Chapter 411 Fiendish Qi (2)

[Option 4: Find the Ksitigarbha True Crystal, the Mahayana Secret Water, the Shocking Heaven Flame, and the Two Elements Secret Feather within three years. [Completion Reward: (Earth-rank)]

[Option 5: Find the Ksitigarbha True Crystal, the Mahayana Secret Water, the Startling Heaven Flame, the Two Elements Secret Feather, and the Sun-Chopping Crystal within three years. [Completion Reward: Broken Mountain Record (Black Grade High-Rank)]

[Choice 6: Find the Ksitigarbha True Crystal, the Mahayana Secret Water, the Shocking Heaven Flame, the Two Elements Secret Feather, and the Sun Slashing Glass within three years, and refine an Emperor Gu. [Completion Reward: Random Basic Attribute Point +1]

Jiang Beiran was stunned by the sudden appearance of the six options. This was the first time he had seen options appear in such a strange manner.

'This is...Giving me a main mission?

"Has the system upgraded?"

Shaking his head, he ignored the weird way the options appeared. The content of the options made Jiang Beiran's scalp tingle.

After Ye Fan, this was the second time Jiang Beiran had encountered a heaven-grade choice. The difficulty was naturally high, and the way the choices increased was also a clear indication.

That was, every time he found one more of these heavenly treasures, his situation would be safer by a level.

'But you're really asking for too much...'

The True Crystal of Earth Bodhisattva, the Mahayana Secret Water, and the Sky-shocking Flame were all ranked in the top hundred on the List of Rare Items. They were a hundred times more valuable than the Bird of Paradise that Shi Fenglan had stolen from her home. After all, the List of Rare Items collected all the natural treasures of the continent. For those who could rank in the top hundred, almost every time they advanced a rank, the effect would be a qualitative change.

Jiang Beiran had never even heard of the Two Elements Secret Feather and the Sun-Chopping Liujiang. It was very likely that they were undiscovered or hidden by some large forces. The difficulty of the two was only higher than the previous three.

As for the last part about refining an Emperor Venomous Worm, Jiang Beiran was equally confused.

His King Venomous Worm was already the strongest. Even the Green Venomous Worm that he had snatched from the mysterious formation master in the miasma earlier was also at the King Venomous Worm level after careful examination. It was just that it was more powerful than the ones he had cultivated, but it was definitely not a breakthrough.

‘So there’s an even stronger existence above the King Gu...’

Jiang Beiran was having a rare headache when faced with such a pile of Heavenly Materials and Earthly Treasures that could make one’s scalp tingle.

This was because the choice this time was completely different from before.

In the past, as long as it was a reward for attribute points, it was really very simple. Usually, it could be settled by saying a word and doing one thing.

However, the choice this time was completely different. The sixth choice could mean that he could easily collect these heavenly resources and survive the tribulation, but it could also be understood as that as long as he could collect these heavenly resources, he could easily and safely survive the tribulation.

Therefore, the difficulty of collecting these natural treasures was unknown. It was a big question mark.

'What's going to happen in three years...An alien invasion?

Jiang Beiran quickly calmed himself down after he sighed inwardly. Although these Heavenly Materials and Earthly Treasures were still very far away for him, he still had three years to prepare. With a clear goal, he was confident that he could find all these Heavenly Materials and Earthly Treasures.

After a long while, Yin Jianghong, Tai Yingzong, and the others flew back through the window. Their expressions were ashen.

After adjusting his emotions, Jiang Beiran asked curiously, "I wonder what the three of you have discovered?"

Yin Jianghong picked up the tea on the table and took a sip before saying, "This venerable self feels an indescribable baleful aura. Its ferocity is simply unheard of."

"Yes." Tai Yingzong nodded. "I can also sense that this baleful aura is coming from a very distant place. It's hard to imagine what the consequences would be if I were to be hit by this baleful aura head-on."

After listening to the two magnates' analysis of the baleful aura, Jiang Beiran panicked and said, "Is something big going to happen?"

"Something big is definitely going to happen, but it shouldn't affect the Sheng Country." Yin Jianghong suddenly shook her head. "No, I still have to confirm it. You guys can continue talking about the new policy." With that, he turned around and pushed the door open.

Tai Yingzong rubbed the bridge of his nose, wondering if he should tell the sect master about this matter. However, when he thought of the danger of the baleful aura just now, he decided. This was definitely not something they could interfere with.

Taking a sip of tea to calm himself down, Tai Yingzong continued to chat with Jiang Beiran about the problems they had encountered during the implementation of the new policies over the past few months. Jiang Beiran also provided answers to them one by one.

But it was obvious that both of them were a little distracted.

After a night's sleep in the Masked Moon Sect, Jiang Beiran returned to the Imperial Palace on his auspicious cloud early the next morning. The six choices made him realize that he would probably be busy for a while again. He still had to give more instructions on the matters in the Imperial Palace.

He knew that he had to be calm at times like this. He had to grasp both hands and be firm with both hands. He did not want to ruin the hard work of either side.

Jiang Beiran quickly found Muyao in the royal study.

"Yes, Your Majesty."

Seeing that Muyao did not seem to be acting strangely, Jiang Beiran was certain that only a high-ranked powerhouse could sense the murderous aura from yesterday.

Taking out a stack of books from his Cosmos Ring and placing them in front of Muyao, Jiang Beiran said, "If you encounter any problems during the implementation of the new policies, read more of these books. The answers are in them."

Muyao took the book and asked, "Your Majesty...Where are you going?"

What Muyao really wanted to ask was whether the emperor was really going to give up everything, but she was afraid that if she asked, she would lose the chance to be the acting emperor.

"Nowhere, just in case. After all, you've done well during this period of time, and I'm willing to leave more things to you to handle."

"But the emperor..."

“If you feel that it is too difficult, I can...”

“It’s not difficult. It’s not because of that.” Muyao waved her hand. “If there’s anything I can do, I...” I... I’m quite happy too.”

“That’s good.” Jiang Beiran nodded and smiled. “Thank you for your hard work.”

‘It’s been hard on you...Thank you for your hard work...You’ve worked hard...’

The words echoed in Muyao’s heart.

---

“Yes.” Tai Yingzong nodded. “I can also sense that this baleful aura is coming from a very distant place. It’s hard to imagine what the consequences would be if I were to be hit by this baleful aura head-on.”

After listening to the two magnates’ analysis of the baleful aura, Jiang Beiran panicked and said, “Is something big going to happen?”

Chapter 412 A New Chapter

"Greetings, Your Majesty."

In the Moonwood Palace, Hong Yaxuan, who had been waiting for Jiang Beiran for three months, finally got what she wanted and bowed to Jiang Beiran.

"No need to be polite. Zhen has been in seclusion for three months and has made Emissary Hong wait."

"Yaxuan came at the wrong time. It has nothing to do with His Majesty." Hong Yaxuan then took out a long box from her Cosmos Ring and said, "There is a 10,000-foot-long spirit ginseng in the box. Cultivators can improve their cultivation if they eat it, and ordinary people can live longer if they eat it. My master ordered me to give it to the Emperor. I wish the Emperor a long life."

“Thank you, Sect Leader Wan.” Jiang BeiRan gave Wang Shougui a look, and Wang Shougui immediately took the long box.

“Help me thank Sect Master Wan. In addition, I have also prepared some small gifts. I will have to trouble Emissary Hong to send them back later.”

“Your Majesty, you should just call me by my name or call me Ya Xuan. The word ‘emissary’ sounds a little awkward.”

“It’s better not to change the way you address me. Envoy Hong has come from afar. I have already ordered people to prepare wine and dishes. Men, bring Hong...”

“Sigh! Wait, wait!” Hearing that the Emperor was about to send her off, Hong Yaxuan hurriedly waved her hand and said, “Emperor, there’s no rush to eat. I still have some very important words to convey to you, so please dismiss your attendants first.”

Jiang Beiran waved at the palace maids and eunuchs in the palace, and everyone retreated.

“Tell me, what’s so important?”

“I was the one who passed on this message on behalf of my master. He thinks that not only is Your Majesty smart, but you also have a great vision of the big picture. Our Four Square Sect is currently lacking a Situ, and we need someone like Your Majesty who has a discerning eye to take on the role. Of course, the treatment of our Sect Situ is also very generous. Every month, we will be allocated a fixed amount of middle-grade spirit stones, as well as a certain number of low-grade spirit stones...”

If this is the case, I can only say that I am indebted to your esteemed Cult Master for his love. I am already a disciple of the Returning Heart Sect and have no intention of going to any other sect.”

“Emperor, I have no intention of urging you. You can still slowly consider it.”

“Alright, then thank Sect Master Wan on behalf of Zhen. Men!”

Following Jiang Beiran’s shout, Wang Shougui quickly walked in from outside.

“Bring Emissary Hong to the side hall for a meal.”

“Yes.” Wang Shougui bowed.

“Zhen still has some administrative matters to attend to, so I won’t accompany you.” Jiang Beiran stood up and left after he finished speaking.

“Hey!” Although Hong Yaxuan still had a lot to say, she could only sigh helplessly when she saw Jiang Beiran leave. She then followed Wang Shougui to the side hall.

After sending Hong Yaxuan off, Jiang Beiran returned to the royal study and sat down at the dragon table under Muyao’s surprised and expected gaze.

Muyao didn’t ask any more questions and continued reading.

Jiang Beiran slowly closed his eyes as he pondered over what other policies he needed to supplement.

“Swish ~”

Just as she was about to fall asleep, Jiang Beiran’s face was suddenly licked by something.

“I already said you have bad breath.”

Jiang Beiran said as he slowly opened his eyes. The two-story-tall six-tailed fox occupied more than half of the bedroom and was staring at him with its pair of fox eyes.

Seeing that Jiang Beiran had woken up, the six-tailed fox stuck out its tongue and licked its mouth, revealing an extremely ferocious expression.

“Yes.” Jiang Beiran covered his nose and said with disdain, “You’re just eating the crystals, so why is there a rancid smell in your mouth?”

Seeing that Jiang BeiBeiran wasn’t afraid at all, the Six-Tailed Fox changed its appearance again. Waving its six thick and long tails, it opened its mouth and slowly approached Jiang Beiran.

“What? Are you going to eat me?” Jiang Beiran asked.

The six-tailed fox said proudly, “Are you afraid now? Hehehe, human, I want you to pay the price for humiliating me in the past!”

“If I was really afraid that you would eat it, I wouldn’t have let you go.” Jiang Beiran lifted the blanket and walked to the table. He poured a cup of tea and said to the six-tailed fox, “Aren’t you tired standing like that?”

Seeing that Jiang Beiran was not afraid of her at all, the six-tailed fox let out a “hmph”. Although it was a little unhappy, it was mostly happy.

“Woo!” The six-tailed fox turned into a human, looking as beautiful as the first time Jiang Beiran saw her.

“Do you really believe that I won’t eat you?” The six-tailed fox hopped to the table, took a sip of the tea, and stretched out her hand. “I want to drink too!”

“If you want to drink, pour it yourself.”

“Master is indeed a very special existence ~” The six-tailed fox said as she picked up the teapot and poured herself a cup.

“Did you come back to find me for something?”

“Hey! I’m still calling you master. Shouldn’t you show some respect?”

“If you really still treat me as your master, you shouldn’t have made such an unreasonable request.”

“Of course Xiaoxiao treats you as her master. Otherwise, she would have eaten you in one bite just now.” The six-tailed fox said obsequiously.

“So why are you looking for me?”

“Hmph, how boring.”

Seeing that Jiang Beiran was unmoved by her persuasion, the six-tailed fox took a sip of hot tea and said, “Originally, I came to repay your kindness, but now I don’t want to.”

“Oh.”

“Don’t you think it’s a pity? I am a great demon! In your little Sheng Kingdom, no matter what wish you make, I can fulfill it for you.”

“Zhen never intended for you to repay the favor, so how is it a pity?”

Puffing out two puffs of air from its nostrils, the Six-Tailed Fox felt that it might not be able to resist eating the person in front of it if it continued to chat with him. Hence, it jumped onto the table and stared at Jiang Beiran, asking, “That day... Why are you willing to let me go?”

Chapter 413

“You just want to live. What’s wrong with that?”

The six-tailed fox blinked twice after hearing that."But...Wasn't it natural for humans to kill exotic beasts?"

Jiang Beiran shook his head."

"But most people think so."

"Why should I be like them?"

"Hehe." The six-tailed fox suddenly laughed." My master is indeed different."

After saying that, the six-tailed fox licked Jiang Beiran's face again and said," I'm going back to my mother."Then, he flew out of the bedroom.

Jiang Beiran wiped his face in disgust, stretched, and lay back on the bed.

The next morning, Jiang Beiran spent the entire morning writing. He felt that it would be enough for Muyao to handle for a while, so he left them all to her. Then, he sat on the auspicious cloud and returned to the Heart Returning Sect.

After chatting with Tai Yingzong for the entire afternoon yesterday, Jiang Beiran had more or less understood the intentions of the two magnates. The new policies in Lulin County could continue to expand, but just as Jiang Beiran had said before, expansion required sufficient resources as a guarantee. Hence, he did not intend to blindly expand the scope of the new policies.

With such thoughts in mind, Jiang Beiran first went to Zhu Baishan to discuss the matter with him.

Zhu Baishan agreed with him. He could be said to be the true leader in the implementation of the new policies in Lulin County. He also knew how much effort had been put into the prosperity of Lulin County. If the area was doubled, the difficulty would be much higher.

After reaching an agreement with Zhu Baishan, Jiang Beiran bade farewell and left. According to his thoughts, it would take at least a year and a half for Lulin County to truly become rich and powerful. They were still in the stage of being carefully protected. How could they reap the fruits of victory so quickly?

After leaving Heavenly Cloud Peak, Jiang Beiran went to greet his senior brother and inform him that he had come out of seclusion.

Upon seeing Jiang Beiran, Lu Bogui happily welcomed him into the house and said, "You came back at the right time. I just came out of seclusion."

"Shixiong is in seclusion again?" Jiang Beiran asked.

"That's right. That day when you gave me the Big Dipper Spirit Art, I spent the entire night looking at it and found that it seemed to be very suitable for me."

"That's great. So Senior Brother has already mastered it after coming out of seclusion?"

"Hey!" Lu Bogui waved his hand. "How can a Yellow Rank cultivation technique be so easily mastered? I just had some enlightenment. I came out of seclusion this time because I have other things to deal with."

"It's good that you have some insights. That means that you're not far from mastering it."

"Thank you, Senior Brother." Jiang Beiran nodded and picked up a plum blossom pastry and put it into his mouth.

In an instant, a unique fragrance spread in Jiang Beiran's mouth. It was sweet but not greasy, and even carried a faint fragrance.

"Linjiang County's plum blossom crispy cakes are indeed well-deserved."

“If you like it, eat more. I bought a lot. Take these back.””As Lu Bogui spoke, he took out an oil paper bag and placed the plum blossom crispy cakes inside.

After the plum blossoms were all placed into the oil paper bag, Lu Bogui said,“”I have to make a trip to Lenan County tomorrow. I estimate that I will stay for ten days to half a month.”

“Le Nan County?” ” I remember that place belongs to the Sunfall Sect,” Jiang Beiran said after a moment of thought. Why is Shixiong going there?”

“Haha, it’s different to have the name of the Emperor. You clearly remember the division of forces. That’s right, Le Nan County is indeed within the sphere of influence of the Fallen Sun Sect. I went this time because I had some cooperation with them when I exterminated the rebels.”

"Thank you, Senior Brother." Jiang Beiran nodded and picked up a plum blossom pastry and put it into his mouth.

#### Chapter 414 Ridiculous (1)

“Setting Sun Sword Technique! After activating the Desolation Body, my Strength is now at 16 points. Little Bei Ran, you won’t be able to block this attack.”

“I didn’t plan to block it. When I receive more than 15 points of strength, I can activate the Taiji Roving Dragon and return your attack to you.”

“Ah? When did you learn the Tai Chi Roving Dragon?” Shi Fenglan asked with her eyes wide open.

“I learned it when I fell off the cliff just now.”

“Why didn’t you say so!”

“There’s no rule to tell others what cultivation technique you’ve learned. Hurry up and deduct your HP. I have to say that your Desolation Body is indeed domineering.”

Looking at Jiang Beiran’s slightly mocking smile, Shi Fenglan pouted and deducted three points of her own HP. Just as she was about to shout and continue attacking, she heard a knock on the door.

Jiang Beiran used his Spiritual Power to check and found that Yu Manwen had returned with the five golden flowers.

Just as he was about to leave, three options popped up.

[Option 1: Leave the hall. [Completion Reward: Green Dragon Poison Book (Earth Grade Low-Rank)]]

[Option 2: Stay where you are. [Completion Reward: Random Basic Attribute Point +1]

'???'

Jiang Beiran could not help but shudder when he saw the two options. A look of disbelief appeared in his eyes.

“Stay where you are?”

This option obviously meant that he had to take the initiative to contact the five golden flowers. What was the system up to?

If the five golden flowers were not enough to threaten his safety, the system would not have given him the option. There was only one reason why the system would give him the option, and that was that the five golden flowers or one of them would have some kind of entanglement with him in the future.

‘What a strange circle...’

While she was lamenting, Little Duo had already run to open the door, while Jiang Beiran had already chosen the second option and sat back down.

[Mission completed. Reward: Constitution +1]

Seeing Jiang Beiran stand up and then sit down, Shi Fenglan also revealed a puzzled expression. Although Jiang Beiran had not said anything, she could still sense that Jiang Beiran was deliberately avoiding the five female disciples. Hence, she was a little confused about why he had suddenly acted so strangely.

With a creak, the door was opened. Yu Manwen led Liu Zijin and the other five in.

At this moment, the five of them were all wearing the same training clothes. Their wet hair and dripping sweat made them look strangely charming.

“Good ~ I’m here to help you clear your meridians.””

“Me too, me too ~ My thighs are so sore today.”

..

As usual, the five of them walked into the central hall while chatting and laughing. Just as they were about to raise their heads to salute Shi Fenglan, they saw their senior brother sitting in front of them.

For a moment, the five of them stood rooted to the ground as if they had been petrified. Their faces began to turn red at a speed visible to the naked eye.

With a swoosh, the five of them quickly hid behind the rockery and combed their hair. They also wiped their sweat clean.

“When did Senior Brother come back?”

“Strange, strange...That’s strange. Even if Senior Brother came back, he shouldn’t be sitting inside, right?”

“Yeah... Didn’t Shixiong always find an excuse to leave when we came?”

“What should we do? Sister Zijin, do I smell weird?”

“No, help me take a look. Is my hair loose?”

“It seems a little. Let me help you comb it.”

..

Yu Manwen sighed as she looked at her five beloved disciples who were completely flustered. She walked into the central hall, sized up Jiang Beiran, and asked, "" When did you come back?"

"I just came out of seclusion yesterday."

Nodding, Yu Manwen stepped forward and poured herself a cup of tea. She was just as confused as Shi Fenglan.

She knew that Jiang Beiran had been avoiding her five female disciples all this while, so she was surprised to see him doing this all of a sudden.

However, the two of them hid this question in their hearts and did not ask it.

After drinking a cup of tea, Yu Manwen looked at the rockery and shouted, "Are you guys done?"

Hearing their master's call, the five people who were in a hurry stopped dressing up and walked out from behind the rockery.

They walked to the central hall three times with each step. Liu Zijin and the other five cupped their hands at Shi Fenglan at the same time and said, ""Greetings, Hall Master."

Shi Fenglan, who was dressed in red, looked up and nodded slightly. "Go ahead."

'You...Who is it?

As he watched Shi Fenglan suddenly display the domineering air of an empress, Jiang Beiran suddenly couldn't tell if it was the same person who had tugged at the hem of his shirt and asked for green bean cakes.

After bowing to Shi Fenglan, Liu Zijin and the others went to soak in the medicinal bath with ease. However, they could not help but take a few more glances at Jiang Beiran before leaving. After all, they did not know if they would have the chance to see such a senior brother again.

After Liu Zijin and the rest left with Yu Manwen, Shi Fenglan seemed to have shrunk into a little girl again. She shouted, "Little Bei Ran, quick, it's your turn to attack."

Picking up his own move card, Jiang Beiran could not help but glance in Liu Zijin's direction. For now, he still did not know where the option was.

An hour later, Jiang Beiran caught the injured Shi Fenglan again and defeated her in one fell swoop.

"Ah!" Shi Fenglan screamed in pain and said sadly, "I'm just a little short of completing this chain mission. I'll definitely be able to turn the tables!"

"Yes, I believe you." Jiang Beiran smiled.

## Chapter 415 Ridiculous (2)

However, this smile made Shi Fenglan want to pounce on him and bite him.

Shi Fenglan shouted, "One more round, one more round!" At that moment, the five golden flowers finished their bath and followed Yu Manwen out.

As the saying goes, the lotus flowers dance in the lotus bushes. The five girls who had just finished the medicinal bath had smooth skin and were colorful, each displaying their beauty to their heart's content.

The five of them did not expect to see their senior brother again when they came out, so their hearts were filled with joy. However, they were quickly urged by their master to go out.

As Jiang Beiran watched Liu Zijin and the other three leave, he was still thinking about the meaning of the previous option when he saw the system's option pop up again.

[Option 1: Let them leave. [Completion Reward: Eight Desolates Formation (Earth Grade Low-Rank)]

[Option 2: Ask the five of them how their cultivation has been recently. [Completion Reward: Nine Blaze Pill Scripture (Mysterious Grade Mid-Rank)]

[Option 3: Invite them to play World of Martial Arts together. [Completion Reward: Random Basic Skill Point +1]

‘System! There’s really something wrong with you!

Having spent so much time with the system, Jiang Beiran had seen countless ridiculous choices, but this was the first time he had seen one as ridiculous as this.

No matter what, these five were troublesome people who had triggered the Earth-rank option. It was fine if he did not give them the option to stay away from them, but now the option actually wanted him to get close to them.

“It’s really ridiculous!”

Even though he didn’t understand what the system meant, Jiang Beiran still chose the third option and said, “If you’re not in a hurry, why don’t we gamble together?”

[Mission completed. Reward: Drawing +1]

“Boom!”

Jiang Beiran’s words were like a thunderclap that exploded in the ears of the five girls. No one understood their feelings better than they did.

‘Master... Senior Brother actually took the initiative to invite us!?’

Ever since the day the trial ended, Shixiong had made it clear that he did not want to have anything to do with them.

Ever since then, Shixiong had been fulfilling this sentence and had never taken the initiative to get close to them.

But today! His senior brother actually took the initiative to send an invitation!

Fang Qiuyao was so excited that she didn't know what to do. 'Could it be that the shawl I chose today has moved Senior Brother?'

Liu Zijin was also thinking about all the jewelry she wore today. She was thinking about which one had aroused her senior brother's interest and would never take it off in the future.

The three Yu sisters were observing each other. They were all dressed the same, so looking at each other was equivalent to looking at themselves. While observing, the three of them kept exchanging glances and speculating.

"I don't think so. We've also combed our hair into two ponytails in front of Senior Brother in the past."

"Oh right... Could it be because of the smoky green eyebrows? I also think that I drew very well today."

"It might also be because of the new mother-of-pearl we bought. Senior Brother seems to like birds. It must be this bird that has aroused Senior Brother's interest."

..

While the five golden flowers were overwhelmed by the unexpected favor, Yu Manwen and Shi Fenglan were also very surprised. Jiang Beiran had never allowed them to find anyone else to join the gambling event he brought with him, but today, the sun had really risen from the west.

Seeing that the five of them were completely stunned, Jiang Beiran invited them again, "How about it, together?"

The five of them only came back to their senses after hearing this. They looked at Yu Manwen with their big watery eyes, and they kept shooting out little stars from their eyes.

Unable to withstand this kind of attack, Manwen turned around and glanced at Jiang Beiran, as if asking, "Are you sure?"

Jiang Beiran nodded in confirmation.

Sighing, Yu Manwen turned around and sighed, "There's still some time before dinner. Let's take a gamble."

"Thank you, Master!"

"Master is the best!"

The five of them shouted as they squeezed to the side of the table. They each found a seat and sat down. They sized up the game with curious eyes.

In the past, when they came, they would occasionally see the hall master studying the colorful chessboard alone. However, when they saw the hall master's dignified expression and tightly knitted brows, they did not dare to overstep their boundaries. But today, they could finally ask openly!

-----

[Option 2: Ask the five of them how their cultivation has been recently. [Completion Reward: Nine Blaze Pill Scripture (Mysterious Grade Mid-Rank)]

[Option 3: Invite them to play World of Martial Arts together. [Completion Reward: Random Basic Skill Point +1]

'System! There's really something wrong with you!

Having spent so much time with the system, Jiang Beiran had seen countless ridiculous choices, but this was the first time he had seen one as ridiculous as this.

No matter what, these five were troublesome people who had triggered the Earth-rank option. It was fine if he did not give them the option to stay away from them, but now the option actually wanted him to get close to them.

"It's really ridiculous!"

Even though he didn't understand what the system meant, Jiang Beiran still chose the third option and said, "If you're not in a hurry, why don't we gamble together?"

[Mission completed. Reward: Drawing +1]

"Boom!"

Jiang Beiran's words were like a thunderclap that exploded in the ears of the five girls. No one understood their feelings better than they did.

'Master... Senior Brother actually took the initiative to invite us!?'

Ever since the day the trial ended, Shixiong had made it clear that he did not want to have anything to do with them.

Ever since then, Shixiong had been fulfilling this sentence and had never taken the initiative to get close to them.

But today! His senior brother actually took the initiative to send an invitation!

Fang Qiuyao was so excited that she didn't know what to do. 'Could it be that the shawl I chose today has moved Senior Brother?'

Liu Zijin was also thinking about all the jewelry she wore today. She was thinking about which one had aroused her senior brother's interest and would never take it off in the future.

The three Yu sisters were observing each other. They were all dressed the same, so looking at each other was equivalent to looking at themselves. While observing, the three of them kept exchanging glances and speculating.

"I think Senior Brother must like twin ponytails."

"I don't think so. We've also combed our hair into two ponytails in front of Senior Brother in the past."

"Oh right... Could it be because of the smoky green eyebrows? I also think that I drew very well today."

"It might also be because of the new mother-of-pearl we bought. Senior Brother seems to like birds. It must be this bird that has aroused Senior Brother's interest."

..

Chapter 416 The Sisters Of The Sisters (1)

"I want to make a blood oath with Sister Zijin and share our props and resource cards."

"I want to make a blood oath with Sister Zijin and share our props and resource cards."

"Sure." Jiang Beiran nodded.

As there were new players, Jiang Beiran became the host again, explaining the rules to Liu Zijin and the other newbies.

"That's great." Fang Qiuyao handed the blood oath event card to Jiang Beiran.

After accepting the card, Jiang Beiran snapped his fingers and a red stream of Celestial Chi appeared between Fang Qiuyao's character and Liu Zijin's character.

"Wow!" The five golden flowers exclaimed. They lowered their heads to study the two sculptures, wondering how they could establish a mystical Qi connection between them.

"This betting board is a small formation. As long as you use a talisman treasure to carve a character, you can produce this effect."

"Oh ~" The five sisters nodded at the same time.

To them, nothing their senior brother did would surprise them. After all, their senior brother knew everything.

“I’m in!” After Fang Qiuyao and Liu Zijin made a blood oath, Yu Gui Xi took the dice and threw it down.

“Six.”

Picking up her character, Yu Gui Hu moved six squares on the gambling board.

“A fortuitous encounter...” Yu Gui Xin read the words on the grid softly.

“You can draw a card from here and give it to me.” Jiang Beiran pointed at the Strange Encounter Card Pool in Chaotic Stone Valley.

“Alright.” Yu Gui Xin nodded and took out a card from the Strange Encounter Card Pool in Chaotic Stone Valley and handed it to Jiang Beiran.

“You met a sword immortal who was about to ascend. Seeing that you were fated, the sword immortal gave you his sword and obtained a Dragon Spring Sword.”

Jiang Beiran took out the Dragon Spring Sword from his equipment card pool and shook it on Yu Gui’s head.

In the next second, an extremely handsome Dragon Spring Sword appeared in Yu Gui’s hand.

“Wow!” Yu Gui Hu cried out in surprise and stared at the Dragon Spring Sword for a long time.

“This is the sword’s attribute. You can take your time to look at it. You don’t have to announce its effects until you use it.”

“Thank you, Senior Brother.” After Yu Gui Hu took the Dragon Spring Sword, she blocked it as if she was guarding against a thief. She didn’t even give Yu Guimiao a peek.

Soon, after the five new players were familiar with the rules, the “ gambling game ” entered a white-hot stage.

“I’m going to use Shifting Shadow to swap places with Miaomiao.”

As Shi Fenglan took out the skill card of ‘Painting Earth as Prison.’ A golden circle formed under Fang Qiuyao’s feet, trapping her in place.

Although they had already played for nearly an hour, looking at Shi Fenglan who was slapping the table and laughing maniacally, Fang Qiuyao still found it hard to believe that this was the Hall Master who could make them not dare to look directly at her with just a glance.

“Is the operation over?” Jiang Beiran asked the stunned Fang Qiuyao.

Only then did Fang Qiuyao react. She waved her hand and said, “No, no, I still have to continue.”

After saying that, he took out an environment card. “I want to use Mist Pervading. Does that mean that others can’t attack me after I use it?”

“That’s right.”

Jiang Beiran nodded and snapped his fingers. Fang Qiuyao’s character was surrounded by a thick fog.

Shi Fenglan was furious. She had planned to use the compass to deal a fatal blow to Fang Qiuyao, who was already very weak. As long as she defeated her, she would be able to get half of her tools and resources. Moreover, he knew the Star Assimilation Technique, which could directly suck Fang Qiuyao, who was already at Level 8, dry. It was enough for her to level up to Level 11 in one go.

“Oh...” Shi Fenglan took the dice unwillingly and looked at the cards in her hand, feeling conflicted.

Suddenly, she had an idea. She took out one of them and said, "I want to issue a reward. Whoever can dispel the fog will get a hundred taels of gold! One hundred taels!"

Yu Guimiao, who was checking her card, suddenly felt her ears prick up. She had almost used up all the money she had spent on the Spirit Qi Manor just now. This hundred taels of gold was extremely tempting to her.

So she quietly took out a card and said, "I accepted the bounty and used this banana fan to disperse the fog."

"Miaomiao! How could you harm me!" Fang Qiuyao shouted anxiously.

"Hehe ~" Yu Guimiao stuck out her tongue. "Who asked Sister Qiuyao to take out 4 HP from me just now?"

"I had no choice. The rules say that if we encounter it, we have to fight."

"Really? I don't think you have any intention of showing mercy, Sister Qiuyao. You even drank the Seven-Colored Dew! If I didn't have the Golden Silkworm Armor, I would have gone to draw circles with my sister."

As the first person to be eliminated, Yu Gui Xi couldn't help but strangle Yu Guimiao's neck and say, "It's all your fault! He stole my Dragon Spring Sword!"

'Sigh, what a sisterly relationship.'

Seeing the bickering and quarreling at the "gambling table", Jiang Beiran wondered if he should change the name of "Jianghu Simulation" to "Friendship Crusher" tomorrow.

When Fang Qiuyao was rendered speechless, Yu Guimiao successfully accepted the bounty and activated the banana fan.

Just as Fang Qiuyao's face was filled with despair, Jiang Beiran suddenly spoke up.

"I'll use the wind pocket."

Jiang Beiran pulled out a card and showed it to everyone." "When any player uses a wind-type move or equipment, I can use the Wind Bag to absorb the effect and store it in the bag."

Chapter 417 The Sisters (2)

Jiang Beiran waved the [Wind Bag] card in his hand, and the gust of wind from the banana fan was sucked into the bag.

"Good! Senior Brother is awesome!" Fang Qiuyao shouted excitedly.

"Little Bei Ran!" Shi Fenglan shouted anxiously. Why are you ruining my plans!"

Putting away the [Wind Pocket] card that had stored the Banana Fan skill, Jiang Beiran smiled and said," "Originally, I was planning to use the wind pocket to absorb some good moves, but I just calculated that 100 taels of gold is almost all of your worth. For you to pay such a high price to kill Fang Qiuyao here, it should be because she has something you want very much."

Having been seen through, Shi Fenglan was so angry that her mouth was crooked. She turned her head away with a snort.

After a round of mutual deception surrounding Fang Qiuyao, almost everyone let go of their mentality, making the entire " gambling game " more exciting and intense.

In the end, Jiang Beiran, who had been balancing everyone's strength and secretly gathering a large amount of resources, won an overwhelming victory.

“Miaomiao! How good would it be if you joined hands with me in the end?”

“I won’t! Who asked you to interrupt my opportunity previously? I was clearly just one step away!”

“You were the one who kidnapped my Little Heavenly Bull first.”

“Alright, stop arguing.” At this moment, Shi Fenglan stepped forward to take charge of the situation and said, “We shouldn’t have coaxed each other. Little Beiran has already taken advantage of us. Look, from the beginning to the end, you guys have never targeted him. It’s because he has given you some small favors that you’ve been developing steadily.”

Fang Qiuyao and the others immediately understood.

“Again, again. This time, I definitely won’t let Shixiong off.”

“What kind of gambling method is this? It’s too fun.”

“I know how to play this time! The big winner is definitely me!”

Seeing Fang Qiuyao and the others getting excited, Yu Manwen suddenly stood up and said, “Haven’t you gambled enough? Are you still going to have evening classes?”

Instantly, the five golden flowers drooped their heads and nodded. “Yes...”

Reluctantly, they stood up from their seats. Although they didn’t want to give up this opportunity to be with their senior brother, they didn’t want it to affect their cultivation. After all, their ultimate goal was to defeat Senior Brother Wu and then go down the mountain with their senior brother to uphold justice!

Looking at the five people who were reluctant to part, Jiang Beiran said, “If you are interested, you can come back tomorrow.”

“Really? We’ll definitely come!” Fang Qiuyao said excitedly,

“Okay, I’ll wait for you here.” Jiang Beiran nodded.

“Thank you, Senior Brother!”

After bowing, the five of them happily followed Yu Manwen and left.

After Little Duo closed the door, Shi Fenglan lay comfortably on the chair and let out a long sigh. “It’s indeed more fun to gamble with more people!”

“If you like it, you can always call them together in the future.”

“Really!” Shi Fenglan sat up in a chair. “That’s great. I feel that the Huashan Sword Tournament is especially suitable for many people to play together.”

“Choose what you like. I’ll go back first today and come back tomorrow.”

“You’re leaving so soon.” Shi Fenglan said somewhat reluctantly.

“Yes, there are still some things to take care of.” Jiang Beiran left Tinglan Waterside Pavilion after he finished speaking.

On the way, Jiang Beiran was still pondering over the meaning of the system’s choice.

The system’s intention was to let him get closer to the five golden flowers, so he had to cooperate. Otherwise, it would be easy for the system to pop up multiple options on the same thing, and that would be an irreversible outcome.

'Let's find an opportunity to test them...'

As he was deep in thought, Jiang Beiran returned to his own room and opened the water tank beside him. Jiang Beiran realized that there were not many copybooks inside. He picked them up and took a look. Judging from the ink and paper, they had been there for quite some time. In other words, Lin Yuyan had not sent any copybooks over recently.

"How rare."

Pushing the door open, Jiang Beiran walked into the small house. Although he had not been back for three months, the room was still very clean and tidy by Gu Qinghuan.

Sitting at the wooden table, Jiang Beiran began to ponder over the sudden appearance of the main mission, preparing to sort out his thoughts first.

Although he had three years, Jiang Beiran felt that three years would not be enough time for this main mission.

"Qing Huan and the others are definitely not strong enough to participate in the fight for this treasure. I don't think we can count on them.'

[Yin Jianghong] At most, he was just a superficial collaborator. He was willing to do things that shared common interests. It was absolutely impossible for him to suffer losses. He might be useful in the future, but he definitely could not count on it now.'

"Lifu City, if I can rely on him to borrow the help of his Mystique Venerable Rank master, it should be of great use. However, his master is still his master after all. It won't be easy for me to borrow his power."

..

After much consideration, Jiang Beiran felt that it was more reliable for him to personally handle the main mission this time. After all, if he didn't do a good job, he would receive a heaven-grade reward, which was something he definitely didn't want to see.

“Dong dong dong.”

Just as Jiang Beiran was deep in thought, there was a knock on the door. Jiang Beiran used his mental power to check and found that it was Mo Xia standing outside the door.

Jiang Beiran got up and opened the door. He looked at Mo Xia, whose eyes were wide open, and asked, “How did you know I came back?”

Before setting up the self-protection barrier, Jiang Beiran had informed Mo Xia that he would be going out for a period of seclusion.

Hearing Jiang Beiran’s question, Mo Xia hugged the Yinglong chessboard and replied, “I... I just come to take a look every day.”

‘This little chess fanatic...’

Chapter 418 Crazy Hint (1)

"Ouch!"

Yu Guimiao, who was meditating in the Water Mirror Hall, suddenly cried out in pain. She raised her head and looked at her master pitifully, as if she was asking why he hit her.

"Your aura is in a complete mess."

"I..."

Yu Guimiao lowered her head with a red face. Just now, she was indeed thinking about whether she should take the route of collecting resources or upgrading equipment today. For a moment, her thoughts were a little off.

"If I find out again, you can forget about taking a medicinal bath today."

Yu Guimiao's entire body trembled when she heard that. She immediately replied loudly, "Yes, sir!"

Seeing Yu Guimiao return to her meditative state, Yu Manwen sighed and shook her head.

In the beginning, Yu Manwen agreed to take these five girls as disciples because she felt that they were talented and liked them.

However, ever since they began to cultivate seriously, the speed of their cultivation progress really surprised Yu Manwen. Moreover, the five of them had an extremely persistent tenacity. Even if they were exhausted every day, they would still appear in the practice room on time the next day. They did not have the slightest intention of slacking off.

Of course, Yu Manwen was very clear about where the motivation of the five of them came from.

Thinking of how happy her five disciples were when they played the game last night, Yu Manwen felt a little complicated. She was happy for them, but she also felt a little annoyed. However, she did not know where this annoyance came from.

'It's because I'm worried that they won't train properly in the future, hmm... It should be like this.'

Yu Manwen brought her five disciples to Tinglan Waterside Pavilion on time.

Yu Manwen felt a little helpless as she watched them jump around.

'But if it's Jiang Beiran...Perhaps it was indeed worth it.'

She had known Jiang Beiran for almost a year now, and she had witnessed his transformation from an in-name disciple to a "big shot" that even the sect master had to personally name him for a meeting.

Those who were not familiar with him would find it strange and would not understand what was special about this little disciple. However, those who had interacted with him would only think that this person had many hidden abilities.

Sigh, I've known him for so long, but not only have I not solved any of his mysteries, but I feel that there are more and more mysteries.'

They arrived at Tinglan Waterside Pavilion. The five of them walked through the door and looked into the central hall. They found that their senior brother was sitting inside as promised.

Just as the five of them were thinking about their own thoughts, they heard their master cough lightly.

“If any of you are thinking that you can come out earlier if you don’t soak in it for a while, you don’t have to come to soak in it in the future.”

“Is that so?” Yu Manwen turned her head and asked the five people.

The three sisters of the Yu Family hurriedly took a step forward after hearing this. Yu Guishui reached out and rubbed her master’s shoulder first.

“Master, you’ve been so good to us. How could we not cherish you?”

Immediately after, Yu Gui Hu also went forward and hammered Manwen’s thigh. “Master, we can’t wait to soak for a while longer every time. How can we bear to come out early?”

Yu Guimiao saw that there was nothing she could do, so she could only rub her master’s slender waist and say, “That’s right, that’s right ~”

“Pa!” “Pa!” “Pa!”

Yu Manwen slapped away the three pairs of hands that were pinching her body and glared at them. “Hurry up and take a bath.”

“Yes ~”

The five of them hurriedly ran into the central hall after hearing that. They first bowed to Shi Fenglan, then looked at their senior brother together. Although their senior brother did not give them any response, just sitting there and not leaving made the five girls feel very happy.

Amid the joy, the five girls lined up to go to the backyard, leaving behind a burst of bell-like laughter.

Arriving at the "gambling table", Yu Manwen gave Jiang Beiran a sidelong glance and said, "What kind of bewitching soup did you give them?"

Jiang Beiran merely shrugged and did not answer.

Shi Fenglan, who was arranging all kinds of prop cards, raised her head and said, "Isn't it normal to like to play with Little Beiran? Don't you like Manwen too?"

Yu Manwen's face suddenly turned red, but her expression remained indifferent. "I'm just accompanying you."

"No, I saw you previously..."

"Alright, Sect Master, we should go and replenish some medicinal herbs. Otherwise, we won't have enough." Yu Manwen grabbed Shi Fenglan and dragged her to the backyard.

"Aiya! I still need to set up a trap! You can go after I'm done."

"No, we have business to attend to."

Watching Shi Fenglan being dragged away, Jiang Beiran shook his head and picked up the remaining cards.

An hour later, the five people who had finished soaking in the medicinal bath jogged to the central hall. From their wet hair, they should have come out without even wiping their hair.

"Come, come, come. Sit, sit." Shi Fenglan stood up and waved at the five of them.

Although Shi Fenglan had changed greatly, Liu Zijin and the other three did not dare to be negligent. They bowed in unison and said, "Yes."

After the ceremony, the five of them took a step forward at the same time towards the seat beside Jiang Beiran.

When they were all squeezed together, she smiled awkwardly.

"What do you look like? Hurry up and sit down."

Yu Manwen said angrily as she looked at her disgraceful disciples.

"Yes ~" The five of them walked to the side and discussed quietly for a while. Finally, Yu Guishui and Liu Zijin sat on either side of Jiang Beiran.

#### Chapter 419 Crazy Hinting (2)

"Hu..." He sat beside Jiang Beiran and took a deep breath. After a while, he gathered his courage and secretly glanced at the side face of his senior brother.

'Senior Brother is really good looking...'

Yu Guishui's eyes were filled with stars as she sighed in her heart.

On the other side, Liu Zijin noticed that her senior brother did not even look at her. Compared to those junior brothers who had just joined the sect and were extremely attentive to her, she suddenly felt that...

"It is indeed the most comfortable to stay by senior brother's side..."

When Yu Manwen sat down at the table, Jiang Beiran took out three stacks of new cards from his Cosmos Ring and said, "Due to the increase in the number of players, in order to make this gamble more interesting, I have decided to upgrade the game to version 2.03 and change it to the Immortal

Cultivation simulation. There will be more adventures and unexpected events waiting for you to discover.”

Shi Fenglan clapped her hands immediately.

“Good, good. I’ve basically drawn all the previous Strange Encounter Cards. I’ve been wanting new ones for a long time.”

Although Liu Zijin and the other three had not drawn many cards, they were very interested in the idea that the gambling method would be upgraded.

“Senior Brother!” Fang Qiuyao suddenly raised her hand and shouted.

“Speak.” Jiang Beiran nodded.

“What do you mean by 2:03?”

“It’s not important. You just need to know that this gambling method has been upgraded thirteen times. Any more questions?”

“No more.” Fang Qiuyao shook her head.

“Alright, let’s continue.” After stuffing the three stacks of cards into the old cards, Jiang Beiran continued, “The new version has added a party function. At the start of the game, players can choose to find another player to form a party. During the party, the two people can share their resources.” Jiang Beiran pointed at Yu Manwen.

“If I form a team with Guardian Yu and draw an event card that requires Queen Bee Honey, I can ask Guardian Yu for help if I don’t have it myself.”

Hearing that she was suddenly being used as an example, Yu Manwen felt an inexplicable sense of nervousness, and her expression tensed up even more.

Fortunately, the others were listening to the rules and did not notice her.

“Players in a party do not need to fight when they encounter each other. They can win the bet together. In addition, I have written some details here. You can read them below.” Jiang Beiran distributed the written rules to everyone at the table.

“In addition, forming a team is not mandatory. You can also choose not to form a team to start the game. If you start the game alone, you will gain two levels and an advantage in all attributes.”

“Oh ~” Shi Fenglan nodded. “Then, Little Bei Ran, let’s form a team!”

After hearing this, the five golden flowers revealed helpless expressions. After all, they definitely did not dare to compete with the hall master.

“No, the team formation is random.” Jiang Beiran shook his head.

“Alright...” Shi Fenglan sighed. “But that’s true. If I team up with Little Beiran, we’ll definitely win. That’s not interesting.”

“Alright, there are still some rules that we will explain as we play.”

Jiang Beiran then took out five sculptures of different shapes from his Cosmos Ring and said to Liu Zijin and the others, “This is the sculpture I promised you.”

Looking at the five lifelike statues, the five sisters’ eyes immediately lit up, revealing an incomparable desire.

“Here, this is yours.” Jiang Beiran picked up the three sculptures and handed them to the three Yu sisters.

“Your sculptures are respectively named as Cloudsky Fairy, Jade Cloud Fairy, and Jade Cloud Fairy.”

After receiving their sculptures, the three sisters immediately said, "Thank you, Senior Brother! It's really beautiful."

Immediately after, Jiang Beiran picked up a knife-wielding woman and handed her to Fang Qiuyao. "Yours is called Six Directions Star Sovereign Deng Chanyu."

"Thank you, Senior Brother!" Fang Qiuyao took Deng Chanyu with both hands, and the more she looked at her, the more she loved her.

In the end, Jiang Beiran handed the remaining sculpture to Liu Zijin and said, "This is Guanghan Fairy."

"Thank you, Senior Brother." Liu Zijin held the cold and aloof Guanghan Fairy with both hands and thought to herself.

'Is this how I look in Senior Brother's heart?'

After distributing the sculptures, Jiang Beiran took out his newly carved Jiang Ziya and placed it on the gambling board. "Then, let's begin. We'll draw lots to decide the team."

"Alright ~"

Seeing their senior brother take the middle pot, the five golden flowers and Shi Fenglan rubbed their hands and prayed in their hearts.

"I've drawn Senior Brother, I've drawn Senior Brother, I've drawn Senior Brother..."

"I got Little Beiran, I got Little Beiran, I got Little Beiran..."

But in the end, none of the six people drew the same blue color as Jiang Beiran. Disappointed, the six of them looked at Yu Manwen in unison, their eyes full of envy.

Although Yu Manwen wasn't as eager as the other six, she was still a little happy when she heard that she was in the same team as Jiang Beiran.

Soon, the others found their teammates. Only Fang Qiuyao drew the lonely green stick and could only be a lone ranger.

However, as the game began, Fang Qiuyao, who was the leader of everyone with two levels and five attribute points, quickly tasted the sweetness. Not only did everyone have to avoid her, but she could also complete some quests that were impossible to complete at the beginning of the game.

"Wow, so it's so powerful not to form a team. I want to be a lone ranger in the next round!"

Shi Fenglan said enviously as she watched Fang Qiuyao quickly accumulate a few cards.

However, this envy only lasted until the middle stage. As more and more event cards were drawn, the two people who could contribute resources were obviously stronger.

"Give me a good treasure!"

Rubbing her hands together, Fang Qiuyao pulled out a resource card from the calipers.

[Earth Earth Bodhisattva True Crystal]

After distributing the sculptures, Jiang Beiran took out his newly carved Jiang Ziya and placed it on the gambling board. "Then, let's begin. We'll draw lots to decide the team."

"Alright ~"

Seeing their senior brother take the middle pot, the five golden flowers and Shi Fenglan rubbed their hands and prayed in their hearts.

"I've drawn Senior Brother, I've drawn Senior Brother, I've drawn Senior Brother..."

"I got Little Beiran, I got Little Beiran, I got Little Beiran..."

But in the end, none of the six people drew the same blue color as Jiang Beiran. Disappointed, the six of them looked at Yu Manwen in unison, their eyes full of envy.

Although Yu Manwen wasn't as eager as the other six, she was still a little happy when she heard that she was in the same team as Jiang Beiran.

Soon, the others found their teammates. Only Fang Qiuyao drew the lonely green stick and could only be a lone ranger.

However, as the game began, Fang Qiuyao, who was the leader of everyone with two levels and five attribute points, quickly tasted the sweetness. Not only did everyone have to avoid her, but she could also complete some quests that were impossible to complete at the beginning of the game.

"Wow, so it's so powerful not to form a team. I want to be a lone ranger in the next round!"

Shi Fenglan said enviously as she watched Fang Qiuyao quickly accumulate a few cards.

However, this envy only lasted until the middle stage. As more and more event cards were drawn, the two people who could contribute resources were obviously stronger.

"Give me a good treasure!"

Rubbing her hands together, Fang Qiuyao pulled out a resource card from the calipers.

[Earth Earth Bodhisattva True Crystal]

Chapter 420 Senior Brother Is Really Manly

“The Earth Bodhisattva True Crystal...I’m sure.”

“Heaven Shocking Flame...There are clues.”

“Mahayana Secret Water...There are clues.”

Inside his own barrier, Jiang Beiran was making deductions on a formation disk. He had been using the ship’s new version of the Immortal Cultivation simulation for three days. Now, he had successfully grasped the clues to the treasures on the Rare List.

Shi Fenglan’s house had the K ś itigarbha True Crystal, but this K ś itigarbha True Crystal was not the Soul Baby Fruit or the Bird of Paradise, which Shi Fenglan could steal at will.

This kind of treasure that could be ranked in the top 100 on the Rare Treasure List, even in a big family like Shi Fenglan, it was probably a treasure that could protect the house.

Thus, how to get the Earth Bodhisattva True Crystal from Shi Fenglan was still a thorny problem.

After Jiang Beiran’s interrogation, the Sky-shocking Flame found out that Liu Zijin had heard about it from her father and that his father had seen the Sky-shocking Flame with his own eyes.

After understanding this clue, Jiang Beiran decided to find an opportunity to have a good chat with Liu Sicun.

As for the Mahayana Secret Water... It was not Jiang Beiran who had hinted at it, but rather, he had asked for a lot.

[Yaoyao’s future is certain. Who knows if there is jade in the stone?]

[After being dissected by a good craftsman, it can be seen that the jade stage is among them.]

These two lines of fortune probably meant that the thing he was looking for was already with him, but he had no way of discovering it yet. When he had enough ability, the jade would appear.

Although these two lines were very vague, it could be considered a clue. In the future, if he paid more attention to the things around him, he might find something.

As for the Two Elements Secret Feather and the Sun-Chopping Glass, two treasures that could not even be found in the Rare Treasures List, Jiang Beiran still had no clue.

“Also, this Emperor Gu... How should I refine it?”

Jiang Beiran muttered to himself as he looked at the green Gu worm that was feasting on his palm.

Jiang Beiran had named this Gu worm that he had taken from the mysterious array formation, Old Wang. If one had to say which Gu worm he had the most hope of breaking through to the Emperor Gu, Old Wang was undoubtedly the most promising.

Jiang Beiran had been considering refining the Emperor Venomous Worm for several days.

The simplest and crudest solution would definitely be to put a hundred King Venomous Worms in a tank, and the one that came out alive in the end might be the Emperor Venomous Worm.

However, Jiang Beiran’s conjecture aside, just refining a hundred King Venomous Insects was enough to give him a headache. After all, in a continent where everyone banned venomous insects, it was too difficult to find so many to refine.

‘It’s not easy...’

After accompanying Shi Fenglan and the others in the Immortal Cultivation simulation, Jiang Beiran returned to his own room and began to seriously consider where he should go next.

“Senior Brother! You’re back.”

As he was deducing, Jiang Beiran suddenly heard Lin Yuyan’s voice transmission.

Jiang Beiran got up and pushed open the window, replying, “Yes, I just came back not long ago.”

“I was called home by my father, so I haven’t been here for a while. However, I brought a gift for senior brother. I originally wanted to secretly put it on senior brother’s table, but I didn’t expect senior brother to come back first.”

“No need for gifts. Why did you come back to look for me this time?”

Although Lin Yuyan would come to his place every time she came, she would only watch him silently in the past and would not initiate a conversation with him. Therefore, Jiang Beiran guessed that she must have something to ask of him.

Hearing that Jiang Beiran had guessed her thoughts, Lin Yuyan couldn’t help but blush.

‘Is this the connection between husband and wife...He really couldn’t hide any little secrets, hehe.’

After feeling shy for a while, Lin Yuyan continued to transmit her voice, “I really can’t hide anything from senior brother. Yu Yan has indeed come here with a request...”

Jiang Beiran was about to reply when three options popped up in the system.

[Option 1: Directly reject Lin Yuyan. [Reward: Jinyun’s Succubus (Earth Grade Low-Rank)]]

[Option 2: Let Lin Yuyan continue. [Completion Reward: Random Basic Attribute Point +1]]

'???'

"Again?"

Jiang Beiran could feel that something was amiss with the system. He felt his scalp tingle. At the same time, he unconsciously linked the system's abnormality to the main mission.

'Three years later...Is it dangerous or something?'

Rubbing the bridge of his nose, Jiang Beiran, who was having a headache, chose the second option and said telepathically, "What is it?"

[Mission completed. Reward: Spirit +1]

"Buzz!"

Jiang Beiran's reply made Lin Yuyan's brain tremble violently.

This was already the second time her senior brother had agreed to her request, and this time it was even more straightforward than the last time. What did this mean??

It meant that her senior brother was not far from officially marrying her!

"Ah ~"

For a moment, Lin Yuyan felt her body heating up. Such a manly senior brother simply made her heart beat faster.

"Hu..." Letting out a long breath, Lin Yuyan couldn't help but wonder why her senior brother was so straightforward this time.

'Could it be because of the couple's quarrel? It must be! Although Shixiong didn't admit it on the surface, he still felt a little guilty in his heart, right? That's right! It must be!

'Aiya! Senior Brother, how could Yan 'er be angry with you? Even if you torture Yan' er to death, Yan 'er will always be smiling.'

"What is it?"

Just as Lin Yuyan's body was getting hotter and hotter, her senior brother's voice transmission suddenly sounded, which made her calm down a little.

" Hehe, senior brother is really impatient. Is he in a hurry to compensate me? Even the compensation is so tough. Senior brother is really manly.'
