

Chapter 13:

Under the parking lot, the nursery rhyme sprinted behind Lu Sicheng, watching him go to the royal blue Marathati in the corner, and then opened the driver's seat.

Nursery rhymes: "..."

She just went to buy a pair of slippers and a pair of underwear plus a bath towel.

The car came out of the parking space and stopped in front of the nursery rhyme. The nursery rhyme reached out and pulled the door of the rear seat. Then the window of the driver's seat descended. Lu Sicheng's faceless face was behind the window: "Sit in front, what is the back seat, when I am the driver?"

"Cheng Ge, I am wrong."

Positively admit the mistake, the nursery rhyme reflexed, the door handle slid to the front, opened the door of the co-driver and climbed into the seat, looking at the front.

Lu Sicheng gave her a look.

"Safety belt."

"..."

The nursery rhymes "oh oh" two times, and quickly bowed down to find the seat belt, fasten the seat belt and put back the original sitting position, hands on the knees is like waiting for the kindergarten teacher to send a small red flower Ass child - Lu Sicheng seems to be quite satisfied with her quiet and dumb appearance, stepping on the gas pedal, the car slowly exits the villa community from the parking lot...

"Cheng Ge, I will buy some slippers and toiletries, and I can go to any nearby shopping mall."

"Otherwise? Take you to the furniture city?"

"Would you like to go?" The nursery rhyme looked surprised.

"When I change a card, do you go?"

"..."

Next time I'm going to talk about a meticulous sign, "I'm ironic", okay? After all, your face looks like everything is really... The nursery rhymes drums the drums, the hand slides on the seat belt and slides away, look at the window and turn around and peek at the man driving around, only at this time The latter is a relaxed face, and does not feel the embarrassing look at all -

"What are you looking at?"

“ ... ”

And I am still afraid that I can't be more embarrassed. The nursery rhyme quickly regained his gaze and looked at the window outside the window. Fortunately, when she came, she noticed that the zgdx club was too rich because of the sponsor's question, so the dota branch and the lol branch were in the villa in the center of Shanghai. In the community, the surrounding area is very prosperous. If you drive, the nearest mall is only ten minutes...so she only needs to endure for ten minutes. Even if this is the case, give her a chance, she may definitely choose to walk with two legs.

When I got to the place and got out of the car, the nursery rhymes got some thirst and bought it at a tea shop outside the mall. After watching it for a long time on the bar, she finally ordered a glass of juice. She went back and asked the man standing behind her: "Cheng Ge, do you want to drink?" "No need to."

A concise answer, with a "You give me a quick look" expression.

The nursery rhyme made a grimace and turned back. The waiter selling milk tea behind the bar smiled and said: "Miss, your boyfriend is very cool."

"That's not my boyfriend, my colleague." The nursery rhyme was so scared that he was so frustrated by the waiter's misunderstanding. "That will give me a latte."

So the last nursery rhyme gave Lu Sicheng a cup of coffee, Lu Sicheng did not say anything, and thanked him for picking up the past... After buying and drinking, the two men walked side by side into the mall, still still take a step by step. Only after catching up with the rhythm, even if it was a trotting squatting to the elevator, the two men entered the elevator before and after.

Lu Sicheng is texting all the way, I don't know who to talk to, and I still can't understand Korean virginity. When he entered the elevator, he retreated to a slightly inside position. The nursery rhymes got close to the elevator button, and began to carefully read the introduction of each layer next to the 摁 key to find the supermarket and the daily necessities. So when Lu Sicheng made a temporary release After finishing a message, I raised my head and said, "Hello" what I was trying to say.

Suddenly I found that I was in the corner and leaned back on the chin to study the back of the elevator button...

There is an inexplicable familiarity.

Three seconds later, in the silent gaze of the man, the nursery rhyme succeeded in finding the place he was going to, satisfied with the three-layered shackles, and turned his head: "Well? Cheng Ge, are you calling me?"

"...Do you know that the yqcb team are ready to announce their retirement?"

"I don't know, a group of dishes is more than the ad team's ad. I think about it, is it warm? Is he going to retire?"

"My friends who played professional jobs in South Korea told me that the new yqcb team may be -"

"Well? Who?"

The nursery rhyme bites the straw, yqcb (love: a group of vegetables than) the team is the team of this year's boyfriend Ai Jia, but this spring is not good, almost dropped to the secondary league, just finished the relegation a few days ago. ... Lu Sicheng, such a top-level team member also care about the relegation team?

Lu Sicheng said that he was silent and stared at the girl standing next to the elevator button. For a long time, when the latter stared at him inexplicably, he suddenly changed the subject: "Forget it, nothing. I listened to Xiaorui. You also came to see the spring two finals of the previous two days."

"Yes."

"Have a hotel with us."

"Yes."

"Forty-six layers?"

"Yes....."

The nursery rhyme replied half and suddenly stopped, and then the bite of the straw blew a big bubble into the quilt...

The hand holding the drink cup was slightly tightened, and when she didn't have time to speak, she saw Lu Sicheng calmly. Nodded to the conclusion she most did not want to hear: "The reluctant elf that day was really you."

"Stubborn...?"

"I barely admit that I am short."

At this time, the elevator door opened, and Lu Sicheng stepped out first. The nursery rhyme squatted in the same place. He

quickly followed up and jumped up and down and explained:  
“No, I told you that it was really enough that day! I took it that day. Many things, sinking hands, hands can’t lift, so only...”

“Reluctant.”

“.....”

The nursery rhyme is going crazy.

She is only a little short compared to Lu Sicheng! ! !

Walking on the street is not short! ! ! !

Seeing the man who walked in front of himself got the conclusion that “it was really reluctant”, and his face “The topic is over” satisfied with walking in front, and the nursery rhyme wanted to catch him... but she was At the moment of reaching out, she suddenly heard a surprise call from the other side of the mall!

The nursery rhymes lifted their heads and looked at them. At a glance, they saw a group of young men and women who were not far away. They were looking excitedly at the side of them.

They were excited and said “chessman” “I am honest” “he

Such a discussion here, two of the sisters also raised their mobile phones in the direction of Lu Sicheng -

In this place, you can also meet Lu Sicheng’s fans!

The nursery rhyme saw the mobile phone on the side, sucked a cold breath and retracted his neck and went to Lu Sicheng to hide behind him. The latter raised his eyebrows and turned his head. He extended his big hand and clasped the panicked head, forcing him to almost want to pick it up. The \*\*\*\* the ceiling slammed and asked, “What are you hiding?”

“Your fans are taking pictures!”

The nursery rhyme was full of horror, and there was no rush to be photographed by the camera at the finals. What kind of jokes were made, the scene was so dark that it could be seen clearly. Now the light in the mall is called a sun, and everything is visible...

Lu Sicheng was somewhat inexplicably confused by her tight voice: “What happened to the camera...”

“You didn’t shave today! I don’t have makeup today! How to meet people! I haven’t had photos on the Internet yet. Do you think your female powder will be so kind to me to open a beauty camera!!!!” Lu Sicheng buckled the big hand on her head. “Ah, they came over and it is estimated that you are

looking for a signature!”

Lu Sicheng was hurt by her brains. She thought that she had the ability to see people for a lifetime. However, now I can see that the newcomer who is not on the table is going to be dizzy, and he is not good at her, showing a helpless expression. Passing over, and at the same time, she will put her behind her back -

“Then you hide.”

“Is it safe to hide behind you?” The nursery rhyme also asked for nonsense.

“The vertical can be, the horizontal is uncertain.”

“ ... ”

The nursery rhyme took five seconds to react to Lu Sicheng. This \*\*\*\* ridiculed his wide cross-sectional area, but at this time his fans with pens and books in his hand had already swarmed up, and the nursery rhymes did not dare to speak any more, and repeatedly retired behind Lu Sicheng. ——

This group of people is about seven or eight, and the movement is quite big. The people in the mall have listened to the movement and turned their heads. Looking at the tall young man who is surrounded by the middle, he thought that he met a star: only this star is handsome enough. But the untrimmed side is like picking up the keys and running out of the mall. Isn't it too idol?

“Cheng Ge, I like you very much!”

“Hey, God, you are so handsome!”

“I hope that this year's mid-season is the zgdx team!”

“Cheng Ge Cheng Ge, give me a signature, ah ah ah ah ah ah ah, I am so happy to meet you here! Mingshen okay, yesterday I saw the official Weibo said that he turned to data analysts, not completely left really good. !”

“Sincere brother, you are so tall, it is taller than when you saw you on the court -”

“what.”

Suddenly remembered a female voice in the excited crowd -

“Sincere brother, is this your girlfriend?!”

Quietly around.

The girl with a big-eyed baby face leaned slightly and looked at the man behind the man's body. At this time, standing behind Lu Sicheng, the nursery rhyme poked his waist with his

fingers, almost punctuating his waist. In the case of several holes, it is difficult for Lu Sicheng to explain his voice: “No, I am going to find a girlfriend like a daughter... It is a team member who will accompany me to buy things.”

“Hey.” The girl’s face was relaxed and she smiled. “The staff sister is very cute.”

“It’s childish.” Lu Sicheng quickly returned the signature to her.

She later retired, and other fans came up again. The three floors and the third floor surrounded Lu Sicheng. The nursery rhymes who were identified as staff members quickly lost everyone’s attention and were squeezed out of the 800-year-old. ....

“ ... ”

Looking at the man who was surrounded by the youngsters and the girls in the middle of the eye, the nursery rhyme became more determined after he had a hard time understanding the boyfriend’s clothes, which was sent to the fans by Ai Jia. The original idea -

Sure enough, I can’t fall in love with professional players. Otherwise, a tank of vinegar is not enough for her to drink.
