

Ye Chen 2481

Chapter 2481

"Kidnapping?!" Elder He's expression twitched for a moment.

What he feared most was Su Shoude being kidnapped.

So, he couldn't help but think in his heart, "How can I say that I am also one of the Su Family's patriarchal experts, and I personally came to Jinling this time to protect the Second Prince, if I really let him be kidnapped silently under my eyes, then where can I put this old face? How can I explain to the master when I return?"

Immediately, he remembered Steve, who lived next door to Su Shoude, and as if grabbing a life-saving straw, he blurted out, "Could the boss be next door talking to that American?!"

The assistant, like him, was waiting for a miracle to happen, seeing that the presidential suite could not be found anywhere, his heart was also panicked to death, hearing this, immediately brightened up, excitedly blurted out: "Possible, really possible!"

After saying that, immediately turned and ran outside.

Others also hurried to follow.

As a result, when they reached the next room and pressed the doorbell, there was still no response from inside.

The original still hold a ray of hope of the crowd, the heart immediately sank to the bottom.

The crowd looked at He Lao, waiting for him to make a decision.

The usual face is always a breezy, unfathomable He Lao, at this time, the expression, like when his father died when he was 18 years old.

With a black face, he kicked open the door of Stephen's room and rushed in again with the crowd, only to find that Stephen, like Su Shoude, had also evaporated

He Lao, like a dog, sniffed here, looked there, and touched everywhere for half a day, but did not find any valuable clues, the heart was even more panicked, so much so that touching the last, the hand could not control the trembling.

Finally, he sat down on his butt and said with a face like death: "Quick Quickly call the master to report!"

.....

A few minutes ago, Su Chengfeng had just laid down.

Originally, what had happened in Jinling had made him sleep and eat.

Especially the fact that the whereabouts of Du Haiqing and Su Zhiyu were unknown, made him worry all the time that something would happen to him.

And, he did worry about his eldest granddaughter Su Zhiyu, after all, he grew up spoiling her, indeed, he loves her very much.

However, with the Su family gradually taking control of public opinion, his inner worries have been alleviated.

Although there is still some worry about Su Zhiyu, but he later thought carefully, Su Zhiyu and Du Haiqing is together in the car, together with the accident, together with the disappearance, if you hope that Du Haiqing died, then Su Zhiyu will certainly also be difficult to escape a death.

If you hope that Su Zhiyu survived, then Du Haiqing 80% will also survive.

Therefore, he later put his heart crossed, secretly thought: "the most worry-free result, or the two simply die together, or if only Zhiyu alive, then her character, will certainly try everything to investigate the whole thing, the beginning and end, then perhaps also with me to turn against each other, why not just settle it, and save me from laying a mine" "

Think about this layer, he more or less relieved.

Now just waiting for Su Shoude, as soon as possible to feedback back to determine the news of their mothers died.

Just at this time, the butler knocked on the door to inform: "Master, the Du family is here"

"The Du family?" Su Chengfeng had a big headache and asked, "Who are the people coming?"

Chapter 2482

The butler busily said, "Du Zhenhua Du senior, with the Du family boss Du Haifeng came together."

Master Su could not help but rub his temples, secretly sighing: "Really fucking annoying, what is the Du family doing here looking for me? Did they come to me to ask me for a favor? I don't think so, Jinling is not my territory, and there is no evidence that Du Haiqing was harmed by me, so why ask me?"

"But, after all, the Du family is still my in-laws, and also has a deep relationship in the high level, can not be openly offended, it seems that we can only go to deal with it!"

Thinking of this, Master Su then said to the butler, "You arrange for them to go to the living room and sit down for a while, I'll come over here."

"Yes, Master!"

A few minutes later, Master Su stepped into the living room.

Just as he reached the living room, he saw the Du family's father and son standing in the middle of the living room, full of anger.

He immediately put on a pained expression and greeted them, sobbing, "The in-laws" How are Haiqing and Zhiyu and their mothers doing, do you have any news?"

Du Zhenhua said in a cold voice: "Su Chengfeng! I still want to ask you! The matter of Haiqing and Zhiyu's mother, are you related to them or not? You'd better tell me the truth, otherwise, I'll be at odds with you!"

"Me?!" Master Su pointed to his nose and said with heartache, "Haiqing is my daughter-in-law and Zhiyu is my granddaughter, how could I possibly hurt them?"

After saying that, he immediately added: "I'm not going to lie, I've sent Shou De to Jinling to investigate and rescue them, even if it's a desperate effort to keep them both safe!"

Although Du Zhenhua had some suspicions about Master Su, but after all, there was nothing to prove.

And one thing that confused him was that he knew that Master Su loved Su Zhiyu, his granddaughter, and if something happened to Du Haiqing himself, they would think that it was probably the work of Master Su, or Su Shoudao, who was far away in Australia.

However, just because Su Zhiyu also followed the accident, so they all think that these two people are not so much to plot against their own granddaughter, or plot against their own daughter.

So, for the time being, Du Zhenhua, who could not judge the situation clearly, coldly questioned, "Did Su Shoudao's visit to Jinling yield any results of the investigation?"

"This" Elder Su expression some regretful said, "currently have not received any clear feedback, just told me that he had people looking all over the hospital in Jinling, have not found the two of them."

Said, the old man Su hurriedly said: "In-laws, you do not hurry, why do not I make a phone call now, ask Shou De has any latest situation?"

Du Zhenhua nodded and said, "Okay, then ask him!"

As he was talking, the housekeeper's cell phone suddenly rang, he hurriedly went to the corner and picked it up, then ran over and reported, "Master, it's Lao He calling, saying he has something important to report to you!"

"Oh?" Master Su hurriedly said, "Quickly give me the phone!"

The butler hurriedly handed the phone to him, and after Master Su picked up, he immediately asked, "Old He, did you find any important clues in Jinling?"

He said with a trembling voice: "Old" Master" Yes" I'm sorry"

"Sorry for what?" Master Su sensed something unpleasant and asked with a frown, "What is so important, say it quickly!"

He Lao choked, "The second son" The Second Prince he"

Master Su was frantic and cursed, "Don't stammer with me when you speak! Shou De what happened to him? Tell me quickly!"

He Lao heaved a long sigh, "Ai! Master! The second son is" He" He has disappeared!"

Master Su's entire body instantly shuddered and roared, "Disappeared? What the fuck are you talking about? A good living person, under your eyes, just arrived in Jinling and disappeared?"

Chapter 2483

How can Su Chengfeng not accept that his second son has just arrived in Jinling and has not even been able to spend a night in Jinling, and the person has already disappeared.

Moreover, He Lao's strength, he knows.

Having served in the Su family for many years, he is almost unbeatable.

Su Shoude has his covert protection, how can he still disappear?

He Lao on the other side of the phone was also lamenting at this time, ashamed beyond words: "Master I've been on the same floor with the second son, and I've been watching out for any movement, but I didn't expect that the second son would suddenly seem to have evaporated and disappeared from his room This This whole thing is simply too weird to believe"

Saying that, he hurriedly added: "By the way, not only did the second son disappear, but even the second son's newly met friend also disappeared together."

Master Su hurriedly asked, "New friends? What friend?"

Elder He hurriedly explained, "It's an American whom the second son met at the airport, their family has some relationship with the Rothschild family, and he coincidentally booked the same hotel as the second son, so the second son invited him to stay next door to him."

Master Su asked offhandedly, "Could it be that the American has some kind of problem?"

"Not quite like that." Elder He said, "That American I've observed is an ordinary middle-aged man, not like someone with kung fu or any special strength, so it definitely can't be him."

Master Su frowned and said in a cold voice: "This matter is even more bizarre, it is already very difficult to make a person disappear silently under your eyes, let alone getting two people away at the same time!"

Elder He hurriedly said, "Yes, Master, I suspect that the other party must be an expert among experts!"

Master Su said nervously, "How can such a powerful person exist in such a small place as Jinling? You have been among martial artists for so many years, have you ever heard of any masters appearing in Jinling?"

"Never." He Lao said truthfully, "Master, frankly speaking, there is not even a single martial arts family in Jinling that can be slightly called out."

"That's even weirder" Master Su felt a burst of apprehension at the bottom of his heart, he could not help but rub his temples, said: "Jinling this place, is really some strange strange, Haiqing and Zhiyu their mothers are still missing, guarded and suddenly disappeared, feel like this place has a kind of indefinable, unexplained powerful magnetic field, everywhere there is a strange and mysterious" "

He Lao hurriedly said, "Master, the bizarre things are not only this, the second son of the American known today, the reason why he came all the way to Jinling, is also to find his son, it is said that his son disappeared some time ago with a dozen of his men, can not find any news and clues"

"This" Elder Su felt a chill run down his back.

He really did not understand what kind of powerful person was hiding behind.

To have this kind of strength with only one hand, that person must be extraordinary!

So, he hurriedly gritted his teeth and instructed, "Old He, I don't care what kind of methods you use, you must find the whereabouts of Shou De, if you can't find them, then you don't have to come back!"

Said, he glanced aside Du Zhenhua, hurriedly added: "And Haiqing and Zhiyu! All three of them are from our Su family, make sure to bring them back safely!"

Chapter 2484

He Lao was busy saying, "Don't worry, Master, I will do my best!"

Master Su spoke, "Good! Investigate the clues in Jinling first, and I will send someone over to support you immediately!"

After hanging up the phone, Master Su said to Du Zhenhua with a guilty face, "My dear grandfather, you have just heard that not only Haiqing and Zhiyu have disappeared, but also Shoude has disappeared, like you can no longer suspect that I am behind this, right? Haiqing is my daughter-in-law, Zhiyu is my own granddaughter, Shoude is my own son, this is obviously someone is deliberately targeting our Su family ah!"

Du Zhenhua originally came here with the motive of asking for a crime, but what happened just now made him involuntarily dispel his suspicion of Su Chengfeng.

In his opinion, it is absolutely impossible that Su Chengfeng is behind this, someone is not even sparing Su Shoude, this is clearly to go against the Su family.

Thinking of this, he hurriedly opened his mouth and asked: "Old Su, you tell me the truth, you have recently offended someone? Think carefully, who is more suspicious?"

Elder Su spread his hands and said, "You know my character, usually not too restrained, so I have offended many people, so now you ask me to think, I can not think of who it is."

Du Zhenhua couldn't help but sigh, he knew very well in his heart that Su Chengfeng was telling the truth.

Ever since the Su family surpassed the Ye family and became the number one family in China, Su Chengfeng has been arrogating to himself the status of the boss of the business world, and he usually sees everything and no one in his eyes, so he has naturally offended many people.

I sent Ocean and Haiying to Jinling two hours ago. In my opinion, why don't we join our two families to investigate together?

Master Su saw that he had temporarily resolved Du Zhenhua's suspicions, slightly relieved, said: "Oh in-laws, you can be willing to investigate with me, that's really good! I was afraid that you would complain about me, misunderstand me, and have ill will towards me, but I never thought that you would be willing to join hands with both families, which really touched me!"

Du Zhenhua said apologetically, "Just now, I was in a hurry, so I said something inappropriate, I hope you don't mind too much."

Master Su immediately said ashamedly, "How could that be, in-laws! You gave Haiqing to our Su family and failed to protect her, which is in itself the responsibility of the Su family, even if you beat me up, it's still me, Su Chengfeng, who deserved it"

Said, he gave a long sigh and waved his hand: "Hey, let's not talk about this! The most important thing now is that we must hurry to send more people to Jinling, even if we turn Jinling upside down, we must rescue them all!"

Du Zhenhua nodded and said, "In that case, Hai Feng and I will go back and sort out our resources and contacts, and transfer all the people we can to Jinling as soon as possible!"

"Good!" Elder Su also deliberately pretended to be excited and spoke, "In that case, then I will also immediately mobilize all the manpower that can be mobilized over there, all of them!"

Du Zhenhua gave a hint and said, "My in-laws, then we will take our leave first!"

Master Su said, "I'll see you out!"

Du Zhenhua hurriedly said, "In-laws Gong stay, we'll just go out by ourselves."

Master Su pretended to be angry and said, "In-laws, what else do you have to be polite to me? Come, I'll see you off!"

Chapter 2485

At this moment, Jinling.

Helicopter all the way to Hong Wu's dog farm.

At this moment, the dog farm was already busy.

Hong Wu, with his inner circle, was waiting eagerly for Ye Chen's arrival.

As the roar of the helicopter became louder and louder in the sky, the anticipation of the people was overflowing.

Immediately afterwards, the helicopter slowly descended and came to a stop in the middle of the dog farm.

Hong Wu immediately led his men to welcome them.

At this moment, Chen Zekai opened the helicopter's hatch, then made an inviting gesture to Ye Chen and respectfully said, "Master Ye please!"

Ye Chen nodded and got off the plane together with Su Ruoli.

Hong Wu hurriedly spoke, "Master Ye, the single room you asked me to prepare, as well as the warm father-son reunion ceremony, I have all ready, when do you think we will start?"

"There's no rush." Ye Chen waved his hand, pointed to the cabin was tied together, still unconscious Su Shoude and Steve, said: "First, they two to your office, take off all their clothes, leaving only a pair of pants, and then pour a pot of cold water on each of them, yes, remember to open the windows."

It's still the first month, and the weather in Jinling is still cold, with no sign of warming up.

In this kind of weather, if stripped naked and poured on a basin of cold water, and still in a room with the windows wide open, most people are afraid that they can not bear.

Hong Wu did not hesitate and immediately said to his men around him, "Hurry up and carry these two guys to the office, in addition, go to someone else and pour a basin of cold water over!"

Several men immediately went forward and dragged the unconscious Su Shoude and Steve directly to Hong Wu's office.

Ye Chen opened his mouth and asked, "Hong Wu, how is Walter's condition now?"

Hong Wu hurriedly said, "Back to Master Ye, Walter is now in the advanced stage of uremia, don't worry, my side gave full play to the humanitarian spirit and actively rescued him, now he will be given hemodialysis once a day, basically he can save his dog's life."

Ye Chen nodded and said, "Take me to see!"

"Okay Master Ye!"

Hong Wu led Ye Chen as well as Chen Zekai and stepped forward to the kennel area of the dog farm, Ye Chen walked while observing left and right and sighed: "This place of yours, it is indeed going to be expanded, is there any plan when to start construction?"

Hong Wu said respectfully, "Master Ye, after Mr. Chen told me about this last time, I already had people working on an expansion plan!"

Said, he very seriously to Ye Chen introduced: "My current preliminary plan, is in the courtyard, free up an area of 500 square meters, the area directly dug up, and then build a three-dimensional underground kennel, then the total use of the area of at least a thousand square meters, to build it seventy to eighty kennels, no problem!"

"This three-dimensional kennel, all around the use of reinforced concrete poured into the three underground floors are not set up any exit, all entrances and exits are concentrated in a large room located on the ground, personnel access to go through this large room for security checks, while twenty-four-hour security guards to ensure that no dog from the kennel out!"

Ye Chen smiled faintly and teased, "In that case you can raise at least a thousand dogs in this dog farm."

"Yes Master Ye!" Hong Wu laughed: "According to this scale of expansion, should be enough, but as long as you say, my side can continue to expand at any time, really can not, we can develop the entire dog farm underground all!"

Ye Chen nodded with satisfaction and said, "If the money is not enough, feel free to tell me, I personally still very optimistic about this piece of your business, even if you invest more, there is no harm!"

Chen Zechen listened to the two people chatting on the side, somehow, what he imagined in his head was all the images of all kinds of people being locked up in dog cages.

At this time, several people have arrived at the gate of the kennel.

Chapter 2486

Hong Wu immediately asked someone to open the heavy iron door, as soon as he entered, he heard the dogs in the surrounding kennels began to bark wildly.

When Hong Wu saw this, he immediately roared with a cold face: "Shut the fuck up, who dares to bark again, I will kill it today and eat meat!"

Miraculously, Hong Wu shouted this voice down, the entire kennel dogs without exception all stopped.

Only then was Hong Wu satisfied and said to Ye Chen, "Master Ye, this way please!"

Ye Chen followed Hong Wu into the interior of the kennel, in the middle of which he saw a group of Walter's men, and also saw Su Chengfeng's men, Ma Chongxin and the four of them.

When Ma Chongxin saw Ye Chen, his eyes looked like he wanted to see a ghost.

Since being locked up in the dog farm and seeing with his own eyes what happened to Walter, Ma Chongxin's fear of Ye Chen had deepened several layers.

Now that he was locked up here, his biggest worry was how Ye Chen would send him down next.

In case he was given a "package" similar to Walter's, wouldn't he be worse off than dead for the rest of his life?

What scares him even more is that what if Ye Chen really let someone raise a pack of African hyenas?

So, he saw Ye Chen walking over, across the iron cage, kneeling on the ground to Ye Chen begging: "Ye Master Ye spare life ah A few of us really know that we are wrong, please have mercy, bypass us a dog's life"

Hong Wu at this time sternly shouted: "A few of you again fucking niggling, I will directly tie you up, thrown into the pile of hungry dogs for more than three days!"

Ma Chongxin immediately shivered in fear, like those barking fighting dogs before, and instantly became afraid to say even a word.

Hong Wu hurriedly said to Ye Chen: "Master Ye, don't mind, these new guys don't know the rules, you allow me to teach them well for a few days, in a few days, they will become honest and obedient."

Ye Chen nodded and said indifferently, "These guys are extremely evil and have no more use, if they behave well, they will stay alive, if they don't behave well, just kill them off."

Hong Wu immediately said, "Okay, Master Ye!"

When Ma Chongxin heard Ye Chen's words, he was even more scared out of his mind.

He knew that he no longer had any use for Ye Chen now, because he had already recorded a video exposing the Su family's crimes under Ye Chen's coercion, and in this situation, Ye Chen could really have someone take his life at any time.

At this time, Hong Wu led Ye Chen past the cages of Ma Chongxin and the four of them, pointed to an iron cage not far away, and spoke, "Master Ye, Walter is in that cage."

Ye Chen followed the direction of his finger and looked over, only to see a single hospital bed inside the iron cage, with several various medical equipment placed next to it.

Walter weakly lying on the hospital bed, the whole person has swollen several circles.

Seeing Ye Chen coming, he was scared and afraid, but also hated Ye Chen to the bone.

After all, he is also the pride of heaven, these days suffered so much, the whole person is like falling into the 18 layers of hell, so naturally full of hatred for Ye Chen.

Ye Chen came to the iron cage heel, looking at the pale, swollen Walter, asked with concern: "Mr. Walter, the last two days, feel okay? There's nothing unsatisfactory about this henchman of mine, right?"

Walter roared in anger, "Surnamed Ye, you are a complete devil!"

Ye Chen asked curiously, "Oh? I'm a devil? I just let you taste the tactics you used to deal with others, how come I'm the devil?"

Walter gritted his teeth and roared: "You better let me out quickly! Otherwise, the Hogwarts will not let you go! The Rothschilds won't let you go either! They will definitely come to Jinling and kill you with their own hands!"

Ye Chen smiled faintly and said, "Your Hogewitz family is indeed powerful, I heard that in order to find you, a guy named Steve Hogewitz came specifically, is this guy familiar to you?"

Chapter 2487

As soon as Walter heard Ye Chen mention the words Steve Hogewitz, his expression immediately became one of horror!

He really did not expect that his father would personally rush to Jinling to look for himself.

This did not make him feel half happy, but instead made him, deep inside, feel a deep sense of trepidation.

Although he is still using the name of the Hogwarts family, as well as the Rothschild family to try to scare Ye Chen and make a death struggle.

However, he knew very well in his heart that he was just a fox pretending to be a tiger.

"Our family is just an ordinary relative of the Rothschild family, the weight and energy is not that strong at all."

"The so-called foreign relatives, in ancient and modern times, said the emperor, the king's mother, as well as the wife of these two relatives, the straightforward meaning is also very simple, is the outside relatives, unimportant relatives."

"So, the Rothschilds, basically, will not stand up for me"

"And our Hogwarts family, and the strength is indeed a bit insufficient, in front of Ye Chen, is not worth mentioning"

"Father he came all the way to Jinling, it is absolutely impossible to be the opponent of a local snake like Ye Chen"

"What's more, Ye Chen is still the young master of the Ye family in Yanjing Chairman of the Empire Group Strength is a hundred thousand miles stronger than the Hogwarts family"

"So, he came to Jinling, there is little possibility other than sending his head for a million miles"

"In case he also falls into Ye Chen's hands, wouldn't that be all over?"

Thinking of this, Walter hurriedly spoke, "The surname Ye, this is between the two of us, and my father has nothing to do with it!!!"

Ye Chen laughed: "Oh? Then what do you mean?"

Walter said: "My meaning is very simple, in the words of your Chinese people, that is, the disaster is not as bad as the family, so, what you have to come directly at me, do not involve my father too!"

Ye Chen nodded approvingly and said seriously, "Walter, this point you made sounds like it makes sense."

Walter was busy saying, "Then you have to promise me that you won't do anything to my dad!"

Ye Chen sighed helplessly and laughed: "I'm really sorry Walter, you're a little late."

Walter's eyes widened: "A little late?! What do you mean?!"

Ye Chen laughed: "Your father has been captured by me, I will bring him over to see you in a moment, so that you two can reunite as father and son."

Walter's entire body was struck by lightning and roared out of his mouth, "You Why are you touching my father!"

Ye Chen laughed: "Why can't I move your father? Is your father made of gold?"

Walter said with his eyes wide open, "My father has never provoked you! Who are you to touch him?"

Ye Chen asked curiously, "Since you've said so, then I'd quite like to ask you, has Wang Dongxue's father ever provoked you before?"

"I" Walter was speechless for a moment.

He knew very well that the whole thing was entirely because of his own despicable shamelessness.

If he hadn't let someone poison Wang Dongxue's father and forced Wang Dongxue to give in, he wouldn't have ended up in such a miserable state today.

So, now Ye Chen asked him rhetorically, and immediately left him speechless.

At this time, Ye Chen sneered and said, "Just be good and wait here, I will send your father over to reunite with you later."

After saying that, he turned around and said to Hong Wu, "Hong Wu, go to your office."

Hong Wu hurriedly said, "Okay Master Ye, please come with me!"

Chapter 2488

At this moment, Su Shoude and Steve had already been taken by Hong Wu's men and brought to Hong Wu's office.

Because both of them were unconscious and tied up, Hong Wu's men could only use scissors to cut their clothes into numerous strips of cloth.

When all the clothes on their bodies were cut off and only a pair of pants was left, one of his men stepped in.

He was holding an empty basin in one hand and a huge bucket in the other, and said with some difficulty, "Oh, this bucket of water is really heavy."

One of the little leaders named Biao walked up to him, reached out and lifted the water in the bucket, smacking his lips and said, "Little Four, this water is not very cold, what's wrong?"

The little brother called Xiao Si said hurriedly, "Brother Biao, this water is from the bathroom faucet, the water in the pipe may not be cold itself."

Biao spoke up and said, "Hurry up and get some crushed ice from the cold store, go!"

Hong Wu's dog farm, raising hundreds of different breeds of fighting dogs, without exception, are extremely large breeds of dogs, and in order to maintain the wild nature of fighting dogs, he generally feeds raw meat to the dogs here.

There is such a large consumption of raw meat here, Hong Wu spent money to build a small cold storage, specifically for storing a variety of frozen meat.

Xiao Si brought back a large pile of ice, Biao then instructed him to pour the pile of ice into a bucket of water.

The water in the bucket immediately became cold and bone chilling.

Then, Brother Biao looked at Su Shoude and Steve, who were bundled together, smacked his lips and said, "Master Ye instructed to pour a basin of water for the two of them, but these two old dogs are bundled together, you guys, hurry up and separate them first!"

The words just fell, then heard a voice speak: "No need to separate them again, directly a bucket of water to them both to a rain dew it"

The person who spoke was Ye Chen.

When Brother Biao saw Ye Chen coming, he hurriedly said respectfully, "Yes, Master Ye!"

After saying that, he directly picked up the bucket and poured the whole bucket of ice water on the bodies of Su Shoude and Steve.

This bucket of ice water with ice ballast immediately poured Su Shoude and Steve a cold heart.

Also instantly let these two wake up!

The bone-chilling cold made them both scream, and the whole body was shivering violently.

Su Shoude's head, even topped with a pile of not completely melted ice slag.

The two men found themselves tied up in a bundle of five, and were suddenly terrified.

Su Shoude shouted offhandedly: "Ye Ye Chen What have you gotten me into?!"

Ye Chen smiled faintly and said, "Didn't I tell you long ago? Seeing that you came all the way here, I, the host, naturally have to do my part as a host, I prepared a good room for you, so you can come over and enjoy yourself."

Steve on the side also asked with a face full of panic: "You What are you? What do you want to do?"

Ye Chen looked at him and said with a smile, "Mr. Steve, right? First time meeting, let's introduce ourselves, my name is Ye Chen, the leaf of leaves, the star of the star."

Steve was nervous and said, "Ye Chen? I don't seem to know you, why do you want to kidnap me?"

Ye Chen laughed: "Mr. Steve came to Jinling this time to find your son Walter, right?"

Steve exclaimed with wide eyes, "You know Walter?!"

Ye Chen nodded and said lightly, "More than know, he was invited here by me."

Steve couldn't hide his excitement at that moment and said, "Where is he? I want to see him!"

Ye Chen laughed: "Don't rush, I've arranged a grand reunion ceremony for you two, but you have to wait a little longer, I have something to do, I have to talk to Mr. Su first!"

After saying that, he looked at Su Shoude and sneered, "Mr. Su, be sensible and say what you have to say, don't wait for me to force you to say it!"

Hearing Ye Chen's words, Su Shoude's fat body suddenly trembled with fear, and said offhand: "I don't know anything, what do you want me to say"

Ye Chen took out his phone from his pocket, pointed the camera at Su Shoude, and sneered: "I'll only give you one chance, tell me honestly, your Su family, how did you plot to kill Du Haiqing and Su Zhiyu!"

"If you perform to my satisfaction, I can temporarily keep your dog's life, but if you don't perform to my satisfaction, then I will let you be listed as a missing person permanently!"

Su Shoude gave a frightened jolt.

He was not a fool, Ye Chen kidnapped himself directly, on the one hand proving that he had extraordinary strength, on the other hand also proving that he must have enough ability to take care of the aftermath.

So, he thought in his heart, "I disappeared silently in the eyes of the outside world this time, the outside world is afraid that they won't be able to find me at all, and even if Ye Chen killed me, it would be hard for the outside world to find his head."

"More importantly, everyone knows that the Su family scales must not be touched, but even so, Ye Chen still dares to make a move against me, which proves that he simply does not put the Su family in his eyes"

Ye Chen does not put the Su family in his eyes, this is what worries Su Shoude the most.

He felt that Ye Chen did not figure money and did not give any face to the Su family, in this case, if he really wanted to kill himself, it was probably just a matter of words.

Therefore, if he did not behave well enough, he might really die in his hands.

So he sighed inwardly: "Today betrayed my father, if I can survive, my father will certainly not forgive me in the future, but in the final analysis, the most important thing right now, or to save your life first ah"

"Otherwise, my father's reputation is preserved, my head is lost, what the fuck do I want?"

Thinking of this, he hurriedly said, "I I said I say all!"

Ye Chen pointed at the camera and said in a cold voice: "Come, look into the camera and give me a clear explanation word by word!"

Su Shoude immediately said, "The killing of Du Haiqing and Su Ruoli was indeed done by our Su family, but it was all planned by my father Su Chengfeng alone, and I had nothing to do with it!"

Immediately after, Su Shoude then told the whole process of the old man Su Chengfeng plotting to kill Du Haiqing.

Ye Chen's mind moved slightly, opened his mouth and asked him: "Okay, then I ask you, why did Su Chengfeng want to kill Su Zhiyu? Su Zhiyu is his own granddaughter, this seems a bit unreasonable, right? Could it be that there was someone else who wanted to kill Su Zhiyu?"

When Su Shoude heard this, he became so nervous that his breathing was disordered, and his brain immediately raced.

He knew very well that Su Zhiyu was the one he wanted to kill, and it was not Elder Su's intention.

However, in this situation, Su Shoude definitely did not dare to admit it.

"Although I can't figure out this Ye Chen's preference for Su Zhiyu, but Ye Chen saved Su Zhiyu twice in Japan and in Jinling! This is a solid fact!"

"So, if I confess to Ye Chen that it was actually me who wanted to take out Su Zhiyu, then Ye Chen might get even more upset with me"

Thinking of this, Su Shoude's heart gave birth to a plan and said offhandedly, "I'm not going to hide it from you In fact In fact, my father is also very dissatisfied with Su Zhiyu, always feel that she is always defending her mother Du Haiqing, elbow to elbow, my father even suspected that Su Zhiyu is not even the seed of the Su family, so they plan to kill her and Du Haiqing together, to put an end to"

Ye Chen looked at him with interest and asked, "Is that really the case?"

Su Shoude firmly nodded and said, "Really really! Everything I said, all true!"

Ye Chen sneered and said, "It's interesting It's really interesting!"

Su Shoude looked at Ye Chen, and his heart was tense for a while.

He didn't know what exactly Ye Chen meant.

Chapter 2490

I don't know whether he believed his own words, or he knew long ago that it was he who had secretly killed Su Zhiyu.

So, he decided to do everything he could to make Ye Chen believe himself and said off the record, "In fact, my father has long been dissatisfied with my elder brother's family, and drove my elder brother to Australia long ago, and then deprived him of the right to inherit the family head"

"This time, my father didn't just want to take out Du Haiqing and Su Zhiyu, just before I came to Jinling, he also wanted me to put Su Zhifei under house arrest as well"

"But Su Zhi Fei this kid reacted faster, fled early, but even if he escaped, many of the Su family underlings are also looking for his whereabouts everywhere, once he is found, the light is the same as my big brother, was driven to Australia; the heavy is the same as his sister Su Zhi fish, directly cleaned up the portal."

Ye Chen heard him finish, stopped the video shooting and frowned: "Su Shoude, you claim that your father tried to kill Su Zhiyu, but according to what I know from other places, the situation does not seem to be like that, why do you want to put a shit on your own father's head?"

Su Shoude was immediately startled and said offhandedly, "No! I didn't put any shit on my father's head, what I said was the truth!"

"The truth?" Ye Chen sneered, "Then, I'll find someone to come over and confront you face to face!"

After saying that, he immediately said to Hong Wu: "Go and bring that Ma Chongxin here!"

When Su Shoude heard the three words Ma Chongxin, he was scared out of his mind!

He didn't expect that Ma Chongxin was still alive!

What's more, he didn't expect that Ma Chongxin was in Ye Chen's hands!

"This is the end This is completely finished Ma Chongxin is the old master's personal guard, he came to kill Du Haiqing is on the old master's order, he must know that the old master did not order to kill Su Zhiyu as well When he comes, then will I not be exposed?!"

Originally, Su Shoude was frozen into a dead dog by a basin of cold water, but now, he was so nervous that he started to sweat.

He looked at Ye Chen in a panic and stammered, "Ye Chen You can't trust that Ma Chongxin ah! That guy is never full of talk, not a word of truth!"

Ye Chen smiled faintly: "Later when he comes, you two can confront each other on the spot."

Su Shoude heart nervous to the extreme, do not know a moment Ma Chongxin came, their tricks will not be Ye Chen recognized.

Soon, Ma Chongxin, who was handcuffed and ankle-cuffed, was brought over by Hong Wu's little brother.

Just outside, Ma Chongxin saw Ye Chen, the first time kneeled down and begged for mercy, now see Ye Chen, he was about to kneel down again to beg a few words, but saw that there were two middle-aged men stripped naked in the room, only to find that one of them, is the second son of the Su family, Su Shoude!

Now, Ma Chongxin's whole body was struck by lightning.

He never dreamed that he would see the second son of the Su family here!

At the same time, he was even more frightened and scornful of Ye Chen in his heart.

Because he really didn't expect that Ye Chen would be so rigid that he wouldn't even spare the second son of the Su family!

Seeing Ma Chongxin's legs trembling in fear, Ye Chen looked at him and pointed at Su Shoude and asked in a cold voice, "Ma Chongxin, do you know this person?"

Ma Chongxin hurriedly nodded and said respectfully, "Back to Master Ye, I know him He is the second son of the Su family, Su Shoude"

Su Shoude at this point apprehensively stared at Ma Chongxin, opened his mouth to remind: "Ma, in front of Mr. Ye, you have to pay more attention to what you say! No matter what you say, you are responsible for it!"

Ye Chen frowned and asked Su Shoude back, "Did I tell you to speak?"

After saying that, he pointed at Su Shoude and ordered Hong Wu, "Hong Wu, slap my mouth!"
