

Chapter 931: This world sure is a coincidence (1)

Arriving at the entrance of the high school affiliated to Renmin University of China, Shi Yao alighted from the car and watched as Lin Jiage's car left. Only then did she turn around to head back to school.

However, before she could make a move, someone suddenly called out to her, "Teacher Shi."

Hearing the voice, Shi Yao raised her head and saw her student, Zhang Xiao, alighting from a red car. He ran over to her happily.

Shi Yao first smiled warmly at Zhang Xiaonuan. Just as she was about to greet Zhang Xiao, she suddenly saw the person in the driver's seat through the Red Car's window. The smile on her face froze.

She knew that person, and he was an old friend of hers. Even though it had been two years since they last met, Shi Yao was still able to recognize that she was her former schoolmate — Qin Yiran.

Just like back in University, Qin Yiran still wore exquisite makeup, but now, it was more suitable for her to wear heavy makeup.

Whether it was on her wrists or ears, she was wearing glittering jewelry.

She didn't seem to have expected to meet her either, and a look of surprise appeared on her face.

However, Shi Yao didn't look Qin Yiran in the eye for too long, because Zhang Xiao had already walked up to her and intimately reached out to pull her hand. "Good morning, teacher Shi."

Shi Yao came back to her senses and lowered her head to look at Zhang Xiao. "Good morning, Zhang Xiao."

Seeing that Qin Yiran had no intention of getting out of the car to greet her, she naturally wouldn't take the initiative to Greet Qin Yiran either. Thus, she pulled Zhang Xiao into the school.

On the way to the classroom, Shi Yao couldn't help but ask Zhang Xiao, "Zhang Xiao, is the person who brought you here... your relative?"

"No..." Zhang Xiao shook her head, with a displeased expression, she replied, "... Shi Laoshi, she's the stepmother that my dad found for me a few days ago, the one who got pregnant... I really hate her. I didn't agree to her becoming my stepmother, so my dad didn't dare to bring her home. In the past, she didn't bother with me at all, probably because my dad was rich. Then, she noticed that I was a little too important to my dad, so she started sucking up to me like crazy. She bought me clothes and sent me to school, but even so, I still don't like her..."

"Teacher Shi, I know that it's not easy for my father. When my mother gave birth to me, she died in childbirth. Sooner or later, my father will find me a stepmother, but I don't want that woman to be my stepmother. I suspect that the children in her belly are not my father's... They all think that I'm young and don't know anything. In fact, I know everything. Teacher Shi, do you know? "I was beside that woman when she first met my father. At that time, she was one of my uncle's women, but for some reason, she ended up hooking up with my father... teacher Shi, if only you were the stepmother my

father found for me... That way, I would be able to meet you alone. Teacher Shi, Tell Me, why did you find a boyfriend so early on..."

Hearing those words, Shi Yao couldn't help but burst into laughter, thinking that if Lin Jiage were to hear those words, he would probably be filled with jealousy.

She reached out and patted Zhang Xiao's head, "It's alright. Even if you graduate, you can always come to school to play with the teachers."

Hearing Shi Yao's words, Zhang Xiao immediately cheered up, "Teacher Shi, as long as you don't find me annoying, I'll come visit you every day after I graduate."

Shi Yao smiled and replied with a "Alright" before letting go of Zhang Xiao's hand, signaling for her to hurry into the classroom to study.

Chapter 932: This world sure is a coincidence (2)

After Zhang Xiao entered the classroom, Shi Yao went to her office and sat down at her desk. She couldn't help but sigh in admiration at how coincidental this world could be at times!

She had thought that Qin Yiran, Liang Mumu, or Han Jing were all in the past and would never appear in her life again. Yet, who would have thought that Qin Yiran would actually be related to her student.

From Zhang Xiao's description, she roughly understood that after Qin Yiran graduated, she probably didn't find any decent jobs either. Instead, she was fooling around with some rich men. After meeting Zhang Xiao's father, she thought that the mother should rely on her son to support her family.., to fly to the top and become a Phoenix..

It was a pity that no matter how good her plans were, she didn't expect Zhang Xiao's father to care so much about his daughter. Zhang Xiao didn't like her, and she didn't manage to successfully enter a wealthy family with the child in her belly.

In the past, Shi Yao wouldn't feel tired even if she attended four classes a day. But today, Shi Yao didn't know what was wrong with her. After just one class, her legs were already weak from exhaustion, and she was on the verge of fainting at any moment.

It took a lot of effort for her to push herself through the entire class, and Shi Yao could be said to be exhausted.

Back in her office, she sat on her chair, unable to move at all.

Fortunately, she didn't have any lessons in the morning. After resting for a while, she opened her textbook and began preparing for the lesson. While she was writing, Shi Yao suddenly felt another bout of nausea in her stomach. Unable to make it to the washroom in time, she could only throw up, she could only grab the small trash can on the table and throw it up.

While throwing up, Shi Yao could still vaguely feel a throbbing pain in her abdomen.

These signs are really too abnormal..

Just as Shi Yao was thinking about this, she suddenly felt another bout of retching.

Sitting next to her was teacher Li, an intern teacher who had just graduated just like her. He was just a male student, but seeing that she was vomiting non-stop.., Shi Yao couldn't help but ask with concern, "Teacher Shi, why are you so pale? Do you want to go to the school hospital for a checkup?"

Hearing those words, teacher Zhang, who was seated opposite Shi Yao, raised his head and glanced at Shi Yao. She was already a mother of two, so compared to teacher Li.., he was much calmer as he asked, "Teacher Shi, when did you start throwing up like this? How many days have you been throwing up?"

Shi Yao replied, "I started throwing up yesterday..."

Teacher Zhang didn't reply. Instead, he stood up and walked up to Shi Yao, asking in a low voice, "Then, what about your period? Is it here yet? If not, you look as though you're pregnant..."

As Zhang Laoshi spoke, he glared at Li Laoshi, who was eavesdropping on her conversation with Shi Yao, "... It's a woman's topic, so what's a man like you doing here?"

The furious Li Laoshi sat up straight.

It was only then that Zhang Laoshi walked up to Shi Yao and continued, "You should go to the hospital for a checkup. You should listen to me..."

Shi Yao hurriedly smiled at Zhang Laoshi and said, "Thank you." After she returned to her seat, she turned on her phone and took a look at her notebook. It was only then that she realized that she hadn't had her period last month..

As it was her first time as a teacher during her internship, she had placed all of her attention on her students, so she didn't notice any of these details at all..

Thinking about it now, vomiting, drowsiness, weakness, and a change in taste... all of these fit perfectly with the rules of pregnancy..

Could it be that Zhang Laoshi was right, that she was... pregnant?

But she and Lin Jiage had always taken precautions!

Chapter 933: The Greatest Love Rival in history (1)

But even if she had used birth control, it wasn't a 100% chance of success. Could it be that the extremely small probability of her and Lin Jiage bumping into each other was just a coincidence?

The more Shi Yao thought about it, the more uneasy she felt. This was especially so when she recalled how her lower abdomen was still throbbing with pain when she was lecturing earlier.

Feeling a little worried, she recalled that she didn't have any classes in the afternoon, so she took a leave of absence and decided to follow teacher Zhang's instructions to go to the hospital for a checkup.

Knowing that Lin Jiage had a meeting in the afternoon, Shi Yao didn't disturb her. Instead, she gave Leng Nuan a call and asked her to pick her up from school. After which, she accompanied her to the largest maternity and child hospital in Beijing.

Registration, queue, and a series of examinations... by the time Shi Yao received the results, it was already three o'clock in the afternoon.

Just as Zhang Laoshi had said, she was really pregnant, and she was already nearly two months pregnant.

The Doctor in charge of her suggested that she get a B-scan. By the time she got the results, it was already four o'clock. After the Doctor finished looking at the scan, he replied to Shi Yao that everything was fine, he reminded her to come back for another checkup in a month's time.

By the time Shi Yao and Leng Nuan came out of the hospital, the spring breeze was already blowing in their faces, bringing with it the fragrance of the freshly bloomed spring flowers. From the moment Shi Yao learned that she was pregnant until now, her brain was as clear as paste, and it finally cleared up a little.

She was really pregnant.

Even if she had used birth control, there was still a very small chance that something like that would really happen to her and Lin Jiage.

Shi Yao felt that everything was too surreal, so much so that when Leng Nuan pulled the car door open and called her into the car, she felt as if she was in a dream. She couldn't help but ask, "Nuan Nuan, am I really pregnant?"

"Un..." as Leng Nuan started the car, she glanced at Shi Yao. Recalling how young she was, and seeing the shocked look on her face, she couldn't help but ask, "... What are your plans for this child?"

"What plans?" Shi Yao asked Leng Nuan in return. It was only then that she realized that Leng Nuan had asked her this question because she was acting too surprised, thus, she continued, "It's definitely going to be born. Sooner or later, Lin Jiage and I are going to have a child together. Now that we suddenly have a child, there's no way we can abort it... I just feel that it's a little inconceivable..."

Shi Yao paused for a moment. She hadn't shared such good news with Lin Jiage yet, so she took out her phone and tried to send a message to Lin Jiage. However, halfway through the call, she suddenly felt that it was too explosive, so she decided to send him a message, it didn't seem that exciting, so she turned to look at Leng Nuan and said, "Nuannuan, can you send me to Lin Jiage's company..."

..

When Shi Yao arrived at Lin Jiage's company, it was around five o'clock. Lin Jiage was in the middle of a meeting, so Shi Yao didn't allow anyone to disturb him. Instead, she went straight to his office.

Perhaps it was because she had been running around the hospital for too long in the afternoon, but while waiting for Lin Jiage, Shi Yao fell asleep on his sofa.

When she woke up, she felt an itchy and numbing sensation in her ears. She frowned slightly before realizing that it was Lin Jiage who was kissing her.

She dodged Lin Jiage's kiss and glanced out the window. Noticing that it was already dark outside, she subconsciously asked, "What time is it..."

"It's almost seven..." as Lin Jiage spoke, he pressed his lips against her neck once more, and his hands still dived into her clothes.

Chapter 934: The greatest love rival in history (2)

Having been together with Lin Jiage for two years, Shi Yao naturally knew what he was up to. With a slight frown, she subconsciously grabbed Lin Jiage's hand and said, "Lin Jiage, I have something to tell you..."

"Un..." Lin Jiage kissed Shi Yao's lips, making a muffled sound.

It didn't take long for him to break free from her grasp, and he began to get restless once more.

In the face of Lin Jiage's perfunctory response, Shi Yao felt a little displeased, and her tone became a little heavier, "Lin Jiage!"

Lin Jiage's hands didn't stop moving, but his lips moved slightly away from Shi Yao's, "... You Say what you want, I'll do what I want... We'll do it at the same time..."

We'll do it at the same time!

Just as Lin Jiage was about to kiss Shi Yao with his lips, Shi Yao reached out and pressed down on his face, preventing him from approaching her, "Lin jiage, I really have something very serious to tell you..."

Lin jiage, who had been stopped by her, showed no signs of getting angry at all. Instead, he grabbed her hand and pecked it lightly and heavily. At the same time, his other hand was already starting to take off her clothes.

"Lin Jiage, if you keep doing this, I'm really going to get angry!"

"Yaoyao, I was wrong..." Lin Jiage admitted his mistake, but his body was still pressing down on Shi Yao.

"Lin Jiage!" Shi Yao panicked. She struggled with all her might, but there was no way she could withstand Lin Jiage's strength, thus, she could only threaten him, "Lin jiage, it's your choice. Are you going to be tied up on the bed or locked in the bathroom..."

"... Lin Jiage, let me tell you, our family is going to have one more member!" Since her threat was ineffective, all she had to do was throw out her trump card.

"Oh..." Lin Jiage replied nonchalantly. He pressed down on Shi Yao, who was about to break free from his grasp, and deftly removed her clothes before placing his lips on her fair back, with a seductive tone, he asked, "... Yaoyao, do you want to get a dog or a cat?"

Was what she said just now really that hard to understand? Did he really think that she meant by having one more member that she wanted to get a pet?

Shi Yao frowned as she glanced at the man whose eyes were filled with lust. Suddenly, she turned around, hooked her arm around his neck, and winked at him, she raised her voice seductively, "Why don't You Guess?"

Lin Jiage had been thinking about Shi Yao a lot lately, and seeing her like this, he couldn't help but feel an itch in his heart. Lowering his head, he kissed Shi Yao's neck and chest, "No matter what you raise, I'll support you..."

“Really?” A hint of surprise could be seen on Shi Yao’s face. After asking Lin Jiage, her slender fingers landed on Lin Jiage’s belt, and with a light tug, she untied his belt.

They had been together for two years, so she was naturally the one who knew where he couldn’t stand the most, so she focused on that area.

Her movements were deliberately slow, seductive, and rhythmic, causing his mouth to dry up and his entire body to burst into flames.

The torment of Heaven and Hell was unbearable for Lin Jiage. He grabbed her hand, and he couldn’t wait to get straight to the point..

But just as his actions reached the point where he had no choice but to shoot his arrow, the seductive girl suddenly spoke up, “Our family needs another member. She’s neither a cat nor a dog, but your greatest love rival in history, a baby.”

Lin Jiage’s movements didn’t stop.

Shi Yao wasn’t in a hurry either. She slowly continued, “To put it simply, I’m pregnant.”

PS: I feel sorry for Lin Jiage for a second, and then I’ll laugh at him mercilessly one second later!

Chapter 935: Little Apple, little tangyuan, little milk tea (1)

It was as if Lin Jiage’s acupoints had been struck, and his entire body suddenly froze.

Three seconds later, he raised his head and looked at Shi Yao, “Yaoyao, this joke isn’t funny at all. Look at me, I’m almost scared to death by you...”

As he spoke, he lowered his head and tried to kiss Shi Yao once more.

But before he could do anything, Shi Yao, who was already prepared for this, snatched the test results from her bag and threw them at Lin Jiage’s face, “Take a look for yourself...”

Lin Jiage touched his cheek, which had been slightly scratched by the paper, and lowered his head to take a look at the few pieces of paper before him. Then, with a perplexed expression, he reached out to pick them up one by one.

After reading the first piece of paper, he frowned slightly.

After reading the second piece of paper, his frown deepened even further.

After reading the third piece of paper, his eyebrows knitted tightly together.

After reading the fourth page, just as he had said, his face turned completely soft..

Shi Yao pushed Lin Jiage away in satisfaction. She sat up and tidied up her clothes, then calmly admired the man’s completely petrified appearance, waiting for him to regain his senses.

One second, two seconds, three seconds... five seconds, ten seconds... Thirty seconds, sixty seconds..

By the time Shi Yao had counted to seventy seconds, Lin Jiage was staring at the final test report in his hand. He blinked a few times before staring at the test report with a stiff expression for a few more

seconds, only then did he raise his head to look at Shi Yao and say, “Yaoyao, you’re getting more and more cheeky. Your joke is getting bigger and bigger. Honestly, how much did you spend to forge these test reports?”

Forge a banana peel!

Without a second thought, Shi Yao kicked Lin Jiage’s knee, “Lin Jiage, what do you mean by this? You’re not going to admit your debt to Little Apple, are you?”

Lin Jiage groaned in pain before looking at Shi Yao with innocent eyes. perplexed, he asked, “Little Apple?”

“That’s right. I really wanted to eat an apple just now, so I named the child in my stomach little apple...”

Lin Jiage:”...”so soon, the baby already has a nickname?

Seeing that Lin Jiage wasn’t speaking, Shi Yao spoke up once more, “Lin Jiage, what do you mean by you’re not speaking? Don’t you welcome little tangyuan?”

Lin Jiage:”? ? ?”

This time, before he could react, Shi Yao took the initiative to speak up, “I wanted to eat tangyuan again just now, so I decided to change the baby’s nickname to Little Tangyuan...”

Lin Jiage:”...”this name really changes so quickly. What if I can’t keep up with the pace?

“Lin Jiage, why aren’t you saying anything? Don’t tell me you think that little milk tea isn’t your child?”

Lin Jiage:”...”Little Milk Tea? In the blink of an eye, he wanted to drink milk tea again, so he changed his name to Little Milk Tea?

This time, Lin Jiage didn’t dare to wait for Shi Yao to speak, so he hurriedly replied, “No...”

He felt as if everything was just a dream. He pinched his thigh discreetly, and only after feeling a sharp pain did he look at Shi Yao, with an incredulous expression, he asked, “Yaoyao, are these test results real?”

Shi Yao finally heard a decent sentence, and she nodded in agreement.

“So, Yaoyao, you’re really pregnant?”

“I’m going to be a father?”

Lin Jiage muttered under his breath for a moment before recalling that he was going to spend the next ten months chatting with Shi Yao under the blanket. He immediately blurted out, “It’s over!”

Chapter 936: Little Apple, little tangyuan, little milk tea (2)

“What?”Hearing those words, Shi Yao raised her head and glared at Lin Jiage.

Lin Jiage came back to his senses, and realizing that he had let the cat out of the bag, he hurriedly corrected himself, “I said it’s too late, I know it’s too late... I should have heard the good news as soon as I returned to the Office!”

Hearing those words, Shi Yao's expression immediately softened.

Having narrowly escaped death, Lin Jiage secretly heaved a sigh of relief. It was a good thing that his reaction was quick enough. If Soft Bun were to find out what she had said just now, he might not even be able to live the rest of his days chatting under his blanket.

Yesterday, he was still thinking about how he had been suffering from malnutrition recently, and he needed to recover from it today. Yet, in the end, such a shocking piece of news came to him... the heavens were intentionally making things difficult for him, not to mention malnutrition.., he was afraid that in the days to come, he would be completely devoid of nutrition..

Soft bun was right. The baby in her stomach was the greatest love rival in history. No matter how good his skills at pinching peach blossoms were, he would not dare to pinch this peach blossom even if he had a hundred, no, a thousand guts..

He had only been together with soft bun for two years. They had not even had enough time together. How did she get pregnant? Was it easy for him to fall in love? Why were there so many twists and turns?

Also, the baby in her stomach was called little apple, little milk tea, and little tangyuan. He thought that it should be called little light bulb... Oh, no, it was a blinding big light bulb..

Looking at Lin Jiage's ever-changing expression, Shi Yao couldn't help but feel that he wasn't touched or excited. She couldn't help but reach out and wave her hand in front of him, "Lin Jiage... why do I Feel Like You're not happy?"

Of course, I'm not happy at all. To suddenly have a formidable rival fighting over my wife, and it's a rival that I have to support with my own money... how could I possibly be happy..

However, Lin Jiage didn't dare to speak the truth. All he could do was shake his head furiously, "How could that be? I'm happy, very happy. I'm going to be a father soon. Just thinking about it makes me feel like I'm Dreaming..."

As he said those words, Lin Jiage felt as if his heart was bleeding.

Perhaps it was due to his guilty conscience, but he was afraid that Shi Yao would be able to see through him. Thus, he quickly changed the topic and said, "Yaoyao, let's talk about getting married."

Even though he wasn't prepared to have a child, he couldn't possibly allow soft bun to abort the child. After all, an abortion would harm the body. There was no way he would do such a thing to hurt soft bun.

Besides, he and Shi Yao were going to get married sooner or later. He had planned to hold the wedding after she graduated, but now that she was pregnant, her belly would only get bigger and bigger in the next few months. If they didn't hold the wedding, people would inevitably gossip about them, thus, the most urgent matter at hand was to hold the wedding as soon as possible..

With this thought in mind, Lin Jiage spoke up once more, "That's right, Yaoyao. We have to hold the wedding as soon as possible. Otherwise, in two months, your belly will get bigger and bigger, and you won't look good in a wedding dress..."

After saying those words, Lin Jiage took out his phone and made a call to his grandfather.

..

After hanging up the call, Old Mister Lin sat in front of the television, grinning from ear to ear as he watched the show.

When Auntie Sun passed the fruits to old Mister Lin, she glanced at the television. The main character in the show was in critical condition, and the group of people were crying together. There was nothing to laugh about at all. However, wasn't old Mister Lin's smile a little too bizarre?

Auntie Sun was puzzled and couldn't help but look at Old Master Lin a few more times.

Sensing her gaze, Old Master Lin Chuckled and took a grape and stuffed it into his mouth. "Auntie Sun, are you trying to ask me why I'm So Happy?"

Before Auntie Sun could speak, old master lin grinned and said, "Auntie Sun, don't look at me. Look at me. I Won't tell you that I have a great-grandson..."

Chapter 937: My granddaughter-in-law is pregnant (1)

Auntie Sun:"..."

You Didn't want to tell me, but you couldn't control yourself and let it slip.

Auntie sun: "Congratulations, Old Sir. You finally got what you wanted. You're going to have a great-grandson."

When the smiling old Sir Lin heard this, his brows furrowed. He looked at Auntie Sun with a puzzled expression and asked curiously, "How did you know that I have a great-grandson?"

Nanny Sun:"..."

Nanny Sun: "Old Mister, you said it yourself."

When he heard this, Old Mister Lin realized that he had just been happy and spilled the news that everyone was celebrating together. He immediately glared at Nanny Sun with a displeased expression, like a child, he became unreasonable. "Nanny Sun, how could you do this? You tricked me into telling you my secret!"

Auntie Sun:"..."

There was no reason for her to blame him. She didn't say anything just now and only looked at him twice. He said it himself..

Elder Lin quickly waved his hand and looked very forgiving. "Forget it. Since Yaoyao is pregnant, I won't argue with you."

Auntie Sun was full of grievances, but she could only say, "Thank you, Elder."

Old Sir Lin picked up the Teacup on the table and slowly drank half a cup of tea. "Even though it's two months later than I expected, as long as I can get pregnant, that's good, that's good..."

As he spoke., old Sir Lin couldn't help but curse at his grandson," ... there's definitely something wrong with that brat. If it weren't for him, I wouldn't have been able to wait until May of this year to hear the good news about Yaoyao's pregnancy."

Auntie Sun couldn't help but defend Lin Jiage, "Old Mister, little young master isn't the only one who has the final say on this matter..."

"What do you mean? Are you saying that there's something wrong with Yaoyao? Let me tell you, that's impossible! There's definitely something wrong with Yaoyao and Jiage!" Old Mister Lin glared at Auntie Sun furiously.

Auntie Sun:"..."she didn't mean that. She was simply feeling sorry for little young master. Old Mister really liked Miss Shi more and more, to the point that he couldn't even speak casually anymore.

Nanny Sun quickly explained, "Old Master, how would I dare to say that there's something wrong with Miss Shi? I just feel that you're being too biased towards Miss Shi. Those who don't know might think that Miss Shi is your biological granddaughter and that the young master is your grandson-in-law..."

Old Master Lin: "If Yaoyao is really my biological granddaughter, I definitely won't let her marry that stinky brat!"

Auntie Sun:"..."alright then, there was nothing she could do. She could only silently sympathize with the young master for a minute.

Auntie Sun: "Old Mister, if the young master were to hear your words, he'll be very upset. He'll think that in your heart, his existence is to marry Miss Shi..."

Old Mister Lin: "It's not all about marrying Yaoyao..."

Hearing those words, Auntie Sun felt slightly gratified for Lin Jiage. After all, was he really his grandson, or did he have love in him.

Old Mister Lin:"... and getting yaoyao pregnant..."

Auntie Sun was rendered speechless."..."

Auntie Sun was afraid that she would stab Lin Jiage's heart and die, so she found an excuse to leave. "Old Mister, I'll go to the kitchen to take a look. I'm still cooking some soup..."

Old Sir Lin waved his hand, "Go ahead."

Just as Auntie Sun was about to turn around, old Sir Lin stopped her, "Right, regarding Yaoyao's pregnancy, please keep it a secret for me. Don't let anyone know about it."

Auntie Sun: "Yes, Old Sir."

After saying those words, Auntie Sun turned around and walked into the kitchen, she heard old Sir Lin say, "Old Li, Can't I call you if there's nothing else? You can see that I'm happy even though we're on the phone? Yes, yes, yes, I'm very happy. My granddaughter-in-law is pregnant..."

Chapter 938: My granddaughter-in-law is pregnant (2)

Auntie Sun subconsciously turned her head and saw Old Mr. Lin holding his phone and boasting on the phone.

“That’s for sure. Let’s not talk about buying you a drink after you’re born. You have to come to my granddaughter-in-law’s wedding in a few days... Okay, okay, it’s settled then...”

After hanging up the phone, Old Mr. Lin didn’t put down his phone. Instead, he stared at the phone for a while and then made another call.

“Old Chen, didn’t you say that you would come to visit me when you have time? I didn’t miss you. Why Else Would I call you? “I really have something good to tell you. My granddaughter-in-law is pregnant... Where’s your son? “He’s almost forty years old, right? “And he still doesn’t want to get married? “Yes, I’m about the same age as him. My Great-grandson is about to come out, but your grandson can’t even see a shadow..

“Old Xia, what have you been busy with recently? Are You in Hainan? me? I’m not as lucky as you. I can go on vacation easily. I Can’t Leave... Why Can’t I leave? Because my granddaughter-in-law is pregnant...”

“Old Zhang, are you still playing cards? Don’t play so much. It’s not good for Your Health... me? I don’t have time to play cards with you guys recently. Why? Because my granddaughter-in-law is pregnant...”

“Brother Lu...”

Auntie Sun couldn’t look straight at the scene in front of her. She hurriedly turned her head away and went into the kitchen in silence.

Who was the one who told her to keep it a secret just now? In the end, she turned around and, as if she couldn’t wait to tell the world, called her old friends one by one to tell them that Miss Shi was pregnant..

After cooking dinner, when Auntie Sun came out to call elder Lin for dinner, elder Lin was still on the phone.

“Gu Nan, what are you and Xia Yang doing? Why didn’t you come to see me? Did you come to see me yesterday? Yesterday was yesterday, and today is today. Did you come to see me today? “Forget it. On account of Yaoyao’s pregnancy, I forgive you and Xia Yang...”

“Gu bei, are you and Wanwan still abroad? is the company’s matter that important? Is it more important than Yaoyao’s? Forget it. On account of Yaoyao’s pregnancy, I reluctantly accept the two of you returning to China after you’re done with work for the next two days...”

“Jiayi, it’s grandpa. Of course, Grandpa called you because he misses you. Do You Miss Grandpa Too?”? “I don’t believe it. I guessed that you were trying to coax Grandpa, but on account of Yaoyao’s pregnancy, I’ll take it as believing you this time...”

Auntie Sun was rendered speechless for a long time.”...”

While she was busy in the kitchen, old Mister Lin had been making calls all this time? Is the phone bill enough..

Just as Auntie Sun was in deep thought, elder Lin ended the call with Lin Jiayi. He turned to auntie sun and said, "Help me pay the phone bill later. I just received a text message saying that my phone bill is less than ten Yuan..."

Auntie Sun hurriedly replied with a 'yes' before continuing, "Elder, dinner is ready. Hurry up and eat while it's still hot."

Old Sir Lin Sighed and sat on the sofa to make another phone call. Then, he stood up and entered the dining room.

Old Sir Lin was getting older and his taste was getting lighter. The fish cooked by chef Xiao song was slightly salty for old Sir Lin. As he ate, he reminded, "Next time, the fish will be lighter..."

Xiao song quickly walked over and was about to take the fish away. "Old Sir, do you want me to make another serving for you..."

Old Sir Lin waved the chopsticks in his hand and stopped him. Then, he picked up another piece of fish. "No need. Since Yaoyao is pregnant, let's do it this time..."

Chapter 939: "Three followers, four Virtues"(1)

Even though Lin Jiage harbored a deep grudge against the one in Shi Yao's stomach, after the call with his grandfather, he and Shi Yao were just about to leave the company when he saw that Shi Yao was only wearing a jacket, so he couldn't help but ask her to wait for a moment, after which, he went to the lounge inside and took out a winter scarf to wrap around Shi Yao's neck.

"Even though it's spring now, it's still a little chilly at night. Try not to catch a cold, or else you'll catch a cold. You Won't be able to take your medicine, and it'll be unbearable for you."

After saying those words, Lin Jiage took another look at Shi Yao and realized that she was wearing a pair of five-centimeter high heels, he couldn't help but frown, "From today onwards, you can't Wear High Heels anymore. It'll be terrible if you fall..."

After saying those words, Lin Jiage led Shi Yao out of the elevator. However, he still felt a little worried, so he decided to support her instead.

Seeing how cautious and exaggerated Lin Jiage was, Shi Yao couldn't help but say, "Lin Jiage, I'm not that delicate."

"Even if you're not that delicate, you still have to be the most delicate."

As they spoke, Lin Jiage and Shi Yao took the elevator down and stopped on the sixth floor.

The door opened, and a man was standing at the entrance of the elevator. His body reeked of cigarette smoke.

Lin Jiage frowned slightly. Just as the man was about to enter the elevator, he reached out his hand and stopped him, "I'm sorry, can I trouble you to take the next elevator..."

Shi Yao looked at Lin Jiage with a perplexed expression.

Just as she was about to ask Lin Jiage why he was acting this way, Lin Jiage stared sternly at the entrance of the elevator, just like Shi Yao, the equally confused man spoke up once more, "You know that smoking is harmful to your health, right? You also know that second-hand smoke is even more harmful to the human body, right? If you don't know, I've already told you so, so you already know. Since you already know, you should take care of the pregnant woman and not come in anymore..."

At this point, Shi Yao finally understood Lin Jiage's intentions. She tugged at Lin Jiage's clothes in an attempt to stop him from going too far, "Lin Jiage..."

At the same time, the man standing at the entrance of the elevator also spoke up, "Sir, I'm not smoking..."

Lin Jiage turned a deaf ear to Shi Yao's actions and the man's words. He stood firm in his stance as he stared at the man who was staring at him with a deranged expression on his face, he continued speaking with conviction, "It's true that you're not smoking, but you reek of cigarette smoke. What if you were to come in and smoke my fiancée? What if you were to affect the child in her stomach? You can bear such responsibility..."

Before Lin Jiage could finish his words, the man standing outside the elevator reached out and pressed the button to close the elevator. He used the slowly closing elevator door to block Lin Jiage's righteous words.

As the elevator continued to descend, Shi Yao expressed her opinion on Lin Jiage's actions, "Lin Jiage, your actions just now were a little too exaggerated..."

"Really? I don't think it's an exaggeration at all. The smell on his body is so strong. What if he chokes on you and the baby in your stomach?"

Lin Jiage had always been a man of three followers and four virtues. Soft Bun had to follow his orders, soft bun had to obey his orders, soft bun had to follow his orders blindly, and Soft Bun had to wait for his 'Yes' before putting on makeup., when Soft Bun spent money, she had to give up on getting her makeup done; when Soft Bun got angry, she had to bear with it; and when Soft Bun's birthday came, she had to remember it..

Even though Lin Jiage tried to defend himself, he quickly followed Shi Yao's instructions and added, "Then I'll try my best to restrain myself..."

Chapter 940: "Three obedience and four Virtues"(2)

From Shi Yao's point of view, Lin Jiage's so-called restraint seemed to have intensified.

Whether it was getting in or getting out of the car or walking on foot, Lin Jiage treated her as if she was a concubine in his harem, carefully supporting her in case she tripped and fell. As long as there were a few more people around, Lin Jiage would protect her in his embrace, in fact, there were even some people who were just a meter away from her, so he began to remind the people around him to be careful of pregnant women. As such, no one within a two-meter radius of where Shi Yao passed by would be able to get close to her.

Shi Yao suddenly felt like eating at a Cantonese restaurant, so Lin Jiage brought her to the best Cantonese restaurant in Beijing. Along the way, he drove with extreme caution, and when he was only fifty meters away from the car ahead, he stepped on the brakes.

He didn't allow her to get out of the car when they reached the entrance of the Cantonese restaurant. Instead, he ran into the restaurant first and checked the route she would take. After making sure that there were no traces of water on the ground and that she wouldn't slip, he ran to the front of the car, carefully, he helped her down and escorted her into the private room.

After taking her seat and ordering the dishes, Shi Yao wanted to wash her hands, but Lin Jiage didn't allow her to do so. Using the excuse that there was water in the washroom and she might fall, he asked the waiter to go to the supermarket next door to buy a washbasin and fetch some water for her personally, he brought it to Shi Yao and helped her wash it.

Lin Jiage didn't find it tiring to go through all this trouble, but Shi Yao was on the verge of going insane. She couldn't help but accuse Lin Jiage of lying to her, saying that he had to control himself, but in the end, it was all for naught.

The reprimanded Lin Jiage blinked his eyes at Shi Yao, with an innocent look on his face, he said, "Yaoyao, you've wronged me. I've really controlled myself a lot already. If it weren't for my respect for your opinion, I would have closed the roads we drove past and only allowed one car to pass through. I also want to rent this restaurant, and you'll be the only one who can have this meal. I also want to hire a few security guards to surround you from all directions so that no one can get close to you. I..."

Hearing those words, Shi Yao's head began to ache, and she said, "Alright, stop talking."

Lin Jiage obediently shut his mouth, took out a tissue, and wiped Shi Yao's hands clean. After which, he dried up all the water droplets on the floor with a cloth before sitting down in front of Shi Yao and starting to serve her dinner.

He was truly serving her, even more so than the emperor in the harem.

Shi Yao didn't even need to move her chopsticks the entire time. All she needed to do was move her eyes. As soon as she looked at the dish, Lin Jiage fed it to her mouth, and she frowned at it, he immediately pulled the dish far away..

After a meal, Lin Jiage's face was beaming with joy as if nothing had happened, but Shi Yao couldn't help but feel tired for him.

On the way home, the road conditions were extremely smooth, but Lin Jiage maintained his slowest pace and continued moving forward.

Shi Yao watched on anxiously, "Lin Jiage, why don't you get down and push the cart?"

"If it weren't for the fact that I can't push it, I would have really wanted to do this..." Lin Jiage said as he consoled Shi Yao, "... Yaoyao, don't be anxious. Let's Walk slowly. It'll be safe this way..."

Upon reaching home, Shi Yao thought that she had finally calmed down and wanted to take a shower to rest, but in the end, Lin Jiage had to accompany her the entire time she was taking a shower.

Suppressing the urge to beat Lin Jiage up, Shi Yao waved at him and said, "I'll take a shower later. I suddenly feel like drinking yogurt..."

"I'll go get it for you..."

After Lin Jiage left, Shi Yao mercilessly locked the bedroom door and went into the bathroom to take a shower.
