

Ye Chen 2421

Chapter 2421

A car like a Rolls-Royce is really not something that the average person can afford.

If we count all the Rolls-Royces in Jinling, it is estimated that there are only a few dozen of them.

And among them, a large part of them are old cars that are already many years old.

Most of these old Rolls-Royces are not expensive, and have changed hands many times, eventually flowing into wedding companies as wedding cars, specially used to fool some young people who love face.

Therefore, there are very few genuine Rolls-Royces that can really be taken out.

Captain Wang had previously thought about whether he could simply ask the wedding company to temporarily commandeer an old Rolls Royce.

After all, if there was any damage to the car, this old car would be cheaper overall and the pressure to compensate would not be too great.

However, he thought to himself: "Liu Zhan is a tough bandit with a strong sense of anti-detection, and it is impossible to fool him, so the most urgent task now is to get this god out of the Treasure Pavilion, preferably directly from Jinling City, and the faster he goes, the better. If we get an old Rolls Royce to anger him, it will easily cause trouble instead!"

"Moreover, Richard Chen's own car is a Rolls-Royce, and the hotel is equipped with four different models of Rolls-Royce, unlike others, most of them only have one Rolls-Royce, and they are still very precious, so it is the best chance to borrow it from him"

Thinking of this, he then immediately took out his mobile phone and made a call to Richard Chen.

Meanwhile, Richard Chen had just parked his car in front of the old mansion where Ye Chen and his parents had lived, and accompanied Ye Chen into the mansion.

Ye Chen looked at the depressed courtyard and sighed with some reluctance, "Back then when my dad rented this small courtyard, it was as dilapidated as it is now, and then my mum and dad worked together to clean it up a little bit and turned it into a cozy home"

Speaking of this, Ye Chen couldn't help but sigh and spoke, "That Auntie Du, she would have tidied up the place like my parents did, right"

Chen Zekai hurriedly said, "Young master, don't worry, the second Miss of the Du family is known to be virtuous in the capital, after she buys this old mansion, she will definitely take great care to restore it, I believe that in a month or two, when you come over to see it again, it will have changed greatly."

Ye Chen waved his hand, "Forget it, I was already seen by this Auntie Du last time I came over, I'd better come to this place less often in the future, unless she goes back to Yanjing."

Chen Zekai said seriously, "Young master, actually there is no need for you to avoid the second Miss Du, she is a good person, and she has liked your father for so many years, if you recognize her, she is afraid that she will treat you like her own."

"That's all the more reason to forget it." Ye Chen waved his hand and said seriously, "I don't want to be treated like a son by an aunt who loves my father dearly, that feeling is too awkward."

Saying that, Ye Chen added, "Moreover, when I was in Japan, I saved the two Su siblings, I don't want to have anything more to do with them."

"Ai," Chen Zekai sighed helplessly, "Young master, just because you saved Su Zhi Fei and Su Zhi Yu, that old bastard of the Su family would not even kneel down and kowtow three times in front of you!"

Ye Chen sneered, "I don't need him to kneel to me, when the time is right, I will make him, and all the men of the Su family, go kneel before my parents' graves and kowtow in repentance for the anti-Ye alliance back then!"

Chen Zekai said firmly, "Young master, I believe that with your strength, this goal will definitely be achieved in the near future!"

Ye Chen nodded slightly, his eyes refocusing on the small, decaying courtyard again.

Just at this moment, Chen Zekai's mobile phone suddenly rang.

He hurriedly took a few steps back so as not to disturb Ye Chen, then respectfully said to Ye Chen, "Young master, I'll take a call first."

Ye Chen gave a hmph and said nothing more.

Chen Zekai walked to the door before he picked up the phone and asked, "Old Wang, what's the matter with me?"

Captain Wang hurriedly said, "Mr. Chen, there is a matter that I need to ask for your help, this time it may be necessary for you, I also hope that you will not refuse!"

Chapter 2422

Richard Chen laughed, "We've known each other for so long, what else do you have to be polite to me about? Tell me straight, what is it?"

Only then did Captain Wang explain, "Mr. Chen, there's a big case at the Treasure Pavilion, a Grade A wanted criminal has stormed in and taken over a hundred people hostage, and this guy has explosives strapped to him.

Saying that, Captain Wang added, "There are not many people in Jinling who have Rolls-Royces, and you are the only one who owns more than one Rolls-Royce, so please help us out and save the day!"[www.avracity.com]

Chen Zekai exclaimed, "Jumbo Pavilion? Are you sure it's Jumbo Court?"

"Yes!" Captain Wang hurriedly said, "I'm outside Jumbo Pavilion right now, basically all the police forces in the city that can be deployed are here"

Chen Zekai couldn't help but say, "I just came out of the Treasure Pavilion ten or twenty minutes ago."

Captain Wang sighed, "Then you are really lucky, if you had come out a little later, you would have been blocked in by this Liu Zhan"

After saying that, Captain Wang hurriedly asked, "Mr. Chen, I wonder if it's convenient for you to lend us a Rolls Royce? Don't worry, if there are any problems with this car, our city bureau will bear your losses!"

Without hesitation, Richard Chen said, "Old Wang, you don't have to be so polite with me, as a law-abiding citizen, it's my duty and obligation to provide assistance to the police!"

After saying that, he immediately said, "Wait a moment, I'll call and arrange for someone to send a Rolls Royce to you!"

"Good!" Captain Wang said excitedly, "Mr. Chen, thank you so much then!"

"You're welcome!"

After hanging up the phone, Chen Zekai was ready to call his men so that they could hurry up and prepare the vehicle.[www.avracity.com

Ye Chen walked up to him at this time and asked him openly, "Old Chen, something happened to Treasure Pavilion?"

"Yes!" Chen Zekai hurriedly gave Ye Chen a general introduction of what had happened.

As soon as Ye Chen heard this, he said, "This is an urgent matter, people's lives are at stake, so don't call, just drive your car over there!"

Chen Zekai immediately said, "That's fine! Young master, then I will drive to the Treasure Pavilion, so you can nostalgic yourself first, I won't take you back!"

Ye Chen said, "I'll come with you!"

After saying that, Ye Chen had already left the courtyard in the first place.

Without much thought, Chen Zekai was ready to help Ye Chen pull open the car door, but Ye Chen took the first step to pull the door open and pushed him, saying, "Time is of the essence, hurry up and drive!"

"Okay!"

Chen Zekai rushed into the driver's cab, started the car and flew towards the Treasure Pavilion, Ye Chen was looking out of the window at this moment, his brows slightly knitted as he spoke, "Old Chen, the police said that Liu Zhan, was found by chance and then chased into the Treasure Pavilion?"[www.avracity.com

"Yes young master!" Chen Zekai said, "I reckon this guy should have fled to Jinling and wanted to get some money in Jinling to continue his escape, but he didn't expect to be discovered by the Jinling Municipal Bureau, so he panicked and fled into Jumbo Pavilion."

Ye Chen shook his head and spoke, "I always feel that things don't seem to be quite right."

Chen Zekai was surprised and asked, "Young master, what's not right?!"

Ye Chen didn't answer his question, but asked him rhetorically, "A Grade A wanted criminal who has been in hiding for a long time must be someone with an extremely strong sense of counter-surveillance and an extremely good judgement of his environment"

"How would such a person, who is extremely experienced in escaping, choose to escape into a single building like the Jumbo Pavilion, which is extremely well enclosed? Running inside the building, isn't this a clear way to let others catch him in a jar?"

Chapter 2423

Hearing Ye Chen's analysis, Chen Zekai also couldn't help but nod and said, "This matter is indeed strange, normally, only a fool would run towards a building when being chased, normal people should want to rush away and escape as far as possible."

Ye Chen gave a hmp and said, "Since Liu Zhan has been a long-running Class A wanted criminal, he could never make such a low-level mistake, otherwise he would have been caught long ago, so I speculate that the biggest possibility is that Liu Zhan deliberately wanted to enter the Treasure Pavilion!"

"Intentionally going into the Treasure Pavilion" Chen Zekai couldn't help but mutter, puzzled, "What is he doing in the Treasure Pavilion? There's no big auction at the Treasure Pavilion today, today's undertaking is a judicial auction, selling big items like houses and cars, there's no point in grabbing these things!"

Ye Chen laughed, "Don't forget, he was chased into the Treasure Pavilion by the police, or rather, he deliberately pretended to be chased into the Treasure Pavilion by the police, so it's unlikely that he was running for the Treasure Pavilion's stuff."

Richard Chen asked in confusion, "Young master, if he wasn't running for something, then what was he running for?"

Ye Chen coldly snorted, "Since he's not running for something, then he must be running for a person!"

"Running for people? He's a Grade A wanted criminal, once he's found out the odds are he'll be caught or even killed, what kind of person could he be running for if he's taking such a big risk?"

Ye Chen said seriously, "The ones who appeared in the Treasure Pavilion today, the ones with the highest value, should be just five people, one is me, one is you, one is Bao Fu Gui, the remaining two, are Du Hai Qing and Su Zhiyu, who do you think he is running for?"

Chen Zekai thought about it and said seriously, "It's slightly less likely that he's running towards the[www.avracity.com] two of us, after all, we've all come out and he's only just gone in, so the odds are that these three are the only ones left."

Saying that, he muttered, "Bao Fu Gui is slightly more likely, right, after all, he is quite famous locally in Jinling, his worth is not as much as Miss Wanting of the Song family, nor as much as Qin Gang's stream, but he at least has a few billion in assets."

"As for Du Haiqing and Su Zhiyu I think it's less likely, the Su family, like the Ye family, is one of the top families in the country, and the protection of their family members is very well in place, no media, dare to expose the information of their members without the consent of these big families, so even if they are the richest people in Jinling, it's very difficult to find out the information of the members of the Su family, let alone Liu Zhan such a wanted criminal."

Ye Chen frowned and spoke, "You don't understand the core of this matter, the core of this matter, is that Liu Zhan risked his life to put on a play, he can't put on a play just to find Bao Fu Gui, or to find this mother and daughter of the Su family to ask for money, I think the probability is that there is some kind of conspiracy."

"Conspiracy?" Chen Zekai was a bit puzzled and said, "Young master, when you say there is a conspiracy, could it be that the Su family's enemies want to deal with the Su family's mother and daughter? Or Bao Fu Gui's enemies who want to use this Liu Zhan's hand to take him out?"

Ye Chen nodded, "I think both are possible, what exactly is going on will depend again on how this matter develops afterwards."

Chen Zekai said, "This Liu Zhan wants a Leslie to escape, I don't know if he can get away this time."

Ye Chen laughed, "Whether he can escape or not depends on whether there is someone behind him, otherwise, with his own ability, making such a big commotion and still wanting to escape, that is simply a fool's dream!"

Speaking of this, Ye Chen sneered, "However, since he dares to play such a big game, I believe there must be someone behind him to help!"

Soon, Chen Zekai drove to the Treasure Pavilion.

When he was almost at the Treasure Pavilion, Ye Chen had already taken out his mask and put it on, so as not to expose himself by drawing too much attention to this matter.

At this moment, the Treasure Pavilion was already surrounded by a large number of police officers and police cars, and even wheeled armored vehicles for anti-terrorism were deployed.

Several roads close to the Pavilion had been blocked off by the police, and a large number of police officers had even been deployed to disperse the[www.avracity.com] crowd of spectators.

As soon as Richard Chen's Rolls-Royce reached the blocked intersection, a middle-aged man hurriedly ran over and greeted Richard Chen through the car window.

Chen Zekai lowered the window and said, "Old Wang."

The man who was called Old Wang was the captain of the Jinling Police, Wang Haixin.

Chapter 2424

Wang Haixin had been waiting for Richard Chen's Rolls-Royce for a long time, and although Chen was fast, he could not help but feel that the situation inside was really critical and of great importance.

Therefore, he said in a hurry, "Mr. Chen, thank God you are finally here, do you think it is convenient for you to drive in? If it's convenient for you, you can help me drive the car to the entrance of Treasure Pavilion, if not, I'll drive it in."

Chen Zekai turned around and asked Ye Chen in a low voice, "Mr. Ye, what do you mean?"

Ye Chen also wanted to go in and see what exactly was going on, so he said, "Just drive straight in."

Chen Zekai then said to Wang Haixin, "Old Wang, I'll drive the car in directly."

"Good!" Wang Haixin nodded and hurriedly asked again, "Mr. Chen, is the fuel in your car still full? That Liu Zhan demands that it must be filled up, if you're not satisfied, I'll arrange for someone to draw a little from the other car to even it out."

Chen Zekai took a look at the fuel gauge and said, "My car is basically full."

"That's good!" Wang Haixin breathed a sigh of relief and said, "You can drive directly to the entrance of Jumbo Pavilion, but don't get too close, when you park the car and leave the keys in the car, then hurry up and pull out, this is safer."

"Good." Chen Zekai nodded his head.

At this time, Wang Haixin immediately had someone open the barricade set up to allow Richard Chen's Rolls-Royce to pass through.

Once Richard Chen's car drove into Jumbo Court, he parked it at a distance of five or six metres from the entrance.

Afterwards, Richard Chen then said to Ye Chen, "Young Master, let's get out of the car!"

"Good." Ye Chen said, "But you should say hello to Old Wang later and see if we can stay at the scene to see how things develop, so that we are not driven outside the quarantine circle as soon as we get out of the car."

Chen Zekai was busy saying, "That's not a big problem, I'll talk to him!"

Ye Chen nodded, "OK, get out of the car!"

The two then immediately opened the car door and stepped down from the car.

At this time, Liu Zhan inside saw the Rolls Royce coming and immediately rushed to the door, holding the gun in one hand and the detonation switch in the other, and shouted, "Open all the doors of the car! Open the trunk too so I can see if there's anything hidden inside!"

Chen Zekai immediately opened all the doors so that Liu Zhan could see into the car and shouted, "There[www.avracity.com] were just the two of us in the car, there's nothing there now, you saw everything, right?"

Liu Zhan continued to shout, "Where's the trunk? Open the trunk too!"

Chen Zekai responded, "Okay, I'll open it now."

After saying that, he hurriedly opened the trunk again.

Chen Zekai had multiple Rolls-Royces, and although they were all allocated by the Ye family, the right to use and decide was all in his hands.

The one he drove today was the one he had reserved specifically to receive Ye Chen, and every time he used this car, he personally drove it, and would only drive it out if Ye Chen needed it, so there were no personal belongings in the trunk of this car.

After opening it, the trunk was empty.

Liu Zhan also naturally saw it clearly, then nodded in satisfaction, looked up and down at Ye Chen and Chen Zekai, and said in a cold voice: "Don't turn off the car, leave the keys, and you two can go!"

Chapter 2425

As soon as Liu Zhan said that he would let Chen Zekai and Ye Chen go, Chen Zekai's first thought was, "I wonder if his own young master, would be willing to go?"

"Moreover, I don't know if the young master will directly turn on Liu Zhan? With the young master's ability, once the Thunderstorm Order is issued, it's guaranteed that Liu Zhan won't even be left in the dust!"

"Even if Young Master is not willing to make a move in front of so many people, with Young Master's divine ability, it would not be a breeze to solve this Liu Zhan?"

So, he immediately looked at Ye Chen, intending to see what kind of decision Ye Chen would actually make.

But to his surprise, Ye Chen waved at him directly and said, "Let's hurry up and go."

After saying that, he himself turned around and walked out first.

Chen Zekai froze, then came back to his senses and hurriedly chased after him.

When the two of them left the courtyard of the Treasure Pavilion, Captain Wang Haixin hurriedly greeted them and said gratefully, "Thank you so much for today, Mr. Chen! Shall I arrange for someone to send you and this gentleman back now?"

Chen Zekai waved his hand and asked in a low voice, "Old Wang, can you let us both stay here and watch the fun?"

"Watching the lively scene?" Wang Haixin said with some hesitation, "Mr. Chen, the situation is very dangerous now! As you know, that guy, Liu Zhan, has a large amount of explosives on him! In case he really wants to kill the fish and detonate the explosives, everyone will suffer along with him"

Chen Zekai waved his hand, "It's alright, I think this Liu Zhan has a strong desire to live, otherwise he wouldn't have gone to such great lengths to get a Rolls Royce, since he has a strong desire to live, he won't be afraid to kill himself."

Wang Haixin thought about it and said, "OK, Mr. Chen, then I'll ask you two to stay behind us, so I can take care of anything."

"Good!" Chen Zekai hurriedly said, "Thank you old Wang, don't worry, we definitely won't give you any trouble!"

Wang Haixin hurriedly said, "Alright then, Mr. Chen, you take care, I'll go have a meeting with the leaders and touch base on the proposal!"

Chen Zekai also said politely, "Old Wang, you have something to do first, don't worry about us!"

Only then did Wang Haixin hurriedly turn around and leave.

Just as he left, Chen Zekai hurriedly asked Ye Chen beside him in a low voice, "Young master, what are you staying to watch the action?"

Ye Chen smiled faintly and said, "I want to see who this Liu Zhan's target really is."

"And then what?" Richard Chen hurriedly asked again, "If you know who his target is, what are your next plans?"

Ye Chen shook his head, "I don't know right now, let's wait and see what happens."

Meanwhile.

Inside the Pavilion of Treasures.

Liu Zhan looked at the time and felt that it was almost time to take the next step, so he took out his mobile phone and sent a text message, the content of the text message was very simple, only two short words, "Goodbye."

The other party quickly replied, with the same two words: "Good bye."

This, was the code word that Elder Su's beloved, had agreed with Liu Zhan.

Once the other party replied good to go, it meant that they were ready and Liu Zhan was ready to go.

Chapter 2426

If the other party did not reply, then Liu Zhan could only continue to consume in the Jumbo Pavilion, when the other party replied to these two words, when he could go out.

Now that the other party had given a clear reply, Liu Zhan did not intend to continue to delay, he looked at the crowd in the hall who were crouching with their heads in their hands and said in a cold

voice, "The car I want they have already prepared, so it is time for me to leave here, thank you all for your cooperation, you will be free when I am gone."

When the hundred or so people present heard these words, they immediately sighed in relief.

On everyone's face, a smile emerged after the robbery.

China's law and order was so good that most people would never encounter such a thing in their lifetime, and to encounter such a thing and be unharmed was truly an overwhelming stroke of good luck.

So, at this point, everyone was completely relaxed, just waiting for this plague god to hurry up and leave, and then they would be able to get through this crisis completely and safely.

At this time, Liu Zhan suddenly spoke again, "Gentlemen, I have one more thing that I need from all of you, and I hope that you will not refuse me for the sake of me being so trustworthy."

As soon as the crowd heard this, they instantly became a little nervous again.

No one knew what else this Liu Zhan wanted.

If he wanted money, it didn't really matter, as long as he didn't hurt anyone, everyone would be willing to give him all their belongings.

However, it was feared that he had other thoughts in mind.

Just then, Liu Zhan spoke up, "I've asked them to prepare a Rolls Royce for me, but if I get into that car by myself, they will definitely not let me leave, or maybe they will just finish me off halfway."

"So, brother, I still have to find two people to accompany me for another ride, and when I leave Jinling completely and safely, I will naturally let these two people go!"

Speaking here, Liu Zhan smiled faintly and opened his mouth to ask, "I wonder if there are any friends on the scene who are willing to volunteer themselves?"

When the crowd heard this, each and every one of them immediately lowered their heads deeply.

It was like school dregs who hadn't even reviewed their homework in general, and once they heard that the teacher was going to call up and recite the text, each and every one of them prayed deep down inside that they would never be chosen.

However, deep down, everyone in the room was more or less lucky.

Everyone felt that if only two of the 100 people were chosen, then there was a high probability that they would not be chosen.

In fact, deep inside Liu Zhan's heart, he already had a candidate, but he still had to make a play, otherwise in case he was seen to be unhappy with the golden master behind him, it would not be a good day for him either.

Therefore, he pretended to look around and said with some displeasure, "You people are really a bit uninterested, I have done what I said to you, but now when I need a little help from you, you are all like shrinking turtles, not even daring to look at me, isn't that a bit too much?"

At this time, naturally, no one dared to answer his words.

After all, everyone knew the principle of shooting the birds in the head, and if they came out now and were noticed by him, it was highly likely that they would be chosen by him.

So, the crowd continued to bury their heads deeply, and none of them dared to look up at him.

Liu Zhan shouted in annoyance, "Damn it! You're all fucking playing this game with me, right? I'm so devoted to you all, but you don't even dare to look at me, do you? Okay! I'll count to three seconds, and if anyone doesn't look up at me, I'll put a bullet in his head!"

As soon as these words were spoken, over a hundred people immediately raised their heads without hesitation and looked at Liu Zhan without blinking their eyes.

There was no one who did not cherish their lives, so no one dared to disobey such a murderous desperado at this time.

Liu Zhan's eyes roamed around, then landed on Du Haiqing and Su Zhiyu, and said with a lecherous smile on his face, "I didn't expect there to be such a beautiful pair of sisters here, on the way to escape, if I could have such beautiful beauties like you with me, it would be worth even if I died, just you!"

Chapter 2427

The moment Liu Zhan announced the fate of Du Haiqing and Su Zhiyu, everyone else finally let out a sigh of relief.

This time, they were finally completely safe!

But Su Zhiyu's heart was desperate, she didn't understand why this Liu Zhan had chosen her mother and herself out of over a hundred people.

However, after careful consideration, she could not help but feel: "Without boasting, if we talk about our appearance and beauty, mother and I are indeed the more outstanding ones among these hundred people."

"This Liu Zhan not only looks tough, but also a bit lecherous, he would choose me and mum from so many people, which is in line with this kind of person's style"

"I just don't know if this person will have any other intentions besides wanting me and mum to be hostages for him"

With that, she looked somewhat nervously at her mother beside her.

Seeing her daughter's gaze, Du Haiqing gently patted her hand and said in a low voice to comfort her, "Zhiyu, don't worry, there's mommy here, it's just a matter of soldiers coming in and water coming out."

Su Zhiyu whispered, "Mom, let's find a way to send a message to Dad or Grandpa."

Du Haiqing shook her head, "Water from afar can't put out a nearby fire, everyone has their hands on their heads, what if he finds out when you reach for your phone?"

Su Zhiyu said with an eager expression, "But we can't just go with him, it's too passive."

As she was talking, Liu Zhan was already walking towards the mother and daughter, so Su Zhiyu hurriedly shut her mouth.

Liu Zhan stepped in front of the mother and daughter, shrugged his shoulders and smiled, "Aiya, it's hard for you two beauties to accompany me for another ride!"

Du Haiqing did not hesitate to say, "Take me with you as a hostage and leave my daughter behind, she's too young and scared, if she keeps yapping on the way, I'm afraid she'll annoy you too."

When Su Zhiyu heard this, she hurriedly said, "Mom! I want to come with you!"

Liu Zhan said in mock surprise, "Aiya, I didn't expect you two big beauties to be in a mother-daughter relationship, and the mother-to-be is really too young, I can't see it at all!"

Du Haiqing looked at Liu Zhan and said with a bit of pleading, "This gentleman, my daughter is still young, he has already suffered a great fright, just please don't toss her anymore."

At this time, a woman dressed in a somewhat sultry manner spoke up in exasperation, "Hey! What do you mean by this woman? Since Brother Liu has chosen you two, you two should just resign yourselves to your fate, why do you have to do such a thing? If you do this, you're not putting us at risk, are you? I advise you two to follow Brother Liu obediently, what's with all the bargaining, really!"

As soon as this woman spoke, someone next to her immediately echoed, "That's right! You've chosen the two of you and you're still begging for mercy, do you want to choose another one from among us?"

That sultry woman immediately said, "That's right! Whoever Brother Liu chooses will follow Brother Liu obediently, so isn't pleading for mercy at this time just trying to drag others into the water?"

Liu Zhan glanced at the woman and asked with a smile, "What's going on, beautiful? Are you afraid that I will choose you?"

The woman was startled and hurriedly waved her hand, "No, no, Brother Liu, how can a rouge like me be worthy of you? It's better to compare to that little beauty just now"

Liu Zhan looked at her coldly, smiled playfully and said, "Since you also know you are a rouge, there is no need to stay in this world and pollute other people's eyes!"

After saying that, Liu Zhan immediately aimed his gun at the woman.

The woman was instantly scared out of her wits and shouted, "Brother spare my life!"

Liu Zhan smiled cruelly and immediately pulled the trigger.

After the thud, a finger-sized bloody hole appeared on that woman's forehead.

Immediately afterwards, her whole body fell straight backwards with wide eyes.

A large pool of blood soon flowed from the floor, and the smell of blood filled the whole hall.

Everyone in the room was scared out of their wits, no one had expected that this Liu Zhan would be so vicious.

That woman had only said a couple of words more, and he had outright shot her to death!

In fact, the reason why Liu Zhan killed this woman was not because she was really disgusting, but to give Du Haiqing, as well as Su Zhiyu, a downward spiral.

He himself had to use this means of killing a chicken to make an example of the monkey, so that this mother and daughter would be 100% submissive to him.

Only then could he follow his plan and take them both away.

So, he looked at the pale Du Haiqing and asked with interest, "How about it, big beauty, still bargaining with me here?"

Du Haiqing immediately shook her head.

She knew that this vicious man in front of her was a murderous demon, and that she could only purely obey his orders, not refuse them, not even question them in any way.

She thought to herself, "If I continue to bargain with him, then it is highly likely that I will get killed on the spot"

"It doesn't matter if I die, but the point is that if I die and this guy still doesn't let Zhiyu go, then everything will be over!"

Thinking of this, she took Su Zhiyu's hand, looked at Liu Zhan, and said firmly, "We'll go with you!"

Liu Zhan immediately burst into laughter and said happily, "Aiya! As long as you are obedient and cooperate with me to escape, I will definitely not hurt you; but if you dare to play any tricks with me, I will definitely let you two mothers go to hell together!"

Du Haiqing nodded with certainty and said seriously, "Don't worry, we will definitely cooperate."

Liu Zhan smiled with satisfaction, "Since you guys are so on board, then I won't say any more nonsense!"

After saying that, he waved the gun in his hand and spoke, "You two go first!"

Du Haiqing nodded and pulled Su Zhiyu beside her to stand up. Mother and daughter looked at each other, and she held Su Zhiyu's hand tightly as she stepped towards the entrance of the Treasure Pavilion.

At this moment, in the courtyard at the entrance of Treasure Pavilion, Chen Zekai's Rolls Royce was parked in the centre, while all the police officers had retreated to the outside of the courtyard as requested by Liu Zhan, and were watching the entire Treasure Pavilion closely from outside.

Just then, the locked doors of the Treasure Pavilion suddenly opened and everyone immediately shot up.

Wang Haixin, the deputy commander-in-chief of the police, ordered through the internal intercom, "All snipers get ready! As soon as the target appears, lock on to the target from their respective directions!"

The chief commander said, "Wang, the target has been holding the detonator switch, we must be careful! We must be cautious! We must not fire without 100% certainty!"

Wang Haixin's expression was stunned, then he sighed and was about to speak when he suddenly saw two women walking out of the door of the Treasure Pavilion!

At this moment, just less than five metres behind Wang Haixin, Chen Zekai suddenly exclaimed, "Young master! It's Du Haiqing and Su Zhiyu!"

Chapter 2429

Seeing Du Haiqing and Su Zhiyu walk out, deep inside Ye Chen did not feel surprised at all.

He had long felt that this matter was definitely not as simple as it seemed.

Now, the fact that Du Haiqing and Su Zhiyu would actually walk out under Liu Zhan's coercion reinforced his view of the matter.

Only, Ye Chen had not quite figured out who had gone to such great lengths and made such a big detour to disadvantage Du Haiqing and Su Zhiyu.

At that moment, Du Haiqing and Su Zhiyu, mother and daughter, had already walked out of the door of the Treasure Pavilion.

Liu Zhan, holding his gun in one hand and the detonator in the other, followed behind the mother and daughter.

He looked up at the surrounding heights and said to the surrounding police officers with a cold smile, "I know you must have many snipers ambushed around, ready to kill me with a single shot at any time, but I still suggest you think carefully, because this detonator in my hand, even a one-year-old baby, can detonate it with the snap of a finger, if you are not afraid to die together, then feel free to let If you are not afraid of dying together, then feel free to let the snipers shoot at me!"

Wang Haixin said in a cold voice: "Liu Zhan, don't worry! As long as you don't make any rash moves, we will definitely not shoot at you either! Now the car is ready for you, you can leave here anytime! But before you go, make sure you release the hostages."

"Release the hostages?" Liu Zhan laughed unscrupulously and said contemptuously, "Do you take me for a three-year-old child? Let me tell you, these two hostages are to stay with me until I am

completely free from your tracking, if you are sensible, don't send anyone to track me, and when I am safe, I will naturally release these two people."

At this point, he turned his words and said with a very cruel expression, "But if I find out that any of you try to follow me, then I will drive the car to the city centre, the big deal is to press the detonator and be a good man again in eighteen years!"

Wang Haixin's expression was as ugly as it could be, and he could only hold back the anger in his heart as he spoke, "Don't worry. We definitely won't send anyone to follow you!"

Liu Zhan sneered, "Count on your good sense!"

After saying that, he immediately said to Du Haiqing and Su Zhiyu, his mother and daughter, "You two hurry up and get in the car! Get in the back row!"

Du Haiqing did not dare to hesitate and pulled Su Zhiyu into the back seat of the Rolls Royce.

Liu Zhan, holding his gun and detonator, swaggered into the driver's seat.

The Rolls-Royce had been left running and could be driven away as soon as it was put into gear.

So, Liu Zhan directly put it into forward gear and charged straight towards the courtyard entrance.

Wang Haixin hurriedly instructed the police officers at the entrance of the courtyard to take shelter, and the original iron barrel-like encirclement immediately gave way to a lane.

Liu Zhan did not hesitate to press the accelerator to the bottom, the Rolls-Royce's engine emitted a low hissing sound, and then swiftly rushed out, fleeing the scene with great speed.

As soon as Liu Zhan drove away, a police officer hurriedly came to Wang Haixin and asked, "Team Wang, should we immediately see our plainclothesmen drive over and follow them?"

Wang Haixin was slightly hesitant and spoke, "Liu Zhan's anti-surveillance awareness is very strong, if we really send a car to follow, once he finds out, it will probably cause irreversible consequences."

After saying that, he spoke, "How about this, first urgently call the city's traffic monitoring network and use the monitoring probes on the city's roads to track Liu Zhan's Rolls Royce's movements in real time! If he leaves the city, then we'll arrange for police forces to set up control ahead of time!"

At this moment, seeing that the Rolls Royce had already disappeared, Chen Zekai could not help but sigh with some regret and said, "Young Master, if it is really like you said, that someone is trying to disadvantage the second Miss of the Du family as well as Su Zhiyu, then the two of them are afraid that they will be in bad luck this time"

Ye Chen nodded approvingly and said, "If the other party is able to carefully set up such a big game and go through all the trouble of putting on such a big show, I think it must be impossible to just scare the two of them, the odds are that they are aiming for their lives."

Chen Zekai could not help but ask, "Young master, human lives are at stake, do you want to take action?"

Chapter 2430

Ye Chen's expression was a little hesitant for a moment, after a few seconds, he gently shook his head: "Forget it, I have a mortal grudge against the Su family, but now the grudge has not been avenged, I have already saved the Su family several times over and over again, Su Zhi Fei, Su Zhi Yu, Su Ruoli, I saved each of these three Su family members once, if I still strike today, the Su family will owe me five lives! "

Hearing this, Chen Zekai couldn't help but agree and said, "Yeah revenge hasn't been avenged yet, and as a result saving their family members one after another, God is indeed very good at jokes."

Ye Chen couldn't help but sigh, "Hey if something really happened to this Auntie Du, then I'm afraid that my father's mansion will have to be reauctioned again?"

Chen Zekai said, "We don't know if the second Miss Du has finished paying and completing the formalities yet, if she has, the mansion will become her inheritance; if she hasn't finished the formalities, it will probably be put up for judicial auction again some time later."

Ye Chen couldn't help but frown: "If it becomes that Auntie Du's inheritance, who will be the first heir?"

Richard Chen said, "I can't really say who will be first, but it will definitely be her husband or one of her sons, or half of each."

Ye Chen gritted his teeth and cursed, "Damn it, how can I let that bastard Su Shoudao take half of the house my parents lived in!"

Chen Zekai hurriedly said, "Why don't I have someone ask around later to see if the second Miss Du family has finished the formalities yet."

Ye Chen nodded and said decrepitiy, "It seems that this is the only way to go."

At this time, a white Rolls Royce Cullinan stopped in front of the two men, a middle-aged man hurriedly came out of the cab and went to the two men and said respectfully, "Young master, Mr. Chen, I've delivered the car, do you two see if you want to drive it yourself or should I drive it?"

Chen Zekai took the lead and said, "All right, I'll drive it, you can take a taxi back."

The other party hurriedly nodded respectfully, "Okay, Mr. Chen, I'll go back first then."

Only then did Chen Zekai take the initiative to pull open the rear car door and said to Ye Chen, "Young master, please."

Ye Chen gave a hint and took a step to sit inside the car.

Chen Zekai got into the driver's seat and asked Ye Chen as he started the car, "Young master, where are you going? Home or?"

Ye Chen thought for a moment and spoke, "Take me home."

"Okay." Chen Zekai immediately drove and headed in the direction of Townsend One.

On the road, Ye Chen kept his brows locked.

Chen Zekai quietly followed Ye Chen's expression through the car's rear-view mirror and couldn't help but ask, "Young master, you have something on your mind?"

Ye Chen nodded and held his chin up, "I just can't understand what would strike at the two of them."

Chen Zekai said, "The Su family usually makes many enemies, I don't know how many people hate the Su family to the bone, it is normal to find an opportunity to revenge the recovery family for a bit."

Ye Chen waved his hand and said, "Although the reasoning is correct, but things are not like that after all, everyone knows that Su Shoudao, in order to avoid the wind, even to the old man of the Su family to take the blame, now ran away to Australia, according to me, in the future, the Su family will most likely not be inherited by him again, so Su Shoudao is equivalent to the abolished crown prince."

"Now, even Su Shoudao has lost his power, his wife and daughter's position in the Su family is even less worth mentioning."

"Under such circumstances, if someone really wanted to avenge the recovery of the family, why would they go to great lengths to kill their mother and daughter?"
