The Wolf's Bride by Coffee's Tea Chapter 724

Chapter 724

It **was** not just Luna. Everyone saw his **face** clearly.

After all, it was a familiar face.

The venue fell into deathly silence, but it did not last long.

A few seconds later, the hall was thrown into chaos.

“Andrius Moonshade?”

“What’s going on? The Wolf King is Andrius Moonshade?”

“That can’t

be. That’s impossible. There’s no way the Wolf King is Andrius. He’s impersonating the Wolf King!”

“Oh my God... I heard that

Andrius, who married into the Crestfalls, was a scoundrel, but I never thought he would blatantly impersonate the Wolf King in front of everyone and commit such a grave offense today. It’s like he’s prancing around in front of the Grim Reaper!”

P

“Tsk, tsk, tsk... Andrius Moonshade has caused a big problem this time!”

Most people did not believe that Andrius was the Wolf King and thought that he was impersonating the Wolf King for some reason.

Therefore, their gazes turned mocking and pitiful.

Impersonating the Wolf King....

The nation was facing a great crisis **in** the west and calling for the Wolf King's return, but Andrius was impersonating the Wolf King. He must not know the meaning of death!

Andrius remained very calm in the face of the whispers as if it was just a light breeze brushing past his

ear.

He walked up to Belarus and took out some medicinal prescriptions as well as the black card. "Grandpa Belarus, today is your 70th birthday, but I **don't** have much to give you.

"The prescription on this list is good for elderly health. Luna will understand what it means, so you can have her make it..."

Luna was furious when she saw Andrius continue his act.

Andrius Moonshade...

How dare he impersonate **the** Wolf King **at** such a grand ceremony and even claim to donate a hundred billion?

He **was** a liar!

He was **deceiving** everyone present!

He was making a **mockery** of **her** yearning for **the** Wolf King!

It was blasphemy **against** the might of the **Wolf** King!

Swoosh...

Luna could not stand it **anymore**. She rushed **over** in a flash and **snatched the** prescription **and the** card **away**.

Rip!

She tore the prescription into pieces.

Crack...

She threw the black card to the ground.

Then, she yelled at Andrius hysterically, "Andrius Moonshade, have you had enough? I already told you last time. We're over! There's no possibility between us left. I even gave you 20 million! What else do *you* want?"

At that moment, Luna looked like an enraged tigress. She completely lost her rationality and seemed almost insane.

"Andrius, you were kicked out of the Crestfalls. What are you doing here?"

"Andrius, if you don't have money, I can lend you some. Go to the dollar store and buy a mirror to see if you're worthy of Luna."

"Andrius, don't you have any self-awareness? How can anyone be as shameless as you?"

"Andrius, you're just a jinx. Please, for the love of God, just stay away from the Crestfalls!"

Harry, Roxy, and the other members of the Crestfalls all started hurling insults at Andrius. It was like they had transformed into keyboard warriors, wanting to kill him by verbal abuse.

Belarus frowned slightly. Although it was a bit unconventional, he was still happy that Andrius came.

However, before he could speak up for Andrius, Halle stood up.

"Luna, don't say that about Andrius. He's helped the Crestfalls so much..."

Luna cut her off and retorted, "Well, tell me, Halle. What has Andrius done for the Crestfalls?"
