

The Wolf's Bride by Coffee's Tea Novel

Chapter 1011

At those words, Andrius looked up at Halle in surprise.

Halle gave him a faint smile, her expression very serious.

Andrius' heart trembled. He did not know what to say

"About me and Luna"

Halle continued to look at Andrius seriously, but her voice was now trembling and timid "You need to figure it out yourself! I won't make things hard for you.

"After all, you and Luna are mated I'm just the third party who came later

Andrius fell silent He did not know what to say or how to say it

To be honest As Halle spoke, she suddenly felt more open and said candidly.

"Ever since I started liking you and learned that you and Luna were always at odds, I've had selfish desires

"I've been waiting for Luna to divorce you so I could pursue you openly and be with you

"For that reason, I concealed your true identity from Luna I didn't want her to have feelings for you. That way, I would have a chance."

At that point, Halle suddenly asked, "Andrius, do you think I'm a scheming woman?"

Well...

Andrius opened his mouth, but no sound escaped.

"It doesn't matter what you think Before Andrius could respond, Halle continued, "From my perspective, even if I made a mistake, it wasn't an unreasonable one. That's because love is inherently selfish.

Halle smiled wryly, shook her head, and returned to her room.

Love was inherently selfish...

Andrius looked at Halle's departing figure and pondered those words in his mind.

Creak

Suddenly, Luna's door opened.

Andrius turned to look.

A pile of clothes flew toward him.

Then, Luna said in an inscrutable tone, "Hurry up and take a shower You're covered in filth."

Andrius took the clothes and instinctively looked down. There were still some scabs on his body, him appear quite dirty

"Got it

Andrius rubbed his nose and took the clothes to the bathroom to shower

After coming out, he steeled himself and tried to explain.

ung.

However una did not give him a friendly look and simply rolled her eyes at harm. Then, she took her own clothes and headed to the shower later she finished her shower and came out. Her skun, beautiful face, and tong mg

Andrius' eyes light up.

Andrius immediately followed Luna into the room. "Luna, about today..."

Luna suddenly turned around.

Andrius choked and did not know what to say, looking at Luna dejectedly.

Luna did not speak and closed the door instead. Then, she faced Andrius, suddenly removed her bathrobe, and pinned Andrius to the bed. "Hubby, you can't be partial. I'm your wife!"

Looking at the boundless scenery in front of him and hearing the soft, melodious voice in his ear, the remaining energy in his body from the pill Wade provided was immediately ignited. It was a spark that set everything ablaze!

The next second, Andrius gained control of the battlefield.

The battle was intense, with both sides fighting fiercely. The sounds of battle, the moans and cries, sometimes tender and sometimes passionate, continued to echo throughout the Royal Gardens for a long time.

Next door, Halle heard these sounds and could not help but cover herself with her blanket. No matter how hard she tried and how much she wanted to drown it out...

The intense and passionate sounds continued to linger in her ear, unable to fade away.

Chapter 1012

Splish...

Two lines of clear tears slowly slid down her eyes and landed on the bedsheets, forming a small puddle.

Halle knew that this time, she had lost to Luna.

In the other room, Kate lay on the bed, tossing and turning. Despite her efforts to use inner energy to block her ears, she could not calm her heart after hearing two sessions in a row. It felt inexplicably uncomfortable

She tossed around in bed, her mind restless.

The night passed like flowing water.

The next day, Andrius and Luna woke up almost at the same time.

"Don't look at me.

Luna felt the soreness all over her body and remembered the madness of last night. She shyly stretched out her hand and pushed Andrius' face in the opposite direction.

Andrius got up in exasperation and started to get dressed. After that, the two walked out of the room and saw Halle in the courtyard, learning martial techniques.

from Kate.

“Up so early?” Andrius greeted them..

“Yeah,” Kate replied weakly with dark circles under her eyes.

On the other hand, Halle was fully focused and did not respond to Andrius

“It’s like she’s become a different person...” Andrius muttered to himself.

Luna, who was beside him, knew exactly what was going on.

Last night, she had moaned loudly on purpose, partly due to Andrius’ extraordinary skills and also to make sure Halle heard them. It was a declaration of sovereignty and a medal of victory.

It seemed like it had the desired effect.

During breakfast, everyone sat at the table eating silently. The atmosphere felt a bit strange.

Finally, Kate broke the silence and said with a sigh, “Andrius, I’ve never seen someone with Halle’s physique in my life.

“After just one medicinal bath and acupuncture session yesterday, she’s already at the mid-stage of Martial Lord. Her progress is simply astonishing” Andrius did not want the atmosphere to remain awkward and casually praised.

“Yes, she’s indeed...”

Before he could say the word ‘amazing’, Luna, who was sitting beside him, interrupted him and said. “A Martial Lord is indeed impressive. With another ten years of practice, you should be able to catch up to my Martial King realm.”

Those words were very provocative.

Kate was instantly speechless.

Andrius was caught in the middle of these two women and felt very awkward.

Thus, he decisively changed the topic. “Let’s finish eating quickly. I need to go to Mount Dragon Tiger later. Today is the day my master’s tombstone is getting erected.”

The table fell into silence once again.

In the main courtyard of the Swallows’ residence, Norvin looked at the Swallow family elders and experts gathered and felt a surge of pride. “Even if the whole Medicine Sect is present at Mount Dragon Tiger today, we can still kill them seven times over!

“Everyone, heed my command. Advance to Mount Dragon Tiger and capture Andrius Moonshade”

The people below shouted in unison, “Advance to Mount Dragon Tiger and capture Andrius Moonshade!”

Norvin nodded in satisfaction and waved his hand. "Set off!"

The dozens of martial realm experts set off with great momentum.

Chapter 1013

At Mount Dragon Tiger, figures crowded together, shoulder to shoulder.

Banners fluttered and rustled in the wind.

Countless soldiers armed with real weapons, donning black attire, exuded an imposing aura. However, they remained silent, their faces filled with sorrow.

Today was the day Old Hagstorm's grave was being erected.

As the emperor's teacher, Old Hagstorm was highly revered. Those who came to pay their respects were pillars of the nation, regional rulers, or high officials. There was no room for family leaders and such since they had no qualifications to attend.

All those who attended were prominent figures from their respective regions. However, they had their heads bowed.

Andrius and his posse arrived.

The formation had already been set up. Registus, accompanied by ministers and high-ranking officials of Florence, as well as regional leaders, had been waiting for a long time.

"The Wolf King has arrived-"

With the guard's shout, everyone turned their gaze to the entrance.

There, Andrius walked in solemnly.

"Wolf King."

"Wolf King, you've finally arrived."

"Wolf King, we haven't seen each other for five years, but you're still as impressive as ever. It's truly gratifying."

"Wolf King, Florence is at peace, and all the weapons have been put away. All this is thanks to you. You're indeed the cornerstone of Florence!"

"Wolf King..."

Many prominent figures who could casually stir up a storm just by saying a word were now bowing and offering praise to Andrius in various ways.

Andrius could not be bothered with those people. He walked straight toward Registus.

On this day, Registus was dressed in plain black mourning attire instead of his imperial robes, grieving for Old Hagstorm.

Andrius' group was several meters away.

Registus guard, Dennis, could not help but tremble and suddenly pale.

Registus noticed his reaction and frowned, asking, "Why are you so agitated, Dennis? Is there something wrong?"

"Your Majesty..." Dennis swallowed his saliva and said hoarsely, "I just sensed Ms. Crestfall's aura. It's clear she has cultivated the martial realm. Her strength far surpasses mine!"

Luna had just recently broken through to the Martial King realm and could not compare to Andrius, but the aura she was exuding was like a beacon in the darkness.

Chapter 1013

23-

Andrius had already hidden his aura, and his level was higher than before, making it even harder for Dennis to detect.

Registus' expression changed slightly upon hearing this.

Andrius smiled and said, "Thanks to Master's guidance, Luna has now reached the Martial King realm."

"Ms. Crestfall is indeed fortunate to have received guidance from Old Hagstorm." Envy was written all over Dennis' face.

"Congratulations, Andrius."

Since it was Old Hagstorm who taught her, there was nothing else to be said.

Registus chuckled and said, "You're lucky to find such a capable wife."

"You're too kind, Your Majesty." Although Luna spoke modestly, her face revealed her honest satisfaction, and she even glanced at Halle.

"Hmph. Don't get too smug. I'll catch up to you," Halle retorted and shouted at Luna from across Andrius.

Andrius was speechless.

What kind of behavior was this? They were in front of the emperor....

Seeing this, Registus said meaningfully, "Andrius, you..."

Andrius smiled wryly and sighed.

"The First Elder of the Guardians' Elder Council has arrived!"

Just then, a shout from the guard outside was heard again.

The First Elder of the Guardian Elder Council! He was a true big shot of Florence, not much different from Registus and Andrius.

"Let's go and greet him," Registus spoke and led Andrius and the others to welcome the people from the Guardians' Elder Council.

Luna and Halle exchanged glances, snorted, and followed Andrius.

"Ah..."

After taking a few steps, Luna bumped into a female servant who was walking by.

"I'm sorry! I'm sorry!" the servant immediately apologized to her.

Luna nodded and was about to continue walking.

At that moment, she suddenly realized there was a piece of paper in her hand. She instinctively looked at the servant, but the servant had already walked away.

She frowned and opened the paper after confirming that no one was noticing her

“Meet me at the Cardinal Pavilion.”

The handwriting was clearly Old Hagstorm’s

Luna put the note away and quietly said to Andrius, “Hubby, I need to use the restroom. I’ll be back in a moment.”

Andrius did not think much of it and went to greet the pillars of Florence with Registus.

In Cardinal Pavilion, Luna arrived quickly and saw the person sitting there with his back to her. “Master, there are many people around. Aren’t you afraid of being discovered?”

“Haha...” Old Hagstorm laughed and said, “Watching the grave of a living person being erected is something rare, especially when the grave belongs to me. Of course, I have to come take a look.” Luna said in exasperation, “Master, are you really just here for the spectacle? I don’t believe it!”

Chapter 1014

“Hahaha...”

Old Hagstorm laughed even louder. He shook his head with a sigh. “Luna, you’re truly sharp as a tack. I can’t hide anything from you.”

At this point, he suddenly turned serious and said, “I’m here to inform you to quickly issue an edict to the Dragon Manor and summon them to gather near the mountain.”

Summon the Dragon Manor?

Luna’s heart suddenly skipped a beat as she asked, “Master, what’s going to happen?”

“The Swallows are attacking.” Old Hagstorm narrowed his eyes, his gaze flickering.

The Swallows.

Luna’s expression instantly changed, and she quickly issued the edict, explaining the situation.

“Go back.” Don’t stay too long and arouse suspicion,” Old Hagstorm warned her.

Luna nodded and left.

Not long after, a figure in black approached Old Hagstorm. It was the person who had battled Andrius on Skyscraper Cliff and was eventually forced to retreat by Wade.

“How are the preparations going?” Old Hagstorm knew the person was behind him without turning his head.

“Everything is ready.” The black-robed figure reported, “The Sheppards, the Anders, and the Fullers have already rushed their elite experts to Mount Dragon Tiger.”

Old Hagstorm nodded and muttered, “The net has been cast. Let’s see how big of a splash this drama can make.”

Meanwhile, at the tomb-raising ceremony, after several big-name figures arrived and greeted Registus. almost everyone who should have been there had gathered.

Registus gestured to the host, Maximus Donovan, who immediately stood on the platform.

Everyone understood that the ceremony was about to begin and fell silent.

“Ladies and gentlemen...” Maximus looked at all the people below and spoke slowly with sorrow and grief.

“When the heavens are unfavorable, the sun and moon lose their light. When the earth is unfavorable. grass and trees fail to grow.

“The respected elder of Florence’s emperor tragically fell from a cliff and passed away. This is the sorrow of the heavens, the grief of the earth, and the misfortune of the nation.”

Everyone bowed their heads, not daring to utter a word. They all silently mourned for Old Hagstorm.

Registus and Andrius wore solemn and heavy expressions.

“Now, Your Majesty, please ascend the platform to offer your condolences.”

Registus slowly walked up to the platform.

“Master...” Registus let out a mournful cry and closed his eyes.

A subtle sadness permeated the entire area. Everyone in the moment empathized and did not dare to

make a sound, no daring to disturb the emperor.

Now, at the moment, Registus was not the emperor of Florence. He was just a disciple of Old Hagstorm.

“A teacher for one day, a father for a lifetime.” Registus slowly spoke in a heavy and hoarse voice, “My master taught me martial arts and instilled the values of virtue and righteousness in me. Several decades have passed like a blink of an eye.

“Although I’m dull and haven’t even understood one percent of his teaching, and I still wish to seek his guidance and learn from him....

“I never expected him to suddenly pass away. It’s not just my grief, but the sorrow of Florence and all its people!”

At that point, two hot tears flowed down Registus’ eyes

The crowd was silent.

“However, his earnest teachings will never be forgotten.

Andrius composed himself, Registus continued fervently, “My junior, Andrius, and I, will carry forward the legacy of our master, forcing a peaceful and prosperous era!

“We will make sure the people are fed, and the elderly have others to rely on.

“We will make Florence stand firmly in the world. Wolves, tigers, leopards, and vipers can roam, but they will respect us and stay away, not daring to trespass!”

At those words, the crowd’s faces changed slightly.

Andrius was actually the emperor’s junior!

It was no wonder there had been a scene where the fake emperor tried Andrius in Kiyoto.

It was no wonder that Andrius stormed the capital with the Lycantroops.

“Now...” Maximum finished the procedures and said loudly, “Please observe a moment of silence for Old

Hagstorm.

Under everyone’s gaze, a stone monument was slowly erected not far away.

“Master...”

Registus lowered a flower and paid his respects solemnly.

After him, it was Andrius’ turn. He had just moved to lower his flower.

Whoosh-

A surge of inner energy suddenly rushed in and struck the flower, immediately snapping the stem.

Chapter 1015

Andrius was furious. His expression was dark as he scanned the surroundings and shouted, “Who is behind this despicable act? Come forward and face your death!”

Swoosh...

Crash-

As soon as Andrius spoke, a large group of people appeared in his sight.

Leading them was a man with sharp features, whose appearance was far from ordinary. It was none other than Norvin from the Swallows!

Behind him was a massive group of people. The elders and elite members of the family had all gathered.

“Norvin Swallow!” Andrius’ eyes were nearly spewing fire. He shouted, “Today is the day my master’s tomb is being raised, but you brought your people here to disturb the ceremony. What do you want?”

“Raising a tomb is not a problem.”

Norvin led his group to stand several meters away from Andrius and looked directly at him, speaking loudly. He was showing blatant disregard for the many influential figures in the area.

“However, you must come with us today, Andrius! Otherwise, you won’t be able to raise this tomb today!” Norvin had a cold smile as he threatened, making his intentions clear.

“Norvin...”

Andrius could not help but sneer. “You want me to go with you? It’s amazing you even thought of that. Why don’t you shake your head and see if you can hear the sound of water? I suggest you drill a hole in your head and let the water out before speaking.”

As soon as the words were spoken, Norvin’s face turned cold, and his gaze was icy.

The elders and experts behind him also glared at Andrius angrily, indicating their wish to grab him at any moment.

Norvin’s expression sank, and he said confidently, “Andrius Moonshade, the Swallow family has made such a commotion all for your sake. Are you really going to confront us till the end?”

“That’s not a wise decision. If you dare to oppose the Swallows, not only will Old Hagstorm’s tomb not be raised today, but this place will also turn into a river of blood!

“At that time, the high-ranking officials of Florence will be wiped out, and the country will cease to exist, all because of you!”

It had to be said that Norvin knew how to threaten others. With his statement, he not only exaggerated the dangers but also used moral blackmail by putting the lives of everyone present in Andrius’ hands.

What a clever tactic!

“The Swallows are truly arrogant, wanting all of us to be buried with Old Hagstorm...”

“The Swallows are unrestrained and do as they please. They don’t respect anyone at all. They might actually do it.”

“Oh no, what should we do...”

“Do we really have to bow to the Swallows? If news of this gets out...”

Many people panicked. These individuals held high positions, but over the years, their rough edges had

Chapter 1015

been smoothed out, and they became more fearful of death. They were already trembling in fear in the face of the domineering Swallow family, lacking any fighting spirit.

At that critical moment, Registus shouted, “Norvin Swallow! The Swallow family is still part of Florence. I am the emperor of Florence, and everyone

here is a key figure in our nation. Do you dare to lay your hands on us? Is the Swallow family planning to rebel?"

Registus' words were resounding.

However, Norvin sneered. "The Swallows are part of the ancient martial world and do not adhere to common customs and laws, nor are we subject to national governance.

"You are just a mere child. When I was dominating the world in the past, you weren't even born yet!

"Today, Andrius Moonshade must go with me!"

Norvin's disdainful words instantly infuriated Registus.

Registus stepped forward, glaring at Norvin while saying coldly, "Norvin! If you want to take Andrius by force, you'll have to get through me first!"

"You overestimate yourself!" Norvin laughed mockingly and struck with a palm.

A formidable gust filled with killing intent blew. Norvin was actually serious about killing Registus, the emperor of Florence!

When Registus saw this, he was instantly shocked and furious, and his entire expression changed.

Boom!

At the critical moment, Andrius stepped forward.

Chapter 1016

He also struck out a palm and met Norvin's attack.

Andrius remained calm and said lightly, "Norvin, since your family is after me, don't involve the others. Whether or not you can take me away will depend on your ability!"

"Hahaha..." Norvin could not help but burst into laughter at Andrius' words.

The Swallow family behind him also joined in the laughter. They laughed heartily to the point of being unable to breathe. It was as if they had heard the funniest joke of the century.

After a while, Norvin slowly stopped and looked at Andrius mockingly.

"Andrius, did you damage your brain after falling into the magma? Do you really think that you can challenge me just because you managed to defeat Osian?"

"Today, I'll show you how terrifying the power of a Martial God expert is!"

Norvin's eyes stared at Andrius like a cat toying with a mouse. "If you don't fall within three bouts, I'll end this matter here today!"

Three bouts?

Andrius chuckled and said to Registus and Luna, "Step back."

Then, he looked at Norvin and slowly raised his hand, hooking his finger.

"Bring it on!"

How arrogant!

The high-ranking officers could not help but draw in a cold breath when they saw Andrius provoke Norvin like this.

“Insolence!” Norvin was furious at Andrius’ gall. “Andrius Moonshade, remember how arrogant you are now. That’s how miserable you’ll be later! I’ll show the world what the consequences are for offending the Swallows!”

Whoosh...

As he spoke, an immense and overwhelming aura erupted. It was like a surging wave or a towering mountain.

It was difficult to see with the naked eye and was not tangible, but its might was obvious just by being in its presence. Everyone’s faces turned pale, especially those who were not part of the martial realm.

It was like a massive boulder was pressing on their chest, making it difficult to breathe.

Weaker individuals even had blood trickling from the corners of their mouths.

For a moment, the scene became extremely tense, and there was no sound at all.

How could a human reach such a level of power? How could anyone withstand such might?

Everyone was silently asking themselves.

“A Martial God is indeed terrifying.” Dennis stood in front of Registus, his body trembling as he spoke with difficulty.

“What a frightening and op

O

shocked. Just a moment

ago, she had been proud of herself for breaking through to the Martial King realm in such a short time.

Now, it seemed that being a Martial King was still insufficient.

Chapter 1016

She made a silent vow—in her heart. ‘A Martial King isn’t strong enough. I need to be stronger so that I can help my husband! Power! I need more power!’

On the other side, Halle's face was as white as a sheet of paper. She did not make a sound, but her heart was shouting, wanting to be stronger. That way, she could rightfully stay by Andrius' side.

The next second, Luna subconsciously looked at Halle, and Halle also subconsciously looked at Luna.

Then, the two women turned their heads away and clenched their teeth, resisting the oppressive aura.

The person who seemed the most at ease was Andrius, He stood there composedly, showing no signs of struggle.

"Hm?"

Seeing this, Norvin could not help but wonder, 'Could this boy have already reached the late stage of the Martial King realm, which is why he can withstand my aura? However...'

A cold glint flashed in Norvin's eyes. 'Even if he's at the late stage of Martial King, he's still just an ant.' With that thought, Norvin's figure moved.

Norvin's figure shifted with lightning speed and arrived in front of Andrius, striking out a palm without hesitation.

Bam!

Andrius fearlessly met the strike head-on.

Norvin's figure staggered slightly, retreating several steps before stabilizing himself.

Andrius' form swayed, and he stepped back three paces before stopping.

The first bout ended with both sides evenly matched.

"Tsk, tsk, tsk..." Andrius clicked his tongue disdainfully. "I thought the head of the Swallows would be impressive, but it turns out you're just a clown."

A clown!

Norvin was furious. "Andrius Moonshade, don't be arrogant. Even if you have the strength of a Martial Emperor, you're still insignificant!"

In his view, although he had only used twenty percent of his power earlier, Andrius' ability to withstand it undoubtedly indicated that he had the strength of a Martial Emperor. Otherwise, Andrius would not have been able to take that strike without any harm.

"Stop barking." Andrius said flippantly, "The first bout is over. Hurry up and make your next move."

"You're seeking death!" Norvin narrowed his icy eyes.

Then, he moved again and unleashed the Tiger Subduing Fist.

Roar-

After a moment of buildup, countless shadows of fists completely enveloped Andrius. Among them, tiger roars echoed and created a deafening sound that made one's heart race.

"Tiger's Majesty!" Norvin shouted and charged straight at Andrius.

Andrius remained calm, showing no signs of panic. He gathered powerful inner energy in his fist and chose to clash head-on with Norvin.

Bam!

Bam!

Bam!

In a short period, the two figures moved continuously, exchanging punches over a dozen times.

The dull sounds made the onlookers understand that both parties were striking each other with full force. without holding back.

When Norvin finished the entire set of Tiger's Majesty, Andrius was still standing, composed. Norvin had not gained the slightest advantage.

"That's impossible!" As their fists separated, Norvin stood a short distance away and stared at Andrius in disbelief. "Andrius, what did you get from the Klein family's treasure?"

Chapter

2/2

"How could you have advanced to the late stage of Martial Emperor in such a short time? That's simply impossible!"

Impossible?

Andrius laughed.

The head of an ancient martial family like Norvin was talking to him about possibilities? What a joke.

Upon hearing Norvin's words, everyone in the scene could not help but be amazed. Many of them did not know what a Martial Emperor was.

However, from Norvin's expression, they could tell that Andrius' strength had far exceeded Norvin's expectations.

For a moment, everyone was secretly astonished. The Wolf King was indeed gifted.

"I told you." Andrius sneered, "Stop barking and show your next move. Old dog, you only have one bout left. I hope you won't disappoint men."

Andrius' way of referring to Norvin as a dog repeatedly thoroughly infuriated Norvin. His anger was about to explode.

"Andrius Moonshade!"

Chapter 1018

"Since you're so good with words, I suggest you talk while you still can."

Norvin's face turned sinister, and his eyes exploded with a fierce glint.

"Because when I catch you, I'll knock your teeth out one by one. Then, I'll slowly interrogate your secrets out of you!"

He turned to the First Elder and shouted, "Bring me the sword!"

The First Elder immediately tossed a long sword to him.

Swoosh-

Norvin skillfully caught the sword and unexpectedly gently wiped it clean.

“This sword is called the ‘Infernal Blade’. It’s a precious heirloom of the Swallow family!” Norvin cleaned it while speaking in a confident and proud tone, “I’ve roamed the ancient martial world for many years, but I’ve only used it twice.

“The first time was when I had the strength of a late-stage Martial King. I used the Infernal Blade to escape alive from a Martial Emperor.

“The second time was when I was a mid-stage Martial Emperor. I used the ultimate skill of the Swallow family, the Sparrow’s Thirteen Blades, to slay a late-stage Martial Emperor!

“This is the third time.”

At that point, Norvin’s lips curled, but it was not a smile. It was cold, chilling, and piercing.

“Today, I will use this Infernal Blade to sever your limbs and drag you back to the Swallows. Then, I’ll knock out each of your arrogant teeth!”

Norvin wiped the Infernal Blade to an eerie, bone-chilling gleam that emanated a frightening murderous intent and coldness.

The next moment, he leaped with boundless momentum, displaying the Swallow’s Thirteen Blades!

“Hiss...”

“The family head is actually using a sword. It seems he’s really angry!”

“There aren’t many people in the world who can make him use a sword. Andrius is undoubtedly the youngest among them!”

“Once the Infernal Blade is drawn, those who come across it meet their doom. Andrius is bound to lose this time!”

The Swallows witnessed this scene and were filled with awe and confidence. Their eyes when they looked at Andrius also carried a chilling note, as if they were gazing at a cold corpse.

Amid the dazzling sword light, Norvin looked like a peerless sword god, exuding a resolute murderous intent as he declared, “Andrius Moonshade! Even if you are defeated, you should be proud of yourself for making me use this move!”

Defeated?

Andrius sneered and stopped hiding his true power, releasing his overwhelming aura.

Rumble...

It was a familiar feeling, spreading vast distances with unrivaled power. When it came into contact with the Swallows, they broke out in cold sweat. It felt like a giant boulder

pressing on their chests, making it hard to breathe.

“This level of pressure can’t be from a Martial Emperor!”

“He’s definitely not a Martial Emperor. As the Swallows’ First Elder, it’s impossible for a Martial Emperor to suppress me to the point where I need to resist with inner energy.”

“In other words... Andrius is... a Martial God!”

“Hiss-”

The Swallow family experts were horrified and in disbelief.

“A Martial God!” Norvin stared at Andrius, his eyeballs almost popping out of their sockets. “Andrius Moonshade, I didn’t expect you to have broken through to the Martial God realm!”

When he said those words, his tone was shocked, but it was also overjoyed. It had only been half a month since the Seventh Elder brought Andrius back to the Swallows.

However, Andrius went from being a Martial Lord to a Martial God. Norvin believed that it must be due to some kind of treasure.

Where did that treasure come from?

Of course, it must be the Klein family’s treasure!

Thus, his determination to capture Andrius and bring him back to the Swallows grew even stronger.

Swish-

Norvin did not waste any words and pointed his sword at Andrius.

As he swung his arm, a series of astonishing sword energies with irresistible force slashed through the air toward Andrius.

Chapter 1019

1/2

“Yearnings of the past lie in memories, but yearnings of the present are boundless. The first blade: the thoughts of longing!”

“Endless time comes to an end, but this regret endures forevermore. The second blade: the pain of separation!”

Norvin wielded the sword while reciting the blade’s key principles. His voice was clear and precise, and his actions were swift and sharp.

In just ten seconds, seven astonishing sword energies enveloped Andrius from various angles. The sword energy surged like a wave, rapidly approaching. Killing intent howled in the biting cold wind.

“This kind of sword energy...”

“Even if Andrius has reached the realm of Martial God, there’s no doubt he’ll lose.”

“It’s all over.”

“End it here!”

Such thoughts emerged in the Swallow family experts’ heads. They had full confidence in their family head.

Whirr...

Andrius had just broken through to the Martial God realm and had not cultivated the corresponding technique yet, so he had to rely on his inner energy to passively defend against Norvin’s sword energies.

Bam!

Bam!

Bam!

The seven sword energies were incredibly sharp and easily broke through Andrius’ inner energy defense, leaving deep wounds on his body.

“Pfft-”

In the end, Andrius spewed out a mouthful of blood from the multiple attacks. However, even though he appeared miserable, he was not seriously injured. After all, a Martial God’s inner energy was not for nothing.

Andrius wiped the blood from the corner of his mouth and said loudly, “Old dog, three bouts are done, but you haven’t defeated me Take your people and leave Mount Dragon Tiger!”

“Leave?” Norvin suddenly smiled ominously “Andrius, you’re too naïve. Did you really think I brought all the elites of the Swallow people just for amusement? It doesn’t matter what god you pray to today. No one can save you.

“You will come back to the Swallow family with me whether you like it or not. That’s a promise!”

In the face of immense interest, even close family could become sworn enemies.

Norvin had already given up on his dignity and reputation. He was determined to capture Andrius and bring him back to the Swallows’ residence even if he was ridiculed by everyone present.

Dignity?

Dignity only existed on the blade!

As long as he pried open Andrius’ mouth and got hold of the Klein family’s treasure, the Swallows would become the top family in the world. Who would dare to call Norvin shameless?

Norvin had cultivated for a century to finally become a Martial God.

A century!

Who knew how he spent that century?

However, Andrius managed to break through from a Martial Lord to a Martial God in just half a month....

The profoundness of the Klein family's treasure was evident!

He had to obtain the treasure.

Andrius narrowed his eyes and said coldly. "Norvin, you're still the head of a family, yet you're acting so shamelessly. You really opened my eyes to something new."

Norvin did not respond. At that moment, everything was pale and insignificant. The only thing that mattered was to capture Andrius and bring him back with the Swallows.

Thus, he shouted to the Swallow family experts, "Where are the children of the Swallows?"

"Here!" all the Swallows shouted in unison, their momentum overwhelming.

"Capture Andrius Moonshade and return victoriously to the Swallow residence!" Norvin stared at Andrius and gave the order cruelly.

"Attack!"

"Attack!"

Chapter 1020

"Attack!"

The Swallow family's experts shouted in unison and prepared to attack.

Registus' face was nearly bursting with rage as he reprimanded, "Norvin Swallow! Are you really going to go back on your word in front of everyone in Florence? Do you not care about the Swallow family's reputation?"

"Reputation?" Norvin said disdainfully. "When the Swallows become the number one in the world, who would dare say that we lack reputation? Hahaha..."

Norvin imagined the Swallows being revered and worshipped by thousands and could not help but laugh arrogantly.

The experts from the Swallow family joined in.

"Enough." Norvin's face suddenly turned sinister as he ordered, "All members of the Swallow family, take Andrius down."

"Attack!"

The experts immediately gathered their inner energy and prepared to capture Andrius.

Swoosh...

Whoosh...

Swish...

Suddenly, powerful auras surged from all directions. Over a dozen figures rushed out from the surrounding mountains. It was the four elders of the Dragon Manor and the Dragon Generals.

“Dragon Manor, heed my order!” Luna held the Dragon Manor Token high and shouted in a delicate voice, “Protect Andrius Moonshade without failure!”

“Yes!”

The group immediately formed a circle, using their bodies as a defensive wall to shield Andrius and guard against the Swallows.

However, despite the strength of the Dragon Manor, they were somewhat weaker in the face of the Swallows, who had mobilized all their forces for this assault.

“The Dragon Manor...” Norvin’s expression was disdainful as he said arrogantly, “Do you think you can stop the Swallows? It’s like an ant trying to shake a tree!”

“Is that so? Then how about adding the Medicine Sect to the mix?” an aged voice with an imposing aura sounded

Wade led a group of Medicine Sect experts into view.

The Medicine Sect!

Although their strongest person was not as powerful as the Swallows, their overall strength was slightly superior.

Norvin’s expression darkened slightly. “Wade Klein, your Medicine Sect has hidden its capabilities for many years. I advise you not to meddle in this matter and leave with your people to avoid bringing disaster to the Medicine Sect! Otherwise, I don’t mind taking out the Medicine Sect in advance!”

Chapter 1020

Although Wade had only brought some of the Medicine Sect’s experts, it added a new variable to the battlefield and was sufficient to help Andrius escape.

This was not what Norvin wanted to see.

Given Andrius’ rapid progress, who could say what he would become in another three or five months?

Neither did Norvin want to gamble nor did he dare to.

“You want to take out the Medicine Sect?” Wade sneered and said coldly, “Norvin, although you’re a Martial God, your words are too arrogant.

“Very well. I’ve always wanted to know which was more powerful; your Swallow’s Thirteen Blades, or my Burden of Nine Skies!”

As he spoke, one of Wade’s subordinates handed him a spear.

The spear was nearly two meters long with a dragon coiled around it with bared fangs and claws, giving off an imposing presence. Just glancing at it was enough to make people's hearts pound.

It was the Medicine Sect's rare divine weapon—the Cailing Dragon Spear! “Is that so?” Norvin believed himself to be of a higher level and immediately pointed his sword at Wade.” Then, let's have a good fight today. We'll know who's superior when one of us is dead!”

Just as Wade and Norvin were about to start, three groups of people approached from a distance.

Swoosh!

Whoosh!

Thud!

The leaders of the groups were none other than Damian Sheppard, Tyrell Ander, and Ronald Fuller.

They led the elites of their families and approached from three different directions, coordinating with the Medicine Sect to surround the Swallows.

Now, the atmosphere on the battlefield was filled with tension.

A massive war was about to break out.
