

Won't Play 431

Chapter 431 The Great Country's Cards (2)

"This is my friend. There's no need to check." Lin Yuyan asked Jiang Beiran, who was dressed in a black robe.

"Isn't Miss Lin being shameless by saying this? Since he's your friend, he's naturally our big brother." The guard said eagerly.

"Thank you very much."

"You're too polite."

Nodding at the gatekeeper, Lin Yuyan led Jiang Beiran forward.

Jiang Beiran could not help but feel his balls ache when he felt the countless gazes on him. Entering the city in such a high-profile manner, even though the Lin family's reputation was enough to suppress those little rascals, it could still attract a lot of crazy bees and butterflies.

As they were thinking, a man in a white round neck robe suddenly walked up to them. He cupped his hands at Lin Yuyan and said, "I was wondering why I kept hearing magpies chirping today. It turns out that Miss Lin has returned. What a coincidence."

Seeing the newcomer, Lin Yuyan returned the greeting and said, "So it's Big Brother Du. Long time no see."

"Yeah, it's indeed been a long time since we last met. Since we're fated, why don't I treat you to a drink at Yingchun Restaurant today?"

"I still have something to deal with today, so I'll definitely pay you a visit some other day."

Du Ming, who had been rejected, was stunned. Although he knew that Lin Yu Yan was not interested in him, if it was in the past, Lin Yu Yan would have accepted the invitation even if it was just a little polite.

At most, she would keep a distance during the banquet. However, this was enough for him. After all, feelings could be slowly cultivated.

But this time, Lin Yuyan, who would never reject anyone, actually rejected him directly. This made Du Ming feel a little surprised.

‘Could it be because of him...’

Glancing at the black-robed Jiang Beiran, Du Ming cupped his fists and said, “I wonder who this brother is...”

As soon as Du Ming finished speaking, three options popped up in front of Jiang Beiran.

[Option 1: Self-introduction. [Completion Reward: Enchantment Scroll (Earth Grade Mid-Rank)]]

[Option 2: Silence. [Completion Reward: Jade Feather Spirit Book (Black Grade High Rank)]]

[Option 3: Get him out of here. [Completion Reward: Random Basic Attribute Point +1]]

“Crack... Kada...”

In the burning bonfire, the dry wood would crackle from time to time, and the light from the fire made Jiang Beiran’s face flicker.

Lin Yuyan held her chin as she thought about it with an infatuated expression.

On the other side, Jiang Beiran, who had finished thinking about his new skill points, stood up and said to Lin Yuyan, "Go to sleep. We'll set off tomorrow at seven."

"Good!" Lin Yuyan immediately stood up and extinguished the fire, then followed behind Jiang Beiran.

Pointing at the tent beside him, Jiang Beiran said, "You sleep over there."

"Senior Brother, I..."

"Go over."

"Oh..."

The seven prepared excuses were all stuck in her mouth. Lin Yuyan walked to her tent dejectedly.

The next morning, Lin Yuyan drew a beautiful eyebrow and looked left and right in the bronze mirror. Finally, she nodded in satisfaction and stood up to leave the tent.

Outside the tent, her senior brother was already waiting by the auspicious cloud. Lin Yuyan, who felt that she was late, quickly ran over and said, "I'm sorry, senior brother, I'm late."

"No, it's just that I arrived early. Let's go to the cloud."

"Alright." Lin Yuyan nodded and entered the auspicious cloud.

After the time it took to brew a cup of tea, Jiang Beiran entered the auspicious cloud and soared into the sky after confirming that it was already time.

However, today's situation was similar to yesterday's. After flying for only half an hour, Jiang Beiran had no choice but to land by a lake.

'Tsk... This damn place was really full of malice.'

Seeing her senior brother suddenly land back on the ground, Lin Yuyan was puzzled at first, but soon became happy.

Because she was sure that her senior brother was always like this because he wanted to spend more time alone with her.

"Aiya, Senior Brother, you should have just told me if you wanted to be alone with me. It's fine if I don't look for Auntie.'

Lin Yuyan jumped down from the cloud with a red face. She looked at her senior brother and said,""Senior Brother, let me prepare dinner today."

"No need, just sit."

After saying that, Jiang Beiran put away the cloud and went to prepare the dishes.

'Senior Brother looks so handsome when he doesn't want me to work.'Lin Yuyan cupped her face and said in an intoxicated manner.

This situation lasted for three days. It was not until the tenth day that Jiang Beiran finally arrived at the Qi Country's pass.

'What a magnificent pass...'

Seeing Jiang Beiran's appreciative expression, Lin Yuyan introduced,""This is the Gate of God. After this, we will enter the Qi Country's border fortress, Spirit Sea City."

"Okay, let's go." Jiang Beiran nodded and walked toward the main door.

Jiang Beiran had intended to fly straight into the Qi Kingdom, but Lin Yuyan had told him that the Qi Kingdom had a National Defense Formation, and whether he tried to force his way in or sneak in, he would be stopped by the Nanming Army.

When Jiang Beiran heard the words 'National Defense Formation', he couldn't help but sigh in his heart." Dog, rich!" Compared to the miniature array on an Earth Grade Spirit Stone, the arrangement of a super-large array was several times more difficult. Generally speaking, the Mountain Defense Array had always been the limit of most array Masters. The more powerful ones could arrange a city defense array. As for the county or even the state defense array, even if the most powerful array masters in the country were called, they would probably have a headache.

And this Qi Country...He actually directly set up a national protection array.

'Shocking my mother...'

Putting away the shock in his heart, Jiang Beiran followed Lin Yuyan to the pass.

Looking at the long queue at the pass, Jiang Beiran scanned the crowd with his Mentality and found that there were both ordinary people and cultivators. The cultivation levels of the cultivators varied, ranging from low level cultivators to high level cultivators of the Mystique Sovereign Realm.

Looking at the high and mighty Shengguo Li and Xuanhuang obediently queuing up, Jiang Beiran couldn't help but feel that the great country of the Central Plains had a card to play.

"Come forward." At the door, a great mystic cultivator gatekeeper waved his hand.

A middle-aged man nodded and stepped forward. Just as he was about to speak, the gatekeeper asked,"Who are you?"

"This old man is from the Wei family, and I am from the Luo family of the Qiming Sect..."

"Answer whatever I ask you. Why do you have to say so much?"

'As expected of a seventh-grade official in front of the prime minister...'

Jiang Beiran, who was in the middle of the group, sighed emotionally as he watched the scene unfold.

At this moment, the person being interrogated was a Mystic Emperor. If it were the Sheng Country, if a mere great mystic cultivator dared to speak to him like this, his head would have been slapped away long ago.

Judging from the fluctuations of his aura, Jiang Beiran could sense that the Xuan Emperor was also unusually angry. However, he eventually suppressed his anger. After all, this was the Qi Kingdom, and he did not dare to be impudent.

After about the time it took to brew a cup of tea, the gatekeeper returned the clearance document to the Mystic Emperor and said, "Let's go in."

The Mystic Emperor, who had been interrogated for a long time, had a belly full of anger, but he still had to give the gatekeeper some benefits before walking in.

'The emperor of such a country...It's only interesting to do it.

For a moment, Jiang Beiran couldn't help but yearn for it.

Soon, it was Lin Yuyan's turn.

"Who are you?" The gatekeeper asked without raising his head as usual.

Lin Yuyan did not reply and took out her waist token.

Seeing the Lin family's exclusive waist token, the gatekeeper immediately stood up. His attitude instantly became much more respectful. He received it with both hands and injected spiritual power into it.

When the purple-gold flower pattern appeared on the waist token, the gatekeeper made a shooping gesture and said, "Move aside, move aside. It's the eldest daughter of the Lin family."

Hearing that it was Miss Lin, the guards who were originally arrogant instantly split into two sides.

'This Lin family...Looks like he's even more powerful than I imagined.

A neutral family that did not belong to any faction could make the gatekeeper, who represented the country, so respectful. This was enough to show how high the Lin family's reputation was in the Qi Country.

"This is my friend. There's no need to check." Lin Yuyan asked Jiang Beiran, who was dressed in a black robe.

"Isn't Miss Lin being shameless by saying this? Since he's your friend, he's naturally our big brother." The guard said eagerly.

"Thank you very much."

"You're too polite."

Nodding at the gatekeeper, Lin Yuyan led Jiang Beiran forward.

Jiang Beiran could not help but feel his balls ache when he felt the countless gazes on him. Entering the city in such a high-profile manner, even though the Lin family's reputation was enough to suppress those little rascals, it could still attract a lot of crazy bees and butterflies.

Chapter 432 A Sudden Trick

'Finally...Is it safe...'

Hiding in a cave, Jiang Beiran panted heavily.

It had been a long time since he had felt so close to death.

Moving from the lakeside to the cave, he had used up the system option seven times. In addition to the ones that had been triggered, the system option had been triggered a total of 15 times today, which was close to the number of times Jiang Beiran had set a safe time limit.

In other words, if he triggered the option a few more times, it was very likely that it would cause the system to go on strike tomorrow. In a country like the Qi Kingdom that was filled with danger, without the help of the system, he was very confident that he would be torn into pieces by the Heavenly Dao tomorrow.

“Ha... Ha...” Jiang Beiran took two more deep breaths before he finally calmed down.

In the beginning, he could still feel the happiness of the past by taking a few steps to trigger the option. However, this happiness had now become a huge worry, or even pressure.

Jiang Beiran didn't think that he had let down his guard, but that he had never expected the situation to turn out this way.

Originally, he wanted to farm a wave of attribute points here before going back. Now, he had completely given up on this plan. After all, the frequency of the system triggering was too high, and he did not have a safe house. He was completely naked and alone.

“Is this the price of entering a high-level map in advance...”

On the other side, Lin Yuyan had already started a fire and secretly glanced at her senior brother who was standing not far away.

Although her senior brother's performance was no different from usual, Lin Yuyan still faintly felt that her senior brother seemed to have something on his mind, and this feeling had never appeared on her senior brother before.

'It seems to have caused a lot of trouble for Senior Brother...'

For a moment, Lin Yuyan began to blame herself. However, just as she was about to say something, she heard her senior brother say,

"If it's like we agreed, you have three days to understand the various major powers in the Qi Empire. You must answer all questions."

Remembering that she could still help her senior brother, Lin Yuyan immediately stood up as if she had been injected with chicken blood. I will definitely complete the task that Shixiong gave me."

"Alright, I'll return here in three days."

"Yes, sir!"

Lin Yuyan immediately ran out of the cave.

Watching Lin Yuyan run away, Jiang Beiran sat in front of the bonfire. He had sent Lin Yuyan away not only because he needed her to gather intelligence, but also to confirm whether she, the eldest daughter of the Lin family, had anything to do with the Qi Nation's crisis.

After a good night's sleep, Jiang Beiran slowly walked out of the cave. He took a deep breath and felt refreshed.

" I was too busy yesterday and didn't pay attention. Now that I've relaxed, I feel that the Qi Kingdom is indeed one of the countries closest to the Central Plains. Even in places without spirit veins, the abundance of spirit qi is comparable to some sects in the Sheng Kingdom.'

After a night's rest, Jiang Beiran's anxiety of having only 1% battery left on his phone had disappeared. What he needed to do now was to test whether Lin Yuyan was the reason why the options had been triggered so frequently yesterday.

Jiang Beiran took out a map to confirm his location, then walked towards the place that Lin Yuyan had described.

One step...Two steps...Three steps...

With cautious steps, Jiang Beiran slowly walked out of the dense forest.

'As expected, the biggest mistake yesterday was to act together with Lin Yu Yan.'

Jiang Beiran heaved a sigh of relief when he saw that the system did not make any changes.

Then, Jiang Beiran took off his MiRan.

In the Sheng Country, the ability to conceal one's aura was very useful, and wearing it could naturally avoid a lot of trouble. However, in the Qi Country, where there were many capable people, it was a bit of a waste of money.", Instead, it would easily attract trouble.

After putting away the Miran, Jiang Beiran strode forward.

Two hours later, Jiang Beiran sat in a small tavern and ordered a pot of apricot wine, a plate of pig's head meat, and a plate of peanuts.

From the dense forest to this small town, although the system's lane selection frequency was not as high as yesterday, it had already jumped out ten times in an hour. It could be considered to be on the edge of danger.

Looking at the scenery outside the window, Jiang Beiran began to wonder if he should change his plans.

At first, Jiang Beiran had thought that he could handle the matter himself. However, it was obvious that he had gotten off on the wrong foot. He had not even started to take action, and he was already being restricted.

There are really many strange troubles hidden in this main mission...Did the Heavenly Dao strengthen its targeting?'

"Sir, the apricot wine, peanuts, and pig's head meat that you wanted are all here. Enjoy."

Nodding at the waiter, Jiang Beiran picked up the flagon and poured himself a glass.

He threw a peanut into his mouth and took another sip from his wine glass.

"Yes... The taste was a little bland, but it was not bad."

Picking up another piece of pork head meat and putting it into his mouth, Jiang Beiran continued to consider how he should change his plan.

"Hahaha, what a beautiful little lady. What's the point of being with such a pretty boy? Do you want to have a drink with me?"

At this moment, a fierce-looking local ruffian suddenly walked over from Jiang Beiran's neighboring table. He looked at the young couple at the table and laughed.

The young man dressed like a scholar immediately panicked and said in fear,"You... Who are you? In broad daylight, do you want to..."

"Go to hell!" The local ruffian slapped the young man's face and knocked him to the ground." What are you talking about? Who allowed you to talk to Grandpa?"

Chapter 433 A Sudden Trick (2)

The young man on the ground covered his swollen right cheek and said in a muffled voice, "You... Why did you hit him?"

"Hit you? If you keep talking, I'll take your life!" After spitting on the scholar's face, the local ruffian looked up at the waiter who wanted to come up and organize the group and shouted, "What's wrong? Do you also want to have a taste of my fist?"

When the waiter heard this, he ran out, probably to find the shopkeeper.

"Hmph, at least you know what's good for you." After saying that, the local ruffian looked at the little lady proudly and said, "How is it, little lady? Isn't this big brother much better than this pretty boy?"

At this time, most of the customers in the tavern had already left, leaving Jiang Beiran alone to drink and pour himself a glass of wine.

The reason why Jiang Beiran did not leave was not because he wanted to meddle in this matter, but because of the three options that the system had given him. The safest option was to sit still.

The young lady was also panicking at this moment. Seeing that her lover had been beaten up and that no one was around to help him, the local ruffian was about to force himself on her, she quickly hid behind Jiang Beiran and said, "Young Master, save me!"

The local ruffian was not in a hurry to see the little lady run away. He turned around and sized up Jiang Beiran.

"Motherf * cker, another gigolo. Could it be that you want to meddle in this matter?"

[Choice 1: "Yes, I'm definitely in charge of this matter." [Completion Reward: Full Moon Sword Formation Diagram (Earth Grade Low-Rank)]]

[Option 2: Beat up the local ruffians. [Completion Reward: Solitary Wind Sword Picture (Mysterious Grade Mid-Rank)]]

[Option 3: Pushing the little lady to the local ruffian, indicating that you have no intention of interfering in this matter. [Completion Reward: Random Basic Attribute Point +1]

“Oh?”

Looking at the three options, Jiang Beiran suddenly felt that things were getting interesting.

It was obviously impossible for a mere local ruffian to trigger the Earth-rank option. In other words, there was a high chance that this farce of harassing an innocent woman was not an unexpected incident, but was prepared.

Smiling, Jiang Beiran chose the third option. Pulling out the little lady hiding behind him, he pushed her in front of the local ruffian and said, “This lowly one is just unwilling to waste these dishes and wine, and absolutely has no intention of disturbing your mood. Come, this little lady will return it to you.”

“Huh?”

Jiang Beiran’s actions not only stunned the young lady and the surrounding crowd, but even the local ruffian did not come to his senses for a long time. For a moment, he was at a loss for words.

[Mission completed. Reward: Intuition +1]

“Hmm?”

Looking at yet another new attribute point, Jiang Beiran was stunned for a moment before his heart leaped with joy.

“It feels good.”

Just as Jiang Beiran was feeling happy for his heart attribute, the local ruffian finally came back to his senses and said with a smile, “At least you know what’s good for you!”

Jiang Beiran ignored him and continued to pour himself a glass of wine.

Seeing that Jiang Beiran really had no intention of helping, the young lady was filled with doubt.

According to their previous experience, the one who didn't run away when this happened must have thought that he had some skills and wanted to save the damsel in distress. Therefore, they directly locked their target on this person who was drinking alone. They thought that he would suddenly pull out his sword and shout, "Wait a minute," like those heroes in the past."

Chapter 434 Immortal Jumping Gift Pack

After taking a pill, Jiang Beiran was about to go to bed to rest when he saw a figure suddenly jump in through the window. At the same time, three options popped up.

[Option 1: Kill the intruder directly. [Completion Reward: Great Compassion Dark Mantra (Earth Grade Low-Rank)]

[Option 2: Ask who is coming. [Completion Reward: True Essence Thunder Technique]

[Choice 3: "He's here." [Completion Reward: Random Basic Attribute Point +1]

"Hmm?"

Looking at the third option, Jiang Beiran raised an eyebrow. He instantly understood what the system meant.

Pretending to be an expert!

After choosing the third option, Jiang Beiran grabbed a teacup in front of the bed and said, "You're here."

The figure who had just entered was obviously stunned. He subconsciously took a step back, and his eyes rolled up and down crazily, as if he was looking for someone to ambush him, but also looking for a way out.

Pouring a cup of hot tea, Jiang Beiran handed the cup to the figure and said, "There's no need to look. I'm the only one in the room."

After the man's search was fruitless, he simply took the teacup and sat down. "Have you heard of us?"

"It's not important. I just know that someone will come looking for me tonight."

"You're indeed an interesting young master." After saying that, the figure splashed the tea in his cup and took out a gourd from his waist. He poured the wine into it and patted his chest. "Everyone here calls me Little Seven."

"My surname is Wang."

“So it’s Young Master Wang. Nice to meet you.” After cupping her hands at Jiang Beiran, Little Seven continued, “I’ve made a fool of myself in front of Young Master Wang during the day.”

‘Is it really the aftermath of that incident...’

When the man who called himself Little Seven had jumped out of the window and entered the room, Jiang Beiran had already guessed that it must have something to do with the few “actors” he had met during the day. Now, it seemed that it was indeed the case.

At the thought of this, Jiang Beiran smiled and did not answer.

Noticing that Jiang Beiran was silent, Little Seven picked up her glass and downed it in one gulp.

“Hah ~”

Letting out a breath of alcohol, Little Seven picked up the gourd and said, “This is my home-brewed sweet potato roast. Young Master Wang, do you want to try it?”

“No need. I prefer tea.” Jiang Beiran raised his teacup.

“Then I won’t stand on ceremony with you.” Little Seven said as she picked up the gourd and gulped down a big mouthful.

Wiping her mouth, Little Seven, whose face was beaming with luck, leaned closer to Jiang Beiran and asked curiously, “Young Master, out of curiosity, how did you know that it was a trap?”

“Although that little lady appeared to be panicking when she met the local ruffian, her feet did not move at all. She also did not have the intention of hiding behind her lover. Although the local ruffian looked ruthless, the slap that she used to slap the scholar seemed to be forceful. However, she withdrew her strength when she was about to hit him. Also...”

“Alright, alright, Young Master, you don’t have to say anymore. I didn’t expect that this play that I thought was flawless would be so full of mistakes.”

After taking a sip of tea, Jiang Beiran looked up and said, “Actually, I also have a question.”

“Please ask, Young Master.”

“Since you want to arrange for a hero to save the damsel in distress, why did you give that little lady a lover? Wouldn’t this make the hero who saved them feel bored?”

“Hahahaha!” Little Seven laughed loudly, “No, no, Young Master Wang, you don’t understand. Those heroes fall for it.”

“Which one?”

Smiling wretchedly, Little Seven whispered into Jiang Beiran’s ear, “My wife is someone else’s fragrance

‘Good fellow...’

After hearing this explanation, Jiang Beiran immediately understood what was going on.

The seduction of a married woman was sometimes more fatal than a virgin. If you don’t believe me, you can ask Cao Cao.

Seeing that Jiang Beiran’s expression did not change, Little Seven continued to whisper, “Let me tell you this. If you save that little lady today, her lover will immediately come and thank you for your great kindness. Then, he will invite you to their house for a meal. During the meal, he will recognize you as his big brother. At that time, the little lady will become your brother’s wife. When the scholar falls, the little lady will look at you delicately when she pours wine for you. When she pours wine, she will accidentally pour it on your pants. Look at this...”

“ Stop it, stop it. There’s an image in my mind.’

Upon hearing this, Jiang Beiran felt that it was a waste of talent for this fellow not to film an adult film.

After finishing the content that was not suitable for children, Little Seven chuckled and said, "If this continues, even if you're a hero made of iron, you'll melt ~"

Nodding, Jiang Beiran asked curiously, "What happens after you fall into the trap?"

"Then there are many ways to explain it. If we encounter those who cherish their reputation, we will arrange for that scholar to peek at their scandals. At that time, in order to protect their reputation, those heroes will be willing to pay any price."

"If you meet a lecherous one, then it's even easier to handle. The little lady still has sisters, aunts, and aunts. As long as you make arrangements for her to be comfortable, they'll all be rich."

"Also, if you like to play exciting games, we can arrange it for you..."

..

Jiang Beiran could not help but feel his scalp tingle as he listened. He had thought that this was just an ordinary fairy dance, but he had not expected it to have such a wide range of business. It was basically a way to squeeze people dry.

Even though he was using despicable methods, Jiang Beiran had to admit that the ruffian before him was indeed a talent.

Noticing Jiang Beiran's subtle expression, Little Seven sighed and said, "Hai, we're just trying to make a living. We have a large group of people to feed, and our job doesn't hurt people. Although we're trying to scam some money, we're still letting them have a good time, right?"

Chapter 435 Immortal Jumping Gift Pack (2)

“You have a lot of twisted logic.” Jiang Beiran laughed. “But you’ve intercepted so many heroes, but have you never encountered anyone who wants to fight you head-on?”

“Yes! Of course there is.” After Little Seven finished speaking, she pointed upwards. “But we have people above us. If something really happens, there will naturally be someone to help us settle it.”

“So what do you want to do by coming to me?”

Having heard enough of the story, Jiang Beiran went straight to the point.

“Hee hee, this...” Little Seven smiled and sat back in her seat. “I, Little Seven, like to make friends with smart people the most in my life because they can always let me learn a lot. When I saw you today, I felt that you were different. The word smart is not enough to describe you. It’s a rare kind, and I can’t explain it anyway, but I always feel that if I can build a relationship with you, I’ll definitely benefit endlessly.”

“Since you want to ask me for advice, why did you go through the window instead of the door?”

“You’re a smart person, so I won’t hide it from you. I feel that you experts like those who don’t take the normal path. If you knock on the door, you’ll most likely be rejected. Jumping in through the window will instead arouse your interest.”

“Hahahaha!” Jiang Beiran couldn’t help but laugh out loud. “Interesting, interesting. You’re indeed interesting.”

Seeing Jiang Beiran smiling happily, Little Seven immediately followed suit. “Young Master Wang, I don’t think you’re a local. Is this your first time here?”

“Indeed.”

Jiang Beiran knew very well that when dealing with such a shrewd person, he had to be 70% honest and 30% fake. It was better to tell the truth when it was obvious that he could not hide it. For example, even

if he said that this was not his first time in the Qi Kingdom, he would still give himself away. After all, he knew almost nothing about the Qi Kingdom.

“Hehe, I, Little Seven, don’t have any other abilities, but I remember people very clearly. Young Master Wang, you’re new here, so if you need any help, just let me know.”

(Let me explain to my new friends that the anti-theft section will be changed in the future, and there will be no additional charges. Looking at the third option, Jiang Beiran raised an eyebrow. He instantly understood what the system meant.

Pretending to be an expert!

After choosing the third option, Jiang Beiran grabbed a teacup in front of the bed and said, "You're here."

Pouring a cup of hot tea, Jiang Beiran handed the cup to the figure and said, "There's no need to look. I'm the only one in the room."

After the man's search was fruitless, he simply took the teacup and sat down. "Have you heard of us?"

"It's not important. I just know that someone will come looking for me tonight."

"You're indeed an interesting young master." After saying that, the figure splashed the tea in his cup and took out a gourd from his waist. He poured the wine into it and patted his chest. "Everyone here calls me Little Seven."

"My surname is Wang."

"So it's Young Master Wang. Nice to meet you." After cupping her hands at Jiang Beiran, Little Seven continued, "I've made a fool of myself in front of Young Master Wang during the day."

'Is it really the aftermath of that incident...'

When the man who called himself Little Seven had jumped out of the window and entered the room, Jiang Beiran had already guessed that it must have something to do with the few "actors" he had met during the day. Now, it seemed that it was indeed the case.

At the thought of this, Jiang Beiran smiled and did not answer.

Noticing that Jiang Beiran was silent, Little Seven picked up her glass and downed it in one gulp.

"Hah ~"

Letting out a breath of alcohol, Little Seven picked up the gourd and said, "This is my home-brewed sweet potato roast. Young Master Wang, do you want to try it?"

"No need. I prefer tea." Jiang Beiran raised his teacup.

"Then I won't stand on ceremony with you." Little Seven said as she picked up the gourd and gulped down a big mouthful.

Wiping her mouth, Little Seven, whose face was beaming with luck, leaned closer to Jiang Beiran and asked curiously, "Young Master, out of curiosity, how did you know that it was a trap?"

"Although that little lady appeared to be panicking when she met the local ruffian, her feet did not move at all. She also did not have the intention of hiding behind her lover. Although the local ruffian looked ruthless, the slap that she used to slap the scholar seemed to be forceful. However, she withdrew her strength when she was about to hit him. Also..."

"Alright, alright, Young Master, you don't have to say anymore. I didn't expect that this play that I thought was flawless would be so full of mistakes."

After taking a sip of tea, Jiang Beiran looked up and said, "Actually, I also have a question."

"Please ask, Young Master."

"Since you want to arrange for a hero to save the damsel in distress, why did you give that little lady a lover? Wouldn't this make the hero who saved them feel bored?"

"Hahaha!" Little Seven laughed loudly, "No, no, Young Master Wang, you don't understand. Those heroes fall for it."

"Which one?"

Smiling wretchedly, Little Seven whispered into Jiang Beiran's ear, "My wife is someone else's fragrance

'Good fellow...'

After hearing this explanation, Jiang Beiran immediately understood what was going on.

The seduction of a married woman was sometimes more fatal than a virgin. If you don't believe me, you can ask Cao Cao.

Seeing that Jiang Beiran's expression did not change, Little Seven continued to whisper, "Let me tell you this. If you save that little lady today, her lover will immediately come and thank you for your great kindness. Then, he will invite you to their house for a meal. During the meal, he will recognize you as his big brother. At that time, the little lady will become your brother's wife. When the scholar falls, the little lady will look at you delicately when she pours wine for you. When she pours wine, she will accidentally pour it on your pants. Look at this..."

"Stop it, stop it. There's an image in my mind.'

Upon hearing this, Jiang Beiran felt that it was a waste of talent for this fellow not to film an adult film.

After finishing the content that was not suitable for children, Little Seven chuckled and said, "If this continues, even if you're a hero made of iron, you'll melt ~"

Nodding, Jiang Beiran asked curiously, "What happens after you fall into the trap?"

"Then there are many ways to explain it. If we encounter those who cherish their reputation, we will arrange for that scholar to peek at their scandals. At that time, in order to protect their reputation, those heroes will be willing to pay any price."

"If you meet a lecherous one, then it's even easier to handle. The little lady still has sisters, aunts, and aunts. As long as you make arrangements for her to be comfortable, they'll all be rich."

“Also, if you like to play exciting games, we can arrange it for you...”

..

Jiang Beiran could not help but feel his scalp tingle as he listened. He had thought that this was just an ordinary fairy dance, but he had not expected it to have such a wide range of business. It was basically a way to squeeze people dry.

Even though he was using despicable methods, Jiang Beiran had to admit that the ruffian before him was indeed a talent.

Noticing Jiang Beiran’s subtle expression, Little Seven sighed and said, “Hai, we’re just trying to make a living. We have a large group of people to feed, and our job doesn’t hurt people. Although we’re trying to scam some money, we’re still letting them have a good time, right?”

“You have a lot of twisted logic.” Jiang Beiran laughed. “But you’ve intercepted so many heroes, but have you never encountered anyone who wants to fight you head-on?”

Chapter 436 New Little Brother (1)

Two days later, Lin Yuyan returned to the cave in the dense forest. She took a deep breath and walked in after smelling that her senior brother was indeed inside.

“Senior Brother, I’m back.” Lin Yuyan walked up to Jiang Beiranming, who was studying the formation, and waved her hand.

“How’s the investigation going?” Jiang Beiran asked as he kept the formation diagram.

“I don’t know if I can do as well as Senior Brother requested... But I’ve already tried my best.”

“What I want is not to try my best, but to complete it.”

Lin Yuyan, who hadn't seen her senior brother for three days, couldn't help but bite her finger when she saw him looking up at her.

"Yes, I've already investigated!" Lin Yuyan replied.

"There's still no news from your aunt?"

"Yes." Lin Yuyan nodded. "If Aunt comes back, she will definitely give me news."

"Your aunt has disappeared for so long, but your family is still not worried?"

"This..." Lin Yuyan twirled her hair in embarrassment. "My aunt has disappeared for a whole year at most. There was no news of her at all..."

'He's also a talent...'

Realizing that this matter could not be resolved naturally, Jiang Beiran pointed to a stone chair beside him and said, "Sit down and rest for a while."

Lin Yuyan was elated to sense her senior brother's concern. She picked up her long dress and sat down beside Jiang Beiran.

Lin Yuyan's face was red as she turned to look at her senior brother from time to time. She didn't know what her senior brother was waiting for.

'Senior Brother, do you want to be alone with me...'

Sensing that her senior brother was hinting at her, Lin Yuyan felt her entire body heat up. She carefully moved her butt closer to Jiang Beiran.

Looking at the side profile of her senior brother, who was already inches away from her, Lin Yuyan's two fingers on her right hand turned into "legs" and she slowly walked toward Jiang Beiran.

Just as the "legs" were about to climb the "mountain", a shout suddenly sounded at the door.

"Young Master Wang, are you inside?"

The sudden shout scared Lin Yuyan's "legs" so much that she took a dozen steps back.

After a while, Little Seven carefully walked into the cave. When she saw Jiang Beiran, her face lit up with joy, but then she felt an extremely terrifying murderous aura rushing towards her.

She couldn't help but shiver. Little Seven turned her head and looked in the direction of the murderous aura.

"Hiss..."

Little Seven sucked in a breath of cold air and couldn't help but take a step back.

He had been in a brothel since he was young and had seen many big shots get angry, but the pressure he felt was far less than this breathtakingly beautiful woman in front of him.

"You...You... Hello." Seven resisted the urge to run out of the cave and bowed to the woman.

Jiang Beiran turned to glare at Lin Yuyan when he saw Little Seven's fearful expression.

Realizing her mistake, Lin Yuyan quickly coughed and put on a gentle expression.

This gentle expression stunned Little Seven. It was as if that female Luosha was just an illusion. In front of him was clearly a fairy who had fallen into the mortal world.

“Hello,” Lin Yuyan smiled and nodded.

It had to be said that her murderous aura wasn't directed at Little Seven. It was purely because she was very unhappy that such a good atmosphere had been destroyed. That was why she couldn't hold back her resentment.

In addition, Little Seven was just an ordinary person, that was why she was scared to such an extent.

Her body stopped trembling, and Little Seven heaved a sigh of relief. She cupped her hands at Jiang Beiran and said, “Young Master Wang, I've prepared everything you asked me to.”

Nodding, Jiang Beiran looked at Lin Yuyan again and said, “You said that your family's waist token can transmit sound in the Qi Kingdom, right?”

Lin Yuyan nodded.

“Do you have an extra piece for me?”

Lin Yuyan's face turned red as she whispered, “I said last time that only the Lin family members can hold this waist token. Senior brother... You... You...”

Halfway through her sentence, Lin Yuyan covered her cheeks tightly and was so embarrassed that she could not continue.

‘Senior Brother... Senior Brother is actually so direct this time.

On the other side, Little Seven was also stunned on the spot as if she had been struck by lightning.

'Lin...The Lin family?

Although Lin Yu Yan spoke softly, Little Seven could still hear her clearly in this small cave.

He recalled the purpose of Young Master Wang's visit to the Qi Country...

Gudu.

Seven swallowed her saliva.

'That... Could it be the eldest daughter of the Lin family?

Little Seven wasn't blind. From Lin Yuyan's expression, she could tell that she liked this Young Master Wang a lot.

'The heavens are too kind to me this time!?'

Although Little Seven, who was born at the bottom, didn't believe in fate, he believed in luck. Just like his mother said, if he often worships Buddha, he would be blessed by Buddha.

Although Little Seven had a hard time when he was young, he always felt that he was lucky. When he got into trouble, there would always be someone to take it for him. When he encountered big trouble, there would always be a way to solve it.

Therefore, although he had stumbled, he had still managed to get from a low-level little ghost slave to a small leader of the Ferocious Tiger Gang.

Yesterday, when he saw Young Master Wang for the first time, the feeling that he had when he was in danger suddenly came again, and it was much more intense than any time before.

After observing Young Master Wang's actions, there were only seven words left in Little Seven's heart.

“I’ve decided on this big brother!”

Little Seven had climbed to this position many times with the help of a noble, so he had always believed that finding a good big brother was the most crucial factor in his meteoric rise.

And Young Master Wang was exuding the aura of a ‘peerless good big brother’.

Chapter 437 New Little Brother (1)

Two days later, Lin Yuyan returned to the cave in the dense forest. She took a deep breath and walked in after smelling that her senior brother was indeed inside.

Little Seven had climbed to this position many times with the help of a noble, so he had always believed that finding a good big brother was the most crucial factor in his meteoric rise.

And Young Master Wang was exuding the aura of a 'peerless good big brother'.

Chapter 438 A New Little Brother (2)

Now, it seemed that Little Seven realized that the heavens were really taking care of him this time. They actually gave him a top-notch big brother... No, it was the top-notch grandpa who gave it to him!

Hearing Lin Yuyan's words, Jiang Beiran frowned slightly and said, "Is there such a rule? Only the Lin family can use it?"

"That's not the case..." Lin Yuyan was embarrassed. "However, in the Qi Country, seeing a card is like seeing a person. It's very useful, so even I can get another piece, unless...Unless..."

Just as Lin Yuyan's face was about to turn red, Jiang Beiran said, "So just tell me directly if you can get another piece."

"Yes! Of course!" Lin Yuyan nodded. "As long as it's Senior Brother's request, I'll definitely do it."

Hearing this, Little Seven had already confirmed her guess.

"This Lin family's eldest miss not only likes this Young Master Wang...He's simply obsessed.

Little Seven could not help but guess Jiang Beiran's identity.

With the Lin family's status in the Qi Kingdom, what kind of status did the eldest daughter of the Lin family have to be infatuated with?

"Could he be the son of a prince from a neighboring country? Or the son of a Mystique Venerable?"

While Little Seven was lost in her endless speculations, Jiang Beiran nodded and said, "Alright, then go back and get another waist token. I'll arrange the next plan."

"Yes, sir!" Lin Yuyan agreed and then said shyly, "Senior Brother...If, and I'm saying if, I really can't get the waist token, do you want to consider..."

"If you really can't get it, then forget it. I'll think of another plan." Jiang Beiran replied.

“Oh...”

Lin Yuyan agreed and left dejectedly.

After Lin Yuyan left, Jiang Beiran turned to Little Seven and said, “Since you can find this place, it means that you have passed my test. Can you spare some time in the next few days?”

“Of course!” Little Seven answered enthusiastically.

What a joke. This was an opportunity to climb up the Lin family’s tree. Even if he could only shade under the tree, it was far higher than his current position as the flower leader.

“Okay, then go back and prepare. Come back here in two days.”

“Yes, sir!” Little Seven turned around and walked out of the cave.

When they were a hundred meters away from the cave, Little Seven finally couldn’t help but wave her fist, venting the excitement that she had suppressed in her heart.

‘Mother! Little Seven will let you live a good life soon!’

Two days later, Little Seven returned to the dense forest, but she couldn’t find the cave according to the previous coordinates.

‘What’s going on...It’s clearly here.’

Little Seven was very self-reliant on his memory. Whether it was the places he had been to or the people he had seen, he could remember everything clearly.

Therefore, his first reaction was not that he had found the wrong place, but that Young Master Wang had left him with a new test.

Just as he was looking around for any information left behind, a figure suddenly appeared in front of him. It was Young Master Wang, whom he had been looking for.

Little Seven was stunned at first, then she quickly bowed and said, "Greetings, Young Master Wang."

Nodding at Xiao Qi, Jiang Beiran pressed his index finger on Xiao Qi's forehead and chanted.

"Qian Zun Yao Spirit, Kun Shun Inner Camp."

.

In the next second, Little Seven felt her vision blur and she arrived at the cave from before.

However, there were a lot of things in the cave, such as the drum placed at the door, many jade slips hanging on the wall, and a pair of half-moon shaped sticks lying in the middle.

Blinking her eyes twice, although Little Seven didn't understand why she came to the cave, she felt that it was related to the things that appeared in the cave.

After the shock, Little Seven's gaze fell on the Lin family's Eldest Miss and bowed at the same time.

When Jiang Beiran sat back down on the stone bench, Little Seven cupped her hands and said, "Big brother, I've already arranged everything."

Seeing that there was no notification from the system, Jiang Beiran did not mind Little Seven asking him to play.

Say it, sound it, call it good " "Come and sit down," Jiang Beiran waved at Little Seven."

After replying, Little Seven immediately lowered her head and knelt between the two.

“This chair is yours.” Jiang Beiran said as he patted the stone bench beside him.

Hearing that her big brother didn’t like these mortal formalities, Little Seven obediently sat on the stone bench.

“Little Seven, let me tell you what you need to do next.”

“Please give me your orders, Big Brother!” Little Seven immediately lowered her head and cupped her hands.

“Since you’re from the Qi Kingdom, you should already know who the person sitting opposite you is.”

Seeing that Brother Wang had made it clear, Little Seven cupped her hands towards Lin Yu Yan and said, “Greetings, Young Lady Ye.”

“You’re welcome.” Lin Yuyan smiled and nodded.

After the two of them finished greeting each other, Jiang Beiran continued, “I told you before that I came to the Qi Kingdom to look for someone, and the person I’m looking for is the Lin family. If you can help with this matter, you’ll benefit a lot later.”

Although Little Seven didn’t know what help he could be in finding such a big shot, since his big brother had praised him so highly, he naturally couldn’t be afraid. He directly cupped his hands and said, “I will do my best to help big brother complete this matter.”

“Hmm, from tomorrow onwards, you will be working together with this Miss Ye.”

Lin Yuyan was stunned when she heard that. She then turned to Jiang Beiran and said, “Senior Brother...”

“Listen to the arrangements.” Without giving Lin Yuyan a chance to interrupt, Jiang Beiran shot her a look and said,

Seeing Miss Lin lower her head, Little Seven’s heart couldn’t help but tremble. She recalled the first time she saw Miss Lin the day before yesterday and knew that things were going to be bad.

He took out a map and placed it between the three of them. Jiang Beiran pointed at a spot on the map and said to Little Seven, “The person you want to investigate is called Lin Shiyun. I won’t say more nonsense like don’t spread it. I believe you understand the meaning of the words ‘disaster comes from the mouth’.”

“Understood.”

Little Seven nodded. At the same time, she understood why Brother Wang wanted to give her poison from the start. It turned out that he wanted to investigate such a serious matter. If it wasn’t someone she could trust, she really couldn’t explain.

“Fortunately, I’m decisive!”

Just as Little Seven was feeling that she was quick-witted, Jiang Beiran turned to Lin Yuyan and said, “You can now introduce your aunt in more detail, such as her cultivation, and whether she has offended anyone.”

He had not asked in detail earlier because Jiang Beiran had always followed the principle of life where the less he knew, the better he lived. Especially when it came to a behemoth like the Lin family, he did not want to know anything else other than the information he needed for divination.

However, since she could not find her aunt by divination, she could only look for clues first.

After thinking for a while, Lin Yuyan replied, “My aunt’s cultivation is at the Mystic King realm.”

Jiang Beiran was obviously taken aback when she heard the words ‘Mystic King’. She was the younger sister of the current Lin Clan Leader, and the Lin Clan Leader was someone who even the three major

factions of the Qi Kingdom had to give face to. The lowest cultivation level he had was probably at the peak of Mystique Venerable Rank.

And the sister of such a big shot...It was actually just a Mystic King?

Chapter 439 Finding a Clue

'It's really f * cking big...'

Looking at Huangping County on the map of the Qi Kingdom, Jiang Beiran made a rough estimate of its size. It was roughly the size of the three major counties of the Sheng Kingdom combined. It was ridiculously large, and looking for someone there was like looking for a needle in a haystack.

Just as Jiang Beiran was deep in thought, Little Seven suddenly spoke up, "Big Brother Wang, I have some understanding of Huangping County. There aren't many towns that have rouge shops and cosmetic shops."

"Oh?" Jiang Beiran glanced at Little Seven and placed the map of Huangping County in front of him. "Do you know where there are some?"

Bending down, Little Seven pointed to a city on the map with the two words 'Feng Shuang' written on it, "As far as I know, the most famous rouge shops in Huangping County are Xie Fuchun, He Xiang Lou, and Kong Fengchun. The lead powder that Miss Lin mentioned just now is the most famous, and He Xiang Lou is in Feng Shuang City."

"Hmm, you do have some ability."

Seeing how Little Seven had managed to narrow down her target from a county to a city in such a short period of time, Jiang Beiran still praised her for being like a living map, even though she might not be right.

Hearing the praise, Little Seven waved her hands and said, "Thank you for your praise, Big Brother Wang. I was just guessing."

Jiang Beiran fixed his gaze on the screen and tapped his fingers on the screen twice before asking Lin Yuyan, "Do you know where your aunt has been?"

"Yes... My aunt's whereabouts are unpredictable, and I can only point out a part of it."

Lin Yuyan pointed at the map of the Qi Country.

"Baofan Waterfall next to Xuzhang Town, Yang 'an Cave in Yuning Ning County, Xing' an Cave in Qiutan County..."

Jiang Beiran would mark a place on the map for every name Lin Yuyan mentioned. By the time Lin Yuyan finished speaking, there were already 12 marked places on the map.

“That’s all. I really can’t remember the rest.”

Raising his brush, Jiang Beiran looked at Little Seven and said, “How is it? Any leads?”

Without any hesitation, Seven answered, “Seven of the twelve places that Miss Lin mentioned have one thing in common.”

Seven pointed out the seven places on the map.

After Lin Yuyan finished reading, she couldn’t help but say in surprise, “Aunty went to these seven places alone. She took me to the other places.”

“What do they have in common?” Jiang Beiran asked, feeling that the answer was about to surface.

“These seven places all have legends of mystic realms.”

“So that’s how it is...” Jiang Beiran nodded.

With that said, many things became clear. Lin Shiyun couldn’t stand the boring cultivation, so she chose to go around trying to find a blessed land, hoping to trigger an opportunity or something to directly soar to the sky.

Nodding in satisfaction, Jiang Beiran turned to Little Seven and said, “To think that you even know this.”

“Hehe.” Little Seven scratched her head in embarrassment, “I’m not afraid that Brother Wang will laugh at me. I once had this kind of daydream of entering the secret realm and soaring into the sky, so I know a lot about this.”

Smiling, Jiang Beiran continued to look at the map and said, "Alright, then we have two clues now. Your aunt left alone this time and most likely went to look for the mystic realm again. The location of this mystic realm is most likely around Feng Shuang City. Even if it's not here, it should be in the vicinity of Huang Ping County."

He looked back at Little Seven and asked, "How much do you know about the rumors about the secret realm in Huang Ping County?"

"Quite a few. One of them is right next to Feng Shuang City. It's rumored that there's a Five Mile Ravine there that once shone with seven-colored light at night, attracting countless birds to circle it. It lasted for four hours before disappearing, so it's rumored that there must be something special about this place."

Jiang Beiran picked up his pen."

Seven pointed at the empty space northwest of Feng Shuang City and said, "This is it."

Jiang Beiran drew a circle in the direction Little Seven pointed and wrote the words "Five Mile Ravine" on it. "Alright, then you guys go and investigate this place first."

Then, he marked the other places in Huang Ping County that had rumors of secret realms. Jiang Beiran handed the map to Lin Yuyan and said, "Hurry up and set off. We've already wasted a lot of time."

After taking the map, Lin Yuyan looked at her senior brother with some reluctance. However, she thought of the important matter and nodded. "Yes, senior brother."

Patting Little Seven on the shoulder, Jiang Beiran looked at him and said, "With your ability, you should do something big. After this matter is completed, I will make proper arrangements for you."

"Thank you, Brother Wang!" Little Seven was so excited that she kowtowed.

"Go ahead." With a wave of his hand, Jiang Beiran sent the two of them out of the Gaine Formation he had set up in the cave.

Sitting back on the stone bench, Jiang Beiran threw a piece of dry wood into the fire.

Listening to the crackling sounds, Jiang Beiran thought of a few possible scenarios.

The best part was that Lin Shiyun had found a secret realm. She had disappeared for such a long time because she had entered it.

However, Jiang Beiran felt that it was almost impossible. If it was really that simple, the system would not have asked him to help Lin Yuyan.

“There’s a high chance that he’s still in trouble...”

While Jiang Beiran was sighing, the two men who had been sent out of the cave were walking out of the dense forest.

Feeling the peerless beauty beside her exuding waves of murderous aura, even if this resentment wasn’t directed at her, Little Seven still felt her back was covered in cold sweat, her body was hot and cold.

Chapter 440 Finding a Clue (2)

‘This won’t do. If this continues, I’ll probably collapse before I even reach Huang Ping County.’

Little Seven rolled her eyes and cupped her hands towards Lin Yuyan, “Sister-in-law, how do you think we should go to Huangping County?”

Hearing the word ‘sister-in-law’, Lin Yuyan, who was missing her senior brother, trembled. She turned to look at Little Seven and said, “You just...What did you call me?”

“Gulp...”

Swallowing her saliva, Little Seven resisted the pressure and shouted again, “Sister-in-law, just sitting together with Eldest Brother makes people feel that they are a match made in heaven. You can be said to be the model of a perfect couple. It will definitely be a matter of course for you to become my sister-in-law.”

“Oh?” Lin Yuyan stared at Little Seven, “Do you really think so?”

Feeling an inexplicable murderous aura attacking her, Little Seven bit her tongue and nodded, “The two of you are a match made in heaven. Anyone would think so, and I’m not the only one who thinks so.”

“Hehe!” Lin Yuyan smiled shyly and cupped her face with both hands.

‘So in the eyes of outsiders, I’m so compatible with Senior Brother. How embarrassing.’

Feeling the evil aura gradually fade away, Little Seven heaved a sigh of relief and panted crazily.

” The people of the big families are indeed so different.’

Little Seven had seen many cultivators in various places, but she had never felt such a strange and terrifying aura from them.

When Little Seven had calmed down, Lin Yuyan turned around and said, “Let’s go. We have to hurry up and complete senior brother’s mission.”

“Yes.” “ Yes,” Seven replied.” How are you going to Feng Shuang City, Sister-in-law?” I’ll arrange a carriage for you.”

“Your arrangements are too slow. Come with me. I know the flying car shop here.”

Hearing the words “ flying car “, Little Seven knew that she didn’t have much chance to show off. This kind of flying car that was driven by spirit stones was definitely not something an ordinary person like him could afford.

They got on the flying car and arrived at Feng Shuang City in the blink of an eye.

Arriving in front of a restaurant, Little Seven cupped her hands towards Lin Yu Yan, "Sister-in-law, go in and rest first. I'll go find some acquaintances to get some information."

"You have acquaintances here?" Lin Yuyan asked.

"Hai, for people like us who make a living, we pay attention to getting into groups to keep warm. We have to know a little bit of people everywhere, or else we won't be able to get along."

"Alright, then I'll wait for you here."

Looking at the extremely attentive Little Seven, the waiter in the restaurant was a little confused. He thought that the manager didn't say that there would be a new person today.

After entering the lobby, Xiao Qi looked at the waiter who was still in a daze and said, "Take us to the Autumn Room."

Only then did the waiter come back to his senses. He hurriedly came up and bowed. "Dear guests, please allow this lowly one to say that our Autumn Title..."

Without waiting for the waiter to finish, Little Seven took out a piece of silver and threw it at him, "I know your rules. Hurry up and lead the way."

Seeing that the other party was so generous, the waiter naturally did not waste any more time and immediately made an inviting gesture. "Hey, this way please."

When they arrived at the third floor's Autumn VIP room, before the waiter could take off the cloth on his shoulder, Little Seven had already taken out the handkerchief from her waist and wiped the table and chairs in the room. She then looked at Lin Yuyan and said, "Sister-in-law, please sit."

Lin Yuyan nodded slightly and sat in front of the table.

After being stunned for a while, the waiter finally reacted and said respectfully, "The two of you, from your accent, you came from Xi'an County, right?"

Seven immediately shook her head, "I'm from Xi'an County, but my sister-in-law is from Changyang County. If you have any suitable recipes, feel free to tell me."

The Lin family was rooted in Changyang County. This was common knowledge to the people of the Qi Kingdom. Moreover, Little Seven had long recognized Lin Yuyan's accent.

"Oh, so you're an honored guest from Changyang County. Then let's have two steamed mandarin fish, one catty of spring fish, and one catty of braised sea cucumber. This is considered a blessing."

Listening to the waiter's melodious voice, Lin Yuyan recalled that she hadn't been to such a high-class restaurant for a long time. In Sheng Country, even if you had money, you wouldn't be able to find a restaurant like this.

"Alright, let's go." Lin Yuyan nodded.

"Alright." The waiter agreed. Just as he was about to make tea for the two of them, he saw that the young miss's attendant had already made it.

"If this isn't snatching work, why..."

Seeing that he had nothing to do, the waiter bowed to Lin Yuyan and walked out of the private room.

After making the tea, Little Seven took out a jar and opened it, "Sister-in-law, there are some candied fruits here. They were all bought by the Five Tastes Hall. Try them. If they don't suit your taste, I'll go elsewhere and buy some for you."

"Hall of Five Tastes?" Lin Yuyan's eyes lit up. "It's not easy to buy candied fruits there, right? You have some tricks up your sleeve."

“Hehe.” She smiled embarrassedly. “I just know a lot of friends, so I got some through the back door.”

He picked up a piece of fresh peach candied fruit and put it into his mouth.

After chewing two mouthfuls, Lin Yuyan nodded in satisfaction and said, “No wonder senior apprentice-brother took a fancy to you. You do have some ability. Where are you working now?”

“Sister-in-law, I’m just fooling around in a small gang to earn some money.”

“En, do your best for Shixiong, and you will definitely get some benefits.”

“Thank you sister-in-law, thank you sister-in-law. I will definitely do my best for brother Wang.” Seven bowed.

She picked up another piece of dried longan and put it into her mouth. Lin Yuyan asked again, “Earlier, that waiter seemed to have said that there are rules in this Autumn private room?”

“Ah.” Little Seven nodded, “Even in this Autumn VIP room, it would cost at least one tael of silver.”

Lin Yuyan looked at the decoration of the private room and nodded. “It’s worth this price.”

Then, he took out a brocade bag from his Qian Kun Ring and handed it to Little Seven, “Take it. I’ll rely on you to fight along the way.”

Little Seven quickly waved her hand. “Sister-in-law, I can’t do this. I can’t do this. It’s my honor to be able to do something for you. You...”

“Cut the crap. If I ask you to take it, then take it. How can I ask you to do something and then ask you to pay for it?”

When she said this, Little Seven didn’t refuse and picked up the brocade bag, “Thank you, Sister-in-law.”

“Okay, you go do your work. I’ll wait for you here.”

“Alright, wait a moment. I’ll be right back.” After Little Seven finished speaking, she retreated out of the room.

When the door of the private room closed, Lin Yuyan could not help but smile. The way she called her sister-in-law made her feel a little “smug”.

‘It’s just a matter of time anyway. It’s the same if I hear it earlier.’

After a while, Lin Yuyan took out the waist token from her Qian Kun Ring and said, “Senior Brother, we’ve arrived at Feng Shuang City.”

Lin Yuyan had returned to the cave before Little Seven, so she had already given the Lin family waist token to her senior brother, so she could send a message from afar.

After a while, Jiang Beiran’s voice came from the waist tag.

“Alright, is everything going well?”

When she heard the voice of her senior apprentice brother from the token, Lin Yuyan suddenly had a very strange feeling. After all, this waist token could only be held by the Lin family. Moreover, her brother and sister-in-law often used waist tokens to convey their feelings.

Now that she heard her senior brother’s voice coming from the waist token, she immediately had the feeling that she had already married him.

“Senior Brother’s voice is so pleasant to hear.’

Lin Yuyan rubbed her face with the token and replied, “We just arrived at Feng Shuang City. Little Seven went to gather information.”

“Alright, remember to contact me as soon as there are any new developments.”

“Yes.”

Seeing the light on the jade token gradually fade away, Lin Yuyan picked it up and rubbed it against her face. The corners of her mouth rose higher and higher.

On the other side, after leaving the restaurant with the brocade bag, Little Seven quickly found a small alley with five people. She observed the surroundings and only carefully opened the brocade bag when she found no one.

In an instant, Little Seven felt that her eyes were blinded.

The brocade bag was full of exquisite gold beads and silver leaves. With this quality, Little Seven was sure that she could exchange them for thousands of silver taels at any silver shop.

‘This...Is this a big shot?’
