Chapter 831: One-on-one Teaching You Step By Step (1)

“In my name, they even said that if I don’t kill enough people, I’ll eat SH * t on the livestream.”

Lin Jiage:” ...”

Lin Jiage: “Who said that? Who’s going to eat SH * t on the livestream?”

“But I’ve accepted their potato chips and yogurt for three months, and I’ve already promised to forgive them.”

Lin Jiage:” ...”

“Ten heads? I don’t think I’ll be able to kill them...”when Shi Yao first accepted the chips and yogurt for three months, she didn’t think that it would be too difficult to kill them. But looking back, she realized that to her.., it was as difficult as ascending to the heavens..

She had admitted that he Tian Tian and Jiang Yue were the biggest scammers in the world, and they probably felt that they had done something wrong in a moment of passion, so they immediately apologized to her. However, she had her own problems as well, so she shouldn’t have been unable to resist the temptation of food and forgave them.., she should have asked them to clarify on the forums that their words had nothing to do with her..

But thinking about it, she felt a little indignant. It was clearly [hate because of love] who had gone overboard. Even if Tian Tian and Jiang Yue hadn’t acted rashly, she still wanted to slap [hate because of love]’s face.

But that wasn’t the way to slap someone’s face either. Shi Yao could already vaguely make out the scene of her eating SH * t on the livestream..

“What should I do, Lin Jiage? I Can’t do it with ten heads...”

As she spoke, Shi Yao buried her head in Lin Jiage’s chest and rubbed it against his chest, “GE Jiage Lin, I don’t want to eat SH * t, Boohoo...”

Shi Yao’s rubbing warmed Lin Jiage’s heart, but for some reason, he felt like laughing.

Why is my soft bun so cute?

He reached out and stroked her hair, “I’m here, it’s fine...”

“Of course you’re fine. You’re not the one eating SH * t on the livestream, so what’s the point of you being here? You’re so full that you’re dying to watch me eat SH * t on the livestream...”

The more Shi Yao spoke, the more bitter her heart felt. She loved eating SH * t, but she didn’t like eating SH * t at all!

She was clearly the one being scolded, so why would a victim like her end up like this..

Shi Yao felt as if she had nothing left to live for, but at the same time, she couldn’t bring herself to accept it. Thus, she tried her best to think through it, and eventually, she raised her head and widened

her pitch-black eyes, she looked at Lin Jiage and said, "How about this? You think of a way to buy some laxatives and use them in the canteen on the day of the competition. That way, during the competition, the competitors will keep running to the toilet, and I'll be able to win..."

Lin Jiage: "..."

Lin Jiage: "This is illegal. If I were to do it, I'll be locked up in the Public Security Bureau."

"Wuwuwuwuwu... What should I do then? You Can't really make me eat SH * t, right? I don't want it... If I lose, you can eat it for me..."

Lin Jiage: "... Alright."

"Forget it. If you really eat SH * t on the livestream, I won't want you anymore..."

Lin Jiage: "..."

Shi Yao cried out a few times, "You should go and apply some laxatives instead... O (□□□□) O"

Lin Jiage: "..."

Lin Jiage: "You might as well let me help you get a cheat."

Shi Yao's eyes lit up, "Is that really alright?"

Lin Jiage: "It's Alright, but I won't help you get one..."

This was the most basic courtesy a gamer should have.

However, as Soft Bun's boyfriend, his girlfriend had caused such a huge mess, so of course, he wouldn't just sit idly by..

With this thought in mind, Lin Jiage asked, "Let me ask you, do you really have to participate in this competition?"

Chapter 832: One-on-one Teaching You Step By Step (2)

"I think so?"

Hearing Shi Yao's uncertain voice, Lin Jiage raised his hand and stroked her long hair, "Then let me ask you another way. Seeing how you're being criticized for love, do you really want to torture him back?"

"Of course!" This time, Shi Yao's answer was firm and resolute.

At the mention of [hate for Love], Shi Yao was incomparably furious, "I want to torture him from top to bottom!"

"UN, I'm the same as you." Lin Jiage's face was also filled with displeasure. "So, let's torture him back!"

"How?"

Lin Jiage wasn't in a hurry to reply to Shi Yao's words. Instead, he took his phone and browsed through the forums, "There's an afternoon for the match the day after tomorrow, and another day tomorrow. If you really want to torture him back, let's start training together from now on!"

“Training together?”

“That’s right. I’ll teach you one-on-one...”

“Is that Alright?” Shi Yao wasn’t doubting Lin Jiage, but herself.

“From now on, don’t think about the match. Think about the game, and think about how to play it well...” Lin Jiage said as he pulled Shi Yao up from his embrace and stared into her eyes, “... No one is born with the ability to do one thing. So, what you need to do now is to turn your inability into ability. Think about your long jump, and think about your 3,000-meter jump. If you can do it, why can’t the game do it? “Besides, you’ve already followed me to fight with professional players. Even if your skills aren’t that great, you’re still not necessarily inferior to those amateurs from G University. For those who are watching on the forums and harboring malicious intentions, the best way is to use your strength to shut them up. So, believe me, if you follow my instructions, you’ll definitely be able to do it!”

Shi Yao’s uneasy heart suddenly calmed down after hearing Lin Jiage’s words.

He was right. All along, she had only treated the game as a pastime, but that didn’t mean that she couldn’t play it well.

Since they all thought that she couldn’t, she had to show it to them!

With this thought in mind, Shi Yao nodded furiously at Lin Jiage, “I’ll listen to you. From now on, even if I don’t eat, drink, sleep, or rest, I’ll still slap their faces in the competition the day after Tomorrow!”

..

And just as they had discussed, after lunch, Lin Jiage began teaching Shi Yao hand-in-hand.

“When you’re walking, pull the steering wheel to sprint. This way, you’ll save a lot of time. Whether it’s running poison or picking up stuff, it’ll be much faster...”

“If someone follows you to the front, don’t panic. Swing your body from left to right and hit him. That way, his bullets might not be able to hit you, but you’ll be able to hit him... this is called positioning...”

“Remember, after every shot, you must reload your bullets...”

“...”

As time passed, under Lin Jiage’s guidance, Shi Yao’s movements became more and more fluid. By the afternoon of the next day, she was already able to kill the other party in a close-range battle.

Following which, what Lin Jiage taught Shi Yao was the sniper rifle that she had always envied and yearned for the most.

“You have to suppress your sniper rifle when shooting from a distance... no, that’s not right. You Won’t be able to hit anyone with that... Let me show you how it’s done... try it... it’s still not right...”

Lin Jiage taught Shi Yao repeatedly for quite some time, but her sniper rifle was always empty-handed.

In the end, he had no choice but to pull Shi Yao up to sit on his lap. After which, he pulled her into his embrace, holding her left hand with one hand and her right hand with the other, facing a tree in the

distance, unhurriedly, he opened fire, "This is how you press down on a gun... Don't be anxious, you have to steady yourself... can you feel it?"

At first, Shi Yao's attention was completely focused on the game, and Lin Jiage's attention was entirely focused on teaching her how to play.

By the time Shi Yao gradually found the feeling of pressing down on a gun, she had already gotten into a good mood. After taking down several people with her 98K sniper rifle, she excitedly moved her body from time to time, causing Lin Jiage's body to become increasingly tense, his breathing gradually became unsteady.

"Look, I've shot another person. I'm really going to become the strongest female sniper..." immersed in the game, Shi Yao didn't notice the peculiar expression on the man behind her. She proudly turned her head around and started showing off to Lin Jiage, however, just as her face was facing Lin Jiage, her lips were sealed by him..

.

Chapter 833: I Want To Eat Meat (1)

However, just as her face was facing Lin Jiage, her lips were suddenly sealed by him.

She subconsciously exerted some strength with her fingers, and soon after, she heard footsteps and gunshots coming from the phone, followed by the background music of the characters returning to the main hall after they were killed, after which, Shi Yao closed her eyes and immersed herself in the kiss. Not a single sound could be heard in her ears, and all she could feel was his burning lips.

They continued kissing like this for an unknown period of time, and his breathing grew heavier and heavier. His hands involuntarily slid to the hem of her clothes, and just as he was about to slip his hands into her clothes, he suddenly seemed to recall something, he stopped his actions, and the kiss on her lips also came to a halt. Pressing his lips against hers, he asked in a flirtatious tone, "Have you... gone through your period yet?"

Lin Jiage's kiss had left Shi Yao feeling drowsy. It took a long time before she finally snapped back to her senses. She shook her head in confusion before she finally understood the meaning behind his words, then, she shook her head furiously, "Still... No."

He didn't say anything else. Instead, he kissed her lips once more, and his hand, which was resting on the hem of her clothes, returned to her waist and hugged her tightly.

This time, he didn't kiss her for too long before stopping. Placing his head on her shoulder, he hugged her quietly for a moment before asking, "What do you want to eat for dinner?"

"Eat..." Shi Yao, who had been playing video games the entire afternoon, was already hungry. She wanted to eat anything, but in the end, she couldn't think of anything to eat for the time being. Finally, she turned to Lin Jiage and asked, "What do you want to Eat?"

The color of her lips, which he had just kissed, had turned a little redder than usual. When Lin Jiage heard her voice, he glanced at her face, and upon touching her lips, his blood began to boil, and even the words that came out of his mouth.., without thinking, he replied, "I . . . Want to eat meat."

“I want to eat meat too. Beef, mutton, chicken, duck, Goose...”

Lin Jiage’s gaze lingered on her lips for a moment before he abruptly averted his gaze. It took him a great deal of effort to maintain his composure before he finally managed to say the word ‘yes’.

If it weren’t for the fact that his self-control wasn’t too bad, he would have replied back to her... the meat I want to eat is called Shi Yao.

..

The school tournament held by G University’s Gaming Club was held at two o’clock in the afternoon.

Due to he tiantian and Jiang Yue’s vicious words on the school forum, saying that Shi Yao wanted to livestream the match to prove her strength to everyone, the matter became a huge sensation. The head of the gaming club took advantage of the situation to create a buzz around Shi Yao’s event, thus, they decided to turn the match from offline to online.

They rented the school’s Conference Hall as the venue for the match. As there were only 87 participants, the remaining empty seats were used by the gaming club to sell tickets.

Shi Yao was still rather speechless when she heard the news, but when she arrived at the conference hall the next day, she realized that there were quite a few people in g university who had nothing better to do. Other than the seats for the participants, the rest of the seats were almost fully occupied, even more so than the school’s New Year’s Eve party.

Shi Yao had classes in the morning, and Lin Jiage had clients to attend to at noon. Thus, the people accompanying Shi Yao to the competition were Leng Nuan, he tiantian, and Jiang Yue.

He Tiantian was an extrovert, so she could chat with anyone in a minute. Not long after they arrived, he tiantian managed to obtain a list of the students participating in the tournament.

Chapter 834: I Want To Eat Meat (2)

As far as the eye could see, all of the contestants were male, and Shi Yao was the only female.

However, in the list of male contestants, Shi Yao saw a name that she couldn’t be more familiar with — Han Jing.

The name “Han Jing” that Shi Yao saw at the same time was Jiang Yue. “Senior Han? He’s actually participating in this school tournament as well...”

He tiantian: “That’s really strange. When did he start playing this game? Why didn’t I know about it at all...”

Shi Yao didn’t say anything, but she stared at the name ‘Han Jing’, deep in thought.

“Yaoyao, what are you thinking about?” Noticing that Shi Yao was staring at the name list in he Tiantian’s hands without any reaction, the observant Leng Nuan couldn’t help but ask.

Shi Yao snapped back to her senses and replied, “Nothing...”

A moment later, Shi Yao saw a familiar figure walking out of the conference hall. She roughly knew where that person was heading to, so she said, "The competition is about to start. Nuan Nuan, accompany me to the restroom."

Leng Nuan replied with an "Un" before passing the water bottle she had brought along to he tiantian and Jiang Yue before heading to the conference hall with Shi Yao.

On the way to the washroom, Shi Yao suddenly asked, "Nuan Nuan, do you think that the matter regarding the forum this time is really that simple?"

"Why do you ask? Did you discover anything?"

Shi Yao shook her head, not saying a word.

She and Leng Nuan continued walking forward for a moment before saying, "I hope that I'm overthinking things..."

Leng Nuan thought that it was due to her uneasiness due to her competitive spirit and the pressure she was under, thus, she reached out and patted Shi Yao's back lightly. "Don't think too much about it. It's just a competition. Even though we have to fight for our pride, we all know that no matter who wins or loses, the stakes will never come true..."

That wasn't what Shi Yao was worried about, but she would rather believe that she was overthinking things. Thus, she didn't explain anything to Leng Nuan. Instead, she simply nodded her head with a smile and replied, "Un-un."

Just as the two of them were about to reach the entrance of the washroom, Shi Yao saw that the man had just exited the washroom. She walked up to Leng Nuan and said without any warning, "Nuannuan, I have an appointment to get a tattoo the day after tomorrow..."

"Tattoo? Why would you want to get a tattoo out of nowhere?" Leng Nuan frowned.

Shi Yao: "There's a birthmark at the bottom of my lower back. I really dislike it. I want to embroider a rose on the birthmark..."

As Shi Yao's voice fell, she and Leng Nuan entered the bathroom.

..

After exiting the bathroom, there were only five minutes left before the start of the competition.

Shi Yao was sitting in the seat that the club had arranged for her. While she was adjusting her headphones, she received a wechat message from Lin Jiage.

"Remember the routines that I've taught you over the past two days... Don't be nervous during the competition. Just treat it as a normal game and calm down..."

"Finally, you can do it!"

As Shi Yao stared at the two words 'you can do it', Lin Jiage's clear and gentle voice suddenly sounded in her ears. Her heart suddenly softened, and the nervousness that she had been feeling since the start of the competition calmed down instead.

The competition soon began —

The eighty-seven participants gradually entered the rooms set up by the club. After everyone had arrived, the competition officially began, and everyone entered birth island.

A minute later, everyone boarded the plane and entered the map of the island.

Shi Yao took a look at the flight path and marked the school that she had been jumping out of during the past two days of training.

When the plane arrived near the school, Shi Yao clicked on the skydive button

Chapter 835: Killing A Person Is Better Than Licking A City (1)

While parachuting, Shi Yao remembered what Lin Jiage had told her. She scanned her surroundings, and after getting a rough idea of the direction in which people were parachuting, she found a spot where there was no one around to land, look for a house, and pick up some equipment.

Shi Yao's luck was still pretty good. After three houses, she managed to obtain a gun, bullets, a level 2 bag, a level 2 armor, A Level 1 head, and a small amount of medicine.

During the two days of training, Lin Jiage had repeatedly said: It's better to kill a person than to lick an entire city.

Thus, after Shi Yao obtained the equipment, she used the time she spent parachuting to remember the landing locations of the people around her. After which, she found a house in the middle that they would enter to pick up their equipment, and she laid in wait for them, she patiently waited for them to come knocking on her door.

Ten seconds, fifteen seconds, twenty seconds, twenty-five seconds later, Shi Yao heard the sound of footsteps..

Even though she had experienced such a scene countless times over the past two days, Shi Yao was still a little nervous at the moment.

She hid in a corner of the house without moving, listening to the sounds of footsteps from downstairs to upstairs, and the footsteps were getting closer and closer to her... when the footsteps reached a point where she could feel that the person was already right in front of her, she held her breath, staring at the door of the room with her phone on the screen, she hugged her gun tightly and didn't move an inch... one, two, three... a character wearing a windbreaker appeared at the door... Shi Yao, who had already set up her gun.., without a care in the world, she fired wildly at that figure.

That person had been picking up equipment the entire time. After entering the room, he didn't see any footsteps, so he thought that there was no one in the room. As such, after being ambushed by Shi Yao, he didn't even have time to react before he turned into a box.

On the large screen in front of the conference hall, a line of words appeared: [Yao loves ice cream] eliminated [g's most handsome man] with M416.

"F * ck! SIS, you're so Shameless..."

A male voice came through the earpiece, and Shi Yao knew that it was the words of the person she had killed.

She ignored him and bent down to lick his equipment frantically. From his box, Shi Yao gleefully picked up a six-fold mirror, three medical kits, a level-3 head, a hundred rounds of bullets, and an SKS sniper rifle.

Lin Jiage had told Shi Yao that after firing a shot here, the people in the vicinity would be able to deduce the approximate location from the sound of the gunshot, so they had to quickly evacuate in order to avoid being caught off guard and killed, thus, after licking the first box that she killed, Shi Yao jumped out of the window without any hesitation and fled.

Lin Jiage had also told Shi Yao that she had to have a car for running poison, and it was much safer than walking. Thus, when Shi Yao passed by the garage, she turned into her car and drove towards the safety zone.

On the way, she bumped into a person and shot half of her blood. She was a little afraid, so she didn't continue fighting and continued driving forward.

While driving, Shi Yao turned around to take a look, and she realized that the person was relentlessly chasing after her. Thus, after running into the safety zone, she found a spot with a better view and replenished her blood, hugging her gun, she turned around to look for the other party.

Due to the fact that she was the first to stand on the advantageous terrain, even though Shi Yao had put in quite a bit of effort in her battle with the other party, she was still able to obtain the second head.

However, it was a pity that the place where the other party was located was already shrouded in a poisonous fog. There was no way for her to lick the bag anymore.

After obtaining the two heads, Shi Yao's confidence soared.

Lin Jiage was right. After all, this was a school tournament, and they were all amateurs. Their skills weren't that strong either. As long as she could hold her ground, there was still hope for her to win.

Chapter 836: Killing A Person Is Better Than Licking A City (2)

Thus, Shi Yao continued to play the game according to the little tricks that Lin Jiage had taught her.

Lin Jiage said that she had to enter the safe zone first, occupy a higher and more protected area, and then surround those who were running away from the poison.

Thus, Shi Yao would always enter the safe zone when there was still a minute left before the poison was wiped out. She would either hide in a two-story house or hide behind a rock on a mountain.., she would hold her gun in her hand and open up a mirror to look for the person in the direction of the poison zone.

Just like that, Shi Yao obtained a third head, a fourth head, and a fifth head..

While the safe zone was gradually shrinking, Shi Yao had encountered airdrops before.

However, Lin Jiage had warned her over and over again not to pick up airdrops unless she was completely confident in her chances. However, she could still hide in a corner and wait for others to pick up the airdrops.

Thus, Shi Yao obediently found a house to hide in and began guarding the airdrops.

Soon, someone drove over — following the technique that Lin Jiage had specially taught her, the moment the car came to a stop, she immediately fired at the driver's seat... and then, she steadily took away the sixth head.

There were still four more heads to go. Shi Yao glanced at the remaining heads and realized that there were only eighteen left.

In other words, she still had to kill about a quarter of the remaining heads.

This seems to be a little difficult... while Shi Yao was deep in thought, another person died, leaving only seventeen people alive.

Shi Yao was a little anxious, but she still stayed by the airdrop for a while. After making sure that no one else had appeared, she jumped down the stairs, picked up the airdrop and the box of the person she had just killed, and drove that person's car, she continued into the safe zone.

While she was running the poison, Shi Yao saw someone running toward the safe zone on foot. She turned the car around and rammed into that person... by accident, Shi Yao managed to obtain the seventh head.

Shi Yao, who had licked an air drop before, was already a god-tier player, so she didn't linger on licking the box anymore. Instead, she found a safe place to hide first.

Based on Lin Jiage's gaming experience, it was very easy for people to hide on the slopes of the mountain in the Safety Zone. They were either hiding behind rocks or trees. Thus, Shi Yao activated the magnifying glass to look for them on the mountain, and then, she really did find them... but it wasn't just one person, there were two of them fighting.

She wasn't in a hurry to shoot. Instead, she was waiting for them to fight until one of them killed the other, and the other person ran over to lick the box. At that moment, Shi Yao picked up her sniper rifle and imitated the way Lin Jiage had taught her to suppress her rifle, with a single shot, she killed the defenseless person, and she was able to obtain the eighth head..

There were still twelve survivors left, and she still needed two more heads..

Seeing that the safety zone was gradually shrinking, Shi Yao was just two more rounds away from reaching the finals.

As for the remaining survivors, their skills weren't weak either. Thus, Shi Yao decided to give it her all. Once she saw the sound of a gunshot somewhere on her map, she stealthily dived toward it..

Shi Yao also felt that her luck was a little off the charts. To think that she would bump into a person whose back was facing her while she was taking her medicine.

Thus, without any hesitation, she raised her hand and shot that person to death.

With only one head left, [hatred from Love] would lose..

Shi Yao thought that since her goal was [hatred from Love] , and she wasn't the champion of this school tournament, she decided to attack a building after confirming that there was someone in it.

Chapter 837: Great Fortune, Tonight's Chicken Dinner (1)

It was actually a little difficult to attack a building. After all, the location was at the top while the enemy was at the bottom. As long as the enemy defended the building, it would be easy for the building to cool down.

During the training session, Lin Jiage had taught Shi Yao how to attack a building, listen to the sound to determine the location, throw a bomb, and even leap up the stairs to see the enemy's approximate location... all in all, it was a little complicated, and Shi Yao had tried it before, however, in the past two days of training, she had only succeeded once.

Shi Yao wasn't completely confident in her chances of success this time around.

However, there were only eight survivors left, and she only needed one head to complete her mission for the day. If she didn't give it a try, she might end up regretting it.

At this point in the competition, there was no reason for her to back down. Thus, in her mind, Shi Yao first recalled the method Lin Jiage had taught her to attack a building, and then she began to follow it step by step..

There were miracles in this world, but behind every miracle, there was definitely someone who had put in the effort.

In the many games during the training, Shi Yao's success rate in attacking the building had been zero, but today, she managed to succeed.

When she rushed up to the second floor of the building and pointed her gun at the enemy's location, she began moving her feet randomly while firing. Only when her gun ran out of bullets did she dare to look at the screen seriously.

She was still alive, but the enemy was already dead.

She did it! She got ten heads!

At this moment, Shi Yao was so excited that she wanted to send a message to Lin Jiage immediately. However, she was still in the game, and the game wasn't over yet. Thus, she could only suppress her impulse and continue competing.

In any case, she had already achieved her goal, so there was nothing for her to worry about. Thus, when Shi Yao entered the safe zone, she found a hidden spot and hid, allowing the other contestants to fight.

Just like that... little by little, Shi Yao managed to hide into the finals, leaving only three people alive.

Shi Yao seized this opportunity to kill the remaining person while he was recuperating.

[Yao loves ice cream] eliminated [scenery] with M416.

Scenery... Shi Yao was taken aback when she saw those four words.

Isn't this Han Jing's game ID?

As this thought flashed through Shi Yao's mind, a sentence appeared on her screen: [Great Luck, tonight's Chicken Dinner.].

She had won! Not only did she manage to get ten kills, but she also managed to get first place in this competition! And she did it with her own strength!

The moment Shi Yao took off her earphones after ending the game, she realized that her fingertips were trembling.

At this moment, the entire conference hall was in an uproar just like her.

"Shi Yao got first place..."

"That's right! She said that she was playing on her behalf, but now, she's getting slapped in the face in front of the entire school, right?"

"Why can't girls play games well? Who said that girls can't compete with boys in gaming..."

"Shi Yao, 666..."

Amidst the cheers of the crowd, Shi Yao ran out and made a call to Lin Jiage with her phone.

It was as if Lin Jiage was waiting for her call. One second later, the call was picked up.

"Lin Jiage, I won, I won, I won..."

"I know..." Lin Jiage's elegant voice traveled into Shi Yao's ears through her earpiece.

Chapter 838: Great Fortune, Tonight's Chicken Dinner (2)

It's just that there's something wrong with that voice..

Shi Yao was taken aback for a moment before she abruptly turned around to take a look.

Lin Jiage was standing right behind her, holding a bouquet of flowers in his hands.

Shi Yao stared at the flowers in astonishment for a moment before raising her head to look at Lin Jiage. With a pleasantly surprised expression, she asked, "Why are you here? Didn't you say that you had something to do in the afternoon?"

Lin Jiage gazed at Shi Yao with gentle eyes, but he didn't say anything. He simply handed the flowers over to Shi Yao.

He did have something to do, but no matter how busy he was... he still had to come to support his girlfriend's competition.

Shi Yao happily took the flowers and lowered her head to take a whiff of their fragrance. She then realized that there was a small card hidden within the flowers, so she opened it up to take a look. [congratulations, student Shi Yao, for winning first place in the 'survival of the Jedi' campus competition.].

Shi Yao's smile immediately turned even brighter, "How did you know that I would definitely win first place... do you really have that much confidence in me?"

"Of course..." a hint of confidence appeared on Lin Jiage's face, "... it doesn't matter who taught me my girlfriend."

Shi Yao pouted, "Are you complimenting me or yourself?"

"Of course I'm complimenting you. isn't complimenting your boyfriend also complimenting you?"

"I think so..." Shi Yao smiled once more as she lowered her head to take a deep sniff of the fragrance of the flowers.

..

At the same time, not too far away, in Room 501 of the male dormitory building.

"Achoo!"

"Achoo!"

After sneezing, Lu Benlai took out a tissue and passed it to Xia Shangzhou, who had sneezed a minute earlier than him. After which, he took out another tissue and wiped his nose together with Xia Shangzhou.

After the two of them threw the tissue into the trash can, they looked at the pile of flowers on the floor, bed, and table of the dormitory and sneezed in unison again. "Achoo —"

Lu Benlai simply hugged the tissue box in his arms. As he took out the tissue, he said, "Boss has become more and more flirtatious ever since he has a junior."

Xia Shangzhou snatched the tissue from Lu Benlai's hand and wiped his nose, at the same time, he said, "It's not just flirtatious, it's really flirtatious to the bone. Last semester, it was a house full of pulsating energy, and this semester, it's a house full of fresh flowers. May I know what the next semester will be — AH AH AH CHOO!"

Lu benlai said, "There are so many flowers. isn't it too fragrant when stacked together? Oh, it's not that it's fragrant, it's that it's suffocating. It's making my nose uncomfortable..."

Xia Shangzhou flipped over a disposable face mask and put it on his face. He casually pulled out a card from a bunch of flowers and opened it, reading aloud, "Congratulations to student Shi Yao for winning eighth place in the 'survival of the Jedi'school tournament."

Seeing that there was a card in the flowers, Lu Benlai started reading as well, "Congratulations to student Shi Yao for winning eleventh place in the 'survival of the Jedi'school tournament."

"Congratulations to student Shi Yao for winning the 80th place in the 'survival of the desperate'school tournament."

"Congratulations to student Shi Yao for winning the 57th place in the 'survival of the desperate'school tournament."

“Congratulations to student Shi Yao...”

After gathering all of the cards together, the two of them looked at each other in dismay for a moment before tossing the cards onto the table. At the same time, they exclaimed in unison, “I’m impressed!”

Xia Shangzhou emphasized again, “I’m impressed!”

Lu benlai said, “There are a total of 87 people participating in the competition, and boss made 87 flowers... I take back what I said just now. Didn’t boss become more and more flirtatious when he had a little junior? It was boss who became more and more flirtatious after he had a little junior!”

Chapter 839: Enemies On A Narrow Road (1)

Xia Shangzhou: “Don’t you think boss is a fool? He can buy eighty-seven cards, so why does he have to buy eighty-seven bouquets of flowers? He doesn’t need money!”

Lu benlai: “Perhaps this is boss’s arrogance... After all, we don’t understand the world of the rich...”

..

After the school tournament ended, more and more people came out of the conference hall, and more and more people turned their gazes to Shi Yao and Lin Jiage.

Shi Yao didn’t like the feeling of being surrounded like this, so she asked Lin jiage, “Do you have anything else to do later? If not, shall we go for dinner?”

Lin jiage nodded. Just as he was about to reply with a ‘sure’, someone suddenly called out Shi Yao’s name.

“Shi Yao...”

Shi Yao and Lin Jiage turned their heads toward the source of the voice at the same time.

It was Han Jing, who had been killed by Shi Yao in the finals.

Rival in love!

Lin jiage frowned slightly, and his gentle eyes immediately turned cold.

Shi Yao’s expression also turned a little stiff as she asked, “Senior Han... is there something you need?”

“No,” Han Jing stared fixedly at Lin Jiage before replying to Shi Yao, “I called you because I wanted to say that I didn’t expect you to play the game so well.”

“Oh...” Shi Yao chuckled before turning to look at Lin Jiage. “Lin Jiage taught me how to play this game. He’s really good at it...”

Han Jing could tell that there was a hint of flaunting in Shi Yao’s words. He replied nonchalantly, “Is that so?” Without waiting for Shi Yao’s reply, he turned to Lin jiage and said, “Student Lin, I wonder if there’s a chance for me to spar with you in a game...”

“I don’t think there’s a need for that...” Lin Jiage’s tone was indifferent, and it was completely different from the way he spoke to Shi Yao, “... you can’t even defeat your disciple, let alone a master like me.”

Han Jing's face immediately turned a little ugly.

Lin Jiage's words were too merciless. In the end, it was all about face, so Han Jing decided to speak up once more, his tone became a little less polite as well, "Aren't you looking down on me a little too much? How can you be so arrogant in front of me? If you have the ability, why don't you show it to the expert ranked second on the leaderboard!"

"I'm really sorry. Putting aside the fact that I'm ranked second on the leaderboard, even if I'm ranked first, I'll still be arrogant in front of me!" Lin Jiage had always been a man of few words in front of people he was familiar with, but Han Jing.., he had been displeased with Lin Jiage for a long time now, so his words were a little too much at the moment.

However, after saying those words, he didn't waste his breath on Han Jing anymore. Instead, he turned to Shi Yao and said, "Let's Go..."

Shi Yao nodded, allowing Lin Jiage to lead her away.

However, after she followed him for a distance, Shi Yao said unhappily, "What you said just now was simply too arrogant. Even if you're amazing, there's no way you're stronger than my idol!"

"How do you know that there's no way I can be more incredible than him..."

"I just know that in my heart, my idol is the greatest. I don't care. Apologize to my idol..."

"It's fine, he won't mind."

"How do you know that my idol won't Mind? Apologize, Lin Jiage, apologize!"

"I just know that he won't mind..." before Lin Jiage could finish his words, another person called out Shi Yao's name.

But this time, it wasn't 'Shi Yao', but 'Yao Xi'.

Shi Yao and Lin Jiage turned their gazes over, only to see an unfamiliar boy.

Chapter 840: Enemies On A Narrow Road (2)

Even though the male student wasn't as tall as Lin Jiage, he was still considered a tall male student. His skin tone was a little dark, but he was still rather handsome.

How should she describe him... he was the type of person whose facial features looked flat when taken apart, but when pieced together, they looked exceptionally pleasing to the eye..

If a person's maximum score was 100 points, Shi Yao felt that the male student should be able to achieve 85 + points in terms of looks.

However, even though it was a matter of looks, Shi Yao was still perplexed... because she didn't know this man at all..

Shi Yao hesitated for a moment before asking, "Excuse me... are you calling for me?"

"Yes, you must be Yao loves ice cream, right? Your Wechat account is..." the man quickly recited a few numbers.

Not only did he know her game name, he also knew her wechat account..

Shi Yao subconsciously turned her head to look at Lin Jiage.

Lin Jiage was probably a little surprised that the other party knew of Shi Yao's private wechat as well. This time, before Shi Yao could say anything, he asked, "Who are you?"

"Don't be so nervous. I'm not a bad person..."the male student could tell that the two of them were on guard against him, so he grinned,"... I'm desolate year."

Barren year? This name seems a little familiar... Shi Yao tilted her head as she recalled the name.

Barren year? 36.1 W Wild Man! What a narrow path for enemies! An extremely bad premonition crept into Lin Jiage's mind.

Seeing that the two of them were silent, the male student thought that Shi Yao really didn't remember him anymore, he spoke up once more, "Yaoxi, do you really not remember me? I'm the barren year of Bean Sprout TV. During our summer vacation, we played a game together for a long time, and we even had a meeting earlier..."

With that reminder, Shi Yao came to a sudden realization. "Oh, OH, OH, I remember now. It's that Huang..."

Shi Yao nearly blurted out the word "Huang", but she quickly changed her pronunciation,"... desolate year..."

"Yes, yes, yes, that's me. I was visiting G University today, and I happened to see a school tournament, so I came over to take a look. I didn't expect to bump into an old acquaintance of mine. Well, let me introduce myself. My name is Lin Wei, and if you're not used to it, you can still call me desolate year as before..."

Old acquaintance, do you know each other in real life? You call yourself an old acquaintance? Today was truly a strange day. After sending away a love rival, another love rival came along... and they were both old love rivals!

Standing at the side, Lin Jiage's face was filled with displeasure, and his mind was filled with ridicule.

"Hello, my name is Shi Yao. You can also call me Yaoxi as before."As the saying goes, 'when you meet someone, you have to show them some affection'. Even though they had an unpleasant encounter online, Shi Yao felt that she had bumped into them in real life, she still had to be polite and polite.

"Hello, Yaoxi. Nice to meet you..."as desolate year spoke, he politely extended his hand toward Shi Yao.

Out of courtesy, Shi Yao extended her hand as well. However, before her hand could touch desolate year's hand, Lin Jiage had already grabbed it and said, "Hello, nice to meet you. My name is Lin Jiage, Shi Yao's boyfriend."

"Oh, OH, OH. Hello, Shi Yao's boyfriend."As desolate year spoke, he couldn't help but take another glance at Lin Jiage. was he imagining things? Why did he feel that Yaoxi's boyfriend looked a little familiar..

“That’s right, he’s my boyfriend. You guys have played games together before, and he’s that Mr. Number, 11111...” Shi Yao explained in detail.
