

Ye Chen 2731

Chapter 2731

In response, He Hongsheng, the head of the He family and He Yingxiu's father, looked a bit puzzled and spoke: "Yingxiu, these days after you went to the southeastern coast, your big brother approached me for a chat.

He Yingxiu asked, "Dad, what did big brother talk to you about?"

He Hongsheng sighed and said, "In order to find Ruo Li, our family has sent out most of our manpower and spent one to two hundred million dollars on various expenses, but there is still no news so far, which has delayed the children's practice, not to mention that our family has now turned against the Su family and lost its source of income.

The cost is even higher because there are so many people and so many mouths to feed, drink and shit.

He Yingxiu lowered her head slightly.

In her heart, she knew that the He family could not keep making continuous investments to find Su Ruoli, their granddaughter.

After all, the He family as a whole was not a very wealthy family, and their daily expenses were extremely high.

So she said to He Hongsheng, "Dad, I understand what you're saying, why don't I go and look for her myself?"

He Hongsheng sighed: "If you look for yourself, it will only be a psychological comfort at most, you also know that looking for someone is like looking for a needle in a haystack.

He Yingxiu fell into silence for a moment.

He Hongsheng hesitated for a moment, helplessly said: "really can not, you go to Su Shoudao, Ruo Li is sold by their Su family, even if he is not directly involved, but also to bear some responsibility, we are not with them now who is right and who is wrong, first let them come up with a certain amount of money and resources, to find Ruo Li.

He Yingxiu said with a complicated expression: "Dad, I don't want to meet with Su Shoudao anymore

He Hongsheng asked in surprise: "Could it be that this matter of Ruo Li, with the Su family, is just forgotten"

He Yingxiu let out a bitter smile and said, "Su Shoudao is just a puppet that the Su family's master calls on and waves away, looking for him won't solve anything, and the Su master acts in a cold and ruthless style, Du Haiqing is the second young lady of the Du family, the master doesn't even spare her, if I go to the Su family for a statement, I'm afraid it will involve the entire He family.

He Hongsheng helplessly lamented: "The shamelessness of the Su family is indeed far beyond my perception, now Su Chengfeng's reputation has been completely ruined, I am afraid he will act even more broken in the future, before there is still more or less regard for a little face, in the future may be completely shameless.

After all, he said again: "We are now breaking with the Su family and losing the biggest source of income. We still have to find a new master as soon as possible. Although the martial arts family has a good reputation, But there is nothing to make money. You can only rely on a big family that is willing to spend money. What do you think about this?"

He Yingxiu shook her head and said, "Dad, don't hide it. You said, what I think in my mind every day is Ruo Li. I can't concentrate any energy on other things at all. These days when I'm on the go, I don't even have the energy to think about what to eat for a meal, every time I feel hungry to exhaustion. , Just look for the nearest restaurant within my sight, and then fill up

her belly in the fastest time. After that, she bowed apologetically and said, "Dad, I can't help you during this period of time. To share your worries, please bear with

him.

He Hongsheng nodded and said comfortingly, "You don't have to blame yourself too much, I understand this kind of thing very well.

The only thing is that you are the only one in the family who sees things in depth, your brother and your brother see that the martial arts training is so developed and simple-minded, plus they have not read any books, so they do see things superficially.

He Yingxiu asked, "Dad, do you have any general plans now?"

Chapter 2732

He Hongsheng said: "I probably thought about it, or put the cooperation of the main family within the scope of Yanjing to find, Yanjing big family, in addition to the Su family, but also the Ye family, Gu family, really can not, we can also cooperate with the Du family, after all, the enemy of the enemy is a friend, I believe that the Du family must also have such an intention, Du Haiqing now life and death is unknown, this matter they can not eat this The matter is not likely to be a dumb loss for them.

He Yingxiu nodded, forced himself to think for a moment and said: "Dad, these three families are very strong, it is good if we can cooperate, but I still don't recommend cooperating with the Du family.

He Hongsheng asked, "Why?"

He Yingxiu said, "The Du family is in a special situation, not only is their offspring doing good business, but they also have someone in a high position, so even if they are extremely unhappy with the Su family, they are unlikely to cooperate with a martial arts family like us, if word gets out, it will have an impact on their reputation, and it is not easy to explain to the public."

He Hongsheng suddenly understood and said offhandedly, "No wonder I always feel that the Su family is a bit unlucky in this situation now, the ocean shipping business is so big and strong, yet the license was suddenly revoked, it seems likely that it was the Du family's handiwork.

Yes. He Yingxiu said: "The Du family people will definitely choose reasonable and legal means, even if they are using the rules of the game, they must be within the realm of reasonable and legal, but we, the martial arts family, in their eyes are people who wander in the grey area at the edge of society, they will definitely draw a line in the sand with us.

He Hongsheng nodded and said, "I understand, it seems that we still have to find a breakthrough point in the Ye family and Gu family. We have to find a breakthrough point on the Ye and Gu families.

After finishing talking, he stood up and said: "Yingxiu, in this way, I will transfer you a thousand more privately. Wan, you go to Jiadong Peninsula and look for it again. If you still can't find it this time, Dad suggests that you also face reality appropriately. If your whereabouts are unknown, you can't watch yourself and the whole He family languish.

He Yingxiu nodded gratefully and choked up, saying: "Dad, thank you!

He Hongsheng waved his hand and said, "Don't tell your brother and the others about this, understand?"

"I understand, Dad.

He Yingxiu had just finished speaking when his mobile phone suddenly rang.

A Jinling landline number with a tail number of six eight was calling.

She was a little surprised, but pressed the answer button and spoke: "Hello, who is this

Chen Zekai politely on the other end of the phone, asking: "Is this Ms. He Yingxiu He?"

"Yes, this is me, who is this?"

Chen Zekai was busy saying: "Hello Ms. He, introduce myself, my surname is Chen, I am the head of the Ye family in Yanjing in Jinling.

"She could never have imagined that she would be talking to her father about the Ye family, or even that her father would want to get in touch with the Ye family, and then someone from the Ye family would call her on her mobile phone.

Chapter 2733

Hearing that it was the Ye family calling, not only did He Yingxiu not dare to believe it, He Hongsheng, who was at the side, was also full of shock.

Just as He Yingxiu was astonished, Chen Zekai opened his mouth and asked, "Ms. He, I wonder if it's convenient to talk now"

He Yingxiu came back to her senses and hurriedly replied, "It's convenient, please go ahead."

Chen Zekai smiled and said, "Our young master would like to ask Ms. He to meet him for a chat, I wonder if she has time."

He asked, "I don't know what your young master wants to talk to me about."

Chen Zekai said: "Of course, we want to talk about cooperation. Our young master would like to discuss whether there are opportunities for in-depth cooperation between the Ye family and the He family."

She was planning to go to the coast of the Jiaodong Peninsula to look for clues about her daughter, so she really didn't have the heart to talk about cooperation with the young master of the Ye family at this time.

However, when she thought of the special situation of the He family, she needed to find a strong attachment, so she hurriedly said, "Mr. Chen, what time and place would your young master like to arrange a meeting? If my time does not permit, can I ask the rest of the He family to go over to meet with him?"

Chen Zekai said, "Our young master is in Jinling, the sooner the better, but if it's someone else, forget it, our young master wants to meet with Ms. He by name."

When He Yingxiu heard this, her face suddenly looked difficult.

She was going to the Jiaodong Peninsula, while Jinling was the other direction, so if she agreed to go to Jinling herself, she would definitely delay her plans and journey to find her daughter.

However, her father, He Hongsheng, hurriedly gave her a wink, signalling that she must say yes.

Seeing her father's face full of tension and expectation, He Yingxiu struggled for a moment and had no choice but to say, "Well then, since Young Master Ye thinks so highly of me, then I will go to Jinling to meet him."

The nearest airport is still a few hundred kilometres away from me, and there is no direct flight from there to Jinling, so the soonest I can get to Jinling is tomorrow.

Chen Zekai said: "If it's convenient for Ms. He, I can arrange a private jet to pick you up."

After a pause, Richard Chen added: "How about this, Ms. He, give me your current address, I will arrange for a helicopter to take off from the nearest airport to pick you up, then arrange for a private jet to wait at the airport, after the helicopter picks you up at the airport, the private jet should also arrive, at that time, you can directly take the private jet to Jinling, if it is fast, you can arrive tonight."

"So urgent" He Yingxiu was a little confused for a moment.

She couldn't figure out why the young master of the Ye family was in such a hurry to see himself.

Even if he was really keen to reach a cooperation with his own family, there was no need to be in such a hurry.

Because, according to this kind of planning by Chen Zekai, it would cost the Ye family millions just to pick themselves up and go to Jinling.

Firstly, the helicopter would have to fly a total of 700 to 800 kilometres round trip, and then the private jet would have to fly more than 5,000 kilometres round trip, which is a bit of a big deal.

But for He Yingxiu, the timing couldn't be better, because she had originally planned to go to the Jiaodong Peninsula, and even if she left today, it would be night time when she arrived at the airport after driving several hundred kilometres, and that airport is not very big, with no more than ten flights a day.

Chapter 2734

In that case, the earliest we could get to the Jiaodong Peninsula would be tomorrow afternoon.

However, if we can go to Jinling tonight first and talk to the young master of the Ye family about cooperation, no matter what kind of cooperation is discussed, we should be able to depart from Jinling to the Jiaodong Peninsula early tomorrow morning.

Jinling is very close to the Jiaodong Peninsula, and the journey by high-speed train is only an hour or so.

So, not only would this not affect her original plans, it would even be a little faster.

So she agreed without hesitation and politely said: "No problem on my side, I just have to trouble your side to arrange the trip.

Richard Chen smiled, "It's all a small matter, Ms. He gave me the details of the address and I will arrange for the helicopter to go there first.

"Good

After He Yingxiu gave the exact address of the He family to Richard Chen, they said goodbye to each other and hung up.

As soon as the phone hung up, He Hongsheng couldn't hold back his excitement and said, "This is really a case of someone handing me a pillow when I'm asleep. I was just looking for an opportunity to see if I could get in touch with the Ye family or the Gu family, and then a call came from the Ye family!

He Yingxiu nodded his head, but also some puzzled, puzzled said: "Dad, I do not quite understand, why the Ye family will take the initiative to approach us

He Hongsheng said offhandedly: "It must be because they want to go against the Su family, so they would think of pulling us in

He Yingxiu shook his head and said: "As far as I can remember, the Ye family has never been too demanding of martial arts families.

He Hongsheng waved his hand: "Just because they didn't in the past doesn't mean they can't now, maybe they just want to bring in martial arts families now and improve their overall strength

"That's not quite right." He Yingxiu said seriously: After the Su family's accident, all the big clans have actually tightened up a lot, they used to be able to do some small moves behind the scenes through the martial arts families, but now they don't dare to do anything, so it doesn't seem like the Ye family should suddenly want to pull us in at this time.

Saying that, He Yingxiu added: "Moreover, there's something else I can't figure out."

He Hongsheng hurriedly asked, "What is it?"

He Yingxiu said, "This Chen who called

I have to go to Jinling to see their young master, but shouldn't the Ye family be in Yanjing? Even if they have power in Jinling, but given the size of Jinling, a second-tier city like this shouldn't need a young master of the Ye family to sit in town, right?"

He Hongsheng frowned and asked her, "Do you think there is a fraud here?"

He Yingxiu shook his head and said, "I don't think there's a scam, but it just seems strange and doesn't make sense.

He Hongsheng was also a bit puzzled and muttered: "It really doesn't sound reasonable, why don't we call back and ask for clarification?"

He Yingxiu thought about it and said, "Better forget it, I'll go and take a look, I don't think it can be any kind of trap, and I really can't think of anyone who would be deliberately trying to deal with me."

Saying that, she added, "I'll have a chat with their young master when I arrive in the evening, then try to have a chat so that I'll take the first high speed train to Jiao Dong early tomorrow morning, counting the time, it's even quicker than if I went to Jiao Dong directly from here."

"Well," He Hongsheng nodded and said, "If there's anything going on then, contact me in time

Chapter 2735

While Chen Zekai mobilised his resources and went to the northeastern desert city to fetch He Yingxiu to come to Jinling, Su Shoudao was escorted by Chen Zekai's men onto a plane and flown to Syria.

At the same time, Hamid, who was far away in Syria, also began to mobilise his soldiers, preparing to follow Ye Chen's advice and strictly implement the nine-word policy of digging deep, accumulating food and slowly claiming the throne.

His friend in the construction industry in Iraq, once he heard Hamid say that he could give a 50 percent premium for the project and that he was willing to pay US\$5 million in advance, he did not hesitate to stop the project in Iraq for which he was late in getting the final payment and went to Syria in a flash with a group of construction workers who were desperate to make money.

Su Chengfeng did not yet know that his son had started his journey all the way to the west.

He knew that Su Shoudao was looking for a chance to meet with Ito Yohiko today, so he waited in the villa for Su Shoudao's good news.

He Yuanjiang, who was teaching at Jinling University of Finance and Economics, had spent the morning in a torment of extreme anxiety.

He had been following the reports from Syria about the eight hostages, but what made him feel very nervous was that there were no publicly reported updates on the matter.

It wasn't that the local media hadn't reported it, but that the opposition, which had captured the hostages, had surprisingly not spoken out again.

According to the opposition's previous public rhetoric, if the US embassy does not pay the US\$80 million, today they will have to kill the captives at regular intervals, one by one.

It is reasonable to say that once the opposition and the U.S. Embassy negotiate to no avail, they must kill the hostages to put pressure on the U.S. Embassy, but they have gone silent and have not released any more messages, which is really counter-intuitive.

He Yuanjiang was also worried about Ye Chen's safety and whether Ye Chen would be able to bring his daughter back.

After all, the war was raging there, and he thought that it would be difficult for Ye Chen to rescue his daughter easily by himself.

But he did not know that as early as the dawn of day, Ye Chen had already brought his daughter back to Jinling.

At this moment, his daughter, He Zhiqiu, was in the middle of a dream.

Her life in Syria had been very difficult, and she had been terrified and under great psychological and mental stress after being captured.

Now that she has finally returned to the peace and stability of China and is lying in the soft and comfortable bed of a five-star hotel, she is completely relaxed, so she sleeps soundly.

Ye Chen instructed Richard Chen to contact He Yingxiu, and then he himself slipped away to the business area of the Buckingham Palace Hotel.

This kind of top star hotel had very complete commercial facilities inside.

Many of the top luxury brands like to work with five-star hotels.

This is because in their view, consumers staying in five-star hotels generally have stronger spending power, which is a complete overlap with their kind of luxury customer base.

Therefore, many Chanel, Hermes and Dior shops are opened in five-star hotels.

Ye Chen had come here alone, not because he had nothing else to do but run to shop, but because he intended to buy a new dress for He Zhiqiu.

When he saw He Zhiqiu in the Syrian cellar yesterday, the clothes He Zhiqiu was wearing were already so dirty that the original colour could not be seen.

After all, she had been taken as a prisoner of war, so it was difficult to ensure that she was dressed decently even under such circumstances.

However, later at noon, Ye Chen planned to take He Zhiqiu directly to Jinling Finance and Economics College and give her father, He Yuanjiang, a surprise.

Since he was going to deliver a surprise, he definitely had to deliver his daughter to him intact and clean.

If He Zhiqiu went there dressed like a call girl, not to mention how He Yuanjiang would feel when he saw her, the security guards at Jinling University of Finance and Economics might not even let her in.

Ye Chen came to the business district and bought He Zhiqiu a high-end custom-made model of ready-to-wear at Chanel's shop by the way.

The style of a high-end fashion brand like Chanel was slightly luxurious, and the style of the clothes was also more beautiful and sexy, so Ye Chen casually chose a beige and white dress.

Chapter 2736

The Chanel dress, very much in the style of a British royal princess, had a knee-length hemline underneath, while the top was a long-sleeved mini-suit style, quite a luxurious celebrity style.

The main reason for this dress is that it is still a little chilly and this spring/autumn style is just right. Although the hemline of this kind of dress was long, it would definitely still be a bit cold if you really wore it with bare legs, so Ye Chen bought another pair of black bottoming stockings along with it. After choosing the size according to his impression of He Zhiqiu's height, he was about to buy the bill and leave when he suddenly remembered that the pair of sneakers the woman had worn yesterday were also dirty, so he bought her another pair of white fashion leather shoes in size 37. Ye Chen didn't know whether this size would fit her or not, but it didn't matter, he let He Zhiqiu make do with it if it didn't fit, it was better than wearing that. It was better than wearing clothes that had been used in battle. Carrying his new clothes and shoes out the door, Ye Chen overheard that there were several dummy mannequins wearing only underwear in the window of the shop next door. Only then did he remember that he hadn't bought He Zhiqiu's underwear. There was no need to think about it, He Zhiqiu must be exhausted after tossing and turning for so long and finally arriving at her room in the morning, so the probability was that she had taken a shower and went straight to bed, so it was unlikely that she would have time to wash out and dry her underwear one by one. That would mean that when she had to go see her dad later, she would have no clean underwear to replace. So, Ye Chen simply walked straight in. Once inside, Ye Chen realised that it was actually a high-end lingerie shop that only sold women's lingerie. The salesperson inside was female, and the few customers who were hanging out in the shop were also female. Seeing that Ye Chen, an old man, had come to shop in a women's lingerie shop by himself, everyone

looked at him with a bit of a strange look. Ye Chen also knew that it was not really appropriate for him to come here alone, so he planned to make it quick and pointed at a model wearing a black lace lingerie and said: "Here, please give me a set of this. A saleswoman said awkwardly, "What size do you want, sir? Size" Ye Chen frowned, thought back for a moment and said: "About 1 meter 7 meters tall, on the thin side. Good. The saleswoman nodded and asked, "What cup size is your girlfriend's upper body? Ye Chen heard what she meant and thought to himself, "What cup type is He Zhiqiu, how would I know I haven't touched it, besides she, He Zhiqiu, hasn't told me either" "Moreover, when I met He Zhiqiu, she was wearing an outdoor sports outfit with anti-war slogans on it, and her clothes were relatively loose, so she looked as if she didn't have many breasts. So he said stiffly, "That, I don't know exactly what cup it is, but it shouldn't be too big." The salesman also said with a bit of embarrassment: "Then it should be an A cup, wait a moment, I'll help you match the size. Ye Chen did not hesitate to say: "Good hurry! The salesman took out two pieces of underwear neatly folded in a bag from the small storage room at the back and asked Ye Chen: "Sir, do you want to open them to check if there are any flaws or threads or anything like that. How could Ye Chen be willing to check the ladies' underwear in front of so many people, so he hurriedly said: "No, just give me the bag. Come on, pay, you sweep me or I sweep you." The salesman said, "Wait a minute, I'll sweep you. The salesman skilfully put the underwear into the bag and then swept the code to settle the bill.

After settling the bill, Ye Chen ran out with the bag of underwear without waiting for the small ticket. The salesman looked at Ye Chen's back and then at the back of the dummy mannequin and muttered: "I really didn't expect this handsome man to be so decent looking, but he came alone to buy such revealing thong underwear for his girlfriend!

Chapter 2737

Ye Chen didn't know what was wrong with the underwear he had bought, as he had just taken a look at the front, thinking of a quick fix, so he simply pointed it out in passing.

However, if he had gone around to the back, he would have found that the underwear was actually a thong shape made up of two strings

After buying the clothes, Ye Chen returned to the hotel's guest room department, seeing that it was almost 12 noon and He Zhiqiu had not moved in her room, so he went straight to the door of her room and pressed the doorbell.

The doorbell rang for several minutes before He Zhiqiu woke up.

After waking up, she stretched beautifully, her body feeling indescribably comfortable.

Then, wrapped in her bathrobe and sleepily coming to the door, she looked through the cat's eye and found Ye Chen standing outside the door, hurriedly opened the door and respectfully said: "Mr. Ye!

Ye Chen smiled faintly and asked her, "How did you rest?"

He Zhiqiu said, "I feel that the sleep I had just now was the most relaxing and comfortable I have ever had in my life.

"The first time I saw you, I was able to see you.

The moment He Zhiqiu heard this, she hastily agreed, saying: "Yes, yes, then I'll go and change my clothes.

The clothes she wore were dirty and torn, and they were even stained with the blood of someone. If she wore those clothes to meet her father, she was afraid that they would make him feel bad.

When she was hesitant and didn't know what to do, Ye Chen suddenly remembered something, raised his hand, handed her some bags in his hand and said: "I bought you a new dress just now, I don't know if it fits, if it doesn't fit, you can make do with it first, let's go see your father first, then I'll take you out to buy something that fits.

He Zhiqiu didn't expect Ye Chen to be so considerate. Just when she was worried about her clothes, he took out the new clothes he had bought and gave them to her.

In her opinion, this act was not only considerate, but also a gift in snow.

In her eyes, Ye Chen's image instantly became even taller.

So she hurriedly said gratefully: "Thank you so much Mr. Ye!

Ye Chen smiled faintly: "No need to be polite, then I will go back to the opposite room and wait for you, come and call me when you are ready.

Okay

When He Zhiqiu returned to her room, she hurriedly wanted to see what kind of clothes Ye Chen had bought for her.

She had been brought up in a privileged and materially privileged way, so she had long been accustomed to designer luxuries, so what she was really looking forward to was Ye Chen's vision and aesthetics.

After all, she felt that the clothes that a man bought for a woman must be something that the man himself thought looked good and would like to see the woman wearing afterwards.

So, from these clothes, one should be able to see Ye Chen's aesthetics and intentions as well.

So, she first opened a few Chanel bags.

Taking the clothes out one by one from inside, she realised that it turned out to be a set of high-fashion dresses, as well as a pair of black bottomed silk stockings.

Seeing the stockings, He Zhiqiu couldn't help but blush a little.

Chapter 2738

For women, stockings are an absolutely essential item of clothing, not only to complement their figure and temperament, but also to keep them warm.

A few years ago, it was rare to see a woman wearing a skirt in winter, as the prerequisite for wearing a skirt was to keep the legs warm, but wearing a skirt on top and trousers on the bottom was definitely a bit weird, and wearing a skirt on top and autumn trousers on the bottom was even more bizarre, until the popularity of bottoms and stockings solved this problem.

However, although stockings had become very common, He Zhiqiu had never received any stockings from men for herself either.

This feeling was, more or less, still a little subtle.

But she knew very well in her heart that this was also a sign of attentiveness and consideration on Ye Chen's part, otherwise she might really have to wear a dress with bare legs.

She picked up the dress, put it on her body and walked to the mirror to compare it with her own, looking at herself in the mirror, she couldn't help but sigh: "The size Mr. Ye bought looks like it fits perfectly, and the style is beautiful, so you really have a good eye!

She then put down the dress and saw another large Chanel bag with a shoe box, so she hurriedly opened the shoe box and found a pair of very delicate white fashion leather shoes, so she couldn't wait to take them out and try them on her feet, and was even more amazed to find: "This pair of shoes is not too big, not too small, just the right size, they really fit me, and I don't know how Mr. Ye I don't know how Mr. Ye could have made such an accurate judgment, could it be the result of a visual inspection?

When she thought of this, her heart felt a little bit more touched by Ye Chen.

Thinking that Ye Chen was still waiting for her and that her father was anxious about her situation, He Zhiqiu didn't dare to think any more and hurriedly prepared to get dressed and go out.

But when she took off her bathrobe, she suddenly realised that she had no clean underwear to replace it.

When she arrived at the hotel this morning, she was so exhausted that she could have fallen asleep on the soft floor of the living room almost in a minute.

She was so tired that she couldn't even open her eyes afterwards, so she just fell asleep, not even thinking about washing her underwear.

When she thought of this, she was so annoyed that she muttered under her breath, "He Zhiqiu, He Zhiqiu, you're so stupid, why didn't you think to wash your underwear and replace it?

"But...

But I can't go without it, I can't ask Mr. Ye to buy me a pair of underwear, it's too hard to say!

Just when He Zhiqiu didn't know what to do, she suddenly noticed that in the middle of Ye Chen's huge Chanel shopping bags, there was a small pink tote bag.

She hastily picked up the handbag, only to discover that the brand logo on the bag was actually a brand that specialized in selling high-end women's lingerie

"Could it be that this is the lingerie that Mr. Ye bought for me?"

As soon as she thought of this, He Zhiqiu's face instantly turned red to the base of her neck.

The fact that Ye Chen had bought her a pair of bottoming stockings already made her feel very humiliated, but how could she have imagined that Ye Chen had even bought herself intimate underwear

"It's too humiliating to ask Mr. Ye to buy me such intimate clothes!"

For a while, He Zhiqiu's heart was very complicated.

On the one hand, she was relieved to have a solution, but on the other hand, she was so ashamed because of the special nature of this matter that she wanted to dive head first into the ice water.

After a few moments, reality prevailed in her struggling mind and she said to herself, "Anyway, at least the underwear problem is solved."

With this in mind, she plucked up the courage to open the pink package

Chapter 2739

The package was opened and what lay inside were two individually wrapped plastic bags.

He Zhiqiu's face turned hot with shame as she looked at the two pieces of pure black clothing with lace trim.

Although she had guessed that they must be underwear, she had not expected them to be black with lace.

In fact, He Zhiqiu had never worn such fancy and somewhat fancy underwear. She was a pragmatist and liked to wear solid-coloured, skin-friendly clothes.

However, now that Ye Chen had bought them all, there was no other choice, so she could only open them, thinking: "Anyway, let's wear them first to cope with going out, my personal belongings are in the United States, some of my luggage and clothes are in Syria, I didn't bring anything back to China this time, so I can only wait until I've met my father and then buy in bulk."

With that, she blushed and opened one of the intimate clothing items that Ye Chen had bought for herself.

It was a piece of clothing worn on top, so the first thing He Zhiqiu did after opening it was to check the size first.

She usually didn't like to wear clothes that showed off her figure, so she could easily be mistaken for having a flat figure, but in fact, at 1.7 meters tall, her figure was super hot, and her front and back were just the basics, and that ubiquitous s-shaped curve was no better than those of supermodels.

It is also because He Zhiqiu's body is too hot, from the beginning of college, because the body is too good to attract some annoying suitors, and even many people like dog skin plaster, on her study life has brought great impact, so she since then, will not wear any clothes that can highlight the figure.

For example, in the summer she wears loose clothes whenever possible and never wears skirts above the knee, lest she reveal her long, slender legs.

And in winter, they dress up in very bulky clothes, and they can't see the bulge as well as the curves of their figures at all.

Ye Chen had fallen for this trick.

When he saw that He Zhiqiu didn't seem to have much of a figure, he assumed that her breasts were out of stock and bought the smallest A cup.

However, He Zhiqiu's real situation was at least two sizes bigger than it was

So, when she tried on the dress that Ye Chen had bought, she was speechless to the extreme and couldn't help but mutter: "Is my figure so well hidden and so easily underestimated?"

Thinking of this, she sighed and thought, "I must have been subjectively unwilling to show off my figure, which is why Mr. Ye has created such a big error and prejudice, so it seems that I should not be like this in the future, otherwise everyone will think that I am a peaceful princess!"

As He Zhiqiu sighed, she looked at the dress in front of her again and decided to grit her teeth and wear it first.

She then opened the other bag and took out the thin piece of clothing.

When she looked at it with both hands, she let out a scream and subconsciously threw the garment away, then immediately covered her hot face and her heart beat almost twice as fast as before

"Mr. Ye, how could he

He Zhiqiu touched her hot face and muttered under her breath in shame: "How could Mr. Ye buy such clothes for me?"

"But he must have seen the clothes before he bought them, couldn't he have seen that they were too revealing?"

Or maybe he did it on purpose

But why did he deliberately buy me this kind of lingerie? Was it a prank or was it some kind of bad taste?

He Zhiqiu felt strange, and when she looked at the clothes she had thrown on the floor, she was almost certain that she would never wear such disgusting things in her life.

However, her mind quickly overturned the thought she had just been certain of.

"There's no solution if I don't wear this... it's just unacceptable to wear something dirty, or not to wear it at all.

"It seems that this is barely acceptable at all."

Thinking of this, she did not care to speculate on Ye Chen's motives, gritted her teeth and retrieved the piece of clothing that she had thrown away.

Ten minutes later, the doorbell to Ye Chen's room rang.

He opened the door, and outside the door stood, indeed, a refreshed He Zhiqiu.

Chapter 2740

Wearing Chanel's custom-made dress and matching it with bottomed leggings as well as white leather shoes, He Zhiqiu's whole person had a few moments of noble and reserved feeling.

In fact, her dress was worn by the European princess who had been very popular some time ago in public, which was very elegant and tasteful.

Only, who could have known that inside such a reserved and noble dress of He Zhiqiu was a set of intimate clothing that made her feel very ashamed of herself.

Ye Chen, who knew what was going on inside, could not help but say with a bit of smugness when he saw that she was dressed appropriately: "Aiya, it seems that I have a good eye, this outfit really matches you, and it seems to be the right size

Root.

He Zhiqiu's face instantly turned red to her neck

She thought to herself, "The outside does fit, but the inside doesn't. I don't know if you have a heart or a mind, but if you have a heart, then you're too mean."

And the top was so obviously small that I could hardly breathe!

But she wouldn't have dared to say such a thing.

So, she could only nod awkwardly and said, "It's hard for Mr. Ye, the clothes and shoes all fit well.

Ye Chen nodded his head and was a bit confused in his heart, the clothes and shoes fit, but he didn't know if the underwear fit.

However, this kind of question cannot be asked, so he simply digressed and said to her: "It's late, let's go.

"Okay," He Zhiqiu nodded gently.

Ye Chen asked Chen Zekai to send him a car key, so he drove He Zhiqiu to Jinling University of Finance and Economics in a Buckingham Palace Leslie.

On the way, He Zhiqiu had been looking around curiously, especially when she reached the centre of Jinling, she couldn't help but say: "Jinling is only a second-tier city, how come it is so well developed and looks like a cosmopolitan city

The company has been developing at a rapid pace over the years, and in addition to the first-tier cities, there are also a large number of approved first-tier cities, and Jinling is now considered a quasi-first-tier.

He Zhiqiu nodded and said with emotion: "I used to think that Jinling was just a medium-sized city, but I didn't expect it to develop so well, it seems that the situation in the country is indeed very different from what the western media propagates.

Ye Chen laughed: "That's natural, the western media are all lemons, they are so sour all the time.

He Zhiqiu agreed and said, "It's true, they love to report those smear and smear content every day."

As she said that, He Zhiqiu felt herself strangling more and more uncomfortable, and thinking about the shameful style, she couldn't help but feel a bit depressed, so she deliberately said to Ye Chen: "Mr. Ye, do you often buy underwear for your girlfriend

Ye Chen didn't expect He Zhiqiu to suddenly talk about this, so while embarrassed, he also replied in passing: "How is it possible, today is the first time!

He Zhiqiu pretended to be surprised and asked, "Really?"

Ye Chen nodded and said, "Of course it's true.

He Zhiqiu also asked: "Then will you be embarrassed when you enter the shop"

Ye Chen sighed: "It was quite embarrassing, there were prosthetic models wearing all kinds of lingerie everywhere, my eyes didn't dare to look around, I could only point out a set on a random model, then I hurriedly bought it back.

He Zhiqiu nodded gently and thought to herself: "It seems that that style was not intended by Mr. Ye either.

She then saw that Ye Chen seemed to be a bit restrained when talking about this matter, and could not help but laugh in her heart: "I didn't expect that such a powerful person as Mr. Ye would be embarrassed at times. I didn't expect Mr. Ye, who is such a powerful person, to be embarrassed."
