Chapter 461 Killing Seals

"You were bitten by a snake when you were seven, right?"

"Yes, yes, yes! It's a flower bell snake. It scared me to death."

"When you were ten years old, you fell from the mountain and suffered quite a serious injury."

"Heavens! You can even calculate this?" Lin Shiyun's eyes sparkled, but she soon felt another pair of eyes staring at her from behind.

"Cough!" Lin Shiyun cleared her throat and sat up straight again, "I've met fortune-tellers before, but their predictions were always ambiguous and not as detailed as yours."

Putting away the copper coins, Jiang Beiran smiled and said, "Since you believe me, how about I help you read your destiny?"

"Good, good, good. Master, quickly help me calculate." Lin Shiyun nodded.

"From the moment you are born, you have a set of life spiritual numbers, which is the four pillars and eight characters mentioned in the hexagram."

Jiang Beiran took out a piece of paper and a pen and wrote down four words on it.

[Killing Seal]

"People born at different times will have different fates. Although the eight characters are only eight characters, they can distinguish the high and low of the destiny. In your eight characters, the most obvious pattern is the mutual generation of killing seals."

"Killing Seal..."

Lin Shiyun rejected these four words, feeling a little magical.

In the past, she didn't really believe in fortune-telling because she knew too many big shots, but she had never heard of any particularly accurate master.

And the things that were denied by the big shots naturally couldn't arouse Lin Shiyun's interest.

However, Jiang Beiran's prediction was too accurate. Besides, these were all embarrassing incidents that happened when she was young, so very few people knew about it. Lin Yuyan was not even born at that time, so it was impossible for her to know about it.

Therefore, after Jiang Beiran calculated all these, Lin Shiyun became interested in fortune-telling for the first time.

Turning the paper with the words "Killing Seal Engenders" to Lin Shiyun's side, Jiang Beiran continued, "In the eight characters, the solar column represents the Lord of Destiny himself, called the yen."

"What is the sun pillar? What is the Heavenly Stems?" Lin Shiyun asked curiously.

Jiang Beiran took out an eight trigrams plate and pointed at the Yin and Yang symbols on it. "Yin and Yang are the foundation of all things. Everything can be divided into Yin and Yang. For example, Yin is the moon, darkness, earth, night, woman, softness, stillness, discharge, consumption, even number, and so on."

"Yang is the sun, light, sky, day, male, hard, strong, prosperous, dynamic, life, grams, odd numbers, and so on."

"And the principle of Yin and Yang is not unchanging. Yin also contains Yang, and Yang also contains Yin. When things develop to the extreme, the two poles will reverse. This is the so-called extreme Yang will be Yin, and the extreme Yin will be Yang."

Looking at Lin Shiyun's confused expression, Jiang Beiran explained,""Since you are interested in fortune-telling, I will naturally start from the basics. Of course, if you are not interested, I can tell you the result directly."

"I'm interested! Interested! Grandmaster, please enlighten me." Lin Shiyun nodded again.

"Alright."

Then, Jiang Beiran explained to Lin Shiyun what the five elements, the ten heavenly stems, the twelve earthly branches, the mutual generation, the mutual restraint, and so on.

On the other hand, Lin Shiyun, who usually had a headache when it came to learning, became more and more energetic as she listened. From time to time, her face showed a yearning expression.

"So there are so many ways to say fate...Master, you're amazing." Lin Shiyun said in admiration.

Seeing that Lin Shiyun understood, Jiang Beiran continued to explain,"" Your Life Providence is Yen, so it has the same Yin and Yang attributes as Yen. The Heavenly Stems of the five elements that restrain Yen are called the Seven Kills. However, the Heavenly Stems of the five elements that produce Yen are different from Yen. For example, if the Seven Kills in your Eight Characters are too heavy and are not beneficial to the body, you need the seal to guide it and transform the killing body. The Mission Bureau will reach balance, and then the purpose of killing the seal will be achieved."

"Is this the so-called missing fire?"

"You can say that." Jiang Beiran nodded and continued,""Let's take a look at your birth characters first."

As Jiang Beiran spoke, he wrote the words [Gengwu],[Xinsi],[Jichou], and [Yichou] on the paper.

"The so-called Seated Seven Fiends is like a crouching tiger sleeping. The Seven Kills represents integrity, dominance, and integrity in terms of fate, but at the same time, it also represents a fiery temper and a lack of patience."

“Yes, yes, yes! This is me! It’s me!”

Looking at Lin Shiyun’s amazing expression, Jiang Jiang Beiran couldn’t help but think back to the girls in class who were discussing astrology. They were exactly the same.

‘The Seven Killing Stars in your horoscope are too strong. When the yen weakens, it will be restrained by the Seven Killing Stars, which will be disadvantageous to the Fate Master...’

Before Jiang Beiran could finish, Lin Shiyun said nervously, “Ah? Then what should I do? Teacher, please teach me!”

“I’ve already said that if the Seven Kills is too heavy, you will need another seal to balance your fate. From there, you will release the two of the Seven Kills and at the same time help the yen. Killing does not leave the seal, the seal does not leave the killing, killing the seal gives birth to each other, fame is prominent.”

“For someone like you who has a pattern of killing in your eight characters, you are decisive in killing. Once you balance your fate, you can establish your destiny and achieve great things. This is what you have been looking for, right, Miss Lin?”

‘Establishing destiny, achieving great things... To establish destiny and achieve great things...’

These six words kept repeating in Lin Shiyun’s mind, making her head buzz.

Chapter 462: Killing Seals (2)

Why did she keep looking for the blessed land and grotto-heaven? Wasn’t it all for the sake of soaring into the sky! She didn’t want to be a mascot at home either. She also had dreams and goals, but no one understood her. Be it her father, her brother, her younger brother, or even the younger generation in the family, they all treated her as a playful person who had nothing to do all day.

But today, someone finally saw through her facade and understood her innermost thoughts.

Lin Shiyun was so excited that she didn't know how to express her emotions, so she stood up and bowed to Jiang Beiran.

"Master, please enlighten me. How can I obtain my seal to achieve the balance of fate?"

"Balance is not something that can be achieved by doing one or two things. As the saying goes, killing without seal will reduce literary grace, and killing without seal will reduce prestige. Killing with seal is a combination of strategy and martial arts. Many Seven Slaughter Seal practitioners are talents in governing the world. However, killing with seal is just a very general statement. There are many specific situations in the Eight Characters."

"Sir, can you teach me some more?"

"The Seven Slaughter Box and the seal are on the same branch. Since the Seven Slaughter Box and the seal are from the same root and reveal the Heavenly Stems, it is the best pattern. However, I am only helping you to read your fortune, which is to tell you your fate. As for changing the pattern, it is against the heavens and you have to pay a huge price."

"What price? Teacher, just ask. I can give you anything!"

Looking at Lin Shiyun's fanatical expression, Jiang Beiran was certain that she was now a fanatical religious person. He only needed to teach her a little more and she would probably be able to do whatever he wanted.

"Alright, since you've said so, I'll give you two conditions. If you can do it, I'll make an exception and change your fate."

"Thank you, Master!" Lin Shiyun knelt on the ground and shouted.

"There's no need for that. Now, remember, I need two things. One is the Two

Elements Secret Feather, and the other is the Emperor Gu.”

Seeing that the system didn't give him any options when he mentioned the Two Elements Secret Feather and the Emperor Venomous Worm, Jiang Beiran guessed that he must have already subdued Lin Shiyun, so there shouldn't be any more trouble if he let her go now.

On the other side, Lin Shiyun fell into deep thought after hearing the two items Jiang Beiran had mentioned. However, she quickly nodded and said, “Please rest assured, Master! Even if I have to give everything I have, I will definitely bring these two things for Grandmaster.”

“It's for yourself.” Jiang Beiran smiled.

“Yes! It was my slip of the tongue, please forgive me.” Lin Shiyun said fearfully.

Looking at Lin Shiyun's fearful expression, Jiang Beiran suddenly realized that fortune-telling was indeed a good profession that could intimidate people. Moreover, as a special attribute point, divination was a superpower in this world. It was not even included in the 16 Arts of the Celestial Sect of Wonders. It was so high that it should be quite intimidating even to some high-ranking people.

In the following period of time, Lin Shiyun's attitude towards Jiang Beiran had obviously become much more respectful. If she had only listened to him because she was afraid of him, then now she was completely obedient because she admired him. If it wasn't for the fact that she was afraid that her niece would suddenly go berserk, she would definitely have gone up and massaged Jiang Beiran's back.

Meanwhile, Jiang Beiran, who had already completed all his plans, was feeling rather bored. Other than looking at the black mirror to understand the battle on the screen, he would also take care of the mowers and plants.

After dinner, Lin Shiyun was just about to wash the dishes when Jiang Beiran suddenly took out a huge template from his Cosmos Ring. There were some colorful drawings on it.

“What is this?” Lin Shiyun asked curiously.

“It’s a gambling method called the simulated martial arts world.. Do you want to play a few rounds?”

Chapter 463: Drawing Inferences from One Instance

After spending two months, Jiang Beiran had crafted six Peerless Grade weapons in one go.

The first one was given to Lin Yuyan.

The White Mist Sword was forged from precious materials that had already transformed or advanced due to the wood spiritual energy. It already contained a large amount of wood spiritual energy, and with the addition of the wood spiritual energy that was infused into it during forging, Jiang Beiran judged that the White Mist Sword should be able to easily awaken its spiritual intelligence.

Sure enough, the truth was as he had expected. In just two weeks, the White Mist Sword successfully gained intelligence and became a magic treasure with an artifact spirit.

This efficiency was ridiculously fast.

!!

Unfortunately, Peerless Weapons were not as easy to forge as cabbages. They could be forged just because they wanted to, especially when it came to high-level magical equipment. It would consume a lot of materials. Jiang Beiran had already used up more than half of the materials to forge these six Peerless Weapons. As for the most precious ones left, Jiang Beiran planned to think about it carefully before forging them in the future.

Besides, Jiang Beiran wasn’t going to sit around idly. Since he had already discovered that Wood Spiritual Qi could be used to forge weapons that could easily activate spiritual intelligence, he would naturally draw inferences from one example.

The quality of the spirit pills refined in the space filled with pure wood spiritual qi would definitely be better than those refined outside. The talisman paper drawn should also be stronger than ordinary ones, and the effect of the wine brewed would definitely be better...

“It’s just that it takes too long to brew wine...”

Jiang Beiran couldn’t help but glance at the Heavenly Eye Formation. On the screen, the thirteen Profound Sages had already reached the clouds. With a wave of their hands, the wind and clouds changed. Lightning flashed and thunder rumbled, and a fight between immortals appeared.

However, although these thirteen Profound Sages had been fighting for more than half a year, none of them had shown any signs of being in a sorry state. Not to mention getting injured, not even a crease had appeared on their clothes. It was as if they had been drinking tea and chatting for more than half a year.

Jiang Beiran had watched them for a long time and gradually understood that those who could advance to the Profound Sage Stage had to develop their morals, intelligence, physique, beauty, and labor in an all-round way. They had to emphasize the integration of offense and defense. The stronger their offensive ability was, the stronger their defensive ability would be.

It was like thirteen Level 18 champions with full tank equipment. No one could do anything to the other.

In addition, there weren’t only thirteen Profound Sages at the beginning. Four of them ran away after fighting. It was unknown if they had an epiphany or something else.

After that, these old monsters would occasionally stop for a while as if they were discussing something.

” These old monsters can’t be treating this battle as a Forum Conference, right?”

Although Jiang Beiran was not in a hurry to leave, the feeling of uncertainty still made him uncomfortable. After all, he liked to make plans before doing anything.

Seeing the Profound Sage who Lin Shiyun called Venerable Wu Xiang in the Heavenly Eye Array attract two meteorite-like lava with one move, the half-naked Profound Sage who was covered in all kinds of tattoos and called King Jiuyao by Lin Shiyun directly welcomed the two meteorites.

After all the Chasers on his body lit up, he punched out. Following that, the two lava balls that had the power to destroy the world instantly shattered and turned into small particles at a speed visible to the naked eye. In the end, not even powder was left behind as they disappeared into the sky.

‘Ridiculous...’

Although brewing wine took time, he still decided to brew it first. After all, who knew how long these old monsters would fight? If they fought for another year, wouldn’t he regret it?

Moreover, even if these old monsters finished brewing halfway, the effect of this spiritual wine would definitely be better than the ones outside.

Therefore, under the circumstances where he would not lose anything, Jiang Beiran only had one choice.

“Damn it!”

After crushing the Myriad Spirit Fruit, which had already been ripened and advanced by the Wood Spiritual Qi, the fragrance alone made Jiang Beiran feel refreshed. An indescribable power began to surge in his body.

‘Using this spiritual fruit to make wine...He would probably have to brew a jar of immortal wine.’

When he thought about the pills that he would be refining later, Jiang Beiran could not help but sigh at the power of the Five Elements Spiritual Pulse. It was no wonder that the strongest cultivators on the continent had gathered here to fight for it. In his previous world, this thing was probably more precious than oil fields.

On the other side, Lin Shiyun was no longer surprised when she saw Jiang Beiran clearly planning to brew wine.

After all, she had seen too many of Jiang Beiran’s abilities along the way. It was as if there was nothing in this world that he could not do.

After spending half a year together, Lin Shiyun was no longer as reserved as before. Towards Jiang Beiran, he no longer felt as unfamiliar as before, nor did he feel any fear towards him after that. The only thing he felt now was a strong sense of worship.

“Master... In the past...”

“Don’t ask. If you ask, I won’t answer you.” Jiang Beiran said without lifting his head.

“Sigh...”

Sighing lightly, Lin Yun had thought that she and Jiang BeiRan were already close, but every time she wanted to know more about him, Jiang Beiran’s attitude was like a wall blocking her outside, making her feel helpless.

Just as Lin Shiyun was thinking about how to change the topic, she suddenly felt a gust of sword wind coming from behind her. She was so shocked that she quickly dodged forward.

Turning around, he saw Lin Yuyan holding the White Mist Sword and smiling, “I’m sorry, Auntie. The place is small, and the sword accidentally danced to your side.”

Without waiting for Lin Shiyun to speak, Jiang Beiran spoke first, “You’re out of the circle.” Chapter 464: Drawing Inferences from One Instance (2)

“I’m sorry, Senior Brother, I didn’t notice. “Lin Yuyan obediently retreated into the circle after she finished speaking, but her eyes were still staring at Lin Shiyun.

Taking a deep breath, Lin Shiyun suddenly walked towards Lin Yuyan and said, “Girl, your sword technique is just average. Why don’t I teach you a few moves?”

Lin Yuyan’s eyes suddenly opened.” Auntie, are you serious?”

Lin Shiyun didn't look away at all. She looked straight into Lin Yuyan's eyes and replied, "Of course I'll be serious when teaching my niece." Lin Yuyan grinned. "Auntie, if that's the case, I'll have to be serious too."

"Of course, you can't learn it if you don't take it seriously."

For a moment, the Mystical King level mystical Qi and baleful Qi collided in the air, but they were quickly separated by Jiang Beiran's "no nonsense"

Walking to a corner of the cave, Lin Shiyun suddenly felt her cheeks burning.

'What did I do just now...She actually bullied her niece, but... However, it was her fault. She really wanted to stab me with her sword. If I didn't discipline her properly, God knows how much trouble she would cause in the future. I'm just helping Big Brother control him, I don't have any other intentions.'

Three months later.

Jiang Beiran was holding a piece of jade and studying it carefully.

In the past three months, he had already brewed wine, refined pills, and drawn talismans. Now, he was ready to start conquering the jade slip.

Jade slips were actually books for cultivators.

Not only could it store words, language, but it could also store divine sense.

Therefore, most cultivators still used bamboo slips or letters to transmit information.

With the development of the jade chip, it was soon developed with even more advanced functions.

True Intent Jade Slip.

Not only did it have all the functions of an ordinary jade slip, but it could also store the mystic conscious and spiritual pressure of an expert.

For example, if a jade slip stored Mystique Venerable Rank spiritual pressure, then the moment this spiritual pressure was released, even a Mystic Sect would be temporarily persuaded to retreat.

Of course, a jade slip that could store Mystique Venerable Rank Spirit Pressure definitely had extremely high materials and production requirements. It was impossible for ordinary people to have it.

For smart cultivators, it was a basic operation to draw inferences from one instance. Since the jade slip could store mystic conscious and spiritual pressure, which could be materialized, then cultivation techniques and moves could naturally be stored in it.

After a long period of development, the technology to store moves in jade chips was successfully developed.

Jade Refining had also successfully separated itself from refining weapons and became one of the 16 Arts of the Celestial Sect..

Chapter 465: Heaven Grade Jade Slip

After spending two months, Jiang Beiran had crafted six Peerless Grade weapons in one go.

Without waiting for Lin Shiyun to speak, Jiang Beiran spoke first, "You're out of the circle."

Chapter 466: Heaven Grade Jade Slip

One after another, bright red spicy dishes were served on the table. Lin Shiyun no longer cared about her modesty. She held a spoon in her left hand and chopsticks in her right hand, eating heartily.

After scooping a bowl of rice, Jiang Beiran sat down at the table and began to savor his cooking.

Chewing the chicken in his mouth, Jiang Beiran pondered over what he should do next.

Be it forging, alchemy, or drawing talismans, Jiang Beiran had left behind the most precious and highest-grade materials.

Initially, Jiang Beiran would never have practiced them, because it would be too wasteful to use them without sufficiently advanced crafting tools

Especially the Peacock Cauldron that he had brought. After being "soaked" in the wood spiritual energy for so long, it was simply twice the result with half the effort when used to make recovery medicine. If it was given a grade now, it would probably be able to complete the triple jump.

Now that his crafting tools had been upgraded, Jiang Beiran's mind was filled with excitement. After all, no matter how precious these materials were, they couldn't possibly be more precious than this opportunity. A space filled with Wood Spiritual Qi was definitely something that could only be found by chance. God knows when the next opportunity would come.

He would have the opportunity to obtain these materials again.

Therefore, after a brief moment of consideration, Jiang Beiran made a decision.

“Damn it!”

While Jiang Beiran was deep in thought, Lin Shiyun had already finished half of the dishes on the table. When she saw Jiang Beiran’s chopsticks pause for a moment, she said in embarrassment, “I’m sorry, Master... It’s too delicious.”

“It’s good that you like it. You’re welcome. If there’s nothing else, I’ll go make some more.”

“Master is so good.” As Lin Shiyun spoke, she picked up a piece of fish and placed it in Jiang Beiran’s bowl. “Master, I saved this piece of fish belly meat especially for you.”

“Thank you.” Jiang Beiran nodded with a smile and lowered his head to eat.

Sneering, Lin Yun was about to continue eating when she suddenly pulled out her sword and slashed backward.

“Clang!”

The White Mist Sword that was blocked let out a sword cry. One could actually hear a sense of regret.

Lin Yuyan smiled when she saw her aunt looking at her. “Auntie, you know that

White Mist is just a little mischievous. It’s just joking with you.”

“Is that so? Then I’ll play a joke on it too. “Lin Shiyun was just about to activate her mental technique when she saw Jiang Beiran beckoning the White Mist Sword with his finger.

The White Mist Sword, which was ready to strike, immediately flew toward Jiang Beiran and rubbed against his body.

Lin Yuyan, who felt as if she was rubbing against her senior brother, cried out and fell limply on the dining table.

Patting the tip of the Cloudmist Sword, Jiang Beiran smiled and said, "Don't mess around while eating."

The tip of the White Mist Sword bent twice as if it was nodding.

'Magical treasures are interesting.'

After letting the White Mist Sword return to Lin Yuyan's arms, Jiang Beiran continued to eat the food in his bowl.

After the meal, Lin Shiyun started to clean up the dishes while Lin Yuyan approached Jiang Beiran and said, "Senior Brother, I have a question that I would like to ask you."

"Speak."

"The demonic beast sealed in my body has been especially active these few days. Could it be that the wood spiritual energy has seeped into the circle?"

Now that Lin Yuyan knew that her senior brother knew about her secret, there was no need to hide it anymore.

"Active?" Jiang Beiran extended his hand and made a few hand seals on Lin Yuyan's body before saying, "It's impossible for the Wood Spiritual Qi to seep into your circle. As for the reason why the demonic beast in your body is so active, it should be because it wants to absorb the Wood Spiritual Qi in the White Mist Sword."

“So it turns out that this is the case.” Lin Yuyan nodded. “Is that important?” “Let’s leave it at that for now. Currently, the demon beast in your body shouldn’t have taken advantage of the

Chapter 467: Sudden Arrival

“I want to use the North-pointing Needle to advance four squares.”

As the shadow of a pocket watch appeared, Lin Yuyan picked up her Xiao Longnu and moved forward four squares, colliding with Lin Shiyun’s Vicious Emperor.

“Did you come here to die? Then I won’t be polite.”

Lin Shiyun smiled and picked up her five item cards.

“Hiss hiss hiss...”

!!

Lin Yuyan bit her little finger and said, “Aunt, you won’t have any chance of winning.”

Seeing that the battle was about to break out, four options suddenly popped up in front of Jiang Beiran.

[Option 1: Continue playing. [Completion Reward: Heavenly Dao Secret Scroll (Heaven Grade Low-Rank)]

[Option 2: Leave the array and escape to the west. [Completion Reward: Miraculous Book of the River (Earth Grade Mid-Rank)]

[Option 3: Dive deeper underground. [Completion Reward: Intentionless Sword Scroll (Earth Grade Low-Rank)]

[Option 4: Reinforce the defensive array. Random basic attribute point +1]

Jiang Beiran's eyes widened as he turned his head to look at the Heavenly Eye Formation. He saw that Venerable Wu Xiang was condensing a ball of silver-white light in his hand. Although Jiang Beiran did not understand what kind of move it was, judging from the solemn expressions of the Profound Sages around him, this move should be quite powerful.

'Hey! Were you serious when you took that step back??'

Jiang Beiran was sweating profusely when he saw a Profound Sage taking a step back. He had been watching this battle for an entire year, but he had never seen these Profound Sages act so cautiously.

There was no time to think. Jiang Beiran ran to the formation's eye and took out all the Earth Spiritual Stones he had.

Seeing that her senior brother was so nervous, Lin Yuyan put down her card and stood up." Senior Brother, what's wrong?"

"Go hide at your aunt's place, there's big trouble coming."

When she heard her senior brother say the words 'big trouble', Lin Yuyan knew that it was definitely something that she couldn't help with. She obediently hid in her aunt's arms, but her eyes were filled with worry as she looked at her senior brother.

Looking at Jiang Beiran's serious expression, and then at the silver light that was gathering in Venerable Wu Xiang's hand in the Heavenly Eye Array, Lin Shiyun seemed to understand what Jiang Beiran was worried about.

However, she did not panic because she knew that this man in front of her could protect her. Even if she really could not protect him this time...

Standing in the center of the formation, Jiang Beiran took a deep breath and took out five top-notch golden talisman papers from his Cosmos Ring.

[Mountain Suppressing Talisman],[Yuanjia Talisman],[Dun Jia Talisman],[Acalanatha Talisman], and [Five Elements Transformation Talisman]

The first three talismans had the effect of increasing defense. The Mountain Suppression Talisman was used to block spiritual pressure, the Original Armor Talisman was used to block physical attacks, and the Dun Jia Talisman was used to block mystic qi attacks.

The latter two were the best defensive formations Jiang Beiran had. The Acalanātha Mantra could draw in the Power of Heaven and Earth to help block attacks, while the Five Elemental Transformation Talisman could reverse the five elements and weaken all kinds of attacks.

“Go!”

Jiang Beiran waved his finger, and five golden talismans flew towards the various nodes of the Heavenly Wind Silver Rain Formation.

Jiang Beiran couldn't help but complain in his heart as he watched the silver glow in the hands of Venerable Wu Xiang in the Heavenly Eye Array grow brighter.

” Go up and interrupt the casting! Just watch him accumulate power!

However, Jiang Beiran's hands did not stop moving. He quickly arranged the thirty-six Earth-grade spirit stones according to the Tiangang Formation, then took out the Wishful Fortune Pot and conjured five defensive magic tools to insert them into the sky, earth, wind, dragon, and tiger positions of the formation.

After completing all this, Jiang Beiran suddenly felt the space around him shake violently.

“As expected, the big guy is here.”

In the Heavenly Eye Array, Venerable Wu Xiang threw out a silver bead that had condensed in his palm.

Although Jiang BeiRan had seen this thing through the mirror, he still felt his body tremble, and a sense of fear that he hadn't felt for a long time arose.

Without further preparation, Jiang Beiran immediately formed two hand seals and chanted.

"There are four dogs in the sky to guard the four realms."

"I have four dogs to guard the four corners."

"Use the city as a mountain and the earth as a river."

"The five elements cannot be done, and the kings cannot be harmed!"

As soon as Jiang Beiran finished speaking, the silver pearl floating in the air suddenly exploded.

In the next second, it was as if there was only silver left in the world.

"Hualala..."

The moment the silver pearl exploded, the five golden talisman papers simultaneously erupted with their own light, forming layers of shields. At the same time, the Heavenly Wind Silver Rain Formation was fully activated with the support of the thirty-six Earth Grade spirit stones. In an instant, silver "rain" poured down.

The Heavenly Wind Silver Rain Formation was a top-notch defensive formation that Jiang Beiran had mastered. The moment it was hit, the formation would turn all the impact into silver rain and absorb it in a scattered manner. It had a very strong ability to absorb the impact.

Even so, Jiang Beiran could still feel the Heavenly Wind Silver Rain Formation being pushed to the brink of collapse.

“What the f * ck is this ultimate move...”

Sensing the violent turbulence in the cave, Jiang Beiran, who had already used up all his treasures, had no other choice but to continue guiding the Earth Grade spirit stones to reinforce the Heavenly Wind Silver Rain Formation.

“Buzz!”

All of a sudden, Jiang Beiran felt a loud boom in his head. At the same time, the cave was being squeezed inwards.

“Oh no!”

Jiang Beiran, who knew that this was a sign that the formation was about to shatter, gulped. At the same time, a system notification popped up.

[Option 1: Rely on the array to resist. [Completion Reward: Heavenly Dao Secret Scroll (Heaven Grade Low-Rank)]

Chapter 468: Sudden Arrival (2)

[Option 2: Use the heaven-grade jade slip to absorb the aftershock. [Completion Reward: Random Basic Skill Point +1]

“The jade slip can be used like this?”

Jiang Beiran immediately understood why the system had asked him to create a Heaven Grade jade slip. He did not expect the jade slip to have such a way of using it.

After choosing the second option, Jiang Beiran immediately took out a Heaven-Grade jade slip from his Cosmos Ring and threw it into the air.

“Retract!”

!!

He gave an order to the Heaven Grade jade slip, and the Heaven Grade jade slip immediately emitted a green light.

Under the attraction of the green light, the silver energy outside the formation was continuously absorbed into the jade slip. At the same time, the pressure on the Heavenly Wind Silver Rain Formation was greatly reduced.

After the time it took to brew a cup of tea, the silver energy finally faded away. At the same time, the Heaven Grade jade slip that had been fully absorbed also fell back to the ground.

[Mission completed. Reward: Mysterious Mark +1]

Jiang Beiran heaved a sigh of relief when he saw the two completion notifications. Although he knew that the trust system would not be wrong, he had to admit that this time, he had indeed broken out in a cold sweat.

Feeling the tremors disappear, Lin Shiyun, who was hugging her niece tightly, looked up at Jiang Beiran and asked, "No... Are you alright?"

Jiang Beiran patted the dust off his body and smiled. "Yes, I'm fine for now."

"Senior Brother ~(Master ~)"

Hearing that everything was fine, the excited aunt and niece spread their arms and rushed toward Jiang Beiran.

[Option 1: Hug one of the girls alone. [Completion Reward: Heavenly Spider Strange Map (Earth Grade Mid-Rank)]

[Option 2: Hug both girls at the same time. [Completion Reward: Cloud Soul Poison Art (Earth Grade Low-Rank)]

[Option 3: Skillfully avoid the two girls. [Completion Reward: Random Basic Attribute Point +1]

“Ingenious or not.”

Jiang Beiran chose option three after he complained. At the same time, he dodged the two girls ‘pounce.

[Mission completed. Reward: Charm +1]

‘Tsk! Why did he become more handsome? So annoying!

Jiang Beiran was truly vexed when he saw that her charm had increased.

The two girls who missed at the same time looked at each other and acted as if nothing had happened before they retreated.

On the other side, Jiang Beiran had already looked at the Heavenly Eye Formation once again. He noticed that the Profound Sages in the sky were more or less in a sorry state. A few of their cloaks were torn, and a few of them had wounds on their hands.

‘F * ck...What kind of clothes were these Profound Sages wearing?’

Venerable Wu Xiang’s attack was obviously not aimed at him. In addition, there was a spirit vein underground. He must have restrained his strength and actually did not allow his move to seep into the ground. However, even such a residual wave required him to use all his means to block it. However, those Profound Sages in the sky who took this move head-on only suffered some damage to their image.

‘The might of a Profound Sage...How terrifying!

'Wait, they...Did they quarrel?

He watched as the Profound Sages in the Heavenly Eye Array surrounded Venerable Wu Xiang and pointed at him. Their mouths kept opening and closing. It was obvious that they were criticizing him.

'Could it be...'

Jiang Beiran immediately made a guess. At the same time, he started to use the Heart Returning Art to absorb the spiritual energy of the other party.

'As expected...The wood spiritual energy has become thinner!

He was hiding deep underground, and the Wood Spiritual Qi was pouring into his body from the cave. Jiang Beiran knew that he was not far from the Spiritual Vein.

Moreover, the power of that move just now was so great. The spirit vein itself did not have any powerful defensive power, so it was very normal for it to be destroyed.

'This prodigal old man...He knew that there was a spirit vein below, but he still released such a large AOE. He deserved to be scolded.'

In the Heavenly Eye Formation, the Profound Sages quarreled for the time it takes for half an incense stick to burn. Then, under Jiang Beiran's astonished gaze, they left.

'Is he so free and easy...'

Seeing the Profound Sages disappear in a flash, Jiang Beiran was at a loss for words.

The thing that they had fought for over a year was gone just like that. These Profound Sages actually didn't seem to care about it at all.

‘Could it be that they have gained something else in the past year?’

However, Jiang Beiran could only make a casual guess. After all, this “big movie” had finally come to an end. He would have to wait for the system to tell him when he could leave.

“Pack up and get ready to leave.”

Jiang Beiran shifted his gaze away from the Heavenly Eye Formation and began to collect the Earth Grade spirit stones on the ground.

When Lin Yuyan and Lin Shiyun heard that they were leaving, they shouted at the same time, “What? Are you leaving so soon?”

“Fast? Do you plan to live here forever?” Jiang Beiran turned around and asked.

Lin Yuyan replied shyly, “That’s good too.”

Jiang Beiran sized her up and nodded. “Alright, if you want to continue living, then continue living. I won’t remove the array formation.”

” What about Senior Brother?!”

“Go back.” Jiang Beiran answered while packing.

Chapter 469: Seeing the Sun Again

Being sandwiched between two Profound Sages, Jiang Beiran felt like his heart was about to explode.

Turning around, Jiang Beiran recognized the owner of the other voice.

‘The mysterious old man that Lin Shiyun mentioned...’

Although Lin Shiyun was knowledgeable, she didn’t recognize all the Profound

Sages who came this time.

For example, this old man who had suddenly appeared was one of them.

Without waiting for Jiang Beiran to bow, Venerable Wu Xiang smiled and said, “Who are you calling an old ghost?”

Jiang Beiran had goosebumps all over his body when he heard that. The reason for his goosebumps was not the content of the words, but the voice.

This voice was like a song, tender and alluring. Just listening to it made one imagine the image of a peerless beauty.

However, this voice didn’t belong to Lin Yuyan or Lin Shiyun. It belonged to Venerable Wu Xiang.

At this moment, Venerable Wu Xiang was no longer as old as before. With a shake of his body, he actually became a beauty with snow-white skin, a graceful figure, and an otherworldly beauty.

Just by standing there, she was like an orchid in the valley, as clear as a daffodil in the water, with a faint misty charm.

Amidst this stunning beauty, there was also a 30% dignity, 30% playfulness, and 40% otherworldly. It was as if she was not a mortal woman. Looking at her up close, there was a charm that seeped out from

her bones. She was born in the mortal world and did not eat fireworks. Her bearing was noble and elegant, making people not dare to look directly at her.

'Looking up at the green mountains, looking back at the distant evening clouds.'

Jiang Beiran couldn't help but recite a poem in his heart. He had seen so many beautiful women since he came to this world, but in terms of temperament, none of them could compare to the one before him.

She was like a fairy who had fallen into the mortal world.

She was no longer wearing the Taoist attire she had worn before. Instead, she had changed into a white muslin quilt, giving off a clear and transparent feeling. There was a light purple muslin belt on her shoulders, which fluttered without any wind. She looked exactly like the fairy image that Jiang Beiran had imagined.

'Good fellow...Was this the reason why she was called Venerable Wu Xiang? What about the living?

If it weren't for the fact that there were only five people in the cave and that he had not seen her during the long battle, Jiang Beiran would have found it hard to believe that the white-haired old man had suddenly turned into a fairy.

The other mysterious old man did not show any surprise after seeing Venerable Wu Xiang's transformation. He only smiled and said, "How do you plan to deal with these juniors?"

"Why? Do you want to butt in?" Venerable Wu Xiang asked.

"There's no such thing as first come, first served. Why am I the one who has to interfere?"

"I'm too lazy to argue with you." Waving his hand, Venerable Wu Xiang first glanced at Jiang Beiran, then looked around and said, ""To be able to hide under our noses for so long, you're indeed a young hero. How old are you?"

“Reporting to Senior, Junior is twenty-one years old.”

“Twenty-one?” Venerable Wu Xiang and the mysterious old man were stunned at the same time.

Then, Venerable Wu Xiang suddenly appeared in front of Jiang Beiran like a

ghost and pressed his hand on his chest.

“It’s really 21!”

Venerable Wu Xiang was one of the top powerhouses in this mainland. There were countless geniuses and talents in the sect, but it was her first time seeing someone like Jiang Beiran.

He was only twenty-one years old, yet he was able to set up these three great formations, and each of them was a top-notch formation.

Otherwise, he wouldn’t have been able to hide under their noses for so long.

The other thing was...

He actually survived that move.’

The move that Venerable Wu Xiang had just used was called the Hunyuan Sacred Roar. It was a move that she had just comprehended, so she tried to use it.

As an attempt, some loss of control was naturally inevitable. Although she had tried her best to prevent the explosion of the Mixed Element Pearl from affecting the spirit vein, it was a pity that things did not go according to her wishes.

Jiang Beiran must have been within the blast radius. The fact that he had survived was enough to prove how capable he was.

After sizing up Jiang Beiran, Venerable Wu Xiang looked around again, and the surprise on his face grew even more intense.

“Your cultivation is only at the fifth level of Qi Refinement?”

“I’ve made a fool of myself in front of Senior.” Jiang Beiran cupped his hands.

“Interesting.” Venerable Wu Xiang retracted his hand.” Who did you learn from?”

But before Jiang Beiran could reply, Venerable Wu Xiang waved his hand and said,“”Forget it, it’s not important. From today onwards, you’re my disciple.”

The moment Venerable Wu Xiang’s words left his mouth, everyone present was shocked.

“Is he that domineering?”

Jiang Beiran had just sighed in his heart when three options popped up.

[Option 1: Become Venerable Wu Xiang’s disciple. [Completion Reward: Yanluo Sword Record (Earth Grade Top -Rank)]

[Option 2: Thank Venerable Wu Xiang for his kindness and inform him that he already has a master. [Completion Reward: Random basic attribute points +]

“Hiss...”

Jiang Beiran gasped inwardly. Option 2 was undoubtedly not giving this Venerable any face at all. It was normal for him to be killed by the Venerable so easily.

However, Jiang Beiran had seen too many abnormal things, so he quickly chose to answer the second time, "Thank you for your kindness, Venerable One, for accepting this junior as your disciple. However, this junior already has a master and definitely doesn't dare to join others."

[Mission completed. Reward: Strength +1]

Hearing Jiang Beiran's answer, everyone in the industry was shocked.

'He actually disrespected a Profound Sage

Chapter 470: Seeing the Sun Again (2)

But soon, Lin Yuyan revealed an infatuated look.

'As expected of the man I like. He's just so different.'

Venerable Wu Xiang was also obviously choked. She had been high and mighty for so long, and it had been a long time since she had experienced this feeling of being rejected.

"You know who I am and you still dare to reject me. You're really bold." Wu Xiang Knight said with a smile.

"How would I dare to reject a Venerable? It's just that my master has strict rules and doesn't allow..."

Without waiting for Jiang Beiran to finish, Venerable Wu Xiang said, "Who is your master?"

Just as Jiang Beiran was thinking about how to answer, the mysterious old man suddenly said, "Since he has no intention of becoming your disciple, why do you have to be so aggressive?"

Glancing at the mysterious old man, Venerable Wu Xiang glared at him and said, "What does this have to do with you? Could it be that you also want to snatch my disciple?"

"I don't have such thoughts." The mysterious old man shook his head, then pulled Jiang Beiran behind him and said, "I just want to ask Fairy to give me face and let him do as he wishes."

Everyone who was shocked once again felt a little dumbfounded. Why was everyone not playing by the rules today?

Putting away his surprise, Venerable Wu Xiang looked at the mysterious old man and said, "You know this kid?"

"Yes, you can be considered a member of our family."

"Your family?" Venerable Wu Xiang narrowed his eyes. He wanted to question him, but he did not think that the old man in front of him would be disdainful to lie about such a small matter.

Jiang Beiran was even more confused after hearing that.

"Who are you?"

Jiang Beiran was certain that he had never seen this mysterious old man before, let alone a family.

'Are all Profound Sages so wild?'

After sizing up Jiang Beiran for a while, Venerable Wu Xiang reverted back to his old man form. "If that's the case, I won't waste my breath." Then, he looked at the mysterious old man and said, "You owe me a favor."

"Naturally." The mysterious old man nodded.

Looking back at Jiang Beiran, Venerable Wuxiang took a step closer to him and said, "Although I don't know what kind of little monster you are, since you are so interesting, I believe we will have the chance to meet again in the future.

When the time comes, you have to help me do something."

Although he could not quite understand Venerable Wu Xiang's logic, Jiang Beiran could not possibly go against a Profound Sage without the system's permission.

"I will do as you command."

"Alright, since I have your promise, I won't lose out. I'll go." After saying that, Venerable Wu Xiang instantly disappeared from the cave.

Seeing that Venerable Wu Xiang had left, Jiang Beiran turned to the mysterious old man and cupped his hands. "Thank you for your help, senior. I'm extremely grateful."

"Haha." The mysterious old man smiled kindly at Jiang Beiran and then disappeared.

'What the f * Ck...'

Jiang BeiRan, who had been feeling a little dazed today, was speechless. These Profound Sages were really too unruly.

It was simply ridiculous!

It took Lin Shiyun quite a while to recover from her shock. As if she had gotten

to know Jiang Beiran all over again, she sighed and said, "I didn't expect you to be acquainted with a Profound Sage. However, that's true. Only the Profound Sage Clan can produce a genius like you."

“A ghost is still okay.”

Jiang Beiran did not intend to explain himself. Although he did not know why the mysterious old man had said that, he felt that he was not spouting nonsense. After all, he had used a Profound Sage level favor in exchange for his freedom. He was not related to him, so why would he help him?

‘But I’ve never seen this person before...’

However, it was obvious that he had no intention of explaining to her. After settling the matter, he disappeared.

A mysterious one stood out.

Jiang Beiran, who couldn’t come up with any ideas, decided to give up. Anyway, he had made a killing this time. The newly awakened Wood Spiritual Meridian had allowed him to suck on it to his heart’s content, and he had even befriended two Profound Sages.

One of them wanted to take him in as a disciple, while the other directly regarded him as a clansman.

Not to mention the reason, at least they were all kind.

Since it was a bloody profit, there was naturally no need to calculate this mess.

He tried to leave the array again. This time, the system did not give him any options, which meant that there was indeed no danger.

This made Jiang Beiran certain that only these two Profound Sages had discovered him. This made Jiang Beiran start thinking again.

Venerable Wu Xiang was easier to understand. After all, he had survived her move, so it was normal for him to be discovered. As for the mysterious old man, he was more ferocious. In a situation where the

other Profound Sages did not discover him, he was the only one who had discovered him. This meant that he was far superior to the other Profound Sages in a certain mystic art or move.

“They’re all old monsters anyway.”

After confirming that they could leave, Jiang Beiran did not delay any longer.

He turned to the two girls and said, “Let’s go. You can go out now.”

The two girls were stunned when they heard this, and they revealed a reluctant look at the same time.

They really liked this kind of life.

But in the next second, Jiang Beiran had already led them away from the Heavenly Treading Formation.

“Hiss...”

The moment she came out, Lin Shiyun couldn’t help but gasp.

“When the other experts fight, they will raze everything to the ground. When these Profound Sages fight, they won’t even leave a flat ground...”

Before Jiang Beiran and the others had gone underground, this place had originally been a forest of hills. But now, even the ground had caved in, as if it had never existed.

Jiang Beiran called out Lin Yuyan and entered the clouds. But just as Lin Shiyun was about to enter the clouds, she suddenly saw a hand blocking her path.

“You don’t need to stay by my side anymore.”

Lin Shiyun was stunned, but she quickly understood what Jiang Beiran meant.

“But...Aren’t you worried that I’ll tell your secret?”

“You won’t tell me.” Jiang Beiran, who was confident because of the system, replied.

‘So...Has he already trusted me so much...’

For a moment, Lin Shiyun didn’t know if she should be happy or disappointed.

It took Lin Shiyun quite a while to recover from her shock. As if she had gotten to know Jiang Beiran all over again, she sighed and said, “I didn’t expect you to be acquainted with a Profound Sage. However, that’s true. Only the Profound
