

When Life Takes a Turn – Chapter 0062

Indeed, the person who had broken the door with a kick was precisely Zayn wearing a clown mask. He had appeared as the chairman of Violet Vision to save Faye. He had used this persona after careful consideration.

Firstly, Zayn was just a common person, so it was not very realistic for him to know Faye's whereabouts. In addition to that, the owner of Fireflies was acquainted with Ethan, thus it was highly possible that Ethan had notified Fireflies' owner prior to his plan this time. If Zayn were to appear without careful consideration, he could possibly fail to rescue Faye and also implicate himself as well.

However, adopting the persona of the chairman of Violet Vision would be different. He could find out Faye's whereabouts easily and rescue her without much effort.

Upon entering the room, he noticed that Faye's clothes were still tidy and she had yet to be violated, so his anxiety melted away.

While rushing over here, he had met with an accident on the road that delayed him quite a fair bit, and he had been worried sick. It was fortunate that he was not late and managed to be there on time. Otherwise, he would have regretted it for the rest of his life!

However, he immediately realized that Faye's face was flushing while her body was limp and her eyes were misty. He felt rage swell in his chest! That b*st*rd Ethan had actually stooped so low to use such a despicable means. Any person with a pair of eyes could tell that Faye had been drugged!

Moreover, she had been drugged quite heavily, so he could only imagine that Faye would surely have been tarnished by the b*st*rd Ethan if he were to arrive any later.

Faye stared straight at Zayn. At this very moment, her heart was filled to the brink with affection and excitement.

Every girl's fantasy was to be a damsel in distress saved by a hero. When she was at her lowest, the majestic and charming prince had appeared to save her from the clutches of the evil people. Zayn was Faye's Prince Charming now!

"Who the heck are you? How dare you come to my territory and create trouble? You must be seeking doom!"

The people in the private room reacted to the situation. The most ferocious-looking man unleashed a torrent of abuse on Zayn.

Zayn stared at him with an icy cold gaze, before his eyes made a clean sweep across everybody else in the same frosty manner. For some unknown reason, anyone who met his gaze could not help trembling in fear and found his aura to be overpowering.

Ethan had just stood up in the meantime. When he had fallen down kneeling on the ground earlier, his knees had struck the food scraps on the floor coincidentally. It hurt so much that he gritted his teeth in pain. When he saw the man in the clown mask, he scolded, "Who the heck are you? How dare you come to my party and play dress up? Travis, Arthur, come and beat him up for me!"

Travis and Arthur were two burly men with tall, muscular figures. They were highly intoxicated by the alcohol they had consumed and their eyes were bloodshot. They conveniently picked up the beer bottles on the table and walked toward Zayn in a threatening manner in preparation to beat him up.

Zayn snapped his fingers. A group of burly men dressed in black immediately scurried out from behind him. They moved agilely and managed to beat Travis and Arthur up rather quickly. They pinned Travis and Arthur on the ground such that they could not budge an inch.

The situation immediately stunned the rest of the people in the private room. They realized that the newcomer was no ordinary person, and they were possibly at a disadvantage.

"Take all of them down," Zayn issued the order with a wave of his hand.

The men in black subdued the rest of the people within a short period of time like a troop of well-trained soldiers. There was no leeway for resistance. Ethan was in an especially terrible situation because he received ‘better’ treatment than the others. He got punched hard in the stomach by a stout man until he almost vomited the contents of his stomach!

Ethan could not figure out the fault in his plan. His plan had been flawless and he had notified the owner of Fireflies in advance. It had been impossible for the plan to go wrong, so how did this man suddenly come and ruin his plan? Moreover, the man was wearing a clown mask! F*ck! What the heck was going on here?!

The rest of the people were just as confused. They threw inquisitive gazes at Ethan in unison.

Actually, this group of people was not Ethan’s childhood friends at all. They were only a bunch of disreputable friends that he was acquainted with.

After subduing the people, Zayn heaved a sigh of relief beneath the clown mask. He walked toward Faye, removed his coat, and draped it on her body before helping her to stand up. He asked in a deep voice, “Are you okay?”
