Chapter 71 Lilah

because we were in the car.....I had a moment of weakness when kissing him seemed like a good idea.... But he moved away so I guess I read it wrong..... I don't want a relationship anyway.... Least of all with an Alpha.... he just caught me on a moment of weakness.... I need him as a friend....besides I have bigger issues right now.... Logan is pissed...... Alpha Grayson and Dad had to go to the city to deal with pack supply issues, and were expected

I swear we had been so close to almost kissing, he was being so sweet..... he was obviously close

to be gone for a few days, leaving Logan in charge for a few days under the guidance of Auntie Talia and Gamma Alex. But that meant he got to dictate I shouldn't be going to work for Knox's business, as he didn't agree with the arrangement in the first place when Alpha Grayson had

I was all set to go to work this morning, when I got a message from him saying authorisation had been withdrawn after reconsideration from Alpha, but I figured he was likely lying so messaged to acknowledge what he had said, but stupidly snuck out of the house, and then the pack too, because I really wanted to go into work.

Not just because it gave me an opportunity to see my new friends but because Knox's business was impressive and I could learn a lot there and it could give me serious opportunities to work upon building my business knowledge. I just wish Logan would see that part of it, as me having further business knowledge could benefit our pack, which is why Alpha Grayson had agreed to it in the first place as we had no businesses of that kind of our own linked to the pack, and now this

business was linked due to Indie. Alpha Grayson was happy to consider the opportunity for me, when he saw the information and opportunities put forward. I hadn't looked at my messages the whole time I was at the offices, only using it to call Mr Robertson, I did see then I had a few missed calls from Logan but had chosen to ignore them. It was only when it came time to go for lunch I actually opened the messages

Lilah,

You need to answer my calls.

This is me as alpha not as me as a friend

Logan

Lilah

I do not appreciate you ignoring what you were told earlier and choosing to go and work for another Alpha against my orders.

Get back to your pack immediately.

Logan Lilah

I never put you down as one to disobey me. Get back here now. This needs to be dealt with.

Do not ignore me Delilah. You will regret it.

Perhaps the fact you are not meant to be off my pack,

This is not good enough as a pack member.

yet are in the company of another Alpha I could consider it kidnap?

Still choosing to ignore your Alpha. Maybe a few nights in the cells are required so you learn it is me you listen to not another Alpha.

You obey this Alpha, your Alpha, whether or not you are some other Alpha's whore. Get back to your pack immediately. Tell him you will no longer be working for him, or we will be taking actions against him.

I drove back toward pack in almost a trance, pulling up to the pack house instead of my own house when I arrived, knowing I had to go and speak to Logan immediately. This would not be easy. Mum can you come to Alpha's office for me please? Logan is likely to be kicking off at me, I was due to start my new job today for Alpha Knox of Indie's new pack, Logan messaged saying my authorisation was being pulled, which I doubted so I went in anyway, Logan got angry. So I have come back. I'm on my way to see him now. I linked my mum to get her to come ready to help me

if needed. Just in case the dick actually goes through with his threat to put me in the cells, my

I took a deep breath, before walking into the pack house, marching straight to the Alpha office and

knocked on the door. I wasn't planning to take his crap, but at the same time, he was in the role of

Alpha at present so I had to show respect as expected of me due to pack hierarchy.

"I will deal with this thanks babe" Logan says to Anya. "You, sit" he says to me.

"That is not true and you know it Logan" I say, doing my best to hold back tears.

The door opened....Anyafucking marvellous... just what I need....

I walk into the office, and sit down, waiting for what would be coming.

"Oh so you decided to return from...." She began.

I was shaking, I cant believe he thought that of me!

"You cant do that, your Dad is Alpha" I point out.

"Only for now, I will be Alpha soon enough"

in case you hurt me. I saw his face drop.

"You have five minutes Logan" my Mum says, stepping outside.

I grabbed her arm, pulling her back.

"No. I do not need saving Knox." I smile tiredly.

I thought back to earlier....I'd called for my mum....

"I swear Lilah that guy...." he starts.

"Would you call me if you did?" he asked.

"Oh and you'd come running?" I joked.

Looks like an afternoon on my own then.....

I heard my phone buzzing, I looked to the screen, it was Knox video calling.....

And that is the shit I had to face when I eventually got back to pack, but part of me was desperate

to warn Knox what Logan had said, yet I didn't want to start something between the two packs or

I may never get away from the situation I was in. I knew that I could not let any action be taken

against Knox or his pack because of me, so there was no way I could go back to work for him,

despite what he had said to me. No matter how much I really wanted to, no matter how much I

needed to, I couldn't put Indie, and my new friends at risk like that.

The door slammed "You have been out of order today Lilah" Logan yelled. "Logan my work placement was arranged. You know that your Dad had already agreed to the arrangement with Alpha Knox. I couldn't let them down, it doesn't reflect well on the pack." I explain. "No, I don't want to hear pathetic excuses for you wanting to spend time with that dick of an Alpha from Midnight Forest Pack. What is it, couldn't have the future Alpha here so you thought you'd try to find a way to get your claws into a different Alpha?" Logan stared at me.

The door to the office opened and my Mum walked in. "What is this I hear Logan? You stopping Lilah going on her work placement?" Logan looked to me you went to your mum? You bitch! He mindlinked me. I was scared what you were going to do to me Logan, I asked my Mum to come here to help me

"I think there has been a misunderstanding Auntie Sadie. Can you give me and Lilah a moment

"Why did you think I would hurt you Lilah?" Logan looked to me "I was angry you didn't listen

"But the messages you sent were nasty and threatening Logan. I didn't deserve that" he looked at

"It's Alpha Logan to you, and you wont be working for another Alpha Lilah, you belong to me, to

"I was angry Lilah. You don't talk to me anymore. You have no time for me. We used to be so close.... And now I barely see you.... This new job seems to be a way for you to get away from the pack...." He says, looking at me pleadingly. "No Logan, its an opportunity for me to lean new skills, build my business knowledge. I don't see you as much because you have a mate, you have responsibilities now. I miss Indie, you must

conversation with one of the elderly couples from the pack. I headed straight up to my room when I went into the house, just wanting to chill out. I flop myself onto my bed. Sorry sweetheart, going to help out in the kitchens, Mrs Gillespie roped me in, I'll be home later

Listen bitch, you best not have laid a finger or any other part of your anatomy on my mate I

Just because you are whoring yourself out to Alphas now doesn't mean my Alpha mate needs you,

I don't need this.... I didn't even bother to respond to her... I felt tears behind my eyes..... I had

done so well managing to avoid Logan, so staying out of Anya's radar for so long, other than the

"Hello?" I said, sniffing and blinking trying to hide the fact I had been close to tears. "Lilah? What's wrong?" he asked. "Nothing. I just sneezed. You ok? When you said you were going to call later, I didn't think you meant this soon" I tried to joke. I could see his face, and it was not smiling.

sadness to my smile. "Well don't worry. I am fine, I don't need the big bad alpha to come save me, though apparently, I'm whoring myself out to big bad Alphas now" I say without thinking. "WHAT?! Knox's voice booms "he said that?!" I saw his eyes flickering between their deep brown and the black I assume is his wolves. He was clearly more than a little angry.

"I got him told Knox don't worry, my Mama wanted to kill him, and to think about it actually, she

"In a heartbeat, we all would sweet." He said, and again I find myself smiling, this time a tinge of

"Knox it's fine, I don't want to think about it. My mama told him I would be working for you and that was that, so if you still want me in the office the option is there, but I honestly would understand if you didn't, I don't want to cause any problems for you" I explain. I see him smile "I'd be causing problems if you weren't coming to the office sweet.... I want you working there, your ideas from what Jake looked into already could make a massive difference.

Oh and Robertson emailed, planning to sign by the end of business tomorrow. So you, my love

I cant help but blush "Not in bed, but laid on it, I'm just chilling out, thankfully the talk with

I could see him watching me intently thought the video, "What?" he muttered "where did you

plan to go Del?" I had noticed him using my other nickname that Indie used every now and again

Logan didn't take as long as I thought, so I came home. I was dreading coming home you Knox,

"Yeah, but struggling to focus, other things on my mind..." is that because he was worried about

"That's just it, I don't know...I just knew I didn't want to come home" I sigh looking at him, wishing he was here as I know he'd probably give me a hug, as much as I don't want a man in that way, he did give good hugs... "Look Lilah I need you to promise me, that you will never do anything silly like that, you do not need to risk going rogue, you come to me, I will always help you.... "I see him pause like he is

thinking "not just that sweet, if you are ever struggling and things seem to much you come to me... please.....I will always help.... Promise me....please....." he looked like he found his words difficult to say. I was touched he cared, it felt nice to have friends that cared so much. I nod.

"I want you to say you promise me Lilah, it isn't just me, it's the guys too, and Indie of course, she is desperate for me to find a way to help you, so do you promise you'll let me?" he pushes. "I promise" I smile at him.
