

Won't Play 591

Chapter 591: Tailor-made Team (2)

Without waiting for Jiang Beiran's reply, Shi Weiyi continued, "So what are you going to use to convince me?"

"This is it." Jiang Beiran took out a piece from his Interspatial Ring and handed it to Shi Weiyi.

Although Minran was considered one of his unique magic weapons, Jiang Beiran was not very worried that the Shi family would see it because there was still a lot of room for improvement. Jiang Beiran believed that he would be able to make an even more perfect version of Minran once he added his new [Spirit Judgment] attribute.

Therefore, if he showed the Shi family his current state, not only would they not be able to see part of his strength, but they would also underestimate him.

Shi Weiyi took over the clothes from Jiang Beiran and rubbed them in his hands. "It's plain to the touch. Beiran, don't keep me in suspense. Tell me what's so special about this dress."

"As long as you wear this robe, cultivators below the Mystic Royal Realm will not be able to sense the wearer's existence."

Shi Weiyi's expression remained unchanged, but his hands moved more carefully.

"Is this dress difficult to make?" Shi Weiyi suddenly asked.

"My master gave me these clothes for self-defense. As for how they are made, this junior is not very clear."

"Your master?" Shi Weiyi narrowed his eyes and sized up Jiang Beiran for a while.

Shi Wei Yi had seen many treasures that could hide his aura, but this kind of magic weapon that he still felt was ordinary was very rare.

“Are you planning to let them wear these clothes to search for treasures on the island?” Shi Weiyi said as he handed Minran back to Jiang Beiran.

“That’s the plan.”

“Since that’s the case, put it on. I’ll find someone to try it out and see if it’s as magical as you say.”

“As you command, Senior.”

After a cup of tea, there was a knock on Shi Weiyi’s door. Shi Weiyi, who was sitting on the armchair, said, “Come in.”

With a creak, the door was pushed open, and a young man in a white brocade robe walked in. He bowed to Shi Weiyi and shouted, “Greetings, Sage.”

After the bow, the young man raised his head and realized that Shi Jiamu was also there. He smiled at her and said, “Muah is here too. Could it be that you have something to tell me?”

Shi Jiamu shook her head decisively. “If I wanted to look for Uncle Lechi, I could have just come here directly. There’s no need for Uncle to send you here.”

“Tsk, call me brother.” Shi Leti said unhappily.

If it were any other time, Shi Lechi would definitely have had a good chat with Shi Jiamu about this issue. However, the Sage was here today, so he could only turn around and bow to Shi Lechi again. “This little nephew has been impudent.”

“Hohoho, no wonder, no wonder. Seeing that you juniors have a good relationship, I’m also very gratified.”

“May I know why the Sage has summoned me?”

“I heard that you recently learned a new spiritual awareness cultivation method?”

“Yes.”

Shi Lechi did not find it strange that the Sage knew about it. Or rather, it would be strange if the Sage did not know about it.

Because in the hearts of all the juniors of the Shi family, the Sage had always known everything.

“Then use your cultivation method to scan this room and see if you can find anything. ”

Faced with this sudden test, Shi Lechi was stunned at first, but he quickly cupped his hands and said, “Yes, then I will try my best.”

Shi Lechi then activated his Five Accumulations Skill and began to search every corner of the room.

It was just that he had never dared to inspect the Sage’s room with his divine sense before, so he had no idea what the room originally looked like, much less what was inside.

Still, he believed that the Sage had a deeper meaning behind his words. There should be something in this room that he would find extremely eye-catching if he discovered it.

However, after observing for a long time, he did not find anything unusual.

After ten minutes, Shi Lechi, whose forehead was covered in sweat, let out a long breath and cupped his hands at Shi Weiyi. “I’m incompetent, unable to sense anything unusual about the Sage in this room.”

After Shi Lechi finished speaking, he noticed that the Sage's lips were curled up slightly, as if he was very happy.

'Hiss... Sage, what do you mean?

Shi Lechi was really a little stumped. What did the Sage mean? Was it a good thing that he couldn't find out anything unusual? Could it be something evil?

While Shi Lechi was making wild guesses, Shi Weiyi suddenly said, "Go back. You did well today."

'I...Good what?

Shi Leti, who was getting more and more confused, stole a glance at Shi Jiamu, hoping to get some answers from her, but all he got was a gesture of spreading his hands.

Seeing that his "on-site help" was ineffective, Shi Lechi had to bow to Shi Weiyi and said, "Yes, I will take my leave."

Under Shi Weiyi's kind gaze, Shi Lechi slowly closed the door.

The moment the door was closed, Shi Weiyi turned to Jiang Beiran and said, "It's indeed marvelous. In that case, your plan is indeed feasible. No, I should say that you have a perfect plan. I even feel that our Shi family has already won the first place in this Green Sky Meeting."

"Junior will definitely do my best."

"Don't worry, we've all seen your performance. If Bixiao wins this time, we won't mistreat you."

Thank you, Sage."

“Alright, then you guys can go back first. I will personally talk about the selection of the members.”

“Yes, thank you, Sage. Then this junior will take his leave first.”

Seeing that Jiang Beiran was about to leave, Shi Jiamu waved at Shi Weiyi and said, “Then we’ll leave first. Goodbye, uncle.”

“Yes.” Shi Weiyi nodded with a smile.

When the door was closed again, Shi Weiyi rubbed his fingers together again, as if he was recalling the feeling when he rubbed Jiang Beiran’s clothes.

No wonder our ancestor instructed us not to treat this Jiang Beiran as a normal junior. He’s really full of surprises. However, it’s a little difficult to deal with someone who has so many surprises on him...”

“Hu...” Shi Weiyi let out a long sigh of relief and smiled again. “Our ancestor really gave me a difficult problem.”

After leaving Boya Pavilion, Jiang Beiran felt relieved.

He thought that Shi Weiyi would ask a few questions after seeing Min, but he didn’t expect that he would ask almost nothing.

This caused the many background settings that Jiang Beiran had made for Minran to rot in his stomach.

Do they really believe that I have a master whose realm is unfathomable?’

Ever since he had met the old ancestor, Jiang Beiran had begun to feel that the family’s attitude towards him was rather peculiar.

Although she would check out his background from time to time, she was still willing to get along with him in most cases. Moreover, she did not treat him as a junior in the process of getting along with him, nor did she treat him as a target to rope in.

“ I guess they’re also trying to figure it out.’

Jiang Beiran felt that it was also true. After all, on the surface, he had even intimidated the Profound Sage level clan saint. How would the people below dare to be presumptuous to him?

However, I still have to enrich my character. The more they can’t guess, the better.’

Just as Jiang Beiran was thinking about how he could put on a more high-profile persona, Shi Jiamu suddenly shouted,““Uncle, if you win the championship this time, I’ll give you half of the reward.”

Jiang Beiran was stunned when he heard that. The competition hadn’t even started yet, so how could they already be splitting the spoils? “Let’s win the competition first.”

“Even the Sage said that we would win, so we will definitely win.” “You seem to be...” Jiang Beiran asked. All of you admire this Sage?”

“Of course. Those who can sit on the Sage seat are the most respected elders in the family. Not only are they powerful, but they also know everything. They are truly big shots.”

‘Omniscient...You know everything?

Hearing these two adjectives, Jiang Beiran suddenly understood why this Sage had taken the initiative to approach him.

‘Do you want to understand an unknown existence like me...Alright, it’s time for a battle of wits and courage again..
