anything that can be eaten will be automatically switched!”

Lin Jiage: “...”

He was at a loss for words... It was a good thing that he had known her for a long time, so his worldview wasn’t shattered.

Lin Jiage: “Then, are you interested in becoming like me? As long as you look at yourself in the mirror, you’ll feel as though all kinds of food will automatically switch between you and yourself.”

Shi Yao's eyes lit up. "How? Are you going to teach me how to earn money?"

Lin Jiage: "Earning money is too difficult. It's not suitable for you. I'll teach you how to earn money while lying down."

What do you mean by earning money is too difficult? It's not suitable for me... Shi Yao could vaguely hear that she was being looked down upon. Her lips twitched, but she still asked with interest, "What method?"

"Marry me..." Lin Jiage replied nonchalantly.

Shi Yao staggered and nearly fell to the ground.

"I'm serious. If you marry me, Grandpa's 35% of the stock will be in our hands. Compared to the market value of Grandpa's stock, this little bit of money isn't much. When the time comes, we can split the stock 50-50. If you think that you'll suffer a loss if you split it 50-50, then 46, Me 40, you 60. If you really can't do it, 37, Me 30, you 70. If you can't do it anymore, 28, Me 20, you 80..."

Shi Yao was so frightened that she hurriedly waved her hands and said, "No, no, no. You Can't joke around like that."

"This isn't a joke. Even if it's a joke, it can still come true..."

Lin Jiage still had that casual look on his face, and there was a leisurely tone in his voice.

However, Shi Yao's heart inexplicably skipped a beat upon hearing his words.

Even though her reaction might be a little slow at times, she could tell that Lin Jiage was serious behind his seemingly casual attitude..

She didn't dare to linger too long on this topic, so she chose to ignore Lin Jiage's words instead, changing the topic, she said, "It's only now that I realize that you're actually a very, very, very rich man! Think about it, a drop of blood can only be made up for by seven steamed buns. You're more or less responsible for my actions tonight, so you have to take responsibility for my blood. I Don't care, you have to treat me to delicacies to make up for my blood loss..."

As she spoke, Shi Yao began counting what she wanted to eat. "I want spicy fish, poached pork slices, crab roe tofu..."

Lin Jiage didn't say anything, but he could tell that she was running away..

The expression on his face did not change much, but there was a flash of gloom in his eyes.
