

Ye Chen 2441

Chapter 2441

The moment the sound of impact was recalled in the tunnel, Ye Chen's body couldn't help but stagnate for a moment.

With such a huge commotion, there was no need to look to know how great the force of the impact was.

Even a Rolls Royce would not be able to carry such a huge force, and I'm afraid that the people inside would be in a bad way!

At this moment, Ye Chen felt very sorry in his heart.

Although he had no friendship with Su Zhiyu, in the end, he had no grudge against her. A girl in her early twenties and in the prime of her youth had been brutally murdered by her own family in such a cruel manner.

Apart from that, Ye Chen also felt a little more sympathy for Du Haiqing.

He had even less contact with Du Haiqing, unlike Su Zhiyu, who had at least saved her life and her brother's in Japan.

However, because Du Haiqing had been infatuated with his father for so many years, and even incurred the trouble of killing himself this time, it was because he could hardly forget about his own father.

So Du Haiqing's image, in Ye Chen's mind, took on a few more tragic colours.

The man she loved did not choose her and the man she chose betrayed her

for so many years.

And she has not been able to forget the beloved man who died many years ago, even going so far as to pay a lot of money to buy back the old mansion where her beloved once lived.

However, it was also because of this move that she incurred all this for her.

So, how could such a woman not be pitied.

Ye Chen's heart could not help but feel chagrin: "If I had known this, I should have taken on Liu Zhan when I was at the Precious Treasure Pavilion!"

"That way, Du Haiqing and Su Zhiyu wouldn't have suffered this calamity!"

"But then again, since the Su Family wanted their lives, even if I had killed Liu Zhan and saved them at the Treasure Pavilion, what would have happened? The Su Family, hiding behind the scenes, would still find other ways to kill them, kill Liu Zhan, and Zhang Zhan, and Li Zhan."

Thinking about this, Ye Chen couldn't help but sigh.

"It seems that it was this mother and daughter's fate that deserved this."

However, in a flash, Ye Chen suddenly thought that he still had a few Spring Return Pills with him!

At the beginning, Hong Wu had almost been strangled to death by Zhang Zizhou, the expert sent by Wu Donghai, and he himself had managed to save him with a rejuvenation pill.

If Du Haiqing and Su Zhiyu still had a breath

If they were still alive, he would have a way to save them!

Thinking of this, Ye Chen accelerated his foot speed and rushed towards the interior of the tunnel!

At this moment, Chen Zekai's Rolls Royce was already sandwiched between two front and two back four big trucks.

Due to the inertia of the two large lorries behind it, the entire engine compartment of the Rolls-Royce had completely collided with the cockpit.

And the trunk, too, was smashed into the rear seats!

The original 5.9 metre-long body had now been pinned back and forth and crushed to half its length!

The visual effect of the scene was extremely tragic!

Inside the cockpit, Liu Zhan's entire abdomen had been crushed into a puddle of rotten flesh by the intruding engine compartment, while his head was not too badly injured due to the protection of the airbags.

Although he was mortally wounded, he did not breathe immediately, but opened his mouth helplessly and vomited out a large amount of blood, which looked very gruesome.

The mother and daughter in the back seat had soft seats in front and behind them, so they were more or less in a better condition, but also had very serious internal injuries.

The most frightening thing about a car crash is the internal

Chapter 2442

Any internal organ that is ruptured by a heavy blow can cause severe internal bleeding.

Quickly, it can kill a person within minutes.

There was almost no possibility of resuscitation.

At this moment, Du Haiqing had passed out straight away, but Su Zhiyu was still very conscious.

She felt her chest cavity was being squeezed by the front and back seats, and she could barely get up, and at the same time, the pain was excruciating in all parts of her body, and her whole body was extremely weak and incomparably painful.

At that moment, behind him, there was the sound of a door opening.

The two large lorries behind him, which had been the main impact, had also crashed into the ground.

However, because of the high cockpit of such vehicles, none of the drivers suffered any injuries.

At that moment, the two drivers pushed open the doors and jumped out of the cockpit, walking directly towards the Rolls-Royce to check out the situation.

The two lorries used to block the road in front of them also jumped down with the same two drivers.

All four of them came together to look at the side of the Rolls-Royce, and one of them exclaimed, "Captain, Miss Dada is also in the car!"

"What?! How could Miss Da be in the car?!" The one who was called the captain was the Su family's most trusted right-hand man, Ma Chongxin.

Ma Chongxin's father was Elder Su's personal guard back then.

.....

Later, when his father grew older, he was no longer suitable for the role of personal guard, so he inherited his father's mantle and became Master Su's personal guard.

At the same time, he was also Master Su's black glove.

Many dirty and bloody things were done by him personally on Master Su's behalf.

This time, he was instructed by Master Su to follow the example of the tragic death of the European Crown Princess and settle Du Haiqing.

So he found Liu Zhan, who was running around, through the channels of the underground world, gave him such an opportunity, and then tailored the whole plan for him.

However, he only explained that Liu Zhan had taken Du Haiqing as a hostage into the car and brought him into this tunnel, but he never dreamed that this Liu Zhan would bring Miss Su Zhiyu into the car as well!

He was so shocked that he rushed over to check and saw that Su Zhiyu was also sitting in the back seat!

At this moment, Su Zhiyu's entire face was pale and almost bloodless, causing Ma Chongxin to panic.

At this moment, Su Zhiyu also recognised Ma Chongxin and knew that this was the personal guard beside his grandfather, so he stared at him with a deadly gaze of indignation.

Ma Chongxin had been through a lot of hardships, but the moment he met Su Zhiyu's eyes, he panicked!

He subconsciously dodged Su Zhiyu's eyes, and then rushed to the driver

The first thing you need to do is to get a good idea of what you're doing. Are you out of your fucking mind? Who told you to bring Missy on board? What the fuck did I tell you? What did I tell you? I told you to bring only Du Haiqing! It was one person, not two! Do you have any fucking brains at all?

After saying that, Ma Chongxin suddenly realised that something was wrong, so he questioned with a furious expression, "Liu Zhan, tell me the truth, who the hell ordered you and told you to bring Missy on board?"

Liu Zhan was at the end of his rope, and he opened his mouth with a resentful expression, as if he was saying something.

Ma Chongxin immediately put his head over and shouted in a stern voice, "What the fuck are you trying to say? Speak louder!"

Liu Zhan said weakly in a mosquito-like voice, "I"

"Me? Me what?" Ma Chongxin lost his patience and cursed angrily, "Tell me what the fuck you want! What the hell are you doing to me?"

Liu Zhan was about to continue talking, but when he couldn't catch his breath, he suddenly coughed violently, spraying blood all over Ma Chongxin's face.

Ma Chongxin didn't bother to wipe, grabbed Liu Zhan's collar and cursed through gritted teeth, "You fucking say it! Say it!!! What the hell are you doing to me?!"

Liu Zhan put his best foot forward and uttered four words, "I - day - n - sister!"

Chapter 2443

At this moment, Liu Zhan had already realised that he had been completely tricked by the Su family.

Moreover, he was now seriously injured and dying, with only a few minutes left to live at most, so naturally, his heart was filled with anger towards Ma Chongxin, the Su family's dog.

Ma Chongxin was also scared and frightened at the moment. He was merely following his old master's instructions to follow the example of the European royal family and use the same method to finish off Du Haiqing.

That European royal princess was similarly involved in a car accident in a tunnel back then, and then died in Paris, along with her fiancé and the child in her womb.

Having a car accident in a tunnel was indeed a good way to cover up the situation, so Ma Chongxin followed the old man's instructions and found Liu Zhan, the scapegoat.

But what he didn't expect was that the eldest lady, Su Zhiyu, was also sitting in the same car with Du Haiqing

The company's main business is to provide a wide range of products and services to the public.

No matter how much he explained or proved his innocence to the old man, he would never be able to clear his name. When the old man was furious, he didn't know how he would punish himself!

Now, the damned Liu Zhan was so disrespectful to him that he was not even willing to tell the truth, which made Ma Chongxin furious. If you don't tell the truth, I'll send you to fucking hell right now!"

Liu Zhan faced the gun, his face undaunted, and smiled miserably, revealing a mouthful of blood-stained teeth, and said coldly, "Fine, shoot me! Daddy is hurting all over right now, good son you hurry up and fire a shot to help relieve daddy!"

"You" Ma Chongxin was almost furious, he directly shoved the muzzle of the gun into Liu Zhan's mouth and sternly cursed, "Son of a bitch, go to hell!"

After saying that, he immediately pulled the trigger.

"Bang!"

A mist of blood burst out from the back of Liu Zhan's head, killing him completely.

At this time, Ma Chongxin saw that Su Zhiyu in the back row was so weak that she was about to lose consciousness, and hurriedly shouted, "Quick! Get Missy out of there!"

One of the men looked at the Leslie, which had been smashed into a heap of scrap metal, and said awkwardly, "Captain, we don't have the equipment to get rid of these deformed car frames! At the very least, we need a large hydraulic shear, or large cutting equipment, to be able to take apart the metal frames"

Ma Chongxin cursed out of the blue, "I don't care what the fuck you do, get Missy out of there now! Otherwise, if the master blames us, one of us will be buried with the rest of us!"

When the others heard this, they were shocked and several of them rushed forward, trying their best to get Su Zhiyu out of the deformed frame in front of and behind her body.

However, although they were all top bodyguards, their real strength was far from that of martial arts masters, and even Su Ruoli, who had practiced internal martial arts since she was a child, had a certain gap, so how could they break open the deformed metal frame with their bare hands?

Just as Ma Chongxin was exerting all his strength, but there was nothing he could do, Su Zhiyu said, "Don't save me, save my mother!"

Ma Chongxin's expression suddenly became very difficult and he said, "Miss, I don't have such great authority, the only decision I can make now is to get you out and take you to the hospital as soon as possible"

Su Zhiyu cried out, "You call Su Chengfeng! You tell him that if my mother can't be saved, I won't spare him even if I die!"

Ma Chongxin was embarrassed and said, "Miss This Such words I am a subordinate like me, there is no way to tell the old man, so you should not make things difficult for me, the key now is to get you out"

Su Zhiyu cried out loudly and said, "I don't want you to save! If you want to save me, save my mother first, or else let me go with her!"

Several of Ma Chongxin's men were at a loss as to what to do, and one of them asked, "Captain, what should we do?"

Ma Chongxin gritted his teeth and blurted out, "Let's not worry about that first, let's get Missy out first!"

Su Zhiyu shouted with great urgency, "I told you to save my mother first!"

As she said that, she felt a sharp pain in her entire brain, and her entire body fainted.

Chapter 2444

When Ma Chongxin saw this, he blurted out, "Quick! Quickly find a way to get Missy out!"

At that moment, someone suddenly shouted angrily.

"Stop it!"

Ma Chongxin was taken aback by this shout.

The tunnel was one-way and the entrance had been blocked by the accident car, so no one was supposed to come in, so the sudden appearance of an unfamiliar voice at this time made him tense up.

The other three men did the same.

The four of them looked at the sound at the same time and saw a man with a cold expression striding in from the direction of the exit of the tunnel.

This man with an extraordinary aura was Ye Chen!

Ma Chongxin stared at Ye Chen with frightened eyes and asked, "What are you?!"

Ye Chen said in a cold voice: "You are not qualified to ask who I am! I am giving you four people a chance to live. Put down your guns, put your hands on the ground with your heads in your hands, and then give me an honest explanation one by one as to who told you to do this!"

Ma Chongxin gritted his teeth, pointed his gun at Ye Chen and said in a stern voice, "Kid, you're looking for fucking death!"

After saying that, he immediately pulled the trigger without hesitation!

However, the moment the gun went off, Ye Chen had already disappeared from his sight.

Just when he was confused, he suddenly felt a black shadow appear in front of him, followed by a pair of large hands grabbing his gun-wielding hand in a deadly grip.

His eyes widened subconsciously, and before he could see the clear outline of the black shadow, he felt a sudden sharp pain in his wrist.

Immediately afterwards, with a click, he realised that his wrist had been broken!

Once his wrist was broken, the gun on his wrist also fell to the ground.

Only then did he see that the young man in front of him was the one with the most arrogant attitude!

He was horrified and asked, "You Who the hell are you?!"

Ye Chen looked at him with contempt and said in a cold voice: "As I said, you are not qualified to ask!"

After saying that, he directly grabbed Ma Chongxin's neck and said in a cold voice, "I'll give you another chance to tell me exactly who ordered you!"

Ma Chongxin hurriedly shouted, "What are you three still standing there for? Quickly finish him off for me!"

The other three were originally intimidated by Ye Chen's strength and did not dare to make a move, but when they heard Ma Chongxin's yell, they hurriedly took out their guns from their waists.

However, before they could aim their guns at Ye Chen, Ye Chen had already swung Ma Chongxin up and slammed him into the three men.

The three men had no time to react, and they were heavily smashed to the ground by the flying Ma Chongxin like a bowling ball.

Because Ye Chen's force was so great that the four men's bodies had taken a tremendous pounding, they had no ability to resist at this point and could only lie on the ground and wail.

Ye Chen stepped in front of the four men, took out his mobile phone, turned on the video recording, first filmed the surrounding situation, then the camera was aimed at the four men and asked in a cold voice: "Tell me, who is behind all this that you have done!"

Chapter 2445

In fact, Ye Chen's heart knew very well that these four people in front of him must be people from the Su Family.

Moreover, they had been sent by the Su Family to carry out such an important mission, which was enough to see that the four of them must be the Su Family's inner circle.

Therefore, Ye Chen needed them to personally tell the full story in front of the camera before the video was released to the public.

In this way, the Su family's reputation was afraid that it would be completely rotten.

One must know that the Su family had already damaged the reputation of the Su family greatly by betraying Su Ruoli before, and may Elder Su's finally put his eldest son Su Shoudao out to take the blame, but this debt was not only on Su Shoudao's head, but also on the entire Su family's head.

If it were to break out again at this time that the Su family had even tried to murder their own daughter-in-law, or even to murder the Su family's own flesh and blood once again, then the Su family would definitely become a street rat that everyone would shout at.

Other than that, the piece of fame alone would never be able to turn over in this life.

Master Su's beloved Ma Chongxin and others are also very clear that this matter is of great importance.

The death of the European princess in a car accident has not yet led to any substantial evidence for the private sector, and if there is evidence to substantiate what the royal family has done, then the reputation of the entire royal family in the world will be completely finished.

Therefore, Ma Chongxin inwardly admonished himself, "No matter what, I must not tell the truth about the whole matter, otherwise, not only will Master Su's reputation be ruined, I will also become a sinner in Master Su's eyes"

Thinking of this, Ma Chongxin hurriedly said, "This big brother, is there some misunderstanding in this matter? We are planning to save someone"

Ye Chen rushed forward, grabbed Ma Chongxin's collar and said in a cold voice: "Do you believe that if you continue to talk blindly to me here, then I will take you to the dog factory and chop you up bit by bit and feed you to the dogs? Or simply tie your hands and feet and throw you directly into a dog cage for the dogs to eat for three days and nights."

Ma Chongxin's body tingled with fear, even directly from his scalp to his toes.

Although he had no idea what kind of person this young man in front of him was, he did not doubt in the least what this young man said.

From this young man's eyes alone, he could see the other party's determination!

At this time, Ye Chen continued, "Don't worry, when the time comes, even if you want to die faster, I won't even give you the chance! I will first put a separate iron cage on your head to protect your head, and then use a bulletproof vest to protect your entire abdomen, so you won't die so easily."

"You You" Ma Chongxin shivered in fear and blurted out, "Who the hell are you We have no grudge or hatred with you, why are you doing this to us?"

"You have no grudges or enemies with me?" Ye Chen laughed coldly, "You have been plotting to kill others in Jinling, your methods are brutal and despicable, everyone should be punished, even if I kill you, I will be doing justice for heaven!"

Ma Chongxin held on to his strength and said coldly, "Kid, even if you want to do justice to God, you have to measure your own ability first, do you know who we are working for? If you piss off the boss behind us, even if you grow a few heads, they won't be enough to chop you off!"

Ye Chen sneered, grabbed Ma Chongxin's neck and slapped him with all his might!

This slap was so powerful that it directly fractured his jaw, and almost all the teeth in his mouth were broken by the tremendous force!

Ma Chongxin had been beaten up a lot in his many years of social life, but he had never received such a horrible slap before.

At this moment, he only felt that his mouth was completely numb with pain, so much so that he could no longer feel any pain at all, he could only feel that his whole body was in a state of disarray, and his whole mouth was full of big and small hard particles.

And his mouth was filled with a warm, sweet, fishy taste, and it was as if there were dozens of additional wounds in his mouth that were constantly bleeding.

So much so that blood instantly filled his mouth.

Chapter 2446

Immediately afterwards, Ma Chongxin vomited out with a wow sound, his mouth full of blood mixed with dozens of broken teeth, a scene that stunned the other three people around him.

None of them quite understood why the young man in front of them had suddenly gone into a rage.

Was it because Captain Ma Chongxin's words were too pretentious?

Ma Chongxin was also directly blinded by the fuck, seeing that none of his mouth full of teeth was left, his whole person was on the verge of collapse and cried out in a vague voice: "You You You want to die I I am I am Yanjing"

Ye Chen interrupted him with a cold laugh, "I know what you want to say, aren't you just a member of the Yanjing Su family? Do you really think that I will be afraid of the Su family behind you when you are talking to me about this here?"

Ma Chongxin said with a horrified expression, "Su Family Su family is the number one in the country in terms of strength You Why aren't you afraid?!"

Ye Chen harrumphed and said with contempt, "Afraid? To tell you the truth, I have an unbreakable feud with the entire Su Family, even if Su Chengfeng were to act like a pussy in front of me, I would slap all his teeth out!"

Saying that, Ye Chen added, "Since you are a dog of the Su Family, then killing a few dog things like you will also temporarily relieve my heart's hatred!"

When Ma Chongxin heard this, he was even more desperate and thought to himself, "This guy This guy actually has an unbreakable grudge against the Su family, I I originally wanted to bring out this great Buddha, the Su family, in exchange for the other party's forgiveness, but I never thought that I would be lifting a stone to smash my own feet"

At this time, Ye Chen raised his volume a few points and coldly said, "I'll ask you again, will you say or not say?"

Ma Chongxin gritted his teeth and said offhandedly, "I'll die if I tell, or die if I don't. If I tell, I'm afraid the boss won't even spare my family if he finds out, so you'd better kill me!"

Ye Chen smiled, "I said, I won't let you die so easily, I will send you to a dog breeding farm and let you die slowly."

Just then, Chen Zekai ran in with two of his men and was slightly relieved to see that Ye Chen had taken control of the situation, however, once he saw the Rolls Royce that had been hit to the point of misery, he couldn't help but pull his heart out and asked, "Master Ye, how is the person How is the person?"

Ye Chen said indifferently, "Liu Zhan is dead, Du Haiqing and Su Zhiyu are seriously injured and unconscious, but they both won't die for a while."

When Ye Chen had entered, he had already checked the injuries of Du Haiqing and Su Zhiyu with the help of his spiritual energy.

Both of them were seriously injured, and to the doctors, they should have lost their value and chances of saving their lives, and would probably die in another hour at most.

However, to Ye Chen, their injuries were not hopeless. After solving the four people in front of him, he could definitely save them by giving each of them half a rejuvenation pill.

As soon as he heard Ye Chen say that the two of them could not die for a while, he knew that Ye Chen must have a way to save them, so he also put his mind at ease.

He looked at the time and said, "Master Ye, we have to hurry, I heard that the highway clearance team has already started clearing the obstacles at the back of the tunnel, so we should be able to clear a lane in half an hour or so."

Ye Chen nodded and spoke, "I know, I'll have it all sorted out on my side within ten minutes."

Saying that, he spoke and asked Chen Zekai, "Right Old Chen, can you get me a few African hyenas?"

"Huh?" Chen Zekai froze and asked offhandedly, "African hyenas? What kind of African hyenas?"

Ye Chen looked at the four people in front of him, Ma Chongxin, and said in a cold voice, "The kind of African hyenas that live in packs on the savannah and like to gut their prey during roundups!"

Chen Zekai drew a breath backwards and said offhandedly, "Master Ye, what are you looking for that kind of dog for?"

Ye Chen stared at Ma Chongxin and sneered, "I want to add a new breed to Hong Wu's dog breeding farm, his dogs are only ordinary fighting dogs, which are not very powerful."

Chapter 2447

As soon as Ye Chen's words came out, Ma Chongxin and the others almost immediately trembled violently with fear!

They couldn't understand why this man in front of them was so vicious that he would use African hyenas to torture them, so cruel, was he still human?

So, one of them couldn't take it anymore and cried, "I'll tell you! I'll tell you everything!"

As soon as he said that, the other two people around him also hurriedly took a stand, "I'll say it too!"

Ye Chen nodded in satisfaction, "Okay, the three of you have this attitude, I will give you time later to explain in detail."

After saying that, he looked at Ma Chongxin and sneered, "Looks like you have hard bones, I wonder if African hyenas can gnaw on them?"

As soon as the words left his mouth, Ye Chen laughed mockingly, "Look at my memory, I forgot that African hyenas don't like to gnaw on bones very much, they like to find a weak point on their prey and then attack that one point desperately with their teeth, we'll see if you can carry it off when the time comes."

Ma Chongxin's face was already as white as paper, and in his panic he hastily cried out, "I'll tell! I'll tell you everything! Please be merciful"

Only then did Ye Chen snicker, clicked on his phone's video recording, re-recorded a new video, and spoke, "Come on, say it, first introduce yourself, then tell us in detail, who actually commanded you to do this?"

Ma Chongxin forced himself to endure the severe pain all over his body and spoke, "I My name is Ma Chongxin I am the head of the Su family in Yanjing and the captain of Su Chengfeng's personal guard team, I have been serving beside Su Chengfeng for nearly twenty years, this time, I was instructed by Su Chengfeng himself to come to Jinling to assassinate Su Chengfeng's eldest daughter-in-law, that is, Su Shoudao's wife, Du Haiqing"

Ye Chen asked again, "Su Chengfeng, that old dog, why did he want to assassinate Du Haiqing?"

Ma Chongxin's eyes fluttered wildly in fear, and he thought to himself, "This guy What the hell is this guy's deal He did not take the high and mighty Master Su into account at all, and he even openly called him an old dog. Is this guy really not afraid of death?"

However, doubt was doubtful, Ma Chongxin could not dare to be disobedient to Ye Chen right now.

So, he could only stammer and say, "This This matter is because Su Chengfeng was very unhappy with Du Haiqing, and he felt that Du Haiqing was going to divorce Su Shoudao at this time, which would have been to throw stones at the Su family"

"What was even more unacceptable to him was that Du Haiqing had come to Jinling at this time to remember that Ye Changye of the Ye family, and even had to participate in a public auction to bid for the old mansion where Ye Changye had lived"

"Su Chengfeng felt that Du Haiqing had seriously damaged the reputation of the Su family, disgracing the Su family and bringing shame to his face as well, so he had the idea to clean up the family"

Ye Chen asked again, "Then how did Su Chengfeng plan the whole thing?"

Ma Chongxin was busy saying, "Su Chengfeng wanted to follow the European royal family's method of assassinating a famous royal princess by creating a car accident to take out Du Haiqing, so he found Liu Zhan, asked Liu Zhan to act out a scene of being chased, then took the opportunity to hold Du Haiqing hostage, then asked me to plan a car accident in the tunnel to directly take out Liu Zhan and Du Haiqing together"

Ye Chen sneered, "Oh? So, this old dog Su Chengfeng, in order to kill a Du Haiqing, deliberately commanded Liu Zhan to strap explosives all over his body, and also hold hundreds of people hostage?"

Chapter 2448

At this point, Ye Chen's voice steeply raised a few notches as he rebuked, "Is this old dog Su Chengfeng still a human being or not? For the sake of his own selfish interests, for the sake of his own family's sh*t, how dare he create a terrorist incident with such a bad impact? Does he take social security and the safety of people's lives and property so seriously in his eyes?!"

Once Ye Chen's words came out, Ma Chongxin was immediately scared silly

"This guy What is this guy trying to do?! Is he trying to offend the Su family to death?! He is now putting such a label on Master Su, once this video is sent out, then then Elder Su will definitely become the bastard that people all over the country will verbally condemn!"

"At that time, people from above will also definitely hold the Su family accountable, and will probably even impose severe punishment on the Su family"

"It is likely that the Su family will suffer a heavy blow and a major injury because of this incident!"

As soon as he thought of this, Ma Chongxin immediately shivered and said, "This This This I I also I can't say I I'm just an order taker, I shouldn't speculate on what the old man means"

Ma Chongxin could only say this.

He didn't dare to put a label on Master Su for Ye Chen.

But neither did he dare to excuse Elder Su in front of Ye Chen.

Therefore, he could only reply in such a way that seemed neutral, but in fact, he was shrugging off the pot for himself.

Ye Chen sneered: "The whole matter, I believe that the people of the country will have a clear judgment in their hearts after they know the truth! The matter of Liu Zhan storming into the Treasure Pavilion with explosives today is already a clear fact, and it is impossible for anyone to absolve this old dog Su Chengfeng!"

After saying this, he said in a cold voice, "This old dog, Su Chengfeng, is simply a sinful beast on earth! He had previously murdered his own granddaughter, Su Ruoli, Su Shoudao's illegitimate daughter, and then shamelessly asked Su Shoudao to take the blame for him, and now he is trying to murder Su Shoudao's wife, simply repeating the same trick!"

"I believe that the general public should be able to see the ugly face of this man through this incident of Su Chengfeng deliberately killing Du Haiqing! At the same time, it's time to clear Su Shoudao's name, this dude is really miserable, his own father tried to kill his own illegitimate daughter, and now he wants to kill his own wife!"

Speaking of this, Ye Chen turned his words and said in a cold voice, "In fact, this Su Chengfeng has done far more brutal deeds than just this one!"

As soon as the words left his mouth, Ye Chen immediately stood up and approached the Rolls Royce with the camera, filming the seriously injured and unconscious Du Haiqing and Su Zhiyu mother and daughter, and said in a cold voice: "This old dog, Su Chengfeng, for the sake of his own face, even though he knew that his own granddaughter Su Zhiyu was also in the same car with Du Haiqing, he still didn't pull back from the cliff and even asked his men to kill Su Zhiyu and Du Haiqing! He even asked his men to kill Su Zhiyu and Du Haiqing together! Such an old beast is really a national scum and should be punished by everyone!"

When Ma Chongxin heard this, he shouted out of fear, "No! That's not true! The master is He didn't know that Missy was also in the car!"

Ye Chen directly paused the camera, walked back in front of him, and threw a slap across his face: "You just have a fucking mouth, don't you? You're still thinking of defending that old dog at this time!"

Ma Chongxin said desperately, "I'm not defending I am telling the truth Master, he really didn't want to hurt Missy, it was Liu Zhan! It was Liu Zhan who took Missy on board without permission!"

Ye Chen sneered, "I don't care about that, doesn't this old dog Su Chengfeng usually like to put sh*t on others? Today, I'm going to let him feel what it's like to be held down and buckled in a head of sh*t!"

Chapter 2449

Ma Chongxin almost collapsed.

He didn't expect that Ye Chen would be so ruthless as to use this matter to directly blow the reputation of Elder Su, as well as the entire Su family, out of the water.

He could already foresee how passive the Su Family would be once this matter was exposed!

This could be a huge calamity that the Su Family had not experienced in decades!

He subconsciously said, "You You can't turn right and wrong upside down like that"

Ye Chen sneered, "Now you're still worrying about your master? Don't worry, I will delete what you just excused for that old dog Su Chengfeng, and then release the video, by then, the reputation of the Su family will fall into the septic tank, and there is a credit to you in this."

Ma Chongxin's face was ashen all of a sudden.

Ye Chen also ignored him and turned to Chen Zekai and said, "Send these four guys, secretly, to Hong Wu's dog breeding farm under strict supervision."

Chen Zekai immediately nodded, "Okay Master Ye, I have urgently deployed two more helicopters to come over, they will be here soon."

Ye Chen said, "Also, tell Hong Wu that I will give him \$30 million in cash later on. It's time for his dog farm to be expanded and upgraded!"

Chen Zekai could not help but laugh out loud.

He understood what Ye Chen meant, saying that he was upgrading the kennels, but in fact the main reason was that Ye Chen had sent too many people inside.

If they didn't upgrade it, after a while there would be more people than dogs in the dog farm.

So, he immediately said, "Okay Young Master, I understand, I will talk to Hong Wu later to make it clear."

At this time, eight more men in black with loaded guns rushed in and came in front of Chen Zekai, saying respectfully, "Mr. Chen!"

Chen Zekai nodded and hurriedly ordered them, "You guys, tie up these four guys one after the other, take them out and send them to Hong Wu's dog farm first!"

"Yes!"

Several people answered and immediately tied up Ma Chongxin and the other four like grasshoppers and took them out.

Apart from Chen Zekai, all the others left the tunnel, and Ye Chen had already arrived at the side of the Rolls Royce by now, looking at Su Zhiyu and Du Haiqing who were unconscious due to serious injuries inside the car, and sighed helplessly.

When Chen Zekai heard him sigh, he hurriedly went forward and asked, "Young master, are you sighing because the two of them are hopeless?"

Ye Chen shook his head, "I'm sighing because the two of them are still saved."

Chen Zekai asked in confusion, "Young master, if the people are still saved, then why are you sighing?"

Ye Chen let out a sigh, "Ai, I sighed because I had to save Su Zhiyu once again, this is already the second time I have saved her life."

Saying that, Ye Chen added, "I saved her twice, I saved her brother once, I saved her half-sister once, that son of a bitch Su Shoudao, there are only three children in total, I saved three children four times, you say, what the fuck is this?"

Chen Zekai also said helplessly, "Young master, I'm sure you must also feel that sin is not as bad as children, although the older generation of the Su family are not good, Su Zhiyu is indeed different from them."

Ye Chen shook his head, "I don't really have much contact with her, nor do I know much about her, whether she is the same as Su Chengfeng and Su Shoudao, I also have no idea at all."

Chen Zekai said seriously, "Young master, Su Zhiyu has a very good reputation in Yanjing, she is gifted and extremely studious, she is humble and never puts up a show of being a second generation rich person, she has never heard of her using her status as Su's granddaughter to bully anyone since she was young, you should not be wrong to save her."

Ye Chen nodded his head, "I hope so."

With that, he took out a rejuvenation pill from his pocket, split it in two and stuffed it into the mouths of the mother and daughter respectively.

The mother and daughter were originally on the verge of running out of oil, but with half of the Spring Return Pill in their mouths, their bodies also immediately began to enter a state of rapid recovery.

Ye Chen felt that their breath was obviously getting stronger and stronger, so he was also relieved.

Chapter 2450

At this time, Chen Zekai, who was at the side, asked, "Young master, what should we do about the two girls? Should we just let them leave after they recover, or"

Ye Chen waved his hand, "If we let them leave from here unharmed and directly into the public eye, the video I just shot would have no meaning, as long as the person is alive, the person is not dead and nothing is seriously wrong, in the eyes of ordinary people, the Su family would not be that evil."

After saying that, Ye Chen added: "How about this, take it to your hotel and put it under house arrest, just like Su Ruoli, eat and drink well, but never allow any contact with the outside world and never leave the room for half a step!"

"Good!" Chen Zekai nodded and asked, "Then how do we get them out?"

Without speaking, Ye Chen leaned down directly, and with two hands, he forcefully broke the backrests of the two rows of seats at the front and back that were squeezing the mother and daughter.

Chen Zekai first looked confused, then came back to his senses and said to himself, "I'm so young and weird, when the young master was in Changbai Mountain, invoking heavenly thunder to destroy the eight kings of the Wu family, it was like a miracle, what's this matter in front of him"

Just as Chen Zekai was mocking himself, Ye Chen had already pushed the seats away from the front and back of the mother and daughter duo squeezed together.

After that, he first carried Du Haiqing out from inside and carefully placed her on the ground by the tunnel, then returned and carried Su Zhiyu out as well.

At this moment, Su Zhiyu's entire body was in a very chaotic state.

In this chaos, her brain was still functioning normally, but she was almost disconnected from the outside world.

Her world was already in darkness, and only her mind remained.

And her entire mind had been completely immersed in her own consciousness.

She vaguely remembered that just before she had passed out, she had heard someone speaking, as if someone else had appeared.

Moreover, she also felt that the voice seemed somewhat familiar.

"That voice seemed exactly the same as the one I heard when my brother and I were kidnapped in Japan and almost about to be killed!"

"And the owner of that voice was the benefactor I had been searching so hard for!"

"However, before I closed my eyes, my consciousness was blurred and I couldn't be sure if I was hallucinating or not"

"After all, the voice of my benefactor, hovered in my mind every day, it was normal to have hallucinations in times of emergency"

"Now that I think about it The master Grandpa found at that time was really accurate in his calculations"

"He said that my grandfather's fate was too hard and that I shouldn't continue to search for him, otherwise I would only be flying into a flame, and it seems that it wasn't just a matter of faith"

"It's just that I'm about to die in Jinling, yet I still don't have the chance to find my benefactor... God told me to fly like a moth to a flame, but won't he even give me the chance to see the flame once more?"

"Now that I think about it, it's really so ungrateful to die here just like this without any results"

Just as Su Zhiyu's thoughts, in the midst of feeling resigned to her impending death, she suddenly felt that her disconnected body seemed to have some sensation.

Immediately afterwards, she felt that someone was lifting her body upwards with both hands under her armpits.

At this moment, she felt a sense of panic and anxiety because she didn't know what was going on, and she couldn't tell if the sensation was real or unreal.

She even felt that it might be her own soul, trying to leave her body.

At that very moment, she tried with all her might to open her eyes, and after several efforts, she finally perceived a glimmer of light in the midst of the endless darkness!

In a vague way, she saw a man's face!

Surprised and delighted, she concentrated all her strength on her eyelids and struggled to open her eyes.

The next second, a face that she had longed for appeared in her eyes!

In this instant, Su Zhiyu's heart could not help but exclaim, "It's him! It's really him!"
