The Wolf's Bride by Coffee's Tea

Chapter 1398

Chapter 1398

"You're seeking death!" Jasper was both shocked and furious to see this and immediately ordered, "Open fire! Kill him!"

Bang-

Thud-

Boom...

In the darkness, dozens of people in three directions spat out long tongues of fire, illuminating the small courtyard in a brief moment.

Following that was the deafening sound of gunfire.

Whizz, whizz, whizz...

Swoosh, swoosh....

Whoosh, whoosh...

At the same time, the specially made bullets filled the sky like locusts, flying straight toward Andrius with no blind spots!

However, Andrius seemed to freeze,

na still. He did not move

dodge, or take any

action. It was as if he was prepared to quietly accept everything.

"Hmph... Even if you're a martial realm expert, what can you do against this firepower?

You'll die. You'll all die without exception!"

A cold smile appeared on Jasper's face.

"Haha..." Justin also laughed sinisterly. "Go and meet your maker!"

Just then...

Whoosh...

The bullets came within an inch of Andrius and actually stopped in mid–air as if someone had pressed the pause button on time at this moment.

"H-how is that possible?"

"What's going on?"

Jasper and Justin's smiles suddenly froze and were replaced by deep disbelief.

Those were specially–made guns and bullets!

However, they were actually blocked by Andrius' inner energy?

Was he even human?

Besides the Conway brothers, even the surrounding subordinates were stunned. All of their mouths fell open wide enough to fit a fist in them.

Dozens of eyeballs almost popped out of their sockets.

What in the world?

How could such a terrifying human being exist?

No, was he even human?

Some refused to believe it.

Bam, bam, bam!

Bang, bang, bang!

Lifting their

guns in fear, they emptied all the bullets in their magazines in a burst, but the result was the same.

Not a single bullet could break through the one–foot radius around Andrius. They all hung in mid–air.

Clatter...

Clang...

ran away.

At that moment, they only regretted their parents not giving them two extra legs at birth. They were afraid that they would die

The subordinates were so frightened that the guns in their hands fell to the ground. Then, all of them threw down their guns and

here if they were just half a step slower.

"Trying to run after your attack failed?" Andrius sneered like a king descending. Swoosh...

Chapter 1398

The bullets suspended in mid–air suddenly flew back at a faster speed!

Spurt!

Spurt!
Spurt!

For each bullet they had fired earlier, they were now hit by an equal number of bullets.

Their feeble bodies naturally could not withstand even a single shot.

Corpses lay all over the ground.

"What..."

"Damn it, run!""

Justin and Jasper were scared out of their wits.

Fortunately, they were relatively far from Andrius, so they were not targeted immediately. They stumbled and ran back to their

off-road vehicle.

VroomJasper floored the pedal, using all the strength he could muster to escape.

"Trying to run? Since you're already here, why not play properly? Don't run."

A curl appeared on Andrius' lips, surrounded by the aura of death. "The hunt officially begins!"

There was a strong push, and the off-road vehicle shot forward.
