Chapter 2461

Steve knew that the Su family was now the strongest family in China in terms of overall strength, so he himself was keen to make friends with him.

Now, learning that he had come to Jinling for almost the same purpose as himself, and that he had invited himself to go to the hotel with him, it was definitely a good opportunity to establish a friendship with the Su family and at the same time increase the chances of finding his son.

It was definitely a two-for-one deal!

So, he said with great gratitude, "Mr. Su, to be honest, since my son and his men have disappeared, I don't even have anyone available in Jinling, so I don't have anyone to arrange a pick-up, so if I can travel to the hotel with your car, then I would really appreciate it!"

Su Shoude smiled slightly, "Mr. Steve is too kind, our Su family had some connections with the Rothschild family back then, although there were some unhappy times, but in the end we still reached a cooperation, so there is some friendship!"

Steve nodded gently, flattered, "If there is a chance in the future, I hope we can also have substantial cooperation with the Su family, even including the Rothschild family side, I can also ask my mother to make more visits to see if we can facilitate new cooperation."

Su Shoude gave a hmmm, in a pleasant mood.

Although he did not take Steve seriously, he nevertheless had a strong desire to make friends with the Rothschilds.

He could not help but think in his heart, "After all, the Rothschild family is the most powerful family in the world, and its real influence is more than ten times stronger than that of the Su family. more stable!"

Thinking of this, he couldn't help but smile and say to Steve, "Come, come Steve, take my car and let's go to the hotel together, besides I'll be the host tonight, the two of us will have dinner, and by the way, we can also exchange clues with each other, and we can also cooperate with each other in the next matter of finding people."

Steve immediately said excitedly, "Great Mr. Su, I have no problem at all!"

Su Shoude invited Steve to ride in his own car, while the others Steve had brought with him were not so well treated, and they had to take their own cars to the hotel.

Together with Su Shoude, Steve sat in the back of one of the President I. As the motorcade drove out of the airport, Steve probably told Su Shoude a little about his son Walter.

However, Steve was not aware of his son Walter's intentions towards Wang Dongxue, nor the nasty deeds he had done to Wang Dongxue's father, so it seemed to him that his son was just down to earth and developing his business in Jinling, and to his surprise, he suddenly evaporated one day.

After listening to his introduction, Su Shoude was even more puzzled and said in a low voice, "It would be fine if it was your son who disappeared alone, but to have so many people missing all at once is a bit too unbelievable"

"Yes!" Steve sighed, "I suspected at first that he had been kidnapped, but, as far as I know, I haven't received any information about the kidnapers demanding ransom even now."

Said Steve and added, "I also had someone check, all my son's bank records, and since he disappeared, not even a single penny has been woven out of any of his bank accounts again, if the other party is really trying to get rich, then there is no way they wouldn't want to ask for money even now"

"Right." Su Shoude frowned and spoke, "To be able to make a dozen people disappear at the same time at once, and also to erase all the surveillance records, the power behind it must be very uncomplicated"

The person who can do this must also be extremely uncomplicated. Jinling itself is a small second-tier city, even if there are really big people hiding in it, there can never be more than two powerful forces here" It is possible that the same people who made Steve's son disappear and took away Du Haiqing and Su Zhiyu are the same people."

Chapter 2462

So Su Shoude hurriedly asked Steve, "Has your son offended anyone during his time in Jinling?"

"This" Steve shook his head and said, "My son has never been to Jinling before, not even to China, he was sent to Jinling by his family this time to develop the family business, and he has been here for a short time, so I don't think he should have any enemies in this place."

Su Shoude asked him, "Has your son got married yet?"

Steve said hastily and truthfully, "Married, and with two children."

Su continued, "And does he have a good private life?"

Steve said seriously, "I've never heard of him having an improper relationship with any woman."

Sue Shourd asked again, "And is he a drug addict?"

"No! Absolutely not!" Steve said hastily, "There is absolutely no place for any addicts in our family, and all adult males are required to undergo regular and periodic urine tests. Once he is found to be an addict. Walter will never touch this red line of the family!"

Su Shou De stretched out four fingers and spoke, "Most criminal cases in the world cannot escape four possibilities, the first is for money, the second is for addiction, the third is for love, and the fourth is for revenge."

"If the other party kidnapped your son and didn't want the money, that rules out the possibility of an attempt to get money."

"If your son has been regularly urine tested and is indeed not an addict, then that aspect can also be ruled out."

"As for the emotional aspect, although you said your son has a very good private life, but knowing people, not to mention that you are the father, to put it bluntly, how many women your son has actually slept with, his good friends probably know better than you do, so I think the possibility of it being for emotional reasons is still there."

"There is also revenge due to hatred, even if your son has just come to Jinling, it doesn't mean that he won't offend people, maybe he has really offended some big people in Jinling who are very skillful."

At this point, Su Shoude smacked his lips and said, "I think it's 50/50 between love and revenge, so you can start investigating from these two aspects first."

Steve nodded gently, "Thank you Mr Su for reminding me, I will actively search for relevant clues and see if I can find any breakthrough points!"

The reason why Su Shoude gave Steve so much analysis was that he hoped Steve could find clues to his son's disappearance through these aspects.

He himself now suspected that the disappearance of his son, and the disappearance of Du Haiqing and Su Zhiyu were all the work of the same people, and he himself had no way to find clues, so if Steve could, it would be a kind of curve to save the country.

At this moment, Steve suddenly spoke up, "Right! My son seems to have a well-connected college friend in Jinling, and it seems to be a woman!"

Su Shoude immediately said excitedly, "That's a valuable clue! If this woman has something to do with your son's disappearance, then let's find a way to find a breakthrough from her first!"

Chapter 2463

At this very moment.

Buckingham Palace.

Ye Chen was not in a hurry to go home, but stayed in Richard Chen's office, using his mobile phone to keep an eye on the current trend of public opinion on the internet in real time.

He found that the Su family's water forces had now clearly taken on an overwhelming trend, no matter what app, even if it was just a small website or forum, there were a large number of Su family water forces washing the ground for the Su family.

They had even been helping the Su family sell their misery, strongly exaggerating that someone else was plotting against Du Haiqing as well as Su Zhiyu's mother and daughter, and also claiming that the real aim of the gang behind the scenes was to completely destroy the entire Su family.

Seeing these remarks, Chen Zekai could not help but say angrily, "Young master, this group of people from the Su family really have no sense of propriety, such a shameless way of whitewashing can be played out!"

Ye Chen smiled blandly, "This is nothing, they haven't fully powered up yet, if they did, they would probably whitewash themselves further."

Richard Chen asked in confusion, "Young master, their public opinion offensive is already overwhelming, how else are they going to make a push?"

Ye Chen said seriously, "Their most urgent task now is to find Du Haiqing and Su Zhiyu, to see them alive and dead, and, if they do find the big live ones, they will definitely still find a way to kill them both."

Chen Zekai nodded, "The two of their mothers already know the truth of the matter, the Su family will definitely want to kill them to exterminate them!"

"Right!" Ye Chen smiled faintly and said, "As long as they are sure that the two of them are dead, the Su family will be able to breathe a sigh of relief, next they just need to spend money to find some random scapegoats and claim that everything was done by these people and has nothing to do with the Su family."

Chen Zekai could not help but laugh: "Now let them do their best to whitewash themselves, when the video in your phone is released, it will really be a large-scale face-punching scene that will stir more than a billion people, then, the Su family will really become a thousand sinners!"

Ye Chen nodded and said, "Completely destroying the Su family's reputation is a prelude to completely destroying the Su family, once the Su family becomes a street rat, the Su family's century-old foundation will collapse bit by bit!"

Chen Zekai suddenly remembered something and opened his mouth to ask, "Young master, if your video is exposed, wouldn't that be like doing Su Shoudao a big favour? Right now Su Shoudao is only able to run to Australia because he is taking the blame for Master Su, if your video is exposed, the public will definitely re-count that incident with Su Ruoli on Master Su's head, and Su Shoudao will be completely cleared of any wrongdoing."

"Never mind." Ye Chen said blandly, "Even if I help Su Shoudao, Su Shoudao will still have a hard time."

Chen Zekai was busy asking, "Young master, what do you mean by that?"

Ye Chen sneered, "Su Chengfeng, the old dog, pushed his son's illegitimate daughter out to suffer death at a critical moment, and then also pushed his son out to take the thunder, he has reached this point, Su Shoudao's father-son friendship towards him has long since disappeared. "

Richard Chen hesitated for a moment and said, "If Su Shoudao learns the truth of what happened, I'm afraid he will turn against him, right?"

"That's right." Ye Chen said with a smile, "Su Chengfeng will definitely not let Su Shoudao roll over by then, but after Su Shoudao tears his face off with him, he will definitely take advantage of public opinion to fight back and even try to seize control of the Su family, but Su Chengfeng definitely can't let Su Shoudao seize the big power because he is also afraid that Su Shoudao will look for him to settle the score, so at that time, the Su family will definitely stage a big drama of a fierce battle between father and son! "

Said Ye Chen, adding, "This does not include the other sons[avracity.com] of the Su family, that is, Su Shoudao's brothers!"

"Since ancient times, the one the crown prince wants to get rid of the most is the emperor, and the one the other imperial sons want to get rid of the most is the crown prince!"

"When the time comes, if Su Shoudao and Su Chengfeng turn against each other, the other sons won't be idle either, and it's possible that the Su family will be plunged into a civil unrest!"

Chen Zekai could not help but laugh, "Then we will just watch the good show then!"

Ye Chen smiled faintly and uttered eight words, "Watch the fire from across the shore and sit back and reap the benefits!"

Chapter 2464

Just then, Chen Zekai received a text message on his mobile phone, and after tapping it open and reading it, he hurriedly said to Ye Chen, "Young master, the second Su family member, Su Shoude, has come to Jinling!"

"Is that so?" Ye Chen asked curiously, "When did he come?"

Chen Zekai was busy saying, "Feedback from the Jinling airport, he just landed about ten minutes ago."

Ye Chen sneered, "It seems that he was ordered by Elder Su to find the whereabouts of Du Haiqing and Su Zhiyu."

Chen Zekai added, "Young Master, there is one more thing that I need to report to you."

Ye Chen nodded: "Go ahead."

Chen Zekai said, "There was also a private plane registered in the United States that landed around the same time as Su Shoude. My people checked the registration number of the plane and it belongs to the American Hogewitz family business."

"Hogwarts?" Ye Chen frowned and said in a cold voice, "It seems that the one who came should be that Walter's family."

Richard Chen continued, "Yes, the entry information shows that it is a guy named Steve Hogewitz, who should be Walter's father, and he is now going to the Jinling International Hotel with Su Shoude in Su Shoude's car."

Ye Chen asked curiously, "How come the two of them are still hanging out together?"

Chen Zekai shook his head and said, "I'm not too sure about this, maybe they knew each other before, or maybe they met each other temporarily."

Ye Chen couldn't help but frown and spoke, "The Hogewitz family is relatively average, with assets of ten billion dollars or so, not even comparable to the Song family, reasonably speaking, the Su family couldn't possibly look at such a family in the eye or have any dealings with them, plus the fact that the two of them landed their planes backwards and forwards, I reckon they should have just met! "

Richard Chen laughed, "These two are really interesting too, to land in Jinling one after the other, it's quite a coincidence."

Ye Chen said with a gloomy expression, "It's not a good thing for them to run into each other."

"Why?" Richard Chen asked in confusion, "Young master, are you worried about the two of them joining forces?"

Ye Chen shook his head and said seriously, "I am worried[avracity.com] about the two of them exchanging clues."

"Exchanging clues? What kind of clues?"

Ye Chen said seriously, "Regarding Du Haiqing and Su Zhiyu, we left few clues, the living ones were brought out, and all that was left was Liu Zhan's corpse; however, regarding Walter, we did leave clues."

Chen Zekai instantly understood and exclaimed, "You mean, Miss Wang Dongxue Wang?!"

"Right!" Ye Chen said in a cold voice: "There are no clues to the disappearance of Du Haiqing and Su Zhiyu, Walter's disappearance still has this line of Winter Snow, I am afraid that the two of them will work together and concentrate on trying to find a breakthrough from Winter Snow!"

Chen Zekai hurriedly pursued, "Young master, then should we protect Miss Wang now?!"

Ye Chen waved his hand, "There's no point in protecting her, the more you protect her, the more it will make people think that she must have something to do with this matter."

"Then what should we do?"

Ye Chen smiled slightly: "Since the two friends have come from afar and are so close to each other, I will simply take the initiative and leave them all together, and by the way, make their relatives realise that this place, Jinling, is a deep black hole!"

Chapter 2465

Chen Zekai once heard Ye Chen said, to keep Su Shoude as well as Steve Hogewitz, immediately exclaimed, said: "Young master, Steve is okay, he should not bring many people from the United States this time, but Su Shoude hired dozens of security personnel on the surface, behind the scenes hidden experts do not know how many, want to catch him afraid of a little difficult ah "

Ye Chen blandly said: "It does not matter, there is no impervious pants in this world, catch Su Shoude and Walter, I alone is enough."

Said, his mind suddenly flashed a person, so he immediately changed his words, "No, it is better to add another person."

Chen Zekai immediately stood up and said without hesitation, "Young master, I am willing to join you!"

Ye Chen smiled and said seriously, "Old Chen, your courage is commendable, but you are still a bit short in strength, you might have been discovered by Su Shoude's men hiding in the shadows before you even got close to him."

Chen Zekai said awkwardly, "This Young master If you don't mind, I'll try to practice my hands from now on!"

Ye Chen laughed: "Now practice, it is definitely too late."

Chen Zekai was busy asking, "Then when do you plan to do it? If I need to do any work on my side, so I can prepare in advance!"

Ye Chen opened his mouth and said, "If it's quick, I want to do it tonight, otherwise in case they focus their attention on Winter Snow, this matter will be a bit tricky."

Saying that, Ye Chen said: "I'll call Winter Snow first, let her work overtime at the company today, in that case, I'll do it tonight."

Immediately after that, Ye Chen took out his cell phone and called Wang Dongxue.

As soon as the phone rang, Wang Dongxue's voice came over, "Young master!"

Ye Chen gave a hint and asked her, "Dongxue, where are[avracity.com] you now?"

Wang Dongxue said respectfully, "Young master, I'm in Hong Kong."

"Hong Kong?" Ye Chen asked curiously, "Why did you go to Hong Kong?"

Wang Dongxue explained, "In these few years, Hong Kong real estate is declining, and our mainland market is very competitive, so the Empire Group intends to develop a commercial real estate project with the Xu family in Hong Kong, and I just came over this morning to negotiate with them further."

After saying that, Wang Dongxue hurriedly asked, "Young master, you are looking for me something?"

Ye Chen smiled faintly and said, "I don't have anything important to do, since you are not in Jinling right now, let's talk about it when you come back."

Wang Dongxue had to say, "Then okay young master, if there is anything urgent you can tell me, I can fly back anytime."

Ye Chen said, "No, no, you can stay in Hong Kong."

Wang Dongxue didn't know what Ye Chen meant, so she said, "Okay, Young Master, then I will concentrate on negotiating the cooperation in Hong Kong in the next few days, if you need me to go back for anything, let me know at any time."

"Good."

Hanging up the phone, Ye Chen slightly breathed a sigh of relief.

Wang Dongxue happened to not be in Jinling, so this matter was not so urgent.

Since that was the case, it would be better to put Su Shoude and Steve both under close surveillance first, to see what kind of medicine these two people, especially that Su Shoude, were selling in their gourds.

But Ye Chen is not prepared to give them two too long, within two or three days, let them directly in Jinling evaporated!

At this time, when Chen Zekai saw Ye Chen hang up the phone, he also hurried up to ask: "Young master, Miss Wang has gone to Hong Kong?"

"Right." Ye Chen smiled faintly, "It's a coincidence, she just left this morning."

Chapter 2466

Chen Zekai asked again, "Then when are you going to make a move on Su Shoude and Steve?"

Ye Chen thought about it and said, "Just for a day or two, first observe and watch them both to see what moves they have."

Saying that, Ye Chen further instructed, "Old Chen, you have the most extensive connections in Jinling, you must give me, keep a close eye on them both, no matter where they have been or what they have seen, report to me at the first time!"

Chen Zekai did not hesitate to say, "Young master do not worry, I will arrange it!"

Ye Chen nodded and said with a little regret, "How come they both didn't choose to stay at your hotel."

Chen Zekai laughed: "Young master, that Walter lived in the Jinling International Hotel before he disappeared, it's normal for his father to stay there, and as for Su Shoude, the Su family knows very well that this is the Ye family's property, so how could he come and stay here."

Ye Chen curiously asked, "Su family so big family property, own in Jinling did not buy a little industry?"

Chen Zekai shook his head and said, "The Su family had a negotiation with the Ye family some years ago, the two sides mutually agreed on the business map of their development, the Su family selected the city, the Ye family will not go over the property, and vice versa, Jinling is within the Ye family's selected map, so the Su family did not engage in industry here."

Ye Chen asked him, "Then what is the basis for the two sides to divide the business map?"

Chen Zekai said: "is your grandfather and Su Chengfeng face to face, after all, the strength of the two families are similar, and business is all over the place, if you go where to fight, especially in first-tier cities, everywhere in the competition, so we do not want to think of the second-tier cities or so constantly fight, it is privately specified a range, such as the southeast of these provincial capitals. Jinling is the Ye family, Suhang is the Su family."

"In the end, the Su family has a stronger voice, when the division of the commercial map, Suhang data are significantly better than Jinling, so the Su family first picked Suhang away, leaving Jinling to the Ye family."

"Understood." Ye Chen nodded slightly and asked, "Since Wu Donghai is the richest man in Suhang, how come I haven't heard of him having any involvement with the Su family?"

Chen Zekai smiled, "You see, the Song family is the richest man in Jinling, so there is nothing to do with the Ye family."

Saying that, Chen Zekai went on to explain, "In fact, the main purpose of the Su and Ye families to delineate the scope is to avoid you and me fighting between the two sides, equivalent to a gentleman's agreement."

"However, the local families are generally deeply rooted, it is very difficult for us to go against the local ground snake in the area, or even crush each other."

"After all, most of the strength of the two families is still concentrated in Yanjing, China is so big, everyone can be scattered throughout the country, are not so strong."

"Whether it's the Ye family or the Su family, the total number of assets that can be invested in other cities in the country is only a few hundred billion, but the country, in addition to Yanjing, there are three first-tier cities, like Jinling, the second-tier cities are a whole lot more, so on average, the human, material and financial resources that can be invested in each city is not large."

"In the end, I am in Jinling, just to guard a stronghold of the Ye family in Jinling."

Saying that, Chen Zekai added: "Just like the Ye family, if you don't count the Dihao Group that was bought for you, young master, then the Ye family in Jinling, in fact, doesn't have too many Industries.[Read Fun Stories at avracity.com]"

"Ye family in Jinling is the big head is the hotel, in addition to a few superficially do not see any relationship with the security company, and then participate in some projects only, in Jinling total assets, scattered add up, only in one or two hundred billion up and down, than the Song family's hundred billion assets to be far worse."

"Over the years, my most important task is not to help the Ye family make money in Jinling, but to help the Ye family develop contacts, networks and a complete intelligence system in Jinling, turning Jinling into an integral part of the Ye family's neural network, like a tentacle of an octopus, finding any wind and grass movement, and feeding it back to the Ye family in time."

Speaking of this, Chen Zekai could not help but smile to himself and said, "In fact, if it were not for you in Jinling, young master, the Ye family does not pay much attention to the situation in Jinling, the Ye family throughout the country, and I have dozens of spokesmen, really have a very strong voice, in addition to the Tang housekeeper, is the remaining three first-tier city spokesmen."

Ye Chen nodded: "I understand, since the Su family has little roots in Jinling, it would be more proactive for us."

Chen Zekai agreed and said, "That's right, when the Su family gets here, even if there are any emergencies, they can only temporarily transfer troops from Yanjing, and it will take a few hours at the earliest."

Saying that, he asked: "Right young master, if the time is right and you are ready to make a move against them, do you have any suitable candidates for helpers?"

Ye Chen nodded and smiled: "Of course! In this regard, I already have a most suitable candidate in mind!"

Chen Zekai asked, "Who is it?"

Ye Chen said with a smile, "Su Ruoli!"

Chapter 2467

Once Chen Zekai heard that Ye Chen wanted to use Su Ruoli, he immediately asked with some concern: "Young master, Su Ruoli this person, still not sure whether it is controllable or not, she has been under our house arrest now, if we let her out, she will not take the opportunity to escape?"

Ye Chen shook his head: "With what I know about her, she definitely won't."

Chen Zekai asked in confusion, "Why are you so sure, young master? This woman has always been ruthless, not an easy light!"

Ye Chen laughed: "She was pitted too badly by the Su family, now she has a chance to capture Su Shoude first, it's also a chance for her to take revenge, based on that, it's impossible for her to turn against the water."

Said, Ye Chen added: "And she is now in the Su family's view, the missing status, once she really gets rid of my control, or get rid of my shelter, it is likely that the Su family will find out, at that time, the Su family will definitely want her life."

"I'll take another step back and say that even if the Su family doesn't go after her, the Japanese government will definitely not let her go if they know where she is, after all, she is the fugitive that the Japanese government wants to catch the most, bar none."

Chen Zekai nodded and said seriously, "I understand young master, if that's the case, then Su Ruoli is indeed a very good candidate, her personal strength is very strong, acting together with you, not only can she help you, but also won't hold you back."

Ye Chen smiled, "During this recent period, Su Ruoli's strength has improved again, it is already incomparable to the previous time when she was in the Su family."

After saying that, he stood up and said, "You stay in the office first, I'm going to have a chat with Su Ruoli."

Chen Zekai asked, "Young master, what about Du Haiqing and Su Zhiyu?"

Ye Chen said, "They should be able to wake up in the morning, you just need to arrange someone to guard the door tonight."

Chen Zekai immediately said, "Yes, young master."

Ye Chen added: "Besides, do you know Du Haiqing and Su Zhiyu?"

Chen Zekai thought about it and said, "I know them, but they[avracity.com] shouldn't know me."

"That's good." Ye Chen spoke: "Tomorrow after they wake up, no matter what questions they ask about me, you should not answer, they ask you where this is, you should not answer, they want to leave, or contact with the outside world, you absolutely can not agree, just tell them that I told them to stay here honestly."

Chen Zekai immediately said, "Okay young master, I understand!"

.....

Meanwhile.

Su Ruoli was in her room practicing the He Family's Form Yi Quan.

Ever since the last time, Ye Chen had completely opened up her Ren Vein, she had felt a huge improvement by the day.

So, she took this good opportunity to spend all her time and energy on practicing Form Yi Quan diligently, and her strength kept improving like a rocket.

However, these days, in addition to practicing hard, she would also always think of Ye Chen uncontrollably.

These days, her mind would always involuntarily, turning over and over to think of Ye Chen's good.

Whether it was Ye Chen who saved her, or Ye Chen who helped her open the Ren vein and let her strength soar, to her, deep down she was very grateful.

The more she thought about it, the more she would naturally look forward to meeting with Ye Chen.

But Ye Chen does not always seem to come to this hotel, so she is more or less regretful.

Chapter 2468

Just when she was practicing until she was covered in sweat, the doorbell suddenly rang to.

Su Ruoli was a little excited all of a sudden.

She had lived here for some time and understood the service routine of the service staff here.

Here every day three meals are regular, the service staff will bring food and drink as well as daily necessities, all ready to send over.

Other times, the service staff basically will not take the initiative to come over to disturb.

And now is not the time to eat, so it is very likely that Ye Chen came!

Thinking of this, Su Ruoli hurriedly and joyfully ran to the door.

Through the display screen, she saw at a glance that Ye Chen was standing at the door of her room at this moment, and her heart suddenly leapt.

She then remembered that she did not organize her clothes, wearing the most basic practice underwear, and at once some hesitation, do not know whether to change clothes first, or first open the door to Ye Chen.

But on second thought, still worried about making Ye Chen wait too long is not appropriate, so also can not care so much, directly open the door.

The moment the door opened, Ye Chen a glance will see just wearing a sports underwear Su Ruoli, a moment more or less embarrassed.

Su Ruoli also some bashful red face and said: "Sorry Mr. Ye, just now some rush, did not care to clean up properly some, or you first come to sit down, I'm going to change clothes."

Ye Chen walked into the room, smiled faintly and said, "I came over to talk to you about one thing, to see if you are interested in doing it with me."

Hearing this, Su Ruoli was instantly more bashful and stammered as she asked, "Ye Mr. Ye, I don't know what you are talking about What is the matter"

Ye Chen did not know that she had a misunderstanding in mind, and said with a straight face, "Su Shoude has come to Jinling, I intend to find a suitable time to directly control him!"

Su Ruoli instantly woke up from the shame just now and[avracity.com] asked offhandedly, "Su Shoude? How did he come to Jinling? Did he come to target you, Sir Ye?!"

Ye Chen shook his head and said, "No, Su Shoude is here to find Du Haiqing and Su Zhiyu."

"Huh?" Su Ruoli was even more puzzled, "Why would he be the one to find the First Young Grandmother and First Miss?"

Su Ruoli was under house arrest here, and although she did not suffer at all, she really did not have much contact with the outside world, nor did she have a channel like a cell phone or computer to get information from the outside world.

Therefore, Su Ruoli did not know that the big event that happened in Jinling today.

So, Ye Chen then roughly introduced the cause and effect of the matter with Su Ruoli.

When Su Ruoli heard that Master Su had instructed someone to assassinate Du Haiqing, and even someone wanted to kill Su Zhiyu, the whole person was righteously indignant and angrily denounced: "The Su family is really too sinister and nasty! The same trick, already used once on me, will be used on the first young grandmother, and even involved the first young lady"

Said, she could not help but some despondent said: "In fact, the youngest grandmother has been quite good to me, only she did not know my true identity before, Miss Missy she is also quite good to me, but she did not know before, I am her half-sister, I do not know now, how to face her in the future"

Then, she hurriedly asked Ye Chen: "Master Ye, the youngest grandmother and the eldest miss are okay now, right?"

Ye Chen gently nodded and said, "Don't worry, their lives are no longer in danger and they are also safe."

"It's good that it's okay" Only then did Su Ruoli breathe a sigh of relief, and then, immediately, she said firmly, "Sir Ye, if you trust Ruoli, Ruoli is willing to follow you and serve you as a dog and horse!"

Chapter 2469

At this moment, the Jinling International Hotel.

Su Shoude's motorcade, directly in front of the hotel, stopped in a row.

Before he got off the car, the security personnel already rushed down and cleared all the people around.

The manager of the hotel also brought dozens of security guards at this time, and greeted them with great diligence, respectfully saying to Su Shoude's assistant: "May I ask Mr. Su what we need to serve? As long as there is, please feel free to ask Mr. Su, we will definitely do our best!"

Su Shoude's assistant said in a cold voice: "This place is not needed for the time being, you tell all your people to stand back, don't let any of your staff, without permission, rush Mr. Su! As for the other guests, they must not come within 10 meters of Mr. Su!"

The hotel manager nodded without hesitation and said with unparalleled earnestness, "As long as there is anything I can do for you, please feel free to ask!"

Su Shoude only then and Steve Hogewitz came down from the car together, Su Shoude got out of the car after the collar, the tone with a few majestic said: "Steve, let's have dinner together tonight, by the way also communicate in detail the details of your son's disappearance."

Steve was naturally flattered and said in a panic: "Yes, Mr. Su! I'm sorry for your trouble."

Su Shoude asked him again, "Oh yes, which room are you staying in? Do you know the room number?"

Steve said, "Because the rooms above the Executive Deluxe Suite are all gone, so I can only book a general deluxe suite, the specific room number, I'm not quite sure, I guess I can only know after checking in at the front desk."

Su Shoude said indifferently, "The reason there are no rooms above the Executive Deluxe Suite is because I have the entire executive floor all wrapped up."

Steve faintly froze, hastily complimented, "No wonder, Mr. Su is really big!"

Su Shoude waved his hand slightly and said indifferently, "What's this, if not for the agreement with Ye, I would have bought this hotel as easily as I could."

Saying that, he said to his assistant, "Say hello to the hotel, change the room for Mr. Steve, let him stay next to me."

The assistant immediately nodded and said, "No problem, I'll let the front desk arrange it."

Steve was in a bit of a bind, because he didn't come alone this time, he also brought some attendants and bodyguards with him.

Only those people did not have the opportunity to ride in Su Shoude's motorcade, so they could only take a taxi to the hotel, and they have not arrived yet.

If he stayed on the executive floor by himself and separated from the rest of his entourage of bodyguards, there would be more or less trouble.

Su Shoude could see his concern and opened his mouth and said, "Let's do this, I will arrange another room for you, you can let your assistant stay in it, but your bodyguards should not come to the executive floor, with my people there, it will definitely make you safer."

Steve also knew in his heart that the bodyguards he brought with him were not much.

Plus the ones that his son brought to China before, the accompanying people have basically all disappeared, so he doesn't have many people he can use in Jinling, and the security force is not really strong.

But Su Shoude is a different story.

He is the second in the Su family, the Su family is so strong, there is no telling how many experts are secretly protecting his safety at all times.

For Steve, if he could live on the same floor with Su Shoude, or even next door, then his own safety could be greatly guaranteed.

So he said with great gratitude, "Thank you, Mr. Su! You really take too much care of my humble servant!"

Su Shoude smiled faintly and said to Steve with a superior posture, "In China, as long as you befriend the Su family, you will be guaranteed unhindered no matter where you are."

After saying that, he asked Steve: "Do you know the name of that college classmate of your son in Jinling? I'll have someone look up her relevant information now."

Steve hurriedly said, "I once heard my son talk about it, it seems to be called something like Wang Dongxue, it is said that this woman is quite capable, and she is the chairman of a very large listed company in Jinling."

Su Shoude looked at his assistant and commanded in a serious tone, "Give you 5 minutes to check, what is the origin of this Wang Dongxue!"

"Okay boss!"

Five minutes later.

Su Shoude had just stepped into his presidential suite when his assistant hurriedly ran over and said, "Boss, I've already investigated, that Wang Dongxue is the vice chairman of Jinling Dihao Group, very famous in Jinling, a well-known entrepreneur."

Su Shoude nodded and ordered, "Before 12:00 this evening, bring this Wang Dongxue here to see me, I have something to ask her face to face."

The assistant hurriedly said, "Boss, Wang Dongxue took a flight to Hong Kong early this morning, they have real estate related cooperation in Hong Kong."

"Gone to Hong Kong?" Su Shoude frowned slightly and was a little puzzled at first, but quickly figured out that he had come over today on a whim, and it seemed that this person should not have intended to escape from Jinling, but could only say that it was a coincidence.

So he nodded and said, "Then you keep an eye on the movement of the airport, once this Wang Dongxue back to Jinling, the first time to tell me."

After saying that, he asked, "What is the origin of the Empire Group you mentioned?"

The assistant hurriedly explained, "Empire Group is the largest group of companies in Jinling, with a market value of more than 100 billion, originally a local real estate company born and raised in Jinling, but last year it seems to have been wholly acquired by the Ye family."

"Acquired by the Ye family?" Su Shoude was surprised and asked, "The Ye family ran to Jinling to acquire a real estate company, in the end what is the intention?"

"This is still unclear." The assistant said truthfully: "I only know that there are rumors that the current owner of the Empire Group is the Ye family, but who is the Ye family, can not be found out."

Su Shoude snorted coldly, "Isn't the Ye family just a few people, Ye Changye died, so it's either Ye Changkong, or Ye Changyun or Ye Changjun, all a bunch of mediocrity."

The assistant nodded and asked, "Boss, since this Wang Dongxue is a member of the Ye family, are we still moving her?"

Su Shoude immediately replied, "Move, of course we should move! This woman is the only clue I can find that might be relevant at the moment, so I can't just give up because she's a member of the Ye family."

After saying that, Su Shoude said again in a cold voice: "When the time comes, as long as you do it unnoticed, do not leave any evidence, the Ye family can not find us to say anything."

"Okay boss, I know!"

Su Shoude lowered his voice and continued to order: "Now deploy ten experts to investigate the whereabouts of Du Haiqing and Su Zhiyu at the major hospitals in the city this year."

The assistant hurriedly asked him: "Boss, after finding what to do?"

Su Shoude smiled coldly: "Give them both a little ricin, with ten times the lethal dose, to make sure that they can not escape death even if their lives are hard!"
