

Ye Chen 2711

Chapter 2711

When Su Shoudao heard this, his whole body trembled with fear

He really didn't expect that both of his daughters were really still alive

Moreover, they had both been saved by Ye Chen

In that case, if Ye Chen really asked him to give his life in exchange, what should he do?

He did feel guilty about his two daughters, and he did hope that they would be safe, but he was also a human being and he had not lived long enough.

As he thought of this, he shivered and choked up, "Mr. Ye, I swear to God, I really didn't kill your father and your parents back then, I really had nothing to do with their death.

He said, he hurriedly added: "I'll say it from the bottom of my heart, no matter what I did in the first half of my life, I was always overshadowed by your father, who was recognized as a great talent in Yanjing, and even in the whole of China, with his grace and talent.

I am just the eldest son of the Su family. Not only am I inferior to him in every aspect, even the woman I love has always been in love with him, and even after his death I am still living in his shadow, a shadow that has enveloped me until now."

Hearing these words, Du Haiqing's expression also suddenly took on a bit of guilt.

Su Shoudao cried bitterly and continued, "For so many years, although I never admitted that Ye Changye was better than me, I knew very well in my heart that I, Su Shoudao, was a hundred thousand miles behind Ye Changye, and with my ability, how could I possibly kill him?

"But if I could have killed him, why didn't I kill him when he was at the top of his game? Why didn't I kill him when he was at the top of his game?

Ye Chen saw that he was emotional and said these words almost as if he was pouring out and venting, and he realized in his heart that, looking at it this way, Su Shoudao should really not be the murderer of his parents.

It was not just that Su Shoudao's performance did not give any clues.

It was more because his words did have some truth to them as well.

Ye Chen thought to himself: "He must have hated my father.

"So, if he had that kind of ability, he must have made his move long before his father shone brightly and covered him up completely.

"It wouldn't have waited until after my father had receded into obscurity to do it.

"That, doesn't make sense

"Moreover, people say that my father is a heavenly talent, but Su Shoudao is not even close to being a heavenly talent, if my father really died at the hands of such a villain, then I'm afraid that would be a great insult to my father

However, even though Ye Chen had concluded that Su Shoudao was not the murderer of his parents, he was still not prepared to let Su Shoudao go.

For nothing else, just for the four words of the Anti-Leaf Alliance.

These four words, back then, even if they had not ultimately caused the death of his parents, Su Shoudao had always been against his father, and this was still an indefensible offence and sin

Therefore, just for the sake of these four words, Su Shoudao must also be made to pay a price for this

So, Ye Chen said in a cold voice: "Whether or not my parents' death had nothing to do with you doesn't matter now, because as you said yourself, your life is not a tribute to my parents, but a sacrifice for your two daughters Even if my parents' death really had nothing to do with you, since Su Zhiyu and Su Ruoli are already standing here intact today, you still have to die!

When Su Shoudao heard these words, his whole face was ashen.

Yes."

"Ye Chen is right."

"Putting aside the matter of his parents, I just said myself that I was willing to trade my own life for the lives of my two daughters, I have already let my two daughters down on me to the core, I can't let them down even more now

But

Thinking of this, Su Shoudao's heart was even more torn with pain.

He did not want to die.

Ten thousand times he did not want to die.

On the one hand, he didn't want to disappoint his two daughters, but on the other hand, he didn't want to die like this, so he didn't know what to do.

When Ye Chen saw him lower his head and not say a word, he suddenly questioned with a sneer on his face: "What, you want to backtrack now

"I I didn't". Su Shoudao blurted out.

Ye Chen asked, "Then how do you want to die, do you want to die yourself or do I want to help you?"

I

Su Shoudao was at a loss for words, his body twitching and trembling violently.

Chapter 2712

At this point, he didn't know what he should say.

Saying that he would die would probably force Ye Chen to kill himself.

If he said he wanted to help him, then he might just shoot himself dead.

However, with his two daughters here, should he go and beg for mercy from Ye Chen?

Wouldn't that be like breaking his word and leaving his two daughters behind once again?

Su Shoudao was so torn and afraid of death that he fell to the ground as if he was paralysed, knowing only to cry but unable to utter a word.

When Su Zhiyu looked at him, she despised him a little in her heart, but she also felt a little intolerant.

She was actually not afraid that her father would turn against her.

She was already disappointed with her father anyway, and there was no need to let him die at this time to show his will.

So, she hesitated for a moment and knelt down in front of Ye Chen with a poof, choking back a sob: "Your Grace Zhiyu dares to beg you to spare my father

Su Ruoli actually had the same thoughts as Su Zhiyu.

Disappointment was real.

But the bloodline was still there.

This man who was limp on the ground was still his own father.

Even if he was as cowardly as a mouse, even if he was addicted to money, he was still his own father.

How could she wish for his death when he had not harmed her with his own hands?

She immediately fell to her knees and begged, "Sir Ye, I beg you to give me a higher hand.

With a complicated expression, Du Haiqing also knelt down on one knee and said reverently, "Sir Ye, for all these years, as Su Shoudao's wife, I have been thinking of others in my heart, and I am indeed indebted to him.

Su Shoudao really did not expect it to be like this.

He did not expect that his two daughters, as well as the wife who was adamant about divorcing him, would all kneel on the ground and beg Ye Chen to bypass him.

It was at this moment that his heart truly felt guilty to the core.

He covered his face and cried bitterly on the ground, because he really wanted to live, so he had no face to look at his daughters and wife, and could only wait for Ye Chen's pronouncement.

Ye Chen was also a little hesitant at this point.

Hesitating whether he should kill Su Shoudao or not.

If he killed him, the Su family still had other sons. It was said that there were five sons in the Su family, the eldest and the second were gone, and there were still the third, fourth and fifth.

If he was not to be killed, he would not be able to swallow the anger of the Anti-Yeh Alliance alone.

At this moment, he looked at Su Zhiyu and suddenly said: "Su Zhiyu, if you want me to spare his life, you must agree to two conditions.

Su Zhiyu said without hesitation, "Your Excellency, please speak!

Ye Chen said in a stern voice: "The first condition, no matter what method you use, you must inherit the Su family within three years"

After hearing this, Su Zhiyu was stunned

She had never thought of inheriting the Su family, and even if she wanted to, she would not have the chance to do so, not to mention that she was a woman, and even her father, as the eldest son, had not been able to inherit the Su family for so many years, so how could she achieve this goal within three years?

However, when she thought that it was a matter of her father's life and death, she could only agree to it first, at least to save her father's life, so she said out of the blue: "Okay, I agree to the second condition.

Ye Chen said coldly: "The second condition, the day you inherit the Su family, you must hand over that old dog Su Chengfeng to me

"Before you hand over that old dog to me, Su Shoudao's life will be temporarily kept with me, when you hand over Su Chengfeng to me, I will return Su Shoudao to you

Chapter 2713

As soon as Su Shoudao heard that Ye Chen was going to detain him for three years, and that he had to exchange his father for him in order to get himself back, he was frightened for a moment.

As he was about to speak, Su Zhiyu, who was at the side, opened his mouth and asked: "Your Grace, you targeted my father because of the anti-Ye alliance back then, but what are you targeting my grandfather for?

Ye Chen smiled faintly and said seriously: "I targeted your grandfather for three reasons.

First, with your grandfather's absolute power of speech in the Su family, although your father was in charge of the Anti-Ye alliance, the one who was really behind it was definitely your grandfather!

Hearing this, Su Shoudao, who was on the side, nodded his head repeatedly with tears streaming down his face!

These words of Ye Chen spoke to his heart.

In the Su family, the prerequisite for doing anything must be the old man's nod of approval, otherwise, no one would dare to decide on their own.

Therefore, although the Anti-Leaf Alliance had ventured out on its own, it was also, in essence, the old master who was directing it from behind.

At this point, Ye Chen looked at Su Ruoli and continued: Secondly, I don't like your grandfather's style of action!

"This old dog acts too vicious, people say that tigers do not eat their children, but that old dog of your grandfather does not care about this, his own granddaughter or his daughter-in-law

The old dog is not the only one who is ready to sacrifice his own granddaughter, daughter-in-law, or even his own son, all are scapegoats who can be sacrificed at any time.

He said, and then glanced at Su Shoudao, coldly said: "Of course, your father is not a good man, I heard that the order to kill dozens of people in the whole family of Ryojin Matsumoto was given by him?"

Su Shoudao lowered his head and did not dare to speak, but he was still so nervous that his body trembled.

Su Zhiyu was also a little ashamed, her father's decision to do this had also shocked her for a long time. Although she could understand to a certain extent her father's desire to avenge herself and her brother, she really did not expect him to give Su Ruoli such a brutal order.

Su Ruoli was even more ashamed.

After all, it was she who had carried out the order to exterminate the Matsumoto family in the first place.

Ye Chen continued at this time, "Thirdly, if you don't hand your grandfather over to me, how could you possibly sit comfortably as the family head? As long as he is still alive, he will definitely not let you have your way, and this man will never release his power to a side until he dies!

As soon as Su Zhiyu heard these words, her entire body was stunned.

She understood that Ye Chen wanted his grandfather, in fact, for his own future and safety.

Thinking of this, she was silent for a moment, nodded gently and said: "En Gong, I promise you

!

When Su Shoudao heard this, he hurriedly pursued the question: "Mr. Ye, before Zhiyu handed my father over to you, how are you going to send me down?"

Ye Chen lightly said: "I have thought about it, I just met a new friend yesterday, his side of the conditions are not bad, you can send you over to experience life.

Mr. Ye, please don't send me to a dog farm, a black coal kiln, or a place like Changbai Mountain.

Ye Chen laughed: "Don't worry, I plan to send you on a holiday abroad to experience the exotic.

Su Shoudao's heart stuttered and he asked offhandedly, "Mr. Ye, I wonder if you know which country you want to send me to?"

Su Zhiyu, Su Ruoli and Du Haiqing also all looked nervously at Ye Chen.

They were all afraid that if Ye Chen suddenly said some third world country in Africa, in case they were sent to some poorest country in the world like Congo, Zimbabwe or Liberia, then they would really have to suffer endlessly.

Thinking of this, Su Shoudao couldn't help but plead: "Mr. Ye, please don't send me to Africa, I'm too old to stand that kind of torment.

Hearing this, Ye Chen said with a smile: "Mr. Su thinks too much, I have no connections in Africa, even if I wanted to send you there, there is no suitable place.

Chapter 2714

4-4 minutes

Su Shoudao was finally kind of relieved and half-hearted.

From his point of view, as long as they didn't go to Africa, it was basically all still justifiable.

Even in Burma and Cambodia, the conditions and security were better than in Africa.

So, he hurriedly asked, "Mr. Ye, where are you sending me to?"

Ye Chen smiled faintly and said three words indifferently: "Syria!"

As soon as Su Shoudao heard these three words, he felt a buzz in his head, and a huge force rushed straight to his head.

He thought to himself in a panic: "Syria? Isn't that a war going on? Is it safe to go to such a place at this time?"

Su Zhiyu nervously blurted out: "

The situation in Syria is volatile, not only is there opposition and other armed forces in the country, but the US also seems to have military operations frequently, it's really too dangerous, can we change the place?"

Ye Chen shook his head: "There is no need to change, just go to Syria.

Su Ruoli saw that Su Shoudao was very nervous, so he reassured: " You do not have to worry too much, although the situation in Syria is more volatile, but the capital Damascus is still

The opposition and other armed forces have not attacked there.

She said, adding: "Damascus has a long history and is making good progress in modernization, after all, Syria's GDP per capita is not low.

He had never been to Damascus, but when he heard about it, he felt that it was not too bad.

So, he not only thought: "I have the impression that although Syria is a country that is often at war, it is not very poor and is a middle-income country after all.

'If I go to the capital Damascus, I can also experience the exotic atmosphere, and if Zhiyu can really become the head of the Su family, then I will be the father of the head of the family, and I can continue to live the life of a human being when I return!

Thinking of this, he was overjoyed and hurriedly said, "Since Mr. Ye has made such an arrangement, then Su has absolutely nothing to say.

Ye Chen looked at Su Shoudao and said with interest: "Oh yes Mr. Su, I forgot to tell you, that friend of mine, who is the head of an armed force of the Syrian opposition, just fought a battle with the government forces the other day and won it, he does have something, and this person, who studied in our China for many years back then,

Chinese is very good, after you go, it will be easier to communicate with him too."

The first thing you need to do is to be careful when you get to Syria, once the war starts, you must protect yourself, guns have no eyes, don't get hurt by mistake.

The moment Su Shoudao heard this, he immediately collapsed: "What? The opposition? Mr. Ye, what do you want me to do in the opposition? !

Ye Chen laughed: "Didn't I tell you? You've been living a life of privilege for so many years, you might as well have a change of life!

I'm not sure what I'm going to do if your friend loses the war," Su Shoudao said, panicking. I might have to die there'.

Ye Chen said thoughtfully: "You really have some truth in this, by the way, do you have any dollar assets overseas that you can call on at any time?

The majority of the Su family's assets are under the old man, but I can also transfer a few tens of millions of dollars, the amount is not large enough for him to find out.

Ye Chen immediately said: "Very good, then when you get to Syria, by the way, transfer this money to my friend, as a support for the revolutionary cause of others

Chapter 2715

Ye Chen had just returned from Hamid's place, so he was well aware of Hamid's current situation.

Hamid was definitely very short of money.

A force of two thousand people, without exception, were all masters who only spent money, not made it.

Those helicopters and those armoured vehicles, once they were in operation, were even more money-burning machines.

So many people, so much equipment, so many people eating and feeding horses, it's all money.

The opposition's sphere of influence is usually the poor and remote areas of the mountains, and they can't find any way to make money, so they can only rely on conquering cities or capital funding from abroad.

In fact, Ye Chen has a lot of spare money in his hand, so it's not a big deal to really take out tens of millions of dollars or even hundreds of millions of dollars to fund Hamid.

In case this big brother in the future revolutionary victory, the feudal lord and minister, perhaps their own small investment can also be exchanged for big returns.

However, Ye Chen had an extra eye.

The kind of business Hamid was doing was part of another country's internal affairs, and generally speaking no normal country would interfere, let alone individuals.

If one directly finances Hamid, the money flows are all traceable

The actual fact is that you can find a lot of people who are not able to get a lot of money from the internet.

The actual fact is that you will be able to get a lot more than just a few of these.

He sent Su Shoudao over there and asked Hamid to find a job for Su Shoudao, keep an eye on him 24 hours a day and keep him honestly in Syria, and also ask Su Shoudao to bring Hamid a few tens of millions of dollars.

As for whether the Su family would get into trouble in the future for having financial dealings with Hamid, that was not something he had to worry about.

Therefore, he immediately said to Su Shoudao: "Give you two hours to prepare, at least prepare \$50 million, I will arrange for a plane to send you to Syria, before your people arrive in Syria, this \$5,000 has to be credited to my friend's account, otherwise, when you arrive in Syria, I will have them tie you to an armored car 24 hours a day.

The two girls from the Su family had embarrassed expressions.

Ye Chen didn't seem to care at all that they would be angry and displeased after hearing these words of bullying Su Shoudao.

After hearing this, Su Shoudao was scared out of his wits and said offhandedly, "Mr. Ye, I can pay the money, but can

Don't let me go to the front line

Ye Chen nodded and said: "In this way, I will introduce you to the specific price bracket and service details of this Syria holiday package.

Su Shoudao was dumbfounded.

"Why is there a package slot? What the hell is this Ye Chen up to?"

When he was depressed and puzzled, Ye Chen opened his mouth and introduced, "First of all, the basic package cost of our Syria holiday package this time is US\$50 million, as I have just said.

"But this \$50 million, to the local can only enjoy the most ordinary meals and accommodation, I estimate that most of the time is to eat some pasta, if good, two or three days can eat meat once, as for the accommodation well, usually are dirt houses, but you this minimum package does not include indoor accommodation, to there can only live in the cowshed.

Su Shoudao has a heart to die.

"This black-hearted Ye Chen! 50 million dollars and you don't even get to eat meat every day?

"That's even better! The point is that you can't even live in a dirt house? You can only sleep in a cowshed? What kind of life is that?

Ye Chen continued: "If you add an extra \$10 million and choose the \$60 million package, then you can upgrade your meals to a meat meal every day, and as for the accommodation, you can upgrade it to a windowless cellar.

Chapter 2716

Su Shoudao's eyes were about to fall out.

In his heart, he cursed with indignation: "This beast, his heart is so fucking black, \$60 million, one meal of meat per day, living in a windowless cellar, how can people still fucking live?"

Thinking of this, he choked up and said, "Mr. Ye, this service is too bad, can you give a better package"

Ye Chen said helplessly: "Aren't you only able to get a few tens of millions of dollars? With such a small amount of money, you can only enjoy such a class of service.

Su Shoudao hurriedly waved his hand and said: "Mr. Ye, as long as the treatment can be better, money is not a problem

Su Shoudao now figured it out.

In the past, I didn't dare to touch the Su family's big accounts privately, I had to have the old man's nod of approval before I could, but that was because the old man would periodically have the

financial audit check the accounts, and misappropriating the Su family's public money would not only be impossible to hide, but would also cause trouble."

"However, the matter of Ye Chen asking me to go to Syria this time is bound to be a nail in the coffin, and there is absolutely no way this guy will have any room to relent.

Since I have to go, after I go, Zhiyu will definitely have to find a way to inherit the Su family.

If Zhiyu can't inherit the Su family, then I definitely won't be able to come back, and if I can't come back I'm still afraid that the old man will find me in trouble.

But if Zhiyu inherits the Su family, then after I return, I will be even less afraid of the old man finding me in trouble, because he will definitely be in Ye Chen's hands at that time

"In other words, even if he wasn't in Ye Chen's hands and my daughter became the head of the Su family, it would still be the old man's turn to find me in trouble"

I'll think of a way to pay for it, but I'm not afraid of the old man finding out about it.

The company's main business is to provide a wide range of products and services to the public.

He said, he immediately introduced: "The cost of the deluxe package is 100 million US dollars, there is wine and meat at every meal, and you are given a small courtyard with a separate dry toilet, so that you can ensure that your privacy is not disturbed, it is definitely the highest standard of service in the region, how about it Mr. Su, do you want to have a set?"

Su Shoudao thought of being able to eat a full meal, have meat, and also live in a small courtyard by himself, which sounded really better than the cowshed and cellar he just mentioned, so he could only grit his teeth and said: "OK just this one

Ye Chen smiled faintly and said: "Then wait a moment, I'll make a phone call to that friend of mine.

After saying that, a phone call was made to Hamid.

When Hamid received Ye Chen's call, he asked with some joy: "Brother Ye, you should have returned to China already, right?"

Ye Chen laughed and said: "I'm back, I'm back.

Hamid sighed with some regret: "I'm really sorry that I didn't get to spend more time with you this time, but I haven't had a chance to thank you properly.

Ye Chen said with a smile: "It's just a handful, no need to be so polite.

Hamid asked, "When will you have time to come over again?"

Ye Chen thought to himself, "Who wants to go to that shitty place?"

However, he said politely: "Don't worry, I will definitely come over when I have the chance.

He said, "By the way, old brother, I'm calling here because I have a favor to ask you.

Hamid didn't hesitate to say: "If you have any requests, just give them to me.

I want to send a friend to your place to experience life. After he goes, I need to ask you to arrange someone to keep a close watch on him.

Hamid is also a smart man, almost immediately understood Ye Chen's meaning, hurriedly said: "no problem I am full of loaded soldiers here, even if it is a fly, will not let it fly away you just send it over

"That's great." Ye Chen laughed: "I'm embarrassed to bother you so much, give me an account number later and I'll arrange for someone to send you some money"

Chapter 2717

When Hamid heard that Ye Chen was going to send him money, he said nervously, "Oh brother, no, you have cured my leg, this is already a great kindness, how can I still ask for your money"

Ye Chen laughed and said, "You are not short of money, do not you have to spend money on food, guns and ammunition?"

The company's main business is to provide a wide range of products and services to the public.

When Hamid heard this, he said without hesitation, "If that's the case, then I'll do what I'm told and when your friend comes, I'll do my best to entertain him.

Hearing this, Su Shoudao on the other side was depressed to death.

"This bastard Ye Chen is using my money to earn his favours. 100 million dollars is not much, but it is not much at all.

While depressed, Su Shoudao couldn't help but feel: "Although this Ye Chen looks like his father Ye Changye, his style of action is very different. He is always open and honest.

"If he were to take a life like the Su family, he would be straightforward, though brutal.

He likes to send people to dog farms, black coal kilns, the Changbai Mountains and Syria, a way of playing that is almost unheard of in Yanjing's high society.

But it's a good thing he has such a bad taste, otherwise he would have killed me with one shot, and I would have been left with nothing.

When he thought of this, he was somewhat relieved.

Su Zhiyu and Su Ruoli looked at each other, and although they could not bear to see their father go to Syria, they knew that this was already Ye Chen's way.

At this moment, Ye Chen looked at Du Haiqing and asked with some respect: "Auntie Du, I wonder if you are still satisfied with this arrangement.

The reason why Ye Chen asked Du Haiqing was because he knew that Du Haiqing had loved her father for many years and had not been so happy all his life, so he had more or less sympathy for Du Haiqing in his heart.

Du Haiqing hurriedly said: "Since your Grace has already made a decision, I naturally have no opinion.

Ye Chen said seriously: "Auntie Du, you and my father are also considered old friends, there is no need to address me like that, just call me Ye Chen.

Du Haiqing nodded with a grateful face.

The first thing that I would like to do is to have the divorce papers prepared in advance and have him sign them in person before sending him back to Syria.

The first time he heard this, Du Haiqing hurriedly thanked: "That's very much appreciated!

Ye Chen smiled faintly: "It's all as it should be.

Once Su Shoudao heard that he would have to be taken from Syria to Yanjing in April and go to Ye Changye's grave to kowtow to his mistakes, his heart was depressed.

Chapter 2718

However, he also knew that he was now a fish on Ye Chen's plate, and could only be slaughtered by him.

I'll give you Hamid's contact details later, and have Hamid arrange for a helicopter to pick him up at the border, instead of using the Ye family's channels. .

Chen Zekai did not hesitate to say: "Okay young master, I will go and arrange it right away

Ye Chen nodded his head, looked at Su Shoudao and spoke: "The situation in Syria is complicated, Mr. Su, when you get there, try not to try to escape, otherwise if anything happens to you, you will only be able to bear the consequences yourself.

Su Shoudao nodded in dismay and subconsciously asked: "Mr. Ye, can I bring some personal belongings to the place where there is a shortage of everything, if I can bring some toiletries, daily necessities and clothes, shoes and hats, it will save me some worries after I go there.

Ye Chen said in a cold voice: "If you want to experience life, naturally everything should follow the local characteristics, you can use whatever you have, otherwise why not just build a villa for you there?

Su Shoudao saw that Ye Chen's tone was a bit sulky, so he didn't dare to make any more requests, and his whole body was obedient, like a frightened quail.

Ye Chen pointed at Su Shoudao and waved his hand at Chen Zekai: "Take him down.

Chen Zekai immediately greeted two of his men and took Su Shoudao out of the room.

At this moment, in the room, only Ye Chen, the two Su girls, and Du Haiqing were left.

Although Su Zhiyu was in an extremely complicated mood, seeing her longed-for benefactor right in front of her, her heart was constantly filled with a girlish blush and nervousness.

Su Ruo Li was a bit disappointed, although she had also been interested in Ye Chen for a long time, but in the end she had had more contact with him, unlike Su Zhiyu, who had been looking forward to him for a long time and then searched for him for a long time in a sea of people.

Du Haiqing's feelings were equally complicated.

She had suspected before that the benefactor Su Zhiyu had been longing for and dreaming about could be the boy she had seen at Ye Chang Ying's former residence, who was suspected to be Ye Chang Ying's son.

Now, this suspicion can be said to be a prophecy.

The reason why I have mixed feelings is that when I was young and in love with Ye Chang Ying, I never got a result back, and now that my own daughter has fallen in love with Ye Chang Ying's son, in case she repeats her own mistake, I, as a mother, will be overwhelmed with heartache.

After all, the feeling of loving but not being able to let go of it had been a constant for her for the past thirty years.

Thinking of this, she could not help but sigh in her heart: "Ye Chang Ying, Ye Chang Ying, you really do harm to people.

But at the same time, she had a strong expectation and desire in her heart.

She was looking forward to her daughter being able to marry Ye Chen, to be his wife, to be his wife, and to raise a family for him.

For, marrying Ye Chang Ying had been the thing she had most looked forward to.

She knew her daughter and had long since seen that she was deeply in love. Given her character, she was afraid that it would be impossible for her to get out of it, given that she was so deeply in love.

Therefore, she believed that deep inside her daughter's heart, she must also want very much to make things right with Ye Chen.

If her daughter could get what she wanted, not only would she be able to reap a lifetime of happiness for herself, but to a certain extent, she would also be fulfilling a long-cherished wish that had never been fulfilled.

Chapter 2719

Su Zhiyu didn't know what her mother was thinking, but in her heart right now, she did feel the excitement of getting what she wanted, and the anticipation and fantasy of the future.

She thought to herself, "Although it sounds like a hero saving a beautiful woman, it's because most people don't have the chance to encounter such a thing, and when it really happens to her, she can feel the killing power behind it. "

"What's more, my benefactor saved me more than once, he saved me alone, he saved my brother twice once, my mother once, and this half-sister beside me once"

A single saving grace is a lifelong memory, let alone so many times over and over again.

"It's just that I don't know if my benefactor has any interest in me, or if he's still single."

Su Zhiyu's mind was confused, wanting to ask Ye Chen, but not knowing how to speak.

It was Ye Chen who took the lead in breaking the silence.

He looked at Du Haiqing and said with respect, "Auntie Du, I'm really sorry for keeping you and your daughter here this time and not allowing you to contact the outside world.

Du Haiqing said: "Ye Chen, don't say that, if it wasn't for you, auntie and Zhiyu would have been dead long ago, how could they have survived unharmed.

She added: "What's more, you don't allow us to contact the outside world to protect our safety, which auntie still understands very well.

Ye Chen smiled faintly and said, "It would be best if Auntie Du could understand."

The company's main business is to provide a wide range of products and services to the public.

The company's main business is to provide a wide range of products and services to its customers.

The company's main business is to provide a wide range of products and services to the public.

Du Haiqing said, "Ye Chen, you don't have to be so polite to your aunt, if you have any requests, just ask!

Ye Chen said: "Su Shoudao will soon be sent to Syria, so soon he will disappear completely in the eyes of the Su family, as well as in the public eye, the Su family will definitely search for his whereabouts with all their might, if I let you and Miss Su leave, the Su family will definitely think that Su Shoudao's disappearance has something to do with you two, so I hope you can keep my secret for the time being.

If someone asks about our whereabouts these days, I will say that we were saved by a mysterious person whose identity is unknown. If they think that Su Shoudao's disappearance is also related to this, let them speculate on their own.

Ye Chen arched his hand towards Du Haiqing, and then looked at Su Zhiyu, and said seriously: "Please also ask for more help from Miss Su.

Ye Chen suddenly spoke to Su Zhiyu, making her a little nervous all of a sudden.

However, she was more or less torn in her heart.

After all, she was a member of the Su family, and if Ye Chen saw the Su family as a deadly enemy in his heart and continued to launch attacks on the Su family in the future, it would indeed be difficult for herself as a descendant of the Su family.

Thinking about it, she asked Ye Chen in a low voice: "I can agree to your request, but can you please answer a question for me, my benefactor.

Ye Chen nodded his head and said frankly: "No problem, go ahead.

Su Zhiyu plucked up the courage and asked him: "In the future, how will you treat the Su family, will you continue to be immortal, or will you let go of it?"

Ye Chen said: "Whether to let go or to continue depends on how much the Su family has to do with the death of my parents.

Chapter 2720

"Those who are related, I will not spare any of them ;

"But the ones who are not related, as long as they don't look to mess with my head, I naturally won't target him either;"

"If in the future you become the head of the Su family, those who should pay the price of the Su family have also paid the corresponding price, then the Su family and I will not offend each other in well water

Su Zhiyu nodded gently and said in a low voice: "Thank you, my benefactor."

In Su Zhiyu's opinion, although Ye Chen's words were somewhat cold, at least he was still clear in his grudges.

Ye Chen looked at the time and spoke, "Later today, I will have someone send the two of you to the suburbs, then I will give you a mobile phone, you can call the police, at that time, the two of you can return to your normal lives.

He said, he looked at Su Ruoli and added: "Ruoli's situation is rather special, after all, she was instructed by Su Shoudao and committed a felony in Japan, now all of Japan is looking for her, so her whereabouts, please also keep it a secret, do not leak out.

Du Haiqing nodded and said, "Don't worry about that, I won't mention Ruo Li's matter to anyone."

The company's main business is to provide a wide range of products and services to the public.

When Su Ruoli heard Su Zhiyu's words, the soft spot in her heart was instantly touched by her.

In fact, she always knew that Su Zhiyu was her sister.

Although she was from the same father, she also shared half of the same blood.

Therefore, she had always felt a sense of kinship with Su Zhiyu, as blood was thicker than water.

It was only that all along, she had lived in the Su family as a bodyguard, so she had to keep her distance from Su Shoudao, Su Zhiyu and Su Zhifei, whether it was to Su Shoudao or to Su Zhifei.

Moreover, since her identity had been exposed, she had not been too brave to face the Su family, especially Su Zhi Fei and Su Zhi Yu's siblings, and their mother, Du Hai Qing.

After all, her own mother was a third-party interloper. In the eyes of the world, this kind of third-party interloper who interferes in other people's families and even has an illegitimate daughter is the most scorned, especially when it is met with the anger of the original family members.

However, what she did not expect was that Su Zhiyu did not show any intention of blaming or angering herself, and even took the initiative to say that she was her sister, which really touched her heart.

So she choked up and bowed to Du Haiqing and Su Zhiyu, saying respectfully, "Thank you, First Mistress and First Miss!

First Mistress and First Miss are what Su Ruoli had been calling Du Haiqing and Su Zhiyu.

Although she had previously been a bodyguard of the Su family, bodyguards were also subordinates in the Su family, so it was natural for her to bring honorific titles to the direct members of the Su family.

When Du Haiqing heard this, she hurriedly said: "Ruo Li, from now on, don't call me any more First Mistress, it's better to call me Auntie.

Su Zhiyu also stepped forward and gently took Su Ruoli's arm, saying seriously, "Ruoli, since half of our bloodline is the same, then you are naturally my sister, the title of First Lady need not be mentioned in the future, if you also agree with this, from now on call me sister."

Su Ruoli was moved to tears and looked at Su Zhiyu and called out with a sobbing voice: "Sister. Su Zhiyu reached out to wipe away her tears and sighed gently before she said seriously: "Ruoli, for so many years, the Su family owes you so much.
