Jiang Beiran, who was slowly savoring the crispy honey flower, replied, "" The crispy honey flower is fried with honey, butter, flour, and black sesame seeds.

Eat, Little Bei Ran, what did you add in it?"

"I found a new kind of chili here and tried to make it."

"It's really delicious. In the future...Ah! Muah! Leave some for me!"

Shi Fenglan had just praised Little Beiran when she lowered her head and saw that Shi Jiamu had already finished half of the plate of spicy chicken.

Hearing her aunt's voice, Shi Jiamu didn't stop eating. Instead, she ate the remaining food even faster.

"Ah!" Shi Fenglan let out a blood-curdling scream. Grabbing Jiang Beiran's arm, she pointed at Shi Jiamu and shouted,"Little Bei Ran! Look at her! Look at her!"

Jiang Beiran, who was studying the map of Golden Cauldron Island, said without turning his head, ""There's still more in the pot. Go get it yourself."

"Yay!" Shi Fenglan had just cheered when she saw Shi Jiamu running straight for the iron pot.

"Mwah! Wait a minute!"

As the two women were chasing each other, Jiang Beiran sighed as he looked at the map of Golden Cauldron Island.

He was more interested in the Golden Cauldron Island itself or the formation that protected it than the Green Sky Society that was fighting for the treasures.

With so many treasures, it was still able to "safely" exist on the Black Dragon Continent for 30 years. It was enough to prove that even the strongest person in the world could not break this array with force.

What kind of concept was this?

He was invincible.

Jiang Beiran was really curious about what kind of formation could be so powerful. If he could set it up, wouldn't he be invincible in a sense?

Unfortunately, Golden Cauldron Island was not open to the public. Disciples of large families were only allowed to enter during the Green Sky Meeting.

However, Jiang Beiran could understand that only the strong could have such treasures. Ordinary people would not even be qualified to get close to them. They would not let you play with them.

Unable to observe Golden Cauldron Island up close, Jiang Beiran had no choice but to look at the map to see if he could figure out anything from it.

However, it turned out that just looking at the picture was not enough to satisfy him. He still had to look at the real thing.

"You've already eaten so much. The rest is mine! Mine!"

"If you're fast, you'll get it. If you're slow, you won't. Hehe, it's mine!"

Seeing the two girls fighting over the wok, Jiang Beiran stood up and walked over to retrieve some ingredients from his Cosmos Ring.

Shi Jiamu's eyes lit up immediately." Uncle, what else do you want to make?" "Make some desserts."

"Desserts!" Shi Fenglan couldn't be bothered to eat her spicy chicken anymore. She went up to Jiang Beiran and asked,""Is it mung bean cake? It's still sugar steamed cheese, I know! It's a plum blossom pancake, right?"

"You'll know when you make it."

Shi Jiamu couldn't help but gulp when she heard the names of the desserts that she had never heard of.

The reason why she came to Ten Thousand Flower Valley every day was not only because she wanted to play cards, but also because the food cooked by Uncle was too delicious.

After eating the dishes cooked by the uncle, she felt that something was missing when she went to eat other dishes. It was not satisfying.

Jiang Beiran poured some flour into a bowl and asked Shi Jiamu as he poured water,""Previously, the Sage said that your family had ten spots. Who are the remaining seven?"

Just as Shi Jiamu was imagining what the plum blossom pancake would taste like, she was stunned for a moment when she heard Jiang Beiran's question. Then, she replied, ""I haven't confirmed it yet."

Puchi.

Jiang Beiran almost spat out his saliva. So, before I was tricked into this, you were just a commander without any troops?

Jiang Beiran tried his best not to ridicule him and asked,""When will Bixiao begin?"

“Early next month.”

“Isn’t that just twenty days left? How can the members not be confirmed yet?”

“It’s such an important matter, of course I have to choose slowly.”

After hearing her answer, Jiang Beiran finally understood why she was a team leader. It turned out that she had quite a bit of power. “Then there should be a list of candidates, right?”

“Of course.” “Let me see.”

“This is confidential!”

“Then don’t eat it.”

“Alright, seeing that you’re the vice-captain, I’ll make an exception and let you take a look.”

Jiang Beiran stopped kneading the dough and turned to Shi Jiamu. “Who did you say was the vice-captain?”

Looking at Jiang Beiran’s “kind” smile, Shi Jiamu struggled for a while before smiling. “I’m just joking, I’m just joking.”

After saying that, she took out a booklet and showed it to Jiang Beiran. “I have 18 candidates now. 14 of them are from the clan, and four of them are outsiders. All of them are at least at the fifth level of the Mystic King Realm.”

Jiang Beiran didn’t think that the dignified Shi Clan wouldn’t be able to gather a peak-stage Mystic King. Therefore, those who were only at the fifth level of the Mystic King realm and were chosen by Shi Jiamu should have some special abilities.

An hour later, Jiang Beiran placed the fried crispy honey flower on the table.

The two girls waited for Jiang Beiran to pick up a piece and put it in his mouth first before taking their share like a hungry tiger pouncing on its prey.

“Kacha.”

With a bite, the crispy sound could be said to “startle people within ten miles”.

“Delicious!” Shi Fenglan and Shi Jiamu shouted at the same time.

“Crack, crack, crack!”

Shi Fenglan quickly swallowed a piece of crispy honey flower and asked while chewing, “Little Beiran, what is this called? How did you make it?”

Jiang Beiran, who was slowly savoring the crispy honey flower, replied, “The crispy honey flower is fried with honey, butter, flour, and black sesame seeds.”
