

Ye Chen 2471

Chapter 2471

In the evening, when Ye Chen returned home, the ten experts of the Su family, divided into five ways, began to map out every hospital in Jinling.

At the same time, Su Shoude had someone prepare a sumptuous dinner to entertain Steve in the restaurant of his presidential suite.

Although the economic strength of Steve's family is a hundred thousand miles worse than the Su family, but in Su Shoude's opinion, Steve's mother is a Rothschild family member after all, so there is no harm in maintaining a certain friendship with him.

Steve's heart was naturally excited.

Although his mother is indeed a woman from the Rothschild family, but he knows very well in his heart, the Rothschild family like his mother's women, at least hundreds of women.

And his mother, as well as his grandfather's line, would not rank much in the Rothschild family.

He is a relative of the Rothschild family, and frankly speaking, he is just rubbing a popularity.

Now he has the opportunity to make friends with the Su family, the top family in China, which is naturally a very valuable good thing for him, and may be able to rely on the Su family in the future, and quickly establish a foundation in China.

So, Steve's excitement, for the time being, not to look for his son Walter, who has been missing for a long time, and focus on the wine table to sit up Su Shoude's faithful licking dog.

Just when the two of them were having a drink, Ye Chen received a WeChat from Chen Zekai, which read, "Young master, people from the Su family are investigating the background of the Dihao Group, and also sent experts to infiltrate the major hospitals in Jinling, secretly looking for the whereabouts of Du Haiqing and Su Zhiyu."

Ye Chen sneered in his heart and replied, "Su Shoude can ah, all investigated to the Empire Group, this is impatient to find me out to meet ah."

Chen Zekai said, "Young master don't worry, the outside world only knows that the empire group Ye family acquisition, but don't know who the chairman of the empire group is really, I believe he is not likely to investigate to you in a short time."

Ye Chen immediately replied, "Don't give him a chance, take him to visit Hong Wu's dog farm tonight."

Richard Chen hurriedly asked, "Young master, are you going to do it tonight?"

Ye Chen replied, "That's right, just tonight. You go and tell Su Ruoli to get ready."

Chen Zekai was busy saying, "Okay young master, then is there anything I need to prepare?"

Ye Chen said, "Tell Hong Wu to tell the dog farm to get ready, Su Shoude is the second master of the Su family after all, his status and background is not ordinary, tell Hong Wu to make a separate dog cage for him."

Chen Zekai then asked, "What about Steve? Want to prepare him?"

Ye Chen said, "When Steve arrives at the dog farm, it will be a touching scene with Walter's father and son, let him live with his son in a dog cage, oh yes, you tell Hong Wu to prepare some flowers, give the father and son some warm atmosphere."

"Okay young master, I know!"

.....

Jinling International Hotel.

Su Shoude, who had eaten and drank enough, stood alone in front of the luxurious floor-to-ceiling windows of the presidential suite, looking at the night view of Jinling.

However, he was not in a good mood at this time, because the whereabouts of Du Haiqing and Su Zhiyu were unknown, and he was afraid that his murder of Su Zhiyu would be revealed as a result.

He actually knows very well in his heart: "Even if the old man is no longer a thing, the old man's heart's love for Su Zhiyu is indeed from the bottom of his heart."

"If Su Zhiyu died, of course, for me is all happy, then, Su Zhifei and Su Shoudao are exiled to Australia, there is no one in the Su family can threaten my position."

"Moreover, if Su Zhiyu dies, it will definitely deal a big blow to the old man, and it may even make the old man hiccup sooner, which will also help me to inherit the Su family headship sooner."

"But, if Su Zhiyu didn't die, it would be a huge threat to me all the time!"

As he was thinking this way, the assistant knocked on the door.

After Su Shoude let him in, he opened his mouth and asked, "How are things going?"

Chapter 2472

The assistant hurriedly said respectfully, "Boss, the experts sent out have touched all the hospitals in the entire Jinling, and no two of them have been found."

"No?!" Su Shoude frowned and asked, "Are you sure that every hospital has been investigated?"

"Sure." The assistant nodded and said seriously, "Not only the tertiary hospitals, even the ordinary small clinics have been searched, and they were not found."

Su Shoude immediately smacked his lips and said, "Tsk This is a bit fucking strange ah! Not in the hospital, could it be that people have died?"

After that, he immediately spoke: "Go and feel the progress of the current police investigation, is there any breakthrough?"

The assistant said truthfully: "Boss, the police side of the situation I have inquired, they now also do not have any clues, now is the tunnel scene to collect the bullet casing for gunshot monitoring, want to push back from the bullet gunman clues."

Su Shoude frowned and asked him, "What about Du Haiqing and Su Zhiyu? The police have no clues whatsoever?"

"No." The assistant nodded; "The police are as confused as we are right now."

"Damn it" Su Shoude cursed in a low voice, and then continued to ask: "Then is there any investigation result about the gang of mysterious people? The gang rushed in from the mouth of the tunnel, took away Du Haiqing and Su Zhiyu not to mention, also took away Ma Chongxin four of them, not to mention the six living people, even six corpses are not so good to deal with ah! The end is to leave some clues, right?"

The assistant spoke: "About this, the police currently have no clue."

Su Shoude stomped his foot in annoyance and cursed, "Damn evil!"

After saying that, he asked, "How is the network water army doing now?"

The assistant replied, "The water army has basically taken control of the situation now. 70% of the discussions on the Internet about this matter are now in favor of the Su family, believing that the Su family is the biggest victim, and that the person who wanted to kill Du Haiqing and Su Zhiyu must be someone else. We are innocent."

Su Shoude sighed with relief and spoke, "You have done a good job in this matter, if the old man is also satisfied, I will not treat you badly."

The assistant immediately bowed and said, "Thank you, boss!"

Su Shoude gave a hint and commanded, "There is one more thing, you arrange it for me."

The assistant busily said, "Please speak, boss."

Su Shoude said with a sinister expression, "Although Liu Zhan's family doesn't know that I gave them 20 million and told them to tell Liu Zhan to kill one more Su Zhiyu, once they shake out this matter and spread it to the ears of the old man, then I am the biggest suspect, so you have someone go to his old house tonight and set a big fire to destroy all the evidence, got it? "

The assistant nodded: "Okay boss, I get it!"

Saying that, the assistant received a message, hurriedly glanced at it and reported to Su Shoude, "Boss, Miss Zheng's plane has landed at Jinling Airport, it will be at the hotel in forty minutes."

Once Su Shoude heard this, his eyes instantly flashed with a hint of lust, and his heart and soul could not help but be a little swept away.

The assistant's mouth Miss Zheng is one of the four youngest flower girls in the entertainment industry today, Zheng Xiaoqi.

This Zheng Xiaoqi is only 26 years old this year, four years after graduating from the film school, beautiful people, but because the acting skills are not very good, but also little background, so the first two years in the film and television industry has been obscure.

But from the previous year, this Zheng Xiaoqi successively get a number of top directors of the film resources, can be said to be a step forward, soon among the sequence of super first-line actors.

Many people speculate that there must be a golden master behind her, but as soon as the speculative postings are sent, they are immediately deleted and cannot be spread at all.

The reason for this is that Zheng Xiaoqi has been selected by Su Shoude to be his canary in the bag.

Normally, as long as Su Shoudao has the opportunity to leave the capital, he will let Zheng Xiaoqi rush over to meet with him, and today is naturally no exception.

When Su Shoudao decided to come to Jinling, he asked Zheng Xiaoqi, who was filming in Nanhai, to prepare to come over immediately, so Zheng Xiaoqi finished filming today's scene and immediately took a sick leave with the crew, secretly took a private plane and rushed to Jinling.

Once I heard that Zheng Xiaoqi almost landed, Su Shoude heart can not help but be a little excited, so he said to his assistant: "Okay, you go out, I want to take a bath, later Miss Zheng came, send her directly into the room to see me!"

Chapter 2473

Su Shoude has planned well for himself.

The first thing you can do is to take a bath and relieve your fatigue, and when Zheng Xiaoqi arrives, you can get right to the point with her.

It is rare to have such an opportunity to get rid of the yellow face at home, naturally, we must take advantage of the opportunity to warm up with Zheng Xiaoqi a few days.

Putting on the hot water, Su Shoude undressed and climbed into the bathtub, letting his slightly fat body soak in the hot water.

He did not know that he was only twenty minutes away from hell on earth.

At this moment, Ye Chen and Su Ruoli, has quietly, touched into the Jinling International Hotel.

Ye Chen's skills need not be mentioned, as for Su Ruoli, originally is the He family carefully cultivated internal martial arts experts, and received a large number of bodyguards, killers professional training, this aspect of strength is also very good.

What's more, during this period of time, Su Ruoli's Ren vein was completely opened up with the help of Ye Chen, and her overall strength has improved a great deal, so it was not a problem to infiltrate the Jinling International Hotel together with Ye Chen.

Before coming, Richard Chen had already investigated the location of Su Shoude's and Steve's rooms in the Jinling International Hotel.

Su Shoude had directly chartered the entire executive floor, so his bodyguards, as well as those experts of the Su family, were mostly arranged in the rooms near the elevator and stairway entrances.

In their opinion, the stairway and elevator are the throat of the entire executive floor, and the executive floor is on the 20th floor, the highest floor of the hotel, so as long as they guard the stairs and elevator, they can ensure that Su Shoude will be safe and sound.

However, they did not expect that Ye Chen and Su Ruoli, would choose to take a helicopter and break through their defenses directly from the top floor.

However, the roar of the helicopter was so loud that even if the helicopter was at an altitude of several hundred meters, the ground could hear it clearly and even somewhat deafening, so Ye Chen deliberately asked Chen Zekai to arrange a fireworks show to give himself cover.

11:30 at night.

On the river opposite the Golden Collar International Hotel, huge fireworks were suddenly set off.

The fireworks were set off from a boat on the river. The huge firework projectiles shot straight up into the sky and exploded at a height of over a hundred meters above the river, making the whole river lively for a while.

Fireworks exploded one after another, the sound resounded continuously on both sides of the Yangtze River, for a time, so that many people woke up from their dreams, but also many people who did not sleep ran to the bedside to watch excitedly.

No one knows why there are still people setting off fireworks on the river at this late hour.

However, Jinling itself is a city of fireworks and romance, from time to time, people will set off fireworks to confess their love, we are used to it.

The fireworks are constantly set off, reflecting the entire river and both sides of the river in a colorful way.

The side of the Jinling International Hotel along the river was also illuminated like daylight.

However, because this side is too bright, the other side will naturally look darker.

At this time, a helicopter in the sky quickly came towards the roof of the Golden International Hotel.

The helicopter was kept at an altitude of one hundred and fifty meters, and although it could not eliminate the roar generated by the flight, the sound of the fireworks explosion was stronger, so people could not detect the helicopter's presence at all.

At this moment, inside the helicopter.

Ye Chen and Su Ruoli were sitting side by side, while opposite them sat Chen Zekai and two of his men.

When they were approaching the hotel, Chen Zekai said with some concern: "Young master, as far as I know, Su Shoude has at least 20 to 30 experts around him, not including some bodyguards he hired

from the local security company, you and Miss Su only have two people, will it be too dangerous? How about I transfer some more people over!"

Ye Chen waved his hand and said indifferently, "No, only a small number of people can quietly touch in and quietly withdraw out, if there are many people, won't they have to come in the open?"

Chen Zekai some apprehension, said: "But young master, I do not know now, the strength of how exactly, in case of danger, we are also very difficult to effectively support you"

Chapter 2474

Ye Chen laughed: "This you do not have to worry about, a moment to the hotel above, the helicopter does not need to go down the height, I and Ruo Li with a rope descent down, and then you will hover overhead and wait, about ten minutes, we will take Su Shoude and Steve on the balcony, then you adjust the rope, pull us up, we will go directly to Hong Wu's dog farm. "

Chen Zekai saw that Ye Chen had made all the arrangements, and no longer said anything more, said firmly, "Okay young master, we will wait for you above the hotel."

Ye Chen at this time said to Su Ruoli again, "Ruoli, later on you are responsible for taking care of Steve Hogewitz, Su Shoude leave it to me."

Su Ruoli nodded gently and said respectfully, "Yes, Sir Ye!"

Ye Chen instructed, "Remember, try not to alarm the others, let's get in and out quickly, and strive to make it seem to the others that Su Shoude and that Steve just evaporated and no clues can be found."

"Good!"

A minute later.

The plane hovered over the roof of the hotel.

Chen Zekai's men immediately lowered two extremely strong nylon ropes from both sides of the helicopter.

After Ye Chen and Su Ruoli exchanged a look with each other, each grabbed a rope and quickly slid down from both sides of the helicopter directly.

In the blink of an eye, the two landed silently on the rooftop of the hotel.

Subsequently, two people from the outside of the hotel, quietly touched the Su Shoude and Steve's room balcony above.

Steve, at this time, did not have any interest in the fireworks outside, he was lying on the bed, some anxiously trying to sleep, but because of jet lag, he was almost sleepless.

In desperation, he had to decide to drink some wine to help sleep.

So he stood up and prepared to take a bottle of whiskey from the liquor cabinet in his hotel room.

Just then, the sound of exploding fireworks sounded outside again, and he cursed with some annoyance, "I don't know which damned son of a bitch is setting off fireworks at this hour!"

Just muttering, he suddenly felt that someone tapped his shoulder.

This instant, Steve scared even sweat hair stood up.

Only one person in the room, how can someone tap their shoulders?

He subconsciously turned his head to look, a delicate looking Chinese woman is looking at him with a smile on her face.

This woman, it is Su Ruoli.

Steve immediately realized that the other party is not good, panic, about to open his mouth to call for help, then felt a sudden hard blow to the neck, the whole person immediately fainted.

At this time.

Ye Chen also touched into Su Shoude's presidential suite.

At this time, Su Shoude had just finished taking a bath, wrapped in a bathrobe, holding a cigar, while walking out of the bathroom, while holding his cell phone, sending a voice weibo to Zheng Xiaoqi: "Baby, how long will it take to arrive?"

The other party quickly replied, the voice of a delicate voice said: "Honey you wait for me ten minutes, I have entered the city, soon to arrive!"

Su Shoude lewdly laughed: "Let the driver drive faster, if you do not arrive within ten minutes, then later when we meet, I will have to beat your ass yo!"

After saying that, he loosened his fingers and sent his voice over.

At that moment, he suddenly heard a man laughing: "Mr. Su, I think that beautiful girl's ass, you can not hit on yo!"

Chapter 2475

Su Shoude heard this voice, the whole person like an electric shock, immediately jumped high.

Immediately, he immediately looked at the sound, a small stool in the bathroom door, sitting on a young man with a smile on his face.

He was instantly shocked and questioned offhand: "You Who are you?!"

Ye Chen sneered, "Me? I'm the great benefactor of your Su family."

Su Shoude said nervously, "What benefactor? You What exactly do you want?"

Ye Chen smiled: "I am really your Su family's great benefactor, your elder brother's son and daughter, that is Su Zhi Fei and Su Zhi Yu, when they were kidnapped in Japan, it was me who saved them, do you think I am your Su family's great benefactor?"

"What?!" Su Shoude said dumbfounded, "You You're that mysterious expert in Japan?!"

Ye Chen asked with interest, "What? You've heard of me?"

Su Shoude stammered and said, "I heard my niece talk about it My father has been chanting that if he has the chance to find you, he must thank you properly."

Saying that, his pair of eyes cautiously sized up Ye Chen, trying to figure out whether this person was an enemy or a friend.

He secretly analyzed in his heart, "This kid suddenly appeared in my room, no matter how you look at it, it's not a good thing to come"

"But If he is really the mysterious person who saved Su Zhifei and Su Zhiyu in Japan, then he shouldn't have any malice towards the Su family, right?"

Ye Chen laughed at this time and said, "Aiya, if your Su family really wants to thank me, then they really have to thank me properly and grandly from the bottom of their hearts to say so, because I not only saved their brother and sister, but also piggybacked on your elder brother's illegitimate daughter."

Su Shoude's expression immediately changed!

"My big brother's illegitimate daughter?"

"You You're talking about Su Ruoli?!"

Seeing his horrified look, Ye Chen nodded his head and said with a smile, "That's right, Su Ruoli was also saved by me."

Su Shoude just now did not know whether Ye Chen was an enemy or a friend, but now he already had an answer in his heart.

This man in front of him must have come from a bad place.

Because, at first, it was because of Su Ruoli's sudden disappearance that the old man's collusion with the Japanese Self-Defense Forces was not accomplished, and then completely defeated.

The nervous Su Shoude immediately spoke: "This brother, Su Ruo Li's matter, was my father's idea alone, I was not involved in it."

Ye Chen nodded and smiled, "I haven't finished speaking, don't rush to explain yourself away yet."

Su Shoude hurriedly said respectfully, "You please say"

Ye Chen gave a hint, crossed his legs and said leisurely: "Your sister-in-law and your great niece, kidnapped by wanted criminals almost died in a car accident, it was also me who saved them both."

"What?! It was you?!" Hearing this, Su Shoude was even more frightened and full of panic!

The last thing he wanted to see was that Du Haiqing and Su Zhiyu were still alive!

Unexpectedly, they were also saved by this young man!

The nervous Su Shoude was afraid that Ye Chen would see his faint heart, so he hurriedly said in a feigned excitement, "I didn't expect that my sister-in-law and niece were still alive! That's great! Great!"

After saying that, he hurriedly added: "I came to Jinling this time to find their whereabouts, you don't know, our family is very nervous about the safety of their mother and daughter, before I came, my father even instructed me to do whatever it takes to make sure they are safe! I didn't expect that they were saved by you, thank you so much!"

Ye Chen said with a smile, "Su Shoude, I thought that the men of your Su family, each is a sophisticated old fox, I did not expect you to be such a pompous actor, not at all, really let me down."

Chapter 2476

Su Shoude said nervously, "This gentleman, you What do you mean by that, I How can I not quite understand it?"

As he spoke, Su Shoude's brain was already running in high speed.

He is now able to determine that this young man in front of him is not well intentioned, so his mind is thinking about how he can get out of trouble.

At this moment, the first thought that appeared in his mind was to call out for help.

"On this floor of the hotel, there are at least forty to fifty of my men, and there are many experts among them, and the combined combat power is very impressive, this kid is 80% not an opponent."

"However, this guy was able to quietly appear in my room, that proves that his personal strength is still very strong!"

"Combined with the previous description of him by Su Zhi Fei and Su Zhi Yu, this person was able to kill a number of top Japanese ninjas by himself, which shows that this person's strength is exceptionally strong"

"Even if my men, combined, can do more than him, but I'm afraid that the moment I call for help, I will be directly killed by him"

Thinking of this, he immediately gave up the idea of opening his mouth to call for help.

"But, if I don't call for help, what should I do next? What if he wants to kill me?"

Just as he was torn and struggling, Su Ruoli stepped in.

Su Shoude saw Su Ruoli, immediately like looking at a ghost, shivering and spoke: "Ru Ruo Li, you You How can you be here?!"

Su Ruoli looked at him with cold eyes and questioned, "What? You must be disappointed to see me still alive?"

Su Shoude panicked, "Ruoli, don't misunderstand, you are my elder brother's flesh and blood, you are my niece, how could I wish you harm"

Su Ruoli gritted her teeth and cursed, "Su Shoude, you don't have to pretend to be a good person here! Your Su family used me as cannon fodder and sold my life directly to the Japanese Self-Defense Forces, do you really think I don't know?"

Su Shoude explained with a sudden apprehension, "Ruo Li ah That thing is not my decision ah It's all because of your grandfather"

Su Ruoli said angrily: "He is not my grandfather! He is such a ruthless and shameless scum, I will kill him with my own hands sooner or later!"

Ye Chen saw Su Ruoli emotionally somewhat excited, said blandly: "Ruoli, you must learn to control your emotions at all times, otherwise even if you are gifted, it will be difficult to become a great weapon in the future!"

Ordinary practitioners, training is only the skin, flesh and bones, as long as hard practice, temper and emotions on their own strength will not cause too much impact.

However, like Su Ruoli, who grew up practicing internal martial arts and mastering internal strength, what he fears most is having a problem with his mind.

Otherwise, it is likely to put oneself in a bottleneck, and it will be difficult to make a breakthrough.

Hearing Ye Chen's words, Su Ruoli hurriedly came back to his senses, controlled his emotions, and said ashamedly, "Thank you, Mr. Ye for reminding me, it was me who was too impulsive"

Hearing this, Su Shoude pointed at Ye Chen and exclaimed, "You You Your surname is Ye?!"

Ye Chen nodded: "That's right, my surname is Ye."

Su Shoude said offhandedly, "You You are a Ye family member?!"

Just after he finished, he muttered to himself, "Impossible I've never heard of any experts coming out of the Ye family"

The words just fell, he raised his head to look at Ye Chen, the more he looked, the more he thought, this young man seems very familiar! Seems to have seen it somewhere!

So, he racked his brain carefully thought for a moment, his brain suddenly popped up a face, this face immediately scared him!

He looked at Ye Chen and said offhandedly: "You How do you look so much like Ye Chang Ying What are you Ye Changye's people?!"

Ye Chen put away his cynical expression and said in a cold voice: "Ye Changye is my father, and I am his son, Ye Chen!"

Chapter 2477

The moment Ye Chen said his identity, Su Shoude's whole person was simply like a thunderstorm!

He looked at Ye Chen with dumbfounded eyes and asked in a panic: "You Are you really Ye Chang Ying's son?"

After these words, he didn't wait for Ye Chen to answer, he muttered, "It looks so similar, there must be no mistake"

Immediately after that, he hurriedly spoke: "Little Ye, I have some friendship with your father, according to reason, you should also call me an uncle"

Ye Chen said disdainfully, "Let me call you uncle? You are also worthy?"

Su Shoude hurriedly said, "I know, your perception of the Su family is certainly not too good, but our Su, Ye two families have long had a non-interference, non-confrontation agreement, these dozens and dozens of years, we have also been following the purpose of the well not to offend the river, each economic development, you" You can not break this agreement ah!"

Ye Chen coldly snorted: "The agreement between you and the Ye family, is a matter between you, has nothing to do with me."

Su Shoude said in a panic: "You" Your surname is also Ye" The agreement between the Ye family and us, you have to abide by it too!"

Ye Chen sneered, "I don't recognize any agreement between you and the Ye family, I only recognize eight words."

"Which eight words?!"

Ye Chen said word by word: "The revenge of parents, not to be shared!"

Su Shoude became even more flustered and said offhandedly, "But the death of your parents has nothing to do with our Su family!"

Ye Chen said in a cold voice: "Your Su family led an anti-leaf alliance back then, just these four words alone will require you to pay the price!"

Su Shoude hurriedly explained, "Little Ye" When your father had an accident, I had not yet begun to specifically take over the Su family affairs, the Anti-Leaf Alliance has even less to do with me"

Ye Chen stood up, grabbed Su Shoude's bathrobe collar, and said sternly: "Whether there is a relationship or not is not up to you, but up to me!"

After saying that, he smiled lightly and said, "Mr. Su, I have prepared a fine room for you in Jinling, since you are here, come over with me and enjoy yourself!"

Su Shoude did not know where Ye Chen was going to take him, let alone what he planned to do to him.

Just by looking at Ye Chen's expression, he knew that it was definitely not a good thing, so he sobbed and begged in fear: "Ye Chen, I really didn't do anything to hurt your father, the anti-Ye alliance was made by my father and my elder brother back then, the wrongdoer has a head and a debt, you want revenge is also to find them ah"

Ye Chen laughed: "Your Su family is really a fucking raccoon, as soon as something happens let their own family members to take the blame."

After saying that, his tone steeply raised a few points, stern voice: "But you do not rush, your father and your brother can not escape, but it is just a matter of time! Today, please come with me first!"

As soon as the words left his mouth, Ye Chen reached out his hand and slapped him hard on the head.

Su Shoude only felt a dizziness in his brain, and the whole person instantly lost consciousness.

Immediately afterwards, Ye Chen asked Su Ruoli, "Where is Steve?"

Su Ruoli hurriedly said respectfully, "Back to Lord Ye, Steve was tied up after I knocked him out and is on the balcony."

"Good!"

Ye Chen nodded and said to Su Ruoli, "Ruoli, you help me take care of the traces, don't leave any clues."

Su Ruoli said without hesitation, "Okay Mr. Ye, dealing with the scene is one of the things I am best at."

In the past, Su Ruoli worked for the Su family, there were often assassinations or kidnappings, and each time Su Ruoli was able to handle all the clues without leaving any traces, and her ability in this area was very good.

Ye Chen handed over the scene to her, and dragged the dead pig-like Su Shoude to the presidential suite's huge balcony.

At this time, the unconscious Steve has been firmly bound by the bed sheet hands and feet, the body curled into a ball.

Chapter 2478

Ye Chen took out his cell phone and asked Chen Zekai to inform the helicopter pilot to lower the ropes and use the strong nylon ropes to tie Steve and Su Shoude firmly together, and then these two were quietly lifted up by the winch.

At this time, Su Ruoli, while backing up and dealing with the footprints he left behind, retreated step by step to the balcony and respectfully said to Ye Chen, "Sir Ye, it's all taken care of!"

Ye Chen nodded, at this time, Chen Zekai sent a message: "Young master, there is a business car coming from the airport, into the hotel basement, Su Shoude's people just blocked the basement, it is estimated that the people in this car should be looking for him, you and Miss Su's action has to be slightly faster."

Ye Chen smiled faintly: "It should be Su Shoude's good friend coming."

Saying that, he grabbed another rope and said to Su Ruoli, "Time is short, you hold my waist, let's both go up together."

The helicopter only has a total of two ropes left and right, that one hanging Steve and Su Shoude, if you wait for the winch to raise the two up, untie the rope, and then put the rope down, it is estimated to take at least seven or eight minutes.

Since Su Shoude's lover has reached the hotel basement, it is estimated that soon will come up, so in order not to leave any clues, it is better to leave as soon as possible.

So, if the two use the same rope, you can save a lot of time.

Su Ruoli immediately nodded, but the thought of holding Ye Chen, cheeks have been vaguely a little hot.

At this time, Ye Chen has grabbed the rope, said to Su Ruoli: "Hold my waist, do not be afraid, I will hold you tight."

Su Ruoli whispered, "Okay Ye Gongzi"

After saying that, she gathered her courage and stepped forward to hug Ye Chen's waist.

Feeling Ye Chen's hard pectoral muscles, the temperature on Su Ruoli's face became hotter and hotter.

This is the first time she and a man so close, so lovingly.

Ye Chen did not think much about it, hold her tightly, the rope in the two waist wrapped a few, then the end of the rope, clutched in the hand that holds Su Ruoli.

After making sure the rope is tied solidly, his other hand picked up the phone and sent a voice message to Chen Zekai: "Directly let the helicopter pull up, grab the time to get out of here!"

"Okay Young Master!"

Chen Zekai did not dare to delay and immediately asked the pilot to pull up the altitude.

Ye Chen held Su Ruoli and was quickly lifted by the helicopter.

To ensure safety, Ye Chen kept holding Su Ruoli tightly, while Su Ruoli also wrapped her arms around Ye Chen's waist with force.

Immediately afterwards, the two of them got higher and higher off the ground, and the helicopter kept pulling up to an altitude of hundreds of meters, then it flew towards Hong Wu's dog farm.

After the plane flew away, the fireworks show on the river finally subsided.

Both sides of the Yangtze River quickly returned to calm from the noise.

Meanwhile.

A woman wearing a mask, sunglasses and a duck-tongue cap arrived at the second basement parking lot of the Jinling International Hotel in an Elfa nanny car.

Su Shoude's people had been waiting here for a long time.

The nanny car was parked directly at the entrance of the elevator, which had been completely purged by Su Shoude's men, so that there could not be any paparazzi lurking in, and even the CCTV footage of the hotel parking lot had been asked to be turned off.

The car door opened, the woman who completely covered her face stepped down, Su Shoude's assistant stepped forward and whispered, "Miss Zheng, please come with me, the boss has been waiting for a long time!"

The woman hurriedly said, "Oh, then take me up quickly! We mustn't let him wait anxiously!"

Chapter 2479

This woman is the young actress who is currently popular, Zheng Xiaoqi.

The people in the entertainment industry know that Zheng Xiaoqi has a super powerful golden master behind her, but most people don't know who this master really is.

Since she got close to Su Shoude, Zheng Xiaoqi's resources in the entertainment industry are so good that all actors are envious to death.

Other actresses with good resources usually have the opportunity to appear in some larger productions of movies and TV series every now and then.

Those actresses with good resources can get a big annual drama from a famous director every year.

The actress, like Zheng Xiaoqi, who has the best resources, usually does not have to do anything, the owner behind her will spend money to hire the best director, the hottest male lead, the hottest supporting cast, and surround her with a play that is completely tailored to her alone.

Other people can be in a big drama with hundreds of millions of dollars of investment, a leading role will be burning incense and thanking the gods.

She, however, is Su Shoude directly take a few hundred million, and invite a bunch of big names from the entertainment industry to serve her.

In this way to mix the entertainment industry, it can be said that the world is shocking.

It is also because Su Shoude's energy in the entertainment industry is unparalleled, so Zheng Xiaoqi is obedient to him.

No matter where she is or what she is doing, as long as Su Shoude makes a phone call, she will fly to Su Shoude's side even if she is far away to accompany him and serve this super golden master with all her heart.

Su Shoude's assistant, directly invited Zheng Xiaoqi into the elevator, and then used the elevator's administrator key to adjust the elevator to a manually operated state, directly allowing the elevator to go to the top floor.

As long as the elevator was adjusted manually inside, it was useless to press the elevator no matter who was outside and on any floor, this elevator would not stop.

In a few dozen seconds, the elevator arrived at the top floor of the hotel.

As soon as the elevator door opened, the assistant couldn't wait to step forward and respectfully said, "Miss Zheng, please follow me!"

Zheng Xiaoqi also hurried to follow, while walking quickly, while raising her wrist, looking at the limited edition Richard Mille on her wrist, which was worth tens of millions of dollars.

At this moment, there were still about forty seconds before the ten-minute deadline Su Shoude said.

Zheng Xiaoqi breathed a sigh of relief, forty seconds was enough to get himself to Su Shoude's room.

Although Su Shoude might not be angry if she was a few minutes late, Zheng Xiaoqi still didn't dare to let him have any slightest dissatisfaction with herself.

She knew that serving Su Shoude well was the most important thing for her right now.

Arriving at the door of the presidential suite, the assistant rang the doorbell and whispered, "Boss, Miss Zheng is here."

There was no response from the room.

The assistant pressed the doorbell again, but there was still no movement in the room.

He turned back and said to Zheng Xiaoqi, "Boss may be taking a bath, wait a moment, I'll ring again."

Zheng Xiaoqi was busy saying, "Or I should call him!"

Saying that, he immediately took out his cell phone and dialed Su Shoude.

Soon, the ringing of the phone was vaguely heard in the room, but not only did Su Shoude not answer the phone, there were no other noises in the room.

The assistant's expression froze for a moment and said nervously, "Oh no! It's probably something wrong!"

"Something happened? What happened?"

When Zheng Xiaoqi heard this, the whole person was shocked.

The assistant hurriedly said, "I'm not sure what happened, wait a moment!"

After saying that, he immediately took out his cell phone, made a call, and said in a low voice: "He Lao, you come quickly, the boss may have an accident!"

Five seconds later, the doors of several rooms near the elevator entrance opened almost at the same time.

Chapter 2480

An old man with pale white hair and wearing a Tang suit took the lead, running as fast as he could.

Behind, more than a dozen men with extraordinary breath followed, each with a gloomy expression, but also with a few hard to conceal the panic.

The crowd quickly ran to the door of the presidential suite, the leader of the white-haired old man hurriedly asked: "What happened?"

The assistant said in a panic: "The boss didn't respond to the doorbell, and no one answered the phone, but the phone kept ringing inside."

One of them opened his mouth and asked, "What was the boss doing the last time you saw him?"

The assistant was busy saying, "The boss said he was preparing to take a bath"

The man asked again, "Could it be that the boss fell asleep while taking a bath?"

The assistant shook his head: "I'm not too sure, but with my knowledge of the boss, I don't think so!"

Some words, the assistant could not say too clearly.

For example, he knew very well that Su Shoude liked Zheng Xiaoqi very much.

Every time he asked Zheng Xiaoqi to come to see him quietly, he would be exceptionally exuberant and wait for Zheng Xiaoqi to appear.

Some times, he would even arrange himself to prepare some cheer-boosting drugs in order to find a better state.

So, that reasoning, should not fall asleep at this time.

At this time, that white-haired old man looked grave and opened his mouth and said, "The boss even if he fell asleep in the bath, it's easy to have an accident if you don't keep an eye on it, let's break the door and go in!"

The assistant also hurriedly nodded.

Want to know how Su Shoude in the end, breaking the door is the only way.

So, he immediately said to the old man: "Elder He, everything has your decision!"

He Lao nodded and immediately sank his internal energy into his right leg and kicked out the door, which was made of pure copper!

Immediately after that, he took the lead and rushed in.

Su Shoude's presidential suite is very large, with a usable area of more than 400 square feet, and even has its own indoor swimming pool, which can be said to be extremely luxurious.

So, a bunch of people rushed in, the painstaking Bara every corner to find once, and then the people met, came to a conclusion that they were appalled: Su Shoude missing!

No.

Not missing.

Is evaporated!

Originally a very immortal old man, now also panicked to death, his face piled with wrinkles from the tension.

While pacing back and forth in the living room, he said eagerly, "This What the fuck is going on here? We've been watching the elevator entrance and the stairway, and we can be sure that the boss never left at all, and we haven't heard any unusual movements, so how could the boss just disappear?"

The assistant asked offhandedly, "Elder He, should we Should we send someone downstairs to take a look? Could it be an accidental fall or something like that?"

As soon as He Lao heard this, he immediately rushed to the balcony, lying on the luxurious and incomparable railing and looking down, while looking, he said, "There is nothing abnormal below, it is definitely not a fall."

Someone couldn't help but mutter, "It didn't go down, and it wasn't in the room, did it go up?"

"Upwards?" He Lao heard this, frowned and said, "Upstairs is the rooftop, and from the room also can not go up, it is even more impossible It can't be that it just flew away, right?"

"This This is too bizarre" Someone said in a panic: "Even a fart will leave a little smell ah, a good living person, how can suddenly say disappeared?!"

After looking around, the assistant spoke: "The boss's clothes are still there, the bathrobe is missing one, if he left quietly on his own, at least he would have changed his clothes, could it be that he was kidnapped?"
