

Ye Chen 2541

Chapter 2541

Su Zhi Fei had a crush on Gu Qiuyi for many years, but only told his sister Su Zhiyu about it.

The reason why he did not dare to say it was because he knew that the Su family would not allow him to be with Gu Qiuyi.

Master Su had always had his eyes above the ground and simply did not despise these families in the country.

Moreover, he had always aspired to make a major breakthrough in the overseas market.

Therefore, he especially hoped that Su Zhi Fei, as the eldest son of the Su family, could marry a young lady from a top European or American family, or a royal princess from Europe.

In this way, the Su family would be able to swap resources with each other.

Otherwise, if it was just in the country, finding a family whose overall strength was a cut above the Su family's in marriage, then it would be clear that someone else would take advantage of the Su family.

It was precisely for this reason that Su Zhi Fei did not dare to make any relevant statements.

However, he never dreamed that his highly discerning grandfather would take the initiative to encourage him to pursue Gu Qiuyi, which was simply a great joy to him.

However, Su Zhi Fei did not know that Elder Su had easily analysed his true purpose from his sponsorship of Gu Qiuyi's concert.

To say this now is just throwing his weight around.

Su Chengfeng profoundly understands one truth, and that truth is only six words: desire drives everything.

If you want to use a person to the maximum, that is to master where his desires really are.

The fact that Su Chengfeng had insight into where Su Zhi Fei's deepest desires were, that's why he chose to throw his weight around and support him in his pursuit of Gu Qiuyi, directly tying him firmly into his camp in one step.

Therefore, when Su Zhi Fei expressed his absolute shock at his words, Su Chengfeng said seriously with the attitude of an experienced man: "Zhi Fei, the most important thing in choosing a spouse is cost effectiveness. If you marry her, it will be a very good value for money! So if you really want to pursue her, of course I'll agree with you with both hands."

Su Zhi Fei said excitedly, "Thank you, Grandpa! With your words, I'm relieved!"

At the side, Su Shoudao, for the first time, knew that his son's heart liked Gu Qiuyi of the Gu family.

He frowned slightly and said seriously, "Zhi Fei, I don't object to your liking the Gu family's girl, but you should know that the Gu family has always had a prejudice against the Su family, especially Gu Yanzhong, who was his sworn brother back then. ."

Su Zhi Fei nodded and said, "Dad, I have considered all that you have said, these old scores between the fathers are indeed a rather big influence, but I still believe that feelings come first, if I can really get Gu Qiuyi to like me, then I believe I can also get Gu Qiuyi's father to accept me."

Su Shoudao sighed heartily, "I'm afraid it won't be that easy!"

Su Chengfeng could not help but smack his lips, looking like he was racking his brains to come up with a plan for his grandson, and said, "Aiya! I don't think it's necessary to make a decision on this matter so early, Zhi Fei is only 26 this year, even if he gets married at 36, it's not too late, so he has plenty of time to make the Gu family change their attitude towards him."

I heard that Gu Yanzhong was dying of pancreatic cancer. If that were true, there would be one less stumbling block for Zhi Fei to pursue the Gu family girl.

Su Zhi Fei spoke up at this time, "Grandpa, since you are supportive, then I will definitely try my best to pursue Gu Qiuyi, as long as she is willing to be with me, I believe her father can't stop us from being together."

"Yes." Su Chengfeng said with a smile, "Just go ahead and pursue it with confidence and boldness, grandpa supports it a hundred, a thousand times!"

Saying that, he added very seriously, "If Gu Yanzhong is not willing to forgive our Su family for the 'Anti-Yeh Alliance' matter back then, then let your father personally come to the door and beg for forgiveness."

"If that doesn't work, then my old bones will personally go and make amends to him! For the sake of my grandson's lifelong happiness, what's this little matter?"

Su Chengfeng's attitude immediately moved Su Zhifei beyond measure.

This was a radical change from his grandfather's previous character of being unquestionable and uncompromising.

Chapter 2542

He had thought that his grandfather must not have allowed him to pursue Gu Qiuyi, but to his surprise, he was so supportive.

This instantly boosted his confidence in pursuing Gu Qiuyi by countless times.

Thus, he immediately took a stand and said, "Grandpa, since that's the case, then I'll go to Jinling now and take advantage of the preparations for the concert to see if I can lure out the mastermind behind the curtain!"

Su Chengfeng nodded in satisfaction and smiled, "I've asked someone to invite the head of the first family in Suhang, Wu Donghai of the Suhang Wu family, I guess it's almost time for him to come in a while, so don't rush to go first, it's not too late to leave after dinner."

"Good!"

.....

At this moment, Buckingham Palace in Jinling.

Su Zhiyu had been bored in the hotel room all day, and her whole body was restless.

At six o'clock, Richard Chen's men knocked on the door on time and two female bodyguards pushed in a food delivery cart, one of them said respectfully, "Miss Su, Ms. Du, dinner is ready, please move to the dining room for you two."

Su Zhiyu couldn't help but ask, "When exactly will your young master be willing to see me? I've been waiting for a whole day"

The female bodyguard said very politely, "Sorry Miss Su, our young master didn't come over today."

Su Zhiyu asked afterwards, "Then did he say when he would come over?"

The female bodyguard shook her head, "The young master didn't say so."

Su Zhiyu was still not satisfied and asked again, "Then can you please call your young master and tell him that I want to speak to him."

The female bodyguard smiled faintly, "I'm not going to lie, I'm not qualified to speak to the young master directly either, so I don't have the young master's contact information."

"This" Su Zhiyu's eyes were red with anxiety as she choked out, "Then what exactly does your young master mean? After going to all that trouble to save us and settle us here, he ends up hiding and not showing up all the time" If he's really not going to show up, then let me and my mother leave here!"

The female bodyguard said apologetically, "Miss Su, the young master's intentions are not for me, a servant, to speculate on. As for leaving here, I can't make the decision either, the young master has instructed us to ensure that you stay in this set of rooms and not to leave.

Su Zhiyu suddenly felt a strong sense of aggression in her heart, and tears came out in a swish.

Seeing this, the female bodyguard said with an apologetic face, "Miss Su, the meal is ready, please make yourself comfortable with Ms. Du, we will go out first."

Du Haiqing hurriedly stepped forward and gathered Su Zhiyu in her arms to gently soothe her while saying to the two female bodyguards, "Thank you so much!"

The two men made a polite greeting and hurriedly exited the room.

Once out of the room, these two arrived at Chen Zekai's office, and after knocking on the door and entering, they faced Chen Zekai, as well as Ye Chen who was sitting on the sofa, and respectfully said, "Young master, Mr. Chen, Miss Su is a little agitated."

Chen Zekai hurriedly said, "Tell me, how exactly is she agitated?"

The female bodyguard then told the story of what had just happened.

After listening, Chen Zekai nodded and said, "Alright, you have worked hard, go down and rest."

The female bodyguard bowed and excused herself.

At this point, Richard Chen looked at Ye Chen and could not help but ask, "Young master, are you really not going to meet her?"

Chapter 2543

Chen Zekai's words caused Ye Chen to hesitate slightly.

Whether he wanted to see Su Zhiyu and Du Haiqing, he hadn't actually thought about it at the moment.

The main reason was that he hadn't figured out what kind of mentality he should use to face the daughter of an enemy and a woman who had loved his father for many years.

But he knew very well in his own heart.

Things had come to this point, and sooner or later he would have to meet with them both, mother and daughter.

Therefore, he had not yet determined whether the present moment was the right time to meet with them.

At this moment, Chen Zekai could see Ye Chen's hesitation and hurriedly spoke up to persuade him, "Young master, to speak from the heart, since we have to meet sooner or later, we might as well meet earlier."

He said, "Look, now Miss Su is almost like being under our house arrest, if you don't meet with her, I'm afraid she will never be able to settle down, and this will be a torture for her, so why don't you meet with her then, so that she can feel at ease, so that she can honestly continue to stay here."

Ye Chen said indifferently, "We should definitely meet, but now is not the right time."

Chen Zekai was busy asking, "Young master, are you waiting for some opportunity?"

"Opportunity?" Ye Chen shook his head, "I'm waiting for Su Shoudao."

Chen Zekai exclaimed, "Young master, you You're waiting for Su Shoudao?"

"That's right." Ye Chen said coldly, "I'm waiting for him to come to Jinling, if he doesn't come, I'll personally go and 'invite' him over!"

"The day Su Shoudao comes to Jinling, I will naturally take him with me, to meet with Su Zhiyu, and Du Haiqing!"

Speaking here, Ye Chen stood up and said with an expressionless face, "After Su Shoudao has come to Jinling, I will also personally bring him, to kneel in front of my parents' graves!"

"If he is not directly related to my parents' death, then let him kowtow to my parents for ninety-nine to eighty-one times;"

"If he has a direct relationship with my parents' death, I will make him pay for his life in front of my parents' grave!"

.....

At half past six in the evening, Wu Donghai arrived at the Su family's estate by car.

Along with him came his eldest son, Wu Xin.

When the father and son's car arrived at the manor, Su Anshun, the first butler, greeted them personally and said politely upon meeting them, "Mr. Wu and Mr. Wu, our master is already waiting in the banquet hall, please follow me."

Wu Donghai could not help but feel a little apprehensive in his heart.

He had not come to dine with Su Chengfeng this time, he had come to work as an undercover agent for Su Chengfeng at Ye Chen's request.

He couldn't afford to mess with Ye Chen, not to mention Ye Chen's background, just Ye Chen's ability alone was far from something he dared to offend.

If he really angered him, he might be able to wipe out the entire Wu family by himself.

However, he could not afford to offend Su Chengfeng.

Who was Su Chengfeng? He is the head of the number one family in the country and is simply the most powerful person in the financial field.

That's why Wu Donghai was inevitably nervous and scared inside.

However, he also knew very well in his heart that no matter what, the person he could not offend the most was Ye Chen.

Since Ye Chen had asked him to come undercover, he could only put his head on the line.

Chapter 2544

Afterwards, together with Wu Xin, he followed Su Anshun to the manor's banquet hall.

At this moment, inside the banquet hall, Su Chengfeng, Su Shoudao and Su Zhifei's grandfather and grandson were seated at the dining table.

When he saw Wu Donghai's father and son enter, Su Chengfeng took the initiative to stand up and said with a smile, "Mr. Wu, I've heard a lot about you, and today I finally get to meet you!"

Wu Donghai hurriedly said, "Mr. Su, you are too kind. Compared to you, I am just a small businessman who does not have a good reputation."

Su Chengfeng waved his hand and laughed, "What are you talking about? Your Wu family is the number one family in Suhang, and even in the whole of Jiangnan, so there is no need to be presumptuous."

After saying that, he hurriedly added, "Come, come, Mr. Wu, let me introduce to you, this is my son, Su Shoudao, and the other is my grandson, Su Zhi Fei."

Wu Donghai couldn't help but be a little surprised in his heart, thinking, "I never thought that this Su Shoudao would also be in Suhang, didn't this guy run away to Australia some time ago because of the

scandal? And why is this guy still standing in front of Su Chengfeng's wife and daughter so respectfully when Su Chengfeng murdered them? Does the wife and child's revenge not need to be avenged?"

Seeing Wu Donghai frozen, Su Shoudao immediately guessed Wu Donghai's psychological activities, and could not help but be a little embarrassed at once.

So he took the lead and extended his hand and said, "Hello Mr. Wu, I'm Su Shoudao, nice to meet you."

Only then did Wu Donghai come back to his senses and hastily clasped his fist and said, "Mr Su, I've heard a lot about you! My name is Wu Donghai, and this is my dog's son, Wu Xin!"

Su Chengfeng said at this time, "Mr. Wu, please have a seat, let's talk while we eat."

Wu Donghai hurriedly agreed.

The five of them settled down at the huge dining table, Su Chengfeng took the initiative to lift his glass and toasted Wu Donghai, and only after three rounds of wine did he say with a smile, "Mr. Wu, I have come to Suhang this time, so I am kind of on your turf, so I would like to ask you to take care of me more in Suhang in the future."

Wu Donghai said nervously, "Mr. Su, you are really too kind, it is definitely an honour for me if you can think of me when you come to Suhang.

Su Chengfeng said with a smile, "Since Mr. Wu has said so, then I won't be polite to you, but please rest assured, Mr. Wu. If there is any place you need our Su family's help, please feel free to ask as well."

Wu Donghai clasped his fist and said, "Then I will thank Mr. Su in advance!"

Su Chengfeng nodded, put down his wine glass and spoke, "By the way Mr. Wu, I would like to ask you about something, I don't know if it's convenient for you."

Wu Donghai busily said, "Old sir, please speak!"

Su Chengfeng said, "It's like this, I want to know Mr. Wu how much do you know about the situation in Jinling?"

"This" Wu Donghai thought for a moment and said, "Actually, I don't know too much about Jinling, except that my dog's son was studying at university in Jinling back then."

In fact, Wu Donghai did not want to mention his second son Wu Qi's matter to anyone until he had to.

The reason was that Wu Qi's affair had already become a national phenomenon, so mentioning it would be a slap in his face.

However, since Su Chengfeng was asking about his knowledge of the situation in Jinling, Wu Donghai did not dare to conceal the fact that Wu Qi had attended school in Jinling, because no one in the country knew about this matter, and if he deliberately concealed it, it would definitely arouse Su Chengfeng's suspicion.

Hearing him talk about Wu Qi, Su Chengfeng nodded gently and said somewhat apologetically, "Sorry, Mr. Wu, there are some things I know I shouldn't quite say here."

Wu Donghai knew what he wanted to say next, so he could only smile awkwardly and said, "Mr. Su, if you have any questions, just ask, no need to be so polite."

Su Chengfeng nodded and spoke, "Mr. Wu, frankly speaking, I have indeed heard something about that young son of yours, what I want to ask is. Have you looked into why your youngest son you were in that situation?"

"Why?" Wu Donghai cursed in his heart, "Of course it's because of that son of a bitch Ye Chen! He admitted this matter to my face a long time ago, only that I couldn't afford to mess with him and didn't dare to go against him"

However, Wu Donghai did not dare to say out what was in his heart.

So, he could only deliberately say in a cloudy voice, "This To be honest, after Xiao Qi's accident at the beginning, Xiao Xin and I went to Jinling at the first time, we also wanted to find out what had caused such a big change in the community, but after checking a big circle, we didn't find any valuable clues."

Su Chengfeng was a little disappointed and asked again, "Mr. Wu, then do you think, that incident with your youngest son, was it a natural disaster, or a man-made disaster?"

Chapter 2545

Hearing Su Chengfeng's question, Wu Donghai's mind once again recalled Ye Chen's appearance, and deep inside, he could not help but feel a deep chill, and immediately afterwards, he replied, "Mr. Su, I am not going to hide from you, regarding Xiaoqi's matter, I also suspected before that it could be man-made, but after investigating a bit, I did not find any relevant clues, so the possibility of a natural disaster is perhaps a little more likely, or the child himself was stimulated in some way."

Su Chengfeng asked him, "Have you asked your son what unusual memories or impressions it had around the time of the incident?"

Wu Donghai said truthfully, "I did ask him about this, but he told me that there was a period of memory gap before the incident, and he couldn't remember anything at all."

Su Chengfeng nodded thoughtfully and said in a deep voice, "If that's the case, then I reckon it's a bit more likely to be a human accident!"

Wu Donghai asked in mock shock, "Mr. Su, do you mean that someone deliberately harmed my son?"

"Yes!" Su Chengfeng said seriously, "Generally speaking, even if someone can have mental problems, they don't behave as strangely as your son."

After saying that, he asked, "And I heard that your son's condition seems to flare up every hour, is that right?"

Wu Donghai said with great embarrassment, "That's right, indeed."

Su Chengfeng gave a hmmm and said seriously, "Then this is even more problematic! Normally, even if a person is suffering from intermittent psychosis, intermittent sheep epilepsy, or even intermittent convulsions, this is all relatively random and in no way regular, so someone would fall asleep and suddenly get up and sleepwalk, or suddenly have sheep epilepsy convulsions all over their body, but have you ever heard of anyone having an attack with such a regular frequency of every hour? This is obviously not right!"

Wu Donghai said, "Of course I know it's not right, I know that bastard Ye Chen did all this! But what can I do? The Eight Heavenly Kings of our family have all been cleaned up by Ye Chen, so if I still go against him, it's possible that one day I'll be just like my son and become an unlucky egg who has to eat that thing every hour"

Thinking of this, he was depressed in his heart, but on the surface he still pretended to be shocked and asked, "Mr. Su Lao What do you think, what kind of person would have such ability to make my son suffer from this kind of disease?"

Su Chengfeng said, "There are so many possibilities for this kind of thing, whether it is the secret feng shui techniques in our country or the puppet surrender in Southeast Asia, there are such scientifically unexplainable means, I think you should find a master of metaphysics to give your son a good look, maybe you will be able to see where the problem lies!"

"A master of metaphysics?!" Wu Donghai said seriously, "To be honest, our family really doesn't know any metaphysical masters, but I have heard that there seems to be some people in Hong Kong who are into feng shui metaphysics, I wonder if there are any high achievers over there."

Su Chengfeng said, "Of the three places on both sides of the Taiwan Strait, Hong Kong should be the most developed in metaphysics, but when it comes to the top metaphysical masters, you still have to go to the United States to find them."

"America?!" Wu Donghai was even more surprised and asked, "Mr. Su, I don't quite understand, isn't feng shui metaphysics something from our old Chinese ancestors? Why should the top academic masters look at the United States?"

Su Chengfeng smiled lightly and said seriously, "But all very powerful masters of metaphysics are basically ancestors who have been diligently studying metaphysics for several generations, or even dozens of generations, and the history of the whole family studying metaphysics may exceed thousands of years. Once a huge upheaval occurs in history, some really competent masters of metaphysics of the older generation will divine the clues in advance and then avoid it in advance. "

Chapter 2546

He said, and then explained, "Anyone who has studied history knows that in '37 we experienced a great tribulation in China, and many of the top occult families at that time had already calculated this disaster in the land of China a year or two in advance, and many of them fled overseas in advance. Those who did not flee were either those masters who served the country and the people, or those who were not competent and of limited level and simply second-hand knives who could not calculate the disaster."

"And those top masters who stayed behind also gave their hearts and souls for the country, plus the eight-year war, there were deaths and injuries, a large group of domestic masters of metaphysics withered away, instead the group that fled overseas survived intact."

Wu Donghai couldn't help but ask, "Mr. Su, I still have one more thing I don't understand, why did all these fleeing masters of metaphysics go to America?"

Su Chengfeng laughed, "Think back to the history of World War II that you studied in junior high school, at that time, the whole world was in ruins, and Europe, which was known as the birthplace of modern civilization, was also beaten into a pile of mud, even Britain was bombed into ruins, not to mention the European continent."

"Throughout the world, only the United States, except for a small attack on Pearl Harbor, the homeland almost no war, those true masters of metaphysics have long counted on the United States of those years of peace and tranquility, so almost all a brain to flee to the United States, other people's World War II, is the war, these people's World War II, is in the United States to recuperate. "

After saying that, Su Chengfeng added: "If you need, I can help you find a top metaphysical master from the United States, so that he can come and take a look at your son's situation."

Wu Donghai asked with some excitement, "Old Mr Su, is what you say true?"

"Of course!" Su Chengfeng smiled faintly and said seriously, "Since we are both interested in tying up to do something big together, then I must show something, so I will arrange for someone to help contact him and get the master to come over by plane as soon as possible. If we're fast, the master might arrive tomorrow night."

Although Wu Donghai did not dare to betray Ye Chen, he could not help but get excited in his heart at the thought that the master of metaphysics that Su Chengfeng had found might really be capable of curing his son.

This also made him appreciate the feeling of meeting both sides of the fence; if he could skillfully mediate between Ye Chen and the Su family, wouldn't he be able to please both sides and gain benefits from both sides?

Thinking of this, Wu Donghai hurriedly stood up, clasped his hands together and bowed, "I would like to thank Mr. Su for my son! If you need me in the future, just give me an order, and I will not dare to disobey you!"

Su Chengfeng waved his hand and said casually, "Little Wu, between you and me, there is no need to be polite."

After saying that, he looked at Su Shoudao and instructed him, "Shoudao, you should talk to Mr. Mak in Los Angeles, it would be better to ask Mr. Mak to come to Suhang personally."

Su Shoudao nodded and busily said, "I know dad, it's probably still dawn in LA time, why don't I wait for an hour or two before contacting him?"

"Good." Su Chengfeng smiled faintly and said with emotion, "I haven't seen Old Mr. Mak for years, if he is willing to come over this time, I will also ask him to do some calculations for me, recently the Su

family has been experiencing bad luck and has been hit by various blows one after another, maybe it has a lot to do with Feng Shui fortune!"

Chapter 2547

In fact, Su Chengfeng himself is not much of a believer in fortune.

His old father, who died long ago, was a great believer in feng shui fortunes, but he himself did not buy into them.

Su Chengfeng's style of action is very ruthless, so he has always believed that man is destined to win, and when he was young, he acted in a thunderous manner, and in his old age, he was even more unscrupulous, not taking karma and reincarnation and fate into account.

However, Su Chengfeng now has some doubts in his heart.

If I were to say that it was a coincidence, it would be a bit hard to justify, how could I be so unlucky and have all the bad things happen to me?

If it wasn't a coincidence, then I guess there was something wrong with his luck, otherwise he wouldn't have been unlucky like this.

So, he wanted to take this opportunity to have an authoritative feng shui master take a look at him.

The old man he asked Su Shoudao to contact, Mr Mai, was the one who followed his father from Yanjing to the United States in early 37.

At the beginning, the five major feng shui families in China were the Lai family, the Zeng family, the Liao family, the Yang family and the Mak family.

All of these families, without exception, are now settled overseas.

The older generation of the Mai family had a close personal relationship with Su Chengfeng's father, so when Su Chengfeng's father was alive, he often asked them to come back and give him some guidance.

However, since his father's death, Su Chengfeng had no interest in this area, so he drifted away from them.

But then again, although there had been little contact over the years, the foundation of friendship between the two families was still there.

Wu Donghai doesn't believe in fate either.

However, he now has the attitude of trying it out and not paying for it, so if it works out, he has nothing to lose if it doesn't.

It was with this feeling of being able to get what he wanted that Wu Donghai's psychological pressure was immediately lightened.

In addition, Su Chengfeng's attitude was so polite that Wu Donghai really felt at home.

After the meal, Su Chengfeng asked Su Shoudao to send the father and son out, and on the way back, Wu Donghai still had a smug smile on his face.

In any case, it was a good thing that he had established a connection with a top family like the Su family. In the future, he might be able to develop some business cooperation, and the Su family could take the Wu family to the next level with some resources.

Wu Xin could see his father's excitement, but he was a little upset in his heart.

He didn't want his brother Wu Qi to recover, because once he did, he would grab the property from himself.

The fact that Su Chengfeng suddenly threw out such an olive branch made him feel very up in arms.

However, he did not dare to show such feelings in front of his father, so he could only ask, "Dad, should we report to Ye Chen about the Su family's search for a feng shui master for us?"

Wu Donghai said without hesitation, "Of course I can't report this kind of thing, otherwise in case Ye Chen makes some small moves behind the scenes, won't your brother have no chance of being cured?"

Wu Xin said with some concern, "But the mission Ye Chen has set for us is to come and be his double agent spy! If we deliberately conceal the clues involved and don't tell him, will he blame us in case he finds out?"

Chapter 2548

Wu Donghai hesitated for a moment and spoke, "The situation definitely needs to be reported in part, but it's best to be reserved and avoid the heavy."

Saying that, he took out his mobile phone and sent a voice message to Ye Chen: "Sir Ye, you really are a godsend, Su Chengfeng invited me to dinner this evening and said at the table that he wanted to work closely with us, I have promised him that I will report to you in time if there is any movement from him next!"

After receiving this message, Ye Chen replied to him with a single word "Good".

When Wu Donghai received the word "good", he smiled slightly and said, "Look, isn't this a solution? What we need to do now is to make Ye Chen feel that we are doing our best for him on the one hand, and make Su Chengfeng feel that we are indeed a worthy candidate for his cultivation on the other hand. As long as we can do this well, we will be able to make the best of the two top families, the Ye Family and the Su Family!"

.....

This night, Su Zhi Fei returned to Jinling alone.

Su Chengfeng gave him the task of not only continuing to try to find his mother and sister, but also to actively prepare for Gu Qiuyi's concert in Jinling soon, so that he could take this opportunity to chase her down.

When Su arrived in Jinling, he went straight to his grandfather's old house in Jinling.

What he didn't expect was that his grandfather, great-uncle and second-uncle had all put aside their business and arrived in Jinling, and had also started to mobilise all their resources to search for his mother and sister's whereabouts.

When his grandfather, Du Zhenhua, saw him, he was surprised and asked after him, "Zhi Fei, you suddenly and inexplicably disappeared, where exactly did you go?"

Su Zhi Fei hurriedly told the story of how he had driven from Yanjing to Jinling, and went to Suhang to meet with his father as well as his grandfather.

However, he did not say anything about the Su family's successor candidate.

As soon as Du Zhenhua heard that he had almost been beaten up by Su Chengfeng's men and fled all the way to Jinling, his heart was naturally very distressed for this grandson.

Thinking of his daughter and granddaughter, whose whereabouts were unknown, he said with tears in his eyes, "Zhi Fei, you've suffered! Don't worry, grandpa will not let you suffer again! Besides! Your two uncles and I will also stay in Jinling for a while and do our utmost to find your mother and your sister! If they are still alive, everything will be fine, but if something bad happens to them, I will definitely not let that bastard grandfather of yours off the hook!"

Hearing Grandpa's words, Su Zhi Fei nodded heavily with red eyes.

However, even he himself did not expect that at this moment, he suddenly had a hint of complacency in his heart.

He also had the same kind of experience that Wu Donghai had of being able to get his way left and right.

"Grandpa, who has always been strong, has to run over to please me for the sake of his reputation and his family, while Grandpa, on his side, is extra distressed about me because of all these things I've encountered"

"If I really become the heir of the Su family in the future, with the entire Su family's huge business empire on one side and the powerful relationship background of the Du family on the other, then I could even take the Su family to the next higher level in the future!"

"If I can also successfully take Gu Qiuyi into my pocket, I will have reaped half of the Gu family, by then, I will have combined the Su family's assets, the Du family's background and half of the Gu family's industries, then I will be the richest man in the world! Who else under the heavens can compete with me?"

"Now, it seems that my next priority is to take down Gu Qiuyi!"

Thinking of this, a strong urge surged in Su Zhi Fei's heart, he could not wait to turn Gu Qiuyi into his woman!

The dream of becoming the richest man in the world was like a magic spell that quickly changed Su Zhi Fei's heart.

Now, he no longer cared about his mother and sister.

All he wanted was to be the richest man in the world!

Chapter 2549

The video about the Su family scandal has been constantly festering on the internet.

While the Su family's reputation is notorious, the Su Group has not given any official explanation.

The masses of netizens came to the Su Group's official website and official microblog to denounce it, causing the Su Group's public relations team to be at a loss.

While Du Haiqing and Su Zhiyu were still unaccounted for in the eyes of the outside world, the Su Group announced in a high profile that Su Shoudao would temporarily take over as acting chairman of the Su Group.

This was also tantamount to officially announcing Su Shoudao's return to the public.

Interestingly, Su Shoudao's return has, on the contrary, triggered a lot of sympathy from people.

Many people felt that Su Shoudao, the old man, was just too miserable.

His illegitimate daughter was betrayed by his own father, and he himself was sent to Australia by his own father.

This was bad enough, but his father was still unwilling to let him off the hook and gave him another big black mark for 'betraying his daughter'.

To make matters worse, while he was taking all the blame alone, his father assassinated his eldest daughter and his wife.

Now, his eldest daughter and his wife, still alive and dead, are unknown, and he is left with only a son to live on.

In the eyes of the netizens, there may not be a second person under the sky who is as miserable as him.

Therefore, his sudden return to preside over the Su family has, to a certain extent, aroused the public's sympathy and made the public's impression of the Su Group change a little.

But Su Chengfeng had a much harder time of it.

For he knew that the more Su Shoudao could make the public pity him, the less likely he would be able to step back into the limelight and take charge of the Su family again in an open and honest manner.

But there was nothing he could do now but to tide over the immediate difficulties first.

Su Shoudao was so concerned about Su Zhiyu that after he was promoted to acting chairman, he immediately invested a lot of manpower and resources in searching for the whereabouts of his mother and daughter in Jinling and the surrounding areas.

To this end, he even offered a cash reward of over 100 million yuan.

Many private detectives and bounty hunters flocked to Jinling in order to earn this huge reward.

Unfortunately, no one could find the slightest clue about the mother and daughter duo.

Ye Chen did not go to Buckingham Palace for two days in a row, and Su Zhiyu, who was grounded here, was getting more and more agitated, not because she was unhappy about being grounded, but because she could not expect to see her rescuer.

As the temperature has warmed up in the past two days, Gu Qiuyi's concert is getting closer and closer.

This concert is Gu Qiuyi's first concert to start the year.

Therefore, both Gu Qiuyi herself and her agency attach great importance to this concert.

Not to mention Gu Qiuyi herself. Originally, according to the plan, her first concert this year would be the 20th day of the first month of the lunar calendar, the first concert in Yanjing.

However, because of her reunion with Ye Chen, which coincided with his birthday on the second day of the second month of the lunar calendar, she deliberately moved the concert from Yanjing to Jinling and postponed the date to the second day of the second month of the lunar calendar.

In fact, for Gu Qiuyi, the concert was a performance for Ye Chen alone.

Chapter 2550

Since the show is dedicated to the beloved one, it is only natural that more effort should be put into it.

So, although the show is still some time away, the pre-work team has already arrived in Jinling and started to prepare and build the venue very carefully.

Gu Qiuyi herself is one of the top singers as well as actors in the country, so the overall specifications of her concerts, have always been very high.

This time, because of Ye Chen, the specifications were especially surprisingly high.

Firstly, in terms of the venue, the largest Olympic Centre in Jinling was used, with a capacity of over 50,000 people on site.

Secondly, the stage hardware, using all the world's top equipment as well, lighting, sound, stage and backdrop, all these equipment.

In addition to this, the live general director, sound mixers, lighting technicians and backing dancers are all the biggest production teams in Europe and America.

After all, Europe and America have more experience in doing concerts, and these teams have even handled mega concerts with over 100,000 spectators.

In fact, from a financial point of view, it is basically not profitable to hold such an extremely costly concert, and it is even possible to lose money if things go badly.

But Gu Qiuyi didn't care in the slightest.

What she was looking forward to was to present a perfect version of herself in front of Ye Chen.

Because Gu Qiuyi's concert was getting closer and closer, the whole of Jinling was excited about it.

Ye Chen also noticed that there were more and more promotional advertisements about Gu Qiuyi in the surrounding area. The background advertisements at bus stops, electronic streaming advertisements in lifts, giant billboards on the roadside, and display spaces on the floors of tall buildings were almost all promotional materials for Gu Qiuyi's concert.

This made Ye Chen wonder, "Didn't Nui Nui's concert tickets get snatched up long ago? What's the point of investing so much in publicity at this time?"

What he didn't know was that all of these publicity placements, without exception, were made by Su Zhi Fei.

Su Zhi Fei was now pondering every day how he could use the opportunity of the concert to get closer to Gu Qiuyi.

So, he decided to spend tens of millions of dollars to negotiate all the advertising spaces in Jinling and replace them with Gu Qiuyi's concert promotional materials, helping Gu Qiuyi to make the concert loud enough, so that when Gu Qiuyi came to Jinling, she would definitely be more or less moved.

The next day, when Ye Chen had breakfast and sent his wife Xiao Churan out of the house, he received a call from Chen Zekai. Once the call was made, Chen Zekai reported, "Young master, there is something I need to report to you."

Ye Chen asked him, "What is it?"

Chen Zekai said, "It's like this, Miss Gu's agent has already booked the presidential suite for a week before and after the concert, early this morning, Su Zhi Fei of the Su family suddenly came over and wanted to buy all the advertising space in the hotel for that week, even including the right to use the LED screen of the building directly opposite the terrace of the presidential suite, he also bought it."

When Ye Chen heard this, he was surprised and asked, "What is Su Zhi Fei doing here? It can't be that he wants to advertise for his mother and his sister, right?"

"No!" Richard Chen hurriedly said, "This guy is trying to display the promotional posters for Miss Gu's concert on these advertising spaces as well as on the giant LED screen!"

Ye Chen frowned and couldn't help but smack his lips, "This Su Zhi Fei is really a bit interesting, at this time he doesn't hurry to find his mother and sister, instead he goes to such great lengths for Nui Nui."

Chen Zekai blurted out, "Young master, I think this guy Su Zhi Fei is definitely trying to woo Miss Gu!"

"Hmm." Ye Chen laughed, "He's already shown it so obviously, it's like everyone knows what's going on in the Secretary's heart."

Chen Zekai said somewhat anxiously, "Young master, you must take it seriously and pay attention to it!"

Ye Chen couldn't help but say with a bit of embarrassment, "How can I take this kind of thing seriously"
