Chapter 691: My Heart Aches For The Girl He Likes (1)

The chilly autumn wind blew against Lin Jiage's face, jolting him out of his daze.

He stared at the picturesque greenery of the residential area for a moment before the long string of messages that Shi Yao had sent him suddenly flashed across his mind.

Perhaps, she thought that he didn't have the time to read them... but in truth, he had read them all without missing a single word... even though he had scanned through them swiftly, his natural memory was astonishing... Even though he didn't dare to say it out loud.., he was able to memorize every single word, but he was able to memorize every single important point in her words.

So, her first impression of him was actually that of a good guy... a little brother as beautiful as a manga made her very happy..

If he hadn't resisted at that time, if he had accepted her existence at that time, would that little her have fallen in love with him at that time?

It turned out that she had resisted just like him, but had also failed to resist successfully..

In the process of growing up, he had actually never taken her as his fiancée seriously. If he had met the girl he liked before he had fallen in love with her.., he thought that he would not care about her existence and control his feelings for her. He would openly pursue that girl, he would even unhesitatingly dump her, who at that time could only exist in name, for the sake of that girl... but she did not... because of the existence of his invisible fiancée.., she didn't dare to spend too much time with boys, nor did she dare to fall in love with them..

The best part of a girl's youth was her high school and university years, but she wasted more than half of her time on him.

That's right... They had never been together. Even though they had a fiancée relationship, there wasn't the slightest bit of happiness and sweetness between a man and a woman, but she still gave him the time of her youth.

From the age of 13 to 19, in these six years, she never had the chance to live the life she wanted.

She said that wanton love and wanton hate... that was the capital that everyone had when they were young and frivolous, but she didn't have it.

She also said that even if I had someone I wanted to like, I would only dare to like them, not like them..

To think... Such a simple word, and it turned out that he could actually use such a frightening force behind it.

Lin Jiage knew that his heart ached for the girl he liked.

It wasn't until today that he realized just what kind of unfair treatment the girl she liked had been receiving all along.

Whether it was her family or his family..

Lin Jiage couldn't help but recall the words he overheard at his grandfather's door the night before.

..

Time flew by quickly, and before he knew it, it was already the day old Mister Lin celebrated his late wife's birthday.

The venue was still Beijing Grand Hotel, but this time, it wasn't lunch, but dinner.

Shi Yao was heading to Beijing Grand Hotel from school. Due to tutoring her students, she set off a little late, and by the time she arrived, everyone had arrived except for Lin Jiage.

After greeting the elders in the room, her mother called out her name and asked her to accompany her to the washroom.

Shi Yao knew that going to the washroom wasn't the main point. The main point was that her mother wanted to find an excuse to say something to her.

She didn't reject her request and left the room with her mother.

Chapter 692: My Heart Aches For The Girl He Likes (2)

As soon as she stepped into the bathroom, Shi Yao's mother couldn't wait to ask, "Yaoyao, are you and Jia Ge Okay Now?"

Shi Yao frowned slightly, but she didn't say a word. Instead, she opened a door and stepped into the cubicle.

When she was done using the bathroom and opened the cubicle door, she saw Shi Yao's mother standing guard at the door. Without saying a word, Shi Yao's mother asked, "You haven't apologized to Jia Ge yet, have you?"

Shi Yao didn't respond to her mother's words and walked out of the toilet.

Shi followed closely behind, "Yaoyao, why are you so insensible..."

..

A moment ago, Lin Jiage had just stepped out of the elevator when he heard a familiar voice. Instinctively, he turned his gaze over and saw Shi Yao, whom he hadn't seen for a long time.

Her mother was standing beside him, and the familiar voice he heard was coming from her mother.

"Yaoyao, didn't your father tell you that day? He asked you to coax Jiange a little... besides, old Mister Lin has taken such good care of our family, so it's only right for you to coax Jiange a little... you should know that most girls aren't as lucky as you. If you marry Jiange, you won't have to worry about food and clothing for the rest of your life. What a wonderful thing! Don't be silly... Yaoyao, mom has said so many things, but did you really listen to them or not? Yaoyao... Mommy is doing this for your own good..."

Shi Yao and her mother didn't notice him behind them.

As they walked forward, her mother was still talking to him.

It wasn't until they were far away that he gradually lost his hearing of her mother's voice that he finally came back to his senses. Then, he lifted his feet and walked toward the private room without much change in his expression.

He had entered about a minute later than them. When the waiter pushed the door open for him, the atmosphere inside was very harmonious. Shi Yao was sitting beside her mother, and there wasn't a hint of sadness or displeasure in her eyes. On the other hand, on her mother's face., there was no longer any reproach from before, but a kind smile instead.

As soon as he entered, Shi Yao's father was the first to speak up, "Is Jia Ge here?"

Lin Jiage politely greeted 'uncle Shi' before politely addressing Shi Yao's mother as 'Auntie Shi'. Only then did he greet his grandfather before pulling out the remaining chair beside Shi Yao and taking his seat.

Since everyone was here, Old Mister Lin immediately called for the waiter to serve the dishes.

Lin Jiage took a disinfectant towel from the table. While he was wiping his hands, he caught sight of Shi Yao's mother from the corner of his eye, and she was secretly hitting Shi Yao's leg with her hands.

His hand-wiping movements slowed down slightly, and he turned his attention to Shi Yao and her mother for a moment. He could vaguely hear Shi Yao's mother lowering her voice, she said a few words to her, "Hurry up... say hello to Jiage... Yaoyao..."

It was as if her mother had noticed her indifference, and her final voice sounded a little anxious. However, due to the large crowd around them, she was afraid of being discovered, her mother suppressed her anger and said, "Yaoyao, why have you suddenly become so insensible... Yaoyao..."

Lin Jiage clearly caught a glimpse of Shi Yao, who had remained silent the entire time, silently gripping her clothes tightly with her fingertips.

He stared at her for less than three seconds before withdrawing his gaze. After which, he put down the towel, picked up the teapot that the waiter had placed on the table, and poured a cup of hot tea for Shi Yao. "Have some water."

Perhaps it was because Shi Yao didn't expect him to take the initiative to speak to her, but she couldn't help but raise her head to look at him in disbelief.

Chapter 693: A Girl Should Be Pampered (1)

Meeting Shi Yao's gaze, Lin Jiage didn't say a word.

Shi Yao didn't say a word either.

The atmosphere between the two of them was rather quiet.

Seeing that the two of them were silent, Shi couldn't help but ask, "Yaoyao, Jiage poured you some water. Why didn't you say a word of thanks..."

As she spoke, Shi Yao's mother turned to look at Lin Jiage with an apologetic smile on her face. "Yaoyao, this child is really getting more and more insensible as she grows up. Jiage, Auntie will thank you on her behalf..."

As Shi Yao's mother's words fell from her lips, Lin Jiage noticed that Shi Yao's fingertips were trembling slightly.

For some reason, his heart began to ache. Following which, he politely greeted Shi Yao's mother with a fawning smile on his face. Just as he was about to reply, before he could even finish his words., Lin Jiayi, who was sitting beside him, spoke up first, "Auntie Shi, you're being too polite. The ATM is pouring yaoyao some water..."

Shi didn't understand what Lin Jiayi was saying, so she stared blankly into her eyes.

Lin Jiayi was taken aback by Shi's gaze as well, and she immediately stopped talking. A few seconds later, she finally regained her composure and said, "Oh, the ATM is Lin Jiage..."

Realization dawned on Shi, and she burst into laughter.

Lin Jiayi continued on, "It's only right and proper for Lin Jiage to pour water for Yaoyao. Putting aside pouring water, it's only right and proper for him to pour water for her feet as well..."

Pour water for her feet... is she really his biological sister?

The corners of Lin Jiage's lips twitched slightly, but he swallowed the words that were on the tip of his tongue.

Hearing Lin Jiayi's words, his aunt, Lin Gunan, chimed in, "Jiayi is right. It's a must for Jiage to take care of Yaoyao. Even if Yaoyao asks him to drink water for her feet, he still has to drink it..."

Drinking foot-washing water... Lin Jiage raised his hand and rubbed his nose... there was an 80% chance that he wasn't his biological son.

Old Mister Lin: "That's right. Yaoyao and Jiage don't need to be polite at all. Even if they want to talk about being polite, it's only because Jiage is being polite to yaoyao. Also, there's no such thing as drinking foot-washing water. Those words are too disgusting..."

Lin Jiage thought to himself that he could still save his grandfather's biological son.

But just as his thoughts settled., old Mister Lin chuckled and said to yaoyao, "However, yaoyao, if you really want him to drink it, you can let him drink it. If he doesn't want to drink it, you can tell Grandpa that I'll help you force him to drink it. Not only will I force him to drink the foot-washing water, I'll also give him the toilet water as well..."

Lin Jiage:" ..."

If he had the ability to retract his thoughts, he would be able to do so.

Right now, he was 100% sure that he wasn't her biological son.

Shi: "Uncle Lin, you two are spoiling yaoyao too much. You'll spoil her too much."

Shi: "That's right, uncle Lin. Look at how spoiled she is right now."

After Shi Yao's parents were done with their formalities, the two of them turned around and spoke to Lin Jiage.

Shi: "Jiange, sometimes, yaoyao might not be very sensible. If she offends you in any way, don't take it to heart. Auntie will apologize to you on her behalf..."

Shi: "Right, right, right. Uncle will apologize to you on her behalf as well, so you should bear with her more. Her mother and I will also talk to her a little, telling her not to be so immature and not to go overboard... in any case, you shouldn't take it to heart..."

Facing Shi Yao's parents' words, Lin Jiange wasn't in a hurry to speak. Instead, he glanced at Shi Yao, who was sitting beside him.

Chapter 694: A Girl Should Be Pampered (2)

Perhaps it was because the girl didn't want to lose her composure in front of so many elders, but she lowered her head, showing no signs of wanting to speak at all.

She looked very quiet, but Lin Jiange noticed that the corner of her lips had visibly pursed slightly after her parents had finished speaking.

He had lived under the same roof as her for a month, so he knew that her small actions were a sign of unhappiness..

Lin Jiange's Adam's apple bobbed up and down twice before turning to look at Shi Yao's parents.

But just like before, before he could speak, someone from the Lin clan had already spoken up.

His father, Lin Gubei, said, "In-laws, your words are really giving face to Jiange. You're his elders, and after Yaoyao gets together with him, the two of you will become his parents. There's no need to apologize on Yaoyao's behalf. If he and Yaoyao really fall out, there's no need to think about it. It's his fault!"

Lin Jiayi: "Yes, yes. My father is right. There's no need to take care of the psychology of an ATM. You just need to take good care of Yaoyao. Uncle Shi, Auntie Shi, you don't have to be so polite to him. From now on, you can be considered half his parents. You can hit him or scold him however you want..."

Old Mister Lin: "Also, you've spoiled him too much. Girls are born to be pampered. In our family, when we were young, Jianyi had a special car to take them to school. Jiange went to school on foot, and when he was far away, he rode his bicycle. Boys have to work hard to take care of them, or else they won't be able to bear the responsibility. As for girls, they have to be more precious... Not to mention, Yaoyao is so sensible, so she's even more precious..."

Jiang Wangui, who had always been a man of few words, finally spoke up, "That's right. When Lin Jiange turned sixteen, I cut off his living expenses. If he wants to live, he'll have to earn his own money."

Lin Jiange was just about to say something when he suddenly felt that there was no need for him to say anything else.

He had felt sorry for Soft Bun... but now, he realized that the one who should be feeling sorry for Soft Bun was him... he was the pitiful one in this room..

Since the Lin family had already said so, Shi Yao's parents naturally didn't have anything else to say. Thus, the topic of conversation was naturally avoided.

However, they didn't chat for too long on other topics. Suddenly, old Mister Lin seemed to have thought of something and asked, "Right, Auntie Sun, where are those albums that I asked you to bring over?"

Hearing old Mister Lin's Reminder, Auntie Sun immediately walked over to the sofa at the side and took out a folder, handing it over to old Mister Lin.

Old Master Lin didn't open the folder, but instead, he gestured for Auntie Sun to hand over the booklet to him, "That day, didn't you say that Yaoyao won't be staying with you two after she marries over? I was afraid that she wouldn't be used to it, so I bought you two a house in the city so that Yaoyao can visit you all whenever she wants? "Since that's the case, I'll have the agency choose some of the better houses for our meal today. See which one you like..."

Hearing those words, Shi Yao abruptly raised her head and said, "Grandpa Lin, there's no need for that..."

Before Shi Yao could finish her words, Lin Guinan spoke up, "There's no need for that. Besides, a house won't cost too much. If you marry Jiange, your parents will become Jiange's parents. He still wants to buy a house for your parents..."

While Lin Guinan was speaking, Auntie Sun had already delivered the booklet to Shi Yao's parents.

Shi Yao's parents took a look at the size of the booklet, and Shi Yao's father spoke up, "This... This house is a little too big..."

Chapter 695: Highlight Finally Arrived (1)

Lin Jiayi: "It's not that big. Those houses aren't even as big as the bedrooms in the ATMS!"

Lin gubei: "That's right. Besides, the bigger houses are much more comfortable to live in. They're too small, and it's stifling to live in."

Old Mister Lin: "I booked the size of this house, so just listen to me. Take a look at which one you like. I've already looked through most of the houses, and I think the first and eighth houses are the best. They face north and south, especially the eighth house, which even has a small terrace..."

Following Old Mister Lin's words, Shi Yao's parents flipped to the first and eighth houses respectively.

Father Shi: "This eighth house is actually so good?"

Mother Shi: "Uncle Lin, you really have sharp eyes, and this area is also good..."

Compared to Shi Yao, who had always been able to endure whatever her parents said earlier., at this moment, she was clearly starting to panic, "Dad, Mom, the house you guys are living in now is pretty good. The air in the suburbs isn't too bad, so it's more convenient to climb a mountain or something..."

Lin Jiage noticed that halfway through Shi Yao's words, her father glared at her fiercely, and her mother secretly pinched her thigh.

Lin Guinan: "The suburbs are good, but aren't there times when it's not that convenient? Besides, don't you want to be closer to your parents?"

Lin Jiayi: "That's right, Little Darling Yaoyao. Let the adults make their own decisions. You Don't have to care so much..."

"Grandpa Lin, we really can't buy this house..." Shi Yao only managed to say a few words before Lin Jiage saw her mother forcefully pushing her leg once more.

She pursed her lips slightly, but she didn't stop there. Instead, she stared at Old Mister Lin, she continued, "... Grandpa Lin, I know that you're being kind and treating me well, but there's really no need for this house. All in all, this house, we..."

This time, it wasn't just her mother. Even her father began to secretly kick Shi Yao's leg in a place where no one would notice, reminding her to shut up.

Shi Yao's words were abruptly halted by her father's kick.

Around three seconds later, she moved her lips once more. But this time, before she could say anything, her mother slapped her leg.

Lin Jiage, who had seen everything, couldn't take it anymore. He casually asked, "Aren't you going to eat?"

Lin Gubei: "That's true. The dishes are all served. Hurry up and eat. If you don't eat soon, it won't taste good once it gets cold."

Old Mister Lin: "Right, right, right. Let's eat. We can talk about the house after we finish eating."

With old Mister Lin's words, everyone at the table stopped talking about the house. Everyone picked up their chopsticks and started eating while chatting about the various topics in the world.

Lin Jiage and Shi Yao were very quiet. Neither of them joined in the conversation, nor did they take the initiative to speak to each other.

Even though the two of them seemed to be enjoying their meal naturally, Shi Yao had something on her mind, and Lin Jiage had his own plans in mind as well.

Halfway through their meal, Old Mister Lin suddenly felt as if he had been salted. He suddenly clutched his chest and began coughing violently.

Auntie Sun, who was in charge of taking care of him, patted his back to help him catch his breath. At the same time, she called out to the waiter, "Bring Me a cup of hot water."

Hearing those words, Lin Jiage's grip on his chopsticks tightened slightly.

He knew... that the highlight of the meal had finally arrived..

Chapter 696: Highlight Finally Arrived (2)

As soon as Nanny Sun finished speaking, a waiter came in with a cup of hot water.

When the waiter was almost in front of old Mr. Lin, Nanny Sun stood up straight and reached out to take the cup without waiting for the waiter to put it on the table.

The waiter also didn't have any intention of putting the cup on the table and directly handed it to Nanny Sun.

The act of receiving the cup lasted for roughly thirty seconds before the two of them separated.

The waiter politely took half a step back, bowed slightly at Auntie Sun, and left.

Lin Jiage clearly noticed that the waiter's right hand was clenched into a fist.

Auntie Sun passed the cup over to old Mister Lin, and old Mister Lin took half a sip as a symbolic gesture. After which, as if he had just recovered from his shock, he glanced at Auntie Sun, and Auntie Sun nodded at Old Mister Lin without batting an eyelid, then, Old Mister Lin continued eating as if nothing had happened.

After about five minutes of calm, old Mister Lin looked at the empty cup in front of him. "Eh? There's no juice left?"

Nanny Sun hurriedly said, "I'll get someone to deliver it right away."

Then, it was Nanny Sun who called for the waiter.

The juice was freshly squeezed. After about ten minutes, the waiter came in with the juice that had already been poured into the cup.

She first placed the juice in front of everyone, then she took away the cups that had been used in front of everyone.

Before leaving the room, she politely asked, "Is there anything else I can help you with?"

Old Mr. Lin pointed at the bottom of the crab roe tofu in front of him and said, "This tofu is not bad. One more serving."

"Alright, Old Mister Lin," the waiter replied respectfully before leaving the room.

Lin Jiage knew that the juice in front of him and Shi Yao was a fruit juice that had been tampered with. He also knew that since his grandfather had arranged everything, there had to be a way.., so, he asked Shi Yao and him to drink all of the fruit juice into their stomachs.

Pretending as if he didn't know anything, he continued eating leisurely. Around four minutes later, old Mister Lin suddenly suggested that everyone drink a cup of fruit juice instead of wine.

Lin Jiage: "..."

So, he was overthinking things.

His grandfather's method of making him and Shi Yao drink this fruit juice was so simple that... they didn't even need to use their brains.

Naturally, no one would reject old Mister Lin's suggestion. The whole table of people stopped talking and also stopped moving their chopsticks, and they all picked up their glasses of fruit juice.

After clinking their glasses, everyone raised their heads and began drinking.

Including Shi Yao.

Lin Jiage raised his blanket and stared at Shi Yao from the corner of his eye as she drank half a cup of the problematic juice. Only then did he turn his gaze away, raise his head, and drink half a cup of juice as well.

After putting down their cups, everyone chatted while eating. After which, old Mister Lin called for everyone to clink their cups again.

Just like that, in less than ten minutes, Shi Yao's juice was depleted.

After putting down his cup, old Mister Lin glanced at Shi Yao's empty cup before asking Auntie Sun, "Oh right, where's the dish I added? Why hasn't it been served yet?"

Auntie Sun: "Old Mister, I'll hurry it up right away."

After which, Auntie Sun called for the waiter.

Soon, the waiter brought the crab roe tofu into the private room. When she served the dish, it was served between Shi Yao and Lin Jiage. It was unknown whether it was due to her lack of stability, but when the plate passed between Shi Yao and Lin Jiage., she accidentally flipped the plate, and the crab roe tofu spilled all over Shi Yao and Lin Jiage.

Chapter 697: Heat (1)

"Ya!"

The attendant exclaimed in shock before hurriedly taking out a tissue. While frantically wiping the dirt off Shi Yao's clothes, she apologized in a flustered manner, "I'm sorry, I'm sorry, I'm sorry..."

Shi Yao was a soft and adorable person to begin with, and since the attendant was so frightened, she naturally wouldn't hold it against her anymore. "It's alright, I'll do it myself..."

Lin Jiage, who had always been a germaphobe, glanced at the grease stains on his clothes, and a slight frown appeared on his forehead. However, he didn't make things too difficult for the attendant. Just as Shi Yao was about to reach for the napkin, he rejected her in advance, "There's no need for that..."

The attendant took two steps back and apologized profusely, "I'm really sorry. I'll make up for the food that was spilled just now..."

"That's okay..." elder Lin said, "But their clothes are so dirty. It's too outrageous. Do you have a place to clean them up..."

The waiter said, "Yes, yes. I'll go get the room card now and take you and miss to the room upstairs to clean them up. As for the dirty clothes, you can bring them to me. I'll send them to the concierge department for dry-cleaning. I'll send them to the concierge department for urgent cleaning. When the time comes, you and miss only need to rest in the room for a while..."

Upon hearing the solution given by the attendant, elder Lin seemed to be very satisfied with the emergency treatment she had given him. Thus, he didn't say anything else and simply nodded his head.

The attendant apologized a few more times before swiftly leaving the room.

In less than two to three minutes, she returned to the room in a hurry, "I've already instructed the kitchen to rush the replacement of the crab roe tofu. Here's the room card, and I've asked the receptionist to get the best suite available. However, there's a meeting today, so there aren't any extra rooms available. I wonder if this is the only room available?"

Before Shi Yao and Lin Jiage could react, old Mister Lin suddenly spoke up, "It's just a simple loan. There's no need to be so particular about it."

Since he had already said so, Shi Yao and Lin Jiage naturally had no objections either.

"I'll take the two of you upstairs then," the waiter replied politely before gesturing for Shi Yao and Lin Jiage to leave.

It was only after Shi Yao had followed the attendant for a few steps that Lin Jiage finally raised his feet.

Even though there was nothing wrong with what had just happened, he knew very well that everything that had happened was all arranged by his grandfather.

The crab roe tofu was spilled on purpose, and the room here was definitely not full... if he hadn't overheard his grandfather and Auntie Sun's conversation that night, even he himself would have thought that everything that had happened today.., was perfectly normal.

With this thought in mind, Lin Jiage raised his head and glanced at Shi Yao, who was walking beside him.

To her, this was just an accident... she would never have thought that there was a trap behind this accident.

When she woke up tomorrow, the rice would be cooked... and she would no longer be the Shi Yao she was today... Her period was at the end of the month, so Grandpa must have done a thorough investigation and calculated the time beforehand. The current her.., it just so happened that she was at her most fertile moment. If she were to get pregnant again, it would truly be a done deal. She would probably never have another chance in her life..

While Lin Jiage was deep in thought, the attendant came to a stop. Following the sound of the room key being swiped open, the attendant politely pushed the door open and said, "Sir, Miss, we've arrived."

Chapter 698: Heat (2)

Lin Jiage collected his thoughts and nodded at the attendant before taking the lead to step into the room.

Shi Yao followed closely behind.

As it was a suite, there were two bathrooms, so Lin Jiage and Shi Yao each had one.

The attendant was waiting for Lin Jiage to take his clothes and send them to the concierge department to wash them.

Lin Jiage only had a slight grease stain on his T-shirt, so he entered the living room's bathroom. After taking off his shirt, he opened the door slightly and tossed his clothes out. After which, he locked the door and headed to the bathroom.

Compared to Lin Jiage, the dirt on Shi Yao's body was much more troublesome. Her sleeves, skirt, and hair were all smeared with crab beancurd.

Thus, she ran into the bedroom and took off all of her clothes. After which, she wrapped herself in a bathrobe and delivered the clothes to the attendant.

The attendant had already tidied up the clothes that Lin Jiage had casually tossed on the floor. After receiving Shi Yao's clothes, she passed the room card to Shi Yao, she said softly, "Please wait for a moment, sir. I'll bring the clothes up in about an hour."

Shi Yao nodded with a smile. After the attendant left, she returned to the bathroom in her bedroom to wash her hair and take a shower.

Shi Yao's hair was long, and it was already troublesome to wash it. Now that it was covered in grease, she had to toss and turn in the bathroom for quite some time before she could clean herself up.

She stood in front of the sink, drying her hair. Perhaps it was because she hadn't had enough sleep during the day or because she was tutoring her students at night, but her head felt a little dizzy, and her body felt a little warm.

She thought that the temperature of the water was too high while she was showering, so she turned the hot air in the hair dryer into a cold one. After blowing on her hair for a while, she realized that the temperature of her body didn't decrease at all, on the contrary, it even rose a lot.

After blowing her hair, Shi Yao put down the hairdryer. Through the mirror in front of her, she saw that her face was blushing terribly. She reached out to pat her face, and upon realizing that it was burning terribly, she turned on the tap and grabbed some cold water, after washing her face twice, she regained some consciousness before drying her hair and walking out of the bathroom.

In just a few short steps, Shi Yao realized that her face was starting to burn up again, and her entire body was starting to burn up as well. It didn't take long before she started to feel extremely thirsty. Following which, she started to walk around in a daze, walking out of the bedroom.

Lin Jiage had already finished showering. Sitting on the sofa, he stared at the night view through the floor-to-ceiling window, seemingly deep in thought.

The bathrobe he was wearing was tightly wrapped, and not a single inch of his skin was exposed.

But Shi Yao didn't know what was wrong with her either. After staring at Lin Jiage for a few seconds, her mouth started to dry up even more.

She hurriedly retracted her gaze and walked over to the bar counter.

She realized that her footsteps were getting weaker and weaker.

On the other hand, not too far away, Lin Jiage's body was like a magnet, attracting her to approach him.

She tried her best to restrain herself, but she realized that her body temperature had increased. subconsciously, she tugged at the collar of the towel, and her gaze fell on Lin Jiage once more.

She stared at him for a moment before she began walking over to him uncontrollably.

When she was in front of him, he noticed her. Then, he looked out of the window and saw her face.

“Yao...”he only said one word when her body suddenly went soft and she fell into his arms.

Chapter 699: Raging Inferno (1)

The sweet fragrance that assailed his nostrils and the unique softness of her body caused Lin Jiage’s mouth to shut in an instant.

It was as if his acupoints had been struck. His entire body stiffened for a moment before he slowly lowered his head to look at the young lady in his embrace.

Her consciousness was clearly in a trance, and she was completely oblivious to the fact that she had fallen on the ground. The gaze she was looking at him with was a mixture of confusion and bewilderment.

Her face was incredibly red, and through the bathrobe, he could feel the heat on her body. Her breathing was erratic, sometimes rapid, sometimes still.

Lin Jiage only stared at Shi Yao for half a minute before he could clearly feel a flame burning deep within his body. The flame grew larger and larger, and in the end, it turned into a raging inferno, there was no way to extinguish it.

Shi Yao raised her head and stared at Lin Jiage for a moment before she couldn’t help but want to lean closer to him.

With this thought in mind, her hand pressed down on his leg, slowly propping up her limp body that was lying in his embrace.

He was sitting while she was standing, so she was a little taller than him. She looked down at his face for a moment before moving her lips. Swallowing a mouthful of saliva, she slowly lowered her head and leaned closer to his face.

As she inched closer and closer to him, Lin Jiage could clearly feel her breath on his nose. It was warm and soft, and his breathing suddenly stopped. Following which, he felt the corner of his lips soften, following which, his lips and teeth were filled with her warm and soft breath. Following which, his mind went completely blank, and he lost all ability to think.

Her kiss was very clumsy, or rather, it was not a kiss. It was more like a reaction that was forced upon her after the drug took effect.

However, even though it was not a kiss, it still ignited the raging fire in his body. He rubbed his lips away from the corner of his lips and landed on his cheek. He turned his head slightly and captured her lips, he kissed her forcefully.

Perhaps it was because she was drugged, her entire body was weak. After a short while, her entire body went soft again. He quickly reached out his hand and hugged her waist. With a flip, he pressed her onto the sofa, he lowered his head and once again heavily covered her mouth.

His kiss was passionate and urgent, deepening the effects of the drug in her body. It was not that he had never kissed her before, but in the past, she had always been scared silly. However, this time, she.., she

took the initiative to extend her two slender arms around his neck, raising her head to welcome him. In fact, there were even sounds coming out of her mouth intermittently. Even though it was very subtle, it was enough to cause his brain to heat up, as the blood flow increased, the intensity of his kiss on her couldn't help but increase..

The room was very quiet, and the sounds of kissing could be heard from time to time.

Lin Jiage had no idea how much time had passed, but he knew that just as his blood vessels were about to explode, he suddenly stopped and slowly parted his lips from hers.

He lowered his head and stared at the dazed girl for a moment before reaching out to grab two pills from the table beside him and stuffing them into her mouth.

Perhaps it was because of the bitterness of the pills, she frowned. Before she could spit them out, Lin Jiage once more firmly and domineeringly pressed his lips against hers.

He waited until she had swallowed all the pills before stopping the pressure on his lips. He wasn't in a hurry to leave her. Instead, he pressed his lips against hers for a moment before gently kissing the corner of her lips once more.

Chapter 700: Raging Inferno (2)

It was unknown how long he had been kissing her lovingly and repeatedly, but she gradually calmed down, and even her breathing became steady.

Lin Jiage waited until she had completely calmed down, and the hand that had been tugging at his clothes earlier finally fell off his body. Only then did he slowly let go of her lips.

She was already asleep, and the scorching heat on her body was slowly receding bit by bit.

Her previously dazed and confused eyes had now turned into her usual quiet and peaceful self.

He stared at her for a long time before reaching out to pull back the bathrobe that she had torn off her body due to her earlier infatuation, slowly concealing her fair skin bit by bit.

He sat up straight, tidied up the messy bathrobe on his body, and tied the strap again. Then he bent down and carried her into the bedroom. He walked to the bedside, lifted the quilt, and gently put her on the bed. He pulled the quilt again, after carefully covering her body, his gaze fell on her face again.

He stared at her for a long time, then reached out his hand and smoothed her hair that had been messed up when she was pestering him. Then he got up and left the bedroom.

Before closing the door, he glanced at her through the crack in the door. After a few seconds of silence, he closed the door and turned to the bathroom.

After coming out of the bathroom, he walked to the water bar and took a bottle of cold water from the fridge. After twisting the cap, he drank half of the bottle. Then, he pulled the towel around his neck to his head and wiped his wet hair, after he stopped dripping, he threw the towel away and walked to the floor-to-ceiling window. Looking down at the thousands of lights in the bustling city, he calmed down with a calm expression.

In the end, he still couldn't bear it... although he looked forward to her becoming his woman more than anyone else.

However, no matter how much he thought about it, even if that evil thought appeared in his mind again and again, in the end, he still wasn't willing to use this method to get her.

Perhaps grandfather's design was a good thing for her parents, for the Lin family, and even for him.

However, out of all the good things that everyone was looking forward to, who cared about her? And who had asked her if she was willing?

She was a person, and her innocence belonged to herself. Other than her, no one else could make decisions for her.

Especially him... not only could he not make decisions for her life, he had to respect her life.

Because she was the girl he truly liked. It was because he truly liked her that he had to do this... because, even if the whole world was against her, he had to stand by her side... This Way.., only then did he deserve to like her, and only then did he deserve to like her.

In truth, he had already thought of doing this a long time ago, hadn't he?

Otherwise, he wouldn't have accidentally overheard Grandpa and Auntie Sun's conversation that night, and he wouldn't have gone to buy medicine the next day. Otherwise, he wouldn't have taken the medicine the first time he went to the bathroom to take a shower.

He was afraid that he would really make a huge mistake... even though he was looking forward to it, more than anyone else, to making such a huge mistake come true.

..

When Shi Yao opened her eyes, she felt as though she had been asleep for a thousand years.

She looked at her surroundings and the bright sunlight outside the window for quite some time before she finally realized why she was here.
