

Ye Chen 2701

Chapter 2701

Su Shoudao, as the son of the Su family, had definitely seen all kinds of big scenes over the years, but now, facing the twenty-something-year-old Ye Chen, his entire body was in an unprecedented panic.

He did not understand why this Ye family scion in front of him was so ruthless that he had no qualms about attacking the Su family one after another.

Back then, even when the Su and Ye families were at the height of their rivalry, no one dared to play such a ruthless tactic, after all, both sides were so strong that they were equivalent to two countries with nuclear weapons, and no one dared to really fight each other to the death.

However, this son of Ye Chang Ying, who was in front of him, did not care about this at all.

He had directly kidnapped Su Shoude, which in itself could be considered as not putting the Su family in the slightest.

Now, instead of restraining himself, he even aimed at himself. This kind of person was simply a game breaker!

Seeing that Ye Chen's aggressiveness did not diminish in the slightest, Su Shoudao's heart was tense and his mouth softened somewhat, saying seriously, "Although the several major families in Yanjing have been fighting for so many years, we all retain some basic respect and reverence for each other, although I formed the Anti-Ye Alliance back then, I have never created any threat to your parents' personal safety. kidnapping me

Ye Chen questioned in a cold voice: "Are you dead?"

Su Shoudao's expression was stunned: "What do you mean?"

Ye Chen questioned again, "I am asking you, are you dead?"

Su Shoudao snorted coldly, "Joke, if I were dead, would the person standing in front of you be a ghost?"

Ye Chen nodded: "Yes, you're not dead, but my parents are dead you claim to have never created a threat to my parents' personal safety, but my parents have been gone for nearly 20 years, you're now casually saying it's nothing to do with you, do you think I'll believe it?"

Su Shoudao said nervously: "You can not believe it, but you must know that even the law, also do not make the assumption of guilt, if you have evidence to prove that your parents' death is related to me, then you want to kill or death I have no complaints, but if you do not have evidence, then it can only prove that your parents' death has nothing to do with me

Ye Chen smiled: "Su Shoudao, you are a bit too naive, since I am here, do you think I will reason with you about these rules? You fall into my hands, you have to play by my rules, just look at what happened to your brother, you should be able to know."

Su Shoudao was shocked and said offhandedly: "I am the son of the Su family is the future heir of the Su family you make a move against me, the Su family will definitely not let you go

Ye Chen brushed aside his mouth: "Since I dare to do it, I am not afraid of the Su family's revenge, and I tell you, this matter to you is far from over, your father Su Chengfeng is also in my big list, in addition, your Su family if I find out who else has a connection with my parents' death, or who else disobeys, I will solve all of them one by one "

Su Shoudao asked in a panic: "You're repeatedly attacking my family without any actual evidence?"

"Jianghu moral righteousness" Ye Chen sneered: "The words "Jianghu moral righteousness", from anyone's mouth, I don't have an opinion, but your Su family is not worthy of mentioning these four words"

Su Shoudao frowned: "What do you mean?"

Ye Chen laughed: "What do I mean? You don't know what I mean. I'm asking you, Su Ruoli is your Su Shoudao's illegitimate daughter.

When Su Shoudao heard these three words, his expression was a bit embarrassed and his voice was a bit short of breath as he said, "Ruoli is indeed my illegitimate daughter, but I am not the one who harmed her

Ye Chen nodded: "I know, the one who harmed her was your father, right?"

Su Shoudao dodged Ye Chen's aggressive eyes and faltered, excusing himself, "I haven't got any definite evidence on this matter so far, so whether it was my father or not is yet to be confirmed.

Ye Chen laughed in shame: "What a waste"

Su Shoudao questioned offhandedly, "What do you mean?"

Ye Chen shouted, "I said you are really a waste, a complete waste"

Chapter 2702

4-4 minutes

After that, Ye Chen pointed at Su Shoudao's swollen face and said in a cold voice: "Su Ruoli is your illegitimate daughter, and instead of giving her the love and care of a father, you used her as a murderous tool and instructed her to kill innocent people indiscriminately.

You have never said a word of thanks to her for what she has done. You have not only failed your own flesh and blood, but you have also failed the people who love you most in this world."

Su Shoudao's expression suddenly became very ugly, however, this is not the majority of the anger, the majority, is ashamed hard. The company's main business is to provide a wide range of products and services to the public. You are a strengthened version of you, a nest of snakes and rats, as the saying goes.

Su Shoudao's eyes dodged a little and his face. His face became flushed.

The first thing you need to do is to get rid of them.

Su Shoudao subconsciously blurted out, "I never wanted to kill Ruoli, let alone kill Zhiyu and her mother.

Ye Chen said coldly, "Even if your father did all these things, but as a husband and a father, you did not protect your own wife and daughter, that's all, but after the accident of your wife and daughter, you did not take revenge for her, instead, you ran to your father's side from Australia with a flattering face, kneeling to the murderer and helping the enemy.

"You sold your personality, your character, your dignity and your flesh and blood for the sake of inheriting the Su family's fortune in the future, in your eyes, money is more important than everything else, you are a bunch of fucking shit"

Ye Chen was already incredibly strong, plus he was a top expert and had his aura, so as his emotions grew stronger, every word he said made Su Shoudao feel like he was hammering his heart.

Su Shoudao's heart, under this repeated rebuke from Ye Chen, repeatedly and continuously suffered heavy hammering, and his whole heart and mind became extremely fragile.

Ye Chen looked at him and asked, "Su Shoudao, have you ever thought that if your two daughters were already dead, how would you face them after you die and see them, how would you kneel down and confess to them?"

"Or maybe you won't repent at all, because you are at heart an inhuman beast who doesn't care about anyone's life or death, you only care about your own glory and wealth"

"Maybe Su Ruoli's death gave you back Su Chengfeng's guilt, or maybe Su Zhiyu's death gave you back Su Chengfeng's trust"

"And what the two of their deaths together gave you back was the supreme glory of being the heir to the Su family"

If the death of your son, Su Zhi Fei, could give you back the position of the world's richest man, would you not hesitate to say yes to it too

"I guess you would say yes, because all you want is to be crowned with a yellow robe and a laurel crown, you don't care that the yellow robe you are wearing is sewn from the flesh of your sons and daughters, and you don't care that the laurel crown on your head is made from their human bones"

In my opinion, you would not hesitate to carry the heads of your sons and daughters in your two hands to the throne

"You would even cut off the heads of three of them with your own hands, given your character.

Chapter 2703

Every word of Ye Chen's words struck Su Shoudao's heart hard.

At this moment, when he imagined himself carrying Su Zhi Fei, Su Zhi Yu and Su Ruoli's heads with both hands and walking up to the bloody throne, the dam in his heart instantly broke its banks.

His eyes burst into tears and he roared, "No, that's not true. I never wanted to trade their lives for glory and wealth.

The first thing that I did was to take a look at the newest version of the book.

The most important thing is that you can't do anything about it, or you can turn a blind eye to it.

The company's main business is to provide a wide range of products and services to the public. I didn't know what had happened to her.

I knew that Haiqing had always loved your father, she told me so when she married me, but I never thought that after all these years of marriage and two children, she would still be unable to forget your father.

"I admit, I did hate her, I hated that she didn't see me, but I didn't want to kill her, it was my father who planned all that because he thought she was degrading the Su family.

But how could I know that Zhiyu was in the same car with her?

"I don't care if Du Haiqing is dead, I loved her so much and she hurt me so much, I'm already tired of it, Zhiyu is my flesh and blood, my most beloved daughter, how can I not feel for her but I can't undo it all!

Ye Chen saw his emotion and asked in a cold voice, "If you were given a chance to save the lives of your two daughters, what price would you be willing to pay?"

Without thinking, Su Shoudao said, "I am willing to pay any price, even if I have to die immediately, as long as they are safe and sound, I am willing to do it!

Ye Chen nodded, "That's what you said, remember what you said, don't go back on your words."

Su Shoudao thought that Ye Chen was mocking him and roared in anger: "What do you mean? Do you really think I am a heartless and unrighteous beast? Do you really think I would be willing to trade my two daughters' lives for any glory and wealth

"I'm telling you, the reason I chose to submit to my father was because the log was already in the ground, I had no other choice but to do my best to minimise my losses, both my daughters were gone and I had to make sure I got the position of heir to the Su family"

This is like a business deal, I have invested a huge cost, no matter what, I have to win to the end

Ye Chen sneered, "Don't get so excited, I'm not trying to mock you, I'm just asking you to remember what you just said."

After saying that, Ye Chen took out the mobile phone placed in his breast jacket pocket, with the finger camera just outside the pocket.

After pulling out his phone, Ye Chen clicked on the red area where he had stopped recording and the video had finished recording.

He then shook his phone and said to Su Shoudao: "Everything you just said is here.

Su Shoudao was confused: "What the hell are you going to do"

After saying that, he questioned with a nervous face: "You're not going to publish this video, are you?"

Ye Chen asked him in return, "Why are you afraid that old dog Su Chengfeng will see it and break up with you?"

Su Shoudao swallowed and said nervously, "You have already taken control of my second brother, if you waste me again, what good will it do you"

After saying that, he hurriedly said respectfully, "If you let me go today, I can give you a generous compensation, how about ten billion, if that's not enough, I can still add more"

Chapter 2704

Ye Chen waved his hand: "Su Shoudao, you think too much, other things may be solved with money, but today's matter, even if you hand over the entire Su family to me, it is useless.

After saying that, he sneered and added: "But you can rest assured on this point, this video, I will not publish it."

The most important thing is that you can be sure that you will not publish it.

Ye Chen nodded and smiled, "At least I don't plan to publish it now."

After saying that, he looked at the time and smiled, "It's almost time, let's go, I'll take you to see some old friends."

Su Shoudao thought that Ye Chen was going to take him to see his brother Su Shoude, and shaking nervously, he blurted out, "Where are you taking me to Ye Chen smiled faintly, "Guess.

Su Shoudao said nervously: "I I can't guess

The company's main business is to provide a wide range of products and services to the market.

The package I have arranged for you is completely different from your second brother's. You two won't be able to meet.

After saying that, he grabbed Su Shoudao's collar and said in a cold voice: "The person I'm going to take you to see is staying at this hotel, you'll find out later.

Su Shoudao was terrified, but he could only be dragged forward by Ye Chen.

After leaving the door of his room, he was shocked beyond belief to find that several men in black were standing at the entrance of several rooms next door.

Including the room where four of his men were staying, it was also being closely guarded by men in black at the moment.

Su Shoudao knew very well in his heart that, looking at this situation, he was afraid that his men were also in a bad way.

But if they were not dead, they were at least under the control of Ye Chen's men.

At that moment, Chen Zekai came up to him, gave Su Shoudao a glance and respectfully said to Ye Chen: "Young master, what are you going to do with Su Shoudao do you want to send him to Hong Wu's dog farm by helicopter right now"

Hearing this, Su Shoudao's whole body shuddered and his heart was beating wildly with fear.

Ye Chen smiled slightly: "Old Chen, don't send everyone to the dog farm, in the end Hong Wu that dog farm, the main use is still used to raise dogs, if we catch people and send them in, make the end more people than dogs, you say it will be called a dog farm or to raise people in the future"

Chen Zekai bowed his hands and said respectfully: "Young master is right, since we don't send the dog farm, then where to send it? I think, send it to Changbai Mountain, digging ginseng with the Wei family, it is also a good choice.

The company's main business is to provide a wide range of products and services to the public.

Ye Chen laughed: "These people are even dirtier than the Wei family's father and son combined, sending them to Changbai Mountain is like dumping non-recyclable harmful rubbish into Changbai Mountain."

After saying that, a cold smile wiped across the corner of his mouth and he said in a stern voice: "Take him to the administration floor first, and I will deal with him after meeting the people he should meet.

Chapter 2705

The question and answer between Ye Chen and Chen Zekai scared the soul out of Su Shoudao.

He really didn't expect Ye Chen's hands to be so black and cursed angrily in his heart: "Sending people to a dog farm, is this still a fucking human being sending people to the Changbai Mountains to dig ginseng?"

In fact, whether it was the dog farm, the Changbai Mountain, or the black coal kiln and Sierra Leone, those who were familiar with Ye Chen had long been familiar with it.

However, Ye Chen had always lived in the shadows compared to Su Shoudao, so Su Shoudao knew nothing about Ye Chen's methods.

It was also because of this same ignorance that when he heard some clues at first glance, he was immediately scared out of his wits.

And when he heard Ye Chen say that he was going to take himself to the administrative floor, he was even more puzzled in his heart.

He did not know why Ye Chen wanted to take him to the administrative floor. According to his words, he was taking him to meet some old friends, but who could these old friends be?

In doubt, Su Shoudao was dragged into the lift by Ye Chen.

Immediately afterwards, the lift came to the top floor.

At this moment, the passageway from the lift door, all the way to the executive floor, had been completely cordoned off by Richard Chen's men.

Ye Chen pulled Su Shoudao, who was in a panic, straight to the room where Du Haiqing and Su Zhiyu were staying.

At this moment, Du Haiqing and Su Zhiyu were still unaware of all this.

Just twenty minutes ago, Chen Zekai's men had brought breakfast to the mother and daughter.

Over the past few days, the mother and daughter had become accustomed to this kind of life under house arrest.

Although it was difficult for them to adapt at first because they were not allowed to go out, not allowed to communicate with the outside world, and not even have any access to information from the outside world, after a little time, they have grown to love the simplicity of this isolated life.

With no WeChat, no phone calls, no visitors, no news, variety shows or TV dramas, the most the mother and daughter did every day was to snuggle up together and talk and read, which over time also gave them a new kind of sublimity in their relationship.

After all, it is not easy in modern society to spend a few days in such isolation from the world, from modern technology, communication and entertainment.

Sometimes Su Zhiyao would spit out that living here was worse than prison, at least in prison there was time to relax and watch TV and learn about the current news of the outside world, but here she had no idea what was going on in the world.

After eating, Du Haiqing cleared his plate and said, "Zhiyu, tell the guards at the gate to buy some books for me.

Su Zhiyu nodded and asked her, "Mom, what kind of books do you want to read?"

The most popular literary works in China at that time were the classics of the former Soviet Union, such as How Steel is Made, Here the Dawn is Silent, and The Silent River Don, etc. At that time, most of the films shown in cinemas were also from the former Soviet Union, the most famous being Lenin in 1918. "

Su Zhiyu said with a bewildered expression: "Mom, I don't seem to remember any of these you mentioned.

Du Haiqing smiled slightly: "They are all very old works, you young people may not like to watch them, but they still have a deep influence on our generation.

Su Zhiyu nodded: "Then I'll speak to the guards at the entrance in a moment."

After saying that, she couldn't help but sigh a little helplessly and said, "I don't know when exactly is my benefactor planning to see us, I even dreamt about him last night

Du Haiqing asked curiously, "What did you dream about him?"

Su Zhiyu let out a bitter laugh: "I dreamt that he and Dad got into a fight, and Dad was beaten and swollen, and called me over to help"

Du Haiqing smiled and asked her, "Did you help him?"

"No." Su Zhiyu spat out her tongue and said, "Not only did I not help him, I even kicked his shoes into the river.

Chapter 2706

Du Haiqing couldn't help but laugh a few times, "Haha, what kind of dream is this for you."

Su Zhiyu laughed and said, "In the dream, it seemed that I was by the Yongding River, the place where I loved to fly kites when I was a child.

He said, Su Zhiyu added: "You said this dreaming is also strange, I seem to be a little girl in the dream, but I don't feel out of place at all when I dream.

The majority of dreams that are incongruous are the ones where you are so involved in the dream that you feel ridiculous when you wake up.

I don't know how many absurd dreams I've had in my life, dreams where the dead person is still alive, dreams where I've changed my life."

Su Zhiyao looked at Du Haiqing and saw the regret on her face that could never be erased, so she couldn't help but ask, "Mom, do you regret marrying my father?"

The girl who was the same age as you would not have married him if she had known that marrying that man would be accompanied by a lifetime of resentment.

Su Zhiyu's eyes could not help but bring a slight red tinge to them as she listened.

She knew the meaning of her mother's words.

If it was just for herself, marrying her father was something she regretted;

However, if she included herself, marrying her father, having herself and her brother, she had no regrets.

It was only this one sentence of no regrets that buried the true love of her mother's life.

Su Zhiyu could not help but be moved to say: "Thank you!"

Du Haiqing laughed, "Silly child, what are you thanking me for?"

She gently wiped away the tears at the corner of Su Zhiyu's eyes and said seriously, "So, you are not me, you are the same as that girl who was your age at the beginning. The only thing that matters is the right one. So in the future, you must choose the right one, remember what Mom said, don't settle for less.

Su Zhiyu nodded her head repeatedly and said seriously, "Mom, I know."

At that moment, the doorbell suddenly rang.

Su Zhiyu said, "It should be the aunt who came to collect the dishes, I will go and open the door.

After saying that, she got up and went to the door of the room, reached out and opened the door.

However, she never dreamed that the moment the door was opened, what she saw was the man she had been longing for and dreaming about for so long.

Ye Chen

At that moment, Ye Chen, who was tall and thin with a cold expression, was standing at the door of Su Zhiyu's room. When Ye Chen's face was close at hand, Su Zhiyu's whole body was struck by lightning, and she could not hold back her excitement.

She couldn't hide her ecstasy as she looked at Ye Chen and blurted out, "Your Excellency, it's really you."

Ye Chen looked at Su Zhiyu and said with a blank expression, "Miss Su, please move back a little."

Su Zhiyu didn't know what to do, but she obediently took a few steps back and subconsciously asked, "Your Excellency, are you coming in?"

Ye Chen didn't say anything, but directly pulled Su Shoudao out from the wall beside the door and dragged him in front of him.

Su Zhiyu didn't have time to see Su Shoudao's face for a moment, but he saw Ye Chen pull a person out of the blind spot next to him, and then

The next thing I saw was a loud boom.

The next thing I saw was Ye Chen raising his foot and kicking the man into the room.

Chapter 2707

4-4 minutes

Seeing a figure roll right past her feet into the room, Su Zhiyu was also startled.

However, she did not bother to look at who the man rolling past her feet really was, but focused all her attention on Ye Chen's face.

Seeing Ye Chen truly standing in front of her, Su Zhiyu's whole heart seemed to be completely captured by him in an instant, and the longing she had felt for many days at this moment was like a spring that rushed straight from her heart into her eyes, and immediately afterwards, it turned into bean-sized teardrops that rolled down.

She knelt down on the ground almost without thinking and choked up, "Thank you for saving my brother and my mother twice, thank you for saving my life.

Ye Chen's face was expressionless as he pointed at Su Shoudao, who was bruised and swollen on the ground not far away, and said in a cold voice: "Don't rush to thank me first, look at who he is!

Hearing these words, Su Zhiyu subconsciously turned around to look at him, and his whole body was struck by lightning

"Dad!

Su Zhiyu never dreamed that the man who was kicked in by Ye Chen was his father, Su Shoudao!

At this moment, Su Shoudao was also completely confused

Although the old man had guessed that Su Zhiyu might have been saved by the Japanese expert, Su Shoudao had not understood this mystery.

Moreover, she was in the Ye family's hotel.

Su Shoudao had just been tortured by Ye Chen's soul several times, and was in a state of extreme guilt for his two daughters, now when he saw that Su Zhiyu was still alive, he burst into tears: "Zhiyu, Zhiyu, you're really alive.

At this time, a shocked Du Haiqing had already come to Su Shoudao's side. She looked down at Su Shoudao, and then looked up at Ye Chen at the door, and her whole body felt as if it was a lifetime ago.

Ye Chen, and Ye Chang Ying looked really too much alike.

Standing in front of Du Haiqing, it made her feel as if she had gone back to thirty years ago all of a sudden.

All of a sudden, she had gone back to the time when she had fallen in love with Ye Chang Ying and had dreamed of marrying him.

At this moment, when Su Shoudao saw Du Haiqing walking out from inside, his whole body was struck by lightning.

He looked at Du Haiqing and subconsciously blurted out, "Haiqing, you're alive too!"

Du Haiqing was awakened by this sound and snapped out of her memories, then looked down at Su Shoudao and saw his face in his fifties, and was instantly brought back to reality from her fantasy dream.

She looked at Su Shoudao with an expression and eyes so calm that they made Su Shoudao's heart inexplicably flustered.

Immediately afterwards, she spoke in the same calm tone, "Su Shoudao, after all this, can you sign the divorce agreement?"

Su Shoudao was immediately ashamed and choked up as he said, "I'll sign it, and when I return to Yanjing, I'll sign it immediately.

Du Haiqing nodded and said, "After you sign, I will be clear with you, and I will not pursue all the things that happened before."

Su Shoudao said with tears streaming down his face, "Haiqing, the kidnapping and the car accident were all arranged by my father, I had nothing to do with it."

I know." Du Haiqing smiled slightly: "We are husband and wife, I know that even if you hate me, you may not really have the heart to kill me.

Chapter 2708

Su Zhiyu rushed to Su Shoudao and asked, "Dad, why did he do that?"

Su Shoudao was ashamed and said, "Your grandfather's style is like this and he was only targeting your mother, not you, but he didn't expect you to be there.

He had my mother killed, didn't he think that I would seek revenge on him in the future?"

Su Shoudao was speechless for a moment.

After a moment's hesitation, he sighed and said, "What can I do? One word from your grandfather and I'll be off to Australia overnight; another word from him and I'll be back from Australia overnight, with all the resources of the Su family under his control and everyone in the family under his thumb.

Su Zhiyu questioned angrily, "Su Ruoli is also your daughter, her death is unknown because of grandpa, my mother and I almost died in Jinling because of him.

Su Shoudao was so ashamed that he covered his face with his hands and cried: "I wish I could, but what can I do to leave the Su family and break with your grandfather?"

The company's main business is to provide a wide range of products and services to the public.

Su Shoudao waved his hands one after another: "No no how could I be such

The first thing you need to do is to get a good idea of what you are doing in front of your wife and children.

Su Shoudao blurted out, "I came to Jinling, naturally, to find the whereabouts of their mother and daughter

I only know that you quietly came to Jinling and quietly stayed at Buckingham Palace in order to find a chance to get close to Ito Yohiko from Japan."

As for why you were looking for him, it was because your Su family's shipping license had been revoked and you were now losing a lot of money every day, so you wanted to work with the Ito family to quietly transition the banned shipping business to Japan, am I right?

"This is a task given to me by my father, I dare not disobey.

Ye Chen sneered: "Come on Su Shoudao, what Su Zhiyu said just now is very right, what you really value in your eyes is the position of the Su family head, not any childish love at all, for this position, you will sacrifice anything, including your flesh and blood relatives

I'm willing to do anything for my daughter, but I just couldn't do it before.

"Oh really" Ye Chen looked at Su Shoudao and asked with a cold smile: "Su Shoudao, you said you are willing to do anything for your daughter, is that true"

Su Shoudao said without hesitation, "I swear to God!

Ye Chen nodded and smiled, "I remember that you also said earlier that you were willing to trade your life for the lives of your two daughters, so now is the time to test whether you are sincere."

When he finished, he turned to Chen Zekai, who was outside the room, and said, "Go, invite the other guest here too!

Chapter 2709

Su Ruoli's room was not far from Du Haiqing's and Su Zhiyu's rooms, both in the same area of the executive floor, only separated by about ten rooms.

At this moment, she naturally knew nothing about what was happening in Su Zhiyu's room.

For some time recently, she had been making good use of her time to practise her martial arts.

Ye Chen had previously boosted her Ren Ren degree directly from forty percent to ten percent, causing her entire strength as well as her roots to change drastically, so she couldn't wait to take advantage of the good foundation Ye Chen had laid for herself and quickly improve her strength.

At this moment, Su Ruoli, who was wearing her sports underwear for her morning exercise in her room, suddenly heard the doorbell and subconsciously realised that it must be Ye Chen, and ran to the door in excitement.

He was about to open the door when he heard Chen Zekai's voice from outside the door: "Is Miss Su awake?"

Su Ruoli's hand, which was about to touch the door handle, suddenly stopped and asked with some disappointment, "Is there something wrong with Mr. Chen?"

Chen Zekai politely said: "Yes, our young master is here, meeting some acquaintances in another room, and would like to ask you to come over as well, I don't know if it's convenient for you.

When Su Ruoli heard that it was Ye Chen who was looking for her, the mood that was just a little disappointed was instantly excited to the extreme again, like a young girl who had just fallen in love, so she hurriedly said: "Wait a moment, Mr. Chen, I will change my clothes and come out immediately!"

After saying that, she hurried back to the bedroom, although full of fragrant sweat, but did not care to take a shower, hurriedly wiped, then changed the clothes that went out.....

The first thing you need to do is to get a good look at the mirror and see how it looks. "

She had no choice but to dismiss the idea and rush out.

When she arrived at the door, Chen Zekai was waiting.

When he saw Su Ruoli come out, he made a gesture of invitation and said, " Miss Su, please follow me.

Su Ruoli nodded and followed Chen Zekai to the room where Ye Chen was.

At this moment, apart from Ye Chen, Su Shoudao, Su Zhiyu and Du Haiqing did not know who the other guest Ye Chen was talking about was.

Therefore, all three were very curious inside.

Soon, the door bell rang outside the door, and Chen Zekai spoke from outside the door, saying: "Young master, the guest is invited over.

Ye Chen gave a hint and said, "Let her in.

Chen Zekai immediately opened the door and said to Su Ruoli, who was beside him, " Please, Miss Su.

When she first saw Ye Chen standing inside the door, she was overjoyed, but when she saw the other people around him, she was frozen in her tracks.

She had never dreamed that her father Su Shoudao, her half-sister Su Zhiyu, and Su Zhiyu's biological mother Du Haiqing were all here!

Su Shoudao, Su Zhiyu and Du Haiqing

When they saw Su Ruoli walk in, they were all shocked to the point of no return!

No one expected that Su Ruoli, who had disappeared in Japan, was still alive!

The whole of Japan can be said to have gone to great lengths to find her. The police department searched the entire country in a carpet search, the soldiers of the Self Defense Force also searched every city in the homeland in a carpet search, and the Maritime Self Defense Force, which had conspired with Su Chengfeng to take credit for the mistake, searched the sea off Japan in order to save face and make amends.

The Japanese thought that Su Ruo Li had been killed at sea, after all, it is difficult to find a person in the sea.

The family also thought that Su Ruo Li was probably dead and buried at the bottom of the sea, otherwise how could she have escaped from the Japanese net? !

But now, Su Ruoli had appeared in front of them alive!

Moreover, this was not Japan!

This was China, this was Jinling!

Moreover, since she was Ye Chen's guest, it must have been Ye Chen who had saved her back.

In that case, it seemed that this Ye Chen simply had a heavenly ability!

If he didn't have this uncanny ability, how could he have brought Su Ruoli back from the mouth of the tigers and wolves without a sound? !

This was simply unbelievable!

The one who was most excited was naturally Su Shoudao.

When he saw that Su Ruoli was still alive, he became even more emotional and cried, "Ruoli! Ruo Li is really you! Dad had searched so hard for you!

Chapter 2710

Ye Chen rolled his eyes and looked at him, raising his hand and slapping him across the face.

"Slap!

This slap made Su Zhiyu and Su Ruoli both startled!

Su Shoudao was completely stunned and asked in anger, "What's wrong with me?"

Ye Chen asked in a cold voice: "Su Shoudao.

After Su Ruoli disappeared, did you really look for her?"

Su Shoudao was stunned for a moment.

"Yes, have I searched for her?"

"Of course not.

"That's because, I really had no way to look for her

"She disappeared in the middle of the ocean, and the entire nation of Japan failed to find her, so how could I, Shoudao, have the ability to do that?"

"Because I knew the chances were negligible, I didn't even think about looking for her.

"I've been pressured by the old man and can't mobilise any resources. The old man just sold Su Ruoli in the first place, so if I went looking for her in the second place, that would be going against the old man.

So, I really didn't look for her.

"In other words, Ye Chen didn't lose out on this slap in the face.

When he thought of this, he lowered his head in shame and choked on a sob: "Ruoli, when you were captured by the Japanese, I really wanted to save you, and your grandfather said that he would help me save you, but to my surprise, he went behind my back and negotiated those nasty terms with the Japanese Self-Defence Force

Tears rolled down Su Ruoli's eyes at once. She also guessed that the one who really wanted to betray herself must be her grandfather, Su Chengfeng.

However, when she thought that her father had not made any substantial effort to save herself, her heart also felt a little cold.

She felt that even if she was an illegitimate daughter, she was always his Su Shoudao's flesh and blood.

It was indeed too inhuman of him to do nothing when his own flesh and blood had been betrayed in such a way, even when his life and death were unknown.

He did not save or make any effort to save Su Zhiyu, the eldest daughter, not to mention your illegitimate daughter.

Su Ruoli nodded gently when she heard Ye Chen's words.

Last time, she had followed Ye Chen to capture Su Shoude, the second in the Su family, so after that time, she knew what had happened to Du Haiqing and Su Zhiyu.

Once she thought of this, and then thought of herself, her expression instantly became even more disappointed.

In her opinion, the Su family was really a tomb of affection and humanity, and for the Su family, hollister, there was nothing in this world that could not be sacrificed and given up.

Su Shoudao saw his two daughters looking at him with a look of disappointment and indifference, and his whole heart had collapsed.

He fell to his knees and wailed: "Zhiyu, Ruo Li, I am the father who failed to do my duty, I failed to protect you properly. I have sinned!

Su Ruoli turned her face away and wiped her tears with her back to Su Shoudao, while Su Zhiyu, her tears were flowing like a spring.

At this time, Ye Chen looked at Su Shoudao and chided in a cold voice: "Su Shoudao, you fought against my parents back then, formed the Anti-Ye Alliance, and even had a high probability of being responsible for my parents' death, while I, on the other hand, saved your Su family's bloodline three times and four times!

In Kyoto, I saved your son, Su Zhi Fei, and your daughter, Su Zhi Yu.

And in Tokyo, I saved your illegitimate daughter, Su Ruoli

"In Jinling, I saved your wife, Du Haiqing, and your daughter, Su Zhiyu

"Leaving aside Auntie Du, I have saved three people and four lives in your Su family

"Su Shoudao you just said that you were willing to trade your life for the lives of your two daughters, now both your daughters are standing here intact, it's time for you to keep your promise

Chen Zekai naturally knew that the other guest he was referring to was Su Ruoli

So, without hesitation, he said, "Yes, young master, wait a moment, I'll go and invite
