Chapter 311: There Must Be Something Wrong With Jiang Xun's Brain

Although Miyao was not considered top-notch, he was much more famous than Jiang Xun.

He really could not find any reason for Jiang Xun's team to reject him since they had taken the initiative to bring it up.

Caoye had more or less talked to Yicheng as if he was giving him alms.

Who knew that Yicheng would reject him so thoroughly.

"This is Wang Yicheng's idea. It might not be Jiang Xun's idea." Caoye refused to give up. "I'll ask Jiang Xun myself."

"I'll ask," Miyao said.

He was still confident about his face.

With his face, could Jiang Xun reject him?

1

"Sure." Caoye thought of this as well.

"By the way, will our filming team always be here?" Miyao asked Caoye.

"Yes." Caoye nodded. "The team members are also on standby."

"Then you should contact the substitute and get them ready. Also, get our team members to find a good position. If the substitute's position is not good enough, they can take capture it from multiple angles."

"You want to start now?" Caoye was surprised. "Haven't you told Jiang Xun yet?"

"It doesn't matter if Jiang Xun agrees or not. We'll start now," Miyao said. "If Jiang Xun doesn't agree, we'll just hype it ourselves. What else can she do to us?"

"Just like you said, Jiang Xun is popular. Every time she has a topic to talk about, My ship will definitely be brought out." Miyao smiled, "So, even if she doesn't cooperate, her popularity and topic can still be directed to me."

"When I go to her RV to look for her later, we have to make sure to take photos. Take pictures of me outside her RV, entering her RV, and chatting with her."

"Okay." Caoye heaved a sigh of relief. "You're willing to take action. You have more ideas than me."

After waiting for Caoye to arrange everyone, Miyao arrived at Jiang Xun's RV.

He knocked on the door a few times, and the RV opened. It was not Jiang Xun who came out, but Xin'an.

"Teacher Huo, what's the matter?" Xin'an asked.

"I have something to tell Jiang Xun." Miyao smiled modestly and politely, just like how he maintained his image outside. "Can I go in?"

"Wait a minute." Xin'an did not move aside. She still stopped Miyao outside the RV and turned to look at Jiang Xun.

Jiang Xun had heard what Miyao had just said. Xin'an did not need to repeat it.

Jiang Xun said, "I'll go out and talk to Teacher Huo."

She had a boyfriend now, so she had to avoid suspicion.

Jiang Xun had not experienced too many tricks in the entertainment industry. She just subconsciously felt that it was strange.

For example, in "Rural Distant," Zhang Jian would maintain a certain distance from her.

When they were doing missions, chatting, and huddling together, they would keep a safe distance.

Zhang Jian would not look for her alone in private.

This was to avoid suspicion and protect her.

It was to also prevent Zhang Jian's fans from mistakenly attacking Jiang Xun.

Jiang Xun was also very grateful for Zhang Jian's grasp of the standards and sense of distance in his interactions with female guests.

Therefore, in 'Rural Distant,' sometimes there were special male guests. She would pay attention to maintaining a proper distance. If it was not necessary, she would not do missions alone with the other party.

Otherwise, if she was scolded by the other party's fans, the other party's fans would not apologize to her.

She was also selective when she was scolded. She liked it when others scolded her and apologized to her when they found out that they were wrong.

She would not provoke fans who scolded her but would not apologize to her.

It was not like she was a cheap person who liked to be scolded for nothing.

Therefore, at this moment, when Miyao wanted to get into her RV, Jiang Xun instinctively felt that it was not appropriate.

It was inappropriate even for the crew to come in.

Without waiting for Miyao to speak, Jiang Xun got out of the RV.

"Teacher Huo, why are you looking for me?" Jiang Xun asked.

Miyao looked at Xin'an, who was standing behind Jiang Xun, and said, "Why don't we go to the side and talk?"

"It's not appropriate," Jiang Xun said bluntly. "If Teacher Huo's fans see it, it won't be good if there's any misunderstanding. If you have something to say, just say it here."

Miyao: "..."

Miyao didn't expect Jiang Xun to be so cautious.

She didn't look like a rookie who had just entered the entertainment industry and didn't know anything at all.

Now, he believed Caoye's words.

Jiang Xun had a rather mature team behind her, and it wasn't even worse than the top-tier flowers in the entertainment industry.

Miyao smiled and said to Xin'an, "Then can I speak to Jiang Xun alone here?"

Without waiting for Xin'an to answer, Jiang Xun said, "It's not suitable. Let Xin'an stay here to avoid suspicion."

Miyao saw Jiang Xun's stubborn attitude and thought about it. He felt that it wouldn't matter even if Xin'an was here, so he said, "It's like this. Aren't we going to be acting as a couple? There are a lot of scenes we'll both be acting in. Can I add you on Wechat? That way, it'll be convenient for us to act together at any time."

Jiang Xun couldn't refuse this reason, so she nodded and said, "Sure. I'm in the cast group. You can just add me directly."

He added her directly, but she couldn't refuse.

Jiang Xun narrowed her eyes slightly. She felt that Miyao was a strange person.

Miyao: "..."

"Since we're both here, why don't I just scan your QR code?" Miyao said.

"It's not convenient." Jiang Xun looked around. "Who knows if there will be paparazzi around here? If they take a picture of my QR code and enlarge it, won't everyone be able to add me?"

Miyao was speechless.

"This... to prevent Reuters, our crew has always done a good job keeping secrets. The paparazzi shouldn't be around," Miyao said dryly. "And even if they are, they're still very far away. The angle shouldn't be able to capture your phone."

Jiang Xun shook her head, took a step back, and pointed the phone screen straight at Miyao. "To avoid suspicion, even if it's captured, it won't make the scene look ambiguous. I'll flash the QR code to you like this."

If that was the case, the paparazzi would indeed be able to capture it.

Miyao: "..."

You're not using a QR code machine to scan the code for payment. Is there a need to do that?

Miyao took a deep breath. He felt that there must be something wrong with Jiang Xun's brain.

But since she was so good-looking, he endured it.

"Then why don't you scan mine?" Miyao switched out his QR code.

Jiang Xun gave Miyao a strange look. Why was he so insistent on adding her as a friend face-to-face?

"Go back a bit," Jiang Xun said.

Miyao: "? ? ?"

"Why?" Miyao was puzzled.

"Keep a proper distance so that the paparazzi won't take misleading pictures," Jiang Xun said seriously.

Miyao: "..."

As far as he knew, Jiang Xun had never been photographed by the paparazzi that could make people misunderstand, right?

Where did she get such a strong sense of vigilance from!

Chapter 312: What Kind Of Species Is This Jiang Xun!

"If you don't want to, you can go back to the group and add my name." Jiang Xun pursed her lips. There was no need to go through so much trouble.

Miyao could only take a step back. "Is this okay?"

"One more step," Jiang Xun said.

Miyao: "..."

Miyao took another step back speechlessly.

Jiang Xun was more satisfied with this distance. "This will do."

Miyao let out a sigh of relief. If not for his unwillingness, he would have gone back and added Jiang Xun as a friend in the group chat.

Who knew that Jiang Xun would be so guarded.

Miyao showed his QR code.

Jiang Xun still saw it from three steps away, but she stopped at the friend page.

Miyao: "..."

"Still not done?" Miyao asked again.

Jiang Xun did not add him, but logged out of the friend page. She said, "I've thought about it. Why don't you add me in the group later. Otherwise, if one day your phone is lost or stolen, and people see me adding you as a friend, with so many fans, they might misunderstand that I'm actively pursuing you or something."

Miyao couldn't help but curse. Are you fucking kidding me?

Fortunately, he managed to control his expression in time and forced a smile. "Okay, then I'll add you in the group later."

Jiang Xun nodded. Seeing that he was still here, she asked, "Is there anything else, Teacher Huo?"

"We're going to stay on the set for quite a long time. Don't call me Teacher Huo so unfamiliarly," Miyao said with a smile. "Just call me Big Brother."

Jiang Xun: "..."

Miyao added, "Can I call you Jiang Jiang? I heard a lot of people call you that."

"Those who call me Jiang Jiang are all girls," Jiang Xun said expressionlessly.

Of course, Yicheng and Boliang also called her that.

However, they were much closer, so they were different from Miyao.

Miyao: "..."

"You can just call me Jiang Xun," Jiang Xun said. "Zhang Jian calls me that too."

How could you be more special than Zhang Jian?

Miyao: "..."

"Alright." Miyao gritted his teeth and smiled. "Then I'll go back first. I'll see you later during filming."

Jiang Xun nodded and quickly returned to the RV.

Before Miyao could leave, the car door closed in front of him.

Miyao was speechless.

Miyao went back to his RV with a sullen face.

Seeing him come back like this, Caoye asked in confusion, "How did it go? Did Jiang Xun agree?"

"Heh!" Miyao sat down and sneered. "That woman, Jiang Xun, is nothing but good-looking!"

"I didn't even manage to add her as a friend!" Miyao said angrily. "She's crazy!"

"What's wrong?" Caoye asked quickly.

Miyao finally found someone he could confide in, and he began to criticize her crazily.

Caoye was speechless.

He really didn't expect Jiang Xun to have such a style.

"It seems like she's really cautious. It'll be hard to find a breakthrough," Caoye said with a frown.

Miyao sneered. "The more she acts like this, the more I don't believe it. I must break through her."

Miyao calmed himself down and recovered his emotions.

It was only then that he found Jiang Xun's name in the small group chat of the cast and crew.

In order to make it easier for them to contact each other, everyone in the group had set up a group nickname for themselves using their real names.

Miyao clicked on add and it didn't take long for Jiang Xun to agree.

Miyao's spirits were lifted and he immediately sent a message to Jiang Xun.

Miyao: [Jiang Xun, we're going to act as a couple. What I mean is, for the sake of the popularity of this show and the popularity of our own characters, shouldn't we take some initiative?]

Jiang Xun: [What do you mean?]

Miyao: [Of course it doesn't need to be real. How about we cooperate and set up a business ship together? For example, in the extras for the filming, we'll show that we have a better relationship and have a chance of developing. After the filming is done, when we're doing the promotions, we'll also put in our characters so that the audience can take more drugs. How about that?]

Jiang Xun: [I'm sorry, but I'm not hyping any ships.]

Miyao: [Jiang Xun, don't make it sound so absolute. You've just entered the industry, and you need to be popular. The ship that the two of us will form will be just for business. It's not real. This will be good for both of our careers. When our ship becomes popular, we can tear it down later.]

Miyao: [Actually, talking about the benefits of this business ship, it's actually not as beneficial for me as it is for you. For a newbie like you who just entered the industry, the bonus of this ship will be the biggest.]

[I don't need to hype any shipping, I can do things myself.] Jiang Xun replied.

Miyao: [Didn't you and Qin Mufeng have a hot couple before? Although the popularity has gone down, it was very high back then, and it gave you a lot of benefits. Think about it, Qin Mufeng didn't cooperate with you to stir up the ship back then. Just the fans alone could bring you so much popularity. If the two of us work together this time and I take the initiative to cooperate with you, it will definitely bring you even more attention.]

Jiang Xun: [I don't need it.]

Jiang Xun: [Teacher Huo, did you add me as a friend just to say this?]

Miyao: [Jiang Xun, don't be in a hurry to reject me. Think about it carefully.]

After Jiang Xun took a screenshot of these records, she removed Miyao from her friend list.

Miyao sent this message, but he did not receive a reply from Jiang Xun.

He sent it over again. [Jiang Xun, you can discuss this with your team. This is something that will benefit both of us.]

When he finally finished typing this line of text, a red exclamation mark appeared on the page.

A small line of text at the bottom indicated that they were not friends.

Miyao: “???”

“Fuck!” Miyao finally could not help but curse.

Caoye was dumbfounded. “What’s wrong?”

Miyao threw his phone on the table, revealing the chat page with Jiang Xun. “She removed me!”

Caoye: “...”

“What kind of species is this Jiang Xun!” Miyao stood up angrily and paced back and forth in the RV.

“How can she be so torturous!”

Adding her as a friend was already troublesome enough!

It was not easy to add her as a friend, but she deleted it again after a few words!

“We’re all on the same production team, and I still have many scenes with her. We see each other every day, and she’s making things so awkward. Can we still do it?”

Caoye was looking at Miyao and Jiang Xun’s chat logs when Miyao saw him and asked, “See if what I said was very sincere and reasonable? A normal person would have agreed when they saw what I said!”

“Indeed.” Caoye nodded. “If it were me, I would have agreed.”

“I just think that Jiang Xun is a little crazy,” Miyao said angrily.

He was also very popular in the industry.

It was rare for him to take the initiative, but in the end, Jiang Xun looked down on him!

Caoye thought about it and said, “Why don’t we forget it? Let’s find someone else for your ship. Shall we wait until your next show?”

Chapter 313: Qin Mufeng’s Low-Key Arrival

“We will have to wait for a long time for the show to be approved. If I’m unlucky, it will even be canceled. Also, the ship in the next show might not be suitable in terms of image and topic.” The more Miyao thought about it, the more he felt that this was the best opportunity. “This is a rare opportunity. Director Guo’s show has been approved and is guaranteed to be a star. Moreover, the speed at which it’s approved and broadcasted is extremely fast.”

“It’s a rare opportunity that Jiang Xun will be acting as my girlfriend this time. Although she has some issues with her brain, it’s fine as long as she’s pretty. Her looks are just right for me,” Miyao said as he thought about it. “This show will be able to be aired soon after filming is completed. It can also increase my popularity as soon as possible. It’s much better than the next show that I don’t know what’s going to happen next.”

“She’s not cooperating. Are you planning to release a script on your own?” Caoye was very familiar with this kind of routine. Upon hearing what Miyao said, he immediately guessed what Miyao was thinking.

“Mm.” The corners of Miyao’s mouth curled up coldly. “Jiang Xun and I have quite a few scenes together. It’s inevitable that we’ll be together during the scenes. Let’s take some photos then and go back to the marketing account to release a script. The photo will be taken on behalf of the company, and the draft will be sent from the marketing account. It won’t say anything explicitly, but it’s just to guide the fans. Even if Jiang Xun isn’t happy about it, they wouldn’t be able to find us. It’s not like we were the ones who took the lead.”

“Isn’t this the same as when Jiang Xun tied Qin Mufeng up and hyped their ship?” Miyao sneered, “If it weren’t for the fact that Lu Xiuse tried to use Qin Mufeng and messed up, Jiang Xun wouldn’t have been so scared that she stopped immediately. She already did this kind of thing herself, so she should know very well. How could she have the face to come to us?”

Caoye nodded. “That makes sense. Alright, I’ll get someone to do it right away.”

The crew came over to call Miyao to get ready to start filming his scenes.

When Miyao went over, Jiang Xun was listening to Haolun explaining the scene.

Miyao went over to listen, and Haolun told Miyao as well.

After the explanation, Haolun went to prepare for the start of filming.

Miyao saw that Jiang Xun was not embarrassed at all because she had just deleted him as a friend, and he was furious. He even pretended to be innocent and asked, “Jiang Xun, why did you delete me from your friend list? I just had a suggestion. If you don’t agree, you don’t have to remove me.”

Unexpectedly, Jiang Xun was not embarrassed at all. Instead, she said confidently, “Oh, I just don’t want to hear you talk about it all the time.”

1

Miyao: “...”

Did Jiang Xun understand the basic ways of the world?!

She was so straightforward and didn’t give him any face. She must have offended a lot of people!

It was unbelievable that she could still make it this far.

Miyao smiled indulgently and dotingly. “Okay, okay. If you don’t want to hear it, I won’t say it anymore. But, can we add each other as friends?”

“No need. I don’t want to cause any misunderstandings.” Jiang Xun pointed at Xin’an. “If you really want to contact me, why don’t you add my assistant on Wechat?”

Miyao: “...”

Who wanted to add her assistant!

He was a big star. Adding someone else’s assistant on Wechat was ridiculous!

Haolun called them to get ready to start.

Jiang Xun and Miyao stood at the positions Haolun had previously determined.

This scene was where the two of them expressed their feelings for each other.

The filming crew didn’t follow the timeline of the plot.

In order to reduce the cost and time of the contract, they rearranged the sequence and shot according to the current situation. After all the filming was done, they would edit the plot smoothly.

Therefore, although Miyao had just joined the crew, he had not yet acted the part where he met Jiang Xun. He had to act the part where he was in love with her.

Miyao sorted out the rest of the scenes.

There was a scene where he was going to kiss Jiang Xun on the forehead.

Haolun called for filming to begin.

Jiang Xun and Miyao began to walk through the scene.

At this moment, all the crew members were focused on filming.

The other actors were either waiting for their scenes in their RVs or filming in Group B.

No one noticed that two people were walking over quietly at this moment.

Haolun’s assistant was holding Haolun’s thermos cup. He had just refilled the cup with hot water when he saw the two people he had not seen before he left.

The assistant was shocked!

Why was Mufeng here!

The assistant was about to speak when he saw Zhang Chengnan, who was standing beside Mufeng, pressing his index finger against his lips.

The assistant quickly stopped talking, but he quickly walked over and whispered, “You two...”

“I’m here to see Jiang Xun,” Mufeng said. “She doesn’t know that I’m here and I don’t want to disturb the filming crew, so I secretly came to take a look. There’s no need for you to make a fuss.”

Due to the sandstorm, all the traffic was blocked.

Mufeng couldn’t come even if he wanted to.

Now that things had returned to normal, Mufeng immediately set off to come here.

However, the county town was relatively remote, and there were many interchanges on the road, so it was more troublesome to come here.

Previously, Jiang Xun and Zilong had dinner with Haolun and Screenwriter Yu. Since his assistant wasn't around, he didn't see Mufeng pick up Jiang Xun.

Now that he saw Mufeng, Haolun's assistant was shocked!

The assistant's pupils were trembling. Jiang Xun and Mufeng?

Was the Fengjiang ship real?

He wanted to go to the Fengjiang ship and punch the card now!

Straight into the pit!

At this moment, Screenwriter Yu saw Haolun's assistant chatting with two men.

From his angle, he could see Mufeng's back.

He could not recognize Mufeng at first glance, but he felt that the man not far away was tall and slender. He was wearing a loose windbreaker, and his broad shoulders supported the loose-fitting windbreaker like a hanger.

Screenwriter Yu walked over and asked, "Little Xiong, these two..."

Before Screenwriter Yu could finish his sentence, he had already walked in front of Mufeng and Chengnan. When he saw Mufeng, the rest of his words were stuck in his throat.

"Mr. Qin!" Screenwriter Yu called out in a low voice.

The corner of Little Xiong's eyes twitched.

It seemed that Screenwriter Yu wasn't completely tactless and was rather smart.

Seeing that he didn't make a sound when facing Mufeng and didn't tell Haolun, Screenwriter Yu could guess that Mufeng had come in a low-key manner and didn't intend to alarm anyone else.

The things that Screenwriter Yu had told others previously made others feel especially depressed and not know how to respond. Could it be that he had done it on purpose!

Little Xiong couldn't help but look at Screenwriter Yu in shock.

Old Yu, you're pretending to be a pig to eat a tiger!

Screenwriter Yu was puzzled by Little Xiong's gaze. Just as he was about to speak to Mufeng, he saw Mufeng's gaze fall on Jiang Xun.

At this moment, it was time for Miyao to hold Jiang Xun's shoulder and prepare to kiss her between her eyebrows.

Jiang Xun closed her eyes and subconsciously frowned.

“Stop!” Haolun didn’t expect that Jiang Xun’s first NG since she joined the crew was just because of a kiss between her eyebrows.

Haolun thought for a moment. Jiang Xun had indeed never filmed any kissing scenes before, not even on the cheek.

Chapter 314: Not Following The Script

Afraid that Jiang Xun would see them, Mufeng pulled Chengnan and hid in the crowd.

Little Xiong :” ...”

Screenwriter Yu: “...”

No, you came to visit. Why do you look like you’re feeling guilty?

Haolun didn’t know that Mufeng had come. He was telling Jiang Xun, “Jiang Xun, relax. Don’t frown.”

“I’m sorry. It was a subconscious reaction. Let me control it.” Jiang Xun raised her hand and touched the space between her eyebrows.

She felt uncomfortable wherever someone other than Mufeng touched her.

Jiang Xun could only give herself some psychological advice. It was just a kiss between her eyebrows. It was nothing.

“Hey, just imagine that you are being kissed by your boyfriend,” Haolun said.

He was too embarrassed to say it directly. He wanted Jiang Xun to think of the other party as Mufeng.

Anyway, that was what he meant.

Hearing that, Jiang Xun looked at Miyao.

Mufeng’s face inexplicably appeared in her mind.

In the entertainment industry, Miyao could be considered pretty good-looking.

But compared to Mufeng, Miyao could only be considered to have a normal appearance.

Thinking that Miyao was Mufeng?

From the looks to the temperament of the person in front of her, what could be compared to one-thousandth of Mufeng?

It would be fine if she didn’t think about Mufeng, but when she thought about that man, Jiang Xun couldn’t relax and accept Mufeng.

She closed her eyes and took a deep breath.

She could only ignore Miyao’s face and try her best to think about Mufeng in her mind.

“Okay.” Jiang Xun nodded.

Mufeng's face suddenly darkened. "Are you shooting a kissing scene?"

Little Xiong initially thought that it was only a kiss between the eyebrows. What kind of kissing scene was that?

However, when he saw Mufeng's expression, he didn't dare to think that way anymore.

Little Xiong took a step back without hesitation. He contributed Screenwriter Yu out of consideration for his good qualities.

Just as Screenwriter Yu was about to turn around and share his troubles with Little Xiong, he suddenly realized that there was no one around him.

Screenwriter Yu subconsciously turned around to look for him. He didn't know when Little Xiong had already gone.

Screenwriter Yu: "..."

Mufeng's eyes were dark and heavy, pressing down on Screenwriter Yu's heart until he couldn't breathe.

"It's... just a kiss between the eyebrows." Unknowingly, beads of sweat appeared on Screenwriter Yu's forehead.

Mufeng clenched his teeth tightly and didn't say a word.

When Jiang Xun was an actor and filming, so she would definitely shoot such a scene eventually.

Since he had supported her to become an actor long ago, he should have been mentally prepared.

It was just a kiss between the eyebrows. He had no reason to interfere with Jiang Xun's work.

He was afraid that Jiang Xun would be angry!

Mufeng breathed heavily.

Not only were Screenwriter Yu and Little Xiong nervous, Chengnan did not dare to breathe loudly beside them.

Why did Screenwriter Yu add a kiss scene!

Even a kiss between the eyebrows was unnecessary!

Couldn't they have a relationship that was pure and did not involve holding hands?

"CEO, why don't we let Director Guo change it?" Chengnan asked Mufeng in a low voice.

Screenwriter Yu quickly nodded. "I can change the script too."

Although he and Haolun were well-known in the industry for not being controlled by capital, neither of them could do anything.

Once the script was written, they would not change it unless it was absolutely necessary.

They would shoot the script however they wanted.

However, Screenwriter Yu had to say at this moment that it was because they did not have enough capital!

For someone like Mufeng, once Mufeng said something, it would not be a problem for him to change the entire script!

That was the double standard!

“There’s no need.” Mufeng gritted his teeth and said, “If Jiang Xun thinks there’s no problem, then there’s no problem.”

Just as Mufeng finished speaking, he suddenly heard a “Bang.”

The entire production crew was silent.

After about three to five seconds of silence, Miyao’s assistant and Caoye rushed over at the same time.

Miyao’s assistant, Mao Mao, exclaimed, “Teacher Huo!”

Immediately after, the crew also reacted.

They all surrounded him.

They saw Miyao lying on the ground. After being stunned for a while, his face contorted with anger. He pointed at Jiang Xun. “Jiang Xun, what are you doing!”

“I just pushed you a little.” Jiang Xun curled her lips. “You’re a man, I couldn’t help but push you.”

Jiang Xun’s gaze was cold with contempt as she looked at Miyao who was being helped up. “Can’t your body take it.”

Miyao was so angry that he wanted to vomit blood. Didn’t she know that men were most afraid of saying that?!

“Why did you push me?!” Miyao questioned with a dark expression.

Jiang Xun sneered. “The script says to kiss between the eyebrows. You just aimed at my mouth, so of course I would push you!”

Haolun and the others also saw that Miyao had lowered his head in the wrong direction, as if he was going to kiss Jiang Xun’s lips.

However, before they could stop him, Miyao was pushed away by Jiang Xun.

When Miyao was about to kiss him, Haolun couldn’t stop him even if he wanted to.

Therefore, they could only let Miyao continue first and then kiss her on the forehead again to see which effect was better.

Who knew that Miyao would be pushed to the ground by Jiang Xun? He had lost so much face.

“Why didn’t you follow the script? What are you trying to do?” Jiang Xun’s cold gaze fell on Miyao’s face like the frost of the night.

Haolun frowned and said, "I didn't have time to tell you to stop just now, but whether it was following the script or my explanation before the shooting started, I only asked you to kiss Jiang Xun on the forehead. Why did you change it all of a sudden?"

Even if it wasn't Jiang Xun today, if it was another actress, she would have subconsciously pushed him away because she was caught off guard.

Haolun frowned. Miyao's reputation for filming was quite good.

He had never heard of him taking advantage of the opportunity of acting to take advantage of the actress.

Miyao's expression was ugly. He had made a mistake.

He had thought that he could catch Jiang Xun off guard, and Jiang Xun would not be able to react in time.

He did not expect that he would be the one to lose big time!

"I only acted in that situation and followed the heart of the character. I felt that kissing was more appropriate," Miyao explained with a sullen face. "Because the cameras were filming, it was not good for me to stop abruptly, so I took the initiative to do it first."

Miyao gradually calmed down and his expression eased up a lot. He said to Jiang Xun, "I'm sorry for scaring you."

Everyone was speechless.

Who knew if Miyao really felt that kissing was more appropriate, or if he was deliberately trying to take advantage of Jiang Xun.

Miyao was also a famous actor and his reputation had always been good.

However, everyone still couldn't help but have second guesses about it.

"Are there any more kissing scenes?" Mufeng asked Screenwriter Yu coldly.

Screenwriter Yu shook his head repeatedly. "No, there aren't any kissing scenes in the entire drama."

It wasn't just Jiang Xun's character. Even Youlan, Zhang Jian, and the others didn't have any kissing scenes.

The main focus of this drama was family ethics. Love wasn't the main focus.

A kiss between the eyebrows was already the most intimate scene.

"A kiss between the eyebrows like this can also be considered a kiss scene," Mufeng said coldly.

Screenwriter Yu was speechless.

There was no one else for Mufeng to get jealous of.

"There's only this scene," Screenwriter Yu said. "The rest are just hand holding or the like."

“Remove the kiss between the eyebrows for this scene as well,” Mufeng said.

Screenwriter Yu: “...”

Although Mufeng did not invest in this drama, why did he want to listen to Mufeng so much?

Chapter 315: You Have To Give Me A Way To Survive

Screenwriter Yu quickly went to look for Haolun. “Director, Qin Mufeng is here.”

Haolun subconsciously looked for him, but Screenwriter Yu stopped him. “You can look for him later. Qin Mufeng came here quietly and didn’t want to make a fuss. He didn’t want to disturb Jiang Xun’s filming.”

Haolun could only look away. Screenwriter Yu said, “Director, shall we remove the scene of the kiss between the eyebrows?”

Haolun: “...”

“Is Qin Mufeng unhappy?” Haolun asked in a low voice.

“He’s Jealous!” Screenwriter Yu grimaced and said in a low voice, “He’s so scary!”

Haolun: “...”

“Old Yu, if he asks you to delete it, you’ll delete it?” Haolun clicked his tongue. “What happened to your insistence?”

Previously, when the investor asked Screenwriter Yu to delete it, Screenwriter Yu refused to delete it.

Some time ago, the investor thought that Xiuse had a relationship with Mufeng, so he specifically asked Xiuse to act as Xuyan.

However, the image gap between Xiuse and Xuyan was too big, and it was even worse than Youlan’s.

Therefore, Screenwriter Yu stuck his neck out and refused to agree.

Therefore, although the news was released, Haolun did not contact Xiuse for a long time.

It had never been decided before Xiuse’s image was ruined.

However, this time, Mufeng was not even an investor. He said something, and Screenwriter Yu listened to it?

“Ahem,” Screenwriter Yu said awkwardly, “I think that even if there was no kiss between the eyebrows, just a hug would not hinder the plot and the characters’ development.”

Under Haolun’s suspicious gaze, Screenwriter Yu braced himself and said, “Originally, our drama wasn’t focused on feelings. It was just that there was a little bit of affection mixed in with family ethics, so it didn’t really matter if they were close or not. When I wrote it, I just felt that it was more or less meaningful to talk about feelings. Of course, it’s not a big deal to not have it.”

Haolun: "..."

"Alright, if even you think there's nothing wrong with it, then remove it." Haolun nodded.

Screenwriter Yu happily said, "Alright!"

Then, he ran back into the crowd.

No one noticed Screenwriter Yu.

Screenwriter Yu came back and said to Mufeng, "Mr. Qin, I've told Director Guo and he has no problem with it. We're not going to shoot this scene with the kiss on the forehead anymore. After this, there won't be any kissing scenes anymore."

Mufeng nodded and took Chengnan to Jiang Xun's RV.

Boliang saw Mufeng and got out of the car in surprise. "Mr. Qin!"

Mufeng nodded and got into the car with Chengnan.

Haolun said to Miyao and Jiang Xun, "How about this, the kiss between the eyebrows is canceled. Little Huo, you just need to hold Jiang Xun's shoulders and look at Jiang Xun with a smile."

Miyao: "..."

What did Haolun mean?

Did he suspect that he was deliberately trying to take advantage of Jiang Xun just now, so he directly removed the only part of the entire script that was considered intimate?

Miyao looked at the staff around him and became more and more suspicious.

Were these people doubting his character?

"Director, why did you suddenly change it?" Miyao asked tentatively. "Is there something wrong with my acting?"

"No." Haolun chuckled. "Don't think too much about it. It's just that I discussed it with Screenwriter Yu and realized that it would be smoother to change it this way."

Haolun patted Miyao on the shoulder to comfort him. "Come, we'll do it this way. Let's have another take."

Miyao could only pretend to have a clear conscience and smile.

This time, he could not touch Jiang Xun, and Jiang Xun felt much more relaxed. Her brows relaxed and she finished filming in one take.

Jiang Xun only had time to rest when lunch was over.

Xin'an followed Jiang Xun to the RV. She was about to follow Jiang Xun into the RV when she was suddenly pulled back.

Xin'an turned her head and found it was Boliang. She asked curiously, "Brother Fei, why are you pulling me?"

Boliang quickly put his index finger to his lips and signaled her not to speak. He gave her a look and pulled her away.

"Brother Liu? You're not in the car. Why are you here?" Xin'an was even more surprised when she saw Brother Liu, the chef.

"Mr. Zhang!" Immediately after, Xin'an saw Chengnan in shock.

She turned around and looked at the RV not far away.

"There's no need to look. The CEO is here," Chengnan explained with a smile.

"When did the CEO come?" Xin'an was so shocked that her pupils were trembling. She didn't even notice.

"He's been here for some time. He didn't want to disturb Jiang Xun's filming, so he hid in the crowd and didn't show his face," Chengnan explained. "Only Director Guo, Screenwriter Yu, and Little Xiong know that we're here."

After Xin'an digested the news for a while, she blinked and suddenly came back to her senses. "Director Guo suddenly removed the scene of the kiss between the eyebrows. Could it be..."

"Ahem!" Chengnan covered his lips and coughed dryly.

Xin'an immediately stopped talking.

It was all in the silence.

She understood!

Xin'an was pulled away by Fei Bolang. Jiang Xun even gave her a strange look.

But she didn't care. They were on good terms anyway, so Jiang Xun wasn't worried.

She got into the car and turned around to see Mufeng sitting on the sofa.

Jiang Xun stood there in a daze and forgot to move.

Mufeng's gaze landed on Jiang Xun and he stood up.

Mufeng was so tall that he almost touched the roof of the RV when he stood up.

Mufeng took two steps toward Jiang Xun and stopped when he reached the distance where his arm could touch her.

He reached out and grabbed Jiang Xun's hand. With a little force, he pulled her into his embrace.

He lowered his head and kissed Jiang Xun's lips.

As expected, he was reluctant to let others even kiss the space between her eyebrows.

When he let go of her lips, Jiang Xun panted and couldn't speak properly.

Mufeng followed up with another kiss on the space between her eyebrows.

This spot and that, she was all his.

No one else could touch her.

“Why are you here?” Jiang Xun touched Mufeng’s waist. She was still a little dizzy as if she was in a dream. She didn’t expect Mufeng to come.

She didn’t expect to even be held in Mufeng’s arms, to be kissed by him like a whirlwind.

She still doesn’t think it’s real.

Her soft hands were on his waist, and the feeling was first-class and real.

On the contrary, Mufeng was pinched by her, causing fire everywhere, are burning warships.

Mufeng’s breathing was tight. He took a breath, and pulled her hand away.

However, Jiang Xun was not happy. It seemed like she was going to ask him if he despised her the next second.

Mufeng said helplessly, “Behave yourself!”

Mufeng grabbed her hand and refused to let go. He simply let her figure out the situation. “I can’t do anything in this car. You have to give me a way to survive!”

This low-pitched and restrained voice was like a taut string. If he exerted a little more force, the string would break.

Jiang Xun was crazily restrained by his voice. His voice was so hot that her face burned and she didn’t even dare to raise it.

Mufeng brought Jiang Xun to the sofa and sat down without saying a word.

He played with Jiang Xun’s thin, soft, and cheese-like fingers, pinching them one by one.

Chapter 316: She Paused And Quickly Turned Her Face Away

He looked down at her hand as if it was the most valuable thing in the world to study, and he was studying it so seriously.

Jiang Xun looked down at her hand that he was pinching in the palm of his hand, and her gaze subconsciously shifted.

Jiang Xun: “...”

She paused and quickly turned her face away.

Her face burned even more.

After a while, she heard the man next to her exhale a breath of hot air.

She took out her phone to contact Chengnan and asked him to bring her people back.

He still remembered that Jiang Xun had not eaten lunch yet.

Brother Liu quickly came back to cook.

Xin'an, Boliang, and Chengnan got into the car. The three of them consciously walked to the back and sat down, keeping a distance from Jiang Xun and Mufeng.

Jiang Xun remembered something that she was going to do as soon as she got into the car.

Mufeng's sudden appearance had made her forget about it.

Jiang Xun called Yicheng. "Brother Wang, In the future, I won't participate in any shows, variety shows, or other activities that Huo Miyao will be participating in. When you take on shows and variety shows, keep an eye out for me."

Yicheng was surprised. "What's wrong? What's that kid up to?"

Yicheng was also a good protector. After Jiang Xun brought it up, Yicheng felt that it was definitely Miyao's fault.

After all, Jiang Xun was definitely not the one who had made a mistake.

Jiang Xun sneered. "He wanted me to hype up a ship between me and him, but I didn't agree. When we were filming, we were supposed to have a scene where he kissed between my eyebrows. Who knew that he would take advantage of me?"

"What?!" Yicheng stood up from his chair in anger. "That trash, you didn't beat him up? Did he touch you?"

"Of course he didn't touch me. I pushed him away." Jiang Xun curled her lips. "Who knew he was so bad? He fell with a push. How dare he blame me?"

"Okay, I'll help you pay attention." Yicheng said. "His manager also came to me and said he wanted the two of you to work together, but I rejected him. Who knew he would come to you again? He really doesn't give up."

"Be careful in the production team and keep a distance from him. I suspect that even if we both reject him, they will still think of ways to unilaterally tie up and rope the two of you together," Yicheng instructed.

Jiang Xun nodded and said, "He added me as a Wechat friend to discuss this matter in the beginning. After I rejected him, I removed him. There are chat records on it. If there's any coupling of us on the Internet, I can send the chat records to clarify it. But if we're gonna clear this up, it's gonna have to wait until after the show. I don't want this to affect the show because of me."

"Director Guo and Screenwriter Yu put a lot of effort into this play, and Screenwriter Yu recognized me from the very beginning and insisted that I play the role of Lin Xuyan." Jiang Xun was never polite to someone who had bad intentions towards her. But she always remembered those who were kind to her. "So I can't ruin the show because of this little thing of mine."

Previously, Jiang Xun felt very sorry for Zilong for the “Hell on Earth” matter.

Because of that matter, Jiang Xun learned a lesson to absolutely not make trouble while the drama was not yet broadcast or finished.

Because of Xiuse’s incident, “Hell on Earth” was implicated.

Therefore, Mufeng increased the investment and hired a technical team to complete Xiuse’s role in the show as soon as possible.

Yicheng understood Jiang Xun’s thoughts and nodded. “Okay, we’ll do as you say.”

Brother Liu brought over lunch.

Initially, Brother Liu and the rest were going to eat together with Jiang Xun, but now that Mufeng was here, they tacitly left the space for Mufeng.

Boliang drove them back to the county town to eat.

“When are you leaving?” Jiang Xun and Mufeng were the only two people in the RV, so Jiang Xun felt much more at ease.

“I’ll stay here for one night and return to the capital tomorrow.” Mufeng felt a little regretful. “If it’s the weekend, I can stay here for another two days.”

However, it just so happened that there was a sandstorm during the weekend.

Mufeng couldn’t wait another weekend. Even if it was a weekday, he would still rush over.

Jiang Xun knew that Mufeng had come to visit her on purpose, so she couldn’t help but hold her chin and laugh.

“Here.” Jiang Xun took out the room card from her bag. “You should go back and rest in the afternoon.”

Mufeng glanced at her with a faint smile. “Why does it feel like I’m going back to my room and waiting for you to pamper me after work?”

Jiang Xun: “...”

“I shouldn’t have felt sorry for you because you’re too tired. I wanted you to go back and rest first!”

Jiang Xun threw the room card back into her bag in a bad mood.

This man still had the strength to have fun with her. It seemed that he was really not tired.

Mufeng’s eyes slightly curved, revealing warmth. “I’ll just rest in here.”

Jiang Xun took out the room card again. “What are you doing in the RV? It’ll be more comfortable to go to the room.”

“It’s better there.” He couldn’t see her again when he went back.

He could still watch her filming from afar.

Jiang Xun seemed to have understood what Mufeng meant. She couldn't control the smile on her face and didn't say anything else.

Jiang Xun and Mufeng rested in the car for a while. When it was time to shoot, Jiang Xun went to shoot first.

At this time, Chengnan returned to the RV in a low-key manner.

"CEO, do we need to deal with the matter of Huo Miyao that Jiang Xun mentioned just now?" Chengnan asked. "Do we need to change the cast of this drama?"

The warmth in Mufeng's eyes disappeared, and his gaze was cold. "Jiang Xun doesn't want the drama to be implicated because of Huo Miyao's matter, so let's do as she says."

Changing the cast at the last minute would waste a lot of time again.

It would also drag out the time Jiang Xun had to finish filming.

"Go and follow Huo Miyao's work after this drama," Mufeng said. "As long as it has nothing to do with this drama, cut off all of his work."

Mufeng wanted Miyao to lose his job completely in the entertainment industry after this drama.

"Okay."

Jiang Xun still had night scenes today, so even dinner was eaten on the set.

It was already past 10 p.m. after filming.

Jiang Xun returned to the hotel with Mufeng.

Jiang Xun was a little annoyed. It was rare chance for Mufeng to come. Who knew that after filming for so long today, she couldn't even have a good chat with him.

Mufeng had to leave early the next morning.

After Mufeng came out of the shower, he saw Jiang Xun lying on the bed playing with her phone.

He pulled Jiang Xun into his arms from behind. "Aren't you sleepy?"

Jiang Xun slowly put down her phone and was too embarrassed to turn around.

However, she was already prepared.

She waited for a long time before she felt movement behind her.

Then, after Mufeng kissed her from the corner of her eyes, she was pulled into his arms.

Mufeng's slightly hoarse voice came from behind her. "Go to sleep."

Jiang Xun finally couldn't help but turn around to look at him.

"Do you think I came to see you just for such a trivial matter?" Mufeng was both angry and amused. He just wanted to see her.

Even though he knew through the phone that she was fine, he was still worried if he didn't see her with his own eyes.

Chapter 317: Are You Tired From Coming Back At Night?

After going through such a terrible sandstorm, he was worried.

He had personally witnessed how tired she was from filming today, so how could Mufeng pull her to do anything.

Jiang Xun simply squeezed into Mufeng's embrace.

However, Mufeng's tightly clenched voice came from behind. "Stop squeezing."

Jiang Xun: "..."

Tsk!

Men!

Jiang Xun was indeed tired. She did not dare to move after Mufeng's words.

Before Mufeng changed his mind, she quickly closed her eyes.

Mufeng was so angry that he laughed when he saw her actions.

The person in his arms was as heartless as ever.

Mufeng did not know when he fell asleep while hugging Jiang Xun.

As he hugged her, his heart unconsciously calmed down.

The next day, after Mufeng sent Jiang Xun to the production team, he left quietly and took a plane to the neighboring city to return to the capital.

Other than Haolun and a few other people who knew about it, no one else in the production team knew that Mufeng had been here.

*

Jiang Xun finally finished filming and left after eating the finished cake that the production team had ordered for her. She looked very anxious.

"Jiang Jiang, aren't you going to wait until tomorrow morning?" Xin'an asked. "Even if we reach the neighboring city now, we can only catch the flight at around 23 o'clock."

It was already 8 pm. It would take two hours to reach the airport in the neighboring city if everything went smoothly.

They were still pressed for time to catch the flight at 23 o'clock.

"We'll try our best," Jiang Xun said. "If we can't make it back in time, we'll rest for a night near the airport. It's best if we can catch the flight."

She had never filmed for such a long duration before.

This was the first time she had filmed for such a long duration and had been separated from Mufeng for such a long time.

Although Mufeng had taken the time to visit her three times, he always came and left in a hurry.

Not only did he not make Jiang Xun feel better, he even made her miss him more.

Jiang Xun turned to look at the darkness outside the window. She could not see the scenery by the roadside, but she was in a good mood.

She couldn't wait to go home.

"If you can catch the 23 o'clock flight, Jiang Xun, it'll be around 3 o'clock when you get home." Xin'an couldn't help but reveal a gossipy smirk, "It'll also be a good opportunity to launch a surprise attack on the CEO. Let's see if he's keeping an eye on his manhood at home."

"Cough, cough, cough!" Jiang Xun choked on her own saliva.

Manhood...

Jiang Xun inexplicably thought of Mufeng's disheveled appearance.

However, she was also looking forward to seeing Mufeng's reaction when he saw her suddenly appear at home after arriving earlier than the originally agreed time.

Because there weren't many cars in the county town and the neighboring city, the road condition was very good and wasn't as serious as the traffic jam in the capital.

Therefore, she arrived at the airport smoothly at 21:50.

The airport was not big, so Jiang Xun saved a lot of time by taking the first-class passage.

It took her less than 20 minutes to complete the check-in and security check-in before he arrived at the boarding gate.

After boarding the plane and sitting down steadily in her seat, Jiang Xun was completely relieved.

Boliang also followed her back by plane.

The RV and the business car were returned to the capital.

Jiang Xun took the opportunity to catch up on sleep on the plane. Perhaps she was too tired, or maybe it was because she could finally go home.

Jiang Xun slept unexpectedly peacefully on the plane. She did not feel uncomfortable at all because of the closed environment.

Even when the plane landed and the broadcast sounded, Jiang Xun did not wake up. In the end she was still woken up by Xin'an.

At this time, the flight attendant came over and lifted the sunshade.

Jiang Xun also straightened the back of her seat.

She looked out of the window and saw the bright lights on the ground, which made it look especially lively.

Jiang Xun let out a sigh of relief.

She thought in her heart, "My heart has come home."

The corners of Jiang Xun's lips couldn't help but curl into a smile. She propped up her chin and looked at the lights on the ground.

When they got off the plane, the online car booking they had made was already waiting at the airport.

The three of them got into the car and Boliang sent Jiang Xun home first. He then sent Xin'an home.

Otherwise, he wouldn't be at ease if Xin'an took the car alone in the middle of the night.

After Jiang Xun entered the elevator, she looked at the time.

2:55.

She got out of the elevator and came to the door of her house.

Jiang Xun unlocked it with her fingerprint and entered.

The room was dark.

She placed her luggage at the door and changed into her slippers before heading to the bedroom.

She didn't turn on the lights and instead used her phone's flashlight function to light up her path.

Otherwise, if she turned on the lights, the lights would be too bright and Mufeng would notice it. There wouldn't be any surprises left to speak of.

However, halfway through, she saw that there was light coming from the crack in the door of the study room.

Jiang Xun was surprised. Mufeng was working in the study room... Didn't he go to sleep?

She turned off the flashlight and walked towards the study.

She didn't expect the study door to open just as she reached for the handle.

Jiang Xun saw Mufeng appear at the door with an empty coffee cup in his hand. He was still pinching the corner of his eye with one hand.

There was still a hint of coffee in the coffee cup, and it emitted a faint coffee aroma.

He was wearing pajamas. The hair on his forehead hung down to his eyebrows. It looked soft, smooth, and easy to touch.

However, his eyes were slightly dark.

He was wearing pajamas, and the pajamas stuck to his body, revealing the muscles inside.

Mufeng's broad shoulders and narrow buttocks were like clothes hangers. No matter what kind of clothes he wore, he could be described as high-class.

Even though he was wearing pajamas, he still felt like he could appear in the conference room at any time.

Mufeng was stunned when he saw Jiang Xun.

He even forgot to bring down his fingers on the corner of his eyes.

"You've been working until now?" He had never worked until this late when she was at home.

This man went all out for work when she was not at home?

Before Jiang Xun could say anything about him, Mufeng quickly put down his hand that was pinching the corner of his eyes and reached out to pull Jiang Xun into his embrace. He lowered his head and kissed Jiang Xun's lips.

Jiang Xun didn't know when or where he had placed the cup in his hand.

When he kissed her until her face couldn't be seen, she was forcefully held in his arms.

Mufeng had been holding back, and missed her terribly.

Even though he went to visit her a few times throughout the duration of the filming, he felt sorry for her because she was too tired from filming and he only hugged her to sleep. In the end, even though he saw her, he was still holding back.

He carried Jiang Xun to the bed. On the bed, Mufeng let go of her lips slightly.

Jiang Xun's half-opened eyes, which had been kissed by him until they were somewhat blurred, were frozen in place.

This man's gaze was fierce like that of a wolf that had been hungry for a long time, and his dark eyes were releasing a fierce look that seemed to be tinged with some redness.

"Are you tired from coming back at night?" Mufeng's voice was like a taut string that was about to break at any moment, which made Jiang Xun's scalp tingle.

Jiang Xun, who had never been afraid, was now afraid.

She nervously swallowed her saliva. She only wanted to come back early to give him a surprise, but she didn't expect him to be so stimulated.

Jiang Xun even suspected that with Mufeng's current condition, it would be difficult for him.

Even if her physical fitness was as strong as him, she would still have a tough time tomorrow.

Jiang Xun silently looked at her merit points panel. There were still 1,317 merit points left on it.

Jiang Xun took out 300 merit points and exchanged them for 30 ability points. In one breath, all of them were added to her stamina.

Chapter 318: Then You'll Have To Work Just A Little Bit More

The ability on her physical strength panel became 40.

Jiang Xun wanted to cry.

She had so little merit points now that there was barely any for discretionary use.

She didn't plan to add any more points to her ability panel.

In any case, her current ability points were enough to deal with this world and allow her to do whatever she wanted.

"I'm tired," Jiang Xun said. Although she didn't have much hope, she still held on to a glimmer of it.

"Then you'll have to work just a little bit more." After Mufeng finished speaking, he covered Jiang Xun's lips.

Jiang Xun couldn't even scold him. She was so angry that she kicked him.

This dog man!

Since that was the case, why did he still ask if she was tired?

Her flawless jade-white arm reached out and grabbed the pillow hard, but then she let go weakly.

Her cheeks, shoulders, and even her toes were dyed a faint red.

*

In the morning, she felt movement on the bed beside her.

Jiang Xun opened her eyes in a daze. When she saw Mufeng getting up to get dressed, Jiang Xun also rubbed her eyes and sat up.

Her long hair was a little messy, and it looked furry.

Jiang Xun recalled that it was Thursday today and Mufeng still had to go to work.

He had worked until three o'clock and tormented her until dawn, but he was still in high spirits.

Jiang Xun yawned. The ability points added to her physical strength had indeed worked.

However, although his physical strength was able to withstand it, the marks left by Mufeng were not reduced at all.

The soreness in her muscles did not ease at all.

Mufeng turned to look at her and smiled.

As he buttoned his shirt, he walked over and lowered his head to kiss her on the lips. "You can sleep some more."

He had exhausted the little girl quite a bit.

Jiang Xun fell back heavily. She muttered in her heart, why didn't Mufeng know how to be tired?

She yawned and said sleepily, "Do you often work until three o'clock when I'm not at home?"

"Only occasionally." Mufeng straightened his body and buttoned up his shirt.

In order to visit the set, he had to reduce his rest time.

He had to work until two or three o'clock a few days before and after visiting the set.

Mufeng did not say it, but Jiang Xun had also figured it out.

Her heart softened, and she resentfully rewarded the dog man. If she had to work a little harder, so be it.

Mufeng went to work while Jiang Xun continued to sleep.

She slept until nine o'clock before she hurriedly washed up, ate a few mouthfuls of breakfast, and rushed to school.

Jiang Xun had expected Mengyao to hype up their ship, but she didn't expect it to happen so quickly.

Xin'an sent a message to Jiang Xun in the group. [Jiang Jiang, Weibo suddenly started spreading topics about you and Huo Mengyao.]

[It's even on the hot search.]

Xin'an: [Picture]

Jiang Xun opened the picture that Xin'an had sent. It was a screenshot of the trending searches.

Hot Search 5: [Xunmeng Is So Sweet]

Jiang Xun sneered. Mengyao was quite willing to spend money.

He bought the fifth spot on the hot search list.

Jiang Xun: [He really can't wait. He's starting it right after filming.]

Yicheng: [He's trying to warm up the show in advance. After the show is broadcast, it'll be a good opportunity for the publicity.]

On Weibo, under the deliberate guidance of marketing accounts and professional fans, there were already shippers.

[Xunmeng is such a good match!]

[Xunmeng is so sweet!]

[Xunmeng sounds much sweeter than a border.]

[I've been searching for you, and I've finally found you.]

[Look at the way Brother Yao looks at Jiang Xun. He's really very indulgent. She's making a fuss, and he's laughing.]

It wasn't just behind-the-scenes highlights, but also clips of Jiang Xun and Mengyao from the drama.

Jiang Xun had acted as an assassin and an antisocial murderer in her first two dramas.

However, when Yuewu was disguised as Mingyue, she was still very gentle and sweet.

Before Cheng Yao's identity was exposed and she was caught by the male and female leads, she pretended to be a good friend of the male and female leads. She was also a girl who looked gentle and kind.

When these two characters were edited together with Mengyao's other roles, they actually matched each other very well.

In a short two days, Xunmeng's group of shippers had already taken shape, and even had their own fan page.

This made the Fengjiang shippers very depressed.

The fans were complaining in their shippers' group.

[What the hell are the Xunmeng shippers doing! The drama hasn't even aired yet, so why are they dancing?]

[She's making a fuss while he's laughing. I don't think Jiang Jiang interacted much with Huo Mengyao. Even if she did, it was out of courtesy. Jiang Jiang wouldn't have joked around with Huo Mengyao!]

[Because of Lu Xiuse, we don't dare to openly attack other ships on Weibo. Who knew that someone else would take advantage of this!]

[However, after the first episode of Rural Distant, Mufeng has never appeared in public again. He has never appeared in the same frame as Jiang Jiang. But with Xunmeng, there will always be more to consume.]

In the chat, someone also said, [In fact, Xunmeng is filming in the same group and they were together for so long. Moreover, they are acting as a couple. It can be said that they see each other every day. It'll be really easy to get along and develop feelings. I wouldn't be surprised if the two of them are really a couple.]

[Hehe, it seems like we have some strange things enter our Fengjiang channel.]

[Xunmeng shippers, can you get out? What kind of show are you putting on?]

[Hehe, what are Xunmeng shippers doing in Fengjiang's channel? If you want to take Xunmeng drugs, go take them. We won't pay attention to you, but you still came to our fan club to lead the conversation. How cheap!]

Zhou Daxin and the other two also saw the hot search in the dormitory.

"Fuck! Jiang Jiang and CEO Qin are the real couple!" Huang Jiajia said angrily.

“There’s no helping it. The two of them haven’t made their relationship public yet, so the fans don’t dare to make noise publicly.” Ma Haina said, “Even though the three of us know about it, we can’t say it directly in the chat, can we?”

Daxin held her phone and frowned, “Then can we give them a hint?”

“I think it’s better not to,” Jiajia quickly shook her head. “We shouldn’t cause Jiang Jiang any trouble. Previously, many people had ridiculed Jiang Jiang for self for posting on the forum to stir up popularity. Now that the antis are so good at stirring up trouble, even if we don’t hint at anything, they can find something to mock Jiang Jiang about. If we gave any hints, the antis will definitely seize the opportunity to ridicule her.”

“Then... then we won’t say that Fengjiang is real. We’ll just say with certainty that we have the right ship!” Daxin said.

The three of them discussed and felt that this was feasible.

Hence, in the chat.

My Ship Set Sail: [I don’t care, Fengjiang is real, I firmly believe in this!]

Did Fengjiang Come True Today: [Hehe, Xunmeng looks like Huo Mengyao’s one-sided effort. Jiang Jiang doesn’t seem to cooperate at all. What are you all eating? Fengjiang’s old candy is also sweeter than Xunmeng’s industrial candy.]

Fengjiang Harder: [I’m lying in the pit of Fengjiang. No one can pull me out]

At this moment, a new account that had just joined the fan page for more than a month suddenly appeared.

Diving Straight Into Fengjiang: [I’ve worked in the crew of “Path of Life.” I can take responsibility and say that Xunmeng is an impossible ship.]

Chapter 319: There’s No One Else Like You Two In A Relationship

“Waa! What else do you know?”

Diving Straight Into Fengjiang: [It’s not convenient to say too much. I can only say that Jiang Xun knows her limits when getting along with her cast. She has always maintained an appropriate distance. I’ve never seen Jiang Xun get close to Huo Mengyao either. The two of them didn’t even have much interaction after each scene. That’s why I don’t know how this Xunmeng ship came about. It’s simply made up from nothing.]

[I’m relieved to hear you say that!]

[Op, with your name, do you have any inside information about the Fengjiang ship?]

[I suspect that your name is hinting at something.]

Little Xiong looked at the reply, smiled, and replied, [No, no, it's just that I'm also a fan of the Fengjiang ship, please don't misunderstand.]

The fans were disappointed, but they quickly recovered.

[It's fine, as long as Xunmeng's ship is fake.]

[Everyone, let's not look at Xunmeng, let those who are willing to do so go! In any case, the drugs they're taking are fake.]

The fans were all cheering.

However, even though they said that...

They still felt terrible when they saw Jiang Xun's coupling with someone else.

However, even so, the Fengjiang shippers still stayed in the fan page of the Fengjiang ship and did not vigorously promote the Fengjiang ship outside.

Mufeng looked at the lively shippers dancing.

Xunmeng's shippers didn't have any concerns, unlike Fengjiang's shippers who were worried about angering Mufeng and didn't dare to wave the ship's flag on Weibo. They only dared to chat on Weibo and in group chats.

Jiang Xun and Mengyao wouldn't block each other, so it didn't matter how their fans act.

Mufeng was even more depressed because he could see this.

Mufeng thought for a while and called Chengnan in.

"CEO." Chengnan was standing in front of Mufeng's table.

"Delete all the topics on Weibo about Xunmeng. In the future, no related topics are allowed to appear on the hot search." Mufeng's face darkened as he said, "Get rid of them as they appear."

Chengnan's mouth twitched. "Yes."

When the CEO was jealous, he really burned money!

Soon, Mengyao realized that the public release for his and Jiang Xun's ship could not be released.

Even if it was posted, it wouldn't be popular and wouldn't make it to the hot search.

Of course, this still couldn't stop the fans of the ship from commenting.

Mengyao wanted Xunmeng to become popular on his birthday. Since Jiang Xun's birthday was on June 1st, he set his alarm for 06:00 in the morning. At 06:01, he posted a selfie of him just waking up.

Mengyao posted,[I'm one year older, it's a fresh start. A new day starts early.]

[Ahhhhhhhhhhhhhh! I'm going to faint! Jiang Xun's birthday is on June 1st, and Brother Yao posted to Weibo at 06:01 on his birthday!]

[Good fellow! Whoever saw it, let's say something, the Xunmeng ship is real!]

[Brother Yao is so thoughtful, so sweet!]

Hot Search 1: [Mengyao's Birthday]

This Weibo post had nothing to do with Xunmeng. The first hot post was Mengyao's birthday Weibo. Below it were all the shippers celebrating.

Jiang Xun's fans couldn't stand it anymore. Someone said, [Jiang Xun doesn't even pay attention to Mengyao. I don't know what's so good about him.]

[Hehe, Jiang Xun and Qin Mufeng didn't pay attention to each other. Isn't the Fengjiang ship still very popular?]

When Mufeng saw this, he looked at his following list.

Before he met Jiang Xun, he rarely went on Weibo and didn't even pay attention to the official Weibo of Qin Yang Corporation.

His following list was empty.

He didn't even use Weibo. His Weibo was like a zombie account.

Later, when he met Jiang Xun, he only went on Weibo to say a few words when he needed to refute the rumors.

It was only recently that the Xunmeng ship had suddenly appeared, which made Mufeng very angry. That was why he would check Weibo from time to time.

As he had never had the habit of using Weibo, he had really forgotten that following someone was a thing.

Now that he saw the comments of the netizens, Mufeng was finally reminded.

He turned back to look at his empty following list and rubbed the space between his eyebrows.

How could he have forgotten such an important thing?

Mufeng quickly followed Jiang Xun. Only then did he realize that Jiang Xun did not follow him.

Mufeng sent Jiang Xun a screenshot of him following her.

However, Jiang Xun was in class at the moment and her phone was set to silent, so she didn't notice it.

The fans realized it before Jiang Xun did.

EatingJiang: [Great CEO Qin followed Jiang Jiang!]

Split Underpants: [Great CEO Qin only started following Jiang Jiang today? I always thought that Great CEO Qin had already followed her.]

Happy Planet: [That's probably what Great CEO Qin thinks too. He thought he followed her a long time ago, but he realized that he didn't.]

Spicy JJ: [Great CEO Qin: I actually didn't follow Jiang Jiang! What a shock! I'd better hurry and follow her!]

Jiang Jiang Shredding: [Hahahahaha! The image is so vivid! I can already imagine Great CEO Qin raising his eyebrows in shock and following Jiang Jiang.]

Milk Candies: [@Xunmeng shippers, isn't this a slap to the face?" Great CEO Qin is following Jiang Xun!]

Xunmeng's shippers were still stubborn. Someone said, [Isn't Jiang Xun not paying attention to Qin Mufeng? You're mocking too early.]

Chen A Xiu'er: [No way, no way. Even Great CEO Qin is paying attention to Jiang Jiang. We just have to wait for Jiang Jiang to see it and then follow him back. I don't know why some people are so stubborn.]

Little Fatty: [Actually, the hardest thing to do with Great CEO Qin is to get his follow.]

Old Wang Next Door: [And now, it's Great CEO Qin who's taking the initiative to follow Jiang Xun.]

Super Sweet JJ: [Come, let's take a look at the [pictures] of Great CEO Qin's following list. Shocking! Great CEO Qin is only following Jiang Jiang!]

[Wuwuwuwu! Today is another crazy day of drugs! Great CEO Qin is too good at giving us drugs.]

[Shout with me, the Fengjiang ship is real!!!!]

[In my lifetime!]

[Does it mean that Great CEO Qin has never minded being shipped with Jiang Jiang?]

[If you say that, I won't hold back anymore.]

[Does this mean that we can take it openly? We won't need to hide in Weibo or the group chat to secretly watch it? Can I dance to my heart's content?]

[Brothers and sisters! Keep playing the music and keep dancing!]

The corners of Mufeng's mouth curled up into a smile. These fans finally understood what he meant.

However, Xunmeng's fans still held onto the fact that Jiang Xun didn't reply to Mufeng.

Jiang Xun happened to be dismissed from class. She took out her phone and saw Mufeng's message.

Jiang Xun: [You've never followed me?]

Mufeng: [You haven't followed me either.]

"There's no one else like you two in a relationship," the system said.

Of course, Jiang Xun would not let Mufeng be ridiculed for following her while she ignored him.

Therefore, Jiang Xun quickly followed Mufeng.

Time Scavenger: [Good news! Jiang Jiang is following Great CEO Qin!]

Chapter 320: You Have To Give Me Something In Return

[Wuwuwu! Can I dream that our ship might come true one day?]

The Xunmeng ship's popularity was instantly overshadowed by the Fengjiang ship.

Originally, it was only because the fans didn't dare to make a scene, so the popularity of Xunmeng grew for a while.

But now, Mufeng had personally taken the lead and released a signal, telling the fans not to be afraid.

The fans, who had been secretly watching and had long been holding it back, were suddenly like wild horses out of control, their excitement uncontrollable.

One after another, they updated on the fan page.

[It's the new year!] The Fengjiang shippers shouted.

*

"Path of Life" was indeed as Mengyao had expected. It passed the vetting process quickly and the broadcast date was confirmed.

It would be during the Spring Festival, and it would be officially broadcast on the second day of the new year.

"Path of Life" had also entered the pre-broadcast warm-up publicity.

The drama's publicity team contacted the currently popular escape room variety show, "Find A Way Out." They wanted the five young leads of "Path of Life," Youlan, Zhang Jian, Jiang Xun, Mengyao, and Shao Yuxi to promote "Path of Life" on the show.

Li Zhengqin, who played Youlan's husband, was a permanent member of "Find A Way Out," so he was the one who cued the show's publicity.

In order to cooperate with the publicity team of the drama, Jiang Xun also agreed to participate.

"But Huo Mengyao will be there too," Yicheng said. "It's really hard for you to reject this promotion. You clearly have free time but if you didn't participate, you'll be labeled as uncooperative in the industry. It won't be good for you."

"I'm fine. Why should I be the one hiding from Huo Mengyao?" Jiang Xun wasn't afraid. I'll just stay away from him when the time comes. If he still dares to use me on the show, he'll be the one who'll be embarrassed.

Jiang Xun had been tolerating him for a long time for the sake of the drama.

She was now rubbing her fists and wiping her palms, waiting for the show to end.

Thanks to Director Guo and Scriptwriter Yu, the show passed the vetting process and was scheduled very quickly, so she didn't have to tolerate Mengyao for too long.

“Alright, I’ll contact the publicity team then,” Yicheng said. “The production team will also come over to share some of the content with us. They will also try not to touch on things that are more taboo for the guests. I’ll tell the production team not to cue you and Huo Mengyao as a couple.”

There were some leaks in the WeChat voice chat. Mufeng, who was beside Jiang Xun, heard the contents of the call clearly.

“You’re going on the show with Huo Mengyao?”

“It’s not like it’s just us. There are also other main leads and regular guests on the show,” Jiang Xun explained. “At most, I’ll endure it until the show is over. It’ll be quick.”

Mufeng felt that he was about to become a ninja turtle.

1

“You want me to watch another man be shipped with you, and you want me to endure it?” Mufeng held onto Jiang Xun’s waist.

“Then what do you want?” Jiang Xun kicked his calf in annoyance. “You don’t have time to go to variety shows.”

He was a big CEO, and he had to work overtime until three o’clock every time he visited her at work.

Where would he find the time to record a variety show?

Previously, he had participated in two variety shows to chase her, and that was probably his limit.

Thinking about it this way, Mufeng must have spent a lot of effort to chase her.

Jiang Xun could not help but feel proud.

She was worth it!

Mufeng narrowed his eyes and looked at Jiang Xun amusedly. He did not know what Jiang Xun was thinking about, but she was acting all high and mighty like a peacock with its head held high.

“You have to give me something in return so that I can endure it.” Mufeng’s hot palm was placed on the back of her waist and he pressed her into his arms. His other hand was pressed on the sofa, forcing her to the corner of the sofa.

His hot breath had a faint scent of cedar in it, baking the corner of her lips.

Jiang Xun couldn’t help but lean back. However, the back of the sofa completely blocked her way.

Jiang Xun swallowed a mouthful of saliva. She saw Mufeng’s profiteering side and asked uncertainly, “What do you want in return?”

“For example,” Mufeng leaned forward and pressed her back with his palm, pulling her into his arms.

“Wu...”

The next day, Jiang Xun, whose muscles were sore, knew all too well what benefits Mufeng wanted.

She laughed coldly. After the show was over, she was going to teach Mengyao a lesson!

She really didn't expect that it would be more tiring than fighting zombies in the apocalypse.

The variety show "Find A Way Out" was recorded in Hangcheng.

Jiang Xun left a day earlier and arrived in Hangcheng with Xin'an.

This variety show was also produced by Feng Videos, and it adopted a livestream + webcast + star mode.

Just like "Accelerated Flight" and "Rural Distant," it was first livestreamed, then the actual show would be co-broadcasted on Feng Videos and Donghua TV Station.

However, Jiang Xun didn't know the director of the variety show this time. He was from another variety show production team of Feng Videos.

In recent years, Feng Videos' variety shows had been doing very well, and almost every one of them had become popular.

It could be seen that the competition between the variety production teams in Feng Videos was very intense.

Jiang Xun thought that they were only here to record a variety show for two days. During the recording, the production team would arrange vehicles for them to travel to and from the hotel and the recording location.

Jiang Xun and Xin'an only needed to use their own car to go to and from the airport, so they did not need Fei Boliang to follow them.

On the way from the airport to the hotel, Jiang Xun searched the food map of Hangcheng.

Hangcheng's food was light, but Jiang Xun had never been a picky eater.

As long as it wasn't particularly bad, she could accept any flavor.

Therefore, Jiang Xun chose a restaurant based on the restaurant's rating and the customers' comments.

At night, she dragged Xin'an out to eat.

After they finished eating, they walked out of the restaurant and saw a snack street not far away.

Jiang Xun dragged Xin'an from the start of the snack street to the end of the street. She was holding takeaway bags in her hands, but her mouth was busy eating.

Jiang Xun had packed everything she needed for midnight snacks.

Xin'an's stomach was so full that she couldn't eat any supper.

She was carrying bags of various sizes for Jiang Xun.

The two of them returned to the hotel. At the entrance, they saw Mengyao standing there as if he was waiting for someone.

Jiang Xun frowned and her face turned cold.

Mengyao saw her and waved at her in joy. "Jiang Xun!"

It wasn't enough for him to just shout, he even ran directly towards her.

Jiang Xun couldn't even pretend she didn't see him.

The production team's guests were all in this hotel.

Each guest had many fans waiting for them.

After Mengyao's shout, not only Mengyao and Jiang Xun's fans, but the fans of the other guests and passersby also raised their phones to take pictures.

"You two haven't had dinner yet?" Mengyao glanced at the bags of food in Jiang Xun and Xin'an's hands and thought that they hadn't eaten yet. He smiled charmingly. "Why did you order takeout? I was going to invite you to have dinner with me."
