

## Ye Chen 2581

### Chapter 2581

Before he could finish the word "bath", Xiao Changkun was stunned by the scene in front of him.

At this moment, Han Meiqing had already gotten out of bed and was standing by the bedside.

The down jacket she was wearing had already been taken off, and she was wearing only a single piece of clothing, with the sleeves on both sides pushed up to the elbows.

At this moment, Han Meiqing's entire body did not have the sickly look she had just had.

She was in perfect condition and her face was rosy and lustrous.

What was even more exaggerated was that Han Meiqing was stretching her arms out, and probably felt that it was not enough, so she simply jumped twice in place.

Xiao Changkun looked dumbfounded, astonished for half a day before coming back to his senses, and asked in a stammering voice: "Then why did you come down?"

Han Meiqing said with a strong voice: "Changkun, I feel completely cured thanks to your bowl of millet porridge!"

Xiao Changkun felt as if the whole world had become magical and said out of the blue, "It's just a bowl of millet porridge, how can it be so magically effective?"

Han Meiqing said seriously as she moved her body: "But I really feel better now, not only better, but also in a much better state than when I was not sick before, I feel not only not cold at all, but also hot, and more importantly, I feel inexhaustible energy all over my body!"

The first thing you need to do is to get your hands on the right one.

Xiao Changkun sighed: "Where did I get the magic potion?"

He hurriedly asked, "Meiqing, are we still going to take a bath?"

Han Meiqing shook her head and said with some urgency, "Changkun, when are you going home?"

Xiao Changkun was depressed and asked, "Meiqing, you're not going to kick me out when you get better, are you?"

I want to call on you to do some exercise, but I'm afraid that if I delay you too long, you won't be able to explain to Ma Lan when you get home.

"The first thing I want to do is to get back to work.

Han Meiqing said excitedly, "That's great!"

Xiao Changkun subconsciously asked, "Meiqing, what kind of exercise do you want to do?"

Han Meiqing blurted out, "I want to go for a run along the riverside, wait for me at the door first, I'll change into my exercise clothes and we'll go

"What?" Xiao Changkun said with a shocked look on his face, "Going for a run by the river in the middle of the night?"

Han Meiqing nodded, "Yes, I feel like I can't get enough energy out of my body now, so I especially want to go for a run."

She looked at the time and said, "It's not too late, it's just 7 o'clock. Many people who like to run at night usually start at this time and run until 9:30 or 10 o'clock."

Xiao Changkun wanted to die.

"This is how the fuck is going on when a fever can heal so fast? Normally, after a high fever, the body is extremely weak, but this thing right now, it does not seem to be in line with the normal ah fucking."

The first time I saw him, I was amazed, but he was a little anxious and urged: "Changkun, are you willing to go or not?"

Xiao Changkun had no intention to say no

"If I don't go, Han Meiqing went for a run, I can't stay at her house, even if I stay at her house, what can I do by myself, I can't go to her bathroom to take a bath, it's too fucking weird".

Thinking of this, Xiao Changkun could only say with a resentful face: "Fine, since you want to run, I must accompany you!"

Chapter 2582

"That's great" Han Meiqing said: "Then you go out first, I'll hurry to change my clothes and we'll leave immediately"

"Xiao Changkun, who was depressed, could only agree and turned around with a disheveled face and went out the door."

This bedroom, originally in his eyes, was the tender place he had left behind for almost 30 years.

But now, he could only stand outside the door, waiting for Han Meiqing to change her clothes inside.

The point is that after Han Meiqing had finished changing, she wanted to drag him for a run!

Xiao Changkun let out a long sigh, covering his face with one hand and holding his head with the other, and squatted down at Han Meiqing's bedroom door.

As he squatted down, he wondered, "What's wrong with that little rice porridge?"

Three minutes later, the bedroom door opened.

Han Meiqing stepped out, having changed into a set of tight running clothes and tied her long hair in a ponytail, she did not look like a woman of fifty, even if she was thirty.

When Han Meiqing saw Xiao Changkun squatting on the ground, she hurriedly asked, "Changkun, why are you squatting here?"

Xiao Changkun hurriedly stood up and said awkwardly, "Nothing, I'll take a break.

After saying that, he took a closer look at Han Meiqing, who was wearing a tight dress, and the perfect figure almost made him lose his eyes.

He really did not expect that Han Meiqing's figure was still so well maintained at such an old age.

If there was a little bit of fat on her body, it would be clearly visible under this kind of tight-fitting clothes.

But Han Meiqing's figure, simply can not pick any fault.

Han Meiqing saw that Xiao Changkun was a bit dumbfounded and was somewhat ashamed, but she didn't care too much and hurriedly said, "Let's hurry up and go out, I can't even stand the heat!

Xiao Changkun could only nod resentfully and followed Han Meiqing downstairs.

The villa area where Han Meiqing lived was not far from the river, and after going out from the front door of the community, crossing a green area and a road, it was directly to the riverside road.

Over the years, the state has been encouraging the public to exercise, so Jinling City has built a 20-kilometre-long road along the riverside, half of which is paved with rubber pellets, specifically for the public to exercise and run.

Han Meiqing has basically been going out for a run every day since she lived here. The reason she has such a good figure is that she has been exercising and shaping her body for decades.

On the contrary, Xiao Changkun, although his body is not bad, but it is also ordinary middle-aged, human standards, he usually rarely exercise, every day, in addition to drinking tea, plate beads, plate walnuts, the biggest exercise is in the calligraphy and painting association and other people gossip, mouth than legs sharp.

Therefore, once he ran after Han Meiqing, he was not even three minutes old when he was out of breath and could not keep up.

But Han Meiqing, on the other hand, was like a chicken's blood, not to mention panting from such a little exercise, and her face didn't even change a bit.

Soon, Xiao Changkun could not take it anymore and said with a big gasp, "I can't run anymore, let's take a break.

The company's main business is to provide a wide range of products and services to its customers.

So, she hurriedly said, "Changkun, why don't you walk slowly by yourself first, I will run for a while and then come back to you I don't know what's wrong with me, I feel like I have no place to use all my strength, I can only rely on my two legs to consume it, so I can't stop at all"

Xiao Changkun gritted his teeth and said, "Then, I'll come with you."

After saying that, he hurriedly exerted all his strength and desperately followed.

## Chapter 2583

While Xiao Changkun was running his legs after Han Meiqing at the riverside, Ye Chen was only a few kilometres away from the Song family's manor house in the far outskirts of Jinling, and only the last few kilometres remained.

At this moment, in the banquet hall of the Song family's manor, the father and daughter of the Ito family, as well as Emi Ito and Koichi Tanaka, were talking with the Song senior accompanied by Song Wanting.

The cooperation between the Song family and Nippon Steel was made possible by Ye Chen's cure of Shinwa Watanabe, the chairman of Nippon Steel, but it was also thanks to Yohiko Ito for pulling the strings.

Moreover, after Song Wanting had an accident in Japan and was saved by Ye Chen, it was also thanks to the Ito family to take care of her.

Therefore, Elder Song was very polite to these guests from the Ito family.

As for Ito Nana-chan, she was busy chatting with Song Wanting about the whispers between women, and the two kept exchanging pleasantries, often laughing uncontrollably, as if they were good sisters.

The Akita dog that Nanae Ito had brought with her was lying at her feet, staring around curiously with round eyes.

Just in time, Qin Gang brought Qin Ao Xue, father and daughter, and arrived at the Song family one step ahead of Ye Chen.

The two of them just entered the banquet hall, Song Wanting hurriedly got up and waved to Qin Aoxue: "Aoxue, come over here"

The company's main business is to provide a wide range of products and services to its customers.

The actual fact is that you can find a lot of people who have been in the business for a long time. In addition, she was originally weaker than Ito Nana-chan, and she only managed to defeat her by relying on Ye Chen's pills, so she was a bit ashamed.

The next thing she knew, she saw the Akita lying at Ito's feet and was instantly attracted by the dog's naive appearance, squealing: "Wow, is that Momotaro?"

With that, she rushed over.

With this shout, she drew the attention of the others to her.

Qin Gang was a little embarrassed all of a sudden and said to Elder Song and the rest of the Ito family, "Sorry everyone, this girl is usually unruly and always makes a fuss

After saying that, he was about to reprimand Qin Aoxue, but Qin Aoxue had already run to the Akita dog and squatted down to tease the dog.

Qin Gang shook his head helplessly, but then Elder Song said with a smile, "Mr. Qin, come and sit down, I'd like to introduce you to Mr. Ito of the Ito family in Japan."

Qin Gang hurriedly walked . He shook hands with each member of the Ito family and said apologetically, "I'm sorry for what I just said, but my daughter likes to play with cats and dogs all day long, so please bear with me.

Ito Yohiko laughed, "Mr. Qin, there is no need to be so polite, all young girls are like that, your family's Ao Xue, and our family's Nana-chan are similar in age, although they are both in their early twenties, they are still little girls at heart, I can't understand this state of affairs more."

Qin Gang nodded and laughed: "Indeed, our children are about the same age, and they both love to practice martial arts.

Ito Yohiko laughed and said, "I used to like to control my child, not only let her learn martial arts, but also let her learn qin, chess, calligraphy and painting, and even the tea ceremony and flower arrangement, always thinking of raising her to be a real lady in the true sense of the word."

At this point, Ito Yohiko sighed and added: "But now I have realized that as long as the child is happy and does not go astray, that is enough.

"Yes." Qin Gang nodded and smiled, saying, "I can't control her now, so I don't bother to do so either.

Over here, Qin Ao Xue's attention was almost entirely drawn to the Akita dog.

She stroked the Akita's head while looking at Nanaeko Ito with an expectant look on her face and asked, "Nanaeko, is this dog really for me?"

"Yes" Ito Nana-chan nodded and smiled, saying seriously, "His name is Momotaro, he is a little boy, although he is a boy, he has a very good temper and is very gentle, from now on he will ask you to take good care of him"

#### Chapter 2584

Qin Ao Xue was extraordinarily excited and said gratefully, "Nana-chan, thank you so much"

Ito Nana-chan laughed and said, "We are all friends, why are you so polite.

Qin Ao Xue blushed and said, "I'm sorry that I hurt you in the competition. The first time I saw you, I didn't have a chance to say sorry.

Ito Nana-chan said, "Since it's a competition, there are bound to be winners and losers, and people get hurt, so we all compete fairly.

Qin Ao Xue said sheepishly, "But I was so embarrassed when I was

All of a sudden, Qin Aoxue didn't know how to explain.

After a moment, she gritted her teeth and blurted out, "But I didn't win you on my own, I relied on Master Ye's help, so in the end, it was my fault for winning that competition.

Ito Nanaeko smiled slightly and said seriously: "Ao Xue, everyone has their own different encounters, just like some people have more advanced fighting skills, while others have better ways to strengthen their bodies, so there is nothing wrong with winning. In the end, I can't thank you enough!

"Ah" Qin Ao Xue asked in surprise: "There is still such a thing"

Ito Nanaeko nodded: "It may sound outrageous, but it is indeed the case, if it wasn't for Ye Chenjun's special trip to Kyoto in order to treat my injuries, then I would have been a dead man by now.

Hearing this, Song Wanting on the side suddenly felt a little sour in her heart.

Before she met Ito Nana-chan, she had thought that she was the only woman who had allowed Ye Chen to go all the way to rescue her.

But it turned out that Ye Chen was the same for Nanaeko Ito.

As she sighed and lamented, Song Wanting also came to her senses and could not help but mentally remind herself: "Song Wanting, Song Wanting, how can you be jealous of a young girl?"

When she thought of this, she couldn't help but sigh and inwardly became frustrated.

Hearing her sigh, Ito Nana-chan hurriedly asked, "What's wrong with you, sister Wanting?"

Song Wanting quickly denied it: "No, I just thought of how I almost died in Japan thanks to Master Ye's rescue, so I couldn't help but feel a bit sad.

I can't help but feel a bit of emotion.

Ito Nanaiko nodded empathetically.

The reason why she and Song Wanting got along so well and treated her like a sister was that they were so similar in many ways.

They were both young ladies from large families, but they had both been in danger of almost dying more than once, and both had been saved by Ye Chen when their lives were at stake.

More importantly, Ito Nanaiko could see that Song Wanting, like herself, was deeply in love with Ye Chen.

Therefore, having such similar experiences made her feel a sense of sympathy deep inside.

## Chapter 2585

Hearing the two talk about being saved by Ye Chen, Qin Ao Xue was a little lost all of a sudden.

She hugged Momotaro in her arms, sat on her butt and sighed: "Hey, suddenly I envy you guys so much ah Baidu search: elite novel network m.jyxs

The two could not help but look at her at the same time, Song Wanting opened her mouth and asked: "Ao Xue, what are you envious of us for?"

Qin Ao Xue said seriously: "I envy you all for having the experience of being heroically saved by Master Ye, how come I have never encountered such a thing.

Ito Nanaiko hurriedly interrupted her and said, "Ao Xue, don't talk nonsense, this kind of thing is not a joke.

"The most important thing is to be safe and sound.

Qin Aoxue said softly, "But... but... I really envy you guys!

When Song Wanting and Ito Nanaiko saw her incorrigible appearance, they looked at each other and laughed bitterly in unison.

On the one hand, they were amazed at Qin Ao Xue's amazing brain circuit, but on the other hand, they could not help but feel in their hearts that Qin Ao Xue, like both of them, was deeply in love with Ye Chen in her heart, otherwise she could not have suddenly come up with such a thought.

Song Wanting looked at Qin Ao Xue and said with a smile, "You, don't envy others indiscriminately, in fact, I quite envy your experience of having Master Ye escorting you at every critical moment, like a little princess protected by a prince all the way, without having to see anything sinister in the world."

Qin Ao Xue instantly blushed and stammered, "Ah no no I'm not Master Ye's little princess

Song Wanting nodded and looked at Ito Nana-chan, smiling, "It seems that Ao Xue doesn't want to be Master Ye's little princess, so we'll have to give Master Ye a heads up later.

Ito Nana-chan also nodded approvingly and said, "That's right, when Ye Chenjun comes later, I'll find an opportunity to tell him."

Qin Ao Xue became anxious and said, "Oh, don't be mistaken, I don't mean that!

Song Wanting asked her flirtatiously, "Then what do you mean?"

Qin Aoxue said shyly, "I... I think I think Master Ye will not treat me as his little princess

Song Wanting laughed, "Ao Xue, from what you said, you don't think you like Master Ye, do you?" "Ah Qin Ao Xue was stunned and instantly blushed

I didn't I really didn't".

"I don't believe it." Song Wanting laughed, "You must like Master Ye, look at you, your face is all red."

Yeah." Ito Nana-chan also teased, "It looks like a ripe red Fuji apple, I can't wait to bite into it, if Ye Chenjun saw it, he might have the same thought

Qin Aoxue covered her face with both hands and said blushing, "Don't talk nonsense, I don't have a face!

Although she said so, she was very worried in her heart and hurriedly stood up and said hastily, "Sister Wanting, Nana, I'm going to the bathroom. You guys can talk first.

After saying that, she rushed away.

Song Wanting and Ito Nana-chan looked at her back and could not help but look at each other and smile.

I don't know whether Ye Chenjun is a womanizer or not, but I feel that he is a flower himself, and a flower that attracts butterflies.

Song Wanting nodded in admiration and sighed, "There is probably no other flower that attracts butterflies so well besides him!"

Chapter 2586

At this moment, a few men in another corner of the banquet hall were also having a good conversation with each other.

After some small talk, Elder Song looked at Qin Gang and said with a smile, "By the way, Mr. Qin, don't you have a lot of business exporting to Japan recently? In the future, you can get in touch with Mr. Ito to see if there are any good directions for cooperation."

Yohiko Ito asked curiously, "Oh, Mr. Qin has business in Japan too."

Qin Gang nodded and said truthfully, "To be honest, I was already in the medicinal herb business, originally only for the domestic market in China, but recently the export volume from Japan has surged, accounting for half of all my medicinal herb sales, and it is even growing."

Yohiko Ito asked in surprise, "Mr. Qin is supplying such a large amount to Japan."

Qin Gang said with an incomparable expression of respect, "I won't hide from you all, all these herbs are supplied to Master Ye's Jiu Xuan Pharmaceuticals, didn't Master Ye acquire Kobayashi Pharmaceuticals in Japan some time ago and then handed over all the supply of herbs for several production lines to my side."

"So that's how it is," Ito Yohiko understood at once. Baidu search: elite novel network

Previously, he also wanted to invest in Xiao Lin Pharmaceutical, but as a result, he did not expect to have some trouble with Ye Chen because of this, so he was also robbed of four and a half billion US dollars by Ye Chen.

At first, Ito Yohiko thought that he hated Ye Chen for the \$4.5 billion, but then Ye Chen saved his daughter, prevented the Ito family from being harmed, and even saved his own life, and these kindnesses made him stop thinking about the \$4.5 billion long ago, and even if he thought about it, he did not feel heartbroken at all, but felt grateful.

In fact, there is another very important reason why Yohiko Ito does not care about the \$4.5 billion, and that is that the Ito family survived the Tokyo chaos almost intact.

The Takahashi and Matsumoto families, on the other hand, suffered heavy losses and had their entire families wiped out.

The Ito family had rapidly surged in strength by consolidating their resources and markets, a huge increase that was simply not comparable to US\$4.5 billion.

Therefore, not only did Ito Yohiko not hate Ye Chen, but he regarded Ye Chen as the benefactor of the entire Ito family.

Qin Gang was actually the same, and he lamented with a face full of respect: "Since Master Ye handed over the supply of medicinal materials for Jiu Xuan Pharmaceutical to the Qin family, the Qin family's business has more than doubled, and the percentage increase in revenue is even

"What's more, Master Ye is not like other manufacturers, who love to pressurise our payments.

"Of these companies I work with, the longest account period is more than half a year

Take Wei's Pharmaceuticals before, the raw materials I supplied to him in January, he had to wait until July to settle my account

"During this period, I had to continue to supply raw materials for the five months from February to June, which equates to half a year's worth of payments in their hands alone, and the financial pressure was particularly great.

"However, now working with Master Ye, Master Ye never presses any settlement, as long as the herbs supplied from my side arrive and are accepted, the finance will immediately transfer the money to me

You and I, as well as all of you, have been greatly favoured by Grandmaster Ye, and if it weren't for him, we wouldn't be in the state we are in today.

He looked at Song Wanting, who was chatting with Ito Nana-chan and Qin Ao Xue, and sighed: "If it wasn't for Grandmaster Ye, Wan Ting and I would have been dead, and the Song family would not be in the state we are today.

Ito Yohiko also sighed, "Yes, if it wasn't for Grandmaster Ye, not only would my daughter have died at the hands of the wrongdoers, but the Matsumoto family's fate would have been borne by me as well.

Qin Gang said: "Since we all owe Master Ye a favour, we must drink to Master Ye when he arrives later.

At that moment, Ye Chen, led by his butler, came in and when he heard Qin Gang's words, he said with a smile, "Why have you agreed to drink to me tonight?"

#### Chapter 2587

Seeing that Ye Chen had arrived, Qin Gang took the lead and stood up, saying respectfully, "Master Ye, you're here! We were just talking about you!"

Ye Chen laughed, "I heard you, didn't you say you wanted to have a few more drinks with me later?"

Qin Gang hurriedly laughed, "It's true that I want to have a few more drinks with you, but I definitely don't mean to fill you up."

Ye Chen smiled and then said to Elder Song, "How is Elder Song's health these days?"

Old Master Song nodded his head repeatedly and said respectfully, "Master Ye, thanks to your blessings, the old man is in very good health."

Ye Chen nodded, and at that moment, Ito Yohiko, who was at the side, waved to Ye Chen and said with the same respect, "Greetings, Mr Ye, we meet again!"

Ye Chen had already guessed that Ito Yohiko must be here, but naturally, he still had to pretend to be very surprised and said, "Oh, so it's Mr. Ito, I didn't expect you to be here too."

After saying that, Ye Chen looked at Emi Ito and Koichi Tanaka beside him and said with a smile, "Ms. Ito and Mr. Tanaka are also here."

Emi Ito hurriedly stood up, bowed ninety degrees and said, "Hello Mr. Ye!"

Tanaka Koichi had no lower limbs and could only put his hands together in place and said, "Hello Mr. Ye!"

Ye Chen nodded slightly in greeting, and Nanaiko Ito, who was chatting with Song Wanting not far away, blushed shyly and said, "Ye Chen-kun, goodbye!"

Ye Chen looked at Ito Nana-chan and saw that she still had the same soft and beautiful appearance, and said with a smile, "Nana-chan, I heard from Wanting long ago that you were coming to Jinling to see the concert, but I didn't expect to come so early."

Ito Nana-chan said somewhat shyly, "Ye Chen-kun, I happen to be not so busy recently, so I wanted to take this opportunity to come to Jinling to relax and take a break."

Ye Chen nodded and asked her with a smile, "Why didn't you tell me in advance before you came?"

Ito Nanaeko pursed her lips and said in a low voice, "I ..... I ..... I wanted to give Ye Chen-kun a little surprise, so I didn't say anything, so please don't be angry with Ye Chen-kun ....."

Ye Chen laughed, "Why not, but next time you can consider telling me in advance, and then I will be the one to prepare the reception banquet for you."

Ito Nanaeko hurriedly said, "Okay Ye Chen-kun, next time I will definitely tell you in advance!"

Ye Chen nodded slightly and Song Wanting, who was at the side, said with a smile, "Master Ye, do you think we should enter the table now?"

"Sure." Ye Chen smiled, "Sorry for making you guys wait for me for so long, the journey was a bit long and I happened to send my father-in-law on a trip."

Elder Song stood up at this time and said with a smile, "Master Ye, you're being unkind, we've only just started chatting a few times, come, please take your seat first!"

Ye Chen smiled and said, "Old man, you are the master, of course you have to be seated first."

Old Master Song still wanted to push back, but Ye Chen insisted, "Come, you sit in the main seat, I'll sit next to you."

Seeing this, Elder Song did not refuse and said in a hurry, "Then I will do as Master Ye commands!"

At this time, Qin Ao Xue, who had just puffed her face with cold water, also came out of the bathroom and, seeing Ye Chen coming, immediately ran to him excitedly and said excitedly, "Master Ye, you're here!"

Ye Chen looked at her and nodded and smiled, "Ao Xue is here too."

"Yes." Qin Ao Xue said happily, "Nana-chan gave me an Akita dog and asked me to come and pick it up."

Saying that, she was so busy that she added, "Master Ye, do you want to go and tease it?"

Qin Gang, who was standing by, chided offhandedly, "Ao Xue! Can't you see that everyone is about to eat? Just fooling around, hurry up and sit down next to me."

Chapter 2588

Qin Ao Xue bristled with aggression and said in a jarred voice, "I know dad ....."

Ye Chen laughed at this time, "Let the dog let the housekeeper help take care of it first, and then play with it after dinner."

Elder Song hurriedly instructed the housekeeper to take the dog out first.

The crowd then took their seats one by one.

On Ye Chen's left was Elder Song, and on his right was Ito Yohiko.

As for Emi Ito and Koichi Tanaka, they were originally reluctant to come to the table, but Ye Chen kept them there.

In Japanese society, the relationship between master and servant is very clear, and sometimes a title of senior can crush people to death, but in China it is relatively less rigid, and Ye Chen is not the kind of person who cares about such details, so he simply opened up for them to sit down together.

Naturally, Emi Ito and Koichi Tanaka were flattered.

Once everyone was seated, Elder Song had the wine poured for everyone. This time, the wine was still the national wine Moutai, which was the most popular brand in high society and the only choice for hosting foreign guests and envoys at state banquets.

Moreover, almost all of the Moutai treasured by Master Song is a rare product that cannot be bought with money in the market, and any bottle taken out is at least twenty years old.

After the maid poured white wine for everyone, Ito Yohiko couldn't help but pick up a glass and sniff it under his nose, exclaiming, "It really is the national wine of China! The aroma alone is intoxicating enough."

Curious, Master Song asked, "Oh? Mr. Ito has studied Chinese liquor as well?"

Ito Yohiko nodded and said seriously, "I'm not going to lie to you, in Japan, the most popular among the general public is naturally beer and sake, the young people love whisky and red wine, and some of

the older upper class, as well as members of old families, the most popular is actually Chinese white wine."

Saying this, he exclaimed, "After all, much of Japanese culture has its origins in China, and so does the wine culture."

"Older families in Japan would ask their children to learn about Chinese culture from an early age, so we learnt from an early age, through history books, that in ancient China there was also the saying 'the only wine under the sun is Dukang'."

"The Japanese Prime Minister, Kakuei Tanaka, came to visit China a few decades ago and made the same sentiment."

"We studied Tang poetry and Song lyrics back then, in order to find that unrestrained feeling of ancient Chinese poets, we also once went to find Chinese white wine to drink several glasses of it painfully, that kind of sound and drenched feeling is really nostalgic ....."

Master Song nodded and smiled, saying, "That's just right, take advantage of this opportunity today and make sure to have a few more drinks! If you like to drink, when you return to Japan, I will have someone prepare a special batch for you to bring back!"

Ito Yohiko said with an arch of his hand, "Then thank you, Mr. Song! If you have time, you are welcome to visit Japan for a few days, I will be sure to entertain you throughout!"

Elder Song laughed, "Good, I will definitely go over there when I have the chance!"

After saying that, he looked at Ye Chen and said respectfully, "Master Ye, why don't you make an opening speech and let's all raise our glasses and clink."

Ye Chen laughed, "You are the head of the family, if I were to say the opening speech, wouldn't it be a racket?"

Master Song said firmly, "You are the great benefactor of the Song family, you are here, this is your home turf, and everyone here has benefited from your care and kindness, so it is absolutely appropriate for you to say the opening speech!"

Ye Chen was silent for a moment, nodded and said, "Good!"

After saying that, he stood up, holding his glass of wine, and said seriously, "First of all, I would like to welcome Mr. Ito's family to Jinling, I don't have a good feeling about most Japanese companies and entrepreneurs, but Mr. Ito still impresses me a lot."

"So, I also hope that Mr. Ito can cooperate more with the Song family, with the Qin family, and with Jiu Xuan Pharmaceutical in the future!"

"We all strive to be able to interchange, exchange and symbiosis resources, and find more opportunities and incubate more projects together."

Chapter 2589

As soon as Ye Chen said this, Elder Song's expression as well as Qin Gang's became a little excited.

They knew that Ye Chen was actually helping them with a match.

The Ito family, right now, was the strongest family in all of Japan, and the size of their assets, when converted into RMB, was at the trillion level, while the Song family, however, had just stepped into the 100 billion club, and Qin Gang was now halfway to the threshold of the 100 billion club.

So, it would indeed be a tall order for both of them if they could work with the Ito family, who would surely bring them more opportunities for growth if they really collaborated with them fully!

Naturally, Ito Yohiko was also clear about Ye Chen's intentions, so he said almost without hesitation, "Since Mr. Ye has said so, then our Ito family will naturally go all out and cooperate more with Miss Song and Mr. Qin!"

With that, he looked at Song Wanting and said seriously, "Miss Song, haven't you already started cooperation with Nippon Steel? After your new project is completed and put into production, all of our Ito family's property development projects will purchase products from the Song family's joint venture with Nippon Steel, and in addition to that, several of our shipyards will transfer all of their steel orders over!"

When Song Wanting heard this, she was instantly stunned!

The Song family and Nippon Steel's cooperation, the future strength of the field is special steel, Ito Yuhiko this sentence, is tied to the Song family this steel industry, a real quality big customer.

In the real economy, the most important thing is to find quality customers. A foundry like Foxconn, which can tie up a company like Apple, can make tens of billions of output a year, and such customers are the most important resources for the real industry.

Therefore, Song Wanting said with surprise and joy, "Mr. Ito, this is really too much to thank you!"

Ito Yohiko waved his hand and smiled, "There is no need to be so polite, for future cooperation like this, just let Nanaeko dock with you directly, she will definitely export as much resources as possible to you, and we will work together for a win-win situation."

Nanaeko Ito took over and nodded and smiled, "Yes sister Wanting, we must strengthen our cooperation in the future, if your Song Group wants to go abroad for development, then you are welcome to come to Japan for a visit, we can work together then!"

Song Wanting folded her hands and said gratefully, "Thank you so much! It's just as well that you're coming to Jinling for many days this time, Nana-chan, so you can also take a look at some of our Song family's current industrial plans first and see if there are any projects worth working together on."

Ito Nanaeko nodded her head without hesitation and said, "No problem, I'll ask sister Wanting to help me with a detailed introduction of the Song Group's current situation!"

At this point, Ito Yohiko looked at Qin Gang and said with a smile, "Mr. Qin, I wonder what other business the Qin family does apart from the herbal medicine business?"

Qin Gang busily said, "Actually, we used to have quite a mixed business line, apart from medicinal herbs, we also did some retail and trading business, including antiques, automobiles, and some heavy industrial and mining equipment, etc."

Ito Yohiko nodded and smiled, "I don't know much about antiques, but if you are in the car trade, and heavy industrial and mining equipment, if you need to import from Japan, then you can contact me, the owners of Japanese car companies, and many famous heavy industry companies are very familiar with me, if they are not cooperating, I can help you with the matchmaking, if they are already cooperating, I can help you get better terms."

When Qin Gang heard this, he said excitedly, "Thank you very much, Mr. Ito. To be honest, we do have a few more brands that we want to work with, so if you can, I would like to ask you to help me with the matchmaking."

Ito Yohiko nodded and said with a smile, "Don't worry, Mr. Qin, I still have some face in this area."

#### Chapter 2590

After saying that, Ito Yohiko looked at Ye Chen and said seriously, "Mr. Ye, recently the Yanjing Su family's ocean shipping license was revoked, now is definitely a good opportunity to quickly cut into this field, I wonder if you are interested?"

Ye Chen waved his hand and laughed, "I don't know anything about ocean shipping, and I don't even have a transport ship, so how can I talk about ocean shipping."

Ito Yohiko said, "Mr. Ye, ships are not really a problem, in fact, most ocean shipping companies around the world lease their cargo ships and tankers, just like most airlines lease their planes. investment but are not good at doing operations, it's like how many of the ones that run global retail chains don't usually choose to buy their own shops either, and those property developers who invest in shopping malls tend to just rent out their shops to tenants and collect their own rents."

"A large proportion of ships and planes around the world are bought away by leasing companies, who generally place orders with manufacturers early on, and when the orders are delivered, the ships and planes they don't even hand over themselves, they just rent them out and start collecting rent to make money."

"Now the Su family a large number of cargo ships idle, there are still many of them are they rented, if a short time can not resume normal operations, then they can not afford, afford so much rent, most likely will be bulk surrendered, at that time there will be a large number of cargo ship resources released in the market, you can completely eat into on a large scale, and then take advantage of the opportunity to snatch the Su family's ocean shipping business! "

Hearing this, Elder Song at the side could not help but sigh, "Ocean shipping is indeed a very, very lucrative industry, the vast majority of international trade logistics now rely on shipping, so as long as normal trade flows between countries and nations on Earth are still taking place, the ocean shipping industry will continue to grow."

Saying that, he looked towards Ye Chen and added: "Master Ye, your Jiu Xuan Pharmaceuticals are now greatly selling worldwide, so you might as well take advantage of this once-in-a-lifetime opportunity to get ocean shipping going, which will also help Jiu Xuan Pharmaceuticals' global logistics and transportation in the future."

The company's products are all small in size and light in weight, so if they are sold globally in the future, each shipment to one country will only be two or three containers at most, but a cargo ship is often several thousand containers. ...."

The old man Song laughed: "Relying on Jiu Xuan Pharmaceuticals alone is certainly not equal, but have you thought about it, your import and export trade, your car import business, don't they all have to rely on shipping? And you do all imported cars, our domestic market, imported cars are only so many places of origin, the nearest is Japan, followed by Germany, France, Italy, the farthest is the United States, as far as I know, a standard container, can only hold two imported luxury cars, which is a very big demand for ocean shipping!"

Qin Gang slapped his thigh and laughed, "It's still Elder Song who sees things thoroughly, I was only thinking about Master Ye's Jiu Xuan Pharmaceuticals, I can't believe I didn't think of including my own business in the calculation!"

Elder Song continued, "When our joint venture with Nippon Steel is completed and put into operation, by then our demand for iron ore will be very high, iron ore is usually imported from Brazil or Australia, one ship will contain more than 100,000 or even hundreds of thousands of tons, the demand for ocean shipping is also very huge, if Master Ye operates ocean shipping, it will actually be a good news!"

Ye Chen hadn't said anything, but he couldn't help but be a little impressed in his heart.

"Jiu Xuan Pharmaceuticals will definitely go global in the future, but with just one Jiu Xuan Pharmaceutical, it would be hard for me to catch up with old top families like the Ye and Su families."

"Right now, the Su Family is at its weakest, so why don't I take the opportunity to snatch the business from the Su Family?"

"That way, not only would I be able to make my assets stronger, but I would also be able to greatly weaken the Su Family at the same time!"

"Moreover, hasn't grandfather Ye Zhongquan always wanted me to return to the Ye family? Since he is begging me, then I can demand that the Ye family may not compete with me directly in the field of ocean shipping!"

"In this way, even if the Ye Family wants to take advantage of the opportunity to encroach on the Su Family's share, they will have to step aside for me!"

"This would not be killing two birds with one stone, but three birds with one stone!"
