

Chapter 611: Yaoyao, I'm Sorry (1)

"I still want to eat, braised lion's head, abalone, sea cucumber..."

While Shi Yao was muttering the names of countless dishes, the silent Lin Jiage suddenly spoke up, "Yaoyao... I'm sorry..."

Lin Jiage's words came out of nowhere.

It was as if someone had struck Shi Yao's acupoints, and her footsteps suddenly came to a halt. Even her crisp voice, which was muttering the names of the dishes, didn't make a single sound.

Lin Jiage also followed Shi Yao to a stop. He stared at the empty road ahead for a moment before slowly turning his head to look at Shi Yao beside him. "Yaoyao, I'm sorry."

Shi Yao came back to her senses and slowly turned her head to meet Lin Jiage's eyes. Her face was filled with confusion and bewilderment, but more than that, it was filled with shock and astonishment.

Meeting her gaze, Lin Jiage didn't remain silent for too long this time. Soon after, he spoke up once more, "I'm sorry, Yaoyao."

His tone was earnest and sincere, as though he had made an important vow. It was solemn and solemn.

Shi Yao opened her mouth and asked, "Why did you..."

She only said four words before she stopped.

However, he understood what she was trying to ask. He looked straight into her eyes and silently went through what he wanted to say in his heart, then, he said softly, "When I first heard your name, I was 16 years old. I was in my second year of high school. At that time, I went to school every day and my drawer was filled with all kinds of love letters..."

"But I was really not interested in girls. At that time, I thought that playing games and playing football with male classmates were much more interesting than girls..."

"I still remember that day when the midterm exams ended. Un... that time, the papers were a little difficult to come up with. Back then, I was the only one in the entire school who had a perfect score in physics and mathematics, and I even surpassed the second-place student by nearly thirty points. I still had a sense of superiority... at that time, I didn't know how to show off my results, but I wanted to let my family know about it. So, before entering the house, I intentionally unzipped my school bag to expose half of the papers. Then, I thought that if I were to enter the house and casually toss my school bag onto the sofa, the papers would definitely fall out. By then, no matter who saw it, it would be widely publicized, but..."

Lin Jiage lowered his head slightly, a sly smile appeared on his face as he tried to recall the past, "... Things didn't go as planned. Instead of showing off his results in the examination paper, Grandpa called him into the study room and sternly pointed at you and your parents who were in our house at that time. He said to me, 'let me introduce you to them. Jiage, this is your fiancée, Shi Yao...'"

“How should I put it? “I really felt that it was ridiculous. I wasn’t interested in girls, but I didn’t want to be a monk for the rest of my life... I felt that this was a matter of fate, so I really couldn’t accept it at that time... So you saw the situation at that time. I directly rejected it in front of you and your parents...”

“To be honest, ever since I was young, the person who doted on me the most in my family was my grandfather. Because my grandmother left earlier, my grandfather said that I looked like my grandmother the most. That was probably the first time my grandfather disobeyed me... so when my grandfather and I quarreled, I was really angry. Because my grandfather was too determined, it caused me to lose my mind due to anger. So that day, when you and I met for the first time, I... Told you that what I said was really overboard...”

Chapter 612: Yaoyao, I’m Sorry (2)

“After that, I resisted my grandfather. I used many methods, such as jumping off a building, fasting, running away from home... I played all of them, but it was useless. Grandfather didn’t fall for my tricks at all...”

“At that time, I really felt quite desperate. I felt very embarrassed and angry that I was pressed down by a fiancée for no reason. Then, there was the scene where I called you to a place where there was no one in our backyard and said so many harsh words to you...”

“How should I put it? I really didn’t know that things would turn out like this between you and me. If I had known that things would turn out like this, I definitely wouldn’t have said so many harsh words to you back then... if I could turn back time, if the heavens gave me a second chance, if I could really go back to that autumn, when I returned home, Grandpa would call me to the study. When Grandpa pointed at you and said, ‘Let me introduce you to your fiancée, Shi Yao, Jiange,’ I would reply with, ‘hello, Shi Yao. It’s our first time meeting, please give me some pointers.’”

In the beginning, he really didn’t think that he would like her.

In the end, he really didn’t think that he would like her so much.

Therefore, in this world, there were really people who sold regret medicine or had time shuttles. He could really go back to the day when he first met her. He would definitely not force his grandfather to do so, the discontented emotions that surfaced in his mind were all taken out on her.

Unfortunately... These were just his expectations. He couldn’t take the medicine of regret, nor could he go back to the past. In fact, even if he didn’t like her now, he should have apologized for what he said when he was young.

Because in this marriage dominated by the elders, he was just like her, a victim.

Since the day she moved into his house a month ago, when he learned that she had been brooding over the past, he had been thinking about how he could make it up to her.

Ruthless words were as sharp as blades, and even more so than blades.

A cut from a blade would leave a scar, not to mention the headache he had left her.

After thinking about it, he felt that the best way was to admit his mistake sincerely.

Because a mistake was a mistake. Neither escaping nor covering up could change the fact that a mistake had been made. Instead of cowering and hiding, it was better to admit one's mistake openly.

Besides, there was also a saying that even the person who had tied the knot had to be the one to undo it. Since he had tied the knot himself, it was only natural that he would undo it himself..

At this thought, Lin Jiage apologized once more to Shi Yao, "Yaoyao, I'm really sorry."

"Even though I didn't mean to hurt you, I did hurt you in the end. I admit my mistake..."

Shi Yao had never thought that Lin Jiage would apologize to her because of the past.

Did she mind what he had said? Of course, she did mind. It hurt her self-esteem so much that she felt a little inferior whenever she thought about what he had said in her youth. In fact, she even felt a little inferior when she thought about how he had called her a little brat.., she even noticed that she had been desperately eating sesame seeds, black beans, and black rice for a very long period of time... just so that her hair wouldn't look so malnourished.

Resentment? It must be resentment. No girl would be able to remain indifferent to a man's taunts, right?

Shi Yao had always thought that she would mind until the very end, but at this very moment, when she heard Lin Jiage's apology, she realized that the resentment and resentment she felt weren't as indestructible as she had imagined.

[the first step to making Yaoyao accept everything is definitely an apology! You guys are too impatient!]

Chapter 613: Accept Your Apology And Chooses To Forgive (1)

Perhaps, there are many times when people are just like that. Resentment and resentment are nothing more than the resentment in their hearts.

Lin Jiage's few words of apology had long dispelled the pent-up resentment in her heart.

Shi Yao was never the kind of person who would fuss over every little thing. She preferred to be happy with her feuds, to dare to love and hate. After all, it was truly very bitter to live a lifetime. If one were to be too fixated on trivial matters, it would only make one unhappy. Thus, Liang Mumu betrayed her.., without any hesitation, she cut off all ties between them. Thus, after Lin Jiage sincerely apologized to her, she chose to move on without any hesitation.

With this thought in mind, Shi Yao said, "Well, let bygones be bygones..."

Lin Jiage didn't expect that Shi Yao would forgive him so easily. He asked in astonishment, "Bygones?"

Shi Yao nodded, "That's right..."

Lin Jiage still found it hard to believe, "You mean that all of those things are in the past? You Don't mind being angry with me anymore?"

Shi Yao continued to nod her head furiously, "That's right, that's right. This baby is magnanimous, and I accept your apology and choose to forgive you."

Lin Jiage still felt that his happiness had come too suddenly, as if he was dreaming. He secretly pinched himself, and after feeling a bone-piercing pain., suppressing his joy, he asked once more, "Can you really not mind and be angry anymore?"

"What do you mean by that?" Shi Yao was a little displeased by Lin Jiage's repeated questions. She puffed her cheeks and asked, "In your eyes, am I that kind of petty person?"

He had only asked a few more times, so how did it become that he thought she was a petty person in her eyes?

Lin Jiage really didn't understand Shi Yao's thoughts, but his innate desire to survive made him speak up without any hesitation, "No... In My Eyes, you've always been a person who can eat Luoluo and Mingyan."

Luoluo and mingyan... can eat... What kind of description was that?

But she liked it!

Shi Yao's eyes immediately curved into a smile, "Un un, I also think that I'm a person who can eat Luoluo and Mingyan!"

The expression on Lin Jiage's face didn't change much, but there was a faint smile on the corners of his eyes and lips.

It was early autumn in Beijing, and the Night Breeze felt a little chilly.

Shi Yao was in a hurry to leave the house at night, so she was only wearing a thin gown. A gust of wind blew over, and she shuddered. Pointing at the road not too far away, she asked, "Um, can we leave now?"

Lin Jiage nodded lightly.

Shi Yao turned around impatiently.

The moment she lifted her leg, Lin Jiage suddenly spoke up once more, "Yaoyao, since we've chosen to go over, from now on, let's just pretend that those unpleasant things in the past have never happened, Alright?"

Shi Yao stopped in her tracks and turned around.

His eyes were very beautiful, and in the darkness of the night, a faint glow could be seen flickering in them.

Immersed in Lin Jiage's gaze, Shi Yao was stunned for a moment before nodding her head lightly. "Alright then... Let's just let all those unpleasant things in the past vanish into thin air, and none of them will ever happen again!"

"Then..." Lin Jiage took a step forward and extended his hand toward Shi Yao. "... Hello, Shi Yao. It's not the first time we've met, but I hope that you can give me some pointers."

Shi Yao stared at Lin Jiage's hand for a moment before extending her hand, "Hello... Lin Jiage. I've heard a lot about you. Please take good care of me."

Chapter 614: Accept Your Apology And Choose To Forgive (2)

..

If there was something in this world that could spread faster than the speed of light, then Shi Yao thought that it must be gossip.

She had thought that the news of what happened tonight would only spread on the school forum tomorrow.

But to her surprise, when she returned to Lin Jiage's house and took a shower, the school forum had already exploded.

Among those who had been called over by He Tiantian to spectate, someone had secretly recorded a video and posted it on the school's discussion forums.

All of the comments that had been directed at her and Lin Jiage were instantly thrown to Qin Yiran's side.

Shi Yao was already very sleepy, but she still managed to hold on to her sleepiness and scrolled through the school's discussion forums for a while to take a look at how badly Qin Yiran had been scolded.

There were quite a few people who had scolded Qin Yiran... But as Shi Yao watched on, she realized that there were even more people who were praising Lin Jiage.

—"I told you that my idol wouldn't be cheated on!"

—"The person who said that my idol is cheated on, please step forward!"

—"So, my husband really bought a house in a place where every inch of land in the capital is worth a fortune?"

—"The person above, please watch your words. Your so-called husband is Shi Yao's fiancé, and he's also the fiancé who's already cohabiting with her. Who knows, he might even have a child next year. By the time Shi Yao graduates from university, she might even have a child to play with..."

Seeing the last sentence, Shi Yao was still gloating over the fact that not only did Lin Jiage buy a house in the capital, he also had a thousand-square-meter villa in the suburbs, and he also had an office building in the second ring road, Lin Jiage had nine digits in his savings, and Lin Jiage also had a lot of funds and stocks. Not only that, she also knew the password to Lin Jiage's bank card and safe..

But after reading the last sentence, Shi Yao, who was drinking milk, nearly choked to death.

At most, she could only accept the words 'cohabiting fiancé'... As for the other party who was going to have a child next year, that was pure nonsense. Of course, the other party who was going to have a child after she graduated from university would be able to play the role of a bystander, this was pure nonsense!

She and Lin Jiage were clearly innocent, so where did the child come from? ! These people really don't mind watching a good show..

Shi Yao, who had wanted to watch Qin Yiran being scolded to cheer her up, exited the forum in frustration. Putting down her glass of milk, she climbed onto her bed, turned off the lights, and closed her eyes to sleep.

..

At the same time, in G University's male dormitory...

Everyone was asleep, but Han Jing hadn't fallen asleep yet. He stared at the video of Lin Jiage talking to the polygraph that everyone had uploaded on the school forum over and over again.

"Shi Yao is my fiancée."

"Shi Yao is staying at my house."

He didn't know how many times he had watched the video, but he suddenly recalled the words that Qin Yiran had said to him when he brought Shi Yao back to her dormitory room under the heavy rain.

"Shi Yao has a fiancé... They were engaged six years ago... It's been more than a year, and she still hasn't told you about this..."

..

The next day, it was the day that Lin Jiage went to the hospital for a checkup.

It was still Shi Yao who drove Lin Jiage there.

Two hours later, a series of complicated examinations were completed.

The results of the examination were excellent, and Lin Jiage was completely fine. However, to be on the safe side, the doctor still reminded Lin Jiage not to overwork his right hand for the next month.

It was already noon by the time Shi Yao left the hospital. She was already hungry, and just as she was about to discuss with Lin Jiage what to eat, Lin Jiage's phone suddenly rang —

Chapter 615: Forced Marriage Brigade (1)

Lin Jiage took out his phone, took a glance at the screen, and answered the call.

He didn't avoid Shi Yao's gaze. Instead, he said "What's Wrong?" To her face, and then he said "Oh, I understand" before hanging up, turning to Shi Yao, he said, "We need to go to Beijing Grand Hotel right now. Grandpa and the others are waiting for us there for lunch."

"Grandpa?" Shi Yao asked in astonishment, "Why is Grandpa suddenly calling us for lunch?"

"I'm not too sure..." Lin Jiage was similarly perplexed. However, he didn't think too much into it, so he quickly added, "It's possible that Grandpa hasn't seen us in a long time, and he just wants to see us..."

Shi Yao's favorite dishes were all at Beijing Grand Hotel, so she didn't even think about it. With a face full of agreement, she replied with a 'un-un' before walking over to the car.

Before getting into the car, Shi Yao seemed to have thought of something, she turned to Lin Jiage and said happily, "Fortunately, I had an allergic reaction yesterday. If it were today, Grandpa Lin would surely

ask me a lot of questions. Fortunately, I'm wearing a long dress today, so Grandpa Lin would have to Grumble about the injury on my leg for a very long time..."

Lin Jiage caught a glimpse of Shi Yao's face, which was as if she had hit the jackpot, and his face softened a little.

He didn't say a word as he helped her open the car door.

After she sat down, he walked around the front of the car and got in. After which, he fastened their seatbelts and stepped on the accelerator, driving the car to Beijing Hotel with ease.

The hospital wasn't too far away from Beijing Hotel, so it took about twenty minutes for the car to reach its destination.

The car had just stopped a moment ago, but a moment later, a waiter walked over and helped to open the car door.

Lin Jiage thought that it would save him some trouble, so he didn't park the car. Instead, he tossed the car keys to the doorman, and under the guidance of the waiter, he and Shi Yao headed upstairs.

It was only when they arrived at the entrance of the private room that Lin Jiage and Shi Yao realized that their grandfather had booked a large private room that could accommodate more than twenty people.

Could it be that grandfather had invited someone else over for a meal

Shi Yao caught up to Lin Jiage, and just as she was about to ask the question in her mind, the door to the private room was pushed open by the waiter.

Without waiting for Lin Jiage to reply, Shi Yao raised her head and looked into the room.

Other than Grandpa Lin and Auntie Sun, there were also Lin Jiage's parents, uncles, and Aunties, as well as Sister Jiayi. On top of that, there were also Shi Yao's parents, as well as Shi Yao's aunt, and Auntie's son, in other words, Shi Yao's cousin, Gu Nanqiang.

This... What's going on? Why are the adults of both families here?

Shi Yao turned her head to look at Lin Jiage, who was standing beside her, in a daze.

Just like her, Lin Jiage had a perplexed look on his face as well. However, compared to the expression on her face, his expression was still rather calm.

"Jiage, Yaoyao, you're here?" It was Lin Jiage's aunt, Lin Guinan, who spoke up. Seeing that Shi Yao and Lin Jiage were still standing at the entrance, she pointed to the two remaining seats on the table, she urged them, "Come in and have a seat. Why are you standing at the entrance?"

Shi Yao and Lin Jiage entered the room one after another.

Lin Jiage only greeted Shi Yao's parents, aunt, and Gu Nanqiang politely.

On the other hand, Shi Yao obediently called out to everyone in the room, "Grandpa Lin, Uncle Lin, Auntie Lin, Aunt Lin, Uncle Lin, SIS Jiayi, and dad, Mom, aunt, Nanqiang..."

Chapter 616: Forced Marriage Brigade (2)

After Shi Yao greeted them and sat down, she discreetly asked Gu Nanqiang beside her, "Why are you guys here as well?"

Gu Nanqiang, who was currently playing a game, raised his head and replied to Lin Jiage with a "Brother-in-law". Then, without even looking at Shi Yao, he continued playing the game on his phone, at the same time, he replied, "How would I know? My mother and I went to your house, and before our butts even touched the sofa, we were already summoned here..."

Shi Yao: "...I knew that those who hand in blank papers for the college entrance examination were unreliable!

Shi Yao: "Why didn't you hand in your blank papers for the college entrance examination as well?"

Gu Nanqiang glanced at Shi Yao from the corner of his eyes. "You're the one who didn't allow me to hand in my papers."

Shi Yao: "...it seemed like she was the one who had warned him over and over again that if he dared to hand in a blank paper for the college entrance examination, she would make him work with the paper day and night during the summer vacation..

Shi Yao was rendered speechless, so she ignored Gu Nanqiang and walked over to Lin Jiayi, who was sitting beside him, and asked softly, "Sis Jiayi, what's going on today..."

Right after Shi Yao finished her words, Grandpa Lin spoke up, "Alright, everyone's here. Auntie Sun, go get the waiter to serve the dishes. As for me, I'll tell you the main reason why I called everyone here today..."

In order to show her respect, Shi Yao didn't speak to Lin Jiayi anymore. Instead, she sat up straight and looked at Grandpa Lin.

It was as if Grandpa Lin had encountered a joyous occasion, he continued with a chuckle,

"Before Yaoyao and Jia Ge were born, Grandpa Yaoyao and I had already decided on their marriage. After that, I got separated from Grandpa Yaoyao, and we never contacted each other. It was only six years ago that we met. It was also at that time that Yaoyao and Jia Ge's marriage was officially decided..."

"Everyone is already aware of the situation, so I won't elaborate further. I'll get straight to the point..."

As Old Master Lin spoke, he turned to Shi Yao's parents and said, "Actually, Yaoyao is still young, and I was hoping to give her a few more years of freedom. However, these two children have been living together behind our backs for a month now..."

At this point, Shi Yao finally understood the purpose of this meal.

So, Grandpa Lin had gathered everyone together so as to force the marriage? And this table full of people... They were practically a force for marriage!

After elder Lin's words were spoken, Lin Jiage's mother, Jiang Wangui, frowned and asked, "A month? That Long?"

Elder Lin: "That's right..."

Lin Jiage's aunt, Lin Guinan: "Who knows, they might even have a child..."

Hearing those words, Shi Yao's heart skipped a beat.

What's going on? Why is everyone talking about me having a child on the school forum or during dinner?

Old Mister Lin seemed to be very satisfied with Lin Guinan's 'Who Knows', nodding his head firmly, he said, "Yes, Guinan is right. So, this is a huge matter. Regardless of whether it's for Yaoyao or the child in Yaoyao's stomach, our family will have to give an explanation today..."

Wait a moment... how could a young lady like her have a child in her belly?

Shi Yao opened her mouth, wanting to defend herself, but before she could make a sound.., old Mister Lin turned to Shi Yao's parents and said, "I think that the best way to explain this is to allow the two children to get married."

Chapter 617: The Child In The Womb (1)

Lin Jiage's father, Lin Gubei, had a look of agreement on his face as he replied, "Yes, I agree with what dad said."

Lin Jiage's uncle, Xia Yang, hurriedly nodded his head and said, "Marriage is a must. Firstly, you have to be responsible for Yaoyao, and secondly, you have to be responsible for the child in Yaoyao's womb."

"No..."hearing the words 'The child in the womb'once more, Shi Yao instinctively spoke up.

But just as she said those words, Lin Jiage's aunt, Lin Guinan, acted as if she hadn't heard Shi Yao's voice at all, she spoke up, "That's right. In any case, they're already engaged, so they'll have to get married sooner or later. Besides, we can't just let Yaoyao wander around the school with her unjustified pregnancy, right? In order for the child to be born openly, marriage is a must. If we don't get married, we won't even be able to get a birth certificate. Am I right?"? Elder sister-in-law?"

"I..."Feeling that she couldn't find a way to explain herself, Shi Yao spoke up once more.

Just like before, she only said a single word, and Lin Jiage's mother, Jiang Wangui, continued, "That's right. Jiage has to take responsibility for this matter, so I have no objections to that. Dad can say whatever he wants."

"Lin..."Shi Yao refused to give up.

It was as if they had made an appointment beforehand. Before she could finish her sentence, Lin Jiayi interrupted her, "So, does this mean that I'm going to be an aunt? I still feel like a young lady..."

Old Mister Lin: "So, does this mean that I'm going to be a great-grandfather? Sigh, time flies really fast..."

Lin Guinan: "I think that Jiayi's birth was only yesterday. In the blink of an eye, Jiayi's child is going to be born..."

Lin gubei: "I'm really not used to being a grandfather all of a sudden. Don't you think so, wife?"

Jiang Wangui replied with a calm "Un".

Shi Yao:"..."What the hell is this? ! There's no child, there's no child at all!

Shi Yao was just about to speak when Gu Nanqiang, who had been sitting quietly beside her all this while, suddenly spoke up, "Does this mean that I'm going to have a nephew? Err... it's so exciting..."

Exciting Your Grandpa... whose family are you from? Why are you dragging me down? !

Shi Yao had just finished glaring at Gu Nanqiang when Gu Nanqiang's mother, Shi Yao's aunt, Shi Miao, suddenly spoke up, "Are you stupid? Son, that's not a nephew, that's a nephew... he calls you uncle..."

"Is that so..."Gu Nanqiang scratched his head and chuckled at Lin Jiage beside Shi Yao, "Congratulations, brother-in-law."

???

Shi Yao stared at Gu Nanqiang with a dumbfounded look on her face.

This isn't a hindrance, this is a blatant betrayal..

Before Shi Yao could settle her thoughts, Shi Yao's mother suddenly spoke up, "So, does this mean that I'm going to be a grandmother?"

Shi Yao's father: "Then, I'll be a Grandfather?"

?????

At this moment, Shi Yao could only remain dumbfounded.

Are these her biological parents? Shouldn't her daughter be angry and teach her a lesson when she's pregnant? Why... Do they seem so happy?

Old Mister Lin: "So, from the words of the in-laws, they don't have any objections to their marriage?"

Shi Yao's mother: "No, it's just as you said. They'll get married sooner or later. Besides, they're still young, so it's none of our business if they fall in love. Now that they've crossed the line, they'll definitely get married."

Shi Yao's father replied, "That's right, that's right. My dear wife is right."

Chapter 618: The Child In The Womb (2)

Shi Yao:"..."

What kind of world is this!

I've seen people being bought and sold by force, and I've heard of people being raped and raped, but I... I'm the only one who's become pregnant by force?

Shi Yao took a deep breath and tried her best to calm herself down before saying,"..."

In the end, she didn't manage to utter a single word, old Mister Lin spoke up, "Since the in-laws don't have any objections, does that mean that Yaoyao and Jia Ge's marriage is settled? Next, we'll eat and drink while we discuss the details of the marriage?"

Xia yang: "Father-in-law is right. Jia Ge is the sole successor of the Lin Corporation. This marriage is a huge matter for the Lin family, so we have to consider it carefully."

Jiang Wangui: "Since we're getting married, we can't skip any of the steps."

Lin Guinan: "Sister-in-law, you're right. We Can't skip any of the steps of proposing marriage, betrothal gifts, engagement gifts, wedding photos, and wedding ceremony..."

Shi Yao's aunt: "Sister Nan is right. We Can't skip any of the steps, but Yaoyao's belly is getting bigger, so she won't look good in a wedding dress..."

Shi Yao's mother: "That's why we have to hurry up. If we hurry up, I'll have to prepare yaoyao's dowry as soon as possible."

Lin gubei: "Even though I don't advocate superstition, there are some customs that we still have to follow. After all, it's just a good fortune. Thus, on a good day, we have to find a master to calculate when it's best to get engaged, when to get married, and even when to start the wedding..."

Shi Yao's father: "It just so happens that I have a friend's father. He's an old master and is highly respected. I'll contact him when I get home."

Old Mister Lin: "It's too slow to get home. We have to hurry."

Shi Yao's father: "Yes, yes, yes. Uncle Lin is right. I'll contact him immediately after dinner."

Lin Jiayi: "It just so happens that I haven't been that busy recently. So, should I keep an eye on the wedding? But Yaoyao, do you want a western-style wedding or a chinese-style wedding?"

Finally, someone was willing to ask her..

Shi Yao, who had been unable to say a word all this while, praised Lin Jiayi eight hundred times in her heart before moving her lips.

However, someone spoke up before her, "I like chinese-style weddings. We can go to Hengdian for the wedding. We can rent that Qin palace for it. It'll be Grand!"

It was Lin Guinan who spoke up.

Following which, Shi Yao's mother spoke up, "But I think that a western-style wedding isn't too bad either. A white wedding dress is something every girl dreams of..."

Old Mister Lin acted as if nothing had happened, "That's easy. We'll combine the Chinese and Western styles."

Jiang Wangui replied, "In that case, we'll have to make two sets of wedding dresses. One is a phoenix coronet and the other is a wedding gown. Let Jiayi order the wedding dress. She's familiar with France, so she'll have to find the best designer to design it. As for the Phoenix Coronet and the bridal gown, I'll

have to trouble Xia Yang. You're from Jiangsu and Zhejiang, so you're the best at making these classic clothes..."

Xia yang: "Sister-in-law, don't worry, there won't be any problems."

Lin gubei: "We'll also need to prepare the diamond rings, matching rings, and wedding dresses. Gunan, keep an eye out for them. As for the banquet, we'll have to wait for my in-law's mother to serve some snacks..."

Shi Yao's mother: "No problem. Apart from these, there are also red packets and wedding candies. Aunt Yaoyao and I will take a closer look at these as well."

As everyone discussed the details of the wedding, the dishes were served one after another.

Chapter 619: No Matter How I Look At It, It's Appropriate (1)

Shi Yao's favorite dishes were all here, but she wasn't in the mood to eat them. Instead, she turned to the table and asked, "Um, can I have your attention for a moment?"

No one paid any attention to her.

Everyone was still immersed in the details of the wedding, discussing excitedly and enthusiastically.

Shi Yao coughed heavily and raised her voice, "Um..."

However, no one paid her any heed. Everyone had already moved from the details of the wedding to the issue of the name of the child in her belly.

Lin Guinan: "Ten months of pregnancy sounds like a long time, but actually, it won't be long. We have to prepare the baby's clothes."

Shi Yao's mother: "You're right. After the baby comes out, there will be a lot of things to do. It'll be the name of the child!"

Old Mister Lin: "You have to take good care of that. Auntie Sun, remember to get me a Xinhua dictionary later. I have to spend the entire night studying it."

Shi Yao: "...I'm so angry, but in front of so many elders, I still have to work hard to maintain my smile..

Shi Yao took a deep breath before saying, "Well, there won't be a baby!"

Old Mister Lin: "Many young people think that way, thinking that they won't have a baby. But two months later, when a girl doesn't have her period, she ends up playing with someone's life."

Lin Guinan: "That's right, Yaoyao. We can't learn from other girls. Once we have a baby, we have to give birth to it!"

Shi Yao's aunt: "Yaoyao, let me tell you, abortion isn't good for your body. You might not be able to have an abortion, and this is a human life. If you kill it, you'll be punished by the heavens, and it'll be a blessing in disguise..."

Shi Yao: "...Ahhhh! She finally understood what it meant to have a loose tongue and a ponytail!

The entire table of people were living in her imagination..

Shi Yao tried her best to suppress the primal energy in her body as she stared at the table of people one by one. After which, she turned her gaze to Lin Jiage and said, "Hurry up and say something, Lin Jiage..."

To be honest, Lin Jiage didn't expect his grandfather to call him and Shi Yao over for a meal to put on such a show.

To be honest, he was quite willing to enjoy such a scene.

A table full of people forcing him into a marriage... this was truly a once-in-a-century fortune... but even if he was willing to enjoy it, he couldn't afford to offend soft bun... Besides, at this very moment..., soft bun looked at him pitifully, making it difficult for him to reject her request..

What should he do so that he wouldn't destroy the table full of divine helpers and Provoke Soft Bun?

"Lin Jiage..." seeing that Lin Jiage wasn't speaking, Shi Yao spoke up once more, feeling wronged.

Without any hesitation, Lin Jiage immediately spoke up, "About that... Yaoyao and I are still young, and Yaoyao is still in school. What you're saying... doesn't seem appropriate, right?"

A second after Lin Jiage finished speaking, old Mister Lin suddenly spoke up furiously, "How is it inappropriate? where is it inappropriate? No matter how I look at it, it doesn't seem appropriate at all. Do you guys think that it's appropriate?"

Without any hesitation, the people at the table immediately lined up and spoke up one by one, "It's appropriate. No matter how I look at it, it's appropriate."

Even nanny sun nodded in agreement. "It's suitable. Young master and Miss Shi are a match made in heaven!"

I also think that it's very suitable, but... I can't afford to Offend Soft Bun..

However, if he were to refuse repeatedly and show any hesitation, Grandpa would surely think that he was the one who was unwilling to marry soft bun. At that time, Grandpa would surely fly into a rage at him, soft bun wouldn't be able to blame him..

With this thought in mind, Lin Jiage spoke up once more, "It's not a question of compatibility..."

After saying those two words, he intentionally paused for a moment before continuing, "... it's because I feel that Yaoyao's sudden marriage might cause her to become unsociable in school..."

Before Lin Jiage could finish his sentence, old Mister Lin slammed the chopsticks in his hands onto the table with a 'Pa'sound and glared at Lin Jiage, furious, he bellowed furiously, "Brat, don't think that I'm stupid just because I'm old. Let me tell you, I know exactly what you're planning. Do you think that I'll fall for your lies just because your words sound as good as your singing? You keep talking about yaoyao, and it seems like you're thinking about her, but you're actually using her as a shield!"

"Grandfather, what are you talking about? How could I possibly use Yaoyao as a shield..." Lin Jiage knew his grandfather's personality very well. He knew that he had rejected their proposal to force them into a

marriage twice in a row, this was already making his grandfather very angry. If he were to reject them now, even if what he said was the truth, it would still be a cover-up in his grandfather's eyes..

Following which, he put on a sincere expression as though he wanted to explain himself, "... besides, it's impossible for Yaoyao to be pregnant..."

"What do you mean?" Old Mister Lin had just raised his teacup to his lips when he heard Lin Jiage's words, he was so furious that he flung his teacup onto the ground, "What do you mean by impossible? If it's impossible for her to be pregnant, aren't you being irresponsible?"

Lin Guinan: "That's right, Jiage, you're going too far! Yaoyao is an innocent lady, and she's been sleeping with you for a month. How can you deny your debt just because you're wearing pants?"

???

Sleeping Together? Denying your debt just because you're wearing pants?

Shi Yao felt like her head was about to explode.

She hadn't even taken off her pants, so how could she deny her debt just because she was wearing pants? ! She and Lin Jiage had lived under the same roof for a month, so they weren't sharing a bed together! !

Elder Lin seemed to agree with Lin Guinan's words, "Guinan is right. This rebellious brat is driving me crazy. I..."

Lin Gubei hurriedly said, "Dad, Dad, dad, calm down, calm down. Don't ruin your health just because of this brat..."

As he spoke, Lin Gubei turned to Jiang Wangui and called out, "Wife."

With a calm expression, Jiang Wangui raised her head and shot a cold glance at Lin Jiage. Even though her words were concise, there was an invisible sense of pressure emanating from her words, she opened her eyes wide and said, "Jiage, how did mom educate you? I remember what mom said before. If you dare to do something, you must dare to take responsibility!"

Xia Yang also spoke up, but his words were directed at Shi Yao's family members, "In-laws, don't be angry. Jiage is still young, and he's still in his rebellious phase. He'll take responsibility... we'll all stand up for Yaoyao."

Lin Jiayi nodded, raised her hands, and rubbed her wrists. Along with the thumping sounds of her bones, she squeezed out a sentence through gritted teeth, "That's right. If he dares to not take responsibility, I'll break all three of his legs!"
