

Ye Chen 2571

Chapter 2571

"Ye Chen?" When Song Wanting heard Ito Nanaeko's question, and then saw her big eyes full of expectation, she couldn't help but feel a little sad in her heart, "It seems that this little girl, her feelings for Ye Chen are really deep in her bones, but she lives in Japan most of the time, so I really don't know what she should do in the future."

Immediately afterwards, she thought of herself and couldn't help but laugh at herself, "I'm just feeling sorry for her, but how can I not be the same? Although Ye Chen and I both live in the same city, he is after all a married man, and it's not so easy for me to meet with him in general."

Thinking of this, she really sighed and said to Ito Nana-chan, "I haven't really seen Ye Chen these days, the last time I saw him was the time I went to Qin Ao Xue's house for a dinner gathering."

Ito Nanaeko nodded somewhat disappointedly and sighed, "Well, I don't know if I'll have the chance to meet Ye Chen Jun more this time"

Song Wanting asked in surprise, "You didn't tell him this time you came?"

Ito Nanaeko shook her head, "I haven't told him yet."

Song Wanting was busy saying, "Why didn't you tell him in advance? Do you want me to call him now and invite him to dinner at home tonight?"

Ito Nanaeko blushed a little and said, "I I actually want to give Ye Chenjun a surprise"

After saying that, she looked at Song Wanting and asked with an expectant look, "Sister Wanting, can I trouble you with one thing?"

Song Wanting smiled faintly and asked her, "Do you want me to call Ye Chen and invite him to dinner at home while not being able to tell him that you have arrived in Jinling."

"Yes!" Ito Nana-chan could not hide her excitement and said, "Can you help me, sister Wanting?"

In fact, Song Wanting herself, like Ito Nana-chan, had been devoted to Ye Chen for a long time.

So, in the end, the two were actually still love rivals.

It was just that Ito Nanaeko was already a few years younger than Song Wanting and was pretty and cute, and the way she was now looking at Song Wanting with her face full of expectation and a sparkle in her eyes made Song Wanting couldn't help but feel love and pity.

Seeing her like a little girl in love, Song Wanting couldn't bear to say no, so she said reluctantly, "Alright, since you want to surprise him so much, I'll trick him into coming to the house."

"Great!" Ito Nanaeko danced with excitement and said, "Thank you, sister Wanting! I'm really grateful to you!"

Song Wanting shook her head helplessly, she had to admit that this little Japanese girl was so pampered that she could not resist even a woman herself.

So, she had to take out her mobile phone and call Ye Chen.

At this moment, Ye Chen was busy in the greenhouse vegetable garden at home.

The compost that Xiao Churan had made a few years ago had almost matured. This organic fertiliser made from leaves, vegetable leaves and food waste was green and non-polluting, and was perfect for growing flowers and vegetables at home.

Originally, Ye Chen and Xiao Churan had been working together on the greenhouse at home, but now that Xiao Churan had taken over the renovation project of the Empire Group, she was too busy every day, so Ye Chen took the initiative to take over all these matters.

While he was busy fertilising, his mobile phone kept vibrating in his pocket, Ye Chen took out his phone and saw that it was Song Wanting calling, so he picked up and asked, "Wanting, what do you want from me?"

"Master Ye" Song Wanting glanced at Ito Nanaeko and hurriedly said, "I want to ask if you have time to have dinner at my home tonight?"

Ye Chen already knew from Richard Chen that Ito Yuuhiko was going to stay at Buckingham Palace today, so he also presumed that Ito Nanaeko would definitely go to Song Wanting's house, and at this time Song Wanting called to invite him for dinner, guessing that the odds were that she would be with Ito Nanaeko.

Chapter 2572

However, Song Wanting didn't explicitly say so over the phone, so Ye Chen couldn't directly show that he already knew the exact situation, so he pretended to be curious and asked, "Why do you suddenly want to invite me to dinner?"

Song Wanting busily said, "It's like this. Grandpa said that he hadn't had the chance to invite you to his home recently, so he wanted me to ask if you had time to come over for dinner this evening."

Ye Chen didn't expect that Song Wanting's remark was that Elder Song wanted to invite himself for dinner, never mentioning the matter of Ito Nana-chan, guessing that it should be because Ito Nana-chan wanted to give himself a surprise.

When he thought of the beautiful, generous, gentle and quiet Yamato Nadeshiko, Ye Chen's heart was filled with longing for her, and the scene of his walk with her on a snowy night in Kyoto came back to him.

After a moment of contemplation, Ye Chen said to Song Wanting, "Since it is an invitation from the old man, I naturally cannot refuse.

When Song Wanting saw that Ye Chen had agreed, she said happily, "That's really great, do you want me to drive over to pick you up?"

Ye Chen smiled, "Don't bother, my father-in-law happens to be at home, I'll drive his car there later."

"Good." Song Wanting said with joy, "Then I'll wait for Master Ye at home!"

Having said goodbye to Ye Chen, Song Wanting then said goodbye to Ye Chen and then ended the call.

At the side, Ito Nanaeko, who was already dancing with excitement, hugged Song Wanting's waist and said happily, "Sister Wanting, you're so wonderful!"

Song Wanting said with a smile, "Don't just thank me, this is the first time I've lied to Master Ye since I've known him, so when you meet him later, you'll have to explain to her why you let me lie to him."

Ito Nanaeko said with a smile, "Don't worry, sister Wanting, I will definitely explain to Ye Chenjun, sister has helped me so much, how can I let sister take the blame for me again?"

Saying that, Ito Nanaeko added, "Right sister Wanting, please make an appointment for Qin Ao Xue for me, I picked an Akita for her from home, it's at the bodyguard's place that came with her."

Song Wanting smiled and said, "That's really great, Ao Xue doesn't know how much she likes that Akita you gave me, as soon as I post a picture of the little one in my circle of friends, she will definitely like it and leave a comment, she loves it so much, I'll let her know right now!"

Ito Nanaeko was busy reminding, "Then make sure you tell her to keep it a secret from Ye Chenjun before she comes, don't leak the news of me coming to Jinling to Ye Chenjun in advance."

Song Wanting nodded, "Don't worry, I will instruct her."

.....

At this time, Ye Chen saw that it was almost dinner time, and Xiao Churan had greeted him in advance that he would not come back for dinner tonight, so he finished the work at hand and returned to the villa.

Ma Lan had already prepared a few dishes and when she saw Ye Chen enter, she hurriedly said, "Oh good son-in-law, have you finished with the vegetable garden?"

Ye Chen nodded, "I've finished."

Ma Lan said, "Oh, it's so hard for you! Mum is preparing the meal now, so go wash your hands and come over to eat."

Ye Chen said, "Right mum, I have a dinner party tonight, so I won't be eating at home."

"Ah?" Ma Lan was a bit surprised and asked, "Why are you suddenly going out to eat? Mum has almost prepared the meal, and she has even stewed a grassland lamb chop for you!"

As he was talking, Xiao Changkun came down from upstairs and said hurriedly, "I won't be eating at home tonight either, Ye Chen has to come with me and go eat with the people from the Calligraphy and Painting Association!"

Chapter 2573

Hearing his old husband's words, Ye Chen was surprised.

"When did I have to go to dinner with my old father-in-law?"

As he was wondering, Xiao Changkun kept squeezing his eyebrows at him and at the same time opened his mouth to urge, "Aiya Ye Chen, why are you still wearing your work apron, hurry up and go back to the house to change your clothes, we are almost too late!"

At this time, Ma Lan asked, "Xiao Changkun, even if you are not doing your job at the Painting and Calligraphy Association, why did you drag your son-in-law along with you? How can he have time to socialize with you?"

Xiao Changkun said, "What do you know? Ye Chen knows Hong Wu, and Hong Wu is very famous in Jinling, and Chairman Pei of our Painting and Calligraphy Association gives Hong Wu the most face, and the leadership of our Painting and Calligraphy Association is about to change, so I have to ask Chairman Pei to give me an executive vice president this time, then I will be the second in command of the Painting and Calligraphy Association! "

Ma Lan said with a contemptuous face, "What's the point of making that painting and calligraphy association all day long?"

Xiao Changkun said disdainfully, "The Calligraphy and Painting Association is not a profit-making organization, it's an elegant way for the literati, you don't know sh*t!"

Ma Lan coldly snorted, "Xiao Changkun, I've given you face, haven't I? I'm telling you, quit that bullshit association! From now on, stay at home honestly!"

"You're so naive!" Xiao Changkun blurted out, "The Painting and Calligraphy Association is the second spring of my career, why should you quit it just because you say so?"

Ma Lan slapped the table, "You don't want to quit, do you? Fine, I won't let you out of this door today! If you dare to go out, I will go to your painting and calligraphy association tomorrow!"

Xiao Changkun immediately became anxious and said, "Are you sick? What does it matter to you what I do?"

Ma Lan said in a cold voice: "Don't talk to me, you and I are still legally married, if you piss me off, I'll sue you at the Calligraphy and Painting Association for having a promiscuous relationship! I'll see if you have the face to stay there in the future!"

"You" Xiao Changkun was a bit scared all of a sudden and hurriedly said, "Ma Lan, why are you doing this? I usually don't provoke you, I just go out to socialize once in a while, what's the point of you having to fight against me?"

Ma Lan said coldly, "I am not fighting against you, I am letting you know who is in charge between the two of us!"

At this time, Ye Chen hurriedly came out to round up the situation and said, "Aiya mum, all dad likes is antique paintings and calligraphy for so many years.

Ma Lan said seriously, "Good son-in-law, I'll be honest with you, I've had a broken leg for so long, but your father hasn't cared about me even once! Do you think he has any conscience left?"

"Not only that, my leg is not good, I rarely go out every day, I even buy groceries by mobile phone, but he's good, he's always running out of the house, he's never home.

Xiao Changkun was shocked and said, "Don't talk nonsense, Ma Lan! There are only eight people in the leadership of the Painting and Calligraphy Association, and all eight of them are men!"

Ma Lan bristled, "I don't care how many men you are, you're just not allowed to go in the future!"

Ye Chen said helplessly, "Mum, don't be so normal with Dad, if you're tired of staying at home, let Dad spend time with you every day, take you out shopping, or do some rehabilitation training, but Dad really needs a bit of privacy, so don't interfere too much."

When Xiao Changkun heard this, he also hurriedly said, "That's right! I'll spend more time with you in the future, is that alright?"

Ma Lan was in a slightly better mood and said to Xiao Changkun, "For the sake of my son-in-law, I won't be so mean to you, but don't forget what you just said!"

Xiao Changkun hurriedly said, "Don't worry, I won't forget! I'll take you to the China World Trade Center tomorrow, you haven't had the chance to go shopping for a while, and you must be tired of staying at home."

Only then did Ma Lan's anger subside and she said, "Remember what you said yourself, if you dare to stand me up, I won't be done with you!"

Xiao Changkun hurriedly said with a smile, "Don't worry, I will definitely accompany you tomorrow!"

When Ye Chen saw that Ma Lan had indeed lost his anger, he took the opportunity to say, "Mom, if there is nothing else, Dad and I will go out first."

Ma Lan nodded, "Go ahead, drive safely on the road!"

Xiao Changkun said impatiently, "Ye Chen, hurry up and change your clothes, I'll wait for you in the car!"

Chapter 2574

Ye Chen answered, went back to his room to change his clothes and came to the garage, where Xiao Changkun was already on the passenger side, anxiously fist pumping.

Ye Chen got into the driver's seat and asked him, "Dad, are you really going to have dinner with Chairman Pei tonight?"

Xiao Changkun waved his hand, "No, what do I have to eat with him, this guy is always following my ass to butter me up now, I don't even bother to pay attention to him."

Ye Chen asked curiously, "Then which one are you singing?"

Xiao Changkun hurriedly said, "Just now your aunt Han said on WeChat that she seemed to have a fever, and it just so happened that Paul had gone away on a business trip, so your aunt Han had no one to take care of her at home, so I wanted to buy some medicine and food for her."

Ye Chen was stunned, and then asked afterwards, "Are you going to Auntie Han's home?"

"Right." Xiao Changkun nodded and said offhandedly, "You hurry up and drive me there, then we'll both go about our business."

Ye Chen didn't think too much about it, so he immediately nodded and said, "Where is Auntie Han's house? I'll take you there first."

Xiao Changkun immediately handed his mobile phone to Ye Chen and said, "Here, this is the location, Meilun Villa District."

Ye Chen took a look, this location was in the same direction as Song Wanting's house, and the distance was not too far, so he started the car and drove Xiao Changkun out of the house.

On the way, Xiao Changkun directed Ye Chen to buy some fever-reducing medicine from a pharmacy and directed him to drive to the entrance of an authentic local restaurant.

As soon as the car stopped in front of the restaurant, Xiao Changkun hurriedly said, "Ye Chen, wait for me in the car!"

After saying that, he couldn't wait to push the door down.

Seeing this, Ye Chen hurriedly said, "Dad, it's better for me to go, you can sit in the car and rest."

When Xiao Changkun heard this, he said, "Then it will be hard for you to buy some duck roast pork for me, and ask for another order of pickled duck meat and a small rice congee."

Ye Chen nodded, pushed the door and got out of the car and went into the restaurant.

As he walked out with the packed meal, Ye Chen suddenly felt a little worried in his heart.

The old man was going to Han Meiqing's house.

But now that Paul was away on business, Han Meiqing must be alone at home, and she was now sick, so it was not clear whether the old man was really taking care of her at this time or not.

If something happens to her, it may be difficult to end the situation.

The first thing he did was to take out a pill from his pocket, scrape off a little of the powder with his key and melt it into the rice porridge.

He estimated that if Han Meiqing drank this bowl of millet congee, she would definitely be cured of ordinary headaches and brain fever on the spot.

The main reason why Ye Chen did this was to prevent something from happening with her tonight.

He was not worried about Han Meiqing's character, but he was very worried about his old husband's determination and how firm Han Meiqing's consciousness was in her sick state.

In case his father-in-law took care of her while he was having bad thoughts, and Han Meiqing was physically sick and mentally dependent on Xiao Changkun, if his father-in-law took the initiative, Han Meiqing might let him take advantage of the situation.

Although Ye Chen also hopes that Xiao Changkun can one day marry Han Meiqing, but he has not yet divorced Ma Lan, in case he really cheats on his wife and Ma Lan finds out, then the family will definitely be in a state of turmoil, and he and Xiao Churan will not have a good time either.

Therefore, Ye Chen could only hope that Han Meiqing would recover immediately after drinking this bowl of millet porridge.

That way, if the old man really has a bad intention, at least he won't have a chance to take advantage of it

Chapter 2575

No sooner had Ye Chen driven away than Xiao Changkun, somewhat impatiently, quickened his pace.

In fact, ever since Han Meiqing had told him on the phone that she was returning to China, his heart had been filled with Han Meiqing's shadow.

After Han Meiqing's return to China, it even ignited a spark that had been buried deep inside him for many years.

In the last 20 to 30 years, the happiest moment for Xiao Changkun was the moment when Han Meiqing came home to cook and he embraced her tightly in the kitchen.

She knew that Xiao Changkun and Ma Lan were not divorced, so she kept a firm grip on the situation in her mind and did not want to make any substantial progress with Xiao Changkun.

Xiao Changkun often scratched his head over this.

But

Xiao Changkun often scratched his head over this, but he never found any breakthrough opportunities.

Although Xiao Changkun had been a loser all his life, he was at least a normal man. He had been looking forward to Han Meiqing for so many years that he was not only obsessed with her psychologically, but also physically.

Therefore, he has always longed to be able to relive his old dreams with his first girlfriend, but usually the most contact between the two of them is at the senior citizen university, so it has always been a matter of love but not ritual.

Same.

However, this time today the situation was different

Han Meiqing suddenly fell ill with a fever, and there was no one around to take care of her. Xiao Changkun felt that a woman is most vulnerable at such times, and also most in need of a solid support.

The two of them already had a watery past, and now there is still love in their hearts, this Kun, I am really not feeling well so I will not go out to pick you up, come in by yourself."

Xiao Changkun hurriedly said, "Meiqing, don't come out, lest you get a cold wind again.

As he said that, he hurriedly pushed open the gate of the villa, crossed the small courtyard and came to the entrance door of the villa.

When Han Meiqing opened the door, a wave of heat came over the villa.

Xiao Changkun was surprised and said, "Why is it so hot in this room?"

Han Meiqing wrapped her down jacket tightly around her body and said weakly, "I was too cold, so I turned the floor heating up to the maximum and then also turned the air conditioning on.

Xiao Changkun, seeing her depressed and pale face, could not help but say with distress, "What is going on?"

Han Meiqing said helplessly, "Hey, I guess the weather this year is still too wet, the temperature is not too cold, but this wet and cold really makes people sick easily"

Xiao Changkun hurriedly stretched out his hand and grabbed Han Meiqing's soft hand tightly, saying heartily, "Aiya, why is your hand so hot? Have you taken your temperature? How much is your fever?"

Han Meiqing said, "Just now I took the temperature, 39 degrees 2, I took fever reducing medicine, but it hasn't worked yet.

Chapter 2576

When Xiao Changkun heard that it was more than 39 degrees, he was even more distressed and took the initiative to lean down and press his forehead against Han Meiqing's forehead, feeling it for a moment and saying, "Your forehead is really hot, why don't you go sit on the sofa first and I'll get you a wet towel to put on it."

Han Meiqing was a little embarrassed and said, "That would really be a lot of trouble for you.

The company's main business is to provide a wide range of products and services to the market.

When Han Meiqing heard this, her expression immediately turned shameful.

She naturally remembered what Xiao Changkun had said about the past.

That time, it was much more than just Xiao Changkun being sick and having a fever.

At that time, the two of them were in love, but at that time, college students were relatively innocent, so they only held hands once in a while, or hugged each other gently at the riverside where no one was around.

Other than that, there was basically nothing more into but deep down it was also completely voluntary.

Although Xiao Changkun is not much of a success, and loves to brag and show off, he is actually a sultry character at heart.

Now he suddenly brings up that past incident in a serious manner, just to deliberately draw the atmosphere towards that.

In his opinion, it would be best if the atmosphere in the boys' dormitory could be recreated in this villa, and that would be the best thing for him.

Sure enough

As soon as he said that, Han Meiqing's pale face turned red all of a sudden

Han Meiqing was after all a woman, and at such a time, she was naturally ashamed of herself, and when she thought back to that past, the unforgettable scenes from the depths of her memory unconsciously came back to her mind.

However, she was too embarrassed to give any positive response. After all, this kind of thing was indeed a bit too ambiguous.

Xiao Changkun was actually holding back a bit of wilfulness in his heart, and he deliberately brought up the past to see Han Meiqing's shy and embarrassed look.

The more shy Han Meiqing is, the more it proves that she is still deeply in love with him.

When he saw that Han Meiqing did not say anything, he hurriedly laughed and asked, "Meiqing, why don't you say anything? Have you forgotten all about the time you took care of me in the dormitory?"

The first thing you need to do is to get a wet towel for me.

Chapter 2577

"Although Xiao Changkun was feeling a bit bummed out, he still pretended to have a sudden realization and patted his head and sighed, "Oh, look at this brain of mine, I was so focused on remembering the past that I forgot the main business.

After saying that, he hurriedly added, "Meiqing, sit down and wait for me, I'll get you a wet towel."

Han Meiqing said, "There is a bathroom on the ground floor, just turn left in front of you.

"Good

Seeing Xiao Changkun turn around and go to the bathroom, Han Meiqing finally sighed with relief.

In fact, she was very clear about Xiao Changkun's purpose.

To be honest, Xiao Changkun was not only her first man, but also the man she loved most in her life, so she naturally had some fantasies and expectations for Xiao Changkun in her heart.

However, after all, she was a highly educated woman who had always been a woman of modesty and decency.

She knew that although Xiao Changkun and Ma Lan were now separated, their views on marriage still existed, and based on this, she felt that she could not make a mistake of principle in any case.

Although Ma Lan had shamelessly used her body to interfere with her and Xiao Changkun's relationship in the first place, she was unwilling to do the same thing.

Just as she was lamenting in her heart, Xiao Changkun had already walked over with a wet towel.

Xiao Changkun wiped her forehead with the wet towel while speaking: "Meiqing ah, I bought you some better digestible dinner, later I will help you to go to your room to lie down on the bed first, then feed you something to eat, plus you have already taken the fever-reducing medicine, I believe it will not take long for the fever to go down.

Han Meiqing nodded: "It's hard for you Changkun, to be honest I'm still a bit hungry, I haven't eaten much all day.

The first time you got sick, you should have told me at the first opportunity, but you did well, if I didn't ask you on WeChat, you wouldn't have told me the truth.

Han Meiqing said, "I also didn't want to bother you, I thought I could pull through, but I didn't expect it to get worse and worse."

Xiao Changkun sighed and said lovingly, "In the future, if something like this happens again, be sure to notify me at the first opportunity, I will definitely come over at the first opportunity, got it?"

Han Meiqing nodded her head and said gratefully, "I know.

Only then was Xiao Changkun satisfied and said, "Right Meiqing, where is your thermometer? I'll take your temperature again and see if it's getting better."

Han Meiqing nodded and pointed to a thermometer on the coffee table and said, "I wanted to take it again before you came, but I really don't have the strength to shake that mercury thermometer, so please shake it for me!

Xiao Changkun hurriedly reached out and grabbed the thermometer in his hand, while shaking it off, he said heartily: "Hey, I really didn't know that Paul was away on business, otherwise I would have come to see you long ago, you are alone at home, what if something happens to you?"

He handed the thermometer to Han Meiqing and said, "Hurry up and clip it on, next time you should buy an electronic thermometer, so you won't be alone."

As soon as the words left his mouth, he remembered something and hurriedly changed his tone, "Don't buy an electronic one, it's not as accurate as a mercury one.

Han Meiqing was moved and nodded her head.

She was naturally very pleased with Xiao Changkun's thoughtfulness in her heart, especially when she was sick, and that feeling of dependence in her heart grew out of nowhere at once.

So, she said with a bit of shyness, "Thank you, Changkun.

Xiao Changkun said smilingly, "You still need to say thank you to me, didn't you take care of me the same way back then?"

When Han Meiqing heard this, her face turned even redder.

She helplessly whispered, "It's all old and rotten, so don't always talk about it!"

Chapter 2578

"How can that be," Xiao Changkun said with great emotion, "I can't forget what happened that day even if I die, I've wanted to tell you for so many years, but I just didn't have the chance."

Han Meiqing also said helplessly, "I'm not letting you talk about it, I am, I am."

The first thing that I did was to say that I was not going to let you talk about it, but I did not know how to go on about it, so I sighed and said, "Hey, I just think that if you come to me so late at night, Ma Lan will be angry when she finds out."

The first time I heard her mention Ma Lan, Xiao Changkun grunted and said: "Meiqing, you can not mention that shrew in front of me, if it were not for her, how would the two of us become like this now?"

Han Meiqing smiled helplessly and said seriously: "Some things are fate, and may not really be blamed on Ma"

"Of course I blame her" Xiao Changkun said in exasperation: "All these years, whenever I think of you, I hate her with a passion"

After saying that, Xiao Changkun waved his hand and said, "Come on, let's not mention her, she's too much of a spoilsport."

Han Meiqing gave a sound, then said: "I guess I need bed rest for a while, should be able to slowly recover, if you still have things at home, go back early, so as not to cause trouble."

Xiao Changkun didn't expect that just after arriving at Han Meiqing's home, she couldn't wait to let herself go home.

This made Xiao Changkun's heart somewhat hurt.

However, he quickly blamed it all on Ma Lan, thinking: "Mei Qing wants me to go back, it must not be because she doesn't want to take care of me, but because she is afraid of that shrew Ma Lan, that stinking bitch, she really has a soul everywhere!"

"I'm not going anywhere until you've recovered," he said.

He.

Han Meiqing didn't know how to respond at once

At this time, Xiao Changkun looked at the time and said, "It's been five minutes, bring the thermometer to me."

Han Meiqing carefully took out the thermometer and handed it to Xiao Changkun.

Xiao Changkun took a look at it and was slightly relieved, saying: "It's 39 degrees now, you just measured 39 degrees 2, right?"

Han Meiqing nodded her head.

Xiao Changkun said happily, "It's dropped 0.2 degrees, although the drop is not great, but at least it has started to drop, I guess ah, you lie down and eat something, and then take a good rest, you should be able to almost well, come, I help you upstairs

The actual fact is that you will be able to get a lot more than just a couple of bites.

Xiao Changkun heard, hurriedly waved his hand and said: "That can not work you are not uncomfortable sitting here will only sit longer the more uncomfortable, go, I serve you to the bed, to your back two pillows you will be a lot more comfortable, as for eating there is nothing to toss, I feed you is."

Han Meiqing hesitated for a moment, seeing Xiao Changkun's firm expression, so she nodded and said, "Okay then, you can help me to the lift.

Xiao Changkun was overjoyed and sighed: "Haha, here comes the opportunity!

Chapter 2579

Seeing Han Meiqing agree to let himself take her to the bedroom, Xiao Changkun's heart was bursting with excitement.

Ever since Han Meiqing returned, Xiao Changkun had been looking forward to the opportunity to relive his old dreams with her.

The usual Han Meiqing was beautiful and dignified, and very independent, so it was not easy to get close to such a woman.

But Xiao Changkun knows in his heart that a woman who is strong inside will immediately turn into a Lin Daiyu who needs to be cared for by a man as soon as she falls ill.

At this time, even the strongest women will remove their defences.

Xiao Changkun diligently helped Han Meiqing into the villa lift and went all the way to the third floor.

After directing Xiao Changkun to take her into the bedroom, Han Meiqing laid down on the bed with Xiao Changkun's help.

Xiao Changkun diligently helped her to put two pillows behind her so that she could comfortably lean on the soft head of the bed.

After lying down, Han Meiqing said to Xiao Changkun, somewhat weakly, "Changkun, I am still very cold, please help me to cover up the blanket. "

Xiao Changkun said seriously, "Meiqing, you have a high fever now, it's not good to stay wrapped up in the blanket, it's not good for cooling your body, or your body temperature will get higher and higher.

Han Meiqing nodded and said helplessly: "But I really feel very cold now, from my head to my feet, my whole body keeps swaying, just help me cover up the blanket"

Xiao Changkun sighed and said, "How about this, I'll first help you put the covers on to warm you up, then I'll go to the bathroom now and put a tub of warm water on for you, and while I'm doing that, I'll feed you something to eat, and later you'll go take a bath in the bathtub."

Han Meiqing asked in confusion, "Can I take a bath with a fever?"

"Of course you can." Xiao Changkun said, "The most important thing is to cool down your fever, soaking in a warm bath can quickly help bring down your body temperature and also relieve fatigue to a great extent.

What Xiao Changkun said was true, whether it was an adult or a child, a bath can effectively lower the body temperature in the case of fever, but it also depends on the situation, if the body is too weak, it is naturally inappropriate.

Xiao Changkun let Han Meiqing take a bath, partly out of concern, and partly because he thought he could use it to bring the two closer together, or even use it to make a final breakthrough.

After all, if a weak woman wants to take a bath, she will need to help herself before and after, and that situation is definitely the best time to launch further attacks.

The woman was not thinking much about it, she just felt that it was too unbearable, suffering from the bone-chilling cold she could only feel when she had a fever, and suffering from the discomfort caused by the high fever, the whole person was in great pain.

Xiao Changkun said incomparably solicitous, "Oh, you're welcome, you wait, I'll put the water on for you first. Put it on."

After saying that, Xiao Changkun hurried to the bathroom, opened the mixing valve of the bathtub, tested the water temperature and felt that there was no problem, then he hurriedly came out of the bathroom and said to Han Meiqing on the bed, "Meiqing, I'd better feed you something first, eat something to be able to resist."

Han Meiqing nodded weakly and said, "I don't seem to have much appetite or taste with this fever, so why don't you just feed me two bites of millet porridge?"

Xiao Changkun said, "Millet porridge is rich in carbohydrates, it can replenish energy at such times, and most importantly, it is also very nourishing to the stomach, most suitable for sick patients.

Han Meiqing was moved and said, "Chang Kun, I'm sorry for your trouble.

"Xiao Changkun hastily opened the lunch box containing the millet congee and took out the spoon given to him by the restaurant, he first scooped a spoonful for himself, tasted it carefully and said, "Well, the temperature is just right.

As he said that, he hurriedly ladled another spoonful and passed it to Han Meiqing's mouth.

Chapter 2580

Although Han Meiqing had no appetite at all, she forced herself to open her mouth and eat a spoonful of millet congee, thinking that she had to be energised and nourished when she was ill.

To her amazement, as soon as the millet congee entered her belly, she felt an extraordinary hot current flowing down her oesophagus into her stomach and melting away in her stomach, followed by a warming sensation all over her body.

The warmth was rare for Han Meiqing, who had been feeling cold, and her whole body instantly felt more comfortable, so she couldn't help but exclaim: "Changkun, this millet congee is really comfortable to drink!

Xiao Changkun laughed, "That's because I've been studying a lot about health care, so I've had experience with it for a long time.

This is the wisdom of our old Chinese ancestors", he said, passing the soup spoon to Han Meiqing's mouth, smiling, "Meiqing, hurry up and take two more bites!

Han Meiqing nodded, that bite of millet porridge just now made her feel that her entire spirit, had been restored to some extent, so she did not hesitate to take another bite.

It was reasonable to say that the efficacy of this Spring Return Pill was indeed very strong.

A Spring Return Pill could heal someone on the spot who was on the verge of death, it was simply a supreme remedy for healing the sick and saving people.

Therefore, dealing with a fever and cold like Han Meiqing's was simply like an anti-aircraft cannon hitting a mosquito.

However, although the medicinal effect of the Spring Return Pill was very strong, Ye Chen had also deliberately controlled the amount of medicine.

He only scraped off a tiny bit of powder from a Spring Return Pill and put it into the congee. The amount of medicine was already very small, and when it was diluted by a bowl of congee, the amount of medicine that could really be consumed in each bite was actually minimal.

But even so, two mouthfuls of the congee made Han Meiqing feel much more comfortable.

As a result, Han Meiqing's body and mental state became better and better without her realising it, and her appetite became better and better, and within a short time, a bowl of congee was consumed by her.

Xiao Changkun saw that Han Meiqing had eaten so much porridge and looked much better, so he sighed with relief, "Meiqing, I see that you look much better!

Han Meiqing asked, "Is that so? I feel much better myself.

Xiao Changkun laughed and said, "You don't say, this millet porridge is effective, as the old saying goes, grains and cereals are the most nourishing.

The first thing that I want to do is to see if the water is ready, and then I'll help you get into the bath.

Han Meiqing nodded: "OK, you go ahead, it's hard for you Chang Kun"

"What's polite." Xiao Changkun smiled and waved his hand, hurriedly put down his utensils, took a step and went into the bathroom.

As soon as he entered the bathroom, Xiao Changkun rubbed his hands with excitement.

In his heart, he could not help but feel, "Oh, it's been almost thirty years since Mei Qing and I separated.

The water was already half full, and he reached out to test the temperature of the water.

So, he hurriedly turned around and went out of the bathroom, and as he walked out, he said excitedly, "Meiqing, the water is ready, you go and soak me!
