

Chapter 961: Father Relying on Son (1)

Shi Yao was taken aback for a moment before she slowly recalled what Jiang Wangui had told her the moment she woke up. After hearing what Jiang Wangui had told her, she only said one sentence, "I'd like to see him now, is that Alright?"

Her words were spoken very calmly, and her mood was also very calm at the time. However, the last three words, "Is that alright?", were already sobbing.

Jiang Wangui agreed. She rushed to the ICU. He lay on the head of the bed and struggled to hold the pen while writing something in the notebook. When she got closer, he closed the notebook and hid it under the pillow before she could see the content clearly.

When he woke up, she was naturally very happy, and then she threw the matter to the back of her mind. If she had not accidentally read it at this moment, she would have forgotten this very small episode..

It was apparent that he had been in a hurry to write those words that day. Perhaps it was due to his injury, but his handwriting was very sloppy. In fact, the words at the back were so messy that they looked like ghostly scribbles.

But as Shi Yao stared at the two pages of words, she couldn't help but burst into tears of joy.

She knew that those were the words that he had left for her when he thought that he was at the end of his life.

"Yaoyao? Yaoyao?"

Lin Jiage's voice sounded from the bathroom.

Shi Yao came back to her senses and hurriedly wiped away the tears on her face. "What's Wrong?"

"Where's My Shirt? I don't think I brought it in..."

Shi Yao replied with an "OH" before putting the diary back into its original place. After which, she found the shirt he wanted on the sofa and delivered it to the bathroom door.

By the time Lin Jiage came out, Shi Yao was already back to normal, and not a single trace could be found on her face.

.....

Auntie Sun had already completed the discharge procedures in advance, and Shi Yao had already packed up her things. Before leaving, Shi Yao intentionally asked, "Did you leave anything behind?"

Hearing her reminder, Lin Jiage seemed to have thought of something. He anxiously walked over to the bed and lifted his pillow.

When he saw the diary lying there unopened, his expression clearly relaxed a lot. He picked up the diary and stuffed it into his bag before saying, "It's gone. Let's go."

Shi Yao replied with an “Mm” before walking out of the ward with Lin Jiage. On the way, Shi Yao asked despite knowing the answer, “Is there anything shameful in that diary you took just now? It seems like it’s very precious...”

“No... It’s just some trivial matters related to work. I was afraid that I might have forgotten about it...”

“Oh, I thought that there was some kind of suicide note in that diary...”

After saying those words, Shi Yao took a glance at the man beside her.

A hint of panic could be seen on the man’s forehead, but he quickly calmed down as he slowly held her hand and walked toward the elevator, he replied disdainfully, “Are you kidding me? Do I look like the kind of person who would write a suicide note?”

..

On the third day after Lin Jiage was discharged from the hospital, it was Shi Yao’s graduation day.

Early in the morning, Shi Yao rushed over to the school.

As the representative of the graduating students, Shi Yao stood on the rostrum and gave a three-minute speech in front of the entire school.

During her speech, many people took photos with their phones, and there were also quite a few people discussing among themselves.

“So this is Shi Yao. I’ve long heard that she’s very beautiful, but it turns out to be true. It’s no wonder that so many students are still chasing after her despite knowing that she has a boyfriend.”

“Why didn’t you say so? It’s no wonder that her boyfriend would rather have a shameless reputation than to pinch a peach blossom?”

Chapter 962: Father Relying on Son (2)

“Brother die, you must have dropped two words. It should be an extremely shameless reputation...”

“Haha, but it seems like no matter how much everyone admires her now, there’s nothing they can do about it. I heard that Shi Yao’s wedding is tomorrow.”

“Not only that, I also heard that Shi Yao is pregnant. Someone saw her at the OB/GYN department, and her boyfriend accompanied her to the OB/GYN department for an OB/GYN checkup.”

“Is this for real? I couldn’t tell. She’s still so thin...”

“It’s true. Furthermore, her boyfriend was only married to her because of his son’s wealth.”

“I’ve heard of mothers relying on their sons, but this is the first time I’ve heard of fathers relying on their sons...”

“...”

Amidst the discussions, Shi Yao ended her speech. She bowed deeply to the teachers and students below the stage before walking down amidst the applause.

The graduation ceremony was still ongoing, and it didn't end until around noon. After that, they took photos and exchanged greeting cards with their classmates.

It wasn't until three o'clock in the afternoon that the commotion finally stopped.

However, Shi Yao, Jiang Yue, Leng Nuan, and he tiantian didn't leave just like that. Instead, they walked around g university once more. Just like back then, they had just entered g university, and every day after their military training ended., the scene of the four of them walking around the school and pressing down on the road.

Four years ago, they had taken a group photo on the school field. In the photo, they were dressed in military uniforms.

Four years later, they were in the same position on the school field as they were four years ago, and they took another group photo.

.....

After taking out the photo from four years ago and comparing it, he tiantian couldn't help but cover her face and wail, "Oh my God, was I so black and ugly four years ago? No wonder people say that university is a plastic surgery clinic..."

Jiang Yue: "I think I'm taller than I was four years ago. Look... before, Tiantian reached my ear, but now, Tiantian only reached my shoulder..."

He tiantian: "Jiang Yue, will you die if you don't speak?!"

Jiang Yue: "You have to learn to accept reality, but that's fine. It's not important for me to ridicule you, as long as I don't ridicule you during the desolate years..."

He tiantian: "Jiang Yue!"

In the face of the playful banter between the two of them, Shi Yao couldn't help but burst into laughter.

It was only after a moment of laughter that she realized that Leng Nuan seemed to be lacking in interest.

Shi Yao leaned closer to Leng Nuan and asked, "What's wrong? Are You in a bad mood?"

"No..." Leng Nuan's lips curled up. In order to conceal her disappointment, she continued, "... I just thought of something. Let's each write a sentence at the back of this photo..."

"Okay, okay..." Jiang Yue ran over, took a pen from her bag, and handed it to Leng Nuan. "Nuan Nuan, you go first."

Leng Nuan didn't refuse. She took the pen and placed the four photos on a book. After thinking for a while, she wrote four times at the back of the four photos. "I hope that every effort we make will be fruitful — Leng Nuan."

He Tiantian waited for Leng Nuan to finish writing before reporting her bravery, "I'll do it!"

After which, she spun the pen around for a moment before writing, "I hope that all of our deep feelings will be exchanged for the gentleness of time — he Tiantian."

After he Tiantian finished writing, she passed the pen over to Jiang Yue. Jiang Yue pondered for a moment with a frown on her face before writing, "I hope that we can have what we want, and we can let go of what we can't have — Jiang Yue."

In the end, it was Shi Yao's turn. She took the pen and pondered for a few seconds before writing, "I hope that the both of you will marry love..."

He Tiantian: "Yaoyao, you only hope for us. What About You?"

Jiang Yue: "That's right..."

While Jiang Yue echoed her words, Shi Yao continued writing the second half of the sentence, "... and I'll marry Lin Jiage — Shi Yao."

Chapter 963: 99 times was to keep him, and the 100th time was to give up (1)

He Tiantian: "..."

Jiang Yue: "..."

Alright, they were the ones who asked the question earlier.

..

Around five o'clock, everyone split up.

Shi Yao was picked up by Lin Jiage, and he Tiantian and Jiang Yue had an appointment to watch a movie together with Huang Nian and Liang Jiusi.

Leng Nuan stood at the entrance of G University. After sending them off, she picked up her phone once more and made a call to Lu Benlai.

Just like every other call she had made recently, there was still no one picking up.

If one were to think about it carefully, it should have been almost a month... over the past month, she had called Lu Benlai almost every day, but he had never picked up. She had also sent him a message, but he had never replied to her either.

It seemed that it had been like this since the day they had finished visiting the Forbidden City..

Perhaps on the day they visited the Forbidden City, he had adopted the mentality of never seeing her again. It was because he had performed so well that day that she had thought that she was overthinking things..

As no one picked up, Leng Nuan took her phone down from her ear.

This was the ninety-ninth time she had called him in this month..

.....

She wasn't sure if she still remembered the story she told him. There was a couple who had a falling out. Every night, the boy would come downstairs to coax the girl. He had been there for ninety-nine days.

The girl thought that as long as the boy came back tomorrow.., she would be with him again. On the hundredth night, the boy came, but when the girl ran downstairs, the boy told the girl that it was over.

Leng Nuan stared at Lu Benlai's phone number for a long time. For the 100th time, she did not make the call.

Because she knew very well in her heart that 99 times was to keep him, and the 100th time was to give up.

She did not want to give up... even though her woman's intuition told her that Lu Benlai probably did not want her anymore, even though she did not know the reason.

Leng Nuan stood at the gate of Gate G for a long time before walking to the bus stop by the roadside.

She got on a random bus and strolled aimlessly along the streets of Beijing. She did not know how long she strolled, then she got off the bus and walked along the streets. Only when she finally stopped did she realize that.., she had fallen downstairs of Lu Benlai's company.

She raised her head and counted floor after floor, then landed on the floor where Lu Benlai was.

The lights were all on. It was probably because everyone was still at work.

Leng Nuan hesitated for a moment, but she still stepped in.

The receptionist recognized her. When she saw her, she immediately stood up and greeted her with the same smile as before, "Miss Leng.."

Before Leng Nuan could speak, the receptionist continued, "Are you here to see CEO Lu? Unfortunately, CEO Lu is away on business and is not in the company.."

After a pause, the receptionist asked again, "... Miss Leng, do you still want to go into the company to take a look?"

Leng Nuan shook her head and smiled back. Then, she said, "No need." Then, she turned around and left.

After exiting the office building, she did not walk far. Instead, she found a random lounge chair by the roadside and sat down.

She stared at the passing cars in front of her and kept counting... from 1 to 1087, Leng Nuan stood up. Just as she was about to leave, she saw Lu Benlai walk out of the office building..

Lu Benlai did not see her. With the escort of the driver, he bent down and got into the car. Then, the car started and disappeared into the traffic.

Leng Nuan stared blankly at the place where Lu Benlai had just gotten into the car. After looking for a long time, she suddenly lowered her head and smiled.

Chapter 964: 99 times was to keep him, and the 100th time was to give up (2)

It turned out that he did not travel; it turned out that the front desk lady's words could not be more fluent, was he told in advance..

She was still struggling to make the 100th call, but he had already given up on her.

In fact, she had a premonition, didn't she?

She was the one who lied to herself and refused to face it, until she saw it with her own eyes..

She thought that he was the person in her life, the one who could pull her out of the quagmire. In fact, she was just a little bit away. As long as he didn't give up on her, she could wait a little longer, wait a little longer.., she might really be able to walk out... but he still let go, letting her fall deeper into the quagmire.

Leng Nuan clearly felt that her eyes were a little sore and hot. She raised her head and looked at the sky.

She tried hard to raise the corners of her lips, and then she raised the corners of her lips again, making the smile on her face deepen.

She did not know if he still remembered many things. The fire at the hot spring resort, the voice of him calling her name; the man-made snow at Christmas, the figure of him holding a broom and sweeping the floor downstairs. The scene of him and her counting cars one after another on Chang 'an street. Although he was gambling with him that day, he did not know that regardless of whether the cars were an even number or an odd number, she always wanted to be his girlfriend..

Also, she was very afraid of men, but she had been trying very hard to get used to him in the past six months. She even thought of telling him about the past to let him know more about her, she also wanted to let him know that the girl he liked was not as beautiful as she looked, so that he could make a decision whether he wanted to be with her or not.

But all these thoughts were in vain.

She and he still got separated..

Actually, this was also good, wasn't it? It saved her from always being on tenterhooks. When she suddenly thought of that terrible nightmare at night, she started to fear that he would not want her if he knew the truth. Now, it could be considered a relief. She did not need to be on tenterhooks anymore, she no longer needed to think about how good he was to her and feel endless guilt. She no longer needed to look at how good he was and could not help but feel inferior..

She finally returned to the past, not to mention the love, hate, and anger of the past.

.....

He was so good, and she was not worthy of him, so this was good, really good..

It was clearly a very happy thing, why was she crying? What was there to cry about..

..

Leng Nuan sat foolishly by the roadside for a long time until the number of cars in front of her gradually decreased. Only then did she get up and walk to the roadside to hail a car to go home.

Sitting in the back seat, Leng Nuan stared out of the window the entire time.

In the past, she thought that the night scenery of Beijing was very beautiful, but today, all the scenery in front of her eyes had lost its color.

Lu Benlai's place was not too far from the house she rented, but they had to pass through the bar area in Beijing.

When the car drove past MIX, she saw a familiar figure through the car window.

It was Lu Benlai. He seemed to be drunk and was standing by the roadside, throwing up into the trash can.

His secretary and driver had gone somewhere and did not follow him.

Leng Nuan subconsciously asked the driver to stop the car. Before she reached Lu Benlai, he had already collapsed on the street, looking unconscious.

In the end, the driver helped Leng Nuan to stuff Lu Benlai into the car.

When they reached Lu Benlai's neighborhood, the security guard on duty on the first floor helped Leng Nuan help Lu Benlai into the elevator.

Chapter 965: Goodbye and Take Care (1)

Even though Lu Benlai was so drunk, Leng Nuan was still a little scared. She was trembling all over as she helped him into the bedroom.

After he lay on the bed, her pounding heart finally calmed down a little.

She took off his shoes with her trembling fingertips, then pulled the blanket over him. She subconsciously wanted to stand up and leave him alone.

However, he was so drunk that he seemed to sense that someone was taking care of him. Suddenly, he raised his hand and accurately grabbed her wrist, pulling her onto his body.

His aura instantly filled her entire body.

She did not hate his smell, but she was afraid of being too close to a man.

She subconsciously wanted to break free. He was drunk and did not have much strength to begin with. She could have easily broken free from him and left. However, after struggling for a while, she suddenly stopped.

She resisted in her heart. Her body trembled uncontrollably, but she tried her best to hold it in.

She did not know how long she had been lying on his shoulder. He, who she thought was unconscious and asleep, suddenly flipped over and pressed her under his body..

This time, not only did her body tremble, even her eyelashes began to tremble.

The instinctive desire to push him away and escape grew stronger in her mind. She tried her best to suppress it. She felt his lips on her lips, and her teeth began to tremble in fear, she subconsciously raised her hand. When she pushed against his chest, the strength was withdrawn by her..

She closed her eyes and did not dare to look at him. She could feel his lips on her neck, and her clothes were taken off by him..

Her mind was filled with the terrifying scene of that night. She bit her lower lip desperately, not letting out any screams or cries for mercy... she did not feel any joy, nor did she feel any sense of happiness, she bit her lower lip even harder. In order to prevent herself from suddenly going berserk, she tried her best to hold onto the bed sheet... until finally, the smell of blood rose in her mouth, she knew that she had bitten her own lips, so he finally let go of her.

.....

Perhaps he was satisfied, he fell to the side and quickly fell asleep.

The moment Leng Nuan's weight disappeared, her entire body rolled to the ground.

She shivered on the cold floor for a long time before she picked up her clothes, put them on randomly, and ran out of his house.

When she returned to her residence, she immediately ran into the bathroom and took a shower.

When she came out, she did not go back to bed. Instead, she opened the closet and started to pack.

After she finished packing, she picked up her phone and looked at the time. It was almost three o'clock in the morning. She clicked on the call log, stared at Lu Benlai's name for a while, and pressed the call button.

It was the 100th time she had called him, but he still didn't pick up. However, she knew that it didn't matter whether he picked up or not.

There are some people who, no matter how long they accompany you, still have to say goodbye and take care of themselves in the end.

..

After dinner, before Lin Jiage and Shi Yao left the restaurant, Shi Yao made a trip to the washroom.

Lin Jiage carried Shi Yao's bag and stood at the entrance of the washroom, waiting for her. After washing his hands, he saw that the washroom had run out of tissue paper, so he opened Shi Yao's bag and searched for tissue paper in her bag. However, he still couldn't find it, but first, he saw a medicine bottle..

Chapter 966: Goodbye and Take Care (2)

Pill bottle?

Soft bun is pregnant, what kind of medicine should she take?

Thinking too much into it, Lin Jiage took out the pill bottle from his bag.

Ramen tablets were mainly used to treat headaches, and they were considered the cheapest and most common medicine. However, consuming too much of them would definitely lead to death.

On the other hand, if the medicine in this pill bottle were to be poured into her stomach and she wasn't able to save her in time, she would definitely die.

Putting aside the fact that Shi Yao didn't have any headaches in the first place, it was impossible for her to take this kind of medicine while she was pregnant... So, why was she carrying this bottle of medicine in her bag?

There was a thin plastic bag outside the bottle of medicine. Lin Jiage saw that there was a loan slip inside the plastic bag. He took it out and saw the date and time printed on the loan slip, so he understood everything.

He had bought this medicine last month. On the day of his surgery, he had been pushed into the operating theater at 10:21 pm for his second surgery, and this medicine had been bought at 10:45 pm.

When she went to visit him in the ward, she had been doing very well. She even consoled him that he would be fine, that the surgery would definitely succeed. In fact, she even said some vague words, such as, "I believe in him, and he's blessed..."

When he saw that she was in a very good condition, he thought that her grandfather and the others had comforted her.

At this moment, he knew that before she entered the ward to visit him, she had already made up her mind. If anything were to happen to him, as the Doctor said, and he could not come down from the operating table, she would go with him..

When he was very young, he had already known the word "Martyr." Perhaps it was because he was a boy, but he was more interested in conquering the world and astronomy and physics, so even if he knew, he would still know, but even when he saw the story of 'Die for Love', he would only scoff at it from the bottom of his heart... that was nothing more than a fake story written in a novel, how could there be such a beautiful scene of 'life and death' in real life... yet, right now, the scene that he didn't believe the most happened to him.

An indescribable emotion instantly filled Lin Jiage's heart.

.....

He thought that if the same danger were to fall on Shi Yao one day, he would do the same as well.

That was because they had agreed to be together, even if it meant life and death.

The door to the washroom was suddenly pushed open. Lin Jiage raised his head and saw that it was Shi Yao who had walked out.

He hurriedly pretended as if he hadn't seen anything as he stuffed the medicine bottle back into his bag.

After Shi Yao washed her hands and walked over to Lin Jiage's side, Lin Jiage naturally held her hand.

The car was parked in a parking lot about five hundred meters away from the restaurant. Lin Jiage and Shi Yao walked along the side of the road and headed toward the parking lot leisurely.

Even though Lin Jiage appeared calm on the surface, his heart was still in turmoil because of a bottle of medicine. He couldn't help but squeeze Shi Yao's hand, he asked, "Yaoyao, a month ago, on the night of my surgery, were you scared?"

Scared, extremely scared... but Shi Yao shook her head and said, "I'm not scared. I'm very calm. I'm so beautiful. If anything were to happen to you, I wouldn't have to worry about finding a new boyfriend..."

Lin Jiage didn't expose Shi Yao's duplicity, so he held her hand and continued walking forward.

Perhaps it was because Lin Jiage suddenly brought up the incident on the day of his surgery, but Shi Yao suddenly recalled the last words she accidentally read in his diary yesterday.

Chapter 967: Little Brothers, Little Brothers, team up? (1)

Shi Yao's heart suddenly softened to an extreme.

From the age of thirteen, when Grandpa Lin came knocking on her door, she pointed at him and said, "Shi Yao, that's your fiancé, Lin Jiage." To this day, she was walking hand in hand with him on the streets, they were about to welcome their wedding tomorrow... During this period of time, they had gone through many, many things. Even though they weren't earth-shattering events, every single one of them, be it making her laugh or making her cry..., they were all precious moments.

Rather than saying that their story began when they were thirteen, it would be more accurate to say that their story began when she sent him that text in the second half of her freshman year.

With this thought in mind, tears welled up in Shi Yao's eyes. She tried her best to raise the corners of her lips, but before she could do anything, she suddenly turned around and asked Lin Jiage, "Lin Jiage, shall we break off the engagement?"

The instant she said those words, Lin Jiage, who was holding her hand, turned around as if he had a tacit understanding with her and asked, "Shi Yao, shall we call off the engagement?"

"Sure..."

Hearing the other party's voice, the two of them burst into laughter. Then, they spoke up in unison, "... Let's Get Married..."

..

A wedding was a very traditional Chinese wedding, and every single step of the wedding process didn't fail.

On the day before the wedding, Lin Jiage and Shi Yao naturally couldn't stay together.

Their original plan was for Shi Yao to stay at Lin Jiage's place. The next morning, Lin Jiage set out from the Lin family's old residence to pick up the bride.

But in the end, this plan was rejected by everyone in the Lin family on the grounds that Shi Yao was pregnant. In the end, Lin Jiage ended up staying at his apartment while Shi Yao stayed at the Lin family's old residence.

Thus, after dinner, Lin Jiage drove Shi Yao back to the Lin family's old mansion. He didn't even enter the house, his own grandfather, mother, aunt, father, and sister used the excuse that the bride and groom didn't want to be together on their first night of marriage as an excuse to chase her away.

.....

Standing outside the main entrance, Lin Jiage gazed at the house that he had grown up in. Looking at the brilliant lights in the house and the words 'Double Happiness' written all over the windows, he stood there for a moment with mixed feelings. After which, he got into the car and returned to his own home alone.

Shi Yao was pregnant, so she didn't have to worry about the wedding. It didn't take long before everyone began urging her to return upstairs to rest.

After returning to Lin Jiage's bedroom, Shi Yao lay on the bed, unable to fall asleep no matter how hard she tried.

Indeed, how could she possibly fall asleep? Tomorrow was the day she and Lin Jiage would get married... Oh, no, to be precise, there were only two hours and seven minutes left until the day she and Lin Jiage would get married.

In the end, unable to fall asleep, Shi Yao didn't force herself. Instead, she turned on her phone and logged into a game that she hadn't played in a long time since she became pregnant.

In truth, she didn't really want to play a game. She just wanted to take a look around the game.

But after she successfully matched with the other party, a short moment later, a sentence appeared on the screen: [111111] used M416 to knock down [don't hit the Super Cute Me] .

[111111] ... this name is so familiar. Isn't he my boyfriend?

Shi Yao was pleasantly surprised by this miraculous fate, so she took a screenshot and sent it to Lin Jiage's wechat.

Not too long later, Lin Jiage replied to her message: [where are you?]

Not too long after Shi Yao replied to Lin Jiage's message, Lin Jiage's voice came through her game headset: [Yaoyao, I'm outside your house. Come out...]

Chapter 968: Little Brothers, Little Brothers, team up? (2)

In the game, even if they weren't teammates, they could still hear the voices of the people around them if they were close enough.

Hearing Lin Jiage's voice, Shi Yao immediately jumped down from the room where she was looking for equipment. After which, she circled around the room and saw Lin Jiage sitting on a motorcycle by the side of the road.

With a gun in her hand, Shi Yao ran over and asked, "Little brother, little brother, do you want to form a team?"

Lin Jiage's soft chuckle came from the earpiece, followed by his voice, "Get on the motorcycle."

Following Lin Jiage's instructions, Shi Yao got on the motorcycle.

Lin Jiage stepped on the accelerator and drove her along the map in the game, stopping near the airport.

Just as Shi Yao was about to ask Lin Jiage what he was doing at the airport, Lin Jiage's voice suddenly sounded from her earpiece, "Do you still remember this elevated platform?"

Shi Yao wasn't able to react for a moment, so she replied with a confused "Hm?".

"Back then, when a certain someone was parachuting, he hung himself on this elevated platform, and after jumping down from it, he fell to his death..."

Hearing Lin Jiage's voice once more, Shi Yao finally realized what Lin Jiage meant. She couldn't help but purse her lips, following which, she spoke up, "You still have the cheek to bring up that incident? Do you know that it was my first time playing this game? That night, I fell to the ground and ended up in a box. I had no choice but to choose four rows, and in the end, I fell to my death. Indignant, I begged you for help, but not only did you fail to save me, you even drove your motorcycle in the opposite direction..."

Hearing Shi Yao's accusation, Lin Jiage chuckled softly once more, "If I had known that the girl who fell to her death would be my wife, I would have rushed over to save her without her having to say a word..."

Hearing Lin Jiage's words, Shi Yao couldn't help but burst into laughter, her tone softened considerably as she continued, "That was the first time we met in the game. Now that I think about it, it's been more than three years, but I still feel like it's the same as yesterday..."

"That's right..." Lin Jiage replied. After which, the two of them fell silent. About half a minute later, Lin Jiage spoke up once more, "Let's go. Get in the car."

.....

Shi Yao obediently got into the car, and Lin Jiage drove her to another place.

This time, before Lin Jiage could say anything, Shi Yao spoke up first, "I remember this place. We were wiped out by a team of heavenly justice here. Back then, an expert said that my voice was pretty, and he asked you if I had a good voice. You said that it was fine, but the expert said that justice would descend on us if we didn't mean what we said. In the end, you said that it was fine, and then you got blown up..."

It was only when Lin Jiage moved to the third location that Shi Yao realized that Lin Jiage wasn't planning to team up with her to play games. Instead, he was carrying her to relive every single thing that had happened in the game over the years.

On a hillside near City P, Lin Jiage spoke up, "When you were shot to death by someone and you were screaming about how you died, I was the one who jumped to your side to save you. I even threw some medicine at you."

In City R., Shi Yao spoke up, "I remember that I was hit to death the moment I landed here. You chased after half of the map and killed the other party, and then you even ran to my side to die as well. To be honest, Lin Jiage, did you die for love back then?"

On the road beside Port G, Shi Yao spoke up, "On that wall, you shot your gun there and left a bullet hole in your heart..."

Chapter 969: Wedding! Wedding! (1)

On the bridge beside the airport, Lin Jiage said, "I'm here to teach you how to kill people. We lost a lot of things on the ground, so when we were waiting for someone to pick them up, we opened fire..."

"..."

Lin Jiage drove Shi Yao through the entire map, and they were able to search through every single part of the map to find something that left a deep impression on them.

It was only after the two of them were poisoned to death that Shi Yao and Lin Jiage finally left the game.

It was already late, so Shi Yao and Lin Jiage didn't play the game anymore. After saying goodnight to each other, they both lay down on their beds.

Thinking back to the scene in the game with Lin Jiage, Shi Yao couldn't help but hug her blanket and smile. Who would have thought that the idol that she idolized so much in her youth would end up becoming her husband?

In the twenty-first floor apartment, Lin Jiage rested his head on his arm as he stared at the ceiling without the slightest bit of drowsiness. Who would have thought that soft bun, who was even worse than a robot in the game, would end up becoming his wife?

The next morning, Shi Yao was woken up before five in the morning.

As the bridesmaids, He Tiantian, Jiang Yue, and Leng Nuan had already arrived at the old residence. Accompanied by a makeup artist and stylist, they helped her put on her makeup and change into a gown.

By the time everything was done, the sky was already bright outside, and the sun was high up in the sky. The entire world was bright and beautiful.

Just as Shi Yao had calculated the timing ahead of time, at 9:20 pm, the deafening sound of firecrackers could be heard from the entrance of the Lin family's old mansion.

Shi Yao knew that it was Lin Jiage who had come to fetch her.

Her head was covered with a red veil, so she couldn't see anything clearly. However, when she heard that sound, she felt an inexplicable sense of nervousness. Even her palm, which was holding onto an apple, was covered in a layer of sweat.

.....

The atmosphere outside grew increasingly lively, and the sounds of footsteps could be heard rushing toward the room she was in.

Even though the footsteps were very chaotic, Shi Yao could still tell that the steadiest footsteps inside belonged to Lin Jiage.

However, before Lin Jiage could enter, he was stopped by the bridesmaids standing guard at the door.

He Tiantian and Jiang Yue had always been the best troublemakers. Even though Shi Yao couldn't see the commotion, from their conversation, she could tell that the best man, Xia Shangzhou, had been forced to change into a pink lace dress, Lu Benlai had also been forced to sing a song in the female voice,

and Liang Jiushi had been forced to eat ten steamed buns. Only then did the bridesmaids finally give up, reaching out to ask for a red packet for Lin Jiage.

A thick stack of red packets flew out from Lin Jiage's hands and scattered all over the floor. Just as everyone was bending over to snatch the red packets, Lin Jiage rushed into the room and stood before Shi Yao.

Leng Nuan delivered the wedding shoes, and Lin Jiage knelt down on one knee in front of Shi Yao to help her put on her shoes. After which, he stood up and hugged Shi Yao. Amidst the noise and screams, he walked out of the bedroom and down the stairs to the second floor, walking out of the old mansion, he walked to the side of the wedding car.

The car door opened, and Lin Jiage carefully placed Shi Yao into the car before following closely behind.

..

At eleven o'clock, the wedding car arrived at Beijing Grand Hotel on time.

In the largest suite on the top floor, Lin Jiage and Shi Yao served tea to Old Mister Lin and Lin Gu Beijing Wangui. After receiving the red packet, Shi Yao, accompanied by the bridesmaids, went to change into her wedding gown to freshen up her makeup.

Meanwhile, Lin Jiage and the groomsmen went to the entrance of the hotel to welcome the guests who had arrived today.

At 11:48 am, Shi Yao headed downstairs accompanied by her maid of honor.

Chapter 970: Wedding! Wedding! (2)

Standing outside the door of the wedding banquet hall, Shi Yao could hear the wedding march playing over and over again through the door.

There were still about ten minutes before the auspicious hour, and the host of the wedding banquet had already begun to warm up the atmosphere.

Not even half a minute after Shi Yao stood outside the wedding banquet hall, she heard the female host say, "Before the bride comes out, let's invite our groom to the stage..."

Deafening cheers, shrieks, and whistles could be heard from within.

Even though Shi Yao couldn't see what was happening inside clearly, she could tell that Lin Jiage was already standing on the stage.

Just as she had expected, the male host quickly spoke up, "Since the bride isn't around, let's interview the groom first..."

"That's right. I have a few questions on hand, and they were all provided by family and friends. Let me ask the first one first..." the female host quickly followed up, "... but according to the intimate friends of

the groom, the most common thing that the groom does after chasing after the bride is to pinch the peach blossoms. In that case, may I ask how many peach blossoms the groom has pinched so far?"

Who was the one who asked this question? It was unlikely for Liang Jiushi to be the one asking this question. He and Lin Jiage weren't from the same school, so he didn't know much about such matters. Song Chaoxi had been living with her girlfriend outside the school for many years, so it was unlikely for her to know much about such matters. So, was it Xia Shangzhou and Lu Benlai? It seemed like they were the ones who didn't dare to act recklessly, so they decided to take advantage of Lin Jiage's wedding... but Lin Jiage probably wouldn't be able to answer this question, right?

Just as Shi Yao was deep in thought, Lin Jiage's usually cold voice sounded from within, "Sixty-five peach blossoms."

The male host exclaimed excitedly, "Wow, you remember the groom very well. However, sixty-five peach blossoms means that there are sixty-five members of the opposite sex who have been chasing after the bride all these years. It seems like our bride today will definitely be as beautiful as a fairy... However, I still have to ask the groom, of the sixty-five peach blossoms, who is the one that left the deepest impression on you?"

Lin Jiage: "Do I really have to answer?"

The female host: "Of course. Today is the day of the wedding, so I can't be vague about it."

Lin Jiage: "Alright then. The Peach Blossom that left the deepest impression on me is Lin Jiage."

.....

The male host: "What? If I'm not mistaken, the groom's name should be Lin Jiage, right?"

The female host: "So, groom, are you saying that you're going to pinch your own peach blossom when you get jealous?"

Lin Jiage's voice was as calm as ever, "That's not it. Yaoyao once had a crush on someone when she was young, and I didn't know who it was. I was jealous for a very long time, and it took me a very long time to realize that the peach blossom was my own."

The female host: "Wow, how romantic. I think that anyone who pinches a peach blossom would want that peach blossom to be their own, right?"

The male host: "Romance is romance, but it's a good thing that the groom didn't use too much force when pinching his own peach blossom. If he had used a little more force and crippled himself, it wouldn't have been so fun..."

Following which, the entire hall burst into laughter, the male host asked a second question, "Groom, we all have a special title for the person we like, short for 'Love'. May I know how the groom addresses the bride?"

Lin Jiage answered the question quickly, "21."
