

Ye Chen 2771

Chapter 2771

The biggest difference between the He Family's Qi Tonic Pill and Ye Chen's Blood Dispersing and Heart Saving Pill is actually not the medicinal effect, but the medicinal properties.

By medicinal properties, I mean the basic nature of this medicine.

Still using that analogy from earlier.

A blood dispersing and heart saving pill is a heavy bomb used in the military.

The Qi Tonic Pill, on the other hand, is just an ordinary firecracker.

The difference is not only in the energy of the explosion. The difference is not only in the energy of the explosion, but also in its fundamental nature.

For example, military bombs, able to blow through a meter thick steel plate, blow through ten meters thick concrete fortifications, but ordinary firecrackers using ordinary gunpowder, even if more than one - meter thick steel plate can not be blown through, this is the nature of . This is the fundamental difference in nature.

This is the case with the He family's Qi tonic.

A pair per month was like eating an extra meal of fish and meat every month, which could indeed improve nutritional intake and physique to a certain extent, but it was a fool's errand to eat such things alone to produce a supreme expert.

In contrast, the Blood Dispersing and Heart Saving Pill given by Ye Chen was simply an unprecedented panacea!

Su Ruoli on the side also shared the same feeling.

She had always been considered one of the few offspring with top qualifications in the Su family, so she used to get at least three pairs of Qi Tonic Pill and Body Awakening Soup every month, but both of these medicines gave her the feeling that they were merely better than nothing, far from being able to make a sudden improvement.

However, this elixir given by Ye Chen contained surging internal energy, which not only instantly enhanced the meridians, but also strengthened the entire body from the inside out.

Moreover, this internal energy was not a flood of beasts rampaging through the body, but very meticulously nourished the entire body from the inside out repeatedly, the feeling was as if every cell of the entire body was being enhanced with the medicinal effect of this pill.

What surprised her the most was that the third meridian, the Punching Vein of the Eight Qi meridians, which she had not been able to break through, also broke through silently at this moment!

This breakthrough was not as surging and majestic as a thunderstorm, but rather as smooth and natural as water coming into being, as if it was as simple as piercing a layer of window paper!

Moreover, the already cleared Governor's Vessel had leapt from about to break through 40% to 50%!

You know, the He family has been for so many years

Only one person had opened up three levels of meridians, and that person was Su Ruoli's grandfather, He Hongsheng.

And although He Hongsheng had opened up three meridians, the smoothness of all three of his meridians was not as good as Su Ruoli's.

It could be said that with just this one elixir from Ye Chen, Su Ruoli's strength instantly became one of the top ones in the He family, at least doubling from what it was before!

With such a huge opportunity, how could she not be excited!

And her mother, He Yingxiu, had benefited just as much!

Her eight odd meridians were the same as Su Ruoli's, and she had only opened up the Ren and Du veins, of which, 50% of the Ren veins were opened up and 20% of the Du veins were opened up.

However, after this one pill was taken, the powerful medicinal effect allowed her to directly attain great success in the Ren and Du veins, and break through to 40% in the Du veins.

It could be said that her strength was now on par with Su Ruoli's before taking the pill.

It was important to know that Su Ruoli's meridians before taking the medicine had already been cleared by Ye Chen with his spiritual qi. The great success of the Ren vein not only improved her cultivation by a lot, but more importantly, it laid a better and more stable foundation for her future cultivation.

And now, He Yingxiu also possessed the same excellent foundation.

Chapter 2772

After the two had almost absorbed the medicinal power, He Yingxiu took the lead and looked at Ye Chen with an almost god-like gaze, once again kneeling on both knees and saying with reverence and incomparable respect: "Thank you, Young Master Ye, for giving me and my daughter such a precious elixir, your great kindness is something I will never forget!"

Su Ruoli likewise subconsciously knelt on the ground and said with incomparable excitement: "Sir Ye, thank you for the elixir this elixir must be very expensive?"

Ye Chen smiled blandly: "Expensive is of course expensive, this kind of medicine has a price without a market, no one has it except for me."

Saying that, Ye Chen asked her, "Ruo Li, I see that you have just used the power of the medicine to open up the Punching Vein, your strength has almost doubled, congratulations!"

When He Yingxiu heard this, she was dumbfounded and said, "Ruo Li, you've opened the Punching Vein! What?"

Yes!

Su Ruoli choked back a sob with red eyes and said: "Mum, I've opened up my Chakra!

He Yingxiu was so excited that she burst into tears: "Ever since your grandfather cleared the Punch Vessel forty years ago, there hasn't been another person in our family who has cleared the Punch Vessel for forty years.

Su Ruoli couldn't help but look at Ye Chen, whose image in her mind was already unmatched.

She really could not understand why Ye Chen had such great strength and ability.

For the first time, he had only given himself a pulse, but he had not expected to help him completely open up the entire Ren vein.

This time, he had only given himself a pill, and he had not expected to help him open up his third meridian.

These two huge breakthroughs are rare for ordinary people in their lifetime.

Many people spend their entire lives cultivating and training hard, but are not able to completely open up the Ren meridian.

And even more people who have tried their best to cultivate the martial arts but have not been able to open up the three meridians until they die.

Yet he himself encountered two heavenly opportunities in a very short period of time, one after another.

Moreover, both huge breakthroughs were easily accomplished with the help of Ye Chen and in the snap of a finger.

This meant that Ye Chen was able to make a huge breakthrough for a martial artist of his level in the space of a few laughs.

From this point on, Ye Chen's strength was probably at least a hundred or a thousand times greater than his own!

He Yingxiu was excited in her heart, the surprise she had received today was just too much, not only was her daughter still alive, but she had also made a huge breakthrough in her cultivation.

Is it?

What could be more exciting than that?

What's more, she herself has been blessed with her daughter's light, and has completely opened up her Ren Chakra in a single leap, thus doubling her strength.

The one who had given her this series of surprises and opportunities was this young man in his twenties.

She then looked towards Ye Chen and said from the bottom of her heart, "Young Master Ye, the entire He family is at your service! I will follow your orders!

Ye Chen smiled blandly and spoke :

"I

Now is also the time to use people, if the He family is willing to fully cooperate with me, then I can provide the He family with five pills per year, plus one hundred million RMB!"

Hearing the words five pills, He Yingxiu was instantly ecstatic.

She had her heart set on the He family, so she immediately thought in her mind, "One elixir can multiply one's strength, and with five elixirs per year, she could at least train five first-tier experts or two super first-tier experts for the He family!

"If the pills continue to be distributed to these outstanding talents in the second year, it will inevitably cause their strength to soar further!"

"If every year after that, Ruo Li could receive an elixir from it, then after four or five years, she might be able to open up her fourth meridian and rise another level of strength!"

One had to know that in all the years of the entire He family's history, only one expert had emerged who was able to open up four meridians! And with Young Master Ye's elixir, it was highly likely that Ruo Li would become the second person in the hundreds of years of the He Family's martial history!

"If the He Family was given ten years, Ruo Li would even be able to open up five meridians! And the entire He Family might even be able to produce several more experts who have opened up three or even four meridians!

" In that case, the He Family's strength would be greatly enhanced! It might even leap to become the number one Martial Dao family in the country!

"Ten years may sound like a long time, but in the centuries-long history of the He Family, it's just the blink of an eye!

Chapter 2773

In fact, this kind of blood dispersal and heart saving pills was not even worth mentioning to Ye Chen.

Even if he gave the He family fifty or a hundred pills a year, it would only be a matter of ticking his fingers.

However, the reason he had to limit the quantity to five pills a year was to make the He family fully realise how precious this item really was.

Ye Chen was also clear that in terms of the efficacy of the Blood Dispersing Heart Saving Pill for martial artists, giving two pills a year would be enough for the entire He family to sell their lives for him.

The reason why he had to give five of them was to give the He family a little chance to rise, so that they could plan to focus on training three or five martial artists with better natural abilities every year.

He Yingxiu was naturally very clear about the value of this elixir, and realised that this was a huge opportunity for the He family to develop, so she didn't even have time to ask her father for permission before she directly agreed to do so on behalf of the entire He family.

She knew that her father would not refuse! The He family, they would not refuse!

In front of her eyes, He Yingxiu agreed, Ye Chen smiled faintly and continued to throw out bait: "From now on, at the end of the lunar month every year, I will make a year-end evaluation based on the He family's performance for the year, if the He family really does its best

If you work hard for me, then I will naturally give the He family a few extra pills at the end of the year."

When He Yingxiu heard this, she was even more excited, and she did not hesitate to say, "Then I would like to thank Young Master Ye for the hundreds of people in the He family!"

After saying that, He Yingxiu asked, "Young Master Ye, in your opinion, is it necessary for the He family to move from Desert City to Jinling?"

After thinking about it, Ye Chen waved his hand and said, "It is not necessary to move the family. After Ms. He goes back, she can discuss with the head of the He family first. settle down."

Saying that, Ye Chen looked at Su Ruoli and added, "As for Ruoli, she will remain by my side for the time being."

He Yingxiu hurriedly said, "No problem, I will go back to Desolate City tomorrow and tell my father everything, I believe my father will not refuse.

Su Ruoli also followed her mother and bowed

He said, "Ruo Li will do everything at Lord Ye's command!"

Ye Chen nodded and took out two more Blood Dispersing Heart Saving Pills and handed them to He Yingxiu, saying, "Ms. He, these two pills, please take them back to your father to taste them, so that he won't judge them badly with empty words."

He Yingxiu was somewhat delighted and somewhat nervous as she said, "Young Master Ye, one should be enough"

Ye Chen smiled, "These two pills, one of them can be given to your father to try, and the other one, can be divided into several portions, and turned into water, so that the young generation of the He family can try it out, in fact, for young people, there is no need to take one at a time, otherwise at least 30% or 40% of the medicinal power is not absorbed by the body at once, so naturally all of it will be wasted, this kind of gradual approach can make better use of all the medicinal effects."

He Yingxiu said with some regret at once, "Aiya, I should have known not to take all of one pill just now"

Ye Chen smiled, "It's not a hindrance, there will be plenty of opportunities later."

After saying that, Ye Chen added: "You can take these two pills first, the remaining three, I will give them to you all at once when you are sure and the people arrive in Jinling.

Chapter 2774

He Yingxiu said in surprise, "Young Master Ye, you have just given us four pills one after another, based on five pills a year, there should still be one left!"

Ye Chen smiled blandly, "The two that I gave to you and Ruo Li before don't count, that was a small personal token of appreciation from me to you both, mother and daughter, I will give you two extra each year from now on, these two have nothing to do with the He family."

He Yingxiu was instantly nervous and didn't know what to say, and said with surprise and joy in his mouth, "This is really too valuable, how can we"

At this time, Ye Chen waved his hand and spoke, "I am also related to Ruo Li, not to mention that we will have to work together for a long time in the future, a little elixir is not enough, so Ms. He does not need to be bothered."

Saying that, Ye Chen added, "You two have reunited so easily, you must have a lot to talk about, so I won't bother you too much."

Seeing that Ye Chen had already decided to end the conversation, He Yingxiu knew that there was no need to dwell on it any further, so he said respectfully, "I respectfully follow Young Master Ye's arrangement!"

At the side, Su Ruoli stepped forward and bowed, "Mr. Ye, then I will take mother back to my room Up, if you need to find us, just have someone order you."

Ye Chen nodded and said, "Go ahead, and contact the staff directly if you need anything."

Afterwards, He Yingxiu and Su Ruoli, mother and daughter, returned to the hotel room with a thousand thanks.

As soon as they entered the room, He Yingxiu suddenly burst into uncontrollable tears.

Su Ruoli, who was next to her, hurriedly went forward and asked, "Mum, why are you crying again?"

He Yingxiu wiped her tears and sighed: "Mom is too happy Since your accident, mum's mind has uncontrollably thought of countless possibilities, some very good, some very bad, but even the best possibilities I thought of were not even one tenth of what they are now Mom really didn't think that your life could take such a big turn"

Su Ruoli said with red eyes, "Mom, I'm sorry for worrying you all this time"

He Yingxiu smiled gratefully, "With this situation today, all of mum's previous worries were worth it"

She said, she asked Su Ruoli with some curiosity, "Right Ruoli, what exactly is the origin of that young master Ye? I don't seem to have heard of such a powerful scion in the Ye family! He"

"What's your name?"

Su Ruoli busily said, "Duke Ye's first name is Ye Chen."

He Yingxiu frowned and spoke, "I have an impression of all the males in this generation of the Ye family, it seems there is no one called Ye Chen"

Su Ruoli asked her, "Mom, do you know Ye Chang Ying?"

"Ye Chang Ying?!" He Yingxiu exclaimed offhand, "Of course I know, that was the Ye family back then, one of the most outstanding in the country, your father he"

He Yingxiu subconsciously mentioned Su Shoudao, but when she thought of what the Su family had done, she was afraid that her daughter would be upset, so she hurriedly said, "Let's not talk about your father, Ruo Li, why are you suddenly bringing up Ye Chang Ying? He died unexpectedly many years ago."

Su Ruoli said, "Mom, Mr. Ye is the son of Ye Chang Ying, when he was eight years old, he came to Jinling with his parents, not long after his parents died unexpectedly, since then, Mr. Ye has been living in an orphanage, in fact, he has not really returned to the Ye family now, although his surname is Ye, but he is now doing all his own business. "

He Yingxiu listened dumbfounded and muttered, "I really didn't expect that Young Master Ye was actually Ye Changye's son

Chapter 2775

When she thought of Ye Chang Yingxiu, He Yingxiu could not help but think of Su Shoudao.

She had been by Su Shoudao's side since he was a teenager, so she knew Su Shoudao's younger days very well.

She knew how good Ye Chang Ying was back then, and she also knew that Su Shou Dao, back then, had always lived under Su Shou Dao's shadow.

Suddenly, she felt a few moments of irony.

Back then, Su Shoudao was crushed by Ye Changye in every aspect, but he himself was defiant in every way, and it was only after Ye Changye passed away that he finally breathed a sigh of relief.

However, who would have thought that Ye Changye's son would now be so outstanding that he would be unbelievable.

Although it was the first time that He Yingxiu met Ye Chen today, the fact that Ye Chen was able to save his daughter from the Japanese Self-Defence Force without a sound, and that he had been able to conceal his daughter from the world, so that no one could find any information about her, proved that Ye Chen's strength was extraordinary and even terrifying.

It might seem that he had saved Su Ruoli's life, but in fact he had caused the entire Japanese Self-Defence Force to lose face in front of him!

A glimpse of a panther in a tube.

Just this one incident was enough to prove that Ye Chen was so powerful that he was beyond imagination.

On top of that, what shocked her even more was that Ye Chen had managed to completely open up his daughter's Ren vein to the Great Success level with ease!

This was tantamount to a miracle in the eyes of martial artists.

To say it was a miracle is not an exaggeration

.

After all, the cultivation of the martial path is often an all-out effort for most of one's life.

Cultivating the martial path is no different from a foolish man moving a mountain.

Every martial artist seeks the ultimate great success, but no one knows what greatness really looks like.

They can only do their best in their lifetime, and if they still cannot achieve great success despite their own best efforts, then let their children and grandchildren, building on their own foundation, continue to progress towards great success.

Just like Yugong Yishan, if you lose yourself, you will still have your children and grandchildren, and they will be endless.

And what does what Ye Chen has done amount to?

To use a very appropriate analogy, what Ye Chen has done is tantamount to removing, in the snap of his fingers, the boulder that it would have taken Yugong at least twenty years to finish digging!

This kind of ability can be called a divine ability.

Then there was Ye Chen's elixir, which was even more miraculous to the point that it could not be described in words.

He Yingxiu felt that if this kind of divine pill was put up for sale, the martial arts families of the world would compete to the death even if they were to pour out all their money.

So what if it was one hundred million? So what if it was two hundred million? By relying solely on cultivation and those medicinal herbs to assist, even if one were to take out a billion dollars, one might not be able to achieve the effects of this one pill.

For those who practise martial arts, there is nothing more important than raising one's cultivation level.

Therefore, from these aspects, He Yingxiu even felt that it was very likely that Ye Chen would be able to take the Su and Ye families, or even the whole country, in the future with just his own strength

The top family was stepped on.

Thinking about the fact that her daughter seemed to have developed an extremely strong allegiance to Ye Chen, and that behind this allegiance was a clearly visible teenage girl's heart, He Yingxiu asked Su Ruoli, "Ruoli, tell mum the truth, do you have that kind of feeling for Young Master Ye in your heart?"

Su Ruoli said, slightly embarrassed: "Mom, what are you talking about Ye Gongzi is not only my lifesaver, but also my teacher, my cultivation breakthroughs are all because of his help, so I have respect and gratitude for him in my heart"

He Yingxiu smiled faintly: "You are born of mother, mother can still not understand you? The way you look at Young Master Ye is something I've never seen in you before, at a glance you have true feelings for Young Master Ye."

"I didn't" Su Ruoli retorted in a panic, then hesitated for a moment, and then couldn't help but sigh softly: "Hey actually I'll say a The actual truth is, a man like Mr. Ye, after really getting to know him, how many women can be unmoved by him? Not only me, but even Sister Zhiyu has also been devoted to him for a long time"

"What?!" He Yingxiu exclaimed, "Su Zhiyu?! She likes Young Master Ye too?!"

"Yes" Su Ruoli let out a bitter laugh and said, "I think Sister Zhiyu likes Young Master Ye so much that she's almost like a demon."

He Yingxiu hurriedly asked again, "Didn't Su Zhiyu go missing with Du Haiqing? Have you seen her?"

Su Ruoli nodded and said seriously, "Sister Zhiyu and Auntie Du also live in this hotel."

Chapter 2776

4-4 minutes

"What did you say?!" He Yingxiu instantly tensed up and asked offhandedly, "Do they live here too, mother and daughter?! Then do they know that I am here?"

In her heart, He Yingxiu had always felt very guilty towards Du Haiqing.

After all, when she had that kind of relationship with her husband when she was pregnant, and then gave birth to Su Ruoli, no matter how you put it, she was a third party who interfered in someone else's marriage, and did so when the other party was pregnant.

Therefore, she was very afraid of seeing Du Haiqing again.

Su Ruoli said at this time, "The two of them could not have known that you were here, after Duke Ye saved them, he kept them settled here and did not allow them to leave the room in order to avoid leaks, I have likewise stayed in this hotel for so many days, or it was not until this morning when I was called over by Duke Ye's men that I found out that the two of them, mother and daughter, were also here. "

He Yingxiu was even more shocked, "You said that the mother and daughter were also saved by Young Master Ye?"

"Mm!" Su Ruoli nodded and said, "If it wasn't for Young Master Ye's hand, they would have both been killed by Su Chengfeng!"

He

Ying Xiu nodded thoughtfully and asked her again, "Why did Young Master Ye take you to meet them?"

"This" Su Ruoli hesitated for a moment.

She didn't know if she should tell her mother about her father, Su Shoudao.

If she said it, she was afraid that her mother would be sad and upset.

If she didn't, she felt that it would be irresponsible to her mother.

He Yingxiu could see that Su Ruoli was hesitant to speak and hurriedly asked, "Ruoli, is there anything you want to tell your mother?"

Su Ruoli pursed her lips and hesitated for a long time before she said, "Mom, let me tell you something, don't be anxious."

He Yingxiu said, "Go ahead, I'm not anxious and I'm not angry, you're standing in front of me intact, even if the sky is falling, I'm not anxious!"

Only then did Su Ruoli say, "Dad was also caught by Mr. Ye"

"What?" He Yingxiu was completely speechless with shock, her mouth open wide and eyes wide, staring at Su Ruoli for a long time before she gathered the courage to ask: "Could it be that Young Master Ye he killed your father?"

Su Ruoli shook her head: "That's not"

As for, Dad is still alive"

When He Yingxiu heard this, she was slightly relieved.

She did have deep feelings for Su Shoudao.

After all, the best years of her life were almost completely dedicated to Su Shoudao, even her own body was also dedicated to him.

Although she had not seen him again after so many years, the affection in her heart had always been there.

Once she heard that Su Shoudao had fallen into Ye Chen's hands, what she feared most was that Ye Chen would simply kill Su Shoudao.

After all, with Ye Chen's strength, killing a Su Shoudao was as easy as a snap.

Only when she heard that Su Shoudao was still alive did her hanging heart drop. Right.

She then let out a light sigh and said, "Hey no matter what, it's good to still be alive."

After saying that, she asked, "Did your dad get arranged to live here as well?"

"No." Su Ruoli said with a bit of embarrassment, "Duke Ye sent him away"

He Yingxiu hurriedly pursued the question, "Sent where?"

Su Ruoli pursed her lips and uttered three words, "Syria"

Chapter 2777

As soon as Su Ruoli's words left her mouth, He Yingxiu's jaw dropped as she listened.

She had envisioned a million possibilities for Ye Chen to dispose of Su Shoudao, but she had never thought that Ye Chen would send Su Shoudao to Syria.

At this moment, Su Ruoli hurriedly reminded, "Mom, you must not have any idea of saving Dad.

He Yingxiu shook his head, sighed: "No, I will not jaw the muddy waters of the Su family, and, the Ye family not only has a long-standing feud with the Su family, your father also stepped forward to organize an alliance against Young Master Ye's father, Young Master Ye can leave your father alive, is already considered preferential treatment.

He said, He Yingxiu added: "Ruo Li, you must also draw a clear line with the Su family in the future, do not repeat the same mistake."

Su Ruoli did not hesitate to say: "Mom, don't worry, I've already cut myself off from the Su family, not just cut myself off, I will never forget the revenge that the Su family inflicted on me.

The family's enemies are naturally the family's enemies, so if Young Master Ye breaks with the Su family, the entire He family will stand by Young Master Ye's side, so look at it this way, your father being sent to Syria by Young Master Ye is a... ..

The good thing is, at least in the future when Young Master Ye is in full confrontation with the Su family, you won't have to stand in direct opposition with your father.

Su Ruoli was busy asking, "Mom, Grandpa he will definitely agree to cooperate with Young Master Ye, right?"

Of course." He Yingxiu said with certainty, "Cooperating with Mr. Ye is definitely the greatest opportunity for our He family, so there is no way your grandfather will refuse.

After saying that, He Yingxiu added: "I will go straight back to Desert City tomorrow and report the situation to your grandfather, and from what I know about him, he won't have any hesitation.

That's good." Su Ruoli put her heart down and said petulantly, "Mom, after you finish talking to Grandpa and he agrees, you should hurry up and pick ten people from the family to bring over, so that you can still keep me company then

"Good!" He Yingxiu smiled lovingly, "Don't worry, mum will come back again as soon as possible."

At this moment, Ye Chen, seeing that the time was approaching evening, called Chen Zekai over and ordered, "Old Chen, arrange for someone to prepare a car and a mobile phone that can't find any clues, and also run to Su Zhiyu's room and invite her and Auntie Du over.

Chen Zekai asked, "Young master, are you letting them go?"

Ye Chen nodded and said: "I promised them that I would give them freedom and let them leave later today, when you have someone drive them to the suburbs and give them the phone, the rest is not your concern."

Richard Chen hesitated for a moment and spoke: "Young master, I have something to say that I do not know when to say.

"You say.

Young master, Su Shoudao just disappeared today, Su family is now looking for him everywhere, if we let Su Zhiyu and her mother go now, Su family will easily link them to Su Shoudao's disappearance, at that time they will definitely try everything to get information about Su Shoudao from their mouths, so I think it's better not to let them go yet, at least stagger them for a few more days

Ye Chen waved his hand and said: " Even if I let them go a few days later, the result will be the same.

Said, Ye Chen explained: "Before their accident news is boiling, the people of the country are concerned, and at the beginning of that car accident so big, normal people simply can not survive the next two, so once the two of them alive back in the public eye, everyone will instinctively think that the person who saved them is very unusual.

After a pause, Ye Chen said: "As for the Su family, they have now realized that there is an enemy of extraordinary strength in Jinling, and they have begun to send people in as far as possible to find my clues, even after a while and then let them leave, the Su family will still save them, and kidnapped Su Shoude, Su Shoudao people linked together. "

Chen Zekai silent for a moment, nodded gently, and asked again: 'Young master, if Miss Su and Ms. Du leaked your identity how

Chapter 2778

4-4 minutes

Chen Zekai was silent for a moment, nodded gently, and asked again: ' Young master, what if Miss Su and Ms. Du leak your identity out?

Ye Chen smiled: " I believe they will not, but everything must not be so absolute, I want to play with the Su family a little more, but if they really leak me out, it does not matter, the Su family has any ability to use it, anyway, Hong Wu's dog breeding factory has almost expanded, we have plenty of space, in addition, the mountainous areas of Syria is vast and sparsely populated, put Su Chengfeng The old dog was sent to help Hamid to herd sheep is also good.

Chen Zekai saw that Ye Chen was not at all worried that the Su family would know about his existence, so he himself also put his mind at ease.

He also believed that the Su family was in no way Ye Chen's opponent, and as long as Ye Chen himself was not worried about exposure, he, as a subordinate, would naturally have no worries.

Soon, both Su Zhiyu and Du Haiqing's mother and daughter were invited over.

Seeing them, Ye Chen spoke: "Aunt Du, Miss Su, it's almost evening, I've already had the car prepared, if you have nothing else

He questions, then he can prepare to leave.

Su Zhiyu's expression was a little sad as she asked: "Your Grace, will there be a chance to meet with you in the future?"

Ye Chen smiled: "Of course, don't forget our agreement, the day you become the head of the Su family, I will personally go to the Su family to congratulate you.

Su Zhiyu couldn't help but ask: "Your Excellency, what if the Su family wants to make an enemy of you? Will you treat me as your enemy as well?"

Ye Chen shook his head and said seriously, "As long as you don't do anything to be my enemy, then I naturally won't consider you as my enemy either, I don't have enemies with everyone surnamed Su, just those who were enemies with my father back then.

Su Zhiyu sighed with relief and said: "With these words from my benefactor, I am relieved.

Ye Chen smiled slightly and looked at Du Haiqing again, saying seriously: "Auntie Du, you are an old friend of my father's, if there are still people in the Su family who have problems with you, you can always come to me.

If there is anything that you need to do in the future, or if you need the help of the Du family, I...

Be sure to tell auntie."

Ye Chen nodded and said, "Okay Auntie Du, we have left each other contact information, so we can contact each other anytime if we have any questions."

Du Haiqing gave a hint and asked, "Right Ye Chen, after Auntie and Zhiyu go back, if someone asks about our experience during this time, how should we answer?"

Ye Chen then said, "If people ask about your experiences during this period of time, you should just bite the bullet and say that your bodies were seriously injured in the car accident and you have been settled in the ward to recuperate from your injuries.

"You know nothing about where the ward is or which hospital it belongs to, nor do you even know anything about the environment outside the ward.

"If people ask who the doctors are or who the nurses are or what they look like, you say that the doctors and nurses wear masks and do not want to reveal their identities.

If people ask why the doctors are treating you, you tell them that they have been asked to do so by a mysterious person.

Then if people ask why this mysterious person did what he did, you will say that this mysterious person could not stand the beastly practices of Su Chengfeng

Chapter 2779

It is late in the evening and it is getting dark.

A Rolls-Royce Cullinan sped along the Jinling Bypass.

Driving the car was one of Richard Chen's men.

Sitting on the passenger side_ was Richard Chen.

And in the back row sat Du Haiqing and Su Zhiyu's mother and daughter.

Chen Zekai, who was on the passenger side, looked at the map on the navigation and said to the two of them, "Please wait for a moment, we still have less than 10 minutes to go to our destination, when we get there, you can call your family.

Du Haiqing and Su Zhiyu were both a bit excited, for so long since the accident, what they feared most was that their families would be overly worried, so now they could not wait to let their families know that they were still alive.

However, since Chen Zekai had said that they would have to wait for another 10 minutes, the two of them did not say much.

They had waited for so many days, so it wasn't as bad as these last 10 minutes.

At this moment, Du Haiqing's father, Du Zhenhua, was bringing his

Several of his sons and daughters were holding a family meeting in the middle of the Du family's old mansion in Jinling.

These days, they had been searching for the whereabouts of Du Haiqing and Su Zhiyu after rushing over from Yanjing.

Like the Su family, they had used all the resources they could, but had failed to find any clues about the mother and daughter duo.

At this moment, Du Zhenhua was at a loss over this matter, looked at his son and daughter and asked with a frown, "Where is Zhi Fei? He said he had a meeting tonight. Why hasn't he come over yet?"

The eldest son, Du Haifeng, said, "Dad, Zhi Fei just sent me a WeChat, saying that he was in the process of confirming some concert-related matters with the venue for this year's show and couldn't come back for a while, so he asked us to start first.

Nonsense! Du Zhenhua was very dissatisfied: "Zhi Fei is usually quite knowledgeable, but why can't he get it right at the critical moment? What's more important than the safety of his mother and sister's lives?"

The child is not

He must still have other things to do, he can't just leave everything behind just to find them."

His second son, Du Ocean, also said, "Yes, Dad, Zhi Fei must have something in mind, it's just that he hasn't found any clues for such a long time, so he must be a bit discouraged, so don't take it personally."

Du Zhenhua said with a bit of anger in his voice, "I always feel that this boy Zhi Fei is a bit absent-minded lately.

Du Zhenhua's eldest daughter, Du Haiping, spoke up at this time, "Dad, let's talk about business first, Zhi Fei's side, if I have time, I will go and have a good chat with him, this child is the one we have grown up with, although his surname is Su, he is definitely different from his father and his grandfather."

Du Zhenhua sighed and waved his hand, "Come on, let's not talk about him, summarize your situation today, any clues?"

Hearing this, all of them shook with a helpless face

Chapter 2780

Du Zhenhua said with a bit of a sigh of relief: "What? No clues at all?"

"No. "I've mobilized all the connections I can, and I've also found a lot of private detectives and informants in the security department, but I haven't found any clues related to the two women."

Du Zhenhua asked, "Did those detectives and informants not search for clues carefully enough?"

Du Haifeng let out a bitter smile and said, "Dad, in the process of searching for clues, they have already unearthed seven or eight foreign spies in the process. Thank you!"

Du Zhenhua let out a long sigh: "Ai! It's a hell of a thing! It's unbelievable that the two women were able to vanish without leaving any valuable clues at the scene of such a big car accident in the tunnel.

The more you think about it, the more it proves that there is room to turn things around. Otherwise, the more you think about it, the more you think about it, the more you think about it, the more you think about it, the more you think about it.

The company has been able to find no clues, so I'm really anxious.

The actual fact is that you can't find any clues, so I'm really anxious.

I have already made the connections and will be able to temporarily call on the supercomputer of the Academy of Sciences at noon tomorrow to use the face recognition system to run through all the

surveillance footage within a 300 kilometre radius of Jinling to compare the facial features of Haiqing and Zhiyu and their mothers to see if we can find any clues.

The first thing you need to do is to get a good idea of what you can do. Nowadays, face recognition is so advanced, as long as Haiqing and Zhiyu have left images in front of the surveillance, they will definitely be able to find out."

The supercomputer of the Academy of Sciences has a lot of tasks, from the analysis of cloud charts for weather forecasting to the orbital calculations for Mars exploration, almost all of them rely on the supercomputer to complete. !"

When Du Zhenhua heard this, he couldn't help but nod in agreement and said, "National importance is important, let's not use our power for personal gain."

The supercomputer will be available at noon tomorrow, and there will be a window of about 6 hours, so I have coordinated with them to use this window to calculate all the surveillance footage around Jinling, but the amount of data is huge, but the supercomputer's computing power is also extremely strong. I estimate about 4 hours

It'll run down all these figures in about a minute, and it won't delay their subsequent work."

Only then did Du Zhenhua breathe a sigh of relief and said, "That's good, that's good!"

After that, he looked at his second son Du Ocean, who had been doing business, and said, "Ocean, after this matter is over, you must donate a sum of money to the Academy of Sciences, as a payment to the Academy.

Du Ocean said without hesitation, "Dad, don't worry, if they can find Haiqing and Zhiyu through the supercomputer's calculations, then I will donate 100 million, and if they can't find them, I will donate 50 million!" Just when the Du family was pinning all their hopes on the supercomputer. . on it.

That Les Les Cullinan sped all the way ~ on the outskirts of Jinling City, and soon stopped at an uncrowded intersection in the suburbs.

After that, Chen Zekai handed Du Haiqing a mobile phone and spoke, "Ms. Du, you can call your family now."

Du Haiqing nodded, took the phone and pressed a number without hesitation.

This phone was the phone of Du Zhenhua, the old man of the Du family.

Du Zhenhua was in the middle of a meeting with his children when he didn't expect his mobile phone to ring suddenly, and when he saw that it was an unfamiliar number, he became a little angry, so he pressed the answer button and asked in an unpleasant tone, "Who is it? What's the matter?"

On the other end of the line, Du Haiqing choked up and said: "Dad. It's me, it's Haiqing.
