My Ex-Wife and Kids Came In Like A Wrecking Ball Chapter 2076-[My dear daughter, my beloved Rosalie, I wonder how many years later will you see this written will? Ten years, or twenty years? Or you may not see it at all.]

[Darling, Mama loves you very much, I love you too much. So, it is you who gave Mama the courage to accept my fate at this moment. I know very well that my life is slipping away bit by bit, but I don't feel afraid at all!]

[However, Mama don't know why such bad luck happened to you. You were only three years old and just learned to run and jump around, and you've just learnt to pronounce the word Mama properly. Despite that, death is around the corner, knocking on my door. Mama feels reluctant, this is such a waste! Mama prays to God, I'm willing to accept anything as long as you live, even if it means falling into hell.]

[You were suffering from a congenital genetic disorder. I took you to many hospitals and finally found a solution.

However, the treatment cost is as high as one million dollars. Mama can't afford this at all, I could only ask your father for help.]

[That's right, your father cheated on me. He thought I didn't know and kept lying all the time. At that time, I was really sad, heartbroken and depressed. I don't know how many days and nights I've cried.]

[However, in order to get the one million dollars for your treatment, I could only continue to endure and wait, always

trying to get more money from your father.]

[I never expected the person who promised to grow old with me would do such a crazy thing. He took advantage of my kindness and deceived me. He lied and told me that he adopted an orphan. The ridiculous thing is, that kid was clearly the child he and that mistress gave birth to.]

[Your father always made me take care of this child. At that time, in order to get the money, I had no choice but to cooperate with him. I was ruthlessly humiliated and

ridiculed by him for asking for tens of thousands of dollars each time. I know that it was the mistress manipulating him behind all that humiliation.]

[Darling, I finally squeezed a million dollars from him. I can finally take you for an operation. The doctor said that after this operation, it may have some impact on your body.

Mama is very worried about the side effects. It wasn't until you woke up again that I heard you calling for me, only then I was relieved and rest assured.]

[At this time, Mama already noticed that something was wrong with my body. I must've been poisoned. It is definitely the mistress' doing. I thought about it, the only thing she could do to hurt me was through that child. I went to take care of that boy twice a week. From the moment you recovered, I never went again.]

[Darling, Mama is a bit incoherent now. When Mama wrote all this, I couldn't see clearly anymore. Mama feels reluctant, I just wanted to be with you until you grow up. Mama gave in to your father so much. I just hope that he can more or less

fulfill the responsibility of a father in the future.]

[My dear daughter, I also just learned the name of the third child. She gave birth to two children too. Mama is very worried that they will bully you when they grow up! However, I can't hold on much longer. Darling, the happiest thing for me is to see you come back from kindergarten happily every day, hugging Mama!]

[Mama sincerely hopes that you can grow up happily. In the future, don't be like your Mama and pick the wrong man. You must have your own career in the future...]

[Rosalie, my good daughter, Mama will always love you. Don't be sad even if Mama dies, you must learn to survive. Mama is in the sky, watching over you!]

[Darling, Mama may need to go for real. Your Aunt Lou has left, and I feel a little lonely. In this world, there is nothing worthy for Mama except you!]

[My dear daughter, I hope you would wear that ring. It was passed down from Grandma to me, and Mama will leave it to you now. Darling, if you grow up and have the ability in the future, avenge Mama. Don't let them go!]

My Ex-Wife and Kids Came In Like A Wrecking Ball Chapter 2077-Mama's last will intermittently recorded the last three years of her life.

When Rosalie finished reading her mother's last word, the dam had broken, and she burst into loud sobs.

The heart-piercing grief lingered in her chest. She kept murmuring under her breath. "Mama, my Mama...hurts so much in her life. She was in so much pain!"

She tearfully looked at her husband. At this moment, Rosalie was like a frightened little animal, her entire body trembling helplessly.

Byron read the will with her. The typically calm and introverted Byron felt his eyes burning and tears streamed down his face.

Immediately, a monstrous anger appeared on his face. He exuded a deadly aura all over. He gritted his teeth and said ruthlessly, "Honey, we must avenge Mama. Violet is not human. She is just a beast clad in human skin!"

Rosalie cried bitterly while hugging Byron, inconsolable for a long time.

Finally, Detective Carter read the contents of the will and remained silent for a long time.

The content of the note made Rosalie fully understand that her mother was not just a puppet controlled by her love for

Gordon.

Mama's obedience to Gordon was actually because Rosalie suffered from a congenital disease and needed exorbitant medical expenses.

At that time, Rosalie was too young and did not remember much at all.

For money, Mama even gave in to Gordon's nonsense and helped take care of Ethan, who was only three or four years old.

Mama even noticed that something was wrong with her body, and she must have been poisoned. She guessed it as well, that Violet, the cheap mistress, had instigated Ethan to do so.

‘Mama, why are you so silly? Since you knew you were poisoned, why didn’t you expose her?’* Rosalie thought sadly, ‘If it wasn’t for me, maybe Mama’s fate would be different.’

However, she could not fully understand her mother too. Ever since she had children, she couldn’t wait to give everything to her children. Even her life.

“Mama, your daughter has grown up. I won’t be bullied anymore; I have a husband and children. Mama, I will definitely avenge you. There’s no way I will let Violet get away with it. Don’t worry!”

Rosalie picked up the ring and put it on slowly. The sadness in her heart stopped abruptly, and there was a monstrous hatred on her face.

“Honey, let’s go find Violet now! I don’t believe she would be fearless forever and never admit it.”

Byron nodded and looked at Detective Carter.

“The confession in the will cannot be regarded as concrete evidence. However, you can use the content of the will as much as possible to get Violet to confess to the crime. As for Ethan, he probably wouldn’t be convicted. He was too young at the time to have the subjective thought of committing a crime.”

As a veteran criminal policeman for many years, Detective Carter had seen all walks of life and death, but he was still deeply moved by Rosalie’s mother’s great dedication.

Without further ado, Byron and Rosalie set off immediately.

In Rosalie’s hand, she tightly clutched the piece of paper. The spots on them were probably the tears that her mother shed when she was writing it.

Byron arrived at the suburban villa as fast as he could.

At this moment, there was a moment of silence in the villa. After failing to escape last night, Violet and her son and daughter were still planning a new round of escape inside.

The iron gate in the yard was even locked with iron chains wrapped around it. It was not that easy to get in.

Byron got out of the car with Rosalie. His face was very gloomy upon seeing the gate.

He picked up his mobile phone and called the captain of the bodyguards.
“Tear down this iron gate for me!”
