

## Ye Chen 2551

### Chapter 2551

Seeing that Ye Chen seemed indifferent, Chen Zekai said anxiously, "Young master, this Su Zhi Fei, his mother and sister's whereabouts are still unknown, he is still in the mood to pursue Miss Gu with so much effort, this proves that this kid is a heartless and unrighteous thing, Miss Gu is such a good girl, if she is really cheated by him, not only Miss Gu herself suffers losses, you You'd be at a big loss too."

The two of us should not worry about her.

After saying that, Ye Chen suddenly felt something unpleasant in his heart.

At the same time, what surprised him was that he really agreed with what Chen Zekai had said at this moment.

As Chen Zekai said, the fact that Su Zhi Fei still had the heart to chase after Gu Qiuyi at this time more or less proved that this person was somewhat unfeeling.

What's more, Ye Chen could not help but hypothesize in his heart about the situation of Gu Qiuyi and Su Zhifei being together.

Only at this moment did Ye Chen truly understand that Gu Qiuyi had actually taken a place in his heart.

When Chen Zekai saw that Ye Chen had not said anything, he could not help but say, "Young master, you must take this matter seriously, you must not let this son of a bitch Su Zhi Fei get his way."

Ye Chen was silent for a moment and said, "In this way, I don't care about anything else, all the advertising resources in your hands, absolutely can't be sold to him, even if you pay more money.

The moment Chen Zekai heard this, he was pleasantly surprised and said, "Good, young master is waiting for your words, as long as you take this position, I will never sell even one advertising space to Su Zhi Fei.

Even if Ye Chen is satisfied with it, he said: "Please help me check this Su Zhifei in the end. Any other tricks, tell me as soon as I find it.

Chen Zekai was busy saying, "Oh yes young master, there is one more thing that I didn't have time to report to you.

"Go ahead."

"Young master, this Su Zhi Fei, has a group company in his hand that specializes in cosmetics, this company also has quite a few famous cosmetic brands, this time he just reached a cooperation with Miss Gu, his cosmetic company will title Miss Gu's concert tour, and this title sponsorship is for charity purposes, the content of the cooperation he reached with Miss Gu is that every time Miss Gu has a For every concert Miss Gu gave, he would donate 10 million to charity.

Ye Chen couldn't help but rub his chin and said with a serious expression, "This Su Zhifei is really good at finding entry points, Nui Nui doesn't lack money at all, so she doesn't look at any form of advertising sponsorship at all, but he used charity to impress her.

Chen Zekai said, "Young master, then you must think of a plan to deal with this."

Ye Chen said, "I know, keep an eye on Su Zhi Fei's side for me, and tell me if he makes any new moves.

"Okay young master."

At this moment, Su Han.

Su Shoudao came to Su Chengfeng's study early in the morning and reported to him, "Dad, our shipping license has been revoked!

"What?" Su Chengfeng questioned as soon as he heard this, "How did this happen?"

Su Shoudao said, "According to the shipping department, it is because the Su Group's reputation overseas has been slipping too much recently, and it has failed in the overall rating, so we are required to carry out rectification first, and until the rectification is completed, we are not allowed to operate ocean shipping business again.

Su Chengfeng was shocked: "How can this be? Did they inform us how long we need to rectify the situation?"

Su Shoudao shook his head and said, "There is no deadline for the rectification, they said that we should rectify as soon as possible and after the rectification is completed, they will arrange a review according to their time and if the review is okay, they will be able to reinstate the licence.

Su Chengfeng shouted angrily: "Is this not falling down the well? Our Su Group's fastest growing business in the past two years is ocean shipping, and after entering this year, the shipping price of ocean shipping is getting higher and higher, now the shipping cost of a container is three or four times more expensive than before, it is a great opportunity for the shipping industry once in a century, at this time to stop our business, that is not the same as It's a good time for the shipping industry to have a once-in-a-century opportunity.

Su Shoudao sighed: "Dad, I have also reflected this to them, and even begged them for a reprieve, but the other side just won't relent, and I have also asked someone to inquire about the meaning of the above, if we can't solve this reputation crisis, and give a satisfactory explanation for Liu Zhan's break-in into the Treasure Pavilion, this business will The business will not be opened to us again.

Su Chengfeng gritted his teeth and said: "There has been no one to stand up to the thunder in this matter, they are forcing me to stand out as a target ah

The fact is, the top also needs an explanation that can be justified, but we haven't given any solutions so far.

Su Chengfeng snorted coldly and said, "What solution can there be? All the fingers are pointing at me, unless I stand out and take a beating, this matter will never be"

The first thing you need to do is to get the money and send it to the families of the victims that Liu Zhan killed at the Treasure Pavilion, and no matter what, get them to come out and record a video of their understanding, and then edit the video of everyone's understanding into one and upload it to the internet"

Su Shoudao said: "Dad, these victims' families, may not be so cooperative with us ah

Su Chengfeng said in a cold voice: "Humph they don't cooperate or give me money 5 million or give 10 million if they don't cooperate 10 million or give 20 million if they don't cooperate I still don't believe it

I don't believe it." Su Shoudao nodded: "Dad, then I'll arrange for someone to go to Jinling today to talk to the victim's family.

Su Chengfeng said expressionlessly, "Make sure you negotiate with me."

"Yes dad"

Su Chengfeng frowned tightly and said in a cold voice, "Right now, the biggest player in the domestic ocean shipping industry is our Su family, followed by the Ye family."

"Now, if our shipping is stopped, wouldn't that give the Ye family a great opportunity in heaven As long as this stoppage lasts for more than three months, then the Su family will be overtaken by the Ye family"

"Yes," Su Shoudao said with a sad face: "The Ye family is now actively making efforts, I heard that they just ordered three container ships with the shipyard two days ago, and even went to Korea and negotiated with a Korean shipping group to rent a ship, just because the Ye family's business is now surging and there is not enough capacity anymore."

Su Chengfeng angrily slapped the table: "How dare you let the Ye family pick up a big bargain for nothing!

He said in a stern voice, "We can't just wait passively, we must find a way to mediate.

Su Shoudao said, "Dad, I've already contacted other shipping companies in China, but they don't dare to affiliate us because they are also worried about the penalties. Penalties

Su Chengfeng cursed in anger, "Damn, these dogs used to go to the Su family to bend over backwards, and now they're all falling down the fucking well.

Su Shoudao thought about it and said, "The Korean companies have already been taken over by the Ye family, now our best option is the Ito family in Japan.

Chapter 2552

Su Shoudao said, "According to the shipping department, it's because our Su Group's reputation overseas has slipped too much recently, and it scored a failing grade in the overall rating, so we were asked to rectify the situation first, and until the rectification is completed, we are not allowed to operate the ocean shipping business again. Su Chengfeng was shocked, "How can this be?! Did they inform us how long we need to rectify? "

Su Shoudao shook his head and said, "There is no deadline for rectification, they said for us to rectify as soon as possible, and after the rectification is completed, they will arrange a review according to their time, and if the review is okay, they will be able to restore the license. Baidu search penchant literature net, more good-looking novels free reading."

Su Chengfeng angrily shouted, "Isn't this falling on the sword? Our Su Group's fastest growing business in the past two years is the ocean shipping business, and after entering this year, the shipping price of ocean shipping is getting higher and higher, now the shipping cost of a container is three or four times more expensive than before, it's a great opportunity for the shipping industry once in a hundred years, at this time to stop our business, isn't that like cutting off half of our financial road?"

Su Shoudao sighed: "Dad, I have also reflected this to them, and even begged them for a reprieve, but the other side just won't relent, and I have also asked someone to inquire about the meaning from above, if we can't solve this reputation crisis and give a satisfactory explanation for Liu Zhan's intrusion into the Treasure Pavilion, this business will will not be opened to us again."

Su Chengfeng gritted his teeth and said, "There has been no one to stand up to the thunder in this incident, they are forcing me to stand out as a target!"

Su Shoudao said helplessly, "In fact, the top also needs a justifiable explanation for this matter, but we haven't given any solution so far."

Su Chengfeng gave a cold snort and said, "What solution can there be? All fingers are pointing at me, unless I stand out and take a beating, there will never be an explanation for this matter ....."

Saying that, Su Chengfeng remembered something and hurriedly said, "Right Shoudao, hurry up and prepare a sum of cash and send it to the families of those victims killed by Liu Zhan in Jumbo Pavilion, no matter what, have them come forward to record a video of understanding, then edit the video of everyone understanding into one, and upload it to the internet!"

Su Shoudao said, "Dad, the families of these victims, may not be so cooperative with us ah ....."

Su Chengfeng said in a cold voice: "Humph! They don't cooperate? If they don't cooperate, then give me money! If they don't cooperate with 5 million, then give me 10 million! If they don't cooperate with 10 million, I'll pay 20 million! I don't believe it!"

Su Shoudao nodded, "Dad, then I'll arrange for someone to go to Jinling today to talk to the victims' families!"

Su Chengfeng said with an expressionless face, "Make sure you negotiate it down for me!"

Chapter 2553

"Iten family"

When Su Chengfeng heard these four words, he immediately cursed coldly: "Damn, that dog Ito Yuyuhiko, he is not the least bit honest, when we first had to choose between him and the Takahashi family, he acted like a licking dog, and was always sucking up to us; now that the Takahashi family and the Matsumoto family are finished, he is still bullying us, how outrageous! "

Ocean shipping is one of the most profitable industries nowadays. If a large container ship is fully loaded and runs on European and American routes, the freight cost of one container is 20,000 to 30,000, and a trip can earn at least tens of millions of dollars in freight.

The Su family has the largest fleet of shipping vessels in China, and these vessels can generate extremely high profits if they run, which is definitely the core and most important source of revenue for the Su family at present.

However, because their licences have been revoked, none of these vessels have been able to obtain route approval.

Without the approval, these ships can only dock in the port, not only can they not earn a single cent back, but they also have to invest a lot of money in maintenance every day.

In addition to this, the entire shipping company's transport and support team, although all have nothing to do, but the Su family absolutely do not dare to lay off staff, can only continue to spend money to support.

Therefore, Su Chengfeng felt very anxious about this, and said in a deep voice: "Hey, it's all my fault, the impact of this incident is really bad, I don't know when we will be able to get over it, it is likely that until things turn around, we don't have a chance to regain the license.

Su Shoudao thought for a moment and said, "Dad, why don't I go to Japan again and talk to Ito Yohiko again? If he is willing to cooperate with us, we will use a shell company and register a new company in Japan with Ito Yohiko, then get a Japanese license and change all our ships to that Japanese company for the time being, so that we can solve the This will solve the pressing problem.

Su Chengfeng nodded and said with a sigh: "It's a good idea, but I don't know what Ito Yohiko's attitude will be, this guy must think that the Ito family has a unique opportunity and may not agree to cooperate with us.

The Ito family has been at the helm for some time now, with Ito Yohiko's daughter, Ito Nana-chan, at the helm. Although this girl is young, her style of doing things is still very aggressive, and in a very short time, she has integrated the shipping resources of Japan, and her overall strength has increased very quickly.

Su Chengfeng frowned: "Nanaeko Ito, is the only daughter of Yohiko Ito, right?"

"Right." Su Shoudao said, "She is now the Ito

heir to the Ito family as well as the one at the helm."

Su Chengfeng sighed thoughtfully, "Ito Yohiko, and Gu Yanzhong, how come both of them only have one daughter?"

Su Shoudao shrugged his shoulders: "Who knows what they think, and they are not the only two big entrepreneurs who have only one daughter.

Su Chengfeng sighed: "Hey if you look at it this way, Ito Nanaiko's value for money is much better than Gu Qiuyi"

He said, he couldn't help but calculate himself and said: "Look, the Ito family has now seized the unique opportunity and its strength is rapidly soaring, not only is it the 1st family in Japan, but it has also left the 2nd and 3rd place far behind, in comparison, the Gu family is indeed a bit less meaningful, and Gu Qiuyi has not yet taken over the Ito family, and the real strength in her hands is much worse than Ito Nanaeko. Nana-chan is quite a bit worse.

That's true." Su Shoudao nodded approvingly and said, "This Ito Nanaeko, has always been known as Yamato Nadeshiko, and now the Japanese media simply calls her 'the future richest man in Japan, and the number of men who want to marry her is probably as high as an ox"

Su Chengfeng asked tentatively, "Hey, do you think Zhi Fei can give it a try?"

Chapter 2554

Su Shoudao said, "Dad, didn't you approve of Zhi Fei's pursuit of Gu Qiuyi?"

Su Chengfeng said seriously, "But now it seems that Gu Qiuyi is not as cost effective as Ito Nana-chan."

Su Shoudao said awkwardly, "Dad, Zhi Fei has only just gone to Jinling, if we change our mind at this point, it will definitely be a big blow to his motivation, after all, he does like that Gu Qiuyi very much.

"The most important thing is for us to give them more profit margin, as long as they are willing to set up a joint venture with us to help us revitalize our business. If they are willing to set up a joint venture with us and help us revitalize the business, we can give her 20 per cent of the profits.

Su Shoudao nodded his head in agreement and said, "Dad, I'll communicate with the Ito family and set up a meeting with them as soon as possible if that's possible."

"Good."

At this moment, Tokyo, Japan.

Inside the Ito residence, it was a hectic scene.

Nanae Ito is constantly running around the room, packing various clothes and daily necessities into suitcases.

Her assistant, Kurenai Kawana, is in a hurry, scratching around in the backyard kennels.

When she managed to catch a very naughty little Akita, she hugged it tightly in her arms and ran quickly to the door of Nanaiko Ito's room.

Miss, will this puppy do?"

Ito Nanaeko had just put a cherry blossom pink coat with a strong girly scent into her suitcase when she looked up at the puppy in her arms and said with a smile: "So it's Momotaro, to be honest, I really don't want to give it away.

Kawana Kurenai said hurriedly, "Miss, then I'll go and get another good one."

Ito Nana-chan stopped her and said, "No, Kawana, let it be. After all, she is a friend of Ye Chen, and since she likes Akita dogs, I will give her one of the best quality.

Kawana Kurenai shook her head and sighed, "Miss, you are so devoted to that Ye Chen, not only to him, but even to his friends".

Ito Nana-chan said with some shame: "Ye Chen-kun is kind to, our Ito family, a little thing of course I have to do my best.

Kawana Kurenai subconsciously blurted out, "But he's already married!

Ito Nana-chan said with a somewhat embarrassed expression, "Yeh Yeh Tatsu-kun is my kindness I just want to repay the kindness, it has nothing to do with being married or not."

Kawana Kurenai put the Akita named Momotaro on the ground, grabbed Nanaiko Ito's right hand, pointed to the ring on her middle finger and said, "Miss, if you really just want to repay your kindness, why do you keep this ring on your hand? Up

This ring is a gift from me to myself and it has nothing to do with Ye Chenjun.

#### Chapter 2555

When Kawana Kurenai saw the way Ito Nana-chan was trying to hide her face, she sighed and said helplessly, "Miss, if I had a mirror in front of you right now, you would know that you are the best woman in the world at lying.

Ito Nana-chan blushed in shame and stammered, "I didn't ah I really"

"Come on, come on, come on. Kurenai said helplessly, "Miss, I'm just your assistant, you don't have to bother lying to me, just don't act so rash when you face that Ye Chen

Ito Nanaeko said with embarrassment, "I'm sorry Kawana, I actually

Speaking of this, Ito Nanaeko suddenly got a bit speechless and sighed helplessly, saying: "Hey, no more, thanks for the reminder, you help me put Momotaro into the airline box, and give it some water, we're going to take the helicopter to the airport later.

Kawana Kurenai nodded, "Ok Miss, is there anything else I can help you with on your end I'll come back."

Nanaeko Ito waved her hand and said:

"No.

Just help me get Momotaro settled and pack your own bags, we're going to be in Jinling for quite a while."

Kawana Kurenai asked, "Miss, you're not going to come back until the concert is over.

"Right." Ito Nana-chan said seriously, "I'm going to stay in Jinling until the concert is over."

Kawana Kurenai asked again :

"What about work? The family

The family has so much business to attend to."

It doesn't matter." Nanaeko Ito smiled faintly and said, "I take eight hours out of my day to deal with work issues, and all work will be solved online via computers and mobile phones, I have been pushing for online, office reform throughout the Ito Group for some time now, and this time it is just the right time to see the results in action."

With that, she smiled again and said reassuringly, "Kawana, don't worry, I'm not the kind of woman who plays around or takes no responsibility for her work, even if I go to Jinling, I won't be sloppy with the work I should be doing as well."

Kawana Kurenai nodded gently.

She had to admit that Nanaeko Ito was a very hardworking woman. She had not been in charge of the family for very long, but she had done a very serious and responsible job, and many of her innovations had been quite effective.

Her father, Yohiko Ito, was a very traditional Japanese businessman, an older generation of Japanese entrepreneurs who were usually very ritualistic, always dressed in a suit whenever they left home every day, and meticulous in the company, with many of the company's management processes being very rigid and rigid.

The first thing Nana Ito did after she took over the Ito Group was to gradually transform the Ito Group into a more modern company.

The first step was to implement a paperless office in the company as far as possible. Paperlessness was only one aspect, but the larger aim was to put the vast majority of work, documents and files online.

In this way, not only is it fast and private, but it is also secure and easier to access and view.

At first, many of the older staff were a little uncomfortable with the idea, as they still followed the old ways of working, where everything had to be done in a structured and step-by-step manner.

However, with Nanaiko Ito's facilitation, not only did everyone accept the new way of working, but they actually felt that there was a very significant increase in productivity overall.

Now, Nanaiko Ito is continuing to promote online interaction in the company, and has even enabled a live video conferencing solution specifically to ensure that she, and other executives, can work without any disruption, no matter where in the world they are, as long as they have internet access, even if they are 10,000 miles apart.

This is something that is very simple for many emerging Internet companies, and has even become a basic part of their daily routine, but it is still very new to older, traditional companies, and it is by no means easy to change their working habits in a short period of time.

It was only thanks to Nanaiko Ito's uncompromising management that these innovations were able to be steadily implemented.

During this period, while reforming the Ito Group, Nanae Ito also made every effort to integrate many other resources, taking in all the markets released by the Takahashi family and the Matsumoto family, and taking the Ito family to another level, which is something that Kawana Kurenai admires.

So she is not worried that Nanaiko Ito will leave her work behind when she goes to Jinling.

Chapter 2556

But she also had her own fears.

She was worried that Nanaeko Ito would become unhappy after she went to Jinling and met the man she loved.

Sometimes, many people who are particularly capable and promising lose their will to fight and pursue for the sake of their beloved.

So, she was also afraid that Nanaeko Ito would become unwilling to return to Japan after she went to Jinling.

But Kawana Kurenai did not dare to voice her fears either, for she was afraid that if she did, she would instead leave a psychological implication for Ito Nana-chan, so she spoke up and said, "Miss, then I will go and settle down Momotaro first, and meet you later when I am ready."

Ito Nanaeko looked at the time and said, "You won't have to come back for me, the helicopter c takes off in ten minutes, we'll meet on the tarmac then."

I'll be there.

Okay Missy, I'll be there then

After Kawana Kurenai left, Ito Nanaiko was packing her things when her father, Ito Yohiko, slowly entered the house with an electric wheelchair and seeing her packing, he asked, "Nanaiko, how long will you be going to Jinling this time"

Ito Nana-chan hurriedly put down the clothes she was holding and said shyly, "Ondo-san, I'll be going for about ten days this time.

"Ten days" Ito Yohiko couldn't help but exclaim and asked, "What's taking so long"

Ito Nana-chan blushed and said, "Odo-san, I want to stay in Jinling for a few more days, so I can rest and relax.

I think you're not tired, but you want to see Ye Chen sooner rather than later."

"Odo-san," Ito Nana-chan said in shame, "since you understand everything, don't ask questions knowingly.

Ito Yuuhiko looked at his daughter's shy look and couldn't help but say with some heartache: "Nana-chan, Odo-san doesn't object to you liking Ye Chen, but you have to promise Odo-san that you must never, ever fall too deep, or at the very least, don't delay your own future because you can't be with him.

Nanaeko Ito said hurriedly, "I know Oudosan, don't worry."

Ito Yohiko nodded, stretched and smiled, "Gee, I'm bored of staying at home these days, if you don't mind, let Oudosan go with you to Jinling too, okay?"

Ah," exclaimed Nanaiko Ito, "Ondo-san, you're going to Jinling too."

Yes." I have a few bottles of fifty year old whisky that I'd like to bring to Mr. Ye to try."

Ito Nana-chan nodded hastily and said, "That's great Ondo-san, then we'll go together."

She suddenly remembered something and said awkwardly, "But Oddo-san, I have agreed to stay at Miss Song's house this time, so I'm afraid it would be inappropriate for you to stay with me at her house."

Ito Yohiko laughed: "It doesn't matter, you and Kawana are still staying at Miss Song's house, I'll stay at the hotel with Tanaka, just so your aunt can come along too."

Nanaeko Ito asked hastily, "Tanaka-san is coming too?"

"Right." Ito Yohiko sighed and said: "Tanaka has been a bit demoralised since his leg was amputated, after all he is still young and not quite able to take such a serious blow, so I am going to ask him to come out with me for a bit, he has been to Jinling in the past, so this time I will take him there to revisit the old place and see if I can cheer him up again"

Ito Nanae was also moved by the fact that her father and Koichi Tanaka, master and servant, had a very strong bond and had always supported each other and never left each other.

So she said, "If that's the case, let's ask Odo-san and Tanaka-san to get ready."

## Chapter 2557

As Yohiko Ito wanted to take her loyal subordinate Koichi Tanaka, as well as her sister Emi Ito, with her to Jinling, Nanaiko Ito hastily postponed the departure of her plane and cancelled her intention to travel to the airport by helicopter.

The helicopter ride was not a friendly or convenient experience for Yuhiko Ito and Koichi Tanaka, who had both legs amputated, so Nanaeko Ito rearranged a convoy of more than ten people to Tokyo Narita Airport by car, together with the assistants and maids who needed to travel to Jinling together.

In order to look after her father, Nanaiko Ito shared a business car with Yohiko Ito. As the car drove on its way to the airport, Nanaiko Ito was already full of excitement.

Thinking that she would arrive in Jinling, where Ye Chen lived, in a few hours' time, Nanaiko Ito wanted to call him now and tell him the news.

However, Ito Nanaeko did not want to make her purpose of going to Jinling too obvious.

She had several reasons for going to Jinling this time.

The first reason was that she wanted to see Song Wanting and the Akita dog she had given her;

The second reason was to see Gu Qiuyi's concert. She really liked Gu Qiuyi and had always wanted to see her perform live;

The third reason was to send Momotaro to Qin Aoxue because Qin Aoxue also liked Akita dogs and she had promised her through Song Wanting that she would give her one.

These three reasons, however, were all just superficial rhetoric.

The core motivation that really drove Ito Nanaeko and made her travel all the way to Jinling was because she missed Ye Chen day and night and wanted to find a chance to go and meet him.

Moreover, she did not want to make her true motive too obvious.

This was because she was worried that that would put a certain amount of psychological pressure on Ye Chen.

That's why she used these three reasonable reasons to allow herself to arrive at Jinling first, and then contact Ye Chen after she arrived there.

In this way, her core motive for going to see Ye Chen could be well concealed.

At this moment, Ito Emi, who was sitting in the passenger seat, said to Ito Yuuhiko, "Oni-sama, I have already had someone book the hotel in Jinling.

Ito Yohiko nodded gently and said, "Megumi, you can just decide these things yourself, there is no need to report to me."

Emi Ito was busy saying, "Yes Oni-sama, I know."

As she was talking, Ito Nanae suddenly received a phone call from Kawana Kurenai, who was sitting in a Mercedes-Benz car in front of her.

Ito Nanae picked up the phone and asked, "Kawana, what can I do for you?"

Kawana Kurenai said, "Yes, Miss, Su Shoudao of the Su family in Yanjing, China, just called me, and he said on the phone that he hoped to talk to us about a framework cooperation."

The Su family" Ito Nanaeko frowned and said without thinking, "Haven't we stopped cooperating with overseas companies for the time being? Just refuse him."

Kawana Kurenai explained, "Miss, the Su family's cooperation this time is very different from the past, and the overall terms are very friendly to our Ito group.

"Very friendly" Nanaeko Ito asked curiously, "How friendly exactly"

Kawana Kurenai elaborated, "Miss, the Su family has had their shipping license revoked because of the big trouble they made in China, and now a large number of their transport ships can only be moored in the ports of China, which cannot generate profits. We need to put out a qualification in Japan, and they can run the rest themselves, and they can give us a 20 percent share of the profits.

Ito Nanae said in surprise, "A direct share of 20 percent of the profits, is the Su family that generous?"

## Chapter 2558

Kawana Kurenai said: "Su Shoudao did say so, but also said that the specific ratio, there is still some room to talk, I personally feel that even if it comes to 30, the Su family will not have any opinion.

Ito Nanaiko silent for a moment, said: "Kawana, this matter first do not give him a reply, I always feel that the Su family do things is really a lack of basic moral bottom, as a last resort, or do not cooperate with this family.

"Good," Kawana Kurenai did not persuade more, immediately replied: "Then I will hang him first.

After hanging up the phone, Ito Yohiko asked, "How come the Su family came to us for cooperation?"

Yes father-sama." Ito Nanaeko when it comes to talking about business, in front of Ito Yohiko, became like a subordinate, respectfully said: "Su family's shipping license was revoked, so now want to cooperate with us, demand a solution.

After saying that, he introduced the conditions offered by the Su family roughly.

Ito Emi, who was sitting on the passenger side, exclaimed: "If we can really get the Su family to give up 30 percent of their profits, it will definitely be a huge extra income for us

Ito Yohiko shook his head and said lightly: "The nature of the Su family is an extremely selfish and self-serving family, in their logic, only he makes money from others, no one else makes money from him. Now at this time, the fact that they are willing to take out such a large amount of profit only proves that they are experiencing a very serious problem, once we help them to tide over their difficulties, they will definitely turn their attention to the part of the profit that they ceded to us, and then they will definitely try every way to get this money back with interest."

"Yes." Ito Nanaeko nodded approvingly and said, "I share the same opinion as Father-sama, for a family like the Su family, we must respect and stay away from them

Half an hour later.

A Gulfstream g650 aircraft, from Tokyo Narita Airport.

Ito Nanaeko, along with her father and aunt, took the plane to Jinling.

Meanwhile, Su Chengfeng stood on the terrace of his lakeside villa. On the terrace of the lake house, overlooking the calm lake, his expression was very cold.

He looked at Su Shoudao beside him and asked in a cold voice: "What, the Ito family has not replied yet?

"No." Su Shoudao answered truthfully: "I contacted Ito Nanaeko's assistant, she said she would give feedback to Ito Nanaeko, probably because Ito Nanaeko still needs to think about it again.

Su Chengfeng shook his head: "There is nothing to consider in such matters, if Nanaeko Ito is really interested, of course, will immediately contact us to discuss the details of the follow-up

cooperation, if she is not interested, naturally, as it is now, the stone sinks into the sea, no longer respond."

Su Shoudao said: "Or maybe they just want to deliberately hang us out, and then take the opportunity to ask us a lot of money!

It's not likely." Su Chengfeng coldly said: "Even if it is to capture, but at least the surface will be promised, first between each other, to establish an open channel of communication, like this up directly without any response, the probability is that the other party is simply not interested.

As we were talking, the butler Su Anshun came over and said in a low voice: "Master, Mr. Mai's plane will arrive in Suhang in another hour."

"Oh," Su Chengfeng was immediately overjoyed and said, "Quickly, tell the kitchen to prepare a banquet for Mr. Mak according to the prepared menu, and also inform Wu Donghai to hurry over."

#### Chapter 2559

When Wu Donghai received Su Anshun's notification, his whole person was excited beyond measure.

The problem of his young son Wu Qi had always disturbed him immensely, but he knew very well that Ye Chen would not be able to cure his young son for a while, and now that the Su family had invited a feng shui metaphysics master, he naturally expected this master to help him solve this knot in his heart.

So, he immediately said to Su Anshun: "Thank you, Housekeeper Su, for informing me, I will take my son over there and let Master Mai take a good look for my son."

Wu Donghai suddenly felt a hotness on his face.

He only thought about the chance to cure his little son, but he ignored how much his little son was disliked now.

So he had to respectfully say, "Thank you for your reminder, then I will go there by myself first."

When Wu Donghai left for Su Chengfeng's lakeside villa, Richard Chen received a report from his men that the presidential suite, which was vacant for half of the year, had been reserved by the Ito family of Japan.

Moreover, in the list of residents sent by the Ito family, there was Ito Yohiko's name.

Chen Zekai was surprised and immediately called to report to Ye Chen.

Ye Chen was also quite shocked by this.

In the list sent to him by Richard Chen, he saw not only the name of Ito Yuhiko, but also Ito Yuhiko's sister, Ito Emi, and Ito Yuhiko's subordinate, Tanaka Koichi.

Ye Chen was puzzled, he could not understand why Ito Yohiko suddenly came to Jinling, and also brought Koichi Tanaka with him

You know, they both underwent amputation surgery, and now they are both legless disabled.

Ye Chen does not have any idea of looking down on the disabled, or discriminating against them, but just can't understand why these two people are already in such a situation, and still came all the way to Jinling.

If you think about it, Song Wanting said that Ito Nanaeko was also coming to Jinling to see Gu Qiuyi's concert, so I guess this time Ito Nanaeko is also coming.

The reason why I can't see Ito's name on the hotel's check-in list is that Ito is going to stay at Song Wanting's house this time.

But Ye Chen is also a little surprised, I do not know why Ito Nanaeko to Jinling, why not give himself a greeting in advance.

On the other hand, Wu Donghai hurriedly arrived at the Su family's lakeside villa.

When he arrived, he didn't see Su Chengfeng and Su Shoudao, he was received by the butler Su Anshun.

Su Anshun arranged him to a rest room and admonished him, "Mr. Mai will not arrive until a while later, you wait here first, he left this room without permission, sit here honestly and wait for my news, understand?"

Wu Donghai was a little irritated by Su Anshun's condescending and bossy attitude.

After all, Su Anshun was not a member of Su's family, he was just a dog of Master Su.

Moreover, rumors in the jianghu, this person's original surname is not Su, it is said that his real name is Dong Anshun, after staying in the Su family for a long time, he licked his face to go to Master Su, and begged Master Su to give a Su surname.

In the past and present, only the emperor will give their own ministers, military generals to give their surnames, have not heard of any rich family to their own subordinates to give their surnames, let alone heard of which subordinates begged the master to give their own surnames, Su Anshun this is still the first time, so he is also because the outsiders spit on.

But Su Anshun himself does not care, what he really wants to do is to become Master Su's beloved, let Master Su trust absolutely, as long as they can make their own future bright, what the surname does not really matter.

Although Wu Donghai despises Su Anshun 10,000 times in his heart, but he does not dare to show any dissatisfaction in front of Su Anshun and can only say respectfully, "Please rest assured, I will wait here honestly."

Su Anshun nodded with satisfaction and dropped three words: "Wait.

Chapter 2560

After saying that, he turned around and left the lounge.

Wu Donghai sat on the sofa with some resentment, annoyed and muttering in his heart: "Fuck, it's just a dog, how dare you pretend with me so much, so high and mighty, but you didn't even pour me a glass of water, what a fucking asshole!"

Half an hour later.

A convoy of several Rolls-Royces drove into the gate of the lakeside villa with great pomp and circumstance.

Su Chengfeng, Su Shoudao and Su Anshun were waiting at the door, and as soon as the convoy stopped, Su Shoudao personally stepped forward and opened the rear door of the second Rolls-Royce.

Inside the door, sat an old man wearing a black embroidered Tang suit, full of silver hair.

At that time to see, up how must be a more than 80 years old, but the whole person is very robust, not at all see the appearance of old age.

Over 50 years old Su Shoudao, looking at the old man in front of him, respectfully said: "Grandpa Mai you have not seen for many years"

The old man smiled slightly, twirling his beard, and said cheerfully: "You are Shoudao, right? Last time I saw you, you were still a young man, but now you have also passed the age of confusion, right?"

Su Shoudao said respectfully: "Grandpa Mai, I am now fifty years old, unlike you, who still looks so healthy at the end of his life"

The old man laughed: "I can't talk about any spirit, the yellow earth has reached my forehead, looking at the sky."

Su Chengfeng hurriedly said: "Shoudao, hurry up and invite your grandpa Mai down first, don't let your grandpa Mai sit in the car for a long time, it's not good for your health!"

Su Shoudao then came back to his senses, hurriedly extended his hand and said: "Grandpa Mai, please!"

This old man is the thirty-first generation of the Mai family, Mai Chengxing.

Although he is not as famous as Lai Ching-Hua, he is definitely more famous than the American Chinese community. Although it is not as good as Lai Qing Hua, but it is definitely considered to be the relative top of the handful of Chinese feng shui masters in the United States.

Because Lai Qing Hua has been relatively low-key over the years, and came to China for several years, so it just gave Ma Chengxing an opportunity to rise.

Ninety-three-year-old Mak Chengxing, has not retired, and is still active in the field of feng shui, often going around for some of the top tycoons to read feng shui, fortune telling, because the strength is really extraordinary, so there is the reputation of Mak Tian Shi.

This time, in order to invite him to come out, the Su family threw fifteen million dollars, and at the same time, they bore the cost of his chartered flight to and from Jinling, as well as all other expenses for food, clothing, housing and transportation, so that they could invite him from the United States.

At this time, Mc Chengxing reached out in Su Shoudao arm gently, people have been deftly out of the car, Su Chengfeng hurried forward, bowed and said: "Uncle Mc, so hard you so far special trip, really too embarrassed!"

Mai Chengxing smiled and said: "Chengfeng, your father and I are good brothers, you have something, how can I not come to help."

As he was saying that, the passenger door was also pushed open, a young man of twenty-seven or twenty-eight years old stepped down, paced to the side of the old man, and respectfully said: "Grandpa Tai."

Mai Chengxing reached him to his side and said with a smile: "Chengfeng, Shoudao, let me introduce to you, this is my eldest great-grandson, Mike."

Mike" Su Shoudao subconsciously asked: "Is that an English name or a Chinese name?"

The young man said with a smile: "Uncle Su, Mike is my Chinese name, but my English name is also Mike, the translation is also the two Chinese characters."

Mai Chengxing laughed: "Young people are more fashionable, Mike's father gave him a name that is a combination of Chinese and Western names."

Su Chengfeng said: "This name is very interesting, and the surname happens to be Mai, a double entendre, two birds with one stone, really wonderful!"

The name of Mike is just a little playful, not fantastic."

Su Chengfeng smiled awkwardly and said, "Uncle Mai, I'm not as educated as you are, but as far as I'm concerned, the name is really great."

Mc Chengxing patted his shoulder, said with a smile: "Okay, let's sit down and talk about your Su family"
