

## Ye Chen 2751

### Chapter 2751

He Yuanjiang was indeed very happy today.

Not only was his only daughter out of danger, but she had returned to him in peace.

What was more important was that after this time, she must know more about the dangers of the world and would no longer blindly pursue some unrealistic ideals like she did before.

Moreover, her daughter had also promised Ye Chen that she would stay and help him, which meant that she could have a long period of time to live with her daughter in the safe and peaceful city of Jinling.

He was so happy that he naturally had a few more drinks.

After three rounds of wine, He Yuanjiang became a little drunk.

He thanked Ye Chen three times in quick succession and finally focused the conversation on his daughter's body.

He looked at his only daughter with eyes that were three parts drunk and seven parts doting, and sighed: Zhiqiu, you and Ye Chen are about the same age, but Ye Chen has been married for four years, so it's time for you to take your personal problems seriously, right?

He Zhiqiu had drunk half a bottle of red wine, and although she was not drunk, her face was already flushed.

Hearing that her father was suddenly concerned about her own life, she said awkwardly, "Dad, there's no need to be so anxious about this kind of thing, there are so many friends around me, and at my age I'm still studying in school.

As she said that, she suddenly remembered that since .....

I once lied to my father, and hurriedly said: "And then again I have told you that situation.

He Yuanjiang looked at her and paused for more than ten seconds before he finally sighed and said with some emotional emotion: " Even if you like girls, you should find a girlfriend at this age, right?"

"" . He Zhiqiu didn't expect her father to say these words in front of Ye Chen, so she felt incomparably embarrassed and didn't know how to reply at once.

Ye Chen suddenly remembered what He Yuanjiang had told himself before, that He Zhiqiu, the girl, did seem to be very rebellious, and her sexual orientation was not quite the same as ordinary girls.

Thinking of this, the first thing that came to Ye Chen's mind was the other two women's hostages that he saw in Syria's Hamid.

So he asked off the cuff: " Zhi Syria your two female companions, would not have your other half, right?"

He Zhiqiu a - listen to this, the whole person immediately confused, a few seconds will come back to consciousness, shamefacedly said: "Mr. Ye what you say. Those are my classmates how can there be another one of me?

She did not expect, Ye Chen heard this, all of a sudden relieved, lamented: "Oops, no good, no good."

He Yuanjiang at this time himself smothered a glass of wine, and then raised his hand in mid-air constantly gestured and said: "In fact, Dad now also look away, now this society, this situation is not .....

It is very common, many countries have legalized marriage, including the United States, if you find the other half of your choice, you can completely get a marriage license in the United States.

He Zhiqiu was so embarrassed that he quickly said, "Oops, I think you must have drunk too much, why don't you drink less?"

I didn't drink too much," He Yuanjiang said seriously: "In fact, these words have been bottled up in my heart for a long time, and I've always wanted to tell you, but I just haven't found the opportunity to do so.

He said, not waiting for He Zhiqiu reply, he continued: "Dad really hope is that you can be happy and healthy, not necessarily live into the way I want you to live into, life is short, you live in accordance with your own favorite way to live.

When he said this, he at least poured himself a glass of wine and drank it all in one gulp, then said: "Dad has also paid attention to some girls abroad during this period of time, who are in the same situation as you, and I found that their lives are also very happy and joyful, and they also have the understanding as well as support from their friends and family around them, and some of them have even gotten legally married and live together openly, and there are even quite a few I think this is also a very good solution, as it can meet this need of your choice of spouse and also allow you to continue your bloodline, killing two birds with one stone, don't you think?

He Zhiqiu's expression was already jaw-dropping.

## **Chapter 2752**

She really didn't think that her father had really thought that her sexual orientation was a girl.

In fact, that was just a rebellious way of coping with her father.

At that time, her father always wanted her to fall in love and get married early, so he would often help her find some high achievers of similar age at the school where he worked, and some of them were even his favourite disciples.

But at that time, He Zhiqiu was not in love at all. Half of her mind was devoted to her studies, while the other half was devoted to the world, often participating in various environmental protection and anti-war campaigns, and even going to Syria with some friends to make an anti-war film.

At that time, she was at the peak of being blinded by the hypocritical universal values of the West. He received his higher education in the West, so he thought that the set of universal values of the West was the key to saving the whole world, or even saving all of humanity.

Westerners shout about environmental protection and energy conservation every day, but the per capita electricity consumption in the US is three times that of China, and the US consumes 25% of the world's oil and creates 25% of the world's greenhouse gases with 5% of the world's population.

Young Americans propagate anti-war and peace around the world every day, not realising that their country is the real global war machine.

But after the tragedy in Syria, He Zhiqiu has finally come to her senses.

She finally understood that the prerequisite for having an open mind about the world is to find out what the real world is like first.

Right now, the Chinese people are down-to-earth, living and working in peace and making every effort to make their lives better, while never taking the initiative to send troops to attack other countries and provoke disputes.

Seeing this clearly also gave her a little more understanding of her father's earlier bitter words.

Just then, He Yuanjiang looked at Ye Chen and opened his mouth to ask, "Ye Chen ah, uncle doesn't have many acquaintances in Jinling, you've been here for a long time, do you have any suitable girls around you that you can introduce to Zhiqiu."

Ye Chen nodded, not knowing how a face came to mind, so he said seriously: "Uncle He, I do know a good girl, her personality is a bit similar to Zhiqiu's, and her name is also quite similar, one is called Zhiqiu, .....

One is called Zhiyu, Zhiqiu, Zhiyu, the names are quite a match."

"That's a good thing!" He Yuanjiang, who was already drunk, hurriedly asked, "Does she like girls too? If so, you should introduce Zhiqiu to her!"

Ye Chen said awkwardly, "I honestly don't know, why don't I ask her sometime?"

"Sure!" He Yuanjiang nodded repeatedly and said, "Then you must take it seriously, uncle thank you in advance!"

He Zhiqiu didn't expect that her father would start to ask Ye Chen to introduce himself to a girlfriend, so she plucked up her courage and said to He Yuanjiang, "Dad, there's actually something I haven't told you clearly.

He Yuanjiang was stunned and asked, "What is it?"

After saying that, he asked nervously, "Is there something more explosive that you want to tell me? Zhiqiu, although my father is not too old, his heart can't stand too much tossing and turning, can you reveal to me what it is?"

He Zhiqiu lowered his head, not daring to look at He Yuanjiang, and explained shamefully under his breath: "Its actually that I don't really like girls

### **Chapter 2753**

---

When he heard what He Zhiqiu said, He Yuanjiang didn't come back to his senses for a moment.

He subconsciously asked, "Don't you like girls? ! If you don't like girls, can you still like boys?"

He Zhiqiu didn't expect his father to still look shocked at this answer, so he couldn't help but ask, "Dad, do you think I should like boys or girls?"

He Yuanjiang was immediately overjoyed and said happily, "From my point of view as a father, of course, I like boys better!"

After saying that, he hurriedly looked at Ye Chen and said, "Ye Chen, forget about the girl called Zhiyu, see if there is a suitable young man around you, and if there is, introduce Zhiqiu to him!"

Ye Chen smiled faintly and nodded his head, "Okay, I'll keep an eye out for her when the time comes."

He Zhiqiu said with an awkward expression, "Dad, I don't have any plans for the time being, Mr. Ye took such a big risk to save me, I have to focus on my work first, let's wait two years for the relationship thing."

He Yuanjiang said with a smile on his face: "Aiya, as long as you say you like a boy, then this heart of mine is much more comfortable, wait for another two years, just wait for two years, dad is not in a hurry!"

After saying that, he busily poured a cup of .....

Wine, said to Ye Chen: "Come Ye Chen, have another drink with uncle, today is really a double joy, double joy!"

Ye Chen naturally knew why He Yuanjiang was so happy and smiled as he picked up his glass and said: "Since Uncle He is happy, let's drink a few more glasses."

As he pushed and exchanged glasses, He Yuanjiang became more and more drunk.

By the time the meal was almost finished, he was already in a daze.

When Ye Chen saw that he had almost eaten the meal and drunk the wine, he said to He Zhiqiu, "Zhiqiu, why don't we stop here today, I'll ask Hong Wu to send you and Uncle He home, so you can go back and have a good rest."

He Zhiqiu nodded gently and asked, "Mr. Ye, do you have time tonight? I would like to invite you to a meal alone to show my appreciation."

Ye Chen waved his hand: "Forget about today, you should rest for two days first, and then we can meet again in a couple of days to talk about the preparation for the ocean shipping business."

He Zhiqiu then said, "That's fine, I'll wait for your news."

He Yuanjiang said drunkenly at this moment: "Ye Chen, you are really my uncle's precious company, if you need anything from me in the future, just... Just ask!"

Uncle.

Ye Chen nodded his head and smiled: "Okay Uncle He ....."

Don't worry, I will have to trouble you in the future.

He Yuanjiang immediately retorted: "What do you mean by trouble? How can you call this trouble? This child is smart and has learned a lot of knowledge, but she lacks social experience and reality. I'm afraid that she will go astray if she's not good enough, so don't take care of her too much.

Ye Chen smiled, "Uncle He, I believe Zhiqiu can definitely do well."

He Yuanjiang said with emotion, "Then it would be best.

After saying that, he looked at Ye Chen, and didn't know which tendon was wrong, suddenly sighed: "Hey! You just got married too early, otherwise if you could be my son-in-law, I wouldn't have to worry about her!

He Zhiqiu blushed red and said, "Dad, what are you talking about?

He Yuanjiang laughed and said: "I've had too much to drink and I'm just feeling a bit emotional!

Ye Chen then said with a smile, "Since you've had too much to drink, I'll send you back to rest first. "

After saying that, Ye Chen called for Hong Wu and asked him to drive and send He Yuanjiang and He Zhiqiu back home.

After Hong Wu drove away, Ye Chen himself was a bit worried, not knowing whether he should go home first or go to Buckingham Palace for a rest.

#### **Chapter 2754**

---

So he called Chen Zekai and asked him, "Old Chen, has Ruo Li's mother left yet?

Chen Zekai said, "Young master, I just received a report from my men that He Yingxiu has taken a helicopter to the airport and is expected to arrive in Jinling in about three and a half to four hours.

Ye Chen calculated the time, three hours is fast, there is no need for him to make a trip home, after all, his wife Xiao Churan must not be home at this time.

So he took a taxi straight back to Buckingham Palace, intending to rest a little and wait for He Yingxiu's arrival.

Meanwhile, the Su family villa in Suhang.

Su Chengfeng had not waited for Su Shoudao's response and was more or less drumming in his heart.

As a matter of course, Su Shoudao had gone to see Ito Yohiko this morning, and it was already past lunchtime, so whether his meeting with him had gone well or not, he should have given himself a progress report.

So, he took out his mobile phone and called Su Shoudao.

A cold alert came from the other end of the line: "Sorry, the user you have called is switched off."

Su Chengfeng's heart suddenly thumped!

'Oh no!' He said offhandedly, "Something must have happened to Shoudao!"

Butler Su Anshun hurriedly took out his mobile phone and spoke, "I'll call the young master's men.

After saying that, the phone immediately dialed .....

The number went out and soon came a message that it was also switched off.

His expression changed and he called several times in quick succession, all with the same result.

Then he said nervously, "Master, all four of them are switched off

Su Chengfeng's entire body shivered and said offhandedly, "It's over! It's over! It must be the same as Shou De, also fell into the hands of others

Su Anshun asked nervously, "What kind of big shot is there in Jinling? Could it be the Ye family behind this? !"

Su Chengfeng frowned and spoke:" Hurry up and arrange for someone to check and see if Shoudao left Buckingham Palace before he disappeared, if not, then the Ye family is naturally the most suspicious! I must get Ye Zhongquan to give me an explanation!

"Yes Master!

Su Anshun immediately tried to find ways to find various connections to search for Su Shoudao's movement trajectory.

Soon, the results came back, and all aspects showed that Su Shoudao did not leave Buckingham Palace today.

This made Su Chengfeng furious.

He didn't expect that the Ye family would dare to go straight after his son.

Moreover, since Su Shoudao was caught by the Ye family, then Su Shoude was 90% the same!

Subsequently, he made a phone call directly to Ye Zhongquan.

Once the phone call was made, Ye Zhongquan's voice .....

The voice then came over: "Yo, how come Brother Su is calling me?"

Su Chengfeng cursed angrily, "Ye Zhongquan! Don't get fucking close to me here, I'm asking you, where is my son Su Shoudao? !

Ye Zhongquan didn't expect Su Chengfeng to burst into foul language right away and asked in a cold voice, "What a joke! How do I know where your son is?"

Su Chengfeng gritted his teeth and said, "Don't play dumb with me! Shoudao stayed at your family's Buckingham Palace Hotel in Jinling last night, and then he disappeared this morning. !"

Ye Zhongquan's entire body was stunned.

He subconsciously asked, "Su Chengfeng, is this true?"

Su Chengfeng cursed, "Nonsense! I don't have time to talk nonsense with you? If you don't give me an explanation for this matter, I will make your Ye family pay even if I have to risk my life!"

Almost immediately, Ye Zhongquan concluded in his heart that this matter must be related to Ye Chen.

However, he naturally could not tell Su Chengfeng directly, so he said, "Su Chengfeng, I can swear to the heavens that I, Ye Zhongquan, did not know about the matter you mentioned! And I have definitely not instructed anyone to do anything to your son!"

Since you said

that the person disappeared from my Ye family's Buckingham Palace, then wait for me to ask about the specifics first, and then I will give you an explanation after I understand the specifics!

### **Chapter 2755**

---

When Ye Zhongquan hung up the phone, his first thought was to call Richard Chen immediately and question what was going on.

Tang Sihai, who was at the side, hurriedly asked after him, "Master, what happened?"

Ye Zhongquan sighed, "Su Shoudao disappeared today in Jinling, and had been at Buckingham Palace before he disappeared, and now Su Chengfeng has called me to ask for help, so I have to ask Richard Chen what is going on!"

Tang Sihai was dumbfounded as he listened and blurted out, "Su Shoudao has disappeared too? Su Shoude just disappeared a few days ago, and it was also in Jinling, and again, he stayed in a hotel and disappeared ....."

The other day Su Shoudao disappeared, also in Jinling, and he was also staying in a hotel when he disappeared." Ye Zhongquan sighed and said, "Su Shoude's case is easy to talk about, anyway, he didn't disappear on our turf, his death has nothing to do with us, but Su Shoudao is a bit tricky this time.

Tang Sihai's brain turned and immediately said, "Master, I think this matter, 80% of the time, is related to young master Chen ....."

"Ye Chen?!?" Ye Zhongquan asked offhandedly, "You think it was Ye Chen who did this?!"

Tang Sihai nodded and said seriously, "I think that if this matter is really ....."

If it's related to Chen Zekai, then it must be Young Master Chen who is behind it, otherwise, even if we give Chen Zekai eight guts, he wouldn't dare to lay a hand on Su Shoudao."

Ye Zhongquan nodded gently in agreement.

After all, Su Shoudao was nominally the number two man in the Su family.

Chen Zekai, on the other hand, was a subordinate in the Ye family.

Even among the subordinates, he was only at a middle level.

The disparity in status, identity and strength between the two was enormous, so how could Chen Zekai possibly hit on Su Shoudao.

Therefore, the only possibility was Ye Chen.

Thinking about this, Ye Zhongquan couldn't help but feel a little big-headed.

He rubbed his temples and lamented with a sad face, "Although I don't know much about Chen'er, I am still very clear about his style of action."

"In my opinion, although Chen'er and his father look very much alike, their acting styles, are really completely different ....."

Tang Sihai nodded and said approvingly, "Back then, the Eldest Young Master acted, of course, with foresight, thunder and lightning, and across the board, but to be honest, he was also a bit too much of a perfectionist, too concerned with image and public opinion ....."

Speaking of this, Tang Sihai could not help but feel .....

: "Back then, even if others used all kinds of shameful and underhanded tricks against him, he would still choose to fight back in an open and honest way and would never use the same tactics to return the favor ....."

Ye Zhongquan also sighed: "Ai! So this is also the shortcoming of Chang Ying, he is too focused on the four words of openness and fairness, it doesn't matter when facing ordinary opponents, with his superhuman ability, he can crush them, but once the opponent is very strong and does everything, he loses his advantage and initiative ....."

Tang Sihai nodded with great approval from the side.

Ye Zhongquan added at this time, "But Chen'er, is very different from his father!"

"Chen'er's style of action is standard pragmatic and extremely purposeful."

"For him, everything is driven by achieving his own ends, and in order to do so, his means are as varied and unrestricted as they are real."

"He is the kind of person that if you mess with me, then I have to f\*ck you, I have to f \*ck you and he knows very well that if he can't f\*ck you openly for the time being, then he will do it behind your back, and anyway he has one aim, to f\*ck and be done with it."

"And there are not so many restraints and shackles in his eyes

## **Chapter 2756**

---

Speaking of this, Ye Zhongquan gave a sarcastic laugh and said, "For example, in the case of him and Changmin, Changmin is his own aunt, but so what? When she went to Jinling, she bypassed him and

went to meet Ma Lan, telling her what to do and meddling in his marriage, so Chen'er could detain her for half a month and make her suffer in Jinling."

After saying this, Ye Zhongquan shook his head while laughing and lamenting, "Aiya! Changmin has lived for forty to fifty years, these forty to fifty years have never suffered anything, and not even a little bit, but as a result, she fell into the hands of Chen'er and had a full meal in one breath ....."

The first time the words fell, Ye Zhongquan's expression became serious again and he spoke: "But Chen'er is a bit impulsive this time! It's so irrational to make a direct move against the Su family! The Su family is only suffering from damage to its reputation and ocean shipping, but the rest of its business is still running normally, and it's not time to break its bones yet, and for him to directly strike at Su Shoudao, isn't this forcing the Ye family to go to war with the Su family?"

Tang Sihai followed Ye Zhongquan's words at this time and said, "Master, if we really start a war, it's not a bad idea, anyway, the Su family has always been our biggest rival,....."

Although we have been living together peacefully for twenty years, sooner or later we will turn against each other in the future."

Ye Zhongquan waved his hand and said, "Although that's true, it can't be done like that. Our conflict with the Su family is, frankly speaking, a conflict of money, a conflict of interests, a conflict of status, but not a conflict of death and life. And we don't have any advantage in martial arts fighting, in case the Su family gets desperate and makes a move against us too, then we'll be in big trouble."

Saying that, he took out his mobile phone and spoke, "I'll call Chen'er first and ask what exactly is going on."

At this moment, Ye Chen was meditating and resting at Buckingham Palace.

The excessive amount of aura he had consumed in Syria earlier always made him feel more or less mentally regressed and had a feeling of not having woken up.

He also wanted to try to absorb the so-called heaven and earth aura from his surroundings according to the method mentioned in the Nine Mysteries of Heaven Sutra, but how could there be any heaven and earth aura in this modern, iron-walled metropolis?

The ground is a dozen meters below the underground garages and foundations, with very little soil, and even those green trees were transplanted from behind.

.....

There is no point in having such trees, even if they are a hundred years old, because these ancient trees suffered a huge loss of their own aura when they were artificially transplanted, and when they were transplanted into the city, with its shallow, heavily polluted soil, it would be nice to be alive, so how could there be any aura left to speak of?

The feeling was like being thrown into the middle of the Sahara desert, with the unobstructed burst of sunlight above his head and the endless dry desert beneath his feet, even the moisture in the air had long since evaporated to the extreme, trying to find water here was not a fool's errand, was it?

The phone rang and he opened his eyes from his disappointment, glancing at the phone screen, his brow furrowed again.

"Ye Zhongquan?"

"It seems that the old man has come to ask for help."

Ye Chen let out a light hum and pressed the answer button.

"Chen'er!"

Ye Zhongquan's voice came through.

Ye Chen then asked, "Is there something wrong?"

Ye Zhongquan blurted out, "Chen'er, tell grandpa the truth, did you do the disappearance of Su Shoudao in Jinling?"

Ye Chen let out a hint and said blandly, "Yes, I did it, what's wrong?"

### **Chapter 2757**

---

Ye Zhongquan really didn't expect that Ye Chen would admit< acknowledge so readily.

This sudden frankness caught him a little off guard.

After a moment, he subconsciously sighed: "Chen'er, you're confused!"

Ye Chen frowned: "Where am I confused?"

Ye Zhongquan sighed, "You're confused because you shouldn't have attacked Su Shoudao! Think about it, he is the eldest son of the Su family, he disappeared in Buckingham Palace, can our Ye family get away with it?"

Ye Chen asked rhetorically, "What? Did Su Chengfeng come to you? "

"Yes!" Ye Zhongquan, with a sad face, said: "Su Chengfeng called me and shouted at me, saying that he wanted to fight with the Ye family! You have to know that our two families have always been moving their mouths but not their hands, if we break the rules this time, the Ye family will definitely retaliate wildly, and if it goes to the top, we are also the one who is at a disadvantage, it will be hard to stand up for ourselves then!"

Ye Chen smiled: "You called just for this?"

Ye Zhongquan heard the disdain in Ye Chen's tone and spoke up very righteously: "Chen'er, I know you have a big temper and many .....

When you don't want to put up with it, but you still have to do things with a big picture in mind! Going after Su Shoudao now will not do any substantial damage to the Su family, this guy is completely

hollowed out by his father and is a mascot, what's the point of tying him up, anyway? On the contrary, it gives the Su family a reason to target us ah!

Ye Chen said indifferently, "I'm not doing it to him for the sake of the Ye family either, but to make him pay for his anti-Ye alliance back then, he targeted my father back then, I'm going to target him, and I'm not just tying him up, when the ancestral festival comes around, I'll also escort him to the grave of my parents in front of Ye Lingshan to kowtow and admit his mistakes!"

Ye Zhongquan was shocked by Ye Chen's words and said, "You're forcing the Su family to play with us! If that's the case, I'd rather not hold the ancestral ceremony this year than go to war with the Su family now! We just need to wait patiently, the top will definitely gradually put pressure on the Su family, and we can just sit back and reap the benefits, but if you make such a fuss, you are helping the Su family to divert the top's attention, and then the trouble will fall on our heads!"

Ye Chen snorted and said: "Old man, don't be so afraid, this matter is not your .....

Think so complicated, and you can rest assured that Su Shoudao has been sent to Syria by me, no one can find him, and I will not let the outside world know his whereabouts, so it will not drag you into anything.

Ye Zhongquan helplessly said: "Chen'er, how do you think the problem is so simple? The person is missing in Buckingham Palace, even if you deal with no traces, we are also a hundred mouths to defend ah!"

Ye Chen laughed: "Old man, what was the first question you asked me?"

Ye Zhongquan was surprised to ask: "What is the earliest beginning of the problem?"

Ye Chen said: "The phone just connected, you asked me the first question."

Ye Zhongquan said off the cuff: "I asked you about the disappearance of Su Shoudao, is it your doing?"

Ye Chen oh, casually said: "Oh, not my doing."

"Ye Zhongquan was speechless for a moment, then helplessly said: "Chen'er, you're meaningless, Su Chengfeng is not a child, I told him so, he will believe it?"

Ye Chen laughed: "He does not believe what can be done? You tell him that Su Shoudao has never been to Buckingham Palace."

## **Chapter 2758**

---

The actual situation is that Su Shoudao did not stay at the Buckingham Palace.

Ye Chen said: "I am not sophistry, it is the actual situation, Su Shoudao did not even check into Buckingham Palace, his name is not in the check-in information, and there is no record of his entry into the hotel in the surveillance camera, understand?"

Ye Zhongquan hurriedly asked him, "Did you erase all the CCTV footage of his check-in?"

"No." Ye Chen said indifferently: "When he first checked in, he did so to quietly get close to Ito Yohiko, but he was afraid that the people at Buckingham Palace would find out his true identity, so he had his men come over and open the room, then he disguised himself and bypassed the surveillance to quietly check in, so naturally he didn't leave any information about his stay.

If you're not convinced, tell him to produce evidence of Su Shoudao's stay at Buckingham Palace, or tell him to go directly to the police."

After saying that, Ye Chen added: "Then you can also bite him again, questioning him what he really means, whether he is deliberately trying to frame .....

The Ye family, looking for a reason to go to war with the Ye family?

Ye Zhongquan's jaw dropped as he listened.

At first glance, it felt that this line of thought Ye Chen was talking about was not very plausible.

However, after careful speculation, it seemed to work.

When he thought about it more carefully, it even made people clap their hands!

He couldn't hide the excitement in his heart as he secretly thought: "Damn, if you Su Shoudao who swaggered into Buckingham Palace, that person lost Buckingham Palace must have an unshirkable responsibility, and Buckingham Palace is owned by the Ye family, the Ye family must not be able to give a statement.

"The door of Buckingham Palace is open 24 hours a day, so you can walk in like a rat, but you have to sneak in like a rat and leave no trace of your own initiative. What a joke!

He got excited when he thought of this and said, "Tatsu, you had this in mind! This is really a beautiful thing to do!

The fact that you have said this will only make the Su family suffer a dumb loss, the Su family will definitely still put the matter of Su Shoudao's disappearance .....

Remember on your head, but I am now, after all, feathered, so this thing will have to help you carry a little.

Ye Zhongquan he smiled, said: "It does not matter, as long as he Su Chengfeng no direct evidence to prove that there is a relationship with our Ye family, he has no reason to go to war against us, there is no reason to go to war and forced to go to war, the people above them will only be more opinion, so in this way, Su Chengfeng certainly do not dare to act, can only eat a dumb loss!

After saying that, he hurriedly asked: "Right Chen'er, how did you get Su Shoudao to Syria? It is not sent to that Hamid's hand, right?"

Ye Chen heard him mention Hamid, but also not surprised, after all, the whole of their own to Syria, almost all of his men Han Guangyao arrangements, and Hamid sent himself away, Han Guangyao also saw him, these circumstances Han Guangyao will certainly be reported to Ye Zhongquan.

So, Ye Chen also very generous admission, said: "I let Su Shoudao to Hamid sponsored 100 million dollars, and then send him over to experience life, that place is isolated, as long as I do not let go, give the Su family fifty years may not be able to find him!"

Ye Zhongquan heard here, could not hold back his excitement and said: "Beautiful! Well done!"

## Chapter 2759

---

Ye Chen saw that Ye Zhongquan had no more worries, so he said, "If there is nothing else, I'll hang up first, I'm tired from this journey, I need to take a good rest."

Ye Zhongquan said, "Okay, okay, you take a good rest first, grandpa will not bother you!"

Ye Chen was about to hang up the phone when he suddenly remembered one thing and said, "Oh yes, I plan to do ocean shipping, in the future this piece of business, the Ye family should not grab with me, right?"

"What?" Ye Zhongquan exclaimed, "You want to do ocean shipping?"

"Right." Ye Chen said lightly: "Already in preparation, I will tell you after the project starts, by then, I will take over the dividends released by the Su family, in addition to the market south of the Yangtze River, I hope the Ye family will not come over to interfere."

Ye Zhongquan hesitated for a moment and agreed with a stiff upper lip, saying, "Good! In that case, then I fully support your business venture in Jiangnan!"

"Good." Ye Chen then said, "In that case, let's hang up first."

Ye Zhongquan hung up the phone with mixed feelings in his heart.

Tang Sihai, who had been listening silently, saw him hang up the phone before he asked, "Master, what did he say about the young master?"

Ye Zhongquan then said what he had said to Ye Chen on the phone just now, the big .....

He repeated the overview with Tang Sihai.

Afterwards, he sighed: "Chen's son is really powerful, only one person went to Syria, and even with the opposition forces of the commander called brother, and also let Su Shoudao spit 100 million dollars to the other side, this is the start of cultivating overseas connections, and this time Su Shoudao disappeared, the Su family's dumb loss is sure to eat."

After that, he said with some annoyance: "Only, Chen's son suddenly said he wanted to engage in ocean shipping, and hoped that I would not intervene in the business of Jiangnan, hey, I had wanted to take advantage of the opportunity to steal the Su family's business market, but he wanted, and Jiangnan I still have to give him, so that we themselves will suffer considerable losses ... .."

Tang Sihai asked him: "So what are you going to do?"

Ye Zhongquan helplessly said, "Su family this piece I will not move for the time being, see if he can do it, if he can really follow the trend to become big is also good, then I can give him the transport market in Jiangnan, but then there must be conditions, I want to use the market in Jiangnan, in exchange for him to return to the Ye family in an open and fair manner."

.....

At this moment, Su Chengfeng is waiting for news from Ye Zhongquan, while urging his men to do their best to collect clues.

However, just like the time when Su Shoude disappeared, .....

The entire Jinling was simply a black hole that swallowed up his two sons and all messages related to them.

Just then, Su Anshun reported over a message, "Master, the eldest young master arranged for the finance of an overseas company to transfer \$100 million to a Swiss bank account this morning!"

"What?!" Su Chengfeng blurted out, "Hurry up and check it for me! Find out whose account is the recipient of the money!"

Su Anshun said helplessly, "Master, this is impossible to find out, the main reason why Swiss banks are so popular all over the world and have survived to this day is that they do their best to maintain the privacy of their customers, so it is impossible for anyone to find out."

Said, Su Anshun said: "But the Swiss bank was forced to sign an agreement with some countries, in some special circumstances, can provide customer information for certain countries, but this is limited to the national level, if you can find the above relationship, there may be a possibility ....." "

"Does not exist ....." Su Chengfeng smacked his lips and said: "The people of the country are scolding me, the upper side of my opinion is very big, they did not directly let me go over to give an explanation is already I burned high incense, if I am at this time to go to them with a quiet face Help, that is not to the muzzle of the gun?"

Su Anshun said helplessly: "Then there may be no other way..."

## **Chapter 2760**

4-4 minutes

---

Su Chengfeng frowned and muttered, "I don't quite understand, since Shoudao 80% is in the hands of the Ye family, what is the point of the Ye family to engage in this \$100 million? They could not care about such a little money ah ....." "

Su Anshun spoke up, "Or maybe it's a smoke bomb they released on purpose?"

"Smoke bomb?" Su Chengfeng was even more surprised and said, "There is no point in making such a smoke bomb, right? It's more bullshit than this place ....." "

Just when Su Chengfeng was puzzled, Ye Zhongquan's phone call came.

Su Chengfeng hurriedly connected and asked off the cuff, "Ye Zhongquan, where the hell is my son!" Ye Zhongquan said in a cold voice: "Su Chengfeng, how do I know where your son is?"

Su Chengfeng cursed, "You're fucking with me, aren't you? My son disappeared from your Buckingham Palace Hotel! You're telling me you don't know?"

Ye Zhongquan immediately warned, "Su Chengfeng, don't fucking spout off! You said your son disappeared from the Buckingham Palace Hotel, I had someone check all the occupancy of the Buckingham Palace .....

Information, there is no Su Shoudao the three words! And I also had people check the security camera, there is no footage of Su Shoudao staying at Buckingham Palace, I now seriously doubt that you old thing is deliberately looking for my fault ah? Did you ask Su Shoudao to hide, and then made up this scene, and then came here to question me, to start a war with me?"

When Su Chengfeng heard this, he immediately exploded with anger and cursed, "Don't give a damn! Am I that boring?"

Ye Zhongquan sneered, "Who the hell knows what you are, the Japs used the same reason in 1937. I didn't expect you to learn it after so many years!"

"Fuck!" Su Chengfeng was so angry that he gnashed his teeth: "Ye Zhongquan, you fart!"

"I fart?" Ye Zhongquan said in a cold voice: "Your son never came to Buckingham Palace, and now you're questioning me, what is this? But if your son did stay at Buckingham Palace, you come to me again, I have nothing to say, but your son has come?"

"Your son has not even come, you dare to accuse me, believe it or not, I will directly call the police, or simply we will go to the people above..."

Theories, theories in front of them, to see who is really up to no good!"

Su Chengfeng was speechless at once.

He then remembered that his son went to Jinling, quietly, without telling the public.

Moreover, when he checked in, he let someone unrelated to him to get a room, and then he sneaked into Buckingham Palace under the cover of his beloved.

What's more, he didn't leave the door after checking into the hotel, nor did he show his face, so by definition, Buckingham Palace couldn't have known of his existence.

"In that case, Shoudao how on earth did he disappear?!"

"Could ..... it be that the Ye family is really not behind this matter?"

"If it's not the Ye family, then who could it be ....."

At this time, Su Chengfeng suddenly thought of his second son Su Shoude.

The second son, Su Shoude, disappeared from the Jinling International Hotel, which had nothing to do with the Ye family.

Moreover, his disappearance is also very strange, suddenly disappeared without leaving any clues.  
So it seems, and this time Su Shoudao's disappearance, but really has a similarity .....
