

Chapter 681: Just Lie Down Properly (1)

It was only after Shi Yao came back to her senses that she finally realized what was going on. Just a second ago, she had said that juice and experts were a joke, but the next moment, she was already fantasizing about how she could spend the 125,000 yuan..

Shi Yao reached out and touched her face, which was starting to hurt from the beating she had given her. She then raised her finger and typed on the screen, "That... If we are to participate in the competition, do we need to prepare anything?"

[juice] : "There shouldn't be anything to prepare, right..."

[expert of the monkeys] : "That's not right. There should be something. For example, we need to name our battle team! We can't just call it slutty and lascivious, right?"

[juice] : "I think it's pretty good!"

Without even thinking about it, Shi Yao protested, "I Refuse!"

This name was too... complicated. It didn't suit her style... even though she didn't have the right to talk about style. Besides, if she really won first place, then.., the commentator said, "Congratulations to team slutty for getting first place..."

Just thinking about it alone made Shi Yao's back feel cold, and her cheeks felt hot.

[expert of the monkeys] : "Then I'll reject as well."

[juice] : "Then I'll reject as well."

[expert of the monkeys] : "Then what should the name of the battle team be?"

[juice] : "Kneel Down and Call Me Daddy?"

Shi Yao:"..."

[expert of the monkeys] : "Pretty Boy Battle Team?"

Shi Yao:"..."

Unable to watch any longer, Shi Yao tilted her head and pondered for a moment before typing: "Doughnut?"

[expert of the monkeys] : "..."

[juice] : "..."

Shi Yao: "Big White Rabbit? QQ Candy? Ice Cream? Otherwise... it would be much cuter!"

[expert of the monkeys] : "Let's go with the beautiful youth battle team."

[juice] : "Let's kneel down and call him Daddy."

"..."

Due to the battle team's name, Shi Yao and expert juice struggled for a long time in the group chat, but they still couldn't come to a conclusion.

In the end, it was expert's idea for everyone to send a die emoji together. Whoever won would have to listen to the other party.

In the end, none of the three had the time to click on the dice emoji. While they were arguing over the name, Mr. Number, who had been silent all this while, suddenly appeared. "21."

[juice] :"??"

[expert sent by the monkey] :"? ??"

[Yao loves ice cream] :"? ? ??"

[111111] : "Team name."

[tide] ran out to be the interpreter: "Boss means that the team name is 21."

[juice] : "What the hell kind of name is that?"

[expert sent by monkey] : "21? And it's 521? What Dog?"

[111111] :"??"

[juice] instantly retracted the message he had just sent and sent a new message: "21, that's a good name. One look and you can tell that it's the name of the champion!"

[expert of the monkeys] instantly retracted the message she had just sent and sent a new message: [I like that name. It's like we're old friends at first sight. This is the name of the battle team that I've always dreamed of!]

Expert and juice were simply the epitome of flattery..

A moment ago, Shi Yao had despised the two of them, but a moment later, she sent a message in the group: [Alright, Alright. I like that name (*)]

Sigh, the power of money is indeed boundless. For 125,000 yuan, she was actually reduced to such an unscrupulous state..

While sighing, Shi Yao asked in the group: [well, since we're participating in the competition, should we train hard?]

[111111] : [no need, just lie down properly.]

PS: In this chapter, 10 random readers will be given 10 yuan in cash to vote on the conditions of winning the lottery

Chapter 682: Just Lie Down Properly (2)

[111111] : "No need, just lie down properly."

[juice] : "The Boss is the boss, his words are so boss-like!"

[expert of the monkeys] : “Sister Yao, what the boss means is that you can play as you like, and he will lead you to lie down. In this world, the only person who would dare to bring a girl into the competition is probably our boss alone, right?”

So handsome, so domineering, so Zhang Yang... he’s even more arrogant than the previous ‘don’t worry, the person who can humiliate me in the game probably hasn’t appeared yet’..

What’s wrong with Mister Numbers today? His words are so seductive..

Shi Yao steadied her heart, which had been tickled by Mister Numbers’ words. After reading juice and expert’s words in the group chat, she sent a smiley emoji, then, she replied, “UN UN, alright. I’m already lying down!”

The initially lively group chat instantly quieted down.

Eh? Why did juice and expert, who had always been talkative, suddenly stop talking? Shi Yao was perplexed for a moment. She thought that there was something wrong with her phone, so she switched her wifi to 4G and switched back from 4G to wifi, but she still didn’t receive any messages, after which, she couldn’t help but send another message in the group chat: [Why aren’t you speaking?]

[juice] : [this...]

He only sent two words, and there was no follow-up.

Shi Yao was even more perplexed. [what is this?]

[111111] : [nothing much. It’s getting late. Don’t you have classes tomorrow? Go to bed early.]

Shi Yao: “Oh, okay.”

After replying to the two words, Shi Yao didn’t think too much into it. She thought that juice and expert might have gone to wash up because it was getting late, so she replied, “I’ll go to bed then. Bye-bye.”

[111111] : “UN, good night.”

Shi Yao casually sent a ‘Goodnight Bunny’emoji before putting down her phone and going to take a shower.

..

Male dormitory building, Room 501.

Xia Shangzhou crossed his legs as he swayed his body from side to side. Imitating the way girls spoke, he asked in a sharp voice, “Well, since we’re participating in the competition, do we need to train hard?”

Lu Benlai sat down in his chair with a serious expression on his face. He lifted his chin and replied, “No need. Just lie down properly.”

Xia Shangzhou put on a shy expression and said, “UN UN, alright. I’m already lying down!”

As soon as Xia Shangzhou’s words left his mouth, he and Lu Benlai burst into laughter.

Lu benlai: “I can’t take it anymore. This conversation is too dirty.”

Xia Shangzhou: "It's more than dirty. It's simply a fantasy..."

With that, the two of them burst into laughter once more.

But this time, their laughter didn't last for long before Lin Jiage, who was sitting on a chair beside them, coughed lightly.

It was as if Lu Benlai and Xia Shangzhou were robots that had been switched on and off, and their laughter came to an abrupt halt.

Around three seconds later, Lu Benlai said, "Um... I need to take a shower..."

Xia Shangzhou: "I need to take a shit..."

As the two of them spoke, they tried to get up to leave, but before they could do so, Lin Jiage stopped them, "No one is to move. From now on, until..."

Lin Jiage raised his wrist to take a look at the time, "... one in the morning, two hours of training."

Lu Benlai: "Are you serious? Boss, didn't you say that you were going to take a nap?"

Xia Shangzhou: "That's right! I didn't ask you if you were going to play in the training tournament just now, but you clearly said that you didn't have to."

As Lin Jiage logged into the game, he replied nonchalantly, "She's her, and you're all you. Are you all her?"

Chapter 683: Being Forced To Eat Dog Food (1)

Lu Benlai and Xia Shangzhou were speechless for ten seconds before they opened their mouths.

Lu Benlai: "Boss, you're forgetting your friends when you see them!"

Xia Shangzhou: "How is that forgetting your friends when you see them? It's clearly a case of forgetting your friends when you see them!"

Lu Benlai: "I saw a smile on Boss's face. No one knows that it's lychee... Simply put, it's a pet that hasn't gone offline!"

Xia Shangzhou: "Tell Me, why am I not a woman? If I were a woman, I might have received the same treatment as well..."

"You're thinking too much..." Lin Jiage logged into the game, glancing at Lu Benlai and Xia Shangzhou, he said, "... Even if you're a woman, you won't be able to receive such treatment. In My Eyes, there are only two types of people. One is yaoyao, and the other is someone other than Yaoyao. As such, the only person who can receive such treatment from me is Yaoyao."

After hearing Lin Jiage's words, Lu Benlai kicked Xia Shangzhou without a second thought, "I'm letting you spout nonsense. Are You Happy Now? Are you being forced to eat dog food?"

Xia Shangzhou rubbed his buttocks that had been kicked by Lu Benlai before turning to glare at Lu Benlai.

Lin Jiage knew that with Xia Shangzhou's retort, the two of them would probably have to argue with each other for a while longer. Thus, before Xia Shangzhou was even born., he took the initiative to speak in a calm voice, "Alright, it's time to train. Otherwise, don't Sleep Tonight..."

..

By the time the training match ended, it was already close to two in the morning.

After the three of them washed up and returned to their respective beds, Xia Shangzhou couldn't help but ask curiously, "Boss, Little Junior is short of money. Can't you just give it to her? Why must you waste your time participating in these competitions?"

Lu Benlai yawned and followed Xia Shangzhou's words, mumbling in agreement, "That's right. Besides, the prize money for this competition is really not that much. It can't even reach a fraction of your project."

Xia Shangzhou: "That's right, boss. This is because I can't be as outstanding as you. If I were as outstanding as you and could earn so much money from taking on a project, I definitely wouldn't waste my life on this kind of competition. If I had the time, I would definitely immerse myself in the project and amass money crazily..."

Lu benlai let out another long yawn, "Perhaps this is boss's new way of dating. Rich people are truly different. Even when they're in a relationship, they're always so crazy about it. Instead of earning money from the big fish, they insist on catching small fish. Oh, no, this is all just catching small shrimps..."

Faced with Lu Benlai and Xia Shangzhou's mutterings, Lin Jiage didn't say anything.

It was also because everyone was tired from playing the game for too long that he didn't say a word. The two of them didn't find it interesting either, so it didn't take long for them to fall asleep.

Lying on his bed, Lin Jiage rested his head on his hands as he replayed the two men's earlier complaints in his mind.

Indeed, what they said was right. With this much time, he could even complete a seven-figure project..

But what was the point of giving him seven figures? His goal wasn't to earn money for himself. His goal was to make soft bun earn money.

At this moment, whether it was the Lin clan or him, it wouldn't have been a problem for anyone to help her in the past. However, due to her parents'situation, his and the Lin clan's help would only increase her burden, that was why he thought of this idea, using an identity that had nothing to do with Lin Jiage or the Lin clan to help her.

Even if she never found out about it, it didn't matter... After all, her happiness was the most important thing, right?

Chapter 684: Being Forced To Eat Dog Food (2)

..

In order to make money for Shi Yao as soon as possible, Lin Jiage had specially chosen a tournament that would start soon.

So, on the fourth day after he successfully convinced Shi Yao to join the tournament, the first round of the knockout round began.

The name of the battle team was set by Lin Jiage, and it was called "21". The rules of the tournament required everyone to change their names, so they had to bring the name of the battle team with them. As such, the names of the four members of the battle team., [21-11111] , [21-expert] , [21-juice] , and [21-yaoxi] .

There were a total of 75 battle teams participating in this tournament. As there could only be a hundred people in each tournament, the preliminary tournament was divided into three parts, and each part had a hundred people, which meant that there were 25 battle teams.

The top four from each part would be directly promoted to the finals, the fifth to twelfth would be given the privilege to participate in the revival tournament, and the bottom twelve would be directly eliminated.

As the name implied, the squadrons that advanced to the finals would directly participate in the finals. As for the 5th to 12th ranked squadrons that obtained the privilege of participating in the revival round, they would participate in the second elimination round. The rules of this elimination round were based on the rules of the first elimination round, the top four squadrons would be able to advance to the finals, while the 5th ranked squadrons that were at the back could only be eliminated.

The competition was all based on the points system. The chicken eating squadrons would obtain 100 points, the 2nd ranked squadrons would obtain 70 points, the 3rd ranked squadrons would obtain 50 points, the 4th to 10th ranked squadrons would obtain 25 points, and the 11th to 25th ranked squadrons would obtain 0 points. Every squadron that killed a person would obtain 5 points.

There were a total of three matches in the first elimination round, and the match would be held at 2 pm.

As it was an online match, there wasn't a venue set up for the match offline. Thus, everyone only needed to enter the rooms set up by the competition.

To be honest, Shi Yao was a little nervous at the start of the match, especially when the match was being broadcasted live on a certain live broadcast platform.

In the first round of the match, Shi Yao was instantly killed by a battle team as soon as she landed on the ground. However, her life and death didn't affect the entire battle team at all. In the end, Mr. Numbers took down 12 heads, juice and expert also won the match with 3 and 5 heads respectively.

In the second round of the match, Shi Yao entered the first safe zone alive. Not long after, she was shot to death by someone, and the result of the match was still their battle team eating chicken.

In the third round, Shi Yao finally made it into the finals. However, before she could do anything, she was killed by a bomb, and in a daze, she ate the chicken again.

It was only after the third round had ended and team 21 had successfully made it into the finals with the highest score that Shi Yao realized that it didn't matter whether she was nervous or not. After all, out of her three matches, 80% of the time.., she had died..

Because she had directly advanced to the finals, there was no need for Shi Yao and the others to participate in the second round of the knockout rounds. They only needed to participate in the finals on the second night.

On the first night of the finals, Lin Jiage had called for a family meeting because his grandfather had decided on a whim to prepare a birthday banquet for his grandmother, who had passed away many years ago. Thus, he returned to the Lin clan's old residence.

Even though he had won the first round of the elimination round easily, Lin Jiage didn't slack off in the slightest. That night, he still called Lu Benlai and Xia Shangzhou over to play some games.

Around eleven o'clock, he went downstairs to drink some water due to his thirst.

Old Mister Lin's bedroom was right next to the stairs. When he went downstairs, he saw that the bedroom door wasn't closed properly, and the lights were on inside.

It's already so late, and Grandpa is still awake?

Lin Jiage frowned slightly. He walked over to the door, and just as he was about to take a look inside, he heard Grandpa's voice coming from the bedroom..

Chapter 685: Medicine (1)

Lin Jiage frowned slightly as he walked over to the door. Just as he was about to take a look inside, his grandfather's voice sounded from the bedroom, "Are the attendants in charge of Xiao Rui's birthday banquet ready?"

Xiao Rui... Lin Jiage knew that this was the name his grandfather liked to call grandma.

But attendants, attendants... what did he mean by that?

Lin Jiage was just about to knock on the door when he heard Auntie Sun's voice.

Following which, auntie Sun's voice sounded from the bedroom, "Old sir, don't worry. I've seen all of the waiters arranged by the hotel manager this afternoon, and they've all been taken care of. The waiter has already promised me that she'll take care of everything properly that day, and she has also given me a hush money. The waiter has also promised that she won't divulge anything."

"That's good then..."elder Lin replied with a hint of worry in his voice,"... What about the medicine?"

Auntie sun: "I've already told the waiter that I'll lend her the time to pour you some hot water that day, so I'll secretly pass the medicine to her."

Medicine?

Upon hearing those words, Lin Jiage seemed to have understood something, and a slight frown appeared on his forehead.

Old Mister Lin seemed to be very satisfied with what Auntie Sun had said. He replied with an “Mm” before chuckling, “I have a feeling that Yaoyao will definitely have a child on the night of Xiao Rui’s birthday.”

Child... medicine... it’s really as he had guessed... Grandpa is planning to do something to her..

Just as this thought flashed through Lin Jiage’s mind, Old Mister Lin seemed to be worried about something, thus, he instructed in detail, “Remember to have the hotel staff clear out the condoms in your room that day. Also... Don’t tamper with Yaoyao’s drink alone. Don’t forget about that Brat as well... in any case, you must succeed this time around...”

Auntie sun: “Yes, Old Mister.”

After a brief pause, auntie sun said, “Old mister, it’s getting late. You should rest early.”

Old Sir Lin didn’t say a word. Afraid that Auntie Sun would see him, Lin Jiage subconsciously took a few steps back, preparing to head back upstairs. However, before he could get too far away.., in the room, Old Sir Lin’s slightly uneasy voice sounded once more, “Tell me, don’t you think I’m being a little too selfish by doing this...”

Auntie sun asked, “Old Sir, why would you suddenly say such things about yourself? Aren’t you doing this all for the sake of little young master?”

Old Sir Lin said, “Yes, I’m doing it for him. I can tell that he likes that child Yaoyao now. I also like that child Yaoyao, but Yaoyao doesn’t want to. Because he likes me, we have to force Yaoyao to stay in the Lin family... sometimes, when we calm down and think about it, we feel uneasy and selfish...”

Auntie Sun seemed to want to comfort old master Lin, but after only calling him “Old master”, she was interrupted by Old Master Lin’s words again, “Forget it, let’s not dwell on this. There’s no point in dwelling on it. Besides, I’ve never done anything outrageous in my life. It’s just this one unethical act, and nothing will happen to me. Moreover, I only have one grandson, and he likes this girl. Now, he can’t even catch up with his wife. As someone who’s fast approaching the bottom of the earth, I can only help him. Otherwise, I can’t let him do anything unethical, right? “Even if he does get what he deserves, I’ll be the one to bear it. It has nothing to do with him...”

Chapter 686: Medicine (2)

Nanny Sun said, “Old Sir, you are also being kind and want to let young master live a good life. Although Miss Shi might not want to marry young master now, think about it. Whether it’s you, Mister, Madam, Miss, or young master, the Lin family treats Miss Shi sincerely. Moreover, the human heart is made of flesh. Perhaps after the incident, Miss Shi will feel a little uncomfortable, but old sir, as long as you treat her twice as well, she will slowly be fine. After all, time will dilute everything...”

“Right, right, right. You’re right. I’ve let Yaoyao down. I’ll make it up to her in the future...” Old Mister Lin must have been reassured by Auntie Sun’s advice, his tone returned to normal.” ... didn’t I tell Yaoyao’s parents to buy a house for their family in the center of the city? How’s the House Looking Now? I’ll ask them to bring the pictures of the suitable houses over to Yaoyao’s parents on Xiaorui’s birthday so that they can choose which one they like...”

Auntie sun: "Yes, yes, yes. Old Sir, don't worry. I'll call the real estate agent First Thing Tomorrow Morning."

"..."

Upon hearing Auntie Sun and Grandpa's blabbering, Lin Jiage could tell that it had nothing to do with him or Shi Yao anymore. Thus, he pretended as if he had never seen them before and quietly left the door of his grandfather's room. He didn't even go to the kitchen to drink water, he immediately returned to his bedroom upstairs.

After closing the door, he stood at the entrance for a moment before walking over to the bed and picking up his phone.

He glanced at the calendar and saw that there were only five days left until Grandma's birthday... In other words, as long as he pretended like he didn't hear anything and didn't know anything, she would be with him in five days..

He had to admit that this was an extremely tempting thing for him. This was something that he did not even dare to dream about, but his grandfather helped him to complete it..

Just like what his grandfather said, although his methods were a little immoral, as long as he followed his grandfather's arrangements and as long as she was really pregnant like his grandfather said, she would really belong to him..

Even if he owed her for this matter, he could still follow in his grandfather's footsteps and treat her well, and he could use his entire life to make up for it..

Lin Jiage could clearly see the agitation in his heart.

After an unknown period of time, Lin Jiage was jolted back to his senses by the ringtone of his phone.

It was Lu Benlai on the other end of the line. He picked up the call, and his voice sounded from the other end, "Boss, didn't you go for a drink? Why is it taking so long for the game to come online?"

It was only then that Lin Jiage realized that he had forgotten about the training match with Xia Shangzhou and Lu Benlai.

He replied nonchalantly before hanging up the call and logging into the game.

He had really been affected by what his grandfather and Auntie Sun had said. In the subsequent training matches, he was in a particularly bad state, and his mind was elsewhere as well. There were several times when Lu Benlai and Xia Shangzhou had spoken to him.., but after hearing the first few words, his mind drifted away..

Maintaining his current state, he played two games before Lin Jiage stopped him.

Lu Benlai and Xia Shangzhou should have noticed that something was wrong with him as well, so they asked him what was wrong. Without saying a word, he put down his phone and headed to the bathroom.

After taking a shower, Lin Jiage turned off the lights and lay down on the bed. However, he was unable to fall asleep for a long time.

The night was quiet, but it was as if he had encountered a huge problem. From time to time, he would turn over on his bed.

Chapter 687: Rich And Overbearing Tycoon (1)

..

On the afternoon of the second day, the rules of the finals were no different from the first round of elimination matches. It was just that the three matches had turned into five matches.

Out of the seventy-five battle teams, twenty-four had made it to the finals, and the teams that made it to the finals weren't weak at all.

Shi Yao had always thought that it was already her limit to die 80% of the time in the elimination matches. Who would have thought that she would set a new record in the finals, which basically meant that she would die 99% of the time, out of the five matches, she managed to land her first head on the ground in four of them.

Compared to the knockout rounds, Mr. Number, Juice, and the other experts in the finals were still facing some difficulties in the three-on-four situation. However, Mr. Number was truly stable.., he was able to hold his ground until the last match. With his total points falling behind and him being the only survivor, he had single-handedly wiped out two full teams in the final round, successfully eating the chicken, and he even managed to overtake the first place in the total points, he had won the championship.

As a member of [team 21] , even though Shi Yao had been watching the entire match, she was still deeply moved and excited by the last match.

After the match ended, Shi Yao couldn't wait to send a message to [sexy and wild]'s group chat.

[Yao loves ice cream]@[111111] : God, that match just now was so cool

Perhaps it was because everyone was a little tired after playing the game, but no one paid any attention to her.

Even though Shi Yao didn't put in much effort, it was already dark outside after five matches. She rubbed her already rumbling stomach before heading to the canteen for dinner.

After returning to her dormitory, Shi Yao took out her phone and took a look at WeChat.

Other than Juice and expert fawning over Mister Numbers, there were no other messages in the [sexy and wild] group.

Shi Yao didn't send any messages in the group because she saw a private message from Mister Numbers.

[111111] : [you used my message to sign up. I've already sent you the prize money, but your phone won't arrive for a few days. I'll give you the prize money first.]

Perhaps it was because Shi Yao wasn't paying him any attention, but about ten minutes ago, he sent another message: [can I transfer the money through wechat?]

Was he trying to split the money? But... she didn't use any strength at all..

In embarrassment, Shi Yao's face reddened as she typed: [that... why don't we forget about it? Not only am I useless, I've even dragged you guys down, causing you guys to end up in the finals. It must be very tiring...]

A second after she successfully sent the message, a string of transaction records appeared on her screen.

[111111] transaction: 50,000 yuan.

[111111] transaction: 50,000 yuan.

[111111] transaction: 20,000 yuan.

[111111] transaction: 5,000 yuan.

Just as they had agreed on, the total was 125,000 yuan.

[111111] : "Without You, team 21 wouldn't have been able to succeed. Three people wouldn't have been able to compete in the tournament, so the money should still be divided according to how it should be divided."

The rules had already been set before the tournament, and now that Mister Numbers had repeated those words once more, Shi Yao felt that she would be too unreasonable if she were to reject it again. Thus, she accepted the money one after another generously, and when she saw that her wechat balance had changed from 106.12 to 125,106.12, Shi Yao suddenly felt a little inflated, feeling as if she had suddenly become a wealthy tycoon.

Chapter 688: Rich And Overbearing Tycoon (2)

She happily withdrew 100,000 yuan to her bank card, and then stared at the remaining 25,000 yuan. After thinking for a while, she ran to the wechat chat page, she transferred a red packet of "666" to juice, master, and Mr. Number, and then added, "Congratulations on winning!"

Three seconds later, she received three messages from each of them.

[juice] received her money and then sent her a red packet of "888" yuan: "Sister Yao, Congratulations on winning!"

[master of the monkeys] received her money and then sent her a red packet of "999" yuan: "Champion Yao, Congratulations!"

[111111] received her money and then sent her a red packet of "6666" yuan: "Congratulations."

This... She was the first to congratulate them. They had all accepted her money, and now they were congratulating her instead. She couldn't possibly not accept their money..

However, not only did she not lose money, she even earned another 6500 yuan..

Shi Yao stared at her cash withdrawal, and her balance went from 25,106.12 to 31,661.12. After feeling guilty for a moment, she chatted with juice and expert for a while longer before running over to [111111] to thank the person who had contributed so much to this tournament.., she thanked him earnestly, "I really have to thank you for this tournament. But speaking of which, this feeling is exactly the same as the feeling I had when I was playing the game and got the leg of a Super God, fighting bosses with him, and getting super equipment..."

[111111] : "In a few days, I'll bring you back to the distribution of equipment."

Shi Yao didn't react for a moment before replying, "Huh?"

[111111] had forwarded two links to her, and it was still an online competition. One of them had a reward of 300,000 yuan, and the other had a reward of 800,000 yuan.

It was only after Shi Yao saw all of this that she realized what Mister Numbers meant. He wanted to bring her back to the competition in a few days.

However, wasn't it a little inappropriate to keep lying around to distribute the money?

Shi Yao: "I think... Why Don't you guys post an announcement on the school forum to recruit a chicken-eating expert? Why Don't I help you guys post it?"

[111111] : "No."

[111111] : "I'm not the kind of person who would abandon a hero after crossing the river."

Was she saying that team 21 was established because of her? That she couldn't abandon the bridge after crossing the river and kick her out?

But to say that she was a hero?

Shi Yao couldn't help but feel embarrassed. "Compared to a hero, it's more appropriate to say that I'm a traitor."

[111111] : "Un. Even if I'm a traitor, I still have to keep it."

Traitor? Are You referring to me?

Shi Yao pouted. After thinking for a moment, she felt that it wouldn't be the same for her to just lie down like that, thus, she replied, "How about this? I'll acknowledge you as my master, and you can teach me how to play games? I'll learn it seriously. Even if I'm not that good, I shouldn't be a burden."

A long while later, [111111]'s message popped up on her phone screen. "Sure."

Shi Yao replied happily, "Teacher, please accept my greetings."

[111111] : Wrong name

[Yao loves ice cream] :"? ? ?"

[111111] : "You Should Call Me Auntie."

Shi Yao, who was drinking yogurt, choked on her own food when she saw those words.

Auntie, Auntie... He, he, he, he... did he think that she was the Dragon Lady? And for her to call him Auntie, did that mean that she was Yang Guo?

To think that she was still husband and wife?

[111111] : “Are you free tomorrow afternoon? I’m fine. I’ll teach you how to play games.”

Chapter 689: Unbridled Hatred, Unbridled Love (1)

[111111] : “Are you free tomorrow afternoon? I’m fine. I’ll teach you how to play games.”

Auntie... ptui! Auntie is an ice-cream ball! I almost got carried away by Mister Numbers! He’s clearly my master..

Isn’t it a little inappropriate for my master to ask me to take a leave of absence during the first lesson?

But she... had really made an appointment with someone in advance..

Shi Yao hesitated for a moment before replying honestly, “I might not be able to make it tomorrow...”

[111111] :“?”

Shi Yao: “I’ve been moonlighting as a tutor recently. I thought that I would be free tomorrow, so I made an appointment with my students in the afternoon, so...”

After sending this message, Shi Yao added in embarrassment, “However, I’m free the day after tomorrow in the afternoon, the day after tomorrow in the afternoon, the day after tomorrow in the afternoon, and the night after that!”

[111111] : UN, got it

Mister numbers was always so cold and aloof. As long as he wasn’t paying attention, he would be able to chat the entire day to death..

Just as Shi Yao was thinking about how she should reply to him, a new message appeared on her screen.

[111111] : the part-time job you mentioned previously, is that what it is

Shi Yao was stunned for a moment before recalling that she had mentioned it to him many days ago when she was still working at the Guild Hall..

Shi Yao wasn’t good at lying, so she replied, “No, I was working in a different job back then, and I only changed my job after that.”

[111111] replied with an ‘Oh’and didn’t ask her why she changed her job, but about a minute later.., [111111] asked her another question, “Does your fiancé know that you work to earn money to pay back your fiancé?”

Fiancé... Lin Jiage... it seems like he and I haven’t seen each other since they parted on bad terms at the clubhouse..

The only contact she had was when she received a call from her mother the other day, crying on the playground. He called Leng Nuan over to accompany her, but he didn't appear in front of her that time either.

Shi Yao was stunned for a moment before replying, "Got it."

[111111] : "Then, he didn't say that you don't have to pay him back?"

Shi Yao didn't reply to Mister Numbers' message, but the words that Lin Jiage had said before he left in a fit of rage — you've been the fiancée of the Lin family for six years, so it's only right for you to receive some compensation.

He did say that she didn't need to return the money, but it was just that his words weren't very pleasant to hear..

Perhaps it was because she hadn't replied to Mister Numbers' message for a long time, but Mister Numbers sent her a new message: [am I being too rude?]

Shi Yao hurriedly replied: [no...]

[he did say that he didn't need me to return the money, but I still want to return the money.]

[111111] : "Why? Aren't you two engaged? Why do you have to be so clear about this?"

Engaged couple... Shi Yao stared at those words for a moment before tapping on her phone's keyboard. "If it's possible, I really don't wish for this relationship to happen."

If she had known that her relationship with Lin Jiage's engaged couple had been created by her parents' mindset, she would have fought back with all her might.

Perhaps it was because Mister numbers was busy, but after a long while, he finally replied, "You... want to break off your engagement with him?"

If it was in the past, Shi Yao would have replied with a single sentence without hesitation or hesitation.

But now, as she stared at Mister Numbers' message, she was at a loss for words.

Was she going to break off the engagement with Lin Jiage?

Break... not break... not break... break..

Chapter 690: Unbridled Hatred, Unbridled Love (2)

Unbridled... unbridled... Unbridled... unbridled..

The two answers lingered in Shi Yao's mind for a long time, but she still couldn't find a single definite answer.

In the end, Shi Yao replied with two words: "I don't know."

"I was also annoyed by this matter. Back then, when I found out that I had a fiancé, he was only thirteen years old. Back then, I didn't really know what a fiancé was? "I only knew that one day, a car drove to my house downstairs. Then, that car drove my parents and me to a very big and beautiful house. The old

man in the house was very loving. He gave me a lot of delicious food and many candies that I had never seen before..

“Then, my mother told me that as long as I became the fiancé of this young master, I could always eat these candies. At that time, I was quite happy, but that night, I saw the fiancé that they were talking about. He was a very beautiful little brother. He was even more beautiful than the boys in the cartoons that I watched. When I saw him at that time, I was also happy. I really wanted to be good friends with him, but he was very fierce to me..

“After that, I was shocked by him. I felt that he was no longer beautiful. He was no different from the devil in cartoons. I ran to my parents and told them that I didn’t want to be his fiancée. My parents were very angry at that time, especially my father. He smashed the chair and told me that I couldn’t refuse him... I’ve never made my parents angry ever since I was young. At that time, my father said that if I didn’t listen to him, he wouldn’t want me anymore. I don’t remember the exact situation. Anyway, I didn’t resist him, and he probably didn’t resist his family either. Our relationship continued just like that...”

“There are some things that I didn’t really understand when I was young, but as I got older, I gradually understood. I have a fiancé, so I can’t be like other girls my age and make friends with other boys. That’s not right, and I can’t like boys either. That’s also not right...”

“How should I put it?” In any case, throughout my entire adolescence, I’ve always remembered that I have a fiancé who ignores me, and a fiancé who might not even know me. As such, I can’t be like other girls my age — wanton hatred, wanton love... Even when I have someone I want to like, I only dare to like them because I want to, not because I like them...”

Shi Yao didn’t even realize it herself, but unknowingly, she had already typed out the words that she had been suppressing in her heart for so many years.

After she clicked send, she was stunned for a moment before she realized that she seemed to have spoken too much. She hurriedly retracted the long string of words and changed it to a new one, she sent it to Mister Numbers: [it’s getting late. I’m going to take a shower and go to bed. Bye.]

Mister numbers didn’t reply to her message.

Shi Yao heaved a sigh of relief. He probably didn’t look at his phone, which meant that he didn’t see her long-winded words. Only then did she put down her phone and go to the bathroom.

When she came out of the washroom, she saw a new message on her wechat.

[111111] : [good night.]

Shi Yao replied with a ‘good night’ emoji before falling asleep.

..

At the same time, at the Lin family mansion.

Lin Jiage glanced at the ‘good night’ emoji Shi Yao sent him on his phone, but he didn’t reply to it. Instead, he stood up and walked toward the balcony.
