

Won't Play 441

Chapter 441 Heavenly Water

"Hey, Brother Little Seven, why didn't Lai Fengshuang inform me beforehand? I could have arranged for eight carriages to pick you up."

On the bridge, a rough man waved his hand as he ran towards Little Seven.

"Haha, Brother Liqiang, let's not play such tricks between us brothers. Instead of getting me a palanquin, why don't you treat me to eight bowls of Drunken Mortal World?"

"Haha, you must, you must. As long as Little Seventh Brother wants to drink, Drunken World will have enough."

Shi Liqiang said as he gave Little Seven a big hug.

After the hug, Shi Liqiang let go of Little Seven and said, "Brother Xiao Qi, why are you looking for me so urgently?"

"Of course, I came to you because I have something to do."

Little Seven took out a silver leaf from her pocket and threw it at Shi Liqiang.

Shi Liqiang quickly grabbed it with his hand and glanced at the silver leaf. "So bright. Seventh brother, you're getting more and more generous now."

"Do me a favor and I'll give you five of these silver leaves."

"Five?" Shi Liqiang's eyes widened and he frowned. "Brother Little Seven, are you going to do something big?"

Shi Liqiang could feel the value of these silver leaves with just a touch, so when he heard that Little Seven was willing to give five pieces as a reward, his first reaction wasn't surprise, but that something big was about to happen.

After all, this price was too high, enough to...

He bought several lives.

"It is indeed a big deal, but it is not what you think." Little Seven took out the map that Jiang Beiran had marked and showed it to Shi Liqiang. "You know all these places, right?"

Shi Liqiang glanced at it and replied, "Aren't these all the places with secret realms in our county?"

"That's right." Little Seven nodded and pointed to the northwest of Feng Shuang City. "This is the place. Have you seen any big shots recently? Or did you have any conflicts?"

Shi Liqiang stared at the map and thought for a while before answering, "A few groups of people from the Crimson Sun Sect seemed to have come earlier, but I don't know if they're here to find the mystic realm."

"It's good that there are clues. Then I'll have to trouble Brother Liqiang to help me investigate what happened in Five Mile Ravine."

When Shi Liqiang heard this, he immediately understood. "No wonder Brother Little Seven is willing to pay such a big price. You have a wide range of connections now. You dare to interfere in the matters of cultivators?"

"I'm just trying to make a living. How about it, Brother Liqiang, can you help me?"

"This... Brother Xiao Qi, you know the rules of our trade. Can you let me consider?"

“Eight pieces. If Brother Liqiang still can’t take it, then I can only find someone else to try.”

Without giving Shi Liqiang a chance to consider, Little Seven directly raised the price and expressed that she had other partners.

“This... Alright then! For the sake of your Little Seventh Brother, I’ll do it!” Faced with the temptation of the eight silver leaves, Shi Liqiang finally clapped his hands and agreed.

“How refreshing! Since Brother Liqiang is giving me face, I can’t treat you unfairly. I’ll give you two more silver leaves. I’ll have to trouble you to gather people to investigate the other places in Huangping County that have rumors of secret realms. I want any information related to cultivators.”

“Alright! That’s easy. Thank you for taking care of me, Brother Seven.”

Compared to investigating the whereabouts of a particular sect, it was much easier to investigate the places with rumors of mystic realms. These two silver leaves could be said to be earned for nothing.

[When do you want the news?] Shi Liqiang asked.

“Within three days. The sooner the better.”

“Alright, I’ll wait for you.” Shi Liqiang patted Little Seven’s shoulder and left the bridge.

After Shi Liqiang disappeared into the crowd, Little Seven quickly returned to the restaurant’s Autumn booth.

At this moment, Lin Yuyan had just finished her meal and was looking at the scenery outside the window.

“Sister-in-law, we’ve already started investigating the matter. There will definitely be news within three days.” After entering the room, Little Seven cupped her hands.

“Alright, I’ll pass the message to Senior Brother.” Lin Yuyan nodded.”

“In addition, I’ve already booked a heaven-tier room for you at Qingrong Inn. If you feel tired, you can go there to rest.”

“Got it.”

“Then I’ll go around and ask around to find out about this matter as soon as possible.”

“Alright, go ahead.”

“Goodbye, little brother.”

After Little Seven left, Lin Yu Yan took out her waist token and said,“”Shixiong, Little Seven said that he has already started investigating.”

“Got it.” Jiang Beiran’s voice came from the waist tag.

“Ah ~ I’m talking to Senior Brother through voice transmission again. Is this the sweet life of a newlywed? Isn’t this too blissful?”

Lin Yuyan rubbed her waist token against her face and began to think about the people she could mobilize in Huangping County.

Three days later, Little Seven once again waited for Shi Li Qiang on the arch bridge.

“I’ve investigated everything.” Shi Liqiang said as he placed his hands on the armrest of the bridge.

“Let’s talk about the matter at Five Mile Ravine first.” Little Seven, who was leaning against the armrest, replied.

“When the Crimson Sun Sect went there, another strange phenomenon occurred in the Five Mile Ravine. I spent a lot of effort to find out this information.”

“Another phenomenon?” Little Seven’s eyes lit up. She felt that things were getting better.

Chapter 442 Heavenly Water (2)

“Tell me the details.”

“Ten days ago, heavenly water descended from the Five Mile Ravine and brought down great luck.”

“Seven-colored light and heavenly water, this Five Mile Ravine is truly a blessed land.”

Although she had never seen the heavenly water, Seven had heard of it many times. In fact, the heavenly water was like rain, but it was a little special. The rain only fell in a small area and would stop soon. It was said that the people who experienced it personally said that the heavenly water was like rain, making people’s bodies glow with vitality.

“Is the news reliable?” Little Seven asked again.

“I guarantee it’s reliable.” After saying that, Shi Liqiang looked at both sides and used his eyes to signal to the distance, “It’s not convenient to talk here. Let’s talk at my house.”

“Alright.”

After a while, Little Seven followed Shi Liqiang to his inconspicuous little house.

“The house is messy. Sit anywhere.” Shi Liqiang opened the door and said to Little Seven.

“Brother Liqiang, you’re really a cunning rabbit with three burrows. But you’re too shabby. I think you might as well catch two more spiders to weave two webs.” Looking at the old furniture in the house, Little Seven couldn’t help but tease.

“Hahaha, Little Seventh Brother, you’re a full man who doesn’t know how hungry a man is. I’m not as prosperous as you. I have a lot of brothers waiting for me to feed them.”

Little Seven smiled and didn’t continue discussing this topic. She found a chair and sat down, “Is it convenient to talk now?”

Shi Liqiang’s expression turned serious as he nodded and said, “My subordinates found out that when the heavenly water fell from the Five Mile Ravine that day, there happened to be cultivators from the Crimson Sun Sect passing by. In order to prevent the news from spreading, they killed all the people who witnessed everything.”

“Hiss...”

Little Seven took in a breath of cold air when she heard that. Although it sounded like something that cultivators could do, she still felt a little creeped out.

“Then, Brother Liqiang, this news is...?”

“Such a large-scale massacre will always have some fish that slipped through the net. I found one of them. After he was lucky enough to escape, he hid at home every day.”

“Brother Liqiang is really reliable.” Little Seven said as she took out a small box and threw it to him, “These are the remaining nine silver leaves.”

“Hehe, thank you for taking care of me, Little Seventh Brother.” Shi Liqiang took the box and stuffed it into his pocket without checking it.

“Did you find anything else?” Little Seven asked again.

"The people from the Crimson Sun Sect seem to have surrounded the Five Mile Ravine. Let me remind you that their eyes are everywhere in the city. I reckon that once they discover that you have the intention to go to the Five Mile Ravine, they will..."

Shi Liqiang said as he made a throat-cutting gesture.

Shi Liqiang cupped his hands at Little Seven and continued," Besides, the Scarlet Sun Sect is quite secretive about this. If it wasn't for Brother Seven asking me to investigate, I wouldn't have realized that such a big thing had happened right under my nose. So, there shouldn't be any other sects that have heard of it yet. If Brother Seven really wants to do something, I'll give you an idea. Spread this news and attract more flies. Then, you can fish in troubled waters. Of course, I really don't dare to do this. Brother Seven, you should think about it yourself."

"Okay, I'll think about it." Seven nodded," Is there any news from the other secret realms?"

"There are too many ideas and too much information. After all, Brother Seven, you know that I only have some tricks up my sleeve in Feng Shuang City. I have to find someone to help me investigate other places, so the information is a little messy and might not be all true."

"Whether it's true or not, tell me about it."

"Alright, then you have to remember it well."

After the time for an incense stick to burn, Little Seven left Shi Liqiang's house. She looked left and right in an extremely obscure manner before walking towards the street.

In Rongqing Inn, Lin Yuyan was writing on a piece of paper. She had the habit of practicing her calligraphy every day. In addition, she had been living such a happy life these few days. Naturally, she had to remember every bit of happiness.

"Senior Brother called my name again today. Since we set off, it has been a total of seven times."

Holding her face and exhaling a breath of hot air, Lin Yuyan seemed to hear her senior brother calling her name from the waist token again.

“Dong dong.”

At this moment, there was a knock on the door. Lin Yuyan said, “Come in.”

With a creak, the door was opened and Little Seven walked in with cupped hands, “Sister-in-law, there’s already some progress.”

“Alright, tell me about it first.” Lin Yuyan put down her pen and nodded.

“Hiss...”

Little Seven took in a breath of cold air when she heard that. Although it sounded like something that cultivators could do, she still felt a little creeped out.

Chapter 443 Pegasus (1)

” There seems to be light in Senior Brother’s eyes.’

Lin Yuyan didn’t say anything to her senior brother, who seemed to be thinking about something. She just sat opposite him and looked at him with a smile on her face.

After Jiang Beiran finished his summary, he looked up at Lin Yuyan and said, ””Since the possibility of the Five Mile Ravine is so high, let’s start investigating from here.”

“Yes.” Lin Yuyan immediately responded.

“This operation will still be carried out by you and Little Seven.”

Lin Yuyan was a little disappointed when she heard that her senior brother still did not make a move, but she immediately nodded in agreement.

Jiang Beiran’s reason for not going with them was the same as before. Once he was personally involved in a certain operation, the difficulty of the operation would be greatly increased. This was also the biggest reason why he had been grooming his underlings.

After confirming the first step of his plan, Jiang Beiran continued to ask, ””Did you find anything in the other secret realms?”

“Yes.” Lin Yuyan immediately told him everything she had written down in the notebook.

“Hmm, you managed to remember so much information in such a short period of time. Not bad.” Jiang Beiran nodded.

Lin Yuyan was delighted when she heard that. She bowed and said, "Thank you for your praise, Senior Brother."

"However, this information sounds a little messy. How credible is it?"

From Lin Yuyan's description, Jiang Beiran realized that the same secret realm had completely different rumors at the same time, and they were as ridiculous as rumors.

Hearing her senior brother's question, Lin Yuyan, who was prepared, immediately replied, "Yes, Little Seven said that he asked his friends from all over the world to investigate this information. Because time was too rushed, he couldn't filter out the valuable ones in a short time."

"Alright, you guys go to Five Mile Ravine to take a look first. It would be best if you can find your aunt, but if you can't, then come back and discuss."

"Yes, sir! Then please wait here for my good news." Lin Yuyan bowed to Jiang Beiran and left the room.

Downstairs, Lin Yu Yan quickly found Little Seven under the guidance of the waiter. She nodded at him and said, "Let's go."

"Alright." Little Seven immediately followed behind Lin Yu Yan.

Walking out of the city, Lin Yu Yan turned around and asked Little Seven, "Aren't you going to ask what your Big Brother Wang said?"

"Hehe, all I have to do is listen to sister-in-law's orders. Everything else is not important."

"You really don't care about gains and losses." Lin Yuyan nodded in satisfaction and continued, "What do you think we should do before we go to Five Mile Ravine?"

She cupped her hands at Lin Yuyan. "Please forgive Little Seven's incompetence, Sister-in-law. Now, not only in Five Mile Ravine, but even in Fengshuang City, there are spies of the Crimson Sun Sect. At most, I

can mobilize some people from small gangs, but they don't have the guts to investigate the Crimson Sun Sect.'"

"Is that so..."

Lin Yuyan thought about it and felt that this matter was indeed a little difficult for an ordinary person like Little Seven.

"Then let's go to the periphery and take a look. As long as we confirm that the person is inside, we'll leave."

"Alright, I'll listen to sister-in-law."

Although he didn't know how the eldest daughter of the Lin family was so sure that the person she was looking for was not in the Five Mile Ravine, a large family clan would always have their own special methods to hide. Of course, since it was said to be a secret, he, an outsider, would naturally ask more questions.

He just had to follow them obediently.

A hundred years ago, there was a huge earthquake near Fengshuang City, causing the ground to sink by more than 100 feet. Dozens of nearby villages were completely destroyed, and the lake water that poured into the area later became the Five Mile Gully.

The Five Mile Ravine itself had beautiful scenery. Coupled with the legend of the mystic realm, a large number of tourists came here all year round.

However, a legend was still a legend. There were countless legends of mystic realms in Huangping County. Most people would only hear about it as it was new to them. Very few people took it seriously. Therefore, most of the people who came to Five Mile Ravine mainly came to see the beautiful scenery.

"Sister-in-law..."

When they reached the entrance of Five Mile Ravine, Little Seven suddenly pressed her head and shouted.

“What’s wrong?” Lin Yuyan asked curiously.

“I suddenly feel a headache and waves of nausea. The closer I get to Five Mile Ravine, the stronger the feeling becomes.”

Lin Yuyan frowned when she heard that. She did not have either feeling, so there were two possibilities.

One was that someone had set up some kind of array formation in the Five Mile Ravine. However, this array formation was ineffective against cultivators, but it would make ordinary people feel extremely uncomfortable, thus achieving the goal of persuading them to leave.

The second reason was that the phenomenon in Five Mile Ravine had caused this phenomenon.

Lin Yuyan thought that the former was more likely. After all, if this situation was caused by a phenomenon, it was unlikely that only Little Seven felt uncomfortable and she didn’t have any reaction.

‘It seems that the Crimson Sun Sect is indeed trying to seal off this Five Mile Ravine.’

After confirming this, Lin Yuyan took out her waist token and began to transfer mystic qi into it.

Other than communicating, the Lin family waist token also had another function: to sense each other.

If there was someone nearby who was injecting mystic qi into the waist token, Lin Yuyan would be able to sense her.

This was because she would only use this function when she was in danger. Therefore, Lin Yuyan’s idea was to immediately go back and inform her father once her waist token reacted.

After walking around the Five Mile Ravine, Lin Yuyan's waist token did not react at all, which made her heave a sigh of relief. He felt a little disappointed.

After all, from the previous analysis, it was very likely that his aunt was here.

Chapter 444 Pegasus (2)

After confirming that there was no reaction from the waist token, Lin Yu Yan turned around and said to Little Seven, "Let's go."

Seeing that sister-in-law didn't seem to find the person she was looking for, Little Seven felt a little disappointed. After all, if he could guess it right this time, his impression in Brother Wang's heart would be better.

However, he didn't show any pity on his face. Instead, he nodded and followed behind Lin Yuyan.

On the way out, Lin Yuyan thought about the rumors about the other secret realms and where to find her aunt.

After the time it took to brew a cup of tea, Little Seven who had been following behind Lin Yu Yan suddenly said, "Sister-in-law, do you think we have already walked past this place?"

Lin Yuyan came back to her senses and observed her surroundings.

Under normal circumstances, this amount of time should be enough for them to walk on the main road. However, the current situation was that they were still wandering around Five Mile Ravine, and this...

It was very abnormal.

"Qingfeng, those two seem to have sensed it. What should we do? Should we attack?"

The man called Qingfeng frowned and stared at Lin Yuyan.

They were a group of itinerant cultivators who belonged to an organization called "Pegasus". Usually, they would disguise themselves as people from various large sects to cover their tracks or use this identity to block some unnecessary trouble.

This time, when they passed by Five Mile Ravine, they suddenly saw heavenly water descending from the sky. They originally knew that there was a legend of a mystic realm in Five Mile Ravine. Now that heavenly water had descended, they immediately became even more convinced that Five Mile Ravine definitely had great luck.

In order to keep this big secret for themselves, they immediately spread out and killed the people nearby who had witnessed the heavenly water.

However, when they were eliminating these "witnesses", they suddenly encountered a tough opponent. That woman had the cultivation of a Mystic King, but this was not important because the lowest among the fourteen of them was a second-stage Mystic King. If they joined forces, they would even have the strength to fight a Mystic Emperor, let alone someone of the same cultivation level as them.

However, the trouble was that this woman was actually from the Lin family. After realizing that she could not defeat her, she showed her Lin family's waist token.

When they first saw the token, all the itinerant cultivators were stunned. What a joke. This was the Lin family, one of the most powerful families in the Qi Country. Who would dare to touch their people?

However, before the Lin family showed their waist tokens, these pegasus rogue cultivators had already severely injured her. Therefore, they had offended her even if they did not want to. Moreover, there was a high possibility that there was an entrance to the mystic realm in the Five Mile Ravine. Once they entered, they might become a mystic sect or a mystic venerable when they came out. This could be said to be a fatal temptation for rogue cultivators like them.

Combining these two points, the secret practitioners of Tianma suddenly took the waist token from the Lin family woman's hand and killed her.

Lin Shiyun was also stunned when her waist token was snatched. As an old "explorer", she often had conflicts with others in various secret realms, but every time she revealed her identity, the people around her would immediately be respectful.

Then, she magnanimously said a few words such as "no fight, no friendship" and made some friends who liked to search for secret realms like her.

But this time, this method that he had tried ten thousand times actually failed.

Lin Shiyun finally understood when she felt a sword stabbing towards her heart.

However, Lin Shiyun was still a member of the Lin family. Even in her heavily injured state, she still had many treasures hidden on her. After using several golden jade slips in succession, Lin Shiyun almost escaped. However, there were too many people on the other side, and they were extremely organized. In an instant, they guarded all the routes that could leave the Five Mile Ravine. They slowly approached the center, intending to surround her to death.

They actually dared to kill me?'

Chapter 445 Opportunity 1

“Wait!”

Just as Boulder was about to attack, Qing Feng suddenly shouted.

“What now?” Rock turned around and asked.

“I’ll come and see if I can get some information from her. It can also be considered as laying a foundation to avoid the Lin family in the future. Moreover...” If he was lucky, he might be able to fish out the previous one.”

Rock’s eyes lit up and he immediately nodded. “You still have a brain. Then you go.”

He nodded at Dong Shuang, who was standing behind him, and leaped up to Lin Yuyan.

At this moment, Lin Yuyan was on full alert. The moment she knew that she had stepped into the maze, she knew that she was in trouble.

Lin Yuyan focused her attention on the person in front of her.

He cupped his hands at Lin Yuyan and said, “I am Yu Jin, a disciple of the Crimson Sun Sect. I am in charge of guarding the grand array here. I have unintentionally offended this lady.”

Although the Crimson Sun Sect disciple in front of her looked polite, Lin Yuyan did not let her guard down. She used her mystic conscious to observe the surroundings and found that there was no one

else's aura. Lin Yuyan cupped her hands and said, "So you're a disciple of the Crimson Sun Sect. Sorry for being disrespectful, but why did you set up a maze here?"

"My sect has some important matters to attend to in this Five Mile Ravine, so we have sealed off the surrounding area. We are truly sorry for the inconvenience caused to you."

"Brother Yu is too polite. Since this is a misunderstanding, can you let me go?"

Qing Feng smiled and replied, "Just as I said, there is an important matter in the Five Mile Ravine. I need to know if you have seen anything."

"I only strolled around the Five Mile Ravine and didn't go inside. I didn't see any Crimson Sun Sect disciples other than brother."

"Since that's the case, please come in to rest and have some tea. It can also be considered as an apology for disturbing you."

Looking at the smiling Qing Feng, Lin Yuyan cupped her hands and said, "Brother Yu, there's no need to be so polite. I still have some matters to attend to at home."

"It's better to come and rest. Otherwise, my master will say that I'm bullying people and ruining the sect's reputation."

At this moment, Little Seven who was standing behind Lin Yu Yan was sweating profusely. Of course, he could tell that although Yu Jin was very polite on the surface, this invitation could not be rejected. Although he wanted to go up and deal with it, he knew that ordinary people like him could not interfere between cultivators. If he stood up and spoke, it would only add fuel to the fire.

Lin Yuyan could also tell that she would not be able to leave easily today, so she did not waste any more time. She took out her waist token and said, "I am Lin..."

However, before she could finish speaking, she saw Yu Jin teleport in front of her and snatch the waist token away.

“So strong!”

In that instant, Lin Yuyan could tell that she was no match for the person in front of her. She immediately gripped the protective magic treasure her father had given her by her waist.

“Since Brother Yu knows that this is my Lin family’s waist token, I wonder if you can return it to me?”

“Of course, as long as Miss Lin goes in to rest and have a cup of tea, I will definitely return the waist token to Miss Lin after I report this matter to Master.”

At this moment, Lin Yuyan was completely certain that her aunt’s disappearance had nothing to do with the Crimson Sun Sect. If they had not met her aunt and had some conflicts, he would not have snatched her waist token so suddenly, and he would not have been so “rude” after knowing that she was from the Lin family.

Lin Yuyan observed the surroundings. Although she knew that Yu Jin’s cultivation was very high, he was still alone. The possibility of escaping here was much higher than if she went in with him to drink tea.

Seeing that Lin Yuyan was no longer talking to him, his eyes were constantly observing his surroundings, and Qingfeng was no longer pretending to be a modest gentleman. He directly erupted with the aura of a Mystic King and said, “Miss Lin, I hope that you can cooperate with me and not put up any unnecessary resistance. Otherwise, it won’t be good if I hurt your pretty face.”

As soon as she finished speaking, Lin Yuyan took out a black jade from her waist and threw it at Yu Jin. Then, she turned around and pulled Little Seven away.

Qing Feng was about to give chase when he saw the black jade turn into a black cage that trapped him inside.

‘Black Grade Dharma treasure? As expected of a young lady from a big family. She was indeed generous.’

Qing Feng, who had been frozen, did not panic at all. From the moment Lin Yuyan escaped, he could tell that she was just a mere mystic cultivator.

If they pursued, they probably wouldn't even be able to escape from this Confusion Array.

However, Qing Feng did not feel any joy at capturing another young lady of the Lin family. Instead, he felt an overwhelming pressure on him.

However, he was relieved after a moment. Killing one was offending, and killing two was offending. He had to solve the problem at hand first.

On the other side, Lin Yuyan, who was carrying Little Seven, had just run halfway when she saw two figures descend from the sky and block her path.

Another two Mystic Kings!

Knowing that she was in a desperate situation, Lin Yuyan did not continue to run. Instead, she said, "Could it be that your sect really wants to form a death feud with my Lin family?"

Dongshuang smiled sweetly and shook her head. "How could that be? Everyone in the Qi Kingdom knows that your Lin family is powerful. How could our small Crimson Sun Sect dare to be enemies with them? I just hope that Miss Lin can understand our difficulties. Go in and have a cup of hot tea. Just explain everything clearly. Don't make things difficult for us."

Chapter 446 Opportunity (2)

"What if I insist on not going?"

"Then don't blame us for being rude." After saying that, Dong Shuang looked at Rock and said, "Do it."

"I've been waiting for you to say that."

After Rock finished speaking, his body moved and instantly appeared in front of Lin Yuyan. Then, just as he was about to reach out to grab Lin Yuyan, he suddenly heard Dong Shuang shout from behind him.

“Be careful!”

At the same time, he felt a sharp pain in his back.

“Ah!” Rock roared and activated Rock Body Technique to strengthen his muscles. He quickly took a step forward and turned around to find an opportunity to counterattack.

” It’s you!?”

Seeing the person who attacked him, Rock was stunned at first, but soon revealed a surprised smile.

The person who had ambushed him was none other than the other young lady of the Lin family whom they had been searching for many days.

“Hahahaha, there’s a way out for you, but you chose to come in when there’s no way out. B * tch, you made us look for you!”

Lin Shiyun, who was standing opposite him with a sword in her hand, panted heavily and said,“”If it weren’t for my injuries, I would have killed you with this sword.”

“Hahahaha, thank you for your warning. I won’t give you such a chance again.”Rock whistled after he finished speaking. For a moment, more than a dozen figures gathered from all directions.

Without exception, they were all Mystic Kings.

Lin Shiyun, who was surrounded, took a step back and stood in front of Lin Yuyan to protect her,“”Silly girl, why did you come here alone?”

“I felt that Auntie left strangely this time, so I came to look for you.”

“Have you told your father?”

“I’ve told... But daddy said...”

“No need to say, I understand.” Touching Lin Yuyan’s long hair, Lin Shiyun sighed, “I didn’t expect you to come looking for me. However, don’t blame your father and the others. Everyone in the Lin family has always been like this. Everyone has their own risks. Since I chose this path, I never thought of asking them to save me. But don’t worry, aunt will definitely send you out safely.”

“Aunt...”

Just as Lin Yuyan was about to say something, Qing Feng, who was trapped earlier, walked over slowly and said, “Miss Lin, it was really easy for us to find you. I’m relieved to know that you’re still here. We haven’t done our part as hosts yet.”

Pulling Lin Yuyan behind her, Lin Shiyun said, “You rotten eggs and rotten watermelons don’t really think you can defeat me, do you?”

Taking out a jade bottle and throwing it to Rock who was healing, Qing Feng looked at Lin Shiyun again and said, “Miss Lin, actually, what happened between us before was all a misunderstanding. Why don’t we sit down and have a good chat? As long as we resolve this misunderstanding, it will be beneficial for both of us, right?”

Lin Yuyan glanced at the other Mystic Kings around her and looked at Qing Feng. “What do you plan to talk about?”

Naturally, we’ll make a cup of tea and have a good chat calmly. There’s a sparkling lake not far ahead. Why don’t we...”

Just as Lin Shiyun’s attention was completely attracted by the breeze, the four Mystic Kings behind her suddenly attacked her at the same time.

They had long known that there would be no reconciliation between them and the Lin family's eldest miss, so they knew that Qing Feng was only using words to divert her attention. Now that they saw the right time to attack, they naturally rushed forward, lest this Lin family's eldest miss threw out some magic treasure and escaped like last time.

Feeling the murderous aura behind her, Lin Shiyun took a deep breath and pushed Lin Yuyan and the unknown youth away. She shouted, "I'll let you know the strength of the Lin family!"

As he spoke, he was about to swallow a purple pill.

Just as the spirit pill was about to reach her mouth, a hand suddenly grabbed her and took the spirit pill from her hand.

Shocked, Lin Shiyun was just about to take back her Dark Yin Pill when the young man who had taken her elixir turned around and sent four Dark Kings who had ambushed her flying with lightning speed.

"Senior Brother! (Brother Wang!)"

Lin Yu Yan and Little Seven shouted in surprise.

Indeed, it was Jiang Beiran who had snatched the Dark Yin Pill from Lin Shiyun's hands.

Before Lin Yuyan was in trouble, Jiang Beiran had already received the system notification and followed her over. He was just silently looking for the right time to strike.

Just as Lin Shiyun was about to swallow the medicine, the system's options suddenly popped up.

[Option 1: Continue to wait for an opportunity. [Completion Reward: Heavenly Dragon Mystic Diagram (Earth Grade Low-Rank)]

[Option 2: Snatch the Dark Yin Pill from Lin Shiyun. [Completion Reward: Random Basic Attribute Point +1]

Seeing that the system had already given him the answer, Jiang Beiran naturally chose the second option and moved to Lin Shiyun.

[Mission completed. Reward: Concentration +1]

After listening to the system notification, Jiang Beiran stuffed the Dark Yin Pill into his Cosmos Ring.

At this moment, the 14 itinerant cultivators of Tianma were all stunned. With just one attack, he had sent all four Mystic Kings flying. Moreover, they could not see the depth of this young man's cultivation at all.

"Gulp..." Blue River gulped and looked at Clear Wind: "Did he not use his Profound Energy when he attacked just now?"

Qing Feng, who was also in shock, nodded and said, "I don't know...But I really didn't feel any profound qi fluctuations around him."

"This... How was this possible? He could crush the four of them with just his physical strength?"

"Phew... Phew..." Taking two deep breaths, Qing Feng shook his head and said, "I don't know, I don't know, maybe it's some Lin family's ultimate technique."

At that moment, the Pegasus members had all regarded Jiang Beiran as a powerhouse of the Lin family.

On Jiang Beiran's side, Lin Yuyan pulled her aunt aside to explain the situation to her, who was still in a daze.

"Senior Brother? Is he your senior brother? And it was that Returning Heart Sect from the Sheng Nation!?" Lin Shiyun said in shock.

She was naturally very clear about Lin Yuyan's level of cultivation. Her Senior Brother was already considered a peerless genius if he was at the Mythical level, and this kind of genius was not rare in the Qi Country, let alone that godforsaken Sheng Country.

However, the senior brother that Lin Yuyan spoke of had actually sent four Mystic Kings flying with a single strike.

Even if Lin Yuyan said that he was the Sect Leader of the Returning Heart Sect, Lin Shiyun would believe it.

While Lin Shiyun was still in a daze, Jiang Beiran took out a white crystal bottle from his Cosmos Ring and tossed it to Lin Yuyan. "Let your aunt eat two pills. The poison in her body will naturally be removed."

Lin Yuyan quickly reached out her hands to catch it and said sweetly in her heart, "Thank you, Senior Brother."

She poured out two spirit herbs from the white crystal bottle and fed them to her aunt. Lin Yuyan looked at the dozen or so Mystic Kings who were stunned by her senior brother and was filled with joy.

At this moment, her senior brother's image in her heart rose by several levels again.

Although Lin Yuyan knew that her senior brother was definitely hiding his strength, she did not expect him to hide it to this extent. Even the Mystic King was not his match at all.

"As expected of the man I like. He's so mysterious and powerful, hehe."

After Lin Shiyun took the two elixirs, she felt that the poison that had been rampaging in her body had completely disappeared without waiting for her to circulate her energy to expel the poison.

"What a powerful medicine!"

Chapter 447 Don't Make Me Look Like a Villain

"Phew... Phew..."

As soon as Jiang Beiran said that, the Pegasus 'secret practitioners' breathing quickened. They were just a bunch of secret practitioners without any backing. Even if they were wiped out here, they probably wouldn't even have a grave for them.

Otherwise, they wouldn't have been unable to find a helper who was good at the Heaven and Earth Technique.

Looking at the playful expression on Jiang Beiran's face, Qing Feng suddenly felt that he was a fool. The other party was from the Lin family, and even the Emperor had to give them some face. What use would it be for him to bring up a low-level sect like the Flaming Sun Sect?

Dong Shuang's heart was beating very fast. The four people who launched the surprise attack were all at the seventh level of the Mystic King Realm. They were the best fighters in their small team. Their original goal was to let them subdue the young lady of the Xia family in one go. Who knew that they would be repelled by the mysterious young man in one blow?

"What should we do? Qingfeng, hit... Or escape?"

Qing Feng thought for a moment and revealed a determined look. "Since we've already offended the Lin family, even if we escape from here, we'll still die. Why don't we fight it out with him? Perhaps he only used some magic treasure in that attack just now. Otherwise, how could he not use any mystic qi at all?"

When the secret practitioners of Tianma heard this, they all felt that it made sense. No matter how they looked at it, this young man in front of them was only in his early twenties. Could he crush the Mystic King with just his physical body?

"How is this possible!"

For a time, the fourteen Mystic Kings gained some confidence.

Grayrain, who had just been kicked away, covered his chest and said, "We can use what we planned to use on that Lin family woman on this kid. Qiu Mu and Xia Chuan have already set up three great formations. In addition to our joint attack, even if this kid is a Mystic Emperor, he might not be able to defeat us."

After hearing Gray Rain's words, the fourteen Mystic Kings became even more confident.

That's right, in order to deal with the Lin family's woman, they had prepared many methods and occupied a huge geographical advantage. They should be more relaxed.

For a moment, the secret practitioners of Pegasus moved quickly and stood in their positions.

"Jingzhe 174, Xiaohan 285, Yang Escape, Scattering Essence Formation..."

Seeing Jiang Beiran muttering to himself, Lin Shiyun, who had already recovered from her injuries, stood up and said to Jiang Beiran, "Tell me what your cultivation level is. I'll take care of you when we fight later."

Jiang Beiran smiled. "Please go all out when we fight later. I can take care of myself."

When Lin Shiyun heard this, she immediately lowered her voice and said, "Were you really bluffing just now? What cultivation base do you have?"

"You'll know when you fight. Miss Lin, I'll have to trouble you to take the lead."

Seeing Jiang Beiran hide behind Lin Shiyun, the secret practitioners of Pegasus were instantly ecstatic.

"That kid really used some kind of magic weapon just now. It won't work now. Cripple that Lin family woman first!"

Following Gray Rain's order, the Pegasus 'secret practitioners swarmed forward and charged towards Lin Shiyun.

"Hey! Do you think I'm a pushover?!"

Lin Shiyun shouted angrily. With a shake of her right hand, a Hundred Flower Spear appeared in her hand.

With a strong wave, countless petals scattered in the surroundings like a tornado, attacking the 14 Mystic Kings.

It was a pity that although this move looked powerful, it could not even stop the footsteps of those Mystic Kings. They were only shaken by the mystic qi of the few people in the front, and all of them “withered” and fell to the ground.

After easily resolving Lin Shiyun’s first wave of attacks, the fourteen Xuan Kings displayed their own abilities and attacked Lin Shiyun with their best moves.

For a moment, the weather changed. Even Lin Yu Yan who was hiding in the distance felt a wave of pressure. As an ordinary person, Little Seven could barely breathe. Fortunately, Lin Yu Yan took out a silver talisman in time to form a barrier around Little Seven, allowing him to finally recover.

Lin Shiyun was defeated by Pegasus and the other independent cultivators, so she knew that she couldn’t win against them. However, when she thought of the juniors behind her, she thought that she couldn’t retreat no matter what. Thus, she steeled her heart and was about to raise her Hundred Flower Spear to fight with all her might when she felt someone pulling her from behind.

“Eh?”

” Ah!” Lin Shiyun called out in confusion. She had already arrived behind Jiang Beiran.”,The attacks of the 14 Mystic Kings had already arrived.

Jiang Beiran shook his head and sighed as he looked at the exaggerated ” special effects “.

“Just this?”

Then, he threw a punch.

“Boom!”

After a series of violent explosions, the 14 Mystic Kings screamed and flew back. All of them fell to the ground and spat out blood.

Lin Shiyun, who had witnessed the whole process, blinked twice. In an instant, she felt that this young man who looked like a younger brother in front of her had become incomparably tall.

'He...Who was it?

Lin Shiyun, who had witnessed the power of this punch from a close distance, was in disbelief. She still could not feel the young man in front of her mobilizing any mystic qi.

This was the combined attack of 14 Mystic Kings, yet it was resolved with just one attack. Even though Lin Shiyun was experienced and knowledgeable, she was still a little stunned. Among the people she knew, even someone as powerful as a Mystic Venerable would not fight with just one's body when dealing with a cultivator with a lower cultivation level.

Behind him, Little Seven was also stunned. From their conversation, he already knew that the fourteen people opposite him were all Mystic King level experts.

Mystic King! To ordinary people like them, he was a god-like existence. With a raise of his hand, he could cause the world to change color.

Chapter 448 Don't Make Me Look Like a Villain (2)

However, fourteen god-like existences were actually subdued by his newly recognized big brother with a single punch?

'What exactly am I...What kind of big brother did he acknowledge?

Jiang Beiran waved his hand and looked at the 14 people on the ground, who were groaning in pain.'"None of the fourteen of you have the same moves, and you still claim to be the Yang Emissaries of the Chiyang Sect? Are you bullying an honest person?"

Qing Feng, who had fallen to the ground, was shocked. He did not even see what the young man from the Lin family had done before he felt an irresistible force attack him, causing him to instantly lose the ability to resist.

At this moment, Qing Feng felt a deep fear.

He was not afraid of Jiang Beiran's power, but of the unknown.

If Jiang Beiran had directly displayed his cultivation base of the Mystic Emperor or the Mystic Sect, they would have died. But now, it was as if they were fighting against a completely unfamiliar existence. They had no idea what kind of power he was using.

"Ah!" At this moment, Grayrain suddenly stood up from the ground, roaring angrily. He looked at Jiang Beiran with reddened eyes and said, "It's just a smokescreen! Do you think you can fool me?!"

After saying that, Gray Rain suddenly bit down hard and made a swallowing motion.

"Grey Rain!" Pegasus 'secret practitioners shouted at the same time. They naturally knew what Gray Rain had swallowed.

Mighty Huang Pill.

After consuming it, it could stimulate all the potential in the body and greatly increase the current cultivation. However, the price was that this Mighty Huang Pill would burn the user's vitality.

Amidst the tragic atmosphere, Gray Rain's eyes emitted a soul-stirring purple light, and his hair began to turn white at a visible speed.

"Hahahaha!"

Laughing wildly, Grayrain looked at the people behind her and said, "What are you shouting for? This medicine won't kill you. It's just consuming some blood essence. Qiumu, Xia Chuan, activate the array that you've set up."

Qiu Mu and Xia Chuan nodded at the same time. "Don't worry. The formation can be activated at any time."

"Alright, then I'll go."

After saying that, Gray Rain stretched out his right hand, and the gray spirit sword that had fallen far away flew back into his hand.

Shaking his sword, Gray Rain stared at Jiang Beiran and said, "Brat, although I don't know where you came from, don't think you can take our lives so easily."

Seeing that Jiang Beiran was not saying anything, Gray Rain bellowed angrily again. A black aura then wrapped around his Gray Spirit Sword.

"You bluffing brat, let me expose your true colors!"

As Gray Rain spoke, he stepped forward. At the same time, the black gas that was wrapped around the Gray Spirit Sword became thicker and thicker. In the end, it turned into terrifying faces like vengeful spirits.

With a series of miserable wails, the gray rain was getting closer and closer to Jiang Beiran.

Qiu Mu and Xia Chuan sat cross-legged and chanted at the same time when they saw Hui Yu fearlessly charge at the Lin family youth.

"When the Horse God drum sounds, send true qi into my body."

"Wherever you call, you can sense everything within a hundred miles."

As soon as the two of them finished speaking, a visible Qi line connected the fourteen of them.

This formation was called Gui Yi Formation, and its function was to allow those who had talismans in the formation to communicate with each other, allowing the master of the formation to adjust their mystic qi.

To put it simply, Qiu Mu and Xia Chuan were the hosts of the Return to One Formation. They could inject a part of the Xuan Qi of the other 13 people into Qiu Yu's body, which would increase the power of his moves.

"Qiu Yu! I'm counting on you!"

"Qiu Yu, if you win, I'll buy you a drink! The most expensive one!"

"Qiu Yu, I'll give you the title of Pegasus 'number one this time. Remember to return it to me!"

..

With friendly words, the secret practitioners of Tianma sent their Xuan Qi to Qiu Yu through the Qi threads.

Feeling the Xuan Qi and friendship of his companions, Qiu Yu was full of pride. The black Qi on the grey spirit sword in his hand became even more turbulent!

The mournful cry on the sword was like the wails of ghosts and gods, making people's hearts break.

"Die! You pretentious brat!"

When the sword momentum reached its peak, Qiu Yu flashed in front of Jiang Beiran like a ghost and stabbed.

Along with this sword, there was a terrifying death aura. This death aura even made Lin Shiyun, who was standing behind, feel suffocated.

'This aura of death is so strong even when it's not aimed at me. If I were to face it head-on...'

Lin Shiyun felt her scalp go numb just thinking about it. She was sure that if she were to face this death aura head-on, she would probably go crazy on the spot.

"Hold on!" Lin Shiyun shouted.

"Clang!"

With a crisp sound, half of the grey spirit sword stabbed into the ground beside him.

"You... You..."

Gray Rain's eyes widened, and his body trembled.

He believed that his attack just now could even pose a huge threat to a Mystic Emperor. However, this young man in front of him actually snapped his gray spirit sword with a flick of his finger.

"You what?" Jiang Beiran rubbed his index finger and scanned the group of itinerant cultivators. "I say, why are you all acting so tragically? You're making me look like a villain. You're the ones who killed the civilians, right? You guys are the ones who want to silence me, right?"

Jiang Beiran then pointed at Grayrain. "And you, you've been cultivating the death aura on this sword for decades, haven't you? As far as I know, this death aura is formed from resentment. From this, I can see how many innocent people you've killed."

Then, Jiang Beiran pointed at them one by one and said, "You unpardonable rogue cultivators are still playing the game of friendship with me. Aren't you disgusting?"

For a moment, the secret practitioners of Pegasus were rendered speechless. Just as Jiang Beiran had said, as secret practitioners without a backer, they had killed and plundered many people. For the sake of profit, it was common for them to kill the innocent.

Chapter 449 If You Can Repay Now, Don't Delay It Later

"Are all itinerant cultivators so rich..."

Taking off Qingfeng's Interspatial Ring, Jiang Beiran discovered that there were many precious Heavenly Materials and Earthly Treasures inside. Some of them were even priceless in the Sheng Kingdom and were hard to find.

'As expected of the Qi Country.'

For Jiang Beiran, there were not many opportunities to make a fortune. Firstly, he rarely had the chance to make a move directly. Secondly, he had to maintain his image as a master and could not do something as uncool as searching corpses.

Therefore, this windfall was not easy.

After setting up the Soul Dissipating Formation and igniting the Wind Thunder Fire, Jiang Beiran finished the one-stop service of destroying the souls and bodies of the 14 Xuan Kings and sent them all away.

Lin Shiyun, who had been watching the entire process from behind, was stunned by Jiang Beiran's practiced stance. She could not help but ask Lin Yuyan,"

"Girl, your lover...Don't tell me you're doing this?"

Lin Yuyan, who was sitting on a tree stump, cupped her face and replied,""Auntie, don't you think that Senior Brother looks especially handsome when he burns corpses?"

"Alright, there's no hope."

Lin Shiyun shook her head after coming to a conclusion. She sat beside her and asked,""What's your lover's name? I can thank him later."

Lin Yuyan was shocked when she heard that. She slowly turned her head and looked at her aunt with a somewhat empty gaze."Aunt, I'll thank you on your behalf. It's better if you don't know too much about Senior Brother."

"Gulp..."

Lin Shiyun was stunned when she felt the murderous aura coming from her niece.

'Is this still my obedient little niece? How did it become so terrifying?

In Lin Shiyun's impression, her niece had always been polite and polite. She spoke softly and gave people a feeling of being bathed in the spring breeze at every moment.

However, just now, there was no spring breeze on her body. It was a hundred times colder than the cold wind in winter.

'Could it be that the sealing power is not enough? Or could it be...Can love really change a person?

Lin Shiyun didn't mind her little niece's "protection of food". After all, it was normal for a little girl to kill someone when she had just fallen in love.

"Young ladies, the tea is ready."

Little Seven carried a teapot and teacup to the two of them and bowed.

Lin Yuyan was focused on admiring her senior brother's heroic act of burning the corpse. She waved her hand casually and said, "Put it aside. I'll drink it later."

"Yes." Nodding, Lin Shiyun took the teacup and took a sip. "It tastes good. What kind of tea is this?"

"It's the Fu Lai Qing from Anlu Village. If Miss Lin likes it, I'll buy more for you."

"There's no need to specially buy it." As Lin Shiyun spoke, she took another sip. She looked at Jiang Beiran, then at Lin Yuyan, and finally at Little Seven, asking, "You are..."

Seven immediately understood and replied, "My name is Little Seven, I'm an errand boy under Brother Wang. I usually help to find the way."

"Oh ~" Lin Shiyun nodded, indicating that she understood.

Hearing Little Seven's words, Lin Shiyun continued to admire her senior brother's handling of the corpse oil while saying, "Aunt, although we were able to find you this time mainly because of Shixiong's divine plan, but Xiaoqi also contributed."

"I see." Lin Shiyun looked at Little Seven. "Then I should thank you properly."

When Little Seven heard this, she quickly waved her hand and said, "I don't dare, I don't dare. It's just a small matter. How would I dare to thank you?"

However, even though she said that, Little Seven was overjoyed. This was a favor from the Lin family! That was really not something that could be exchanged for a mountain of gold or silver.

"Speaking of which, how did you find me?" Lin Shiyun was puzzled.

Knowing that she shouldn't answer, Little Seven continued to brew tea silently. Lin Yuyan replied, "I can't tell you about this."

"Little girl, you're not even married yet, and you're already siding with an outsider?" Lin Shiyun replied in a somewhat annoyed manner.

When she heard the words "married off", Lin Yuyan lowered her head shyly. After a while, she turned her head to look at Lin Shiyun and replied, "No matter who Shixiong's enemy is, I will always stand on Shixiong's side ~ hehe."

"Fine, this child is crippled."

While they were chatting, Jiang Beiran, who had finished dealing with the 14 corpses of the Mystic Kings, returned.

Taking off the ice silk gloves, Jiang Beiran looked at Little Seven and said, "When you go back, ask your friends to find out if the Chiyang Sect has lost any disciples."

Little Seven was just about to say yes when she saw Brother Wang suddenly shake his head.

“Forget it.” Then, he looked at Lin Yuyan and said, “Work with her on the investigation. She’ll pay for it, and you’ll choose the people. You must complete this task well.””

“Yes, sir!”

Even though Little Seven was still very respectful, she was deeply disappointed.

From the conversation just now, he knew that there was a mistake in his intelligence this time. Although it was because it was too rushed, when doing things for a big shot, they would not care how difficult the process was. If the result was not good, then it was not good.

For Little Seven who cherished this opportunity, disappointing Brother Wang was an outcome he couldn’t accept.

While Little Seven was deep in self-reproach, Lin Shiyun stood up and cupped her hands at Jiang Beiran.

“Thank you for your help this time, young hero. I will definitely repay you in the future.”

As soon as Lin Shiyun finished speaking, three options popped up in front of Jiang Beiran.

[Option 1: “Is Miss Lin injured?” [Completion Reward: Clear Serene Formation Diagram (Earth Grade Low-Rank)]

Chapter 450 If You Can Repay Now, Don’t Delay It Later

[Choice 2: “It’s nothing. Miss Lin, you don’t have to be so polite.” [Completion Reward: Eight-star Ghost Force (Black Grade High-Rank)]

[Choice 3: “Don’t come back. If you can, why don’t you report it now?” [Completion Reward: Random Basic Attribute Point +1]

Looking at the third option, Jiang Beiran couldn't help but feel a little dizzy.

Sensing that something was amiss with the system, Jiang Beiran chose option 3 and smiled. "Don't come again. If you can report it, why don't you report it now?"

[Mission completed. Reward: Charm +1]

'Tsk...Why is it it it again?

Out of all the new attributes, Jiang Beiran was most worried about the charm attribute, because the word 'charm' seemed to be the equivalent of causing trouble. Of course, if the charm attribute could be so high that even the Heavenly Axiom would fall for him, that would be pretty good.

However, the possibility of that happening was too low.

After hearing Jiang Beiran's answer, Lin Shiyun was obviously stunned. She had been in the martial world for so many years, but she had never met anyone who spoke to her. Or rather, no normal person would give her such an answer.

However, facing her savior, Lin Shiyun still bit the bullet and nodded, "I wonder what kind of reward this young hero wants? As long as I can get it, I won't say anything."

In an instant, another three options appeared before Jiang Beiran.

[Option 1: I need the Two Elements Secret Feather.] [Completion Reward: Treasure Book of Azure Flame (Earth Grade Mid-Rank)]

[Choice 2: "Does Miss Lin know about the Emperor Venomous Worm?"]. [Completion Reward: Demon Slayer Treasure Book (Earth Grade Low-Rank)]

[Option 3: "Miss Lin, please stay by my side for a while. Let me observe you for a while."][Completion
Reward: Random Basic Skill Point +1]

'Two Secret Feathers? Emperor Venomous Worm? System, you're really giving me crazy hints.'

All of a sudden, Jiang Beiran understood why the system had insisted that he intervene in this matter. It turned out that two of the materials required for the main mission were related to Lin Shiyun.

However, from the options, if he directly asked Lin Shiyun for it, it would inevitably lead to huge trouble, so he had to think about it carefully.

.

Just as Jiang Beiran was about to pick the bottom three, he suddenly frowned.

"Tsk!"

Counting the two times he had done so, as well as the time he had traveled to Feng Shuang City, he had already triggered the option thirteen times today. He was already close to the safety limit.

After thinking about it for a while, he finally chose three times and replied, "Miss Lin, please stay by my side for a while and let me observe you for a while."

This answer made Lin Shiyun stunned again. At the same time, she felt a strong murderous aura brewing around her.

Without looking at her niece who was obviously jealous, Lin Shiyun frowned and said, "Young hero, what do you mean?"

After sizing up Lin Shiyun, Jiang Beiran replied, "Plans can't keep up with changes. I promised Lin Yuyan to intervene because I only needed to find out where you were, but now that I'm involved in a little too

much, you've seen something you shouldn't have. So, in order to prevent you from spreading this matter, I'm asking you to stay by my side for a while."

"Something I shouldn't see?" Lin Shiyun thought for a moment and understood, ""Are you saying that the physical body you just displayed is powerful?"

"For some reason, I don't plan to expose my strength to too many people. Therefore, before I confirm that you are someone who can keep a secret, please forgive me for not letting you go."

Lin Shiyun understood what was going on and relaxed her brows. She nodded and said, ""I see. No problem. Since you had no choice but to reveal your strength to save me, I will naturally cooperate with your request."

At the same time, Lin Yuyan slowly retracted her murderous aura because she understood that this was indeed her senior brother's habit.

"Thank you for your understanding, Miss Lin. We'll rest for a while today and go back tomorrow."

"Why? I've already investigated this Five Mile Ravine. There's no mystic realm. We should..." Lin Shiyun asked curiously.

"Miss Lin." Jiang Beiran interrupted Lin Shiyun and smiled at her, ""Since Miss Lin is already in my team, I have a rule to tell you first. In my team, there is only obedience and no reason."

'He just saved my life, he just saved my life, he just saved my life...'

Realizing that Jiang Beiran was a weirdo, Lin Shiyun forced herself not to argue with him.

Then, he looked at his niece who was smiling foolishly.

Lin Shiyun couldn't help but shake her head.

'This girl couldn't have been led astray by him, right?'

Jiang Beiran calmed himself down first and went through the system's intentions in his mind. He had to rely on himself to complete the following conversation. Otherwise, if it was triggered a few more times, it would really be bad.
