

## Won't Play 521

### Chapter 521: Aftershock (1)

“Boom!” “Boom!” “Boom!”

A loud bang rang out behind Jiang Beiran, and from time to time, a shocking burst of Celestial Chi would burst into the sky, scaring the birds within a hundred miles away.

” As expected, even if it’s an arrow at the end of its flight, it’s still a mystic sect.

It can actually hold on for so long.’

Jiang Beiran was the one who had called the Xuanzong from Fengzhou.

Although he couldn’t call everyone, he could call Yin Jianghong, and Yin Jianghong had plenty of ways to call the others.

However, Jiang Beiran was no longer worried about the outcome of the battle. If Yin Jianghong and the others still lost the battle under such circumstances, then Sheng Country would also be wiped clean and quickly fall. What was the point of playing?

With no one to disturb him, Jiang Beiran carefully examined the boulder in front of him.

Jade, jade. Jade was actually a stone, or more accurately, an ore.

In Jiang Beiran’s knowledge, the formation of jade was very complicated. Most of them were formed by high-temperature molten magma dozens of kilometers underground. The high-temperature magma flowed from the ground to the surface along the cracks and cooled down to the surface of ordinary stone. However, there was a lot going on inside.

In addition, some precious jade required a very contradictory environment to form. It required extremely high pressure and extremely low temperature. It could only be found in some places with extremely special geographical

environments.

Jiang Beiran had thought that he would be able to obtain a jade stone that required an extremely high environment. However, he had not noticed anything special about this place when he had come to the Crescent Valley to observe.

Now that he had finally seen the true form of the jade, he finally understood that in this world, science could not be science. Metaphysical knowledge was the way to go!

This peerless jade was not underground, nor was it in a place that was extremely difficult to reach. It was quietly beside a big tree, and its appearance was no different from an ordinary stone.

If the divination didn't point to this place, Jiang Beiran would never have recognized that there was something hidden in this stone.

After confirming that it was the stone, Jiang Beiran skillfully cut it open and found a whole piece of moon-white jade inside. It was still warm to the touch and exuded a mysterious aura.

'I see...'

The moment he felt the breath of jade, Jiang Beiran understood how the jade was formed.

Among the five phoenixes, more red is phoenix, more blue is phoenix, more yellow is bird, more purple is bird, more white is swan.

This white color was the representative color of the swan's name. Coupled with this unique aura, Jiang Beiran was sure that the swan had lived here before.

This also explained why the major sects of the Country of Liang were so convinced that the Crescent Valley would produce treasures. It was because wherever the swan rested, there would definitely be treasures of Righteousness. These treasures could cleanse one's soul and heart, allowing one to achieve twice the result with half the effort in the cultivation process. Moreover, one did not have to worry about Qi deviation or evil fire attacking the body.

In short, it was a treasure that was of great benefit to cultivators.

'However, I wonder if it's because the swan has lived in the past that such a precious jade is produced, or if it's because of the existence of such a precious jade that the swan has been attracted...'

Jiang Beiran did not dwell too much on such a small issue. Since he had already obtained the jade, he did not have to stay here for long. After putting the jade into his Cosmos Ring, Jiang Beiran flew away.

A day passed quickly.

In an inconspicuous residence in Fengyi Town, a black shadow directly descended from the sky into the courtyard.

"Congratulations Cult Master Yin. It seems that the matter has been settled."

Looking at Yin Jianghong's spirited expression, Jiang Beiran knew that the matter had definitely been settled.

"Success, success." Sitting down on the stone chair, Yin Jianghong cupped her hands at Jiang Beiran and said, "'I'm impressed, I'm impressed. You managed to reduce the Liang Country's combat strength by more than half in a flash. Beiran, you're really a mighty person!"

Smiling, Jiang Beiran replied, "Cult Master Yin, you flatter me. Without your help, I wouldn't have been able to do this.'"

"Don't be humble. We've been fighting with the Country of Liang for so long but we haven't been able to achieve anything. This old master is impressed."

Jiang Beiran did not intend to continue being polite on this topic. He asked, "What's the result? Did you take them all down?"

"Lin Renwu is dead. Qiu Honglang wanted to escape, but Guan Shi 'an took advantage of him and captured him. In addition, we also captured Yan Siyuan for you."

"The time has not come yet. Let's wait a little longer."

"Alright, whatever you say." Yin Jianghong took another sip of tea and stood up. "Then I'll go over first. Getting rid of Lin Renwu and the others is just the beginning. There are still many troublesome things to come. Those few Korean goods definitely won't be able to handle it."

"Thank you for your hard work, Cult Master Yin."

"Hahaha, this venerable self is more than happy to do this kind of hard work, more than happy! "After saying that, he laughed maniacally as he tore through the air.

Unlike Yin Jianghong's carefree mood, Jiang Beiran didn't feel happy about getting rid of this troublesome neighbor. This was because it signified that the country had the will to improve. If the higher-ups of some powerful countries listed the country as an unstable factor, the country could be destroyed at any moment.

Putting his hands behind his back, he looked up at the moon and nodded seriously.

'Anyway... Let's find this backer first.

It would be foolish to insist on going head-to-head with others before he had fully grown his wings. Therefore, it was very important to find a good boss first. Of course, Jiang Beiran would not go to the Lin family or the Shi family, because he still believed that they were two pits buried by the Heavenly Axiom..

Chapter 522: Aftershock (2)

Not long after Yin Jianghong left, there was a knock on the courtyard door.

“Come in.” Jiang Beiran said.

With a creak, Huo Hongfei pushed open the door and walked in. He quickly walked up to Jiang Beiran and kneeled before him. “Back then, when my entire family was destroyed, Lin Renwu could be said to be one of the leaders of the thieves. Now that Your Majesty has avenged me, Hongfei will never forget it!” After he finished speaking, it was a bang! Bang! Bang!” He kowtowed three times.

As he observed Huo Hongfei kneeling on the ground, Jiang Beiran could not help but praise him in his heart for being a ruthless character. He had planted or instigated people to defect in the top sects, and all of them were of high status. Otherwise, it would not have been so easy for the three Xuanzong to fight with their lives on the line.

As for how he did it, most things in this world were nothing more than the word “profit”. No one would be willing to be under someone forever, or to be under the same person.

If betraying a person could bring them huge benefits, most people would not be able to resist such temptation.

Jiang Beiran had already agreed to all of Huo Hongfei’s requests before the plan was carried out. As long as they cooperated with the plan, they would be rewarded handsomely.

However, the foundation of all this was that those people were willing to believe the “ flattery ” that Huo Hongfei drew for them. This was a very powerful ability.

” A son-in-law protagonist is so terrifying!”

“You can thank me after this matter is over. Cult Master Yin should be extremely busy right now, you should go help him.”

As a participant in the plan, Jiang Beiran had already introduced Huo Hongfei to Yin Jianghong. The two of them chatted happily, as if they wished they had met earlier.

“Yes! Then this subordinate will take his leave first.” Huo Hongfei then left the yard.

Chapter 523: Surrender (1)

“Master, have some.”

“Get lost! I don’t have a wicked disciple like you!”

“Master...”

“Get lost!”

In a gorgeous room, Su Xiuyu was kneeling in front of Yan Siyuan with a bowl of porridge and some side dishes.

He had just woken up yesterday morning when he received a letter. It was a letter from the Emperor of the Sheng Kingdom, or more accurately, the Emperor behind the scenes.

The moment he opened the letter and read it, Su Xiuyu felt the world spin.

The sky of the Country of Liang collapsed.

Qiuzhai-Jun and Lin had both died, and the Sheng Kingdom was taking over, while his master...He had survived because of him.

“Gulp...That emperor is indeed terrifying.”

Although Su Xiuyu had thought of such an ending, he didn’t expect it to be so fierce. He had just sent a letter to his Master a while ago and had described to him that the plague was rampant in the Sheng Kingdom, the political situation was chaotic, and the people were in a constant state of panic. The

Righteous and Demon factions were also quarreling and quarreling, and it was estimated that a war would break out soon.

Who knew that in such a short time, the country of Liang would actually be directly wiped out.

After the shock and astonishment, Su Xiuyu read the letter again. The meaning of the letter was very simple. The Emperor had once promised him that as long as he helped delay the footsteps of the Country of Liang, he would ensure that his True Origin Sect would not have any worries when the day came.

However, the current plan could not keep up with the changes, and things did not develop according to the Emperor's thoughts. Therefore, whether he could protect the True Origin Sect and save his master now depended on his performance.

In an instant, Su Xiuyu's mood was extremely complicated. Although he had thought about laying his cards on the table with his Master countless times, when this day really came, he still felt afraid and didn't know what expression he should use to face his Master.

"Sigh..."

Su Xiuyu let out a long sigh and thought that no matter what, that Emperor was indeed very faithful to his promise. This could be considered a blessing in misfortune. At least the psychological torture he had endured for so long was not in vain. His Master had indeed survived because of him.

In Liang Country, Jiang Beiran was sitting in the courtyard, drinking by himself.

After writing the letter to Su Xiuyu, he had lamented in his heart more than once that plans could not keep up with changes.

Originally, in his plan, Su Xiuyu and the True Origin Sect would become important chess pieces for him to annex the Country of Liang. Whether it was internal division or breaking them down one by one, all of these would require the cooperation of the locals.

However, the appearance of Huo Hongfei, the "strongest live-in son-in-law", allowed him to take a big step forward in his planning. He skipped all the pre-arrangements, early plans, and conspiracies, and went straight to the complete form.

Everything that happened after that hit it off so well. Meng Sipei's "stunning" appearance sped up everything, directly igniting the already unstable Liang Country.

Every step seemed to be a coincidence, but when all of them were connected, every step and detail had been foreshadowed long ago. Everything was like a gear that pushed the event forward.

Jiang Beiran let out a long sigh. After thinking about all this, he suddenly thought of a sentence.

"I didn't even use any strength before you fell."

But no matter what, he was still a person who kept his promises. Moreover, Su Xiuyu had indeed helped him obtain many benefits and had also greatly delayed the progress of the Liang Country.

Therefore, if Yan Siyuan could stay, Jiang Beiran would still help him fight for it.

The criteria were simple. As long as Su Xiuyu could persuade Yan Siyuan to not let the system jump to the next option, Jiang Beiran would ask Yin Jianghong to keep him.

"Good luck, young man."

His gaze returned to Su Xiuyu. He was still kneeling in front of Yan Siyuan. Although his master hadn't given him a good look since he came back, Su Xiuyu was very happy.

Because he knew his master well. He knew that since his master didn't kill him with a slap, it meant that there was a turning point.

Su Xiuyu knelt like this for the entire morning. He didn't move the slightest bit as he held the tray like a statue, but he would occasionally persuade his master to take a bite.

“Sigh...”

Yan Siyuan, who had been worrying in his room for the whole morning, suddenly let out a long sigh and took the tray from Su Xiuyu.

“Xiuyu, I admit that I have treated you well. Why did you do such a treasonous thing?”

“Bang!” “Bang!” “Bang!”

Su Xiuyu directly kowtowed three times.

“This disciple is unworthy and has done such an indecent thing. I know that I have no face to see Master again, but this disciple really can’t bear to see Master walk down a dead end, so I shamelessly came to persuade Master. As long as you can live, I’ll accept it if you want to kill me!”

Su Xiuyu had already told his master the ins and outs of the matter, but some details had been changed. The person who had put the gu on him was not the

F. mneror of the Sheng Kingdom. hilt another master. a master who did not

allow him to say his name.

Of course, Jiang Beiran had added this in the letter.

Yan Siyuan had also asked who the master was, but Su Xiuyu had also expressed that he didn’t want to lie to his master. However, the gu poison in his body was too powerful. As long as he had the slightest thought of saying it, he would immediately die and be replaced by the gu worm.

At that time, neither of them would be able to survive.

Yan Siyuan knew that since things had already come to this, his disciple had already been manipulated by that mysterious master. It was impossible for her to tell him the truth.

Therefore, rather than saying that his disciple was laying his cards on the table with him, it was more like the mysterious person behind him was willing to give him a chance..

Chapter 524: Surrender (2)

‘Motherf \* cker! Where did such a person come from? Instead of fighting for resources in the central plains, you came to our small place to bully us.’

After cursing in his heart, Yan Siyuan pulled Su Xiuyu up and said,“What does that person want me to do?”

Hearing his master say this, Su Xiuyu was overjoyed. He knew that his master wasn’t some old stubborn person. As long as there was life, there was hope. What else could be more important than living?

“Master! The meaning of that expert was very simple. Although the top powers of the State of Liang had been eliminated, it was still not easy to completely annex the State of Liang. As long as Master was willing to cooperate with the top powers of the State of Liang, after the State of Liang and the State of Sheng were completely merged, the Zhen Yuan Sect would still be the Gui Yuan Sect of the past. However, it would no longer be the top sect of the State of Liang, but the State of Sheng. It would even be more top than before!”

“Do you know what nonsense you are saying?”Yan Siyuan asked.

After hearing this, Su Xiuyu quickly knelt on the ground and kowtowed,“Disciple knows his sins!”

“Get up.”

Blinking his eyes twice, Su Xiuyu stood up inexplicably and saw his master suddenly smile and say,”

“Bastard words are indeed bastard words, but how could your master not be a bastard? Be it the Liang Country or the Sheng Country, master only wants to walk further on the path of cultivation. Now that that master is willing to give you a chance, master will accept this good intention.”

“Mas...Master?”

Seeing Su Xiuyu’s shocked expression, Yan Siyuan got up and patted his shoulder.””Master originally didn’t have much affection for the Liang Country, so why should I die with it now? Who understands the law of the jungle better than us? As prey, we don’t have much choice, do we?”

“Master... I have something else to tell you.”

“Speak.”

“Although I can’t be sure, I believe that that expert has the ability to understand people’s hearts. If Master is thinking of pretending to defect to the enemy first, he will definitely...”

“Hahahaha!” Yan Siyuan suddenly laughed out loud.” I think you’re scared out of your wits by that expert. What’s there to...”

“Master!”

Su Xiuyu suddenly shouted.

‘ Master, please believe that this expert really has the ability. Please...”

“Alright!” Yan Siyuan shouted,” Although I lost, I still keep my word! Since he said that he would surrender, he was naturally sincere in surrendering. Since that person was able to toy with us old men in the palm of his hand in an instant, I naturally already knew how powerful he was.”

“Master is wise!”

The capital of Liang, Pingwan City.

Li Fucheng, who had been busy for several days, was sitting in his temporary hut, eating the food that Tang Tingshuang had just made.

Although there was not much he could do, he had been learning from Huo Hongfei for the past two days. He understood how fierce Huo Hongfei was and how many friends he had.

Moreover, he was actually able to make the Tan family and many other important figures think that he was a good-for-nothing son-in-law even though he had secretly gotten to know so many important figures. This was really the epitome of forbearance.

‘However, even such a person was instantly conquered by Big Brother Wang’s charisma...

‘Big Brother Wang...Zhen ‘er is too powerful

In addition to seeing Huo Hongfei’s formidable side, Li Fucheng also saw his ruthless side.

None of the 136 members of the Tan family managed to escape from the Liang Country. All of them were captured by him in a single move. This was because he had been in the Tan family for too long and had a complete understanding of the family. Therefore, no matter whether it was in the open or in the dark, no one could escape his pursuit.

Li Fucheng still could not forget Tan Ruihuan’s shocked expression when she was captured. He howled, “You love me! You clearly love me!” Huo Hongfei locked her in the basement with her 159 clansmen.

Later, people often said that they could hear extremely terrifying screams in the middle of the night, as if they came from the underworld.

“Thump, thump, thump.”

Just as Li Fucheng was sighing with emotion, a knock on the door suddenly sounded.

Chapter 525: Stop (1)

“Greetings, Your Majesty.”

In a large mansion, Su Xiuyu sincerely knelt in front of Jiang Beiran and bowed.

“How did it go?” Jiang Beiran said.

“Your Majesty, my master is willing to surrender to the Sheng Kingdom and cooperate with all your actions.”

Noticing that the system did not give him any options, Jiang Beiran was sure that Yan Siyuan was truly sincere in surrendering. Of course, it was also possible that he still had a plan in mind, but it was not a big problem. He could easily destroy it or turn it into an opportunity for something else.

“Since that’s the case, I’ll make arrangements. You can leave.”

Su Xiuyu was stunned when he heard that. He couldn’t believe that things had actually been done just like that.

“I don’t even need to see him?”

She raised her head and looked at Jiang Beiran. Seeing his unchanging expression, she couldn’t help but think.

‘He trusts me...Or could it be that Master doesn’t have any nostalgia for the Liang Country, or...’

‘Master, or should I say that the entire Zhen Yuan Sect is an existence that can be easily wiped away in this person’s eyes, so there’s no need to care?’ “Is there anything else you want to ask?”

Jiang Beiran asked casually when he saw that Su Xiuyu was motionless.

Hearing Jiang Beiran's call, Su Xiuyu came back to his senses and quickly replied, "Your Majesty, since the Sheng Country and the Liang Country have become one family, take a look at the Gu in my body..."

"Oh, I forgot about this, but this Gu has been in your body for so long, you should have felt its benefits. Are you sure you want me to take it back?"

"Benefits?"

Although this Gu was indeed helpful for cultivation, what could be more important than freedom?

However, Su Xiuyu was afraid that the emperor had a hidden meaning in his words. If he continued to refuse, wouldn't he be a little ungrateful?

After hesitating for a moment, Su Xiuyu still didn't dare to gamble and directly kowtowed, "Thank you, Your Majesty, for last time. I'll take my leave first."

"Go ahead."

After Su Xiuyu left, Jiang Beiran also pushed open the door and walked out.

They boarded the carriage prepared by Li Fucheng and arrived at the Imperial Palace. Jiang Beiran walked straight inside.

The imperial palace of the Liang Kingdom was even more decorated than the previous Sheng Kingdom. There was only a puppet emperor who enjoyed himself every night and a group of officials who were only good at political struggles.

When Yin Jianghong arrived, she had already packed up the Emperor and the ministers and kicked them out. The State of Liang had also changed its name to Liang Province, becoming the third province of the Sheng Kingdom.

And now, this palace had become the temporary office of the higher-ups of the Sheng Country. Not only Yin Jianghong and the others, but many of the suzerains of the Sheng Country were also here. Of course, they were called here by Yin Jianghong and the others to divide the territory.

Arriving at Yi Lan Palace, the most luxuriously decorated palace in the imperial palace, Jiang Beiran met Yin Jianghong, whom he had previously contacted with a paper kite.

Closing the list, Yin Jianghong stood up and said to Jiang Beiran, "I thought you had already gone back."

"I was preparing to go back." As Jiang Beiran spoke, he took the opportunity to sit on a dragon head chair made of agarwood. "I suddenly remembered that I still have something to do. Now that I'm done, I came to inform Cult Master Yin."

Yin Jianghong pondered for a moment before replying, "Is it about Yan

Siyuan?"

"As expected, you can't hide anything from Cult Master Yin. That's right, it's about that Sect Master Yan. I've asked him to surrender. With such a local mystic sect cooperating with you, the follow-up work will be easier, right?" "Surrender? This..."

If it were anyone else, Yin Jianghong would definitely have mocked, "You believed him just because he said he surrendered? Would you believe me if I told you that I'm your father?"

However, the person sitting in front of him was Jiang Beiran, someone who had never missed out on a single thing ever since he had met her. "Don't tell me that Beiran and you are from the legendary Misty Sect?" "Cult Master Yin also believes in this?" Jiang Beiran chuckled.

The Misty Sect was one of the most famous legends in the Mystic Dragon continent.

It was rumored that this sect had been established since the birth of the Black Dragon Continent. It was a true hidden sect.

Legend had it that the Misty Sect only accepted one disciple every hundred years, and every disciple of the Misty Sect was a famous figure on the Black Dragon Continent.

In addition, these Misty Sect disciples all had a common characteristic.

That was, they could calculate a hundred years ahead and a hundred years back. There was nothing in the world that they did not know.

This legend could be said to have been spread methodically. There had also been many people who said that they were disciples of the Misty Sect, but in the end, they were all beaten into a pig's head.

Yin Jianghong studied Jiang Beiran's smile and said, "Originally, I didn't believe it, but after seeing you, I started to believe it."

"Then you can treat me as one." Jiang Beiran stood up. "I'll leave Sect Leader

Yan to you. Take good care of her."

"Alright, I'll leave this matter to you."

Yin Jianghong felt that something was amiss after she agreed. Even though Jiang Beiran kept saying "you", his tone just now was obviously giving instructions to his subordinates.

'Are you not hiding anything from me anymore?'

For a moment, Yin Jianghong felt that the day he would reveal his cards to her was not far away.

She recalled Jiang Beiran's earlier words, "Then you can take me as one." Yin Jianghong could not calm down for a long time.

'Could it really be from the Misty Sect...'

After leaving the palace, Jiang Beiran sat on the auspicious cloud and flew towards the Sheng Kingdom. Next, his main focus would be on completing the main mission ". Shi Fenglan was currently the most obvious " coordinate '. Even if he could not obtain all the treasures through her, he should be able to find some information.

Jiang Beiran felt a little emotional when he returned to the Returning Heart Sect without any hindrance. He had not expected to return so soon. He had planned to stay in the Liang Country for a few months, but he did not expect to be able to settle everything in less than a month..

Chapter 526: Stop (2)

As he sighed, Meng Sipei's figure flashed across Jiang Beiran's mind.

If it wasn't for this extraordinary woman descending from the sky, things definitely wouldn't have been so simple.

"What a talent."

Shaking his head, Jiang Beiran arrived at Tinglan Waterside Pavilion.

"Thump, thump, thump."

After knocking three times, the courtyard door was quickly opened.

"Senior Brother Jiang!" Little Duo shouted in surprise.

"Is there a need to be so shocked?" Jiang Beiran asked when he saw Little Duo's eyes widening.

"The hall master said that you will definitely come out again this time..."

Little Beiran!!”

Without waiting for Little Duo to finish, a familiar voice rang out. Shi Fenglan ran out from the central hall.

“Greetings, Your Majesty.”

In a large mansion, Su Xiuyu sincerely knelt in front of Jiang Beiran and bowed.

“How did it go?” Jiang Beiran said.

“Your Majesty, my master is willing to surrender to the Sheng Kingdom and cooperate with all your actions.”

After knocking three times, the courtyard door was quickly opened.

“Senior Brother Jiang!” Little Duo shouted in surprise.

“Is there a need to be so shocked?” Jiang Beiran asked when he saw Little Duo’s eyes widening.

“The hall master said that you will definitely come out again this time...”

Little Beiran!!”

Without waiting for Little Duo to finish, a familiar voice rang out. Shi Fenglan ran out from the central hall..

Chapter 527: Preparing Before Departing

Since his Senior Brother had discovered that he had been forced to make a deal, Jiang Beiran no longer tried to conceal his intentions. He once again took out the bottle containing the Dragon Saliva Pill and Vast Essence Pill and pushed it in front of his Senior Brother.

Since Senior Brother has already discovered that I am also not hiding my presence, the reason why I let them come and trouble Senior Brother is actually to borrow their hands to give you this medicine.””

“Sigh... You.” Lu Bogui shook his head.” I know you’ve made a name for yourself now, but you’re only a fifth-level Qi Disciple after all. You should think more about yourself. I don’t need such a precious thing.””

“To be honest, senior brother, these medicines are not very valuable to me now.”

“Oh?” Lu Bogui sized up Jiang Beiran in surprise.” Are there so many benefits to being the emperor? Oh, wait, I heard that Demon Yin’s daughter is sitting on the throne now. What happened?”

In order to convince his senior brother that he was “rich”, Jiang Beiran pondered for a moment and replied, “Senior Brother, you know me. I never like to do things that show my face. This throne was pushed up by that demon out of desperation. Now, after dealing with that position for so long, I finally found a way to retire.”

“That Demon Yin is willing to release you?”

“Hi...” Jiang Beiran sighed. “On the surface, I’ve retired, but I have more things to do than when I was on the throne. On the other hand, the Cult Master was quite generous and gave me many benefits. That’s how I got these elixirs.” “So that’s how it is...” Lu Bogui nodded. “That means you did a good job.” “Barely.”

“Hahaha, good. Since you’ve said so, I’ll accept these two bottles of spirit herbs. “After putting the two bottles of pills into his Cosmos Ring, Lu Bogui looked up at Jiang Beiran and said, “Speaking of which, those five junior sisters of the Water Mirror Hall really listen to you. Tell me, which one of them do you like the most?”

“We’re just acquaintances. Senior brother, you should know that I’ve made their iron seals before.”

Seeing Jiang Beiran’s expressionless face, Lu Bogui could not help but rub his chin.

“You really don’t consider the matter of men and women at all.”

“Protecting your life is more important.”

“Hahahaha!”

Hearing Jiang Beiran’s reply, Lu Bogui burst into laughter.

“That sounds like your style. Alright, since you don’t have such intentions, then Senior Brother won’t say anything more.”

From the moment he had met Jiang Beiran, Lu Bogui had discovered that the child was very careful in everything he did. He often did things that were not in accordance with the rules and made some unimaginable choices.

Lu Bogui had always thought that it was because of his background. He had no parents since he was young, and his adoptive parents did not treat him well. He had made up his mind to escape and was kidnapped to the black coal mine.

Although Lu Bogui did not see it with his own eyes, he knew that Jiang Beiran must have suffered a lot in this black coal mine.

'It's probably because of this experience that he has developed such a personality.'

After taking a sip of tea, Jiang Beiran stood up and said, "Senior brother, remember to take this medicine. First, take the Vast Essence Pill to strengthen your body's foundation, then take the Dragon's Saliva Pill to increase your strength."

"Alright, I understand." Lu Bogui nodded.

"Then I'll go first. I won't be staying in the sect for too long this time, and I still have many things to do. I'll bring you a gift the next time I come back."

Jiang Beiran didn't give Lu Bogui the chance to reject the gift and pushed the door open to leave.

As he left the Flying Feathers Hall, Jiang Beiran was thinking about what he should prepare for his trip to the Shi family. Although it seemed that they had invited him out of goodwill, he still had to make the necessary preparations.

After all, the Shi family's position was definitely within the Six Nations of the Central Plains, and there would definitely be a lot of choices to choose from. It would not hurt to make more preparations.

"Senior Brother."

Just as he was thinking, a familiar voice suddenly sounded. He turned around and saw Lin Yuyan squatting on a small hill in the distance, waving at him.

Just as Jiang Beiran was wondering how Lin Yuyan knew that he was back, he remembered that he still had the White Mist Sword hanging at his waist.

As a weapon that had gained sentience, the White Mist Sword could not be stuffed into the Qiankun Sword. Therefore, Jiang Beiran had no choice but to keep it low-key and restrain his aura. If he released even a little of it, he would immediately seal it in the mountains.

The White Mist Sword was also very obedient. It hung silently at Jiang Beiran's waist. To others, it looked like a very ordinary iron sword, but it was nothing special.

However, as the true owner of this sword, Lin Yuyan still had a way to sense it.

"Let's go back." Jiang Beiran said as he drew the White Mist Sword from his waist.

However, the White Mist Sword still pretended to be dead and did not move.

However, Jiang Beiran was not going to the Liang Kingdom this time. Instead, he was going to the Shi family. A family that could produce Profound Sages would definitely have all kinds of talents. The White Mist Sword might very well be discovered.

Therefore, Jiang Beiran did not intend to spoil it this time. He said directly, "You have two choices. Either you go back to your master, or you are sealed in my barrier."

"Weng..."

The White Mist Sword suddenly let out a sword cry, as if it was very reluctant to part with it.

"Three...Two..."

“Buzz.”

With another sword hum, the White Mist Sword flew back into Lin Yuyan’s arms.

Holding the White Mist Sword, Lin Yuyan smiled kindly and said, “Xiao ‘er, I missed you so much.”

The White Mist Sword could not help but tremble after hearing that. It rubbed against Lin Yuyan’s body twice like a spoiled child..

Chapter 528: Preparing Before Departing (2)

Lin Yuyan maintained her smile and continued, “I’ll deal with you when we get back.”

Hanging the White Mist Sword on her waist, Lin Yuyan continued to transmit her voice to Jiang Beiran, “Senior Brother, I heard a strange news a few days ago. It was said that there was a strange phenomenon in Lihu Village. You...”

“Let’s talk about it later. I have something to do these few days.”

Jiang Beiran continued walking down the mountain.

Seeing that her senior brother was not interested in hearing such strange news, Lin Yuyan knew that her senior brother must have something to do and had to go out again.

‘No...This time, no matter what, he had to keep up with his senior brother.’ Looking down at the White Mist Sword at her waist, Lin Yuyan thought of the failure of the last plan. She thought that she had to think of a more perfect one.

After descending the mountain, Jiang Beiran first returned to his own barrier.

“Greetings, Senior Brother.” Gu Qinghuan, who was cultivating in her own barrier, immediately stood up and bowed.

Chapter 529:

“Woo

Early in the morning, Liu Zijin stretched herself and got out of bed.

‘Senior Brother Lu should have helped Miaomiao solve Liu Zhen’s problem today, right? It’s my turn today!’

While thinking about how to trouble Senior Brother Lu, Liu Zijin sat in front of the dressing mirror.

Liu Zijin skillfully styled her hair into a Ling Yun bun. Just as she was about to put on her clothes, she saw a yellow paper kite flying towards her.

“Hmm?”

Liu Zijin moaned in confusion, wondering where this paper kite came from.

Reaching out to catch the paper kite, Liu Zijin was just about to exclaim in her heart that the paper kite had been folded so exquisitely when she saw it unfurl on its own.

“Letter?”

Liu Zijin picked up the letter and started reading.

‘Ah...This...’

Liu Zijin’s expression turned ugly and she sat back down in front of the dressing table.

Although there was only a short line on the letter, “You don’t have to go to Senior Brother Lu’s side”, Liu Zijin could read the deep disappointment in it. It was as if Senior Brother was standing in front of her and looking at her with disappointment.

‘Senior Brother...Please don’t look at me like that...’

The more Liu Zijin thought about it, the more uncomfortable she felt. However, there was also a trace of excitement in this discomfort.

Realizing that her body was starting to change strangely, Liu Zijin stopped imagining things and pushed the door open to run out.

After a while, the five golden flowers gathered in Fang Qiuyao’s room.

“It’s over.” “I’m sure it’s over.”

“We’re all finished.”

The three Yu sisters sighed at the same time after they finished the letter.

After sighing, the three of them immediately analyzed why Senior Brother Qi had sent them this letter.

“Second Sister! It must be that the matter of you asking Senior Brother Lu to help you find the evil sect in Luotian County the day before yesterday was too fake! That evil sect only had about a hundred people, and their leader was only a great mystic cultivator, Why would they need Senior Brother Lu’s help?”

“I don’t know where the evil sect is, so I asked Senior Brother to help me find it. How can it be fake? You’re the one with the problem! You actually asked Senior Brother Lu to help you find some Heaven Paper Stone. That kind of stone can be bought at any auction house.”

“Who said that? I didn’t buy it! Moreover...”

“Alright, alright At this moment, Liu Zijin stood between the three of them and pressed her hands together.”There’s no point in arguing about this now. Let’s think about how to resolve this together. ”“

“Woo...”

Hearing Liu Zijin’s words, the three sisters ‘faces fell.

“Senior Brother Lu is so important to me...But we screwed up this matter, senior brother... How could Shixiong forgive us?”

Fang Qiuyao also sighed.” Anyway, let’s go apologize to Senior Brother first...”

The three sisters of the Yu Clan dragged out their words together.

“It’s scary enough that Senior Brother usually lectures people... This time, we made such a big mistake. He will definitely be even fiercer.”

“Yes, senior brother, you’re on fire... Alright, although I’ve never seen Senior

Brother angry, it must be super scary!”

“Yes, yes!” At this moment, Liu Zijin said, “About the apology...” I’ll go alone.”

“Ah?”

The other four people exclaimed at the same time.

“No! Why did Sister Zijin have to take the blame every time she made a mistake?”

“That’s right! Let’s go together! No matter how fierce Shixiong is, he can’t possibly eat us.”

“Yes, sir! Let’s go and admit our mistakes together. We were joking just now.”

Looking at the three sisters who suddenly wanted to go together, Liu Zijin shook her head and said, ““1 didn’t think of a good idea for you, so Senior Brother Lu found out that we weren’t sincerely asking for help. Let me go first this time.”

“Sister Zijin The three sisters looked at Liu Zijin with tears in their eyes.

Liu Zijin stroked their hair and looked at Fang Qiuyao.””Then I’ll go find my senior brother first. Wait for my news here.”

“It’s been hard on you, Sister Zijin.”

“I’m fine.”

Shaking her head with a smile, Liu Zijin turned around and walked towards the direction of Blueheart Hall.

Looking at Sister Zijin's "tragic" back view, the three Yu sisters could not help but sigh,""Sister Zijin...It's really good."

On the other hand, after Jiang Beiran confirmed that MO Xia was living a comfortable life, he returned to the Returning Heart Sect. However, he did not go straight to Tinglan Waterside Pavilion. Instead, he went to the pavilion outside Anliang Village at the foot of the mountain.

"Senior Brother!" Lin Yuyan jumped out of the pavilion in surprise and ran towards Jiang Beiran.

She had been thinking about how she could naturally follow her senior brother out when she saw a paper kite flying towards her. She opened it and saw that it was her senior brother who had asked her to meet him!

"A secret date!"

Lin Yuyan suddenly felt that her life was worth it. Her senior brother actually took the initiative to ask her out on a date, and it was at the familiar "old place

'This...Was this the mood of an old couple?'

After folding the letter and hiding it in a small box, Lin Yuyan carefully dressed up and immediately went to the pavilion. She originally wanted to decorate the place, but she did not expect her senior brother to come so quickly. "Are you in a hurry to see me? Hehe."

When he saw Lin Yuyan, Jiang Beiran took out a piece of jade with an egret carved on it and threw it to her.

Lin Yuyan immediately caught it.

"This piece of Great Jade should be able to suppress the baleful aura in your body."

“Thank you, Senior Brother!”

Lin Yuyan held the jade in her hands with a blissful expression. Its function was not important. This was the first time her senior brother had taken the initiative to give her a gift. Just this alone was enough for Lin Yuyan to treat it as her life..

Chapter 530: The Battle of the Three Kingdoms

Just as Lin Yuyan was considering whether she should rub her face against Hong Yu, Jiang Beiran threw her another brocade bag.

Seeing Lin Yuyan catch it, Jiang Beiran continued,“”Help me do something. It’s all written in the brocade bag.”

“Yes, sir! I will definitely complete it!” Lin Yuyan answered without hesitation.

“That’s it then. I’ll come and find you when you’re done.”

Jiang Beiran turned around and left.

Lin Yuyan waited until her senior brother’s figure disappeared completely before she carefully opened the brocade bag.

Taking out a note, Lin Yuyan’s expression became more and more surprised as she read it. Her breath became heavier and heavier. In the end, she could not help but wipe the corner of her mouth with her hand.

(Explain to your new friend that the anti- theft part will be changed later.
