

Chapter 1406

Tegan's intention was to make Andrius frightened and fearful, but the latter unexpectedly mocked him instead. He could not help but roar in fury.

"Argh... You brat! I'll poke a hundred holes into your body today! I'd like to see where else you're tough besides your mouth!"

As he spoke, the spear in his hand waved, and Martial Emperor inner energy immediately surged out, spreading in all directions.

The wild flowers, grass, and trees in the wilderness suffered a calamity.

"The spear is like a wandering dragon commanding a thousand soldiers; life as bleak as the afterlife!" The first form, Hydra Slash!"

Although Tegan was somewhat arrogant, his spear technique was indeed accomplished, just not exceptional.

The tip of the spear swept toward Andrius' chest. If it were an ordinary person, it would have been enough to eviscerate them, leading them to a miserable end.

However, Andrius only lightly tapped the Argentum Qilin Spear in his hand, and his entire body flipped in mid-air, perfectly avoiding the powerful spear strike.

"Heh, you're just jumping around like a monkey!" Tegan

could not help but sneer.

Then, he waved the Rainblossom Spear again, and crescent arcs carrying endless killing intent came rushing toward Andrius.

"The universe in a single stroke; the moon is like a hook! The second form, Destiny's Elegance!"

As he spoke, the cold rays all rushed toward Andrius as if they had eyes, surging with an unstoppable and imposing aura, full of murderous intent.

Swoosh...

The move was extremely fast and arrived in front of Andrius' face in the blink of an eye.

However, just as Tegan grinned, thinking Andrius was about to get hit, he saw Andrius grab the Argentum Qilin Spear with his right hand and do a 180-degree backbend while bracing himself on his knees.

Swoosh!

Whoosh!

Swish!

...

The countless formidable slashes almost grazed Andrius' chest and finally impacted a nearby boulder heavily.

Boom...

The boulder exploded, shattering into countless pieces.

The countless formidable slashes almost grazed Andrius' chest and finally impacted a nearby boulder heavily.

Boom...

The boulder exploded, shattering into countless pieces.

As for Andrius, he narrowly avoided a fatal blow.

However, when he straightened up from his crouch, he looked relaxed and at ease.

"Hmph..." Tegan felt annoyed when he saw Andrius avoid his attacks twice.

However, when he saw that Andrius did not dare to confront him head-on, he thought that Andrius was afraid of him and became even more arrogant.

"You're good at dodging!" He stared at Andrius, the corners of his mouth curving in a cold arc, and emphasized each word, "I'd like to see if you can dodge this as well!"

As he spoke, the Rainblossom Spear had already gathered immense inner energy.

Tegan's Martial Emperor strength was undoubtedly revealed at that moment!

Swoosh...

The spear swung with a majestic force like a silver dancing wildly.

"Suffering unjustly is the will of heaven; kings weep when the spear swings! The third form, Sovereign of the World!"

This spear strike filled the entire space with a majestic aura, blooming in every corner of the wilderness.

Andrius naturally bore the brunt of it.

"Die! It's time for you to die!"

Seeing this strike, a sinister smile flashed on Louis' face. He seemed to have envisioned the scene of Andrius being stabbed to death.

"Heh... With this attack, there's no escape for you!" Tegan retracted the spear and looked at Andrius smugly.

Then, he was instantly stunned.

Seeing the strike approach, Andrius immediately gripped the Argentum Qilin Spear and fiercely slammed it into the ground.

Without the support of inner energy, the spear was instantly bent.

When it reached its limit...
