Chapter 110 Lilah

6 months later.....

"What time is everyone coming?" I call to Knox.

We had been in our new home for a week now and I loved everything about it. It was near a small lake on pack lands, about a fifteen minute walk from the pack house, surrounded by trees and beautiful scenery, Indie and Dan's house was a few minutes walk away, apparently Jake, Gabe and Manuel had plans to build here too so we'd have our own little village within pack! I loved it!

guess, a thank you for their help getting us moved in....

"Should be here anytime sweet" I hear Knox bounding down the stairs, looking gorgeous as

always in a pair of jeans and tight fitted shirt. The weather was slowly warming up after a cold

But today we were having a little get together for our friends here, a bit of a house warming I

winter, I couldn't wait for the winter in our new house, it would be amazing in the snow.....

"Ah ok, can't wait to see little Finn!" I say thinking of Indie and Dan's new little baby, born a few

days ago.

"Why? He only ever cries for me" Knox grins.

"Awww does Uncle Knox get sad that baby Finn doesn't like him?" I tease. Knox runs to me and

grabs me, wrapping his arms round my waist, lifting me up.

He begins to run toward the large black leather sofa in the lounge "You want the big bad Alpha to come get you again?" He teases.

I can't help but giggle.

"Oh put the poor Chica down Knox! Give her a break, I'm surprised she can walk!" I hear Gabe says as he walks into the house. I hadn't even heard the door.....

Knox laughs, I had to laugh too, our friends are used to this by now. Knox who strangely had been

affectionate with me, not that I was complaining.... I know I had said I didn't want a mate, but having him there now I realise how wrong I had been.... he is like a missing part of me.....

"Hey Gabe" I say going to give him a hug.

forever laughing at Dan for being over affectionate with Indie when they first met was just as over

"Hola beautiful Chica" he embraces me and kisses me on the cheek "you decided to run away with me yet?" He grins at Knox as he says that, an ongoing joke with them apparently. I see Knox

Suddenly Jake and Manuel walk into the house, everyone clearly comfortable enough not to knock. All like one big family....

"Awww hey angel" he gives me a tight squeeze.

big brother really. Really protective over me which Knox has said he appreciates.

"Manny!" I rush to give him a big hug, he has become a good friend since I moved here, like a

"Erh, am I not here?" Jake laughs. "Or just not as important as Manuel?"

I see Knox smiling at the way his friends are with me now. I feel comfortable with them now, and

"Aww I still love you J" I tell him, going to give him a hug too.

don't think I ever really had before....

breaking boots" Jake winks at me as he kisses my head.

I laugh at Jake as I see Dan and Indie walking to the door, Dan carrying a tiny little bundle all swaddled in blankets.

"I should think so Miss Lilah, remember it's me that makes Knox keep buying you them toe-

they treat me like family and I love that. I feel like I belong when I'm with them all. Something I

"Awww my gorgeous nephew is here!" I say.

"Now none of us will be important" Knox jokes as I head to see Finn.

We all head into the large lounge, with two large black leather sofas, and two cosy black leather recliners. Everyone sits themselves down.

"Off baby Finn not you Dan" Gabe jokes.

"Piss off dick" Dan says as he passes me Finn. Finn is gorgeous, a tiny little bundle of perfection,

born with a head full of chocolate brown hair just like his Mum's was naturally. And big deep green eyes like his Dad's, and a tiny button nose. Though Gabe still jokes he wanted him to have

the purple hair that Indie has currently....

"I am guessing Auntie Lilah wants a cuddle?" Dan says.

"Hmmm not so much when he wakes about ten times a night" she grins.

Knox brings a tray with drinks in for everyone. And puts it on the coffee table. He then sits on the arm of the recliner looking down at me affectionately. And he strokes Finn's cheek.

Uncle going too" I tell her. "Mama loves him too"

updates!"

tub to relax"

"Ooh hot tub!" Gabe says.

I see Indie smile at me fondly "He's perfect isn't he" I say to her.

"Ten times? What you giving him to drink coffee?!" Gabe says.

"Have you heard how baby Landon is doing?" Indie asked. Landon was Anya and Logan's baby, he was a few months old now and being brought up as planned by Alpha Grayson and Luna Talia.

We laugh, this guy is clueless, goddess help him when he finds his mate and has pups.

"Oh I saw the pictures, he is a gorgeous little thing, does have a look of his Daddy though doesn't he? He will be loved a lot there. It's good he's keeping them going, he will help them heal" Indie smiles "I'm not surprised your mama loves him, she loves Finn too, she regularly messages for

"Aww he is doing well, so cute and such a happy little thing. I think he's keeping Auntie and

obsessed with Finn considering how close she was with Indie. She was already on my case about grand babies.....

"Love it!" Knox says looking at me with a smile "will be even better in a few weeks when

weather is nice again and we can be out on the deck and garden, BBQs and beers, chill in the hot

Mmmm that does sound perfect.... My mate had done good in providing a perfect forever home

I have to laugh, why does that not surprise me? My Mum loves babies, so is no surprise she was

for us.....

"Sounds good!" Jake says.

"So you guys liking the new house?" Manuel asks.

"Yeah and you ain't going in it naked!" Knox says.

"Knox!" I say, feeling my cheeks flushing.

grins at Knox with a wink.

friends.....

"Ooh we have presents?!" I grin at Knox and he laughs.

We all laugh, while Dan is trying to settle Finn again,

has already suggested.

"Well it's our house" Knox says with a wink. I look at him in shock and embarrassment as the guys start to laugh.

"They are used to me by now sweet. And not one of them would do any different with their mate

so they can't comment" Knox says matter of factly and kisses me on my head.

"Oohhh presents!" Indie says standing up and heading to the kitchen. Gabe follows her.

Everyone laughs, while Gabe pouts "I wasn't even thinking that....though I bet you and Lilah

do...." He wiggles his eyebrows at us suggestively. I feel myself blushing as it is something Knox

"You are like a big kid you know that?" He smiles at me before kissing me gently on my lips.

He gently takes Finn from my arms, who instantly starts to whimper, which turns into a louder

wails as Knox quickly passes him to Dan. "I swear that kid don't like me." He rolls his eyes.

I smile, "Oh he does it to me too" Jake says, maybe it's because we're too big and strong" he

"Shit that kid has one hell of a pair of lungs on him" Gabe says as he walks into the lounge again with some gift bags.

bag. "Tell me about it! Even worse when you are sleep deprived at 3am!" She smiles.

I jump up to give Indie a big hug, but find Knox has got there first.

"It's gorgeous Ind', it really is, thank you" he tells her. Giving her a big hug.

She hands the canvas to Knox who begins to peel off the bubble wrap. It is a gorgeous painting of Knox and I....with our wolves laid at our feet.... Wow! It is amazing!

Indie follows him carrying what looks like a big canvas wrapped in bubble wrap and a small gift

"It's is amazing" Jake says behind us from the sofa, I hear the guys all agreeing.

I grab Indie in a big hug "I love it hun, it's beautiful. Thank you!"

"You're welcome" she smiled at me, then passes me the small gift bag "Just a little joke pressie

What?! I look into the bag and see a pregnancy test... idiot! I laugh and roll my eyes at her, and quickly go to tuck the bag down the side of chair before anyone sees it.

Sod off, I'm not pregnant you idiot. I say smiling at her.

You not going to do it?! As a thank you to me for your picture? Indie links.

"Hey that's from me too". Dan says.

"Oh is it? And how much painting did you actually do on the canvas Dan?" Knox says with a

"Here are our presents, though all seem a little incomparable when you look at Indie's" Gabe

Everyone laughs, I love my friends....this feels so good..... how did I ever think I never belonged

here?....

"I gave my advice and opinions" Dan says.

All the guys are laughing so much they are almost crying. Dan clearly not ashamed of what he suggested.... But this doesn't surprise me, this is just how they are with each other.... position in pack means nothing when they are together like this, this is just friends hanging out.... Best

Indie laughs "Hmmm yeah, course you did babe. Like suggesting I paint a dick on Knox's head?"
