My Ex-Wife and Kids Came In Like A Wrecking Ball Chapter 1837-Kelly simply nodded and admitted.

She returned after three months!

From the moment she entered H Land, she had only one reason to carry on living!

Take revenge on Rosalie!

Her family, love, body, everything about her was gone.

All of this was because of Rosalie.

In H Land, she exchanged her body for money, plastic surgery, a place to live, luxury cosmetics, and her current life.

Fortunately, she finally met an heir of an amazingly powerful family, who gave her the capital for revenge.

She knew well that she was just a plaything, his mistress.

None of it mattered at all, as long as she was favored at the moment.

The cost of the cruise alone was as high as several million dollars on this trip.

This was Mr. Vanderbilt's preferred atmosphere. For this reason, she tried her best to serve Mr. Vanderbilt well these days.

Chloe's face gradually calmed down from surprise.

She looked at Kelly in front of her. There was hardly any resemblance to the Wendy Fuller she knew.

If the other woman had not admitted it personally, Chloe would have thought that she was being deceived.

"Chloe, do you believe me? I will work with you to deal with Rosalie!" Kelly's eyes could not suppress the hatred.

"Understood. However, could you tell me, how would we work together? Also, why did you choose me? I have feelings for Byron too, but I only disliked Rosalie. I wouldn't hate her up to your extent!"

Chloe had not decided because she did not want to fall into Wendy's trap casually.

After all, she knew what happened to Wendy and the Fuller family.

"Yes, I'm very clear that there is no deep hatred between you and Rosalie! Our goals, however, are aligned. You go and get Byron, and I just want revenge on Rosalie."

Kelly knew that Chloe was not so easy to win over.

However, there was a different kind of confidence on her face at this time. With the support of Mr. Vanderbilt, she could do so much more now.

"Then, what do you have in mind?"

Chloe's heart skipped a beat.

Indeed, she only wanted to be with Byron.

"The method is simple. Rosalie is not too wary of you now. You only need to get close to her and become her friend. Of

course, you need to report updates to me. When we cooperate discreetly from time to time, Rosalie is bound to fall."

Kelly's words were vague.

Chloe immediately frowned, and asked, "Don't tell me that you want to hurt Rosalie directly again? Have you heard of the Lancer family? Rosalie is not so easy to get rid of!"

Causing direct harm was a stupid idea.

"Xander Lancer, hahaha... Such a poor soul too! It would have been great if he had cooperated with me!" Kelly had already spent a lot of money collecting information about Rosalie in Coast City.

She learned that this woman and Byron had gotten together, the three kids were all Byron's biological children, and the family was happy. Even Melody has seen the light and turned over a new leaf. The hatred and pain in Kelly's heart were like a huge wave breaking a reef, making her gnash her teeth, making her sleepless, and making her chest ache.

All of this filled her eyes with darkness and flashes of rage.

"Of course, we wouldn't be inflicting pain directly.

Presumably, you don't want to do it either. I understand very well that you wouldn't want to be implicated, and I can assure you. If you don't believe me, just wait and see for two days. I'll let you know what's next!"
