Chapter 577: Super Large Array Formation (2)

Shen Tianhua naturally did not believe these words, but he also knew that it was definitely useless to ask. After thinking for a moment, Shen Tianhua tried to ask, 'I wonder if Master Jiang is interested in this ancient book?'

"Not interested." Jiang Beiran replied with a smile.

Shen Tianhua really couldn't understand this overly young array master in front of him, but knowing that he did have true ability, Shen Tianhua definitely wanted to fight for it.

Shen Tianhua bowed to Jiang Beiran once again and continued, ""This ancient book is obscure and difficult to understand. I'm afraid that even if I gather a few other books, it will still be difficult for me to understand. At that time, I'll have to trouble Grandmaster to help me interpret it. Of course, I'll pay you a

satisfactory reward."

Jiang Beiran was actually quite interested in this book. The content recorded in it was the kind that he really needed, which was how to set up super large formations.

Just like the Qi Nation's Nation Defending Array, such a super large array formation was extremely complicated to set up. However, once it was set up, the effects of the super large array formation were far from what ordinary array formations could compare to. This was because it was large enough and could carry more functions. When it was truly activated, it would emit extremely powerful abilities.

As for why he wanted to learn this formation, it was naturally for the sake of the Sheng Kingdom.

Jiang Beiran and Lu Yangyu had indeed gotten along well during the past month.

However, Jiang Beiran was not arrogant enough to think that Lu Yangyu would treat him so well that he would share the treasure with him. Therefore, when he saw the ancient book, Jiang Beiran was basically certain that the two of them had asked him to come because they could not understand it.

'You want me to owe you a favor?'

"What are you thinking?"

Looking at Lu Yangyu, who had no shame even after his scheme was seen through, Jiang Beiran shook his head and smiled. He reached out his hand and said, ""Let me see."

"Alright

Lu Yangyu looked at Shen Tianhua and shouted, ""What are you waiting for?

Hurry up and bring the book over."

Shen Tianhua was very unwilling to give the ancient book that he had exchanged his life for to a stranger. It was fine, but he actually had to beg him to read it.

However, there was nothing he could do. He had studied this ancient book for a

long time but had not found any clues. That was why he came to Lu Yangyu to

try. After reading it, Lu Yangyu also felt the same as him. Other than a

headache, he did not gain anything.

While the two of them were staring at each other, Lu Yangyu suddenly told him that a formation master had recently arrived at the Exquisite Workshop. He was definitely a formation master who was stronger than the two of them combined.

Shen Tianhua didn't believe this at first, but Lu Yangyu was already the most powerful array master he knew. Even if he were to search for someone else, he wouldn't be able to find another person who could help her decipher this ancient book.

Therefore, after much hesitation, he had no choice but to let Lu Yangyu try.

Although he still found it hard to imagine how such a young man could surpass the two of them in terms of array formations, he could only believe it when he saw Lu Yangyu's attitude.

After all, Lu Yangyu's pride as an Array Master was no less than his. If it wasn't for the fact that Jiang Beiran was really capable, he would never have made Lu Yangyu show such an attitude.

"Take it." Shen Tianhua handed the ancient book to Lu Yangyu.

Taking the ancient book, Lu Yangyu handed it to Jiang Beiran and said, "Brother Jiang, I'll have to trouble you then."

"I'll try my best."

Jiang Beiran took the ancient book and flipped to the first page.

"Swoosh... Swoosh..."

In the silence, Jiang Beiran finished reading dozens of pages in one go without any pause. Lu Yangyu and Shen Tianhua did not dare to disturb him, so they could only communicate with each other via telepathy.

“Can this kid do it or not?”

“You’d better hope for him. Otherwise, this matter will be really troublesome.”

“That’s true. You’re right.”

Just as the two of them were exchanging warm glances, Jiang Beiran heaved a sigh of relief and raised his hand to rub the bridge of his nose.

Lu Yangyu quickly turned around and asked, “How is it? What did you see?”

After resting for a while, he turned to Shen Tianhua and said, Senior Shen, I’m afraid I’ve obtained this ancient book from a place that has been frozen all year round?”

Shen Tianhua’s eyes widened when he heard that. He said in shock, “That’s right! This ancient book was indeed obtained from one of my glaciers. Did

Grandmaster see anything from it?’

Lu Yangyu burst out laughing when he heard Shen Tianhua calling him Master.

“Do you believe me now? When did your brother’s words go wrong?”

Without waiting for Shen Tianhua’s reply, Lu Yangyu asked Jiang

Beiran, “Quickly tell me, what is written in this ancient book?”

Raising the ancient book, Jiang Beiran answered, "This is an incomplete book. If you want to understand it, you have to find the other books."

Shen Tianhua was even more surprised when he heard that. "This..." You can tell?"

Lu Yangyu couldn't stand it anymore. He turned around and grabbed Shen Tianhua's collar, saying, "Hey! If you knew this was an incomplete copy, why didn't you say so earlier? You caused me to mess around with you."

Shen Tianhua slapped Lu Yangyu's hand away and replied, "It's good enough that you can see it." Shen Tianhua then turned to Jiang Beiran and said, "I wonder how you could tell that this ancient book is incomplete, and how you could tell that it was taken from a glacier?"

Placing the ancient book on the table, Jiang Beiran smiled and said, "It was just a casual guess."

Lu Yangyu and Shen Shen did not believe him, but since Jiang Beiran had said so, it meant that they would have to pay a price to get an answer.

Shen Tianhua pondered for a moment, then stepped forward and cupped his hands. "May I know how Grandmaster will be willing to guide me?"

"I can't say for sure about the guidance, but I can tell you one thing. If you don't search through the other ancient books, even a ninth grade formation master won't be able to decipher the contents."

"This..."

Shen Tianhua was silent for a moment before he raised his head and said, "I understand. Thank you, Master."

Lu Yangyu rubbed his chin and asked Shen Tianhua, "From your words, you should know where the other books are, right?"

“Yes.” Shen Tianhua nodded. “I wasn’t the only one who was interested in this book. When we were fighting for it, the other books were snatched away by a few others.”

“Damn, you really know how to hide. Why didn’t you say so just now?” “You didn’t ask.”

“Haha.” Lu Yangyu laughed and continued, “Then according to what brother Jiang said, the other people are probably looking for the book in your hand. What do you plan to do?”

“Let’s see if we can cooperate first.” Shen Tianhua bowed to Jiang Beiran and asked, “Master, since you can decipher that it came from the glacier from this incomplete book, what else can you decipher?”

Shen Tianhua naturally did not believe these words, but he also knew that it was definitely useless to ask. After thinking for a moment, Shen Tianhua tried to ask, ‘I wonder if Master Jiang is interested in this ancient book?’
