Chapter 600: Purple Frost Stone (2)

Upon hearing that Jiang Beiran would be going with them, Ji Zishi and the other two immediately heaved a sigh of relief. Although they had already witnessed the wonders of Minran, the thought of the island being filled with Xuan Kings still made them feel a little afraid.

However, when he heard that Jiang Beiran, a Level Five Qi Cultivating Stage cultivator, was willing to go with them, he felt relieved.

This was like a general shouting on the battlefield, "Brothers, follow me!" "Brothers, attack!" The difference was average.

The former was much more reassuring.

When the three of them were ready, Jiang Beiran waved at Shi Jiamu. Shi Jiamu pointed at herself and asked, "Do I have to go too?"

"What else?"

"Oh, oh, I'm here."

The reason why he had brought Shi Jiamu along was because Jiang Beiran had decided not to do it himself if he could.

He was only a "powerless" fifth-stage Qi Refinement cultivator. If he encountered any physical labor, he would still need Shi Jiamu to do it.

"I want to go! I want to go too!"

Shi Fenglan immediately shouted when she saw that Little Muyao was wearing Little Bei Ran's new Mianran. "You stay here to guard the house."

“It’s settled then.”

Jiang Beiran then led the other three out of the cave.

“Humph!” Shi Fenglan immediately pouted, but thinking that it was useless to be angry, she could only run to Liu Weining to continue rubbing jade with her. After leaving the cave, Jiang Beiran asked the three of them, “Which way?”

“Then!”

The three of them pointed in a direction and shouted at the same time.

Jiang Beiran didn’t know whether he should be impressed by the fact that the three of them had found something, or by the fact that there were so many good things in this place.

Thinking that they were in the mountains, Jiang Beiran decided to first check out the quality of the ores. He turned to Ding Yuanzheng, who was good at searching for ores, and said, “Lead the way.”

“Yes.”

Ding Yuanzheng replied and walked towards the northwest.

After walking for the time it took to brew a cup of tea, just as Ding Yuan was rejoicing that he did not bump into anyone, he saw three people walking towards him, chatting and laughing.

This caused Ding Yuanzheng to instantly stop and not dare to move at all.

A moment later, the three people who were talking and laughing brushed past them without any intention of stopping. It was as if they were all air.

'Brother Jiang's clothes...It's indeed powerful.

Ding Yuan sighed in his heart and strode forward with great confidence.

Ji Shi and Ni Guanyu, who were following behind, also breathed a sigh of relief. They felt that they could really leave the island alive.

After walking for another two miles, Ding Yuanzheng looked at Jiang Beiran and pointed downwards.

'Talent is really useful.'

Ding Yuanzheng could smell the treasure from a few miles away. Jiang Beiran was already standing right above the treasure, but he still couldn't sense anything.

He could only sigh with emotion that there was a specialization in this field.

Nodding, Jiang Beiran first used his spiritual power to scan the surroundings. After confirming that there was no one else, he began to set up various formations.

After setting up the Fog Formation that could hide everyone, Jiang Beiran looked at Shi Jiamu and said, ""Dig." Shi Jiamu nodded and looked at Ding Yuanzheng. ""Roughly how deep?"

"Just dig down fifty-two feet."

After hearing Ding Yuanzheng's precise number, Shi Jiamu thought for a moment and punched the ground.

With a boom, the ground split open, and a tunnel that led underground quickly appeared.

Jiang Beiran bent down and looked down. He immediately recognized the ore that Ding Yuanzheng had smelled from afar.

'It's actually the Purple Frost Stone...'

Jiang Beiran realized that Golden Cauldron Island was indeed different from the rest. Normally, top-grade ores would have to be found in mineral veins, but here they were, burying such a small piece of ore. It was as if someone had dug it up and buried it, waiting for them to come and find it.

"It's indeed a strange place."

Raising his head, Jiang Beiran looked at Shi Jiamu and said,""Bring Yuan Zheng down to take a look. If you can dig, dig up."

"Alright." After saying that, Shi Jiamu brought Ding Yuanzheng to the bottom.

After a while, Shi Jiamu jumped up with a piece of dark purple ore in her arms.

"Brother Jiang! This Golden Cauldron Island was indeed impressive! This is the first time I've seen such a high-grade Purple Frost Stone. It's too powerful, too powerful."

Jiang Beiran clicked his tongue in wonder as he received the Purple Frost Stone from Shi Jiamu.

This Purple Frost Stone was the best of the best. If it was used to make magic treasures, as long as it was successful, it would definitely be at the Black Grade. In addition, the container made from this ore also had a miraculous effect. It could nurture the power of ice spiritual energy magic treasures.
