

Won't Play 511

Chapter 511: A Trap!

“Big brother Wang, there are no traces of formations ahead.”

Wearing the MiRan that Jiang Beiran had given him, Lifucheng diligently sensed his surroundings.

Looks like the person who set up the formation is extremely confident in his ability to set up the formation.’

In a situation where one had the intention to set up a formation and wait for the enemy to fall into the trap, it was generally a basic operation for a large formation to cover a small formation.

Although the power of a set formation was not as powerful as a chain formation with the same formation core, it was still possible to use it reluctantly. Usually, the person who set up the formation would first set up a sensing formation similar to the Heavenly Touch Formation Formation Formation Formation, and then fill in the holes in the formation with a

bewitching formation to deal with those who had the ability to crack the formation.

Those who were more cautious would also consider that the bewitching array would be broken at the same time, so they would place another powerful array behind the bewitching array as a double insurance. Even if it was still broken, it would buy enough time.

However, the person who had set up the Heavenly Movement Ritual Formation was extremely confident. It seemed that he did not think that anyone could enter the formation he had set up silently, so he did not make any preparations.

“Since there’s nothing there, there shouldn’t be any more formations. Come back.”

Hearing his senior brother's call, Li Fucheng, who hadn't been able to play his role, was quite disappointed. After all, he felt that he might be able to help in this matter.

After summoning Lifu City back, Jiang Beiran headed deeper into the Crescent Valley. He had two objectives for coming to the Crescent Valley this time.

First, he wanted to see how big the battle formation was. Second, he wanted to go to the place where the precious jade was born and check to see if anyone knew about this place in advance like him. It would be easier to deal with it.

Walking in the valley under the moonlight, Jiang Beiran realized that there was no sentry post every three steps or five steps as he had imagined. It was strangely quiet.

However, thinking about it, it made sense. The person who set up the array was so confident. Since he had already set up the Heaven- touching Array Formation and did not make any preparations, why would he send a small fry to patrol? Wouldn't that show that he was not confident in his own sensing array?

" I like this kind of confident old brother."

Just as Jiang Beiran was moving forward without any obstructions, a figure suddenly descended from the sky. He quickly looked left and right before disappearing into the shadows.

Even though it was just a glance, Jiang Beiran could still recognize the person who was passing by.

Why is this silly girl here? What a sin..."

It was understandable that they had met Meng Sipei in the miasma last time.

After all, all the powerful people in the whole country were gathered there. However, it was too ridiculous to meet her in the country of Liang this time.

Jiang Beiran shook his head and thought to himself,”

“You arranged it, right?”

Although he had felt that something was wrong the first time Meng Sipei had smashed him, he didn't expect it to be this strange.

Jiang Beiran could not help but facepalm as he watched Meng Sipei darting around in the shadows.

Judging from the position Meng Sipei had come from, she definitely hadn't discovered the Heavenly Moving Formation at all. In other words, she must have been sensed by the person who had set up the formation, unless she had some kind of magic treasure that could block the formation like the Illusionary Sky Screen.

‘That’s right. After all, she’s a Mystic Emperor. She should have such a concealment magic treasure. Otherwise, with her rampaging manner, it should be very difficult for her to live to the Mystic Emperor realm.’

However, as soon as Jiang Beiran finished his thoughts, his Spiritual Power detected that the Heavenly Moving Body Array had been activated for a moment, which meant that Meng Sipei had already been “ captured ” by it.

‘What a talent...’

Meng Sipei didn't know that a large number of experts from the Liang Country were gathered here, but she didn't seem to know either. She obviously knew what had happened in the Crescent Valley.

But now that he knew, he came without any preparation? Could it be that she had a backup plan, or was she here to be bait?

Just as Jiang Beiran's scalp was tingling from the show, a long-bearded old man in a tent in the distance was also frowning, his face full of confusion. “Meng Sipei from the Sheng Kingdom?”

As a friendly neighbor of the State of Liang and the State of Sheng, the experts of both sides had naturally met before. Thus, Yin Xiuliang recognized Meng Sipei at a glance.

But why was Meng Sipei here? Why did she dare to barge in alone when she knew that the Crescent Valley was surrounded by experts?

“There’s a trap.”

Yin Xiuliang didn’t believe that Meng Sipei would barge in without any preparations. After all, although they had tried their best to keep the news under wraps, they could still find out that all the top sects in the country of Liang had gathered here.

As a dignified Mystic Emperor, how could she be so stupid as to give it away for

“Isn’t this ridiculous?”

Therefore, Yin Xiuliang decided to wait and observe what Meng Sipei was trying to do first.

In the Crescent Valley, Jiang Beiran and Lifucheng were following behind the extremely “cautious” Meng Sipei at an unhurried pace. Firstly, Jiang Beiran wanted to see how the experts of the Liang Kingdom would deal with Meng Sipei who had suddenly barged in.

Secondly, Jiang Beiran was rather touched by Meng Sihan’s fearlessness in the miasma last time. She had risked her life to protect him. If anything were to happen to her here, he would definitely feel guilty.

“What a sin!”

Meng Sipei soon finished exploring the entire Crescent Valley.

‘Strange...’

Meng Sipei frowned, feeling that something was wrong.

'Didn't they say that those old men came here...Why is the valley so quiet?

"There's a trap!"

Sensing that something was wrong, Meng Sipei stopped and looked around..

Chapter 512: There's a Trap!

Realizing that she couldn't stay here for long, Meng Sipei spread her wings and was about to leave when she felt two powerful auras flying toward her.

"Oh no!"

Meng Sipei, who had a bad feeling in her heart, quickly gathered her Celestial Chi and prepared to break out forcefully.

"Sect Leader Meng, long time no see. When did you come to my Country of Liang as a guest? Why didn't you inform this old master so that this old master could welcome you?"

Looking at the two figures who stopped in front of her, Meng Sipei cupped her hands and said,""Manor Lord Yin, Sect Master Lin, how have you been?"

After the formalities, Lin Renwu slowly landed on the ground. After sizing up Meng Sipei, he went straight to the I know what Sect Leader Meng is planning to do in the wilderness? Why don't you tell me? Maybe I can help." "Sect Master Lin naturally knows why I came here, so why ask?"

Seeing Meng Sipei so confident, Lin Renwu couldn't help but scratch his head. He was a little confused when he heard Manor Head Yin tell him that Meng Sipei was here.

“Did he eat the heart of a wolf or the guts of a leopard?”

She clearly knew that these mysterious sects were gathered here, yet she, a Mystic Emperor, still dared to come alone?

However, if she didn't have the guts of a wolf or a leopard, it meant that she had come here for something. That was why Lin Renwu didn't make a move directly and prepared to talk first.

Now that she saw Meng Sipei answer so confidently, she felt that she had come prepared.

While Lin Renwu was racking his brains, Meng Sipei was also thinking about how to rush out.

Lin Renwu, the Sect Master of Sky Thunder Sect, was a mysterious sect level expert like the Sect Master. He was definitely not her match. He could only think of a way to deal with her and think about how to escape.

However, as a citizen of the Sheng Kingdom, Meng Sipei wouldn't bend her

way to ingratiate herself just because she had fallen into a trap. At most, she would fight to the death!

While the two of them were chatting with their own goals, a few more powerful auras gathered in the air, probably because of the Celestial Chi that Meng Sipei had just condensed.

Meng Sipei, who sensed the aura, knew that if she didn't leave now, she wouldn't have another chance, so she instantly entered her Phoenix form and spread her wings.

Just as Lin Renwu was debating whether or not to take this woman down, Yin Xiuliang, who was behind him, suddenly shouted, “Cult Master, be careful! My formation was broken by some expert! We can't detect the intruder now.”

“There's indeed a trap! Retreat first!” Lin Renwu shouted and retreated with Yin Xiuliang.

Just as Meng Sipei was in a daze, a hand suddenly landed on her shoulder. Just as she was about to shake it off, she heard a voice that often sounded in her dreams.

“Don’t move, I’ll take you away.”

A sense of security instantly filled her entire body. Meng Sipei felt like a little girl who had found a safe harbor.

Chapter 513: Wronged

Silence, an extremely strange silence.

When the disciples of the various large sects of the Country of Liang arrived, they realized that their masters and sect leaders were not moved by their fearless support. Instead, their faces were all dark, especially the sect leader of the Sky Thunder Sect, Lin Renwu. His face was so dark that it was as if he had seen his wife cheating on him.

Seeing that the elders seemed to be in a bad mood, the juniors naturally did not dare to make a sound.

Thus, the valley was silent. However, there were still some disciples who could not help but be curious and discussed it through secret voice transmission.

“What’s going on? The expressions of the sect masters don’t seem right. Could it be that they’ve encountered some big trouble?”

“How is that possible? The most powerful experts of the Country of Liang are all gathered here. If even they can’t deal with it, then the Country of Liang will be destroyed.”

“Then maybe it’s a disaster of this level?”

“Bah, bah, bah, jinx.”

As the disciples were getting more and more confused, Yan Siyuan finally said, “Let our juniors disperse first. We can have a good chat about this matter.”

The other sect masters nodded in agreement and dismissed their disciples.

After all the disciples left, Yan Siyuan looked at Lin Renwu and said, “Blind Lin, can you give us a proper explanation now? Are you really blind?”

“Bullshit! Old Monster Yan, if you dare to say anything, I’ll tear your mouth apart!”

“Hey! You old baldy, you have quite a temper! Let me tell you! If this matter today gets out, we’ll all f*cking die. The best fighters in the country of Liang were so scared by a fart that they curled up into a ball and didn’t dare to go out for a long time. You’re f*cking shameless, but I want more!”

No matter how displeased Lin Renwu was with Yan Siyuan, he was speechless. After all, this matter was really embarrassing.

It could be said that Lin Renwu almost fainted the moment he walked out of the Brilliant Nether Array. He had to hold his breath to stand here.

“Say something!” Seeing that Lin Renwu didn’t speak, Yan Siyuan continued to shout, “You son of a b*tch, you weren’t so timid before. Why are you so cowardly this time? Hey, I’m talking to you. Who are you showing your face to?”

“Sect Leader Yan, please wait a moment.”

Just as the two of them were arguing, the head of Wuji House, Qiu Honglang, suddenly shouted.

“What? Cripple Qiu, you want to plead for this old man?”

“No.” Qiu Honglang shook his head, then looked at Lin Renwu and said, “Cult Master Lin, if I’m not old and muddle-headed, that Profound Sovereign aura that suddenly erupted just now should be that Meng Sipei from the Sheng

Kingdom’s Square Sect.”

“Yes, it’s her!” Lin Renwu said unhappily.

Hearing Lin Renwu admit it, Qiu Honglang suddenly narrowed his eyes. “Could it be that Sect Master Lin sensed that we were coming, so he was stalling for time so that the little girl could escape?”

Hearing this, Yan Siyuan became excited.

“That’s right! No wonder you’re acting so weird! As expected, he did not hold back his fart! Speak! What the f * ck do you want?”

When the other sect masters heard this, they also took a step back and stared at Lin Renwu with strange eyes.

“Bah! Qiu! Don’t you f * cking slander me! I admit that I was stupid this time! But don’t put a label on me!”

Yan Siyuan was furious! He had thought that Qiu Honglang was here to speak up for him, but he was even more ruthless than Yan Siyuan. He had directly killed his heart. Didn’t his words clearly mean that he had an affair with Sheng Guo? This was much more ruthless than calling him brainless.

Qiu Honglang wasn’t angry when he heard Yan Siyuan shouting at him. He continued to stare at Lin Renwu and said, “Sect Master Lin, your reaction is so big. Could it be that I’ve poked your sore spot?”

“Qiu! Are you f * cking stupid? Even if I really wanted to contact the Sheng

Kingdom, would I have called her here? I didn’t know you were all here!”

Qiu Honglang sneered." Who knows? Maybe you think that the more dangerous a place is, the safer it is? Why don't you explain to me why you didn't catch that girl and even stopped us here?"

As soon as he said this, the sect masters present took another step back and looked at Lin Renwu with increasingly strange gazes.

Yan Siyuan pulled out his Embroidered Dragon Three-ringed Saber and shouted,""Damn it! I didn't expect you to do such a stupid thing, humph! Just nice, today, I'll get rid of you, the scourge of the Liang Country!"

"If you want to fight, you can! Let's make things clear first." Lin Renwu then told him how he had discovered Meng Sipei, as well as everything that had happened to him.

"Bah!" Yan Siyuan spat." Are you lying to me?!" How could a peak Mystic Emperor be so foolish??"

"How could I have thought that she really f * cking barged in alone! None of you would understand!"

"I really don't understand." Qiu Honglang nodded." So someone must have lied." '

Qiu Honglang really felt that he wouldn't be able to clear his name even if he jumped into the Liang River. He pointed outside and said,"I'll call Yin Xiuliang over now and let him tell you if this is the case."

Yan Siyuan said disdainfully," Who in Liang doesn't know that Yin Xiuliang is your man?" Isn't it normal to speak up for you?"

"Old Monster Yan! Are you going to pour this basin of dirty water on me today?"

"Heh, then explain again.. Why didn't you inform us when you discovered that something was wrong with Meng Sipei? Why did you have to come alone?"

Chapter 514: Wronged

“I’m just afraid that this is a trap. I don’t want to bring all of you into it!”

‘ Oh,” Yan Siyuan nodded.” So we should thank you?””

Hearing Yan Siyuan’s sarcastic words, Lin Renwu became angrier the more he thought about it, because he also felt that this matter was getting worse.

The main thing was that he really didn’t expect Meng Sipei to be so stupid! Seeing that the other sect masters also had the urge to pull out their weapons,

“All of you...You guys... You guys...”

Along with the depressed feeling of being played, Lin Renwu felt a sweet taste in his throat and spat out a large mouthful of blood.

Yan Siyuan clapped his hands three times.” Master Lin, you’re really good at acting. How did I realize that you had such skills before?” Speak! What kind of f * cking collaboration did you reach with the Sheng Nation dog! If you don’t explain clearly, I’ll cut off your head right now!”

At this moment, Lin Renwu’s temper flared up. He shouted, “I’ve already said what I should say. It’s up to you to believe it or not!”

“Hey! You’re being unreasonable!”

Seeing that Yan Siyuan was about to attack, Qiu Honglang quickly reached out to stop him and said,””Sect Master Yan, don’t be anxious. This matter is of great importance. It’s better to investigate before making a decision.”

“Motherf * cker!” Yan Siyuan spat. “Cripple Qiu, are you even accurate?” You’re the one who said that there’s something wrong with him, and now you’re the one who wants to protect him! Whose side are you on?”

“This Lord is thinking for the sake of the Liang Country. In short, this matter should be investigated properly.”

Chapter 515: They All Want to Trap Me!_1

At the door of a house, Li Fucheng looked at Meng Sipei behind him and said, “Sect Master Meng, although this residence is a little old, in order to hide people... ‘

“I understand. Just bring me in.”

“This way please.”

Li Fucheng scratched his back as he walked into the house.

On the way back to the town from Crescent Valley, he could clearly feel Meng Sipei staring at him. He didn’t know whether it was intentional or not, but the pressure of a peak Mystic Emperor had made him feel as if a knife was on his back. His back was almost completely drenched in sweat.

He led Meng Sipei to a wooden door and pushed it open. “This is the bedroom. The daily necessities should be quite complete. Of course, if you need anything, you can tell me. I’ll get someone to get it for you immediately.”

Meng Sipei walked into the room and glanced around. She replied, “There’s no need to trouble yourself. I’m just staying for a few days, so there’s no need to worry.”

“It’s fine as long as you do what you want. Then you can rest first. I’ll wait at the door.”

Li Fucheng was about to close the door and leave when Meng Sipei shouted, “Wait.”

Li Fucheng could only maintain the posture of closing the door, thinking that what should come would eventually come.

“Is there anything else Sect Leader Meng needs to instruct me about?”

“I don’t have any instructions. You don’t have to be so restrained. I have some questions for you.”

“Please speak, Sect Leader Meng.”

“You and that senior...What is their relationship?”

Li Fucheng seemed to be prepared for this. He cupped his hands and replied, “Reporting to Sect Master Meng, Senior has instructed that if you ask about this matter, I can’t answer anything. If you want to ask, I can only...”

“Forget it, forget it. I also guessed that this would be the case. Then you should go and rest. You don’t have to guard the door for me.”

“This is Senior’s order, I dare not disobey. If you find me an eyesore, I can wait outside the door.”

“There’s no need for that. That’s it.”

“It’s not hard at all. Sect Master Meng, have a good rest.” After saying that, Li Fucheng closed the door.

Hearing the sound of the wooden door closing, Meng Sipei sighed at first, but then she laughed again.

No matter what, she should be a little closer to Senior.

Meng Sipei's heart warmed at the thought that her senior might have been secretly protecting her. She sat in front of the table with her hands supporting her chin, her feet shaking rhythmically from side to side under the table.

"I wonder what Senior is doing in the Liang Country..."

On the other hand, Jiang Beiran contacted Huo Hongfei as soon as he returned. Huo Hongfei was also very efficient and rushed over that very night.

"Greetings, Your Majesty."

In the familiar temple, Huo Hongfei bowed to Jiang Beiran.

"How's the matter of inciting chaos coming along?" Jiang Beiran asked straightforwardly.

"I've already started to do it. Three days...No, I'll definitely give Your Majesty a satisfactory answer within two days."

"There's no need- I've found a bigger mess for VOIL Von inst need to coonerate-"

"A bigger mess?" Huo Hongfei was stunned for a moment. He did not understand what kind of trouble the Emperor, who had just arrived, could cause.

"That's right." Jiang Beiran nodded, then told him about Meng Sipei and the plan he had come up with.

"This..."

Huo Hongfei was a little stunned. This surprise came too suddenly.

If it was really as the Emperor said, then this was definitely a good opportunity to turn the Liang Country upside down, even enough to hurt their bones.

Huo Hongfei glanced at Jiang Beiran in disbelief. He could feel fear from Jiang Beiran's calm face.

'What a terrifying character...'

In Huo Hongfei's heart, all of this was definitely not a coincidence. It was all arranged by the Emperor.

What Mystic Emperor who accidentally entered the Crescent Valley? How could there be such a stupid Mystic Emperor?

To be able to make a Mystic Emperor take such a huge risk to work for him, it could be seen how powerful this Emperor was and how many people he could use.

'As expected, the heavens are helping me. They actually sent such a powerful expert to help me take revenge. The Tan family... I want you to pay back this ten-year debt with interest!'

Seeing Huo Hongfei's expression change again and again, Jiang Beiran changed his sitting position and said, "I've already created an opportunity for you. You should be able to grasp it, right?"

"Rest assured, Your Majesty!" Huo Hongfei immediately cupped his hands. If I don't even know how to grasp such a great opportunity, then I'm not worthy of discussing cooperation with you. It's just that..."

"Just say it." Seeing Huo Hongfei's hesitant expression, Jiang Beiran waved his hand.

"Your Majesty, can you ask Sect Master Meng to cooperate with me?"

"Naturally."

"Thank you, Lord!" Huo Hongfei bowed and said,

After telling Huo Hongfei where Meng Sipei lived, Jiang Beiran stood up and said, "After we get there, if there's anything else you need help with, you can tell Fu Cheng."

"Yes, then I'll set off now."

"Go ahead."

After Huo Hongfei left, Jiang Beiran thought for a moment before disappearing from the temple hall.

"Bang!"

In the camp of the Sky Thunder Sect in the Crescent Valley, Lin Renwu picked up a cup and smashed it on the ground.

"I'm so angry!"

He had lost all his face today!

Yan Siyuan had even pissed on him, and he couldn't even talk back.

Thinking of this, Lin Renwu smashed another table with his palm.

Moreover, these were not the most important things. Qiu Honglang's words were what truly angered him.

"Damn it! If I want to kill you, do I need to cooperate with those Sheng dogs?" While cursing, Lin Renwu smashed another chair with his palm..

Chapter 516: They All Want to Trap Me!_2

The more Lin Renwu thought about it, the angrier he became. He couldn't help but think of Meng Sipei. He still couldn't figure out what that woman wanted.

It was obvious that she did not barge in recklessly. Otherwise, she would not have made such thorough preparations. Whether it was breaking Yin Xiuliang's Heavenly Touch Ritual Array or setting up the Youhuang Array in advance, it meant that she had come prepared.

'However, since she has such a brilliant formation master behind her, why would she rush into the formation so rashly...'

'Could it be to lure me over??'

Lin Renwu suddenly widened his eyes. The more he thought about it, the more he felt that this possibility was very high.

In Crescent Valley, there was only the Heaven-touching Ritual Formation that he had asked Yin Xiuliang to set up. In other words, after Meng Sipei entered, Yin Xiuliang would definitely report to him first.

'Luring me to meet Meng Sipei and then slandering me?'

He recalled how Qiu Honglang and Yan Siyuan were singing together.

"You want to join hands to trick me?"

Lin Renwu, who had been pacing back and forth for a few steps, suddenly stopped and raised his voice, "Come in!"

Following Lin Renwu's shout, Yin Xiuliang and another middle-aged man quickly walked into the tent and cupped their hands. "Master Lin."

Both of them knew that Lin Renwu had a bad temper today, so they had been waiting at the door and did not dare to come in. But now that they heard the call, they could only brace themselves and come in to listen to the order.

He asked someone to bring three chairs over. After Lin Renwu sat down, he crossed one leg and pressed his hand. "Sit down, sit down. You guys analyze this for me. Is someone trying to mess with me?"

After saying that, Lin Renwu told the two of them his thoughts.

Yan Wenguang was the second-in-command of the Sky Thunder Sect and was usually in charge of managing the sect's affairs, so Lin Renwu trusted him very much, so he looked at him immediately after he finished speaking.

Being stared at by the Sect Master, Yan Man-guang didn't hesitate. He frowned and replied, "If what you said is true, then this matter is indeed a little strange. Firstly, there is no reason for the Xuan Emperor of the Sheng Country to come to this Crescent Valley alone and deliberately expose himself. This is obviously with a purpose. Moreover, the other two sect masters know that only you have set up a perception array in this valley, so they will definitely go and take a look before them..."

"Yes!" Lin Renwu slapped the armrest. "That's exactly what I thought! These two don't have buttocks! They must have tricked me!"

At this moment, Yin Xiuliang nodded and said, "Master Lin, actually, I have something to tell you."

"Speak!"

"At that time, I was in a hurry and didn't notice it, but after I checked, I found out that my Heavenly Movement Ritual Formation was destroyed from the inside, which means that person was already inside the formation."

"What do you have to say?" Lin Renwu frowned and asked.

Yin Xiuliang cupped his hands at Lin Renwu and replied, Reporting to Sect Master, although I dare not say that no one in the Liang Kingdom can break through the Heavenly Moving Formation Formation that I have set up, there is definitely no one who can discover it in advance and enter the formation silently. Therefore, my thoughts are... The person who broke the array is already inside."

"You mean..." Lin Renwu touched his chin." It's those two old things who have capable subordinates!?"

Yin Xiuliang shook his head." There's no need for a capable person. The biggest advantage of the Heavenly Moving Formation is that it's extremely difficult to detect after it's set up. At the same time, this is also its greatest value. However, Yan Siyuan and Qiu Honglang both know that I've set up this formation, so I only need to find someone who's proficient in formations to crack this formation from the inside."

Lin Renwu's face darkened." Are you sure that someone didn't sneak in from outside?"

Upon hearing this, Yin Xiuliang stood up excitedly and shouted, ""Master Lin, I've spent my entire life researching formations. The Heavenly Movement Formation that I've set up is something that no one in the Liang Country can discover from the outside. Of course, there's no one in the Sheng Country who can do it!"

"Motherf * cker!"

Lin Renwu slammed the table and stood up. "Two old bastards! You joined forces with the Sheng Kingdom to frame me and even poured dirty water on me! I'll kill them now!"

"Sect Master, please wait! "

Seeing his sect master look like he was going to fight to the death with someone, Yan Wenguang hurriedly blocked in front of him and shouted.

"What are you doing!" Lin Renwu roared.

"This matter has a huge impact. Sect Master, please calm down first and let me analyze it for you."

“What’s there to analyze? Those two old dogs are clearly trying to trick me!”

“Yes, sir! “This is confirmed. However, we still have to analyze why those two people are doing this and whether they really want to join forces to deal with us. If that’s true... Sect Master, we still have to think of a foolproof plan.”

After hearing Yan Wenguang’s words, Lin Renwu calmed down a little. He sat back on the chair and said, ““Alright, then analyze what those two old dogs are up to!”

Seeing that his sect master was stopped, Yan Wenguang heaved a sigh of relief and said, “First, why did the two of them join forces? In my opinion, it’s very likely because of the treasure that’s about to appear.”

Chapter 517: There’s a Snitch

The dark clouds pressed against the sky, and it was so heavy that it seemed like it was about to fall. Looking at the white light that flashed from time to time in the clouds, the townspeople were in a hurry. They all wanted to rush home before the storm.

Amidst the hurried pedestrians, a long-bearded old man was leisurely walking on the street.

The old man walked unhurriedly to the front of an inn. He glanced at the signboard and strode in.

Under the guidance of the waiter, the old man quickly arrived at a heaven-class private room.

After the waiter closed the door and left, a middle-aged man who had been sitting inside immediately stood up and bowed to the old man, “Greetings, Master Lin.”

Taking off his cloak, Lin Renwu frowned and said, ““Why didn’t you say it in the valley? Why did you have to come to this inn?”

He took out a charm and lit it up. Yin Xiuliang replied: "Reporting to Sect Master Lin, this subordinate has already set up a formation here."

"What are you trying to say? Why are you being so mysterious?" Lin Renwu sat in front of the table and asked.

"The reason why this subordinate invited Cult Master to meet here is because I was worried that someone in your cult would see us."

"Someone with intentions?" Lin Renwu's expression became even stranger. "What do you mean?"

He bowed to Lin Renwu and replied, "Then this subordinate will be straightforward."

Looking at Yin Xiuliang's hesitant expression, Lin Renwu shouted, "Tell me! Why are you dawdling?"

"This subordinate suspects that there is a traitor in the sect."

"Continue." Lin Renwu said with a gloomy expression.

It was normal for there to be spies in the sect. Which sect would not have spies from other sects?

However, since Yin Xiuliang had brought up this matter alone, it meant that this spy was definitely not an ordinary disciple.

"Master Lin, do you still remember Yan Qi?"

"I remember. You secretly taught that disciple, right?"

“That’s right. A few years ago, when you asked me to send some people to Wuji House, I sent him there. Now, he’s an array master in Wuji House. Although his position isn’t high, he knows a lot of things. Because I asked him to secretly modify their mountain-protecting array, he can hear many things that others can’t.”

“Your disciple is quite capable.”

The Protective Mountain Array was an array formation that every large sect attached great importance to. To be able to secretly tamper with it, one was definitely quite capable.

“Thank you for your praise, Cult Master.” After thanking Lin Renwu, Yin Xiuliang continued, “When I went to ask him this time, he said that he accidentally overheard a conversation. He didn’t know what was going on at first, but now he somewhat understands.”

“What words?” Lin Renwu asked.

“A conversation about how to crack my Heavenly Body Moving Array and set up the Dark Brilliance Array. The last part of the conversation is...This time, you have to help me deal with the problem when you are practicing Buddhism. Don’t let your Cult Master get angry and directly attack us. That will be a lot of trouble.”

“Motherf * cker!”

Lin Renwu slammed the table after hearing that! How many people in the Liang Kingdom dared to directly challenge the Wu Ji’s Grand Sage? Wasn’t it just him, Lin Renwu?

” What else did you hear?!”

“He said that he would only listen to this and nothing else.”

“One by one! He was so bold! How dare you betray me!” Lin Renwu crushed a wine cup and asked Yin Xiuliang, “Who do you think this mole is?”

“This... This subordinate is not sure either.”

“I didn’t ask you to answer me! I’m asking you to guess, guess the president, right?”

“This...” Yin Xiuliang wiped his forehead awkwardly and replied in a low voice, “There shouldn’t be many people in your cult who can deal with you. Cult Master, you can think about these people.”

The instant he finished listening to these words, Yan Wenguang’s figure flashed through Lin Renwu’s mind. Two days ago, wasn’t it him who blocked him with all his might? Otherwise, he would have attacked Wuji Zhai long ago.

“Impossible, impossible.”

Lin Renwu shook his head. The person who had followed him the longest in the cult was Yan Wenguang. He also trusted him extremely. He absolutely would not do this kind of backstabbing thing.

‘But what if...

Once the seed of suspicion was planted, the many things that Yan Wenguang did made him feel that something was not quite right.

For example, a few days ago, when he wanted to send him to Zhuoyou County to manage the new branch, he refused to go no matter what, saying that he wanted to stay by his side and help him plan.

At that time, Lin Renwu felt that Yan Wen Guang was loyal and devoted, but

now thinking about it, before this matter, no matter what orders he gave, Yan Wen Guang was always obedient. Only this matter reacted particularly intensely.

Something’s wrong.

'He doesn't want to leave my side. Could it be that he wants to...'

When he felt that his thoughts were getting more and more wrong, Lin Renwu suddenly stood up and said, "This matter ends here. Don't mention it again!"

"Yes." Yin Xiuliang cupped his hands.

"Is there any other news?"

"I've already found out some of the reasons why Everlasting House and Zhen Yuan Sect are working together, but I'm not sure yet. I hope Master Lin can give me more time."

"Go, go." Lin Renwu waved his hand.

"This subordinate will take his leave."

After Yin Xiuliang left, Lin Renwu spat on the ground. Although the sect had never been peaceful because of the constant fighting between the major factions, it was normal to catch a few spies from time to time.

But Yan Wen Guang was absolutely one of his most trusted subordinates.. If even he...

Chapter 518: There's a Snitch (2)

"Sigh..."

Lin Renwu suddenly sighed heavily. In the Country of Liang, it was common to be betrayed by one's loved ones, and it was not unheard of to be betrayed by one's most trusted subordinates and die without a burial place.

'Damn it! Oh, Wenguang, you mustn't do anything that will let this old man down.'

After calming down for a while, Lin Renwu pushed open the door and left the inn. Meng Sipei was eating snacks to kill time just below the room he was in.

"Hualala..."

Meng Sipei poured out a handful of stir-fried peanuts from the bamboo tube and threw them into her mouth one by one.

'He's thinking about me. He's not thinking about me. He's thinking about me...'

When she ate the last peanut, Meng Sipei swallowed the words "he didn't miss me" back into her mouth. She then used her Celestial Chi to break the peanut into two halves before continuing to count happily.

"He's not thinking about me, he's thinking about me."

Meng Sipei ate half of the peanut in satisfaction. She couldn't help but recall the voice she heard in Crescent Valley that day.

"Don't be afraid, Sipei. I'll take you away."

This sentence had been repeating in her mind for a few days, and she would hear it whenever she was free.

Thinking about how that senior had easily rescued her from the encirclement of a group of mysterious sects, Meng Sipei found it even harder to imagine how powerful this senior was.

However, just like before, Meng Sipei couldn't think of anything. This senior was too mysterious, and she couldn't think of anything.

'But why am I staying here?'

The reason why she stayed in the inn was because Li Fucheng had brought a person named Huo Hongfei with him.

After the conversation, although they couldn't talk about this and that, Meng Sipei understood that this was her senior's plan, and this plan required her cooperation.

Since it was a senior's order, Meng Sipei naturally agreed immediately.

The first thing Huo Hongfei wanted her to do was to stay in the inn. No matter what happened, she must not come out or emit any mystic qi.

She stayed for two days straight, and she didn't know why.

'Could it be...Senior asked me to come here?'

Meng Sipei, who was filled with anticipation, suddenly became restless. She looked at the bronze mirror and pulled her skirt. It was not until evening that she finally calmed down.

However, after calming down, Meng Sipei still had this thought. After all, although the possibility was very small, but...

"What if?"

Four days passed quickly. Early in the morning, there was a knock on the door. Meng Sipei could clearly feel that the knock was different from the waiter's.

Meng Sipei's heartbeat suddenly sped up, and she said in a trembling voice, "Please...Enter."

Pushing open the door, Li Fucheng walked into the room and bowed." "Sect

Leader Meng.”

However, after greeting her, Li Fucheng noticed that Meng Sipei was looking at him with extreme disappointment. Li Fucheng was baffled.

‘Did I do something wrong...?’

However, Meng Sipei quickly adjusted her state of mind. She changed her expression and asked Li Fucheng, “What’s the matter?”

Li Fucheng listened to Gong Shou and said, “It has been hard on Sect Master Meng for the past few days. Senior has just issued a new order. You can leave the inn at five o’clock.””

“Are you leaving at five?” Meng Sipei asked for confirmation.

“That’s right, Senior said so.”

“Alright, I understand.”

“Then I’ll take my leave first. Thank you, Sect Master Meng.”

Li Fucheng closed the door after he finished speaking and then let out a sigh.

Although Li Fucheng had already known Meng Sipei’s identity a few days ago, he still found it unbelievable when he thought about how the Vice Sect Leader of the Sifang Sect in Lanzhou was ordered around by Big Brother Wang like a subordinate.

Dispelling these thoughts, Li Fucheng hurried downstairs. He still had other tasks to do.

At 15 O'clock, Meng Sipei pushed open the door on time and walked out. The two guests who passed by were stunned when they saw her. They couldn't believe that there was such a beautiful woman in the world. She was simply too beautiful.

Gudu.

Gulping, the two of them quickly stepped aside when they saw Meng Sipei walking over. However, they still couldn't bear to look elsewhere.

Chapter 519: Battle of the Mysterious Sect

In a forest outside the Crescent Valley, two black shadows suddenly rushed in at an extremely fast speed.

"Over there!"

Yan Siyuan shouted and pulled out the Embroidered Dragon Three-ringed

Saber from his back. He aimed at Meng Sipei, who was standing not far away.

Seeing Yan Siyuan suddenly appear, Meng Sipei was shocked. Before she could react, a hand had already grabbed her neck.

"I caught you!" Yan Siyuan grinned hideously. He was about to laugh out loud when he froze.

"Tsk, it's actually a Substitute Talisman. He really spent a lot of money."

Looking at Meng Sipei, whose Xuan Qi was slowly dissipating, Yan Siyuan put away the Embroidered Dragon Three-Ring Saber in his hand.

The Substitute Talisman could condense the user's essence, qi, and spirit into it and appear in another place. It was a relatively high-level life-saving item.

Clapping his hands, Yan Siyuan looked at Qiu Honglang, who was coming from the other side, and said, "How is it? You can be sure now, right? That old dog is having an affair with someone from the Sheng Kingdom."

"Looks like there won't be any mistakes." Qiu Honglang nodded.

Although he still found it hard to believe, the truth was right in front of him. He could not help but believe it.

An hour later, Lin Renwu arrived at the forest with Yin Xiuliang behind him.

Just as the two of them were discussing something, a maniacal laugh suddenly sounded in the air.

"Hahahaha! Old Dog Lin! Today, I'm going to get rid of the evil for the country of Liang!"

Seeing that he had suddenly landed in front of him, Lin Renwu was obviously stunned. Then, he shouted, "Why are you here, you old thing?"

"Hahaha, of course you don't know why I'm here. Also, let me tell you, your little lover has been caught by us. We caught him red-handed."

"What kind of person was caught red-handed? Why are you barking like a mad dog?"

"Pretend! Continue pretending! I really didn't see that you, old man, were so good at acting. Then tell me, what are you here for?"

"Why do I need to tell you that I'm here? Who do you think you are?"

Yan Siyuan laughed instead of getting angry." Hey, you really have to explain yourself today. Otherwise, don't even think about leaving today!"

As soon as Yan Siyuan finished speaking, Qiu Honglang walked out from the shadows.

Seeing Qiu Honglang and Yan Siyuan obviously wearing the same pair of pants, the frustration that Lin Renwu had accumulated over the past two days also exploded.

"Good! Very good! If you want to join forces to kill me, just say it. Why do you have to play so many tricks? Come! I want to see who can't leave here alive today!"

"Good! It's good, admit it, admit it!" Yan Siyuan pulled out the Embroidered Dragon Three-ringed Saber and released his Celestial Chi.

Just as the battle was about to break out, Qiu Honglang reached out to stop Yan Siyuan and said, "Wait."

"Hey! Why do you have so many f * cking things to do? It's already obvious.

What are you going to nag about?"

Without explaining to Yan Siyuan, Qiu Honglang looked at Lin Renwu and said, "Master Lin, you've been going to the Rising Sun Inn in town every day, right?"

"Good! Investigate me, right? I did go, so what?"

Yan Siyuan was amused." Listen, listen! There was no need to talk nonsense with him now."

They had been working together to investigate Lin Renwu for the past two days, and they had found out a lot about his frequent dealings with the Sheng Kingdom. It wasn't just one of them who had found out, but both of their subordinates.

After checking, they found that there was no problem. It could be said that both witnesses and physical evidence were present.

A few days ago, Meng Sipei's men had found out that Meng Sipei had come out of the Rising Sun Inn. Before that, they had received news that Lin Renwu often went in and out of the Rising Sun Inn.

Then, someone intercepted the news that Lin Renwu and Meng Sipei were going to meet here, so they rushed over to catch them red-handed.

Although he didn't manage to see through the meeting, it was enough to confirm that the information was correct.

This Lin Renwu was cooperating with the people of the Sheng Country!

In front of solid evidence, Qiu Honglang could only believe it. He pulled out the Taihe Sword from his waist and pointed it at Lin Renwu. Qiu Honglang said in a clear voice, "Lin Renwu! For your own selfish desires, you actually cooperated with the Sheng Country to plot against the Liang Country. Today, this Lord will not forgive you!"

"Pah!" Lin Renwu spat fiercely. "It's obvious that you two old dogs have teamed up to slander me. If you want to beat me up, then beat me up. Don't put the blame on me. I'm upright and upright. I'm not afraid of you two villains! ?

From the information provided by Yin Xiuliang, Lin Renwu had long been convinced that these two people were trying to harm him.

Originally, he had planned to meet the helpers that Yin Xiuliang had found today. Who knew that he would encounter these two old dogs?

Seeing that Lin Renwu was in danger, Yin Xiuliang quickly stood in front of him and shouted, "Master Lin, it's this subordinate's fault for not doing things well and letting them discover our whereabouts. You leave first, I'll block them for you!"

Lin Renwu was very touched after hearing this. In the situation where his right-hand man betrayed him, Lin Renwu felt a little better when he thought of such a loyal subordinate.

“Do I still need you to cover my back?” He pulled Yin Xiuliang behind him. You go first, these two won’t be able to stop me.”

“Master Lin...” “Get lost! ”

“Yes, sir!”

Yin Xiuliang then ran out.

However, before he could run a few steps, he was suddenly struck by a black dragon-like mystic qi and retreated with a miserable cry..

Chapter 520: Battle of the Mysterious Sect (2)

In the shadows, several Mystic Emperors walked out and looked at Lin Renwu.”“Lin Renwu, you betrayed the country! If I don’t tell them about this matter today, don’t even think about leaving!”

After the Mystic Emperor finished speaking, Yin Xiuliang, who had fallen to the ground, opened his mouth and said,”“Cult Master... They set up the Heavenly Desolate Array. If we don’t kill the person who set up the array, it’ll be very difficult for us to get out today.”

“You’re so ruthless, right?”

At this moment, Lin Renwu was certain that Yan Siyuan and Qiu Honglang wanted to kill him. Otherwise, how could they be so well-prepared?

Hahahaha!

Lin Renwu, who had figured it out, laughed wildly. At this moment, he did not care what excuse these two people were looking for. It did not matter...

Kill!

It was over.

“Boom!”

Purple Xuan Qi soared into the sky and turned into a two-headed snake that stared at the two mysterious sects in front of it.

“Good! You’ve given up struggling, right? Then it’s my turn to get rid of the evil for the people!”

Yan Siyuan raised the Embroidered Dragon Three-ringed Saber and charged at

Lin Renwu.

In an instant, the purple and scarlet Celestial Chi collided.

Although Qiu Honglang still felt that this matter wasn’t that simple, if he didn’t fight now, he probably wouldn’t be able to sit down and have a good talk. Hence, he also waved his Taihe Sword and joined the battle.

Although it was two Xuanzong sects fighting one.

However, at this realm, it was impossible to instantly determine the victor between those of the same realm. In the end, it was a battle of attrition.

Lin Renwu's Xuan Qi transformed into a double-headed snake that spat out several balls of purple mist, but they were all broken by Qiu Honglang's white sword Qi. At the same time, Yan Siyuan brandished the Embroidered Dragon Three Ring Saber and fought with Lin Renwu, who was holding a pair of long and short sabers.

"Boom!"

Feeling the aftershocks of the three people's battle, the Xuan Emperors who had wanted to join the battle retreated one after another.

Every time he saw the battle of the mysterious sects.

The difference of one major realm made them even more eager to become stronger.

A sudden battle between the two sects quickly went on for a day and a night. The battle was so intense that the weather changed.

In the distance, Jiang Beiran, who was watching the battle from the hilltop, could not help but shake his head.

Why do these high -realm cultivators use the sky as a unit of measurement when they fight? It's too slow.'

Jiang Beiran couldn't help but think of those Profound Sages who had been fighting for more than a year. He sighed and said," How is this a competition of whose moves are fiercer? It's basically a competition of whose Xuan Qi is more abundant."

"However, it should be about time..."

Jiang Beiran muttered to himself as he sensed that one of the auras had clearly weakened.

"Break Eight Desolates!"

Yan Siyuan roared and slashed at Lin Renwu.

Lin Renwu raised his short knife to block it, but with a clang, Lin Renwu couldn't take it and retreated a few steps.

"Hahaha! Old Dog Lin, it seems that not only has your cultivation not improved in the past few years, but it has also regressed quite a bit."

With the principle of taking advantage of his weakness to kill him, Yan Siyuan directly used his ultimate move, the Mystic-level move, [Heavenly Net Transformation]. Yan Siyuan's figure expanded several times, and his right fist, which was as big as a sandbag, swung fiercely at Yan Siyuan.

Ddlb'.

His fist landed squarely on Lin Renwu.

Lin Renwu, who was already somewhat unable to withstand it, could not withstand this strange force at all. He spat out a mouthful of blood and flew backward.

Yan Siyuan laughed maniacally and was about to give chase when he felt the Celestial Chi in his body suddenly become violent. It was the kind of madness that he couldn't control in the air.

"What's going on?!"

His body shrunk rapidly. Yan Siyuan tried his best not to squat down, but his body was aching all of a sudden. It was as if all the damage accumulated over the day and night had exploded at once.

"Cough! Cough!"

Coughing out two mouthfuls of boiling blood, Yan Siyuan looked at Qiu

Honglang and said, "Hey! Cripple Qiu, that old thing can't take it anymore. Hurry up and kill him. "

Qiu Honglang glanced at Yan Siyuan and replied, "Don't you think we're both poisoned?"

"Damn it! I've always been on guard against this move of his. I don't know where this poisonous gas came from, but you've also fallen for it?"

Qiu Honglang didn't answer Yan Siyuan. Instead, he took a spirit pill to adjust his breathing.
